## KENNEDY HART MAN OF YEAR

MAN OF YEAR--Denzil Leonard presents plaque to Paul Kennedy, left, Man of the Year.

Paul Kennedy, Hart's school superintendent, with a long record of service to the community, Monday was honored as Hart's "Man of the Year."

Rev. Denzil Leonard made the award presentation at a meeting of the Hart Lions Club in the school cafeteria.

The award highlighted a Ladies Night meeting of the club.

Following the dinner and the award, entertainment was furnished by a trio of folk singers -- the Rum Rollers -- from Canyon. The group's presentation included probably the liveliest versions of Goodnight Irene and Three Little Fishes ever heard in these parts.

Paul Kennedy joins a select group of "Men of the Year" in the community. Mayor Ed Harris was Hart's "Man of the Year" in 1963. Roy Pyeatt was so honored in 1962.

The school superintendent has come a long way since his birth in Alvord, Texas, in 1910.

There was high school graduation -- in 1927 at Esteline. And there was college at Decatur Baptist, Texas Tech and West Texas State -- leading eventually to a Master's degree.

He began a long teaching career in 1931 at Carey. Though the teaching career was interrupted for service during WWII, he has taught at Panhandle, Sam Norwood, McLean and Borger.

The career included administrative positions as well as teaching, and it was administration that brought Paul Kennedy to Hart seven years ago -- as superintendent of the school system.

Married, with one daughter -- Mona Jean -- and a granddaughter -- Rue Beth Ford -- was described at the banquet as "in many ways old, but forever young both at heart and in outlook."

And the school superintendent was presented a plaque for his "young at heart" civic work for the community.

### SCHOOL REPORTS

Hart School students were dismissed for the Thanksgiving holidays Wednesday afternoon after receiving six weeks report cards. Parents are asked to sign all report cards of those students who fail a subject and return to the principal.

### FFA Teams Place High

Members of the local FFA chapter placed high in the Plainview District FFA leadership contests held at Plainview this past weekend.

About 265 boys from 17 area schools competed in the contests.

Members of the Hart FFA won second-place awards in Radio Farm Broadcasting, Junior Farm Skill and Junior Chapter Conducting.

The third-place award was for Senior Farm Skill.

Members of the Junior Farm Skill Demonstration Team placed second. The team members were David Brooks, Jim Swindle and Tommy Gonzales.

Members of the Junior Chapter Conducting Team also placed second. The team was composed of David A. Harris, W. A. Hawkins III, Larry Henderson, George Heck, Donnie Irwin.

The Radio Broadcast team with Harvey Sullivan, Steve Sharp, and Larry Davis serving as members also placed second.

Wesley Bennight, Elgin Brooks, and Ronald Sennett served on the Senior Farm Skill Demonstration Team that placed third.

The Senior Chapter Conducting Team placed sixth. The team members included Jerry Parker, Jerry Smith, Doug Martin, Darryl McLain, George Bennett, Bob Crich, and Larry Parker.

## Freeze Gets Farmers Going

Old Man Winter finally paid a long-overdue visit to the Hart area toward the end of last week, and he came in a big way when he got around to coming.

The first killing freeze of the season finally hit the area Friday morning, almost two weeks behind schedule.

Then things warmed up, and a harder freeze hit early Saturday morning.

Temperatures dropped in a hurry late Friday -- dropping toward a low of 26 degrees. At 5:30 p.m. Friday the temperature was a brisk 52 degrees, but it had dropped to a chilly 34 degrees by 8 p.m. The temperature at 6:30 a.m. Saturday was 26 degrees, and three hours later at 9:30 a.m. it had risen to only 28 degrees.

The weather prior to the freeze had been wet and soggy, but a drying trend set in with the freeze -- and the area began a general warming trend, though temperatures dropped back into the freezing range several times during the week.

The freeze was the answer to a cotton farmers prayer, and was perhaps the most welcome visitor the area has entertained in quite some time.

Cotton producers were beginning to get back into the fields by Monday, though much of the

area cotton was still too wet to strip well.

Harvesting operations, which had been at a standstill during the wet weather preceding the freeze, started the fluffy crop rolling in to the three Hart gins this week.

Every day without rain, every day with winds and every day of sunshine help dry out the crop and speed up the harvest.

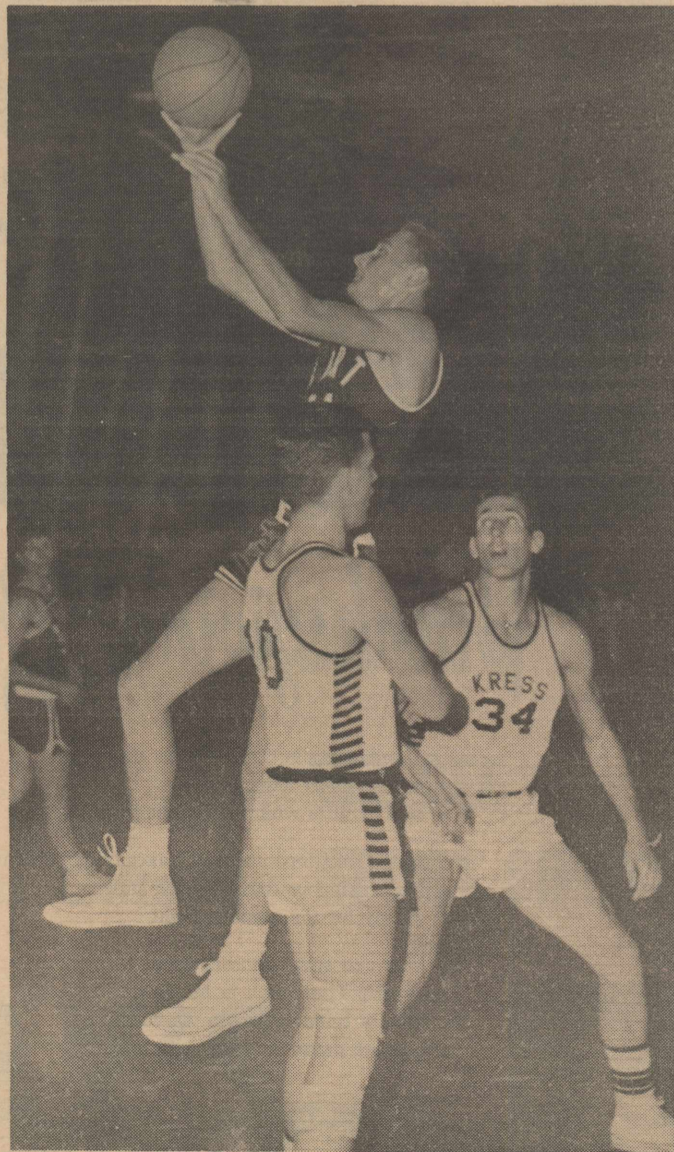

About ten days to two weeks of the drying weather, and the area cotton harvest should be in full swing.

The freeze this year was one day later than the record late freeze last year, according to weather records-- which list the average freeze date as Nov. 7.

Experiment station records, however, which go back to 1911 list the latest area freeze as Nov. 26--hit in 1944.

The late freeze was good to grain farmers, for almost all of the sorghum crop was in by the time the freeze came along.

According to area ginner, the late freeze should not have hurt cotton quality; the wet weather before the freeze, however, might have lowered some cotton quality as much as a full grade.

TWO FOR HELLER -- Gary Heller, high point scorer against Kress, goes up between a couple of Kangaroos for two points to add to the Longhorns' losing cause. Hart dropped the game 50-38.

# Thanksgiving Prayer

Dear Lord, we give Thee thanks this day,  
But not alone for daily bread —  
For all Thy gifts which bless our lives.

We thank Thee for love, that makes life's burdens light.  
For friendships shared, for hope and joy,  
But mostly for the precious right

To think and speak as conscience leads,  
To worship Thee, each in his way,  
To walk in freedom where we will.  
Lord, as we pause to praise and pray.

# Society NEWS

## Schedule Of School Nurse Has Varied Ingredients

The life of a school nurse if not always as orderly as it might ideally be, and no one knows this fact of nursing life any better than Mrs. Corene Comer -- Hart's school nurse.

This is Mrs. Comer's seventh year as a school nurse, though she has been in the profession since her graduation from nursing school in 1947.

The school nurse says she sees fewer students each day here than any other school where she has worked. She estimated that about 10 students visit her office for first aid and medical reasons each day.

The old saying points out that there is no substitute for experience, and Hart's school nurse has experience -- and more experience if need be.

In the seven years of tending students, she has seen more than 25,000 pupils in her office for medical reasons. This figure does not include the larger number of students who have been in for routine matters -- such as having eye examinations.

Asked about the daily schedule for a school nurse, Mrs. Comer points out that a schedule is rarely followed. But

some of the ingredients of a daily schedule are routine paper work, routine examinations, first aid for an assortment of ailments, detection of student illness, health education, home visits.

Asked the impossible question reporters delight in asking, the school nurse replies that she is a school nurse because she enjoys the work and finds the job "gratifying."

She points out the problems -- the biggest problems being simple education and convincing mothers not to send sick children to school just to get a few minutes of peace and quiet.

She points out that one sick child can infect a whole class before being detected -- and then all the mothers in town have to put up with sick children.

School nursing is not a profession for the nervous or high-strung, for high blood pressure and ulcers could easily result from the hectic pace if the school nurse were not able to relax and enjoy the amusing aspects of her often over-worked, under-appreciated position.

## Mrs. Shaw Is Honored

The fellowship hall of the First Baptist Church was the scene of a pink and blue show-scene of a pink and blue shower honoring Mrs. Ronald Shaw Thursday Nov. 19.

Mrs. Jerry Varner received the guests. They were registered by Mrs. Jimmie Ray Davis.

Refreshments of individual cake squares and punch were served by Mrs. J.D. Myrick and Mrs. Jerry Kitrell.

The honoree was presented with a high chair by the hostesses who were Mmes. Preston Upshaw, J.D. Myrick, Jimmy Ray Davis, Jerry Kitrell, David Irons, Jerry Varner, Howard Smithson, Scarlett, Howard Smithson, Scarlett Sharp, Janice Clark, and Miss Margaret Ballinger.

**West Texas Telephone  
Expansion Plans Told**

West Texas Telephone Company has announced plans for a gigantic expansion of telephone service in the entire Castro County area.

One of the most important features will be free dialing between all four of the Company's exchanges in the county. This will enable someone in Dimmitt to call a phone in the Hart, Nazareth or Sunnyside exchange at any time without a toll charge.

This system, known as the Extended Area Service or EAS, will be made possible by the installation of new equipment in all four exchanges. A great deal of outside construction will also be required.

Already work has started on this project.

Since the equipment must be ordered and built especially for this installation, company officials indicated they are giving an A-1 priority to this program. Bill Woodard, local manager, had this report as of today:

"We have engineered and stakes 52 miles of new toll line in Castro County and between Dimmitt and Plainview. Construction will begin within two weeks on this line and the contractor will have 60 days for completion. This will enable us to have the new line in operation sometime in January. This new toll cable will provide a 33 percent increase in Hart to Dimmitt toll facilities and a 25 percent increase in Dimmitt to Plainview access. Also adequate space is being made available for further call availability expansion as the need arises. By doing this outside work now we will be ready when our new equipment arrives to provide eas as quickly as possible."

Woodard also gave details of the new buildings to be built in Dimmitt and Nazareth. Architects are completing plans for both buildings and contracts will be let in January.

The Dimmitt structure will be on the present telephone property and will be several times the size of the existing building. It will be faced with an attractive brick front and provide parking facilities on the south side. Room is provided for present planned equipment and also for later expansion.

As Mr. Woodard stated, "We are going to do our best to give the residents of Dimmitt and Castro County the very finest possible telephone service. The planning and construction may take a little time but we are sure they will be proud of these facilities when they are completed."

PLAINVIEW -- Guest lecturer for the American Heritage Program at Wayland Baptist College, on Dec. 7 will be Dr. Joe B. Franz, noted Texas historian, according to C. F. Ogilvie, assistant professor of history and director of the American Heritage Program at Wayland Baptist College.

This is a return engagement for Dr. Franz who was guest speaker at Wayland in 1962.

Dr. Franz, chairman of the history department at the University of Texas and who is in charge of preserving for posterity the thinking of great living historians, will also address the Wayland student body Monday morning, speaking on the growth and development of the southwest. This is open to the public.

Participating teachers and guests from schools of Dimmitt, Hart, Olton, Hale Center, Cotton Center, Lockney, Tulia, Kress, Abernathy, Petersburg, and Plainview, are expected to attend the dinner meeting at Slaughter Memorial Center on Monday evening at 7:15.

Drawing from his vast knowledge of the southwest, the eminent historian will address members referring to materials collected for books which he has authored. Included in these is "Six Thousand Miles of Fence," written about the Panhandle-Plains area.

**Wayland Plans  
Festival For  
Sacred Music**

PLAINVIEW -- Something new in spiritual emphasis is the "Festival of Praise," set Dec. 3-5, at Wayland Baptist College, according to R. B. Hall, director of religious activities.

Guest musicians for the three day affair which begins Thursday evening, are Gene Bartlett, church music secretary, Baptist General Convention of Oklahoma, and Mrs. Beverly Terrell, vocalist from Dallas.

Bartlett, who brings a vast knowledge of sacred music from positions with churches in Okla. City, Muskogee and Tulsa, and who has served two years as president of the Southern Baptist Church of Dallas.

Friday night of the Festival, Mrs. Terrell will join forces with James D. Cram and William Vessels, members of Wayland's music faculty, to present the costumed dramatization of Debussy's "Prodigal Son."

### Urges Good Packaging

"Please pack parcels solidly" is the plea of Postmaster Jewel Brooks.

December 5 is the suggested deadline for mailing out of town packages.

"Don't worry about the parcels being delivered too early, just mark, 'Don't open until Christmas' on the front," Mrs. Brooks said.

A tightly stuffed package with nothing rattling around inside

will have less chance of being damaged in transit, she noted.

"When packing a gift, remember that the package you send may be shipped on the bottom of a mail sack under heavier packages on top. Among the relatively few packages that are damaged in transit, improper packaging is the greatest factor," the postmaster cautioned.

Just to be on the safe side, the postmaster suggests that all packages be insured.

# Hart Splits With Kress

Basketball. Basketball. Basketball. It was a week of basketball for Hart fans.

Friday the Hart teams traveled to Kress -- where the Hart girls won easily, and the boys from Kress won almost as easily.

The Hart girls downed the Kress fems, 60-44, and it was never really a contest.

Dixie Kendrick led the scoring for Hart with 37 points. She picked up 29 of her points by hitting a phenomenal 29 of 33 free throws before she fouled out late in the final quarter of play.

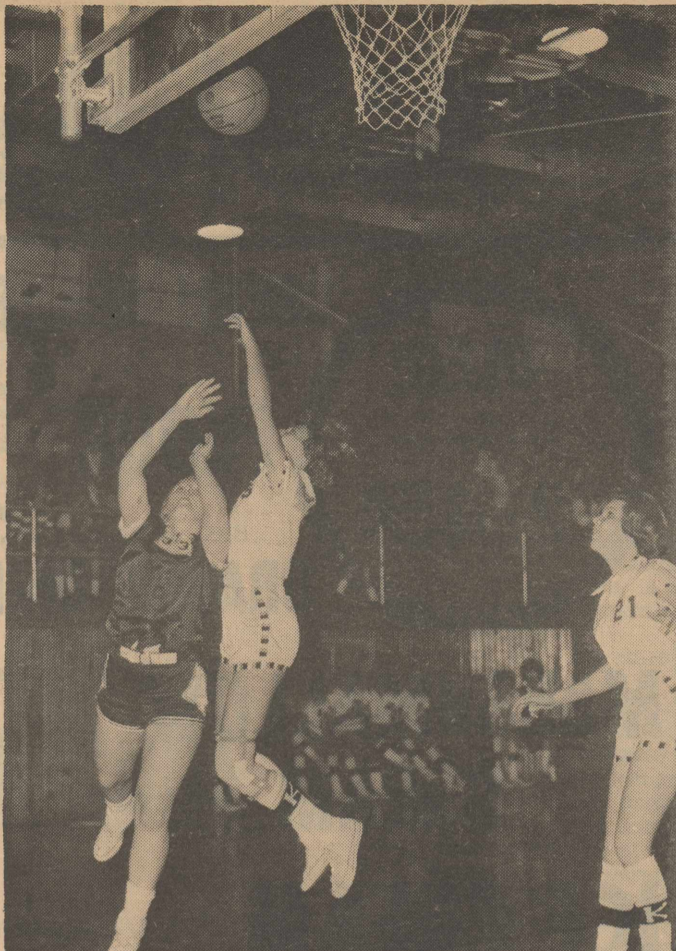

Connie Bailey picked up the second scoring honors with 18 points -- 12 of them from free throws.

Of Hart's 60 points, 46 came from free throws -- enough to defeat the Kress girls without any other scoring.

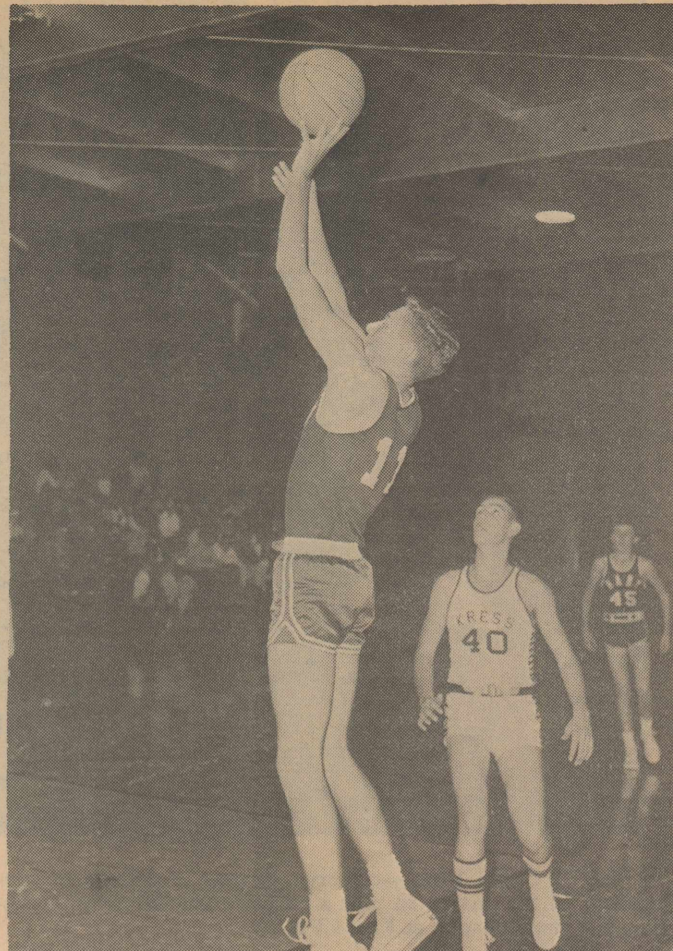

Coach Haden Moore singled out Rene Brooks as the outstanding defensive player in the action against Kress.

The Hart boys trailed 30-20 at the half and 50-38 at the end of their game with the Kangaroos.

Gary Heller, top dog on defense, was high point scorer for Hart. He tossed in 23 points during the game -- more

**HIGH SCORER IN ACTION** -- Dixie Kendrick tosses in two of her 37 points against Kress Friday. Fouled on the shot, she also added a free throw to make a grand total of three points for the effort.

**ALL ALONE** -- Most of the shots for the Longhorns at Kress didn't come this easy, but Gary Heller was left fairly unmolested as he tossed in a two-pointer midway through the second period of play.

than half the Hart total output for the night.

George Bennett took second scoring honors with seven points during the game.

Tuesday the varsity teams had the night off, and the junior high teams tangled with Laz-buddie.

The result, however, was quite similar to the action at Kress -- the girls winning their game, and the boys losing theirs.

The girls game was very close, but Hart came out on the top side of a 19-18 final score.

The boys game was not quite as close, and Hart came out

on the short end of a 24-12 final score.

Tuesday it was back to action for the varsity teams, travelling to Amherst for their games.

Amherst edged Hart, 32-29. Bill Sherill led the winners with 11 points; however Hart's Gary Heller paced all scorers with 21.

In the girls game, Hart pounded the hosts, 61-47, with Connie Bailey hitting 28 points and Dixie Kendrick 27 for the winners. Kathy Campbell scored 25 for Amherst.

Amherst won a boys B-game 33-11.
