H. L. Cheatham Is On Committee

PLAINVIEW-----H. L. Cheatham, teacher from Hart, is serving as member of the steering committe of the Plains American Heritage Program coordinated by Wayland Baptist College, under the supervision of C. F. Ogilvie, as-

sistant professor of history. Cheatham has recently assisted in planning the American Heritage banquet, set March 1, and American Heritage Week, April 5-9.

Speaker for the March 1 banquet, scheduled for 7:15 p.m. in Slaughter Memorial Center at Wayland, is Robert H. Lawrence, executive director and secretary of the Texas Bureau for Economic Understanding.

The Texas Bureau has been acclaimed for its sponsorship of studies of America's Heritage in public schools of Texas. Its primary aim is to give fin-ancial and consultative assistance to public school educators who want their students to have deeper appreciation of the ideals which gave rise to the United States and better understanding of the nature of the Communist's assault on these

This year the Bureau is sponsoring multiple-county "projects" where schools from four to ten counties work together to enhance their students' understanding of their fundamental heritage. Participating in the Plains program are schools in Hale, Castro, Floyd, Lamb and Swisher counties.

Prior to the initiation of the work of the Texas bureau in 1948 Lawrence served both industry and the Federal Government in the general fields of research, education, and informSouthern American Republic of Venezuela and in Puerto Rico and the Virgin Islands for about seven years. He is much in demand as a speaker before education, civic, and religious groups throughout Texas.

One phase of the American Heritage program supported by Texas Bureau for Economic Understanding is the student competition in the spring. Ogilivie points out that two types of contests are being held in the participating Junior High Schools. First , individual students are making three-dimensional displays, incorporating themes of free enterprise or the Bill of Rights. The other type of competition is a group project supported by home-rooms or classes, where a group prepares a skit or musical presentation based on some phase of American heritage.

The participating senior high schools are entering two contests for individuals. In one of the contests, students prepare an essay. In the other, students may choose to write and deliver a speech or another type stage presentation.

In these contests, individual students compete in their separate categories for prizes of a \$25 bond for first place, a \$10 bond for second place, and a \$5 bond for third place.

In the group competition, only one prize is given: a \$25 bond to the winning class or group.

AUSTIN --Gov. John Con-nally passed the first legislative test of his program for improving higher education.

House of Representatives overwhelmingly approved the bill to name an 18-member commission to decide which colleges and universities shall teach what, to assign fields of teaching, and to take over state supervision of academic work in the 32 junior colleges.

There were many amendments to the bill by Reps. Dick Cory of Victoria and Charles Wilson of Lufkin. But none diverted the bill from its original purpose as laid out by the Governor's Committee on Education Beyond the High School.

Shoals lie ahead, because some strong senators are against such a delegation of powers, or oppose some phases of the bill as passed by the House. Sen. W. T. Moore of Bryan will handle the measure in the Senate. He expects to move on it within the next week or so.

Sen. Dorsey Hardeman is oppossed to some of Connally's programs. This has led to talk of pressure tactics. Forces of Speaker Ben Barnes, who support Connally, may hold up action on Hardeman's bill to transfer San Angelo College to state-supported status on Sept.

Hardeman, long a power in the Senate, heads the Senate Finance Committee which will make the fiscal decisions on many programs. This key position makes it vital to Connally that he have acquiescence, if not support, from Hardeman. The San Angelo Senator, who represents a West Texas region

as big as some states, demonstrated his power twice re-cently. He blocked, at least temporarily, a rule change de-signed to delay or defeat the \$45 a month teacher pay raise proposed by the Texas State Teachers Association. He also amended the "equal rights for women' bill to make the measure inapplicable to present statutes. Amended bill passed with Lieut. Gov. Preston Smith breaking the 15-15 Sponsor Senator Moore said this amendment ruined the legislation.

REDISTRICTING -- All bills to reapportion congressional, state senatorial or legislative districts will go to standing subcommittee in both the House

am decided to try for objectivity. He picked chairmen from opposite sections of the State

from the section subcommittees will be studying.

He named Rep. Gene Hendryx of Alpine to the Area I sub-committee handling redis-tricting of East Texas; Rep. Menton J. Murray of Harlingen to the Area II subcommittee on North Texas; Rep. Red Simpson of Amarillo to the Area III subcommittee on South Texas; and Rep. James Slider of Nap-les to the Area IV subcommittee on West Texas.

Senate subcommittee on State Senate redistricting measures is heavy with representation from the western part of the State and the lower Gulf Coast. At the insistence of the committee at large, Sen, Louis Crump of San Saba, chairman of the Senate Redistricting Committee, appointed himself chairman of the study subcommittee.

The he picked Sen. Dorsey Hardeman of San Angelo; Sen Criss Cole of Houston; Sen. Bruce Reagan of Corpus Christi; and Sen, William T. Moore of Bryan to serve with him.

Senator Crump also will head the congressional redistricting subcommittee composed of Sen. Ralph Hall of Rockwall; Sen. Abraham Kazen of Laredo; Sen. Martin Dies Jr. of Lufkin; and Sen. George Parkhouse of Dal-

CHOLERA ERADI-CATION -- Representative of several farm organizations joined members of the Texas Animal Health Commission and the U. S. Department of Agriculture in supporting legislation to regulate hog cholera eradication measures before the Senate Agricultural Committee.

Sen. Andy Rogers of Childress is author of the bill and also chairman of the committee.

Those appearing before the committee were Charles Huff, Farm Bureau Federation; W. M. Burnett, Farmers Union; E. M. Regenbrecht of Bryan, representing swine breeders of the Animal Health Commission; and Dr. S. B. Walker, executive director of the commission.

REGULATORY AUTHORITY BILL RUNS INTO TROUBLE--A bill by Sen. Tom Creighton of Mineral Wells to give the State Parks & Wildlife Commission complete regulatory authority over hunting and fishing in all 254 counties raninto temporary trouble in the Senate when a vote to suspend rules for its consideration failed. Vote was 18-13 for suspension, but a four-fifths majority is required.

About 150 of the State's counties now are under the Commission's jurisdiction. Governor Connally asks that all 254 be included.
