Chapter mothers this year are: Mrs. Kendrick, Mrs. Brooks and Mrs. Burress.

Activities the FHA Chapter have been engaged in include: slumber party at Legion Hall, initiation of Freshman and Sophomore girls; furnished dolls and food during Christmas for needy families; candy sale; FHA Best Beau banquet, Tommy Morrison selected best beau; Area I FHA meeting in Lubbock and State FHA meeting in Dallas.

What Is The FHA Emblem?

The eight-sided emblem symbolizes the significant purposes of the organization. The name of the organization and the motto appear around the border.

In the center is a home which represents a home where there is truth, love, security and faith. This home is supported by two hands, suggesting that the future homes of America are in the hands of its youth.

The hand on the right represents the husband, father or brother in the home. The hand on the left is the wife, mother or sister. Both hands work together to foster and support strong homes today and provide a firm foundation for homes tomorrow.

The rays extending to and from the home suggest the influence the home has on the community and the community has on the home.

What Is The FHA Motto?

The FHA motto is "Toward New Horizons." This motto is a challenge. It reminds members that their contributions to home life today will influence the kind of homes they have tomorrow; that the family life of the members will influence the community and the world.

What Are The FHA Colors?

The FHA colors are red and white. Red, an intense color, suggests strength. White is recognized as the symbol of sincerity. These colors inspire Future Homemakers of America with the courage and determination to succeed.

As each of the three degrees is received, the symbol of the degree is presented to the member. Degree symbols are worn on the chain between the pin and guard. Symbols are:

Junior Homemaker Degree--the key.

Chapter Homemaker Degree--the scroll

State Homemaker Degree--the torch

What Is The FHA Flower?

The FHA flower is the red rose. The rose, due to its beauty, has always been a favorite flower. It is found in almost every country of the northern hemisphere. It represents the search of Future Homemakers of America for beauty in everyday living.

What Is The FHA Pin?

The FHA pin contains two parts -- the emblem and a guard. Active and associate members, advisers, honorary members and chapter parents may wear the pin. The guard indicates the type of membership.

Active and associate members use the FHA guard, advisers use the A guard, honorary members use the H guard and chapter parents use the M or P guard.

The pin is worn over the heart on a dress or suit jacket. It is worn with the guard to the left of and on a level with the lower edge of the pin. No other pin should be attached to it because it shows membership in Future Homemakers of America.

Facts Given About FHA

(Editor's Note: Following information was taken from the Official Guide for Future Homemakers of America.)

Future Homemakers of America is the national organization of girls and boys studying homemaking in high schools of the United States, Puerto Rico, and the Virgin Islands.

As an integral part of the homemaking program, FHA provides opportunities for students to have additional experiences in planning and carrying out activities related to homemaking.

The national organization is composed of chartered state associations which are made up of local chapters.

Organization of FHA neared completion in the spring of 1945 when high school homemaking students from almost all of the States, Puerto Rico and Hawaii met in 12 subregional meetings.

At each meeting, national officers were nominated (one from each subregion), suggestions and recommendations were made by each group concerning the name, purposes, symbolism, and basic structure of the national organization.

As long as 25 years before 1945, there were various state and local clubs of high school

homemaking students. These were known by different names and functioned under many different plans. High school homemaking teachers guided the clubs' activities.

Home economics leaders from 29 states met in Chicago and started plans for developing the national organization in March, 1944.

The first national convention was held in Kansas City, Missouri, July 9, 1948, with a majority of the states represented. The constitution was ratified.

Membership in FHA is available to any student enrolled in a high school, public or private, who is taking or has taken a homemaking course in junior or senior high school.

The over-all goal of the organization is to help individuals improve personal, family and community living, now and in the future.

To emphasize specific parts of this over-all goal, FHA has eight purposes. They are:

To promote a growing appreciation of the joys and satisfactions of home making.

To emphasize the importance of worthy home membership.

To encourage democracy in home and community life.

To work for good home and family life for all.

To promote international good will.

To foster the development of creative leadership in home and community life.

To provide wholesome individual and group recreation.

To further interest in home economics.

In working to fulfill these purposes, each year, members of local chapters develop a program of work including projects and experiences which will help them. The local program of work is based on personal, family and community needs.

Program planning materials are published by the national organization and state associations to help local chapters develop their program of work.

What Is The FHA Song?

American Future Homemakers

With our great nation will share

In the building our homes for the future,

Based on everything good and fair.

For we face the future with courage,

Our hopes are shining and bright.

The lovely red rose is our flower,

And our colors are red and white.

CHORUS:

Toward New Horizons, our motto.

And we follow our purpose and creed.

Future Homemakers of America

Have the will to succeed.

FAMILY MOVES

Mr. and Mrs. Good Graves moved into the house of Mrs. Sam Whitson.

FIRST BAPTIST

First Baptist Church held their District 9 Worker's Conference last Tuesday here at Hart.

Mrs. Lloyd Davis was in charge of the food committee. Approximately 140 attended the conference meeting.

There were several speakers.

FHAers Observe National Week

Over one-half million Future Homemakers of America in states throughout the nation observe National FHA Week April 4-10, announced Ruth Huey, Director of Homemaking Education, Texas Education Agency.

The 60,423 members of 1,314 chapters in the Texas Association of FHA are celebrating their 20th year of nation-wide affiliation.

"In 1945 Texas was the fifth state to receive its charter and adopt their motto, 'Toward New Horizons,'" reported Josephine Pazdral, State Adviser.

FHA Week will find junior and senior high school chapters spotlighting their programs on family living and stay-in-school activities.

One Future Homemaker said it for all her sister-members this way, "To me, FHA means more than just an organization because I feel it is a part of me that I will still have when I have a home of my own."

FHA is sponsored nationally by the U. S. Office of Education and the American Home Economics Association, and guided by homemaking teachers. As part of a large national organization of teeners concerned with good home and family life each girl grows through new experiences, new views and new friends.

Members will celebrate FHA Week by attending church together, sponsoring style shows and faculty teas and participating in home and community service projects. Many FHAers will wear the traditional red and white colors to remind their classmates of FHA Week.

The national program of work this year includes (1) You and your values; (2) Focus on family friendship; (3) Marriage calls for preparation; (4) Stay in school; (5) Action for citizenship.

Three hundred Texas girls were awarded their State Degrees at the State Meeting last May.

Officers, delegates and sponsors of the Texas Association will convene for their 1965 State meeting in Dallas April 23-24.

"Two reasons why we like ELECTRIC COMFORT HEATING!"

"QUIET"

"ROOM TEMPERATURE CONTROL"

Mr. and Mrs. Chester Jones, Anton, Texas

Mr. Jones says, "When our former heating system turned on it was so noisy that I had to raise the volume on our TV set. Now, our electric heating is so quiet that we never hear it when it's on."

Mrs. Jones says, "I like the individual room control. Living areas, bedrooms, baths, all need different temperatures. This is easy with our electric baseboard. We get the temperatures we want."
