## Dudley Resigns Hart Bank Post

Norlan Dudley announced this week that he has resigned as president and director of Farmers State Bank in Hart.

In announcing his resignation, Dudley had this statement to make:

"It is with deep regret that I announce that I resigned on May 18, 1965 as president and director of your local bank. It had been my hope as well as that of my family that Hart, Texas would be our permanent home. But due to the strain connected with a job of this type, it has severely effected my health as most of the people in our community have been aware, the last due to my run down condition resulted in a bout with lobar pneumonia, from which I am now recovering.

"I would like to express my appreciation to all the people in our community who have helped in the building of our bank and I will forever be grateful. Some of the best friends I ever had are right here in this community. I have had the pleasure of working with one of the finest bank boards that anyone ever had.

"I earnestly solicit your continued support of your local bank, giving the board and my successor the same support that you have given me.

"May God be with each of you."

# STATE CAPITAL Highlights AND Sidelights

AUSTIN, Tabulation of the activities of the Texas Legislature reveals that the current body has produced more new laws than any of its predecessors.

This is a remarkable achievement in view of the pressing time-taking demands of redistricting and increased spending, as well as the controversy on raising the pay of teachers and increasing taxes.

## Redistricting

State lawmakers have faced up to their most painful job of the session -- legislative redistricting.

In a tension-charged atmosphere, senators performed self-surgery (under federal court order) which in effect will cut off seven rural incumbents and transfer their places to major population centers.

Somewhat more peacefully, the House placed the heads of 16 of its members on the chopping block.

Under the Senate plan, 13 incumbents will be jammed into six districts. They are;

Sens. Dorsey Hardeman, San Angelo, and Pete Snelson, Midland (Dist. 25); Walter Richter, Gonzales, Culp Krueger, El Campo, and Bill Patman, Galveston (Dist. 18); Louis Crump, San Saba, and J. P. Word, Meridian (Dist. 12); Jack Strong, Longview, and Galloway Calhoun, Tyler (Dist. 2); Jack Hightower, Vernon, and Andy Rogers, Childress (Dist. 23); and Bill Moore, Bryan, and Mrs. N. H. Colson, Navasota (Dist. 5).

Senate reapportionment measure would assign Harris County four senators, plus a share in two more, Dallas gets three, plus a share in one, Bexar gets two, plus a share in one.

Tarrant County retains a single Senate place and shares in another district. El Paso area will have its own senator.

House races where incumbents are combined with one to

be eliminated, if all seek reelection, shape up like this:

Reps. J. E. Miller Jr., Burkville, and Emmett Lack, Kountze; Neal Solomon, Mount Vernon, and E. M. Edwards, Pattonville; John Allen, Longview, and John Mobley, Kilgore; David Crews, Conroe, and Cameron Hightower, Liberty; Vernon Beckham, Denison, Don Hefton, Sherman and Bill Dungan, McKinney; Bill Hollowell, Grand Saline, Jim Markgraf, Scurry; Bill Satterwhite, Ennis, and Ronald Roberts, Hillsboro; Lloyd Guffey, El Campo, and Otha Birkner, Van Vleck; J. T. Newman, Cuero, and Paul B. Haring, Goliad; A. C. Atwood, Edinburg, Felix McDonald, Edinburg, Gregory Montoya, Elsa and Raul Longoria, Pharr; Jim Nugent, Kerrville, and Terry Townsend, Brady; Roy Arledge, Stamford, Raleigh Brown, Abilene, and Grant Jones, Abilene; A. C. Hallmark, Dalhart and Fritz Thompson, Borger; Hudson Moyer, Walter Knapp and J. M. Simpson, Amarillo; Jack Woods, George Cowden, Dick Cherry, all of Waco, Travis McClinton, Coryell County; Charles Wheeler and Glenn Johnson, Temple and Gene Fondren, Taylor.

House bill would give Harris county 19 representatives; Dallas 14; Bexar 10; Tarrant eight and El Paso five, or a total of 56 of the House's 150 seats.

Congressional redistricting remains to be unraveled.

## Teachers Pay Compromise

Teachers and Gov. Connally reached a compromise in their pay dispute.

Teachers will get raises ranging from \$90 for beginners to \$1,000 a year for M. A. degree holders with 18 years' experience. Local school districts must share about 20 percent of estimated \$101,000,000 biennial cost.

## Loan Bill Stymied

Rep. W. Reed Quilliam Jr. of Lubbock tried without success to spring his bill to reduce interest rates on "Small-Small loans" of less than \$100. Currently it runs about 320 percent, according to Quilliam. His bill would permit approximately 120 percent.

Bill, introduced early in the session, has been buried in a subcommittee.

Quilliam asked for a vote to "instruct" the committee to report the bill out of committee for a vote on the floor of the House. By refusing to do so, the House, in effect, killed the bill.

## Oil Allowable Up Little

Railroad Commission decided state oil production should be held to 28.1 per cent of potential during the next month.

That would set the June allowable at 2,900,000 barrels daily. May production, under 27.2 per cent order, was maximum of 2,800,000.

## New Colleges Voted

Texas' 23rd and 24th state senior colleges are about to be designated, subject to approval of the higher education coordinating board.

Both Houses approved a senior college at Odessa, Texas. Arkansas college bill was passed by Senate and promptly approved by House committee.

## Appointments Announced

Gov. Connally named R. Wofford Cain of Dallas to the board of Texas A & M University.

He reappointed S. B. Whittenburg, Amarillo, and Sterling C. Evans, Houston.

## Criminal Code Protested

Revised code of criminal procedure has passed both houses but is in conference committee.

Newsmen have protested a House amendment which would prohibit law enforcement officials from making public any information which may "prejudice a jury." Newspapers maintain that the amendment would restrict freedom of the press and ask that the amendment be deleted.

## Attorney Gen. Rules

Atty. Gen. Waggoner Carr held as unconstitutional a budget bill rider to provide for mandatory retirement at age 70 of statutory officers are employees of the State.

In other opinions, Carr held: 1. Signer of an election petition for local option sale of alcoholic beverages may not withdraw his signature after 30-day time limit for filing.

2. Seawall Commission for Matagorda County will no longer be an effective body after September 1, 1965.

3. Travel expenses of task groups of the Emergency Planning Committee can be paid when properly approved.

4. Bill regulating purchasing procedures of gas and electric companies in Bexar County is unconstitutional as a local and special law.

## Budget Bill

A record \$3,600,000,000 state budget bill, major business of the session, finally is in the hands of the State Comptroller for certification, after agreement on corrections and last-minute additions by resolution.

Independent estimates calculate the \$623,400,000 general fund appropriation would leave a surplus of \$700,000 if no other spending measures are passed.

But other spending bills are almost certain to be passed. Tax bill authors are taking that into consideration in writing a revenue-raising measure which will pay for the \$70,000,000 (state share) teachers' salary boosts and the other pending requests for funds.

# Wheat Deficiency Symptom Discussed By Agronomist

BY W. F. "BILL" BENNETT, AGRONOMIST

Wheat has headed out in most areas. Wheat is at a stage of growth which will provide you an opportunity to see what kind of job you did fertilizing last fall and whether sufficient nitrogen and phosphorus was applied last fall.

Tell-tale symptoms for nitrogen deficiencies are evident now. Nitrogen deficiency symptoms first show as a light green color on the lower leaves. These lower leaves eventually turn brown. Small heads and poor growth may also be due to a shortage of nitrogen. Urine spots in grazed fields usually indicate a nitrogen deficiency

and may be indicative of a phosphorus shortage.

Phosphorus deficiency symptoms may be more difficult to spot. General unthriftiness, slow maturity, and small heads are symptoms that can be used. Low test weight at harvest might indicate a shortage of phosphorus.

Sulphur deficiency symptoms are often similar to phosphorus. Yellowing of the plant might also indicate a sulphur deficiency.

Poor application jobs last fall can show up in streaked or uneven maturing fields.

Start noting these deficiency symptoms and keep them in mind when fertilizing for wheat this fall.
