Crop Program Signups Set

Signups for the 1966 programs for wheat, feed grains and cotton will start on Jan. 24 said Jim Elder, head of the Agricultural Stabilization and Conservation Castro County Committee, announced today.

The signup deadline will be April 1.

For the long-term Cropland Adjustment Program (CAP) the signup will begin on the same date as for the commodity program. The signup deadline for CAP will be announced later.

Producers who file intentions under CAP but do not enter into final agreements will have 15 days to file applications to take part in one or more of the annual commodity programs after applicants withdraw or after the County Committee notifies them that no agreement will be available.

Elder explained that for 1966, a flexible schedule of signups has been adopted throughout the country, with each ASC State Committee determining the most appropriate period for the activity. In most states, the signup period is uniform in all counties.

In general, both the commodity programs and CAP call for diversion of crop acreage into an approved conserving use. By meeting provisions of the programs, farmers become eligible for various benefits in the form of payments -- and also for loans under the commodity programs.

However, Elder reminded farmers that participation in the various diversion programs is not automatic -- filing an application which shows the operator's program intentions is the first necessary step in qualifying for program benefits.

All of the signups are conducted at the ASCS County Office in Dimmitt.

The time between the final filing date for price-support applications and the loan maturity date on 1965-crop commodities will be about one month, the U. S. Department of Agriculture has announced.

In several instances during prior years, there has been a space of several months between the final availability date

for loans and the loan maturity date.

For the 1965 crop programs, the two dates have been brought closer in order to give farmers more time in which to make a judgment on the disposal of their crops.

Bale Total Tops 13,500

With cotton harvesting completed, Hart gins reported a total of 13,528 bales for the year.

The number is an increase of only 156 bales over last week's total. Ginners said a few more bales would probably be brought into Hart, but the number would be very small.

COTTON SEASON IN SWING--At least that was the case at Panhandle Compress in Hart Tuesday before the snow started, as workers rushed to ship out a near-record harvest. The compress serves seven area gins in Hart, Edmonson, Circle and Olton.

FOR 1965

Building Tops \$90,000

Hart recorded \$90,950 in building during the past year, far below the figure reached in

year's past.

The reason for the reduced figure was in large part due to

Hart's Girls Basketball Team

Now Running No. 2 In District

Hart's Longhornette basketball team picked up a 33-32 decision over Bovina Tuesday night to even their district record at 1-1.

The win moves the girls' team into a tie for second place behind the Nazareth fems, whose record stands at 2-0 for district play.

The boys suffered another setback, losing to the same school by a score of 63-50. The boys' mark is now 0-2 in district, with Happy leading play with 2-0 record.

Linda Popejoy was the leading scorer for the girls with 16 points, closely followed by Sherilyn Morrison, who tallied 13.

Larry McKay was once again high scorer for the boys with 25 points. David Smith collected 15 in the same contest.

The varsity contests were preceded by a girls' B-team contest, which the Hart reserves took, 17-15.

Next games for both clubs will be against Nazareth in Nazareth Friday night. They then return home for a pair of encounters with Lazbudie next Tuesday.

the school expansion program the previous year, coupled with the Tide plant built just outside the town in 1964. Those two construction jobs alone ran over the half-million dollar mark.

Virginia Reed, city secretary, said the total for the year did not include a new parsonage or several buildings moved in by the school during the year, since those buildings are exempt by the city and no permits were recorded.

The majority of building was in residential construction with only \$6,500 recorded in the city office for new business construction.

Another \$7,400 was spent in residential buildings moved into town, while the remaining \$77,050 was spent on residences constructed in Hart.

FFA Group Will Participate

In Two Shows Over Weekend

Hart High School's FFA group journey to both Hereford and Amarillo to compete in opening round stock shows.

Entered in the Hereford show, which began today, were 34 barrows, 28 lambs and three steers.

Hart Selected For PTA Meet

Hart has been selected as the site for the spring conference of District Eight of the Parent-Teacher Association.

The news was released this week by Deryl Clevenger, president of the local PTA chapter, and Mrs. Wiley Alexander of

Amarillo, district president.

Eleven counties are represented in the district. Included in the group are Dalham, Hartley, Sherman, Moore, Potter, Randall, Castro, Swisher, Oldham, Farmer and Deaf Smith Counties.

Mrs. Melvin Anderson of Amarillo, parliamentarian of District Eight, said the district had the highest membership of any state district last year, with 21,000 persons represented.

The meeting is tentatively set for April 14 at the First Baptist Church.

Preceding the regular meeting will be a board meeting on April 13 at Alford's Cafe.

Items on the agenda for the group include a talk by a member of the state legislature and a leadership training program.

Harlem Stars

Will Appear

In Hart Gym

The Harlem Stars, billed as "the funniest basketball team in the country," make a visit to Hart Jan. 31.

Sponsored by the Hart Athletic Department, the group will take on a group of local players in the Hart High School Gym at 8 p.m.

The Stars are a combination of Negro players who travel all over the world playing their own particular brand of basketball.

The group starts its season in Alaska in September and visit approximately 40 states a year. Also included on their trip schedule are visits to Mexico, Canada, Australia, Japan and some parts of Europe.

Admission to the game is \$1.50 for adults, \$1 for students and 50 cents for children.

Sunday Night Fire Kills Pets

But Leaves House Untouched

A fire Sunday night killed a pair of pets owned by the Sam McGill family, but didn't damage the family's home, located a few feet away.

Mrs. McGill said the fire apparently started from a light

bulb left in a dog house to keep the pets warm.

A monkey and a dog owned by the family were asphyxiated by the smoke from the fire, but Hart's Volunteer Fire Department extinguished the blaze before it reached the home.
