## Lights Brighten Scene As Signs Go Up In Hart

Hart began to take on a new look this week when larger street lights were installed throughout the town, and street

signs installation began.

The lighting change was completed by Southwestern Public Service early this week, while

Hart's Lions Club began work on the street sign project.

Earl Brock, SWPS manager from Dimmitt, said 39 street lights rated at 2,500 lumens were replaced by mercury vapor lights rated at 7,000 lumens.

In addition, two 6,000 lumen lights were replaced with the 7,000 mercury vapor version.

Three new 7,000 lumen lights were installed.

Eighteen 20,000 lumen mercury vapor lights were switched to 64,000 lumen mercury vapor.

Brock said the increased lighting would produce approximately three times the amount of light produced under the old system.

Dewayne Brown, Lion Boss, said approximately 90 street signs would be installed, although the weather held up part of the installation of concrete bases for the signs.

Holes in which to plant the signs were dug Monday, but damp weather held up pouring of concrete bases for the signs for a while.

Brown said the cost of the project would be approximately \$1150. He said SWPS and West Texas Telephone had contributed to the Lion fund for the signs, and SWPS would help in the installation.

**NEW SIGNS GO UP**--Hart Lion Boss Dewayne Brown wields a shovel while John Holloway steadies a sign post Tuesday when the Lions began putting up 90 new street signs for Hart.

## Board OK's 2 Contracts

Hart's School Board renewed two administrators contracts and accepted the resignation of another in a meeting this week.

The board also announced March 2 as the deadline to file for the school trustee election.

Receiving new contracts were superintendent Andy Gardenhire and elementary principal

G. C. Graves. Both contracts were for one year.

Resigning was H. L. Cheatham, junior and senior high school principal. Cheatham, who has taught in Hart for three years and served as principal one year, said he was resigning for reasons of ill health.

Two spots on the school board will be filled in this year's election. Terms of Deryl Clevenger and R. G. Henderson expire.

Clevenger, who has served one three-year term on the board, announced he would seek reelection, while Henderson, who has served three terms, will not try for the post again.

Henderson said he felt someone else should have the opportunity to serve the community as a school trustee.

Interested persons should register at the superintendent's office before 5 p.m. the day of the deadline to get his name on the ballot.

Absentee voting will begin March 20 and end March 29. The election will be held April 2 at the City Hall in Hart.

## Riders Pick Up Trophy

Hart's Junior Riding Club recently picked up a second place parade trophy for their showing during the past year.

The award was given by the American Association of Sheriff Poses and Riding Clubs for collecting the second highest number of points of any riding club in parade competition.

The award was presented in Lubbock last Monday.

Members of the club include Harley Malone, Kerry McLain, Ronald Irwin, Nelda Henderson, Jerry Swindle, Dana McLain, Don Sanders, Larry Sanders and James McLain.

Other members of the club are Rita Henderson, Linda Irwin, Margaret Swindle, Pam Houston, Rex Swindle, Jim Swindle, David Dalton and Donnie Irwin.

## Boy Scouts Set Clinic For Bikes

Hart Boy Scout Troop 246 met Monday afternoon in the Legion Hall to finalize plans for activities to be held during Boy Scout Week being observed throughout this week.

A father-son supper, together with a Court of Honor was held Tuesday night, and a trip to Plainview for the Southwestern Public Service electrical merit badge clinic is planned tonight.

A bike safety clinic is scheduled Saturday afternoon from 1-5 p.m. in front of the high school.

The Scouts will inspect bikes for safety and will make adjustments or recommendations concerning them. They will also apply reflector tape on bikes which do not have reflectors on the front and rear.

The clinic, a service project of the troop, is free.

Then on Sunday, the scouts will attend church as a group at the First Baptist Church.

Members of the troop included Lonnie Davis, Mike Leonard, Mike Armstrong, Kirk Hansen, Keith Lemons, James Jackson, Johnny Sanchez, Tony Miller, Troy Brooks, David Hawkins, Kim McGill, Vick Nelson, James Warren, David Warren, Nicky Rodriguez, Paul Harris, Carlos Martinez and Ike Graves.

## New Education Classes Opening For Area Adults

Adult education classes are now open to Hart area residents, according to Weldon Skinner, elementary school principal in Dimmitt.

Skinner said there are still openings in the classes being held Monday and Tuesday nights starting at 7:30 p.m.

He said classes will be broken down into three levels. One group will be composed of persons studying first, second and third grade classes.

Another will take in the fourth, fifth and sixth grade classes, and the last will cover seventh and eighth grade classes.

Skinner said the classes emphasize writing, reading, spelling and basic arithmetic. There is no charge for attending.

Classes are being held at the North Elementary School in Dimmitt.

# STATE CAPITAL Highlights AND Sidelights

AUSTIN, Tex. -- Floterial districts! You'll hear these two words used often between now and the November election. And probably a long time thereafter.

What are floterial districts? They are voting areas created by combining counties, or parts of counties, to comply with the Supreme Court's edict that all states must have districts of equal population.

In Texas this has resulted in rural counties sharing representatives with metropolitan counties, or vice versa.

A three-judge federal court at Houston has just upheld the 1965 Reapportionment Act of the House of Representatives, with the exception of 11 floterial districts.

These floterial districts are areas around Austin, Brownsville, Corpus Christi, Tyler, Waco, Sherman-Denison, Lubbock, Abilene, Temple, Odessa and Angleton.

The court gave the Legislature until Aug. 1, 1967, to correct the floterial flaw.

So, this November, voters will select representatives on the basis of the original reapportionment draft.

Texas' four largest counties --- Bexar, Dallas, Harris and Tarrant -- will gain a total of 16 seats in the House for a total of 51 representatives. Under the new redistricting plan, 12 out of Texas' 254 counties will have a majority of House votes.

Although their power on paper is enormous, as a practical matter representatives of metropolitan areas seldom if ever vote as a bloc. So rural interests aren't likely to be ground under the heel of big city lawmakers.

State senatorial reapportionment never was subject to change.

Congressional redistricting was upheld earlier.

**MORE TOURIST FUNDS ASKED**  
Governor Connally will ask the 1967 Legislature for a bigger budget for tourist advertising.

"Considering the magnitude of the market," he said, "we still are going after an elephant with a peashooter."

Connally cited a 14 per cent increase in tourists last year -- totaling 14,200,000. He reported that advertising by the state produced more than 57,000 direct replies.

Although visitors spend more than \$680,000,000 a year in Texas, the governor feels the surface has barely been scratched. Tourists in Florida spend three times as much.

He called for further development of natural and man-made attractions, and predicted

HemisFair 1968 in San Antonio will have a "strong impact" on progress of the tourist program.

Current biennial budget of the Tourist Development Agency is \$532,000. It was \$292,000 in 1963-64.

**SHORT SNORTS**

Cigarette tax collections increased more than \$2,000,000 during January, over the first month of 1965, to reach a total of \$9,600,000.

The Department of Public Safety reports it has more than 100 job openings in uniformed services for men 21-35 years of age.
