## Stock Shows Highlight Week

### Castro Show Set To Start Today

This week ends several months of hard work and high hopes for many members of the Hart FFA and 4-H Club.

Beginning today, members of the groups, will be in Dimmitt competing in the Castro County Fat Stock Show.

Hart's own show will be held today beginning at 6 p.m. in the show barn in Dimmitt, and will feature only boys and girls enrolled in Hart schools who are members of the Hart Future Farmers, Future Homemakers or 4-H.

Thus far, entries from Hart in the county show, which begins Friday at 1 p.m., totaled 87.

Lanny Tucker, FFA advisor, said 55 barrows, 30 lambs, and two steers were entered in the event.

Lambs will be judged beginning at 1 p.m. Friday, with the barrow show to follow.

Steers will be judged Saturday, beginning at 9 a.m., with the sale of prize-winning animals set to start at 1 p.m. the same day.

In last year's contest, Hart students showed all grand champion and reserve champion animals in the county show in sheep, steers and barrows.

Tucker said of the group showing in Dimmitt, "They have strived to represent Hart well and we are proud of their many achievements. They need everyone's support this weekend. Everyone is invited to come as a spectator or buyer."

### Teachers Take Holiday Friday

Hart school teachers get a mid-semester break Friday when they travel to Amarillo for the district meeting of the Texas State Teachers Association.

The meeting concludes a weeklong open house at Hart Schools. During the week, the elementary school choir performed for approximately 100 parents in the high school gym.

Girl Scouts heard a lecture on citizenship from Mrs. Vestal, district Girl Scout leader, then participated in a flag-raising program.

The high school speech class was scheduled to present a special program in the grade school gym at 1 p.m. today, and the homemaking department served refreshments to visitors throughout the week.

BIG MONEY HOG--Jim Tucker shows off his prize Duroc boar. Tucker sold the hog at the San Antonio Duroc show for \$1,125 after the animal placed third in the Group August Boar class.

### Jim Tucker Gets Big Price In San Antonio Duroc Show

A Duroc boar owned by Jim Tucker brought his young owner a sale price of \$1,125 at the National Duroc Congress held in San Antonio recently.

The 300-pound animal brought \$3.25 a pound from buyer Benno Leunsmann of Sequin.

Shown by former Hart FFA standout Jerry Felder, now of Spearman, the boar placed third

in the Group August Boar class. One of his litter mates was the Champion Duroc Boar at the San Antonio show and the Houston show, while a half-brother was the Reserve Champion Duroc at Houston.

Tucker is the son of Hart FFA advisor Lanny Tucker, who was in Houston with his FFA show group when his son's boar was being shown in San Antonio.

### FFA Students Take Honors At Houston Stock Show

Hart FFA'ers once again walked away with top honors at a major stock show by taking three firsts and a reserve champion in the Houston Fat Stock Show last week.

David A. Harris showed the first place lightweight Duroc, which was later named the Reserve Grand Champion Duroc of the show.

Phil Davis picked up another first with his heavyweight shorthorn steer, and Jerry Smith made another splash in the barrow show by placing first with his heavyweight Poland China.

Bob Crick placed second in the Duroc heavyweight class, while David Brooks was showing a third place Chester White and a fourth place Poland China. Again in the Duroc heavyweight class, Phil Davis placed fifth, and scored ninth with light weight Hampshire.

Jerry Parker showed the sixth place lightweight Hampshire and Larry Parker was right behind him with the seventh place barrow in the same class.

Verletta Crick showed the sixth place middleweight cross-bred, as did Billy Inscore with a lightweight Berkshire and George Heck with a heavyweight Chester White.

David D. Harris had a seventh place light Poland China and a 22nd place heavyweight Hampshire.

Danny Rice showed the eighth place heavyweight Poland China and Bob Carter scored 11th in the same class.

light Poland China category and Donnie Irwin was 20th in the light Duroc breed show.

Making the trip with the boys were Mr. and Mrs. Doyle Davis, Veryl Crick, Ed Bennett and instructor Lanny Tucker.

Making a trip to see the show were Mrs. Veryl Crick and Mrs. H. H. Parker.

### Hart Bank Will Close Saturdays

Willis A. Hawkins Sr. announced this week that Farmers State Bank in Hart would begin closing on Saturday starting March 26.

Hawkins also announced plans for a new bank building are progressing, and said he hoped the building would be started in the near future.

He said the new building will have a community room, a drive-in window and a night depository.

### STATE CAPITAL HIGHLIGHTS

All-time highs in employment, payrolls and value of output were set by Texas manufacturing industries in 1965, and outlook is even brighter for 1966.

So concludes a study of Texas industrial expansion by the University of Texas Bureau of Business Research.

Total Texas manufacturing employment this year is expected to rise by 13 per cent, with biggest increase in electrical machinery production. Estimated value added by manufacture for 1966 is anticipated to be slightly over \$8,500,000,000, a 21 per cent rise over 1963.

A serious problem facing Texas manufacturers, BBR noted, is a shortage of skilled labor (particularly machinists) and engineers for aerospace companies supporting the Manned Spacecraft Center in Houston.

Shortages of engineers, machinists, technicians and managerial talent emphasizes again the "need to provide a superior educational system at the elementary, secondary and college levels," BBR stresses.

### THE FAMILY LAWYER

#### Bargain Day Crowds

Just after World War II, in the heyday of scarcities, a grocery store received a shipment of hard-to-get margarine. The manager dropped a carton in a narrow aisle and sang out:

"Oleo! Come and get it!"

In the ensuing stampede, a woman shopper was injured. In due course she sued the market, pointing out that the manager should have known—from two previous stampedes—what to expect. And the court granted her substantial damages.

A store does not guarantee each customer absolute protection from the actions of other shoppers. But a store may be held liable if, by its own negligence, it permits a crowd to become dangerous.

In another case, a large crowd jammed the entrance of a department store on the opening day of a sale. The management let only a few shoppers in at a time, allowing the rest to surge impatiently against the glass show windows. There were no guards, no barricades, no warnings of danger.

Finally the glass cracked, and a woman was badly cut. Here, too, a court held the store liable for failing to prevent an accident that it could reasonably have averted.

However, the mere presence of a crowd does not necessarily make the store liable for mishaps. Not only must there be negligence on the part of the management but also there must be a sufficient cause-and-effect connection between the crowding and the injury.

For example:

A woman was seated at the hosiery counter of a department store that was swarming with bargain hunters. Suddenly she was bumped off her chair by another shopper, going past in a hurry. The woman sued the store, but to no avail. The court noted that the injury was not really caused by the crowd at all, but by the recklessness of one particular individual.

Besides, some discomforts must be tolerated as part of the shopping process.

# KITCHEN KORNER

BY LELA GALLION

The 17th of March being St. Patrick's Day, we think of green and Irish stew more than any other foods.

We like Irish stew is it is cooked slowly. On days when I'm cleaning house or ironing I cook stew as I'm close to watch that it doesn't cook dry. I cook 2 lbs. boneless stew meat for 5 to 6 hours over low heat. Try it and see if your broth doesn't have more flavor.

### IRISH STEW

2 lb. stew meat  
Water to cover  
Salt and pepper

Cook slowly for several hours adding water as needed.  
ADD:

5 carrots cut in inch chunks  
5 potatoes (medium) cut in inch chunks  
1 large onion diced

Add any other vegetable you like well such as parsnips or cabbage if desired.

Cook until vegetables are well done. Serve very hot.

### GREEN SALAD

1 large pkg. lime jello  
1 -303 can spiced grapes(drain)  
1 -303 can crushed pineapple  
2 c. boiling water  
1 c. cold water

Dissolve Jello in 2 cups boiling water, add 1 cup cold water, crushed pineapple undrained, then the spiced grapes. Let set. Serve on lettuce leaf, drizzle salad dressing which you have mixed with a little milk over the top. Very tasty and pretty.

# STATE CAPITAL Highlights AND Sidelights

AUSTIN, TEX. --Texas' first big free voter sign-up is under way.

But top state officials still are "fighting mad" because FBI agents were assigned to keep an eye on registration procedures in selected counties.

"It's an insult to every public official and every citizen of Texas," wrote Texas Atty. Gen. Waggoner Carr in a letter to U. S. Atty. Gen. Nicholas Katzenbach about the FBI check.

Gov. John Connally agreed and further charged the U. S. Department of Justice with intentionally "instigating trouble" among stormy state political factions.

A three-judge federal court granted Carr's request for a 30-day stay of its order abolishing the poll tax as a voting requirement. Stay was granted in order to allow time to put the new registration law into effect. Therefore, the old poll tax requirement will apply through most local elections this month.

All indications are the initial 15-day free registration (March 3-17) is going smoothly. Interest varies from county to county. Intensive registration drives are under way in the major counties, with all factions trying to sign up more voters who reflect their own views.

Connally and Carr have called on local tax assessor-collectors, who are voting registrars, to provide as many substations and deputies as necessary and to authorize all the overtime needed to assure the widest possible opportunities for voter qualifications.

This is in keeping with instructions of the federal court which conceivably could lengthen the 15-day period if it feels all voters who wanted to register were not given sufficient opportunity.

Carr, meanwhile, has appealed the poll tax invalidation order to the U. S. Supreme Court. However, few feel it will be reversed.

Reversing earlier instructions, the attorney general said Texans over 60 years of age in cities of 10,000 or more who failed to get exemption certificates before Jan. 31 still can sign up free.

Reliable estimates of the number of new voters who will qualify by March 17 have been raised to around 500,000.

### CIGARETTE IMPORTS TIGHTENED

State and federal inspectors are clamping down on imported sales that resulted when the state per-pack tax jumped to 11 cents.

Travelers are being warned

that they can bring back no more than two packs of untaxed cigarettes from across the border.

State comptroller's agents, liquor control board inspectors and customs officers are making close checks in an effort to enforce the limit.

Comptroller's figures show the total cigarette tax collected for February as \$8,500,000. This is nearly a \$2,000,000 increase from February, 1965. Actually, however, last month's stamp sales meant 77,778,963 packages of smokes were purchased. This compares with 83,431,387 at the old rate in February, 1965.

Before the last three-cent-a-pack increase, sales sometimes went to more than 100,000,000 a month.

"We're looking at every avenue we can to protect the revenue of the state," commented Albert Brown, head of the excise and store tax division of the comptroller's office.

### TEXAS JOINS COMPACT

Texas will be one of the first states to participate in the interstate Compact for Education, Governor Connally has announced.

Compact aims to strengthen the voice of states in formulation of alternative nationwide education policies.

Connally has indicated he is making a bid for location of the compact's central office in Texas.

An interstate commission composed of seven representatives from each member state will develop alternatives in educational policies, gather data on enrollments, conduct research, exchange information with other groups and recommend proposals for financing education.

### TWO SELECTED

Amarillo and Beaumont were selected as the sites for two \$450,000 pilot Mental Retardation centers sought by 20 Texas communities.

State Board for Mental Health and Mental Retardation said the cost will be shared by state and federal appropriations.

Other cities considered for the centers were Abilene, Austin, Brownwood, Dallas, El Paso, Galveston, Edinburg, Longview, Midland, Odessa, San Antonio, San Angelo, Tyler, Texarkana, Temple, Victoria, Wichita Falls and Waco.

### COURTS DECIDED

State Supreme Court held for the typographical union in action requiring the Houston Chronicle and Houston Post to reset in their composing rooms advertisements placed by a local firm through a local advertising agency. Arbitration board held that "national" advertising does not have to be reproduced by the newspapers, but "local" advertising does.

Supreme Court turned down the appeal of Mayor Morris L. Newnam of Ranger to be included on the Democratic primary ballot as a candidate for state representative in the 63rd District (Eastland, Palo Pinto, Stephens, Callahan and Shackelford Counties). Lower courts held Newnam ineligible to run for the Legislature because he's now serving a term in a "lucrative public office." Actually he draws no pay.

# New Veteran Benefits Listed Under 1966 Readjustment Act

The Veterans Readjustment Benefits Act of 1966 which was signed into law March 3 by President Johnson provides a permanent program of benefits to veterans who have served or who will serve in the U. S. Armed Forces since Jan. 31, 1955.

Chief among these benefits will be education, home loan guaranty and the extension of VA hospital benefits on the same priority basis as for wartime veterans.

Thus approximately four million veterans discharged from the service since Jan. 31, 1955, ranging from "cold war" veterans to those now on duty in Vietnam, become eligible for benefits somewhat similar to those granted the veterans of World War II and the Korean Conflict.

At the same time, provision has been made for 600,000 additional veterans who will be returning to civilian life each calendar year to participate in the same benefits.

In all cases, to be eligible the veteran must have discharges that are other than dishonorable and they must not already have used up their eligibility under previous programs.

All the new benefits, with the exception of the educational assistance program, went into effect immediately upon the President's signing of the bill. The educational assistance provisions will go into effect June 1, 1966.

The benefits established by the new law are:

Educational assistance, home

and farm loans, medical care, job counseling, job placement, Federal employment preference and the issuance of burial flags.

A brief summary of each follows:

**EDUCATION.** Veterans with more than 180 days active duty, any part of which occurred on or after Feb. 1, 1955, will be eligible for one month of college, vocational or similar education for each month or fraction of a month on active duty.

Those taking full-time courses will receive \$100 per month if they have no dependents; \$125 a month one dependent and \$150 a month with more than one dependent. Proportional rates will be paid for part-time courses.

The income of the veteran will not be considered. Application blanks and full information will be available at VA offices and at colleges and educational centers sometime in April, well in advance of the June 1, 1966, starting date.

The maximum period allowed will be 36 months but this may be reduced by the amount of educational assistance previously received under a VA educational program. Since the program starts by law on June 1, 1966, there can be no retroactive payments.

Note: Both the educational assistance and Loan Guaranty provisions of the new law will apply to those persons who remain in the service after two years of military duty.

**MEDICAL CARE.** Veterans who have served after Jan. 31, 1955, will be eligible for admission to VA hospitals on the same basis as wartime veterans.

The priorities are: First -- Veterans with service-connected disabilities have top priority for admission; Second -- Veterans with service-connected disabilities but who are seeking treatment for some other ailment will be admitted as beds are available; Third -- Veterans without service-connected disabilities may be admitted to VA hospitals if (1) hospitalization is deemed necessary, (2) they are financially unable to defray the cost of the hospitalization, and (3) beds are available.

**OTHER BENEFITS.** The new law also makes provisions for job counseling and job placement, both of these under the auspices of the Veterans Employment Service of the U. S. Department of Labor; and Civil Service preference in Federal employment.

A United States Flag will be provided for use at the funeral of veterans who have served after Jan. 31, 1955, and to be retained by the next of kin.

Veterans who believe they are eligible for any of these benefits except the education assistance program, can write, telephone or visit VA Offices located at 1400 North Valley Mills Drive, Waco, Texas; 2208 Main, Dallas, Texas; and 1612-20 19th Street, Lubbock, Texas.

Veterans interested in the educational benefits are reminded that they cannot start

any courses until after June 1, 1966, and it will not be until mid-April that the proper forms and instructions will be ready.

There is no deadline date to enter upon the education program and veterans will have eight years from the date of their last discharge from active service to complete their courses. However, the first cut-off date will not be until March 3, 1974.

**LOAN PROGRAM.** Veterans with more than 180 days of active duty will be eligible for VA guaranteed home or farm loans or VA direct home loans in areas where such loans are authorized.

They will have until ten years after the date of their last discharge from active service plus one year additional for each three-month period of active service to make such a loan, with a maximum deadline date of twenty years after the date of discharge from the qualifying service.

For those veterans who have already been out of the service for a period of years, a minimum entitlement date has been set at ten years. VA guaranteed loans will be made at 5 1/2 percent interest rate.

The new law authorizes the Administrator of Veterans Affairs to establish an interest rate as he determines the requirements of the loan market, but not to exceed the rate in effect for loans insured by FHA.

A one-time non-recurring fee not to exceed one-half of one percent of the loan amount is payable by the veteran but may be included in the loan and collected by the lender. However, it must be remitted to the VA before a guaranty certificate may be issued.

In the direct loan program, the new law raises the maxi-

mum loan possible from \$15,000 to \$17,500. Veterans with unused and unexpired World War II or Korean Conflict entitlement will have that previous entitlement cancelled and will become eligible under the new law alone.

However, during the period their cancelled entitlement would have been available such veterans not only need not pay the statutory guaranty or direct loan fee under the new law but they may also secure loans for business purposes as well as for home and farm purposes.

**Boy Scout District Sets Exposition In Plainview**

The Haynes District Boy Scouts announced today the 1966 Scout Exposition will be held Saturday, March 19, from 2-9 p.m. at the Plainview-Hale County Agriculture Building south of Plainview.

Scouting celebrates 56 years of "service to our country" this year.

The theme of this year's Scout Exposition will be "Camp and Crafts" to emphasize the major activities in scouting. This is the first time the exposition has been held in Haynes District. All previous shows have been held in Lubbock.

There have been 27 booths reserved at this time and plans are under way to take care of at least 100 booths. There will be booths by cub packs, boy

scout troops and explorer posts.

Topics will cover collections, handicrafts, rope making, wood carving, Indian crafts, den doodles, model crafts, safety, fire building and cooking, first aid, camping, electricity, citizenship in the home, community and nation, hiking, tower building, radio, aviation, communications, marksmanship, conservation, skin diving, etc.

Marshall Pharr is Exposition Chairman. James Davenport and Lloyd Woods are Haynes District ticket chairmen and tickets are available at their offices.

Tickets are 50 cents per person, and all scouts will be asking the public to buy tickets for the exposition as the scouts can win a free trip to Six Flags or to Philmont Scout Ranch, plus many other prizes.

Each booth will be judged on a point system by the Plainview Jaycees and winners will receive awards.

**STATE CAPITAL HIGHLIGHTS**

**POLICY CHANGES**

Writing of general liability and automobile insurance policies will be changed by July 1. But the "average driver" won't be affected.

Big change will be introduction of a "jacket" plan which will be common to several types of insurance. Under the "jacket" plan, the agent will insert standard insurance parts, such as fire protection, auto protection, etc.

Basically, the change is designed for business enterprises rather than for individuals. Family policies will not be under the "jacket" plan.

Under the new method, "an insured now will be covered by liability for injuries to others arising out of his use as a passenger of a land public conveyance, such as a taxicab or bus."

A second area for increased protection is for "the insured's liability arising out of watercraft powered by outboard motors in excess of 24 horsepower."

Most significant change in the general liability plan as it relates to automobiles and other vehicles is that the policies will be written on a "per occurrence" basis with no additional charge.

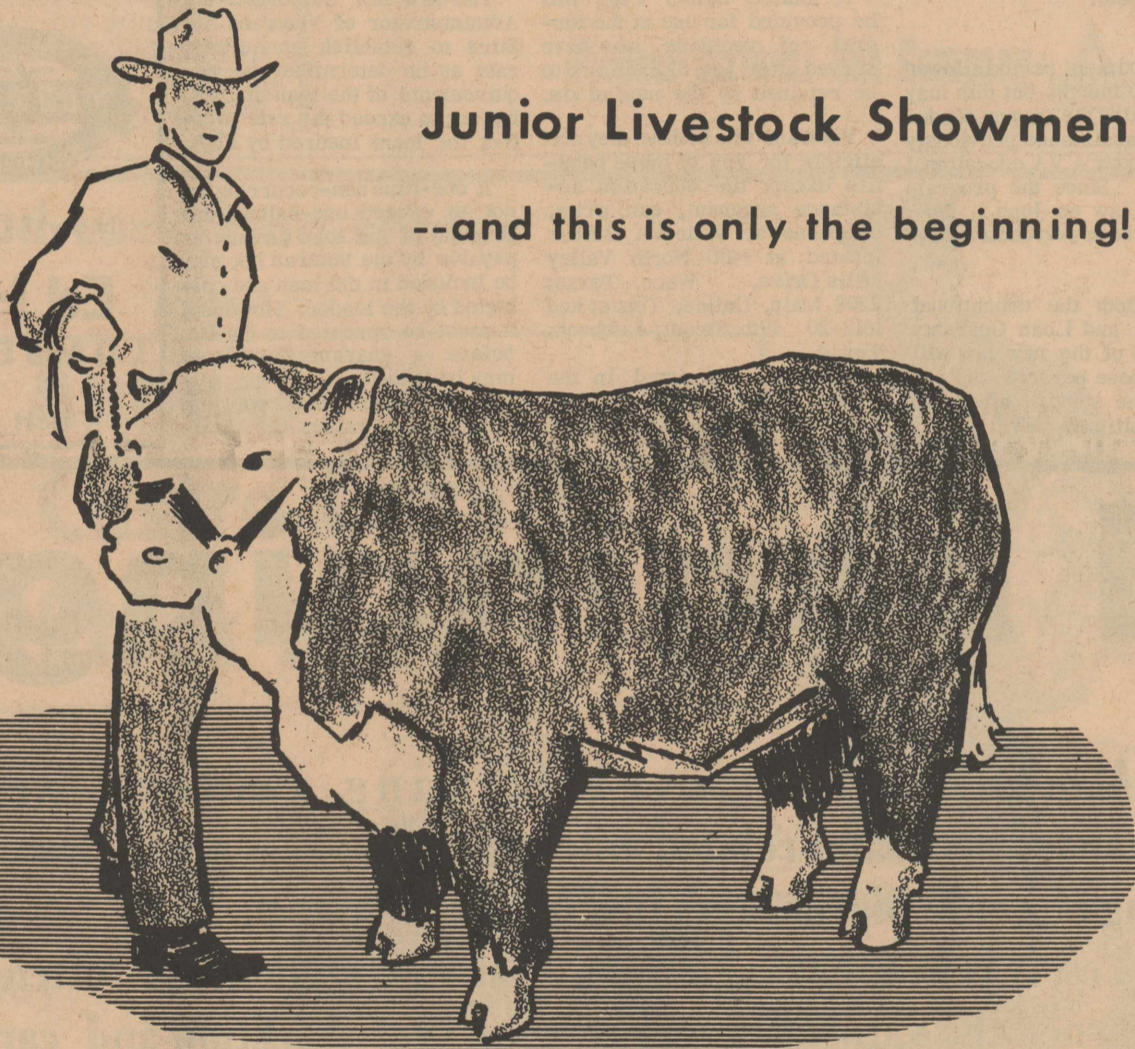

**SULPHUR LEASE SALE SET**

An April lease sale for development of sulphur deposits on West Texas lands owned by the University of Texas was ordered by UT regents.

Regents will notify oil companies doing business on the lands, requesting a list of tracts for sulphur mining. Lease sale will be handled directly by regents.

"Prospects look very good," commented Chairman W. W. Heath.

**640 Pounds More Grain Per Acre**

from **PIONEER** Sorghum

PIONEER brand 820 sorghum outyielded by 640 pounds per acre the average of the best yielders from 10 other major sorghum breeders in 1964 official Texas A & M High Plains yield tests. That's an extra \$11 per acre income—most of it clear profit!

Hybrid 820, Pioneer's full-season variety, competed at 6 of the 8 High Plains test locations in 1964. In comparison with the top performer entered by each of the 10 other major sorghum breeders, 820 turned out from 335 to 1,230 pounds per acre more grain—an average of 640 pounds

of "bonus" yield over the 10 other hybrids as a group.

Each of the 10 competitive hybrids was entered in at least four of the six tests where 820 competed: Tulia, Plainview, Cone, Aiken, and Lubbock (2).

Hybrid 820 made the highest yield among all hybrids tested by Texas A & M last year. Entered at a total of 13 locations (6 in High Plains, 7 in S. and Central Texas), 820 made the highest yield in 7 of the 13 tests.

For an extra 640 pounds—or more—grain from every acre of sorghum you raise this year, plant Pioneer brand sorghum. Your Pioneer seed man offers other high yielders, too—including sorghum-sudangrass hybrids.
