HART, CASTRO COUNTY, TEXAS, THURSDAY, AUGUST 18, 1966

10 CENTS A COPY

A HIGHLIGHT OF HART DAY in Castro County's Diamond Jubilee celebration last Thursday was this performance of the award-winning Hart Riding Club in a parade here.

## 750 Expected At Hart Schools

Approximately 750 students are expected to start classes here Monday Aug. 29 with registration set Thursday Aug. 25 and Friday, Aug. 26.

Buses will run Friday.

To get ready for the new school year, the elementary buildings have been completely re-modeled and re-painted inside. Outside trim has also been painted.

The north building has been re-modeled and re-painted, both inside and out.

Also re-painted during the summer were the 12 houses owned by the school. These houses are used as residences for teachers.

School grounds have been seeded and sodded and a beautification program carried out. Football turf is reported "excellent".

Several pieces of equipment have been added to the cafeteria, which was re-modeled during the past year.

First grade students will register Aug. 25 from 9 a. m. to 2:30 p. m.

G. C. Graves, elementary school principal, requests that each first grade child bring birth certificate and \$3 for work books and supplies.

Each first grader must have had small pox vaccination and tuberculosis tests. Immunization against diphtheria, typhoid, tetanus and polio are recommended.

Parents of first graders are asked to bring their children and stay until they are registered. Graves requests that the children then be left with teachers in order for them to "adjust to a normal school day". Parents are asked to pick up their children at 2:30 p. m. as buses will not run that day.

Also registering Aug. 25 will be students in grades 9 through 12. These students will register in the office of the high school principal.

Seniors will register from 8:30 to 10 a. m., juniors from 10 to 11:30 a. m., sophomores from 1 to 2:30 p. m. and freshmen from 2:30 to 4 p. m.

High school students will attend school the morning of Aug. 26. Students will be dismissed at 12 noon. Buses will run, leaving the school at 7:15 a. m. and returning students after they are dismissed at noon.

Grades two through eight will register Friday Aug. 26 from 8:30 a. m. to 12 noon.

Grades two through six will meet Aug. 26 at 8:30 a. m. in the grade school gym and grades seven and eight will meet in the high school gym.

Work week for teachers will be held Aug. 23 through Aug. 26.

## Riding Club Wins Points

Hart Junior Riding Club participated in the District I play-day Aug. 14 in Lubbock.

The club brought back a total of 185 points, along with many individual ribbons.

Those winning ribbons in an event will ride in the district finals in that event Sept. 11. Trophies will be awarded to high point boy and girl in each division and to the high point individual in each game.

Several Hart riders will participate in the finals.

## Boosters Meet

Booster Club will meet Monday Aug. 22 at 8 p. m. in the school cafeteria.

New officers will be elected.

## Longhorns To Open Against Silverton

High school football will get underway for the Hart Longhorns Sept. 9 in a game at Silverton.

The team will then meet the Muleshoe "B" team here Sept. 16, Turkey there Sept. 23 and the Hereford "B" team there Sept. 29. All of these games start at 8 p. m. Remainder of the games for the season begin at 7:30 p. m.

The Longhorns will play Miami here Oct. 7 and then go into the conference games as follows:

Happy, here, Oct. 14; Texline, there Oct. 21; Nazareth, there, Oct. 28; Vega, here, Nov. 4; and Lazbuddie, there, Nov. 4.

Donald Ewing is head football coach and athletic director with Jim Rich as assistant coach and boys' basketball coach.

Ewing, a 1955 graduate of Tulla High School, served in the Marines from 1955-58 and graduated from West Texas State University in 1962 with a major in physical education. He was employed by the Hart School System as junior high coach and science teacher in 1962 and this year assumes duties as head coach.

Rich is a 1958 graduate of Plainview High School and a 1965 graduate of Howard Payne College. He was employed by Montgomery Ward last year. His wife, Betty, will teach high school English.

Hart Junior High School football starts Sept. 15 in a game with Vega Junior High here.

The team will then meet Lazbuddie Junior High, there, Sept. 22; Vega Junior High,

there, Oct. 6; Happy Junior High, there, Oct. 13; Booker T. Washington, here, Oct. 20; Lazbuddie Junior High, here, Oct. 27; and Booker T. Washington, there, Nov. 3.

All Junior High games begin at 6:30 p. m.

## 3 Students At FB Meet

Three area students represented the Castro County Farm Bureau at the fourth annual Texas Farm Bureau Citizenship Seminar Aug. 9-13 in Waco.

They are Nancy Drerup, daughter of Mr. and Mrs. Ed Drerup of Dimmitt; Rodney Hutto, son of Mr. and Mrs. S. R. Hutto of Hart; and David Harris, son of Dr. and Mrs. J. A. Harris, also of Hart.

Purpose of the four-day school was to better acquaint the high school student with the American system and way of life. Emphasis was placed on the economic, moral and social aspects of the American society.

Speaking to the more than 350 attending were: Dr. Clifton L. Ganus Jr., president and head of the department of history and social sciences of Harding College at Searcy, Ark.; W. Cleon Skousen, former FBI agent and chief of police of Salt Lake City; Dr. C. L. Kay, vice-president, public affairs, Lubbock Christian College; and Herbert A. Philbrick, noted author, lecturer and former counterspy for the FBI.

MANY HART business people dressed the part for Hart Day last Thursday, the opening day of the 10-day Diamond Jubilee. Shown here are Bob Reed and Joby Sanders at Harris Lumber.

## LETTERS TO THE EDITOR

Dear Bill:

Enjoyed the last week's Hart Beat a whole heap, was quite a chore I know, but it seems you had wonderful co-operation.

Many years ago when I first started working for the paper I always had hopes of Hart being able to support its own paper, and I can say again I enjoy the news.

If each patron had to try for one week to find news in Hart for a paper, am sure they would be more thoughtful in turning news in.

We like to know what our neighbor has been doing and going, well, our neighbor likes to know the same about us, so turn in your news.

Again thanks for last week's paper.

Myrt Loman

Dear Bill,

Enclosed is 30¢ for the Hart Beat.

Please send to :

Mrs. Lucille Anderson  
4601 Cherokee Trail  
Amarillo, Texas

She taught at Hart in the 30s - I'm sure she shall enjoy the "Diamond Jubilee Edition"

I think it is great!

# Jacks-Robertson Vows Solemnized Here Saturday

Miss Paula Carol Jacks became the bride of Roy Lynn Robertson in a ceremony performed at the First Baptist Church of Hart Saturday at 8 p. m.

Miss Jacks is the daughter of Mr. and Mrs. E. J. Jacks of Hart and Robertson is the son of Mr. and Mrs. Roy Robertson of Littlefield.

The Rev. Dinzel Leonard, pastor, performed the single ring ceremony. Music was by soloist, Miss Barbara Inscore, accompanied by Miss Patricia Richburg.

Escorted and given in marriage by her brother, Jimmie Jacks, the bride chose a street-length dress with shoulder-length veil. She carried a bouquet of white carnations with yellow streamers atop a white Bible.

Serving as bridesmaid was a niece, Miss Debbie Thornton of Littlefield. She was attired in a yellow sheath dress and carried a single white rose bud.

**ATTORNEY GENERAL RULES**  
--State Supreme Court chief justice may assign retired appellate court judges to duty on courts of civil appeals in case of vacancy or disqualification, Attorney General Carr has ruled. Assignment would be terminated to return to duty of regular judge.

In other opinions, Carr concluded that:

Alien employees of Texas colleges, their husbands, wives and children, are entitled to resident tuition rates in all state institutions of higher education.

Auto certificates of title laws do not permit creation of a joint estate with rights of survivorship out of community property.

Victoria County school superintendent has general supervision over independent school districts of less than 500 scholastics in county.

No credit union may serve as a depository for another credit union.

**VISIT NELSONS**

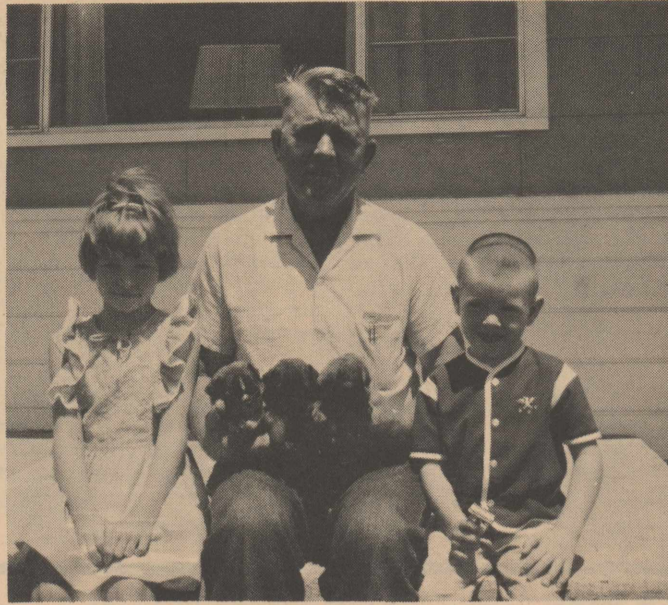

Arlean and Mark Latham of Tulia spent the weekend in the David Nelson home.

Danny Stewart of Littlefield served as best man.

For her daughter's wedding, Mrs. Jacks chose a cream embroidery dress and Mrs. Robertson wore a yellow linen sheath. They each had corsages of white carnations.

Following the ceremony, a reception was held in Fellowship Hall of the Church. Miss Debbie Thornton registered the guests, and presiding at the bride's table serving cake and punch were Mrs. Al Irons and Mrs. Thornton.

After a brief wedding trip to Six Flags, the newlyweds will make their home in Littlefield where the groom is associated in the garage business with his father.

PET OF THE WEEK--Boston terrier puppies owned by Lester Richburg, center, are enjoyed by grandchildren, Tanna Sue and Todd, children of Mr. and Mrs. Gene Richburg of Lubbock.

**WATER SPORT RECORDS** -- The 1966 summer vacation season seems destined to go into the records as setting a new high for water recreational deaths and for establishing an amazing boating-skiing safety mark.

In a two-week study by the Parks and Wildlife Department, it was pointed out that during that period, 14 persons drowned in Texas, but none was a result of boating or skiing. Nine of the deaths were attributed to bathing accidents, and four were blamed on fishing.

Death toll for the season was increased to 181 and the total for the entire summer of 1965 was 200. So, with a month of vacation time left, the department figures this year's death count will surpass last year's by a substantial margin.

A spokesman for the department said that the new law passed by the last Legislature had cut boating-skiing accidents.

### Farm Bureau Tire Program Offered Here

Castro County Farm Bureau has entered into an agreement with the Texas Agricultural Service Company of Waco, a recently incorporated, wholly-owned subsidiary of the Texas Farm Bureau, to set up a retail tire sales program for its members, according to James L. Proffitt, local county Farm Bureau president.

General Tire and Rubber Company of Akron, Ohio, is manufacturing tires for TASCO under the exclusive brand name "SAFEMARK". Several other state Farm Bureaus are already marketing the "SAFEMARK" tire which is produced at the GT&R Waco plant.

All standard sizes in the premium deluxe grade of passenger car tires and first-line premium truck and tractor tires will be offered Castro County Farm Bureau members, Proffitt said.

S & S Tire and Battery, located at Hart, has been named the authorized Farm Bureau tire servicing agent for the county.

"This is strictly a service-to-member program, instituted to help cut costs of production and thereby increase net income of our members," the county FB leader explained. "Sales will be restricted in order to prevent buying through the program for commercial use by anyone other than farmers or ranchers."

Wheat farmers were reminded that no diversion program will be in effect for the 1967 wheat crop. Wheat program participants will be able to qualify for domestic marketing certificates and price-support loans.

Charley E. Hill, secretary Agricultural Stabilization and Conservation Castro County Committee, said that is particularly important for farmers

with small wheat allotments to remember that diversion payments are no longer available. Many of these farmers have been diverting all or a part of their wheat-allotment acres for payment in recent years; however, no income can be derived from the wheat program in 1967 unless the crop is planted.

Hill pointed out that wheat growers participating in the 1967 wheat program will again be guaranteed full parity on the part of their wheat crop which is allocated for domestic food use. For each participating farm, this will be the projected production on 40 percent of the wheat allotment.

The domestic marketing certificates, available on this "domestic" wheat, will be valued at the difference between full parity as of July 1, 1967, and the \$1.25 loan value announced for the 1967 crop. (The certificate value for the 1966 crop is \$1.32 per bushel.) The regular price-support loan will be available on all the wheat produced on a participating farm (except extra wheat produced under the "excess wheat" option).

The increased national wheat allotment acreage for the 1967 crop is expected to increase wheat-producer income by from \$75 million to \$100 million (because of increased marketings) in 1967.

Complete details of the 1967 wheat program have not yet been announced, but eligibility to participate in the program undoubtedly will include filing an application indicating performance intentions under the program. The sign-up for the 1966 wheat program was held in the early months of 1966.

**Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT**

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.**

SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot; and proclamation and publication.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

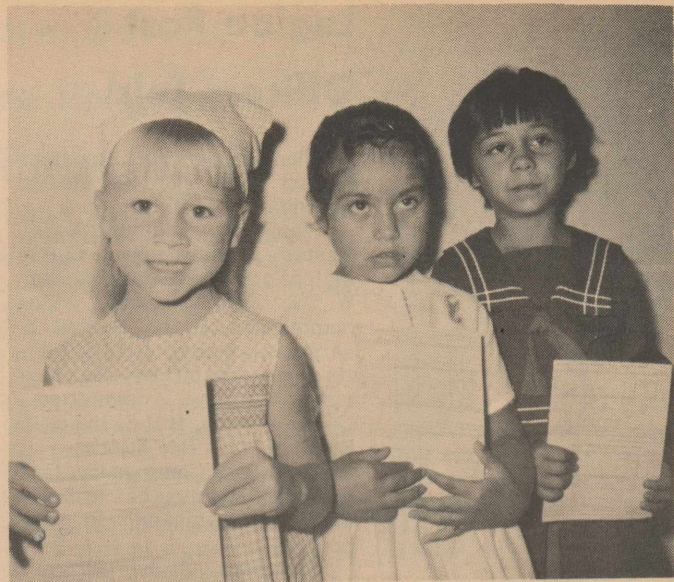

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

FIRST GRADERS--First graders are shown holding registration cards which will be filled out during early registration Aug. 25 from 9 a. m. to 2:30 p. m. **NUMBER EIGHT ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 24 proposing an amendment to Article VI of the Constitution of the State of Texas by adding a new Section thereto, Section 2a, to provide for voting on electors for President and Vice President, and on all state-wide offices, questions or propositions by persons qualified to vote in this State except for meeting county or district residence requirements, and to provide for voting on electors for President and Vice President by otherwise qualified United States citizens who have moved into or out of the State preceding a presidential election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article VI of the Constitution of the State of Texas is amended by adding a new Section thereto, Section 2a, to read:

"Section 2a. (a) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide a method of registration, including the time of such registration, permitting any person who is qualified to vote in this State except for the residence requirements within a county or district, as set forth in Section 2 of this Article, to vote for (1) electors for President and Vice President of the United States and (2) all offices, questions

or propositions to be voted on by all electors throughout this State.

"(b) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide for a method of registration, including the time for such registration, permitting any person (1) who is qualified to vote in this State except for the residence requirements of Section 2 of this Article, and (2) who shall have resided anywhere within this State at least thirty (30) days next preceding a General Election in a presidential election year, and (3) who shall have been a qualified elector in another state immediately prior to his removal to this State or would have been eligible to vote in such other state had he remained there until such election, to vote for electors for President and Vice President of the United States in that election.

"(c) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide for a method of registration, including the time for such registration, permitting absentee voting for electors for President and Vice President of the United States in this State by former residents of this State (1) who have removed to another state, and (2) who meet all qualifications, except residence requirements, for voting for electors for President and Vice President in this State at the time of the election, but the privileges of suffrage so granted shall be only for

such period of time as would permit a former resident of this State to meet the residence requirements for voting in his new state of residence, and in no case for more than twenty-four (24) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment permitting persons qualified to vote in this State except for the residence requirements in a county or district to vote for Presidential and Vice Presidential Electors and for all state-wide offices, questions or propositions, and permitting citizens of the United States recently arrived or departed from the State to vote for Presidential and Vice Presidential Electors."

"AGAINST the Constitutional Amendment permitting persons qualified to vote in this State except for the residence requirements in a county or district to vote for Presidential and Vice Presidential Electors and for all state-wide offices, questions or propositions, and permitting citizens of the United States recently arrived or departed from the State to vote for Presidential and Vice Presidential Electors."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

**NUMBER SIX ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 37 proposing an Amendment to Article III of the Constitution of the State of Texas by adding thereto a new section, Section 51-d, so as to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen; providing for the necessary election, form of ballot, proclamation, and publication. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding Section 51-d to read as follows:

"Section 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State on the first Tuesday after the first Monday in November,

1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen."

"AGAINST the Constitutional Amendment providing for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties using voting machines, the above provision for voting, for and against this Constitutional Amendment, shall be placed on said machine in such a manner that each voter may vote on such machines for or against the Constitutional Amendment.

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this State.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 33 proposing an Amendment to Section 6, Article XVI, Constitution of the State of Texas, to authorize state participation in programs financed with funds from private or federal sources and conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities for assisting the blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

"(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitation and restoring the handi-

capped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitation and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies au-

thorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

"AGAINST the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds, obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

## 'Undesirable' Varieties Named

Thirty-nine varieties of wheat have been designated by the U. S. Department of Agriculture as undesirable for price support purposes under the 1967 crop wheat price support program.

All are listed as "undesirable" because of inferior milling or baking qualities, either in general or because some may be grown in areas where a variety is not compatible with other predominant varieties, such as Gaines when grown east of the continental divide.

Announcement of undesirable varieties is being made so farmers can plan their 1967-crop year operations. Such varieties will not be eligible for premiums and will be discounted 20 cents per bushel in the price support loan and purchase rate for 1967-crop wheat.

Varieties named undesirable for the 1967 wheat price support program, by class, are:

**HARD RED WINTER**--Blue Jacket, Cache (except in Utah and Idaho), Chiefkan, Cimarron, Early Blackhull, Kanking, Kharkof MC-22, New Chief, Pawnee Sel. 33, Purkof, Red Chief (including White Seeded Red chief), RedHull, Red Jacket, Stafford, Wasatch (except in Utah and Idaho), and Yogo.

**HARD RED SPRING**--C. T. 231, Gasser, Henry Kinney Lathrop, Premier, Progress, Russell, Sprinkcota, and Sturgeon.

Folks At Farmers State Bank In Full Regalia For Jubilee

**WHITE**--Gaines ( when grown east of the Continental Divide ), Fiftyfold, Florence, Greeson, Rex, and Sonora.

**SOFT RED WINTER**--Kansqueen, Kawvale, Nured, and Seabreeze.

**DURUM**--Golden Ball, Pelliss, and Pentad.

These varieties and exceptions were designated by USDA's Agricultural Research Service after consultation with State Agricultural Experiment Station personnel, agronomists,

cereal chemists, and others on State and Federal staffs.

The undesirable varieties are designated nationally except for Cache, Gaines, and Wasatch.

Representatives of Crop Improvement associations support this action to help improve the overall quality of U. S. wheat production.

The USDA urges farmers to seed only those varieties recommended by State extension services on the basis of experiment station results and practical experience.

Program regulations for

1967, as in the past, will continue to require the producer to certify production of undesirable varieties based on his knowledge of the varieties seeded and harvested. Because wheat varieties are difficult to determine from threshed samples, USDA in certain instances may require additional information in support of the certification.

KITCHEN  
KORNER

BY LELA GALLION

The cool nights are really welcome after so many with the temperature so high. But our part of the country has suffered quite a loss from the hail, high winds and lightning.

APRICOT NECTAR PUDDING serves 6 ....children love this one.

1 T. unflavored gelatin  
1 T. lemon juice  
1 T. water  
3/4 c. apricot nectar, heated  
3/4 c. apricot nectar, cold  
1/2 c. whipping cream  
3 T. chopped walnuts  
1/2 c. diced fig bars

Soften gelatin in lemon juice and water. Pour heated nectar over gelatin and stir until dissolved. Add cold nectar; chill mixture until thick. Whip cream until thick; fold into gelatin mixture, along with walnuts and fig bar bits. Turn into mold and chill until firm. Unmold on platter to serve. Top with additional whipped cream.

FRUIT SALAD DRESSING about 2 cups  
...not too sweet...not too bland  
8 marshmallows, diced  
10 maraschino cherries, chopped  
1 pint commercial sour cream  
Beat together until well mixed. Chill before serving.

CHEESE PIE ROYALE  
Crust:  
20 graham crackers  
1/4 c. butter, melted  
2 T. sugar

Filling:  
2 eggs  
1/2 c. sugar  
3/4 lb. Phila. Cream Cheese  
1/2 tsp. vanilla

Top of Pie:  
3/4 pt. sour cream  
2 T. sugar  
1/2 tsp. vanilla

Lions Discuss  
House Numbers  
At Meeting

Alford's Cafe was the meeting place of the Hart Lions Club Aug. 8 at noon.

Members discussed the house numbers to be installed by the Boy Scouts. Bob Reed showed the numbers that are ready for installation. Lion Boss appointed Ed Harris as chairman and Stewart Newsom and John Holloway on a committee to determine the number of houses in each block.

Those attending the regular meeting were Joe Bailey, O. D. Dinwiddie, Ed Harris, W. A. Hawkins Jr., Richard Franks, Kenneth Lambert, Wade Mills, Stewart Newsom, Bill Rich, W. T. Sanders, W. M. Kunkel, Lowell Richburg, Joe Newman, Bob Reed, Dewayne Brown, John Holloway, David Willis and Marihelen Willis.

Have all ingredients at normal room temperature (70 to 75 degrees F.). Preheat oven to 375 deg. (moderate). For the Crust: Crush and roll together the graham crackers, adding melted butter and 2 T. (level) sugar. Filling: Beat eggs thoroughly at No. 6 speed adding 1/2 cup sugar. Add Cheese (room temperature) add vanilla, mixing ingredients thoroughly at No. 6 speed. Place crust of normal thickness in pie tin, adding filling to depth allowing for sour cream top of about 3/8 inch thickness. Sprinkle cinnamon on top of filling. Bake about 20 minutes at 375 deg. F. Allow to cool, then add top. Top of Pie: Mix at No. 6 speed, sour cream, 2 T. sugar and 1/2 t. vanilla. Cover filling with "top" to crust level, baking 5 minutes (only) at 400 deg. F. Allow pie to cool, placing in refrigerator to chill before serving.

Three Hurt  
In Accident

Pickups driven by David Nelson and Freddie Lilly collided on a country crossroads near here Monday about 2 p.m.

Nelson suffered a cracked vertebra and was taken to Plains Memorial Hospital, Dimmitt.

He is expected to be released this week.

Lilly is in Northwest Texas Hospital in Amarillo under observation.

With Lilly in the pickup was his son, Kevin, who suffered cuts and bruises.

Rene Brooks Tells  
Of Trip To Mexico

BY RENE BROOKS

From the time of my arrival in Mexico City on June 16, until my return to Lubbock on Aug. 2, I experienced one of the most memorable and marvelous times of my life.

When I reached Mexico City it was raining, just a slow dreamy type of drizzle. It was night, and the lights stretched for miles in every direction. M. C. is an enchanting town, from the beautiful homes and surroundings of San Angel to the dirty, narrow streets of the slums and of old downtown Mexico City.

The newer sections of town are as modern and commercialized as any metropolitan town in the states. The streets are always busy, little compact cars scurry in all directions, narrowly escaping accidents. The first two or three days I was sitting on the edge of my seat, knowing that any minute, our taxi would collide with a huge bus.

People of all sizes, shapes, and forms crowd the sidewalks. When you go shopping it's like a rat race, yet it's so different you can't help but enjoy it.

As a whole, the people of Mexico are the friendliest and most hospitable of any place I've ever been. Many times, the people would go extremely out of their way to help us. They are deeply concerned with your comfort, your health, and your pleasure. They will go to any amount of trouble to see that you are enjoying yourself.

Almost all Mexicans look at the U. S. as a place of wealth and beauty. There seem to be no hard-feelings or prejudices at all. Americans are more like celebrities than anything.

For six weeks of my life I was treated like a queen, except for a few exceptions. I think the one exception was the washing of my clothes on a built-in scrub-board on the roof. The servants do all of the washing so there is no need for washing machines. Only they didn't do ours, we did.

I stayed in the home of Senora Maria Eugenia Vinas with seven other girls. Four of the girls were from New Orleans, La.; two were from Lampasas, and my roommate was from Honolulu, Hawaii. Her name was Florence Fukushima and she was Japanese.

This home was a quite large one and very fine also. Our house was a three-story one as most of the homes are. They cover little ground space because Mexico is so crowded.

The food of Mexico is a lot like the food here, just cooked differently. It was very good-- at least I thought so.

I had a class at 8 a. m. Therefore another girl and I had to be on the corner trying to catch a taxi by 7:30. Sometimes we would catch one quickly and sometimes it would be 8 and after before we flagged one down. At first, I was worried when I couldn't get to class on time, but my teacher said not to think a thing about it because sometimes it was next to impossible to get anywhere on time in Mexico. That's the truth too. The people have no conception of time. They're easy-going and worry very little, but they have a wonderful life and live it to the hilt.

My class lasted until 9:15. I then had a break until my 10:40 class, which lasted until 11:55. I then waited until 1:15 p. m. for the other girls to finish class so we could all go home together.

Dinner was at 2 p. m. and what a meal! They stuffed us

until we were ready to burst at the seams. After dinner, we either did our lessons, went shopping, or maybe sightseeing.

There are many, many markets in Mexico, where you can buy just about anything.

Supper was served at 7:30 p. m. After it, we might do any number of things. As every Mexican, we engaged in their bright night life, of dancing, dining, and partying. The Mexican people love to party. It's just another part of their life and it's not wild or unruly as a lot of you may think.

Mexico City has some of the best museums and art galleries in the world. The history and culture of Mexico is amazing and the Mexicans are very proud of their heritage.

Beautiful cathedrals rise in all parts of the city. Elaborate altars of gold, with colorful murals, and high-beamed ceilings made up the majority of churches. I think it should be brought to all Americans attentions, that in a city where the poor make up a huge minority, it is famed for its elegant and expensive cathedrals. These cathedrals are built from church funds.

The public parks are numerous and enjoyed by all. It's "muy bonito" the only place that children can play, besides in the streets, because of the lack of yard space.

Senora Vinas was like a second mother to all of us girls. She kept a close-eye on our activities and escorts to make sure they were proper and correct. Our dates had to be chaperoned; two girls, one boy; three girls, two boys; and so on. At first it seemed strange but we got used to it and it didn't bother us at all. Senora Vinas was a marvelous person, and should be recommended for her unselfish concern and love for us girls.

The majority of the students from the college went to Acapulco over the 4th of July weekend, and so did I. Acapulco is much more Americanized than Mexico City as can only be expected, because of the "jet set". It is really as beautiful as all the pictures you may have seen of it, an ideal place for a vacation.

I also visited the surrounding towns of Pueblo, Taxco and Cernevaca, where I saw a little of everything. The pyramids was another site I saw and also climbed, and believe me, it was a hike.

I've always believed that a person could add greatly to his character by such an experience, and now I know it to be true. This doesn't necessarily mean educational wise, even though it does this too.

Just from my brief visit with the cultures and ways of life of the Mexican people, I believe I have opened a new door for myself, a door which has not only helped me to be more understanding toward a race other than my own, but taught me many things of life itself.

Test Plots At David Nelson Farm

## Milo, Miss Grain Sorghum To Feature DeKalb Field Day

A question to area farmers only.

If you had your choice, would you rather ---

See a pretty field of almost 2,000 grain sorghum hybrids grown under almost perfect conditions?

Or meet a pretty girl of almost perfect proportions who recently was named Miss Grain Sorghum of the Nation?

You'll have an opportunity to do both Aug. 30, when DeKalb plays host for a field day at the David Nelson farm.

If those two features aren't enough to hold your interest, here's another: DeKalb is putting on a free barbecue at noon that day.

The field day is, of course, designed to show off DeKalb's program of research, and the efforts the company puts forth before hitting the market with its hybrid sorghums.

Guided tours will be held at 9:30 a. m. and 1:30 p. m., with the barbecue sandwiched in between.

Linda Morris, 19-year-old coed from Ulysses, Kans., will be on hand to greet visitors. The new Miss Grain Sorghum of the Nation is a chestnut-haired beauty (35-24-35 1/2) from the University of Kansas.

Main Speaker at the event will be R. F. Holland, the company's research director from De Kalb, Ill.

Site of the field day is 10 miles north and two east of Olton, and four miles south and two east of Hart.

It was located there, on the Nelson farm, because the area has similar soil, water, altitude and growing conditions as the three leading grain sorghum producing counties in the country--Castro, Parmer and Hale.

Dr. Bruce Maunder DeKalb's director of sorghum research, says there are 1,811 different hybrids under test at the location. Some 1,298 of these are being observed for the first time, and 513 others are replicated in eight different yield trials.

"This is the sorghum area of the United States," said Dr. Maunder, with emphasis on the word, "the".

DeKalb also has put a lot of emphasis on its tests at the Nelson farm. In all the company has 39,000 rows of tests in three states, for a running length of about 200 miles.

About 6,000 of these rows are in the test plots at the Nelson farm. All of the rows were hand-thinned after planting, says Dr. Maunder, in speaking of the care which is shown in the yield tests.

Also under test, besides yield possibilities, are narrow row spacing and new cultural practices.

"Our objective is to evaluate all the hybrids under favorable conditions, in pullman type soil, after five waterings and appli-

## Laymen's Retreat At Ceta Canyon

Laymen's Retreat has been scheduled this year to be held at Ceta Canyon Aug. 19-21. The program will begin with registration and swimming at 3 p. m. Friday, Aug. 19.

Supper will be served at 6 p. m., followed by a song service at 7:30 p. m., led by Homer Garrison. A sermon by Dr. Gordon Gould, Methodist minister from Alaska, will be given at 8:15 p. m. Dr. Gould is the principle founder of Alaska Methodist University at Anchorage.

Other devotionals and sermons will be given by W. A. Appling, H. S. (Herb) Allman, C. K. Alexander and Lyle Defebach.

Regular fee is \$9.00. Air-conditioned dorms will be available to early arrivals at \$1 extra. Everyone should bring bedding, sheets, blanket, towels and personal things.
