OUTSTANDING PLAYERS for Hart in the Longhorn victory over Kress B were Larry Parker, 82; Bob Crick, 21, George Ed Bennett, 31; Andy Rodgers, 62; and Tommy Gonzales, 42. The Horns take on a strong Happy team here Friday night.

Hart Host To Happy In First District Tilt

The Hart Longhorns of Coach Don Ewing, already assured of their best season in four years, open District 1-B play here Friday night when they meet the Happy Cowboys. Game time is 7:30.

The Longhorns have won three ball games, lost one and tied one as they tangle with the pre-season favorite of the district race.

However, Happy has been having its troubles lately, dropping its game last Friday night to Claude, 23-0.

The Cowboys opened the year with a 14-0 victory over Turkey, a team which Hart tied, 8-8. Then the Cowboys won over tough Bovina before falling to Silverton, 14-6, and Kress.

Silverton edged the Long-

horns, 14-8, for the only loss on the Hart season slate.

Hart has notched victories over Hereford B, Muleshoe B and Kress B.

The Happy team will go into

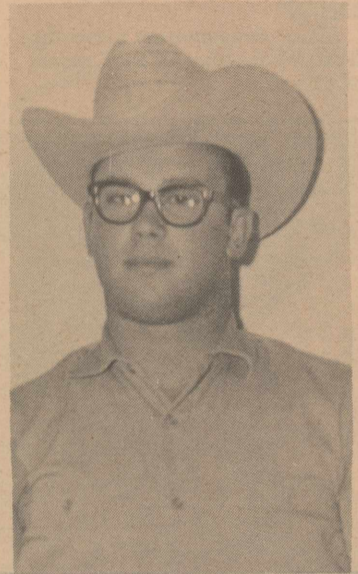

Friday night's game as the favorite, but the Longhorns have proved to be a scrappy outfit even against bigger foes and they hope to surprise the Cowboys.

Ed Owsley New Officer

Hart's first city marshal, Ed Owsley, moved here this week from Albuquerque, N. M.

He and his wife, Jeanette, have one child, Shane. They are members of the Baptist Church.

Owsley was formerly employed by American Linen in Albuquerque.

POSTAL TIPS GIVEN

General information and mailing periods for Christmas cards and parcels going overseas to members of the armed forces were announced this week by Postmaster Brooks.

Period for airmail parcels is Dec. 1 to Dec. 10. For other mail, designated period is Oct. 21 to Nov. 10.

She said that the term, "armed forces overseas," includes personnel of the armed forces, members of their families and authorized U. S. civilians employed overseas who receive mail through an APO, New York, N. Y., San Francisco, Calif. or Seattle, Wash.; through Fleet Post Office, New York or San Francisco; or through Navy Post Office, Postmaster, Seattle.

She also noted that gift parcels, weighing not more than five pounds and measuring not more than 60 inches in length and girth combined, and addressed to members of armed forces in Vietnam, will be provided air-lift service from San Francisco, even though only postage at the surface rate is paid.

Other mailing advice offered by the postmaster includes the following:

PACKAGING -- All articles should be placed in boxes of wood, metal, solid fiberboard, or strong double-faced corrugated fiberboard. All fiberboard boxes should be securely wrapped in heavy paper which materially strengthens the package. Each box should be well tied with strong cord. Sufficient cushioning material should be used to prevent any loosening of articles within the package. Unless tightly filled, boxes are likely to be crushed. A slip showing list of contents and the name and address of the sender and the addressee should be enclosed in the parcel.

PROHIBITED ARTICLES -- In addition to the articles normally prohibited in the mail, matches of all kinds and lighter

fluid may not be mailed to overseas military addresses. Cigarettes, other tobacco products, coffee and various other items are prohibited in parcels addressed to some military post offices. Check on this with the post office before preparing your parcel for mailing.

POSTAGE -- The domestic rates of postage are applicable and postage must be fully prepaid. When fourth class or air parcel post rates are applicable, the zone rate from the post office where mailed to the post office through which the parcel is addressed will be charged. Example: mailed at Hart, addressed through San Francisco with destination overseas -- postage will be charged from Hart to San Francisco, only.

ADDRESSING -- Addresses must be legible and complete and should be prepared by typewriter or pen and ink.

Blue Flame Home On Display Here

A spacious Blue Flame home at 605 Avenue B in Hart will be shown Sunday from 1-5 p.m., it was announced this week by Pioneer Natural Gas Co. and Ed Harris Lumber Co., the builder.

Designed for year-round livability, the home has a family room, all-gas kitchen and

dining area, utility room, three bedrooms, one and three-quarter baths, and double garage.

Some of the gas features are Koolwall bathroom heaters, Charmglow gas lights and barbecue, Universal Chef range, gas dryer accommodations, and gas heating and cooling.

The exterior is of Hereford textured brick and a ceramic tiled entry greets the visitor. The family room just off the entry has luxurious carpet.

Nearby is a wide open kitchen-dining area, with cabinets and wainscoting of maple.

A utility room with a pantry and three-quarter bath open off the kitchen.

The three bedrooms are carpeted and feature large, walk-in closets. A full bath also is located in this area.

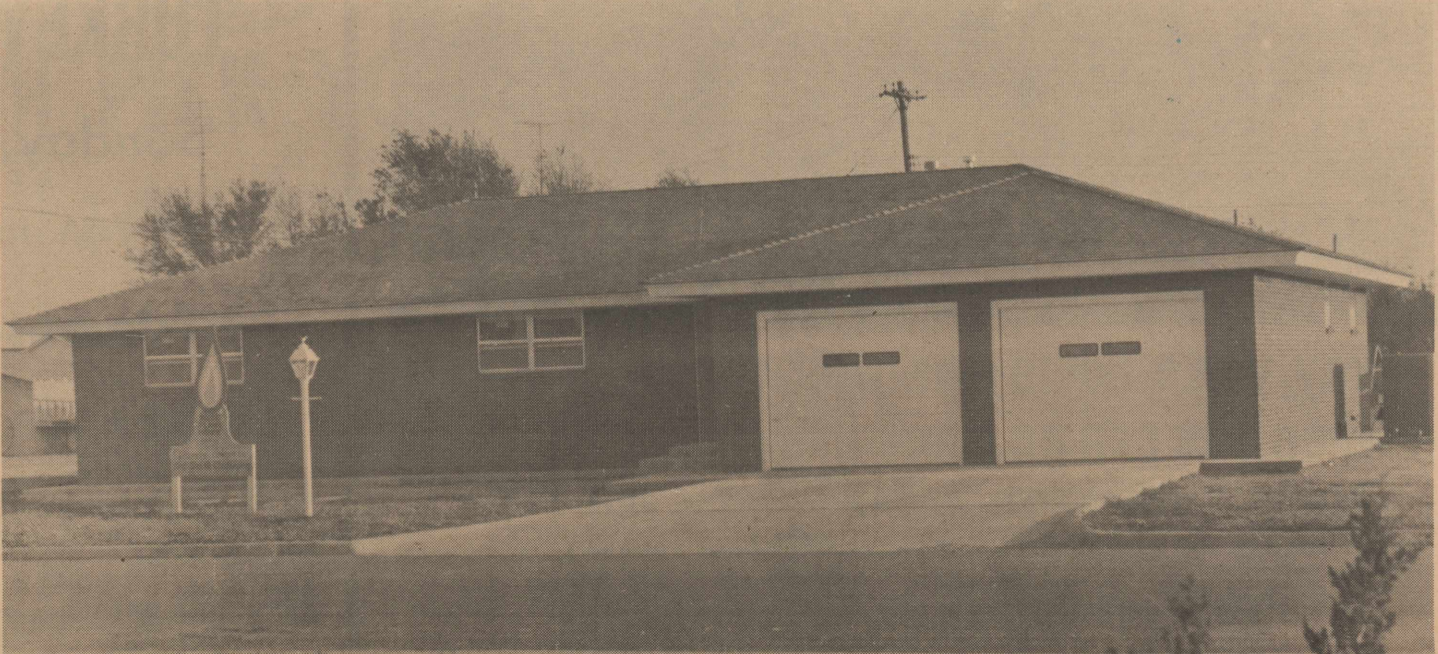

The public is invited to see the new home between 1-5 p.m. Sunday, Oct. 16.

Trap Shoot Set Sunday

A trap shoot, sponsored by Hart Lions Club, is set Sunday Oct. 16 from 1 to 7 p. m. at the Edmonson Trap.

A Browning automatic shotgun will be given away at 4:30 p. m. Other prizes will also be given.

In case of bad weather, the shoot will be postponed one week.

NEW BLUE FLAME HOME TO BE SHOWN SUNDAY

Bus Charter Discussed

Hart Booster Club met Tuesday, Oct. 11 at 8 p. m. at the school lunchroom.

The group discussed the charter of a bus to go to Texline to the football game. It was decided to charter a bus, if enough were interested. There is a need for 40 passengers at \$7 each to warrant the charter of such a bus.

The bus would leave Hart at 3:30 p. m. Friday, Oct. 21. Interested persons may call Willis A. Hawkins Jr.

The group also voted to sell "Trick or Treat" candy, which are available at the bank or may be purchased at football games for \$1 per bag.

Membership to the club is still available.

THREE YEARS AGO IN HART

Carol Nivens, daughter of Mr. and Mrs. Wes Nivens, was crowned Homecoming Queen Friday night at the Anton-Hart football game.

Joe Percy Hart brought in the first bale of cotton in the Hart area to the Hart Producers Co-op Gin.

Longhorn's player of the week in the Kress contest was Carl Ward.

Hart cheerleaders are Connie Bailey, Konnie Bowden, Rene Brooks, Betty Gaylon and Suzanne Constant.

Kathy Alexander took top money in the Hart Beat football contest this week.

The Hart Fire Department, in conjunction with Fire Prevention Week, will make an inspection of the schools here Friday and youngsters with the best posters will be rewarded.

STATE CAPITAL HIGHLIGHTS

AG OPINIONS -- Atty. Gen. Waggoner Carr has held that a county may provide ambulance service for its citizens under the authority given counties to spend public money on public health services.

In another opinion, Carr said that the Department of Mental Health and Mental Retardation may join forces contractually with the Texas Education Agency to initiate and supervise "half-way houses" to help restore mental retardates to society.

Carr also held that children with only a language skill deficiency do not legally qualify as "exceptional children," so no special classrooms may be set up for them.

MOTION FILED -- Attorneys General for Texas and New Mexico have filed a motion with the U. S. Supreme Court for permission to file a complaint against Colorado for insufficient releases of Rio Grande water.

Motion was filed by Attorneys General Carr of Texas and Boston Witt of New Mexico for alleged violations of Rio Grande Compact providing for releases of water to the two states to the South. Proposed complaint says Colorado has withheld 939,900-acre-feet of water, as of Dec. 31, 1965.

Vietnam Letter

(EDITORS NOTE: The following is a letter to the Joe Newmans received from Royce Talley in Vietnam.)

Dear Newman Clan,
Hi!

It was really good to hear from all of you again and to find out some of the local news.

If you see Mrs. Height and are able to stop her say hello and congratulate for me. I'm glad she's doing so well and hope they can continue the same.

We've finally started the monsoon season here, at least it seemed that way today when it poured most of the day. I tried to keep out of it as much as possible but didn't have too much luck.

I'm, as of today, an official school teacher for our battalion radio school. I've always wondered how it would be to try and teach someone anything and I finally got my chance today. Mostly what I teach is procedures and security of communications, and it's pretty interesting to teach.

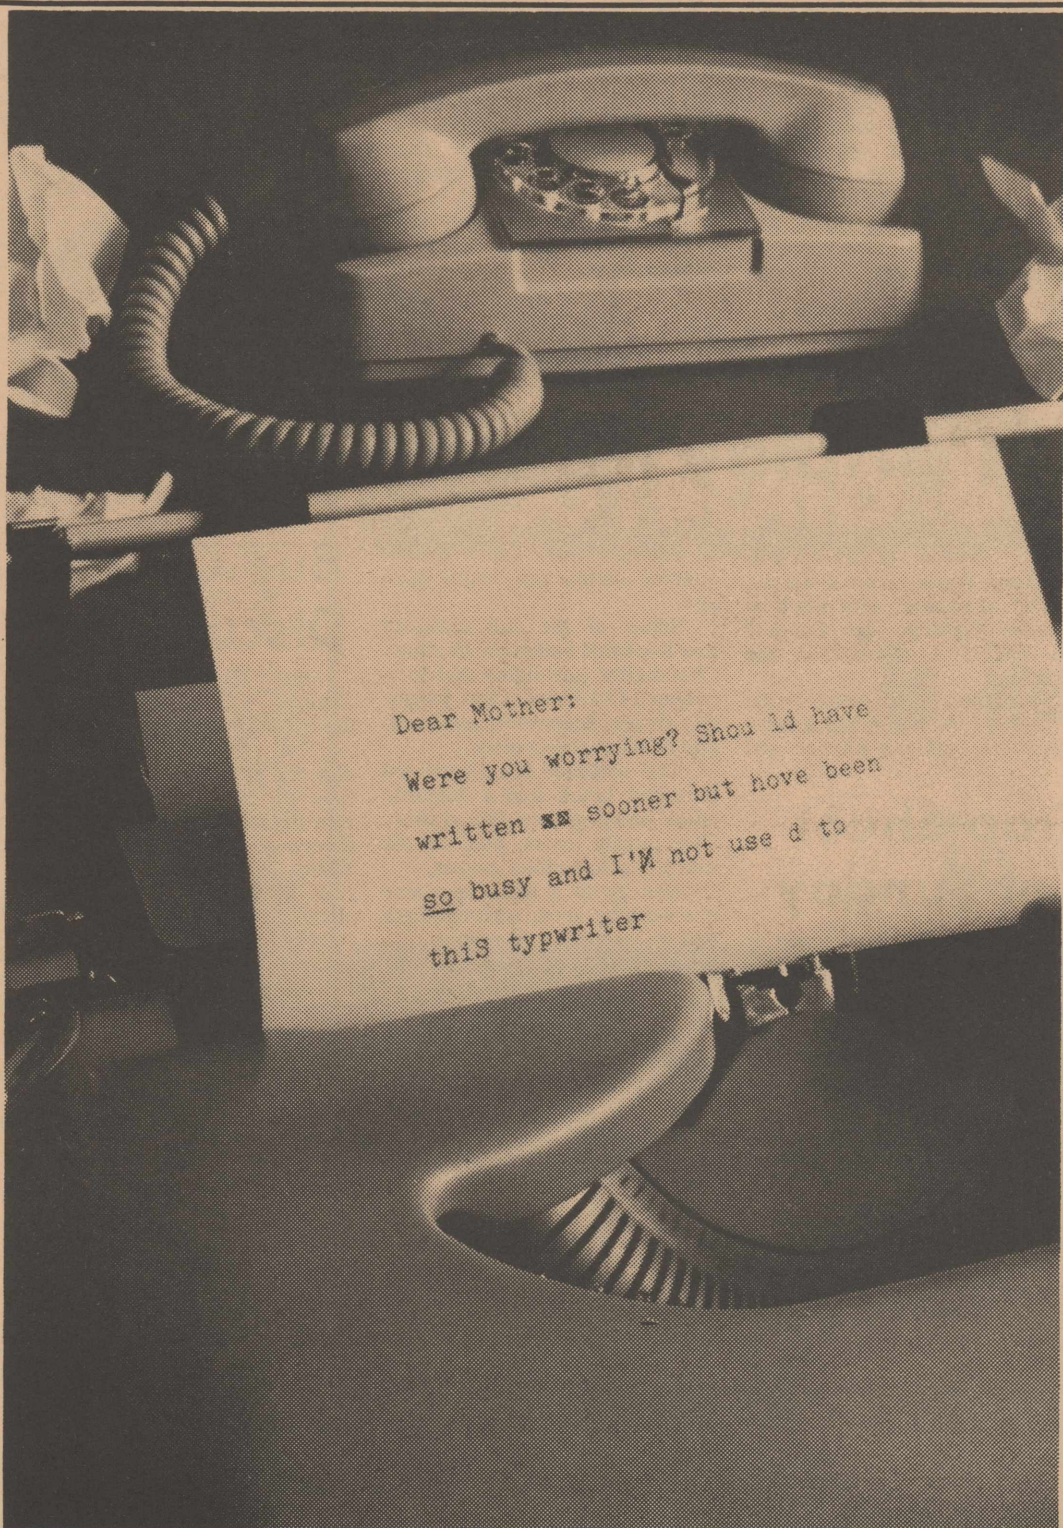

Since I wrote you last someone saw fit to give me another stripe and promote me to corporal. If nothing else it makes a large difference in my pay check.

I'd sure like to see some of those football games you've been having there this year. I doubt if we'll see too many this season.

Well I suppose I've disturbed you long enough this time so I'll stop for now but please write again, it's always so great to hear from you. Take care.

As ever
Royce

P. S. Please tell me where David Bostick is stationed here, maybe I'll see him.

Dear Mother:
Were you worrying? Shou ld have
written ~~me~~ sooner but hove been
so busy and I'M not use d to
this typewriter

Why write home and wait for an answer when you can be there in person tonight?

Especially with the new low rates effective after 8 P.M.*

*Now station-to-station calls after 8 P.M. cost no more than \$1.00 for 3 minutes. (For interstate calls, more than 220 airline miles within the continental U.S., Alaska & Hawaii excepted. Taxes not incl.) Make that call tonight.

It is getting close to the time to get our packages ready to ship to friends and relatives in the service. Here are a few suggestions of what and how to ship cookies.

Make a soft, moist cookie. Pack them in a three-pound shortening can, lined with Saran wrap. Pack them snugly (they do well in rows on end) and cover with Saran. Then put the lid down tightly and seal it with masking tape. This is important for surface mail to Pacific and/or Korea.

For shipment within the U. S. the heavy boxes that stationery stores get looseleaf binders in make good, firm shipping containers. Pack the cookies flat with wax paper or ploid film layers in between. Be sure they can't slide or shake. 'Applesauce Cookies' is my most successful recipe with the boys for both shipping and eating.

"Surface mail takes quite a while. Airmail costs, usually, more than the contents of the package—but is generally worth it in time saved and gratitude of the recipient."

Suggestions for items to put into servicemen's boxes: "Blondies" (a date cookie), mincemeat hermits or any other cookie which will travel well; fudge, peanut brittle, divinity, or rice crispies candy (which is a special favorite with them); fruitcake either homemade or bakery; gum (assorted), life-saver candies (also assorted), Tootsie rolls or caramels; salted nuts (vacuum-packed) and also nuts in shells (mixed assortment); little boxes of raisins, stuffed dates (homemade variety), and uncooked popcorn which is packed in a lightweight, one-time-use skillet-like container and has only to be heated to pop."

CHOCOLATE SNOWFLAKE COOKIES

- 2 squares unsweetened chocolate
- 1/4 cup melted butter (or salad oil)
- 1 cup granulated sugar
- 2 eggs
- 1 teaspoon vanilla
- 1 cup flour
- 1 teaspoon baking powder
- 1/4 teaspoon salt
- Powdered sugar
- A few chopped walnuts

Before these cookies are baked, the dough is shaped into small balls and rolled in powdered sugar. As they bake the balls flatten, leaving patches of snowy powdered sugar on the surface.

Melt chocolate in butter over low heat, stir in sugar. Beat in eggs one at a time. Add vanilla. Sift flour, measure and sift again with baking powder and salt. Stir into chocolate mixture. Chill for 3 hours. Dampen hands slightly and roll small pieces of the dough between hands to form balls the size of a walnut. Roll balls in powdered sugar and place 2 inches apart on oiled cookie sheet. Bake 10 minutes in 400 degree oven. Makes 3 dozen.

Longhorns Dump Kress 'B' Team In 33-8 Fracas

Scoring the first five times they got the ball, the Hart Longhorns thundered past the Kress B Kangaroos here last Friday night by a score of 33 to 8. Combining a driving offense and a crushing defense, the Horns did not allow Kress to reach Longhorn territory during the first half.

The Kangaroos received the opening kickoff on their own 18 and Dale Chambers got four yards before Tommy Gonzales brought him down. Gary Morgan was stopped for no gain on first down and matters went from bad to worse as the Longhorn defense sent the ball back to the 19 in two tries. A fake kick and run by Terry Harris was stopped at the 19 by Quincy Hawkins and the Longhorns took over.

Tommy Gonzales picked up three and Bob Crick added five more before George Ed Bennett rambled for 11 yards and six points. The extra point kick by Tommy Gonzales was wide and the score stood at 6-0 with only four minutes gone from the first period.

Gary Morgan took Tommy Gonzales' kickoff on his own 18 and got back to the 27 before he was swarmed under. Again the Kangaroos were unable to find running room and were faced with a fourth down at their own 31, still six yards short of a first. Terry Mathis attempted to punt but he was unable to get the ball away before a host of maroon jerseys swarmed over him at the 22.

Bob Crick got five to the 17 and Tommy Gonzales, needing but two tries, bulled his way for the remaining 17 yards and the score went to 12-0 with almost half of the first period remaining. Tommy Gonzales missed again on the point after try and the Horns prepared to kickoff again.

David Hart took Gonzales' kickoff on his own 16 and was dropped in his tracks by George Ed Bennett. Two tries on the ground and an incomplete pass later, the Kangaroos had made only two yards and went into punt formation. Edward Stanley managed to get this one off and the ball rolled dead on the Kress 41.

Bob Crick went for 12 to the 29 and George Ed Bennett added

18 more to place the ball on the 11. An offside penalty against the Kangaroos set the ball on the six with first and goal to go. Bennett slashed to the 2 and Bob Crick rolled on in for another six points to bring the score to 18-0 with a minute and a half remaining in the first period. Tommy Gonzales again missed the extra point try and the score remained the same.

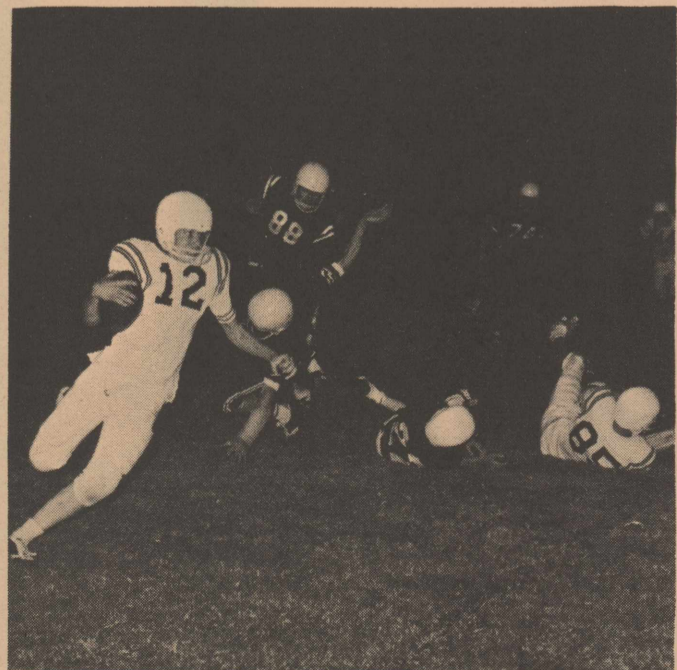

Stanley took the kickoff on his 18 and made it back to the 24 before he was brought down by a swarm of Longhorn tacklers. Stanley and Lowell Don Searsey combined talents to move the ball out to the 34 before a third down pass by Searsey was picked off by W. A. Hawkins at the Kress 47.

Hawkins added three more on first and a pass from Hawkins to Donnie Black was broken up. Bob Crick slashed down to the 34 to keep the drive alive. W. A. Hawkins rambled down the sidelines for another TD but the play was called back because of a clipping penalty. Hawkins attempted to pass to G. E. Bennett but the ball fell incomplete. On second, Bob Crick threw a halfback pass to Larry Parker that carried for 40 yards and another six points with barely one minute gone from the second period. Tommy Gonzales broke the jinx as his point after kick sailed between the uprights and the score stood at 25-0.

The Kangaroos took the kickoff on their 24 and again they could not find the key to the Longhorn defense and were forced to punt from their own 16. Stanley's punt carried to the 35 and W. A. Hawkins brought it back five to the 30.

Joe Quiroz was stopped for no gain. But Quincy Hawkins added another five on second down. Ricky Bennett added one more and Joe Quiroz moved to the 19 for a first down. Danny Rice rambled to the nine to give the Horns another first down. Terry Newman moved to the four and Quincy Hawkins moved in on a quarterback keeper. Danny Rice carried across for the two point conversion and the score stood 33-0 with five minutes left in the second period.

Longhorns On The Move

LONGHORNS

CONTINUED FROM PAGE 8

The Kangaroos took the kickoff at the 27 and Gary Morgan and Ronnie Brown moved Kress out to the 49 before fine defensive work on the part of George Ed Bennett sent the ball back to the 40 as the first half closed.

The Longhorns took the second half kickoff and Terry Newman brought the ball back to the 25 before he was snowed under. The Longhorns, with the second stringers running the show, were unable to move the ball and Quincy Hawkins punted the ball out to the Kress 49.

On the third play of the series, Lowell Don Searsey fumbled and Andy Rodgers recovered for the Horns at their own 42.

This time the Horns were able to move the ball and with Danny Rice, Joe Quiroz, and Quincy Hawkins doing most of the work, moved down to the Kress 41 before being forced to punt. Quincy Hawkins' kick rolled off the side of his foot and out of bounds at the 39.

A pass from Gary Morgan to Edward Stanley carried to the 45 to get the Kanagaroo under way. Two plays later, Lowell Don Searsey rambled to the Hart 33 to set up a first down. Three tries later, Searsey again rambled, this time to the Hart 20. Ronnie Brown moved to the six and Edward Stanley moved in for the score on the first play of the fourth quarter. Searsey's try for the points after was good and the score stood at 33-8.

The Longhorns were unable to move and Quincy Hawkins punted the ball out to the Kress 30.

The Kangaroos, trying desperately to move the ball, went to the air lanes again. On third down Andy Rodgers picked off Gary Morgan's pass and brought the ball back to the Hart 45.

Again the Horns were unable to move and were forced to punt the ball.

The Kangaroos, taking the ball on the 17, could not penetrate the Longhorn defense and were forced to punt, the ball rolling dead at the Hart 21.

The Horns, now engaged in a kicking battle, punted back to the Kress 49. On the third play of this series, Gary Morgan and the ball became separated and Clifford Ray fell on the ball at the Horns 44.

Again the Horns were unable to move the ball and Quincy Hawkins punted to the Kress 20.

Going to the air, the Kangaroos were able to complete three out of four passes and move the ball to the Hart 27 before the final gun sounded.

Larry Parker, Bob Crick, George Ed Bennett, Tommy Gonzales, and Quincy Hawkins

were all outstanding on offense and, along with Andy Rodgers, played outstanding defensive football.

Shorthorns Bow To Booker T

A fourth quarter touchdown spelled the difference here Thursday afternoon as the Hart Shorthorns bowed to Booker T 12-10.

Booker T scored first as Quarterback Larry McCutcheon skirted right end from 12 yards out to give the visitors 6 points early in the second quarter. Booker T elected to try for 2 points on the points after attempt but a pass from Marvin Washington to Tommy Hallman was wide of the mark and the score stood unchanged.

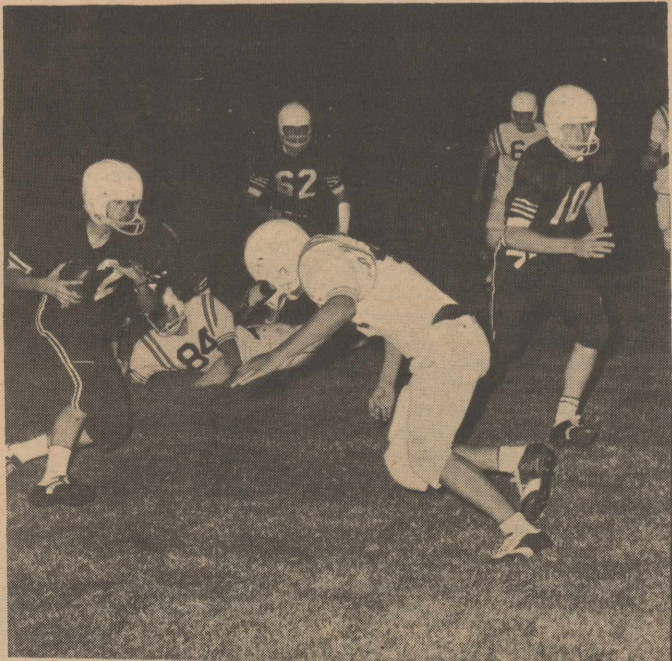

It was late in the second quarter before the Shorthorns were able to get a scoring drive under way. Mark Porter's pass to Landria Bruington carried from Booker T's 20 down to the three. Mark Porter picked up the final three yards on a quarterback sneak. Landria Bruington crashed over on the extra point try to bring the score to 8-6.

The Shorthorn defense stopped a Booker T. drive early in the third period as Ricky Farris intercepted a pass from Larry McCutcheon at the Shorthorn 35.

Late in the third quarter, the Shorthorn defense again went to work, this time adding two points to their score as they trapped the Booker T quarterback in his own end zone for a safety, bringing the score to 10-6.

Then, with less than a minute to play, disaster struck the Shorthorns as Booker T's Larry McCutcheon sped 88 yards for a touchdown. The Shorthorn defense rallied to stop the extra point play but the damage had already been done as Booker T led 12-10.

The Shorthorns were able to get off only two plays before the final gun sounded.

Dee Miller, George Mahon Meeting Held

Dee Miller, the Democratic candidate for U. S. Representative from the 18th Congressional District, and U. S. Rep. George H. Mahon of Lubbock, found in a recent meeting that they had much in common.

Miller resigned the post of 47th district attorney in Amarillo to seek election to Congress.

Mahon was serving as 32nd district attorney at the time of his election to the 74th Congress in 1934.

One subject of discussion between the two men was realignment of Congressional Districts which has seen two counties -- Lamb and Bailey -- moved from Mahon's 19th District to the 18th Congressional District which Miller seeks to represent.

Veterans Land Sale Announced

Land Commissioner Jerry Sadler has announced that a Veteran's Land Board forfeited land sale would be held Nov. 15 in the General Land office.

Sadler said that the delinquencies on veteran contract payments are lower today than at any time in the history of the program. Land prices are higher and the program is making a \$2 and a half million profit per year for the taxpayers of Texas, in addition to helping veterans own a tract of land.

"I pledge to the people of Texas, as I have in the past, that I will give them the best service possible here in the Land Office at the least possible cost to the taxpayers of the state. These sales, such as the one scheduled for Nov. 15, make a few tracts of veterans' land available to successful bidders with financing under the Veterans' Land Program at five per cent down payment for a 40 year contract and payments being made on the contracts semi-annually at a low rate of interest. Those interested in purchasing land should take advantage of this sale," Sadler said.

CARD OF THANKS

We wish to express our deepest appreciation to all our friends, for the food, cards, flowers and comforting words during the loss of our loved one.

STATE CAPITAL Highlights AND Sidelights

AUSTIN, Tex.-- Shape of Gov. John Connally's major legislative goals is beginning to emerge.

He gives high priority to his proposal for a constitutional convention to rewrite the state's basic laws.

Modernization of local governments is essential to state progress and effective management of local affairs. "Functional government by federal guidelines" is the likely alternative to a "renaissance of local responsibility," Connally warned.

Governor outlined a tough, seven-point traffic safety program including driver education for all youngsters, severe penalties for violations of driving laws and a minimum licensing age of 16.

"Without question," he acknowledged, "the 60th Legislature is looking at a raise in our state taxes, but it is impossible to tell exactly how large or how small."

He also ticked off these subjects from his lists of legislative "essentials":

Revision of the penal code and code of criminal procedure; additional sources of revenue for growing cities; substantial salary raises for state employees; continuation of progress in education, tourist and industrial development, community services for the mentally ill and mentally retarded and park system development and improvement.

In discussing streamlining the local government with county officials, the governor declared:

"We cannot progress on a preconceived notion that modernization is politically impossible."

SCHOOL STRETCHOUT URGED-- Texas children ought to start to school younger and stay in school longer. So concludes the State Board of Education in its 16-point legislative program.

Board proposes schooling for five-year-olds, state-supported summer school for all

grades, a study of feasibility of a 10-months school year and seven-hour day, and higher salaries for teachers.

COURTS SPEAK--Texas Court of Criminal Appeals has ordered a new trial for Jack Ruby, who faced a death sentence for the murder of Lee Harvey Oswald, the man the Warren Commission said assassinated President John F. Kennedy Nov. 22, 1963.

Court said Ruby must be tried elsewhere than Dallas, scene of the crime, and concluded that testimony of a police officer concerning statements

indicating premeditation were improperly admitted at Ruby's first trial.

Supreme Court handed down a record 137 orders. Among its decisions were:

*Nov. 30 date was set for arguments on Humble Oil and Refining Company's suit to recover \$73,302 in franchise taxes paid under protest.

*State Board of Insurance rule requiring insurance companies to charge at least six per cent interest on installment premium payments was thrown out.

*Transfer of two small sections of land from Frenship Rural High School District to Shallowater Independent School District of Lubbock County was upheld.

*Court will review dispute of Rio Grande Valley residents over possession of half of a winning \$34,000 Mexican national lottery ticket.

Wheat Research Tests Produce Optimum Yield

Wheat irrigated at germination, joint, boot, head and soft dough stages produced optimum yields and returns in the 1965-1966 wheat irrigation and fertilizer research tests at the High Plains Research Foundation, according to Dr. Earl Collister, executive vice-president and director.

returns. The addition of 60 to 90 pounds of P2O5 produced a significant increase in yield over nitrogen alone at the 80 pound nitrogen rate under all three irrigation methods. The addition of phosphate increased yields sufficiently over nitrogen alone in most treatments to pay for the phosphate cost. This wheat irrigation-fer-

tilizer test will be valuable this year due to the increase in allotted wheat acreage for 1966-1967.

Complete details on the wheat irrigation-fertilizer test can be found in the research report recently sent to all supporting members of the Foundation.

Foundation tests showed that the last or soft dough stage irrigation can be eliminated if adequate rainfall occurs in the latter half of May. For the second consecutive year, the winter irrigation applied in February, to non-grazed wheat was not profitable. The optimum and economic yields of Tascosa wheat, used in the test, were produced with 120 pounds of nitrogen plus 30 pounds of sulfur and/or 60 pounds of P2O5 (phosphorous).

The wheat irrigation-fertilizer study was conducted by Loyd Langford, associate agronomist and Dean Howard, assistant agronomist at the HPRF at Halfway. The protein analysis on these tests was conducted by S. N. Vilm, chief chemist of Producers Grain Corporation, Amarillo. This research was conducted to help growers determine the most timely irrigation schedule and efficient fertilizer level for growing wheat with profitable returns under various farming conditions, Dr. Collister said.

Twelve fertilizer levels were applied preplant in randomized complete block design and replicated four times within each of the three irrigation methods. One hundred pounds of Tascosa wheat seed per acre was planted Oct. 25, 1965 and was harvested June 25, 1966. Under the conditions of the wheat test, sulfur produced high yields and
