The addition to Plains Memorial Hospital would provide space for 20 more patient beds, offices, nurses' school facilities and a laundry.

The hospital district includes all of Castro County.

Firemen Called To Farm Blaze

Olton Volunteer Firemen were called to the J. D. Rodgers farm north of Olton early Sunday morning, where a fire was started by a heat lamp being used to keep two sows and small pigs warm.

Rodgers, who was injured trying to fight the fire, was hospitalized with a cut leg and a nail puncture in his foot, along with numerous bruises.

The sows and litters of pigs were all killed and sheds were completely destroyed.

FIGHT FOR REBOUND--An unidentified Hart player and a member of the Lazbuddie team fight for a rebound in a game last Tuesday. Hart fell 62-43 in the game.

Girls Take Wins

In high school girls basketball last Tuesday and Friday, the Hart girls took two wins, both in district games, as they downed the Lazbuddie Longhorns and the Happy Cowgirls.

In a close game last Tuesday night, the Hart girls handed the Lazbuddie girls another defeat 35 to 33 that remained in doubt until the final buzzer.

The Hart girls had held a commanding lead at the end of the third quarter but were barely able to hang on as the Lazbuddie girls came storming back into the game.

Much of the credit for the victory should go to Linda Popejoy for the fine job she did at guard for the Horns.

Margaret Swindle paced the scoring with 14 points while teammates Sherry Morrison added 11 and Rebecca Futrell got eight.

Friday night, the Horns engaged the Happy Cowgirls in a game that quickly turned into a rout as the Hart Horns stopped Happy 52 to 24.

Sherry Morrison paced the Hart scoring with 19 points and

Cheatham Ranks High At Purdue

Richard Cheatham, son of Mr. and Mrs. H. L. Cheatham of Hart, completed his first semester of graduate work at Purdue University in Lafayette, Ind. with a grade point average of 5.80 out of a possible 6.00.

During his first semester at Purdue, Cheatham accumulated four A's and one B. He is working toward a Master's Degree in Public Address.

Rebecca Futrell added 14 more. Margaret Swindle followed closely with 13 and Josie Sanchez added four while Susie Diaz got two.

The Horns were able to hit an astonishing 80 per cent of their tries from the charity line as they sunk 20 out of 25 shots. Margaret Swindle and Josie Sanchez led in this department as they both rolled up 100 per cent shooting records.

Boys Drop Two Games

In basketball action last week the Hart High School boys dropped both of their games, first to Lazbuddie Tuesday night and then to Happy Friday.

In the Tuesday night game against the Lazbuddie Longhorns, the Hart boys fell 62 to 43.

Bob Crick paced the Horns with 13 points while Rex Henderson added another eight.

Jim Swindle hit for another seven while scoring-ace Tommy Gonzales fell from his usual double figures to five points, and Ricky Bennett added four more.

In the Friday night game against the Happy Cowboys, the Horns again met defeat by the score of 74 to 54. Rex Henderson, a hot shooting freshman who promises much for the years to come, led the scoring for the Horns with 18 points.

Andy Rodgers, another freshman, followed with 11 points while Bob Crick and Tommy Gonzales added eight points each.

The Horns were able to hit four of only 10 free throws for 40 per cent in that department.

Bob Crick Shows Champion Barrow

A local boy exhibited the reserve grand champion barrow of the Southwestern Exposition and Fat Stock Show held at Fort Worth last week.

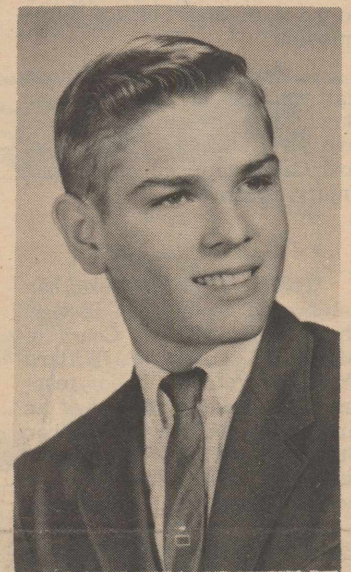

Bob Crick, member of the Hart FFA, showed a lightweight crossbred in competition with more than 1250 barrows at this year's show.

Roger Cleaver exhibited the champion Poland China of the Junior Show.

Other top placing animals included Danny Rice, second place lightweight Poland; Jim Tucker, second place middleweight Hampshire; Gary Cole, fourth place lightweight Poland; Larry Henderson, ninth place lightweight Poland; Donnie Irwin, ninth place lightweight crossbred; Larry Parker, twelfth place lightweight Duroc; Clifford Ray fourteenth lightweight Hampshire; David D. Harris, thirteenth lightweight Poland; Phil Davis, twelfth middleweight Hampshire; Joe Quiroz, fourteenth lightweight Duroc; and Marlin Hart, fifth

place Southdown and 27th place Hampshire.

Danny Rice, W. A. Hawkins, Clifford Ray, Marlin Hart and Jim Tucker were in Fort Worth to exhibit the animals.

Vegetable Production May Solve Part Of Problem

Diversification. It may not be the answer to many farm problems, but it could prove to be one. The weaknesses of an economy based mainly on two crops was driven home to the Hart area specifically and the South Plains in general by a short cotton crop this past year.

Government payments which paid for acres not in use helped blunt what could have been a disastrous year financially for the Hart area.

But the next time we may not be so lucky. One of the answers could prove to be vegetable production.

Vegetables as a major money crop are already becoming more and more of a reality in many areas.

But vegetable-raising on a large scale needs to become a reality in the next few years in this area.

One of the main arguments against vegetable raising in the area is the shortage

of labor. But this argument is becoming less and less valid as research on mechanical harvesting increases.

Two agronomists from Texas A&M last year discussed machinery already being tested in Arizona and California to harvest tomatoes.

No doubt research on machinery for other food crops is going on all over the United States presently.

Another argument is fear of a water shortage in the next few years. Since vegetable production generally requires a large amount of water, this argument carries a lot of weight.

But, while water will perhaps become a problem in this area someday, we're in good shape now.

Many farmers are already investigating the vegetable production field, but heavy consideration should be given to the idea now by many more.

Before another short cotton crop.

DEAR EDITOR

Dear Editor:

Saturday, Feb. 11, county voters will have an opportunity to express their opinion on an issue that is important to every citizen of the county.

We have been informed that we can expect to receive a request for additional information this week, regarding our request for funds for hospital aid to care for migrant workers.

This additional information will be in the nature of the administrative details necessary to supervise the funds and the program.

Our grant application has already been approved by the Washington review committee and once these details have been worked out, the project will receive these additional funds.

This program will materially affect hospital finances during 1967 and years

thereafter. It is my opinion that they will be significant enough that any increase in taxes necessary for the current bond issue will be temporary rather than permanent.

We have a fine hospital plant, but it is too small for the present needs. It also leaves inadequate margin to care for emergencies that occasionally happen in all communities.

We, the members of Plains Memorial Hospital staff urge your support of this issue.

Signed,

J. A. Harris, MD

KITCHEN KORNER

By Lela Gallion

One thing for sure we never know what the weather will be from one day to the next.

We have had some really warm days over the weekend and now we are back to winter again. Sure is hard to keep our menus on a even keel isn't it?

THE ELECTRIC SKILLET'S UNUSUAL TALENTS

Three cheers for the electric skillet! It's practically an all-in-one miniature stove-and-oven. Of course it does all the "normal" frying-pan chores, but it has some very unconventional skills as well.

CASSEROLES: Put the casserole, in its dish, in an electric skillet lined with two layers of aluminum foil. Cover. In a skillet set at 325 degrees F., most casseroles will heat in about an hour, though the top will never get as brown as it would in the oven.

BAKING CAKES: Place the cake pan on a cake rack; cover the skillet. Here, too, don't expect a brown top, but remember it will be covered with frosting.

DEEP FAT-FRYING: At least one manufacturer of electric skillets makes a wire basket that fits into the pan to deep fat-fry such foods as potatoes, shrimp, chicken, croquettes and doughnuts.

TEA MUFFINS

1/3 c. shortening
1/3 c. sugar
1/2 t. vanilla
1 egg
1 3/4 c. sifted enriched flour
2 t. baking powder
1/2 t. salt
2/3 c. milk
Orange marmalade or currant Jelly (optional)

Cream together the shortening, sugar, and vanilla till light and fluffy. Add the egg and beat well. Sift together the dry ingredients. Add to creamed mixture alternately with milk, mixing just to blend.

Drop batter from spoon into greased muffin pans, filling 2/3 full. If desired, top each muffin with a teaspoon of orange marmalade or currant jelly. Bake in hot oven (400 degrees) about 20 minutes or till done.

Serve a basketful of warm Tea Muffins with summer fresh fruit plates.

MACARONI CRAB OR SHRIMP SALAD

Cook 1 box or pkg. shell macaroni. Drain. Add 1 small can flaked crab or 1 small can baby shrimp (whole), 1 onion, salt and pepper to taste, two or 3 pickles, sweet, sour or dill as desired. Mayonnaise.

SPANISH HAM LOAF

1 lb. uncooked ham (from shank end)
2 lbs. lean pork
3/4 c. milk
1/2 green pepper minced
1/2 small onion minced
2 eggs
1 tsp. minced parsley
1 small can tomatoes

Method: Grind meat. Add all ingredients but tomatoes. Mix thoroughly. Pack into greased baking dish. Pour over the tomatoes and bake in a moderate 350 degree oven 1 1/2 hours. Unmold and serve on heated platter. Garnish with slices of hard cooked eggs and shredded green pepper.

SKILLET HAM-POTATO SALAD

1/4 c. chopped green onions
1/4 c. chopped green pepper
1 12-ounce can chopped ham, diced
1 T. fat
3 c. cooked cubed potatoes
1/4 t. salt
Dash pepper
1/4 c. mayonnaise or salad dressing
1/2 pound sharp process American cheese, diced (1 1/2 c.)
2 T. chopped parsley
Cook onions, green pepper, and meat in hot fat, stirring occasionally, till meat is lightly browned. Add potatoes, salt, pepper, and mayonnaise. Heat, mixing lightly. Stir in cheese; heat just till it begins to melt. Sprinkle with parsley. Makes 4 servings.

OLD-FASHIONED EGG SALAD

1 head lettuce
6 hard-cooked eggs, sliced
1 large onion, thinly sliced
1/4 c. salad oil
2 T. vinegar
1 t. Worcestershire sauce
1/4 c. shredded sharp American cheese
1 T. minced parsley
1 1/2 t. salt
1/4 t. pepper
Dash paprika
Break lettuce into salad bowl in bite-size pieces. Alternate layers of egg and onion.
Make dressing of salad oil, vinegar, Worcestershire sauce, cheese, parsley, and seasonings. Pour over salad in bowl. Toss lightly; serve. Makes 6 servings.

HAM LOAF

2 c. cooked ham
1 c. bread crumbs
1/2 c. evaporated milk
1/2 c. water
2 eggs
1/4 tsp. dry mustard
1/4 tsp. black pepper
1 tbsp. fat

Method: Put ham through food chopper with the bread crumbs. If it is very fat no extra fat will be required. Add eggs well beaten. Scald liquid and add with seasonings. Grease small pan and shape in some sifted crumbs, then pack in the ham and bake in moderate, or 350 degree F. oven for an hour or until top is well browned.

SMOTHERED HAM

Serves four to five

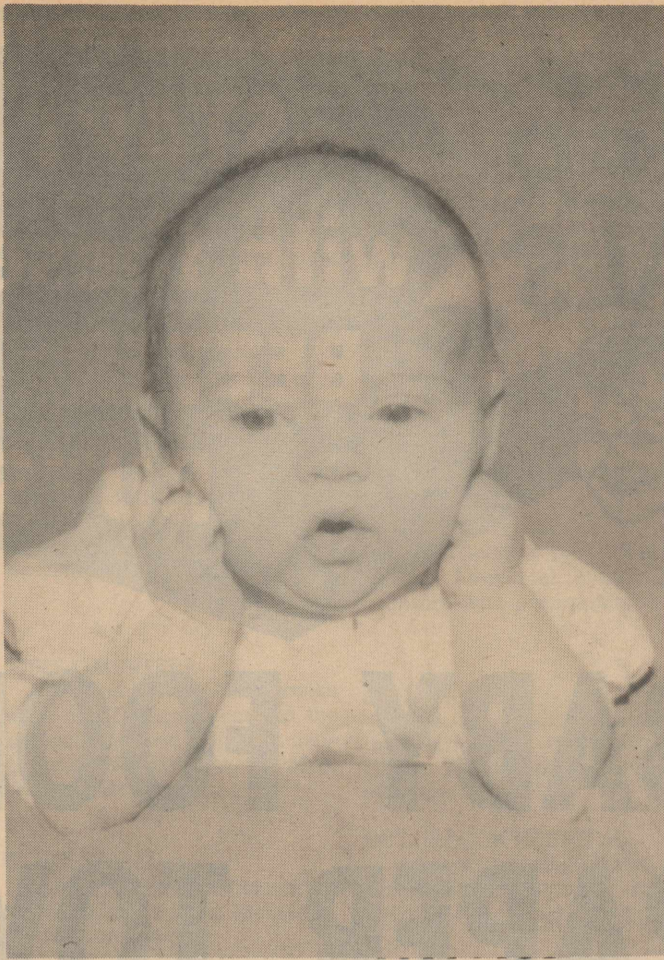

sliced ham 2 inches thick
6 whole cloves
1 c. stale bread crumbs
1 c. milk
1/2 tsp. salt
pepper to season
1 tbsp. chopped onion
brown sugar

Method: Have the slice cut from the middle of the ham. Put in a baking pan. Pour over 1 cup boiling water. Stick the cloves in the top. Scald the milk, add the bread crumbs and soak until soft. Then add seasonings and spread over the ham. Cover the bread with a layer of brown sugar and bake in a moderate oven.

Jr. High Girls Out of District

Hart Junior High Girls' team dropped out of the district race last week after a defeat by the conference winning Happy Cow-girls, 26 to 13.

The cold shooting Short-horns were able to rack up only two points during the first quarter while Happy poured in 12, an edge that made up most of the final difference in the score.

Sue Bates and Sandy Bennett, who usually shoot in the double figures, were held to five and four points, Roni Cox added another two and Denise Lowery also made the scoring list with two points.

The girls were able to sink seven of 15 free shots for 46 per cent.

In another game last Thursday night the Hart seventh grade girls were able to down the Happy girls, 18 to 2. Nancy Graves took top scoring honors with 12 points while Vickie Newsom, Cathie Warren and Beverly Hill added two points each.

Jr. High Boys Halt Cowboys

Hart Shorthorn boys took another important district game here last Thursday as they stopped the Happy Cowboys, 44 to 15.

The win leaves the Short-horns still sharing the district honors with Booker T. Washington of Plainview. The two teams meet next Thursday night in the Hart high school gym for the final game to decide the district.

In the win over the Happy Cowboys, Mark Porter paced the scoring by sinking 11 points while Landra Bruington trailed with 10.

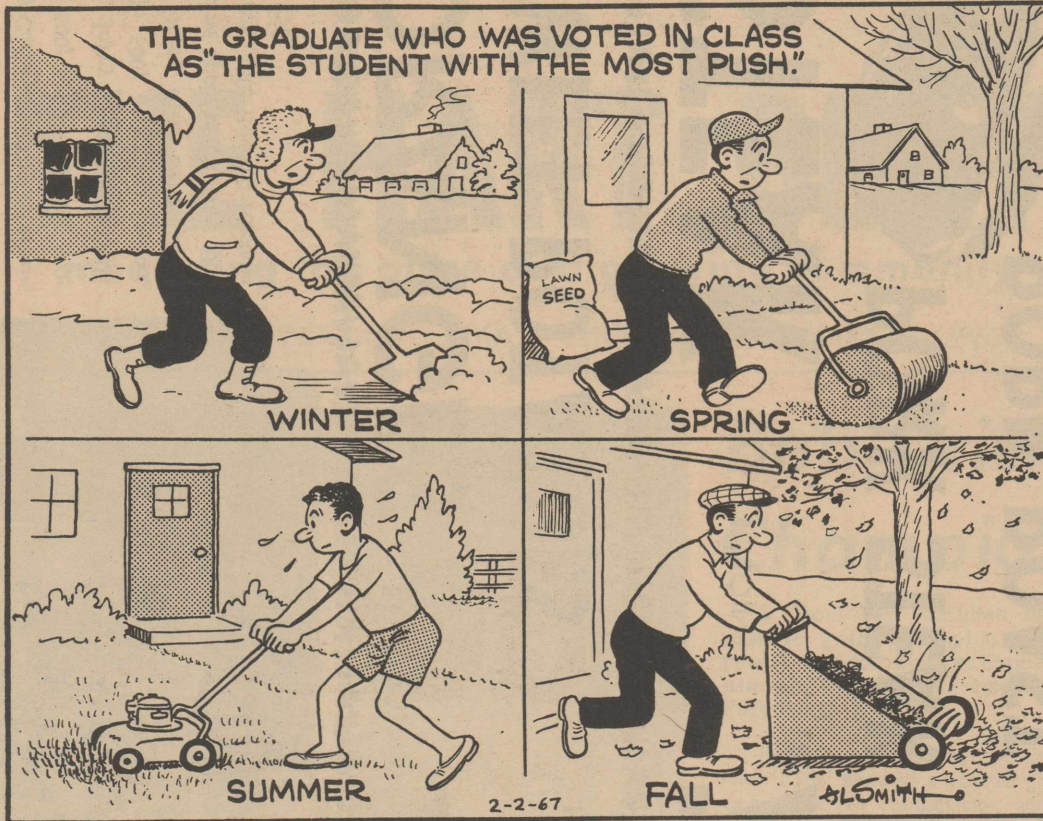

The Shorthorns were able to connect on only eight of 21 tries from the free throw line for a 38 per cent shooting record.

STATE CAPITAL
Highlights
AND Sidelights

Texas legislators are at work on Gov. John Connally's recommendations for raising \$144,200,000 in new taxes which include a "surprise" proposal to legalize the sale of liquor by the drink.

His local-option, mixed-drink endorsement was the major bombshell in an otherwise predictable package based on boosts or adjustments in old-standby sales and business taxes and a transfer of farm road financing to the highway fund.

House Revenue and Tax Committee hearings are due to get under way immediately. Legislative leaders acknowledge some bitter controversies are upcoming for the first major revenue pro-

gram advanced since Connally took over the governor's office.

In his 25-minute speech to a joint session of the House and Senate, Connally outlined his views on how to raise the \$971,500,000 necessary to carry out his general revenue spending program for the next two years.

Here, in summary, is the governor's tax program:

- * Repeal the sales tax exemption on all alcoholic beverages, effective July 1. (Should yield \$26,000,000.)
- * Increase the gasoline tax 1¢ a gallon (from 5¢ to 6¢), effective July 1. (Since \$24,400,000 of the additional revenue automatically would go to the available school fund, general revenue of this amount would be freed for legislative appropriation. Tax raise would add \$73,200,000 to the state highway fund.)
- * Repeal the 1949 Colson-Briscoe Act's general revenue allocation of \$15,000,000 a year to farm-to-market roads and leave financing of these roads to the highway department. (\$30,000,000 general revenue gain.)
- * Tax distilled spirits and wine sold by the drink at licensed establishments five-cents-an-ounce. (\$15,000,000 gain.)
- * Increase the corporation franchise tax rate from \$2.25 per \$1,000 to \$3. (\$30,900,000.)
- * Raise the natural gas production tax from seven to eight

per cent of wellhead value, effective July 1. (\$17,800,000.)

Connally said he had tried to fashion "an equitable plan which will impose the least possible burden upon the individual and business taxpayers of this state."

He emphasized that he recommends legalizing liquor by the drink only on a local-option basis and under "strict regulation" with punishment by revocation of licenses for repeat sales of liquor to minors. He hit at the existing "subterfuge" which now permits serving of mixed drinks through "so-called private clubs."

"It is time to bring this matter into the open," the governor said. "It is my considered opinion that a far more wholesome climate will prevail if liquor can be sold by the drink, legally and under tight regulation."

Connally got his biggest applause when he said he would NOT recommend a state college-university tuition increase.

PAY HIKE URGED -- The Legislature has unanimously petitioned the governor to submit as an emergency an interim pay raise for all state employees.

Connally did not mention this request in his address, however. If such a raise would be voted, to take effect immediately, another \$5,500,000 in general revenue would have to be raised.

Connally's budget includes an overall-average 20 per cent pay raise for the state government workers, effective, September 1.

It is not an across-the-board 20% raise. Raises would vary widely by salary groups. For example, lower paid workers would be raised from \$2,640 a year to \$3,024 (approximately 12%) and those in highest classifications from \$12,830 to \$17,784 (nearly 39%). This means a \$32 a month raise to the little fellow and \$412 per month in the high salary brackets.
