## Jr. High, High Students Participate In Drivers' Test

Students of junior high and high school will have an opportunity at 2:45 p. m. Friday to see for themselves how the false impression and sense of security that a driver of a modern automobile gets, can and does, often lead into the danger zone and trouble, when they participate in a series of driving tests Weldon M. Bates principal, announced today.

The tests, which will be in two parts, will be given under the direction of Ben Bullard, Assistant Safety Director,

Texas Farm Bureau.

The first section will be a short talk and film on traffic safety, while the second will be a demonstration in front of High School.

High point of the demonstration will come when driving tests are made with various students and faculty members in the specially equipped car. An electric detonator which is mounted on the front bumper of the car will fire yellow paint bullets to indicate the distance

required to stop the car in an emergency.

The driver being tested will be signalled to stop by the report of the first shell. The second will be fired automatically when the brake is applied and the third when the car halts. Distance between the spots of paint will then be measured to determine the reaction, braking, and total stopping distances.

Tests will be limited to 20, 30, and 40 mile per hour speeds because of the danger of making emergency stops at higher speeds. Police officers will be used as drivers in the high speed tests.

As part of a program for safety on the highway, the Texas Farm Bureau Safety Department has presented this driving demonstration and test before the high schools of this state since 1957. The program is being brought to Hart under the sponsorship of Castro County Farm Bureau.

The public is invited to attend.

The Bovina, Dodson and Nazareth Posts will receive additional citations for having reached an all-time high in membership.

Registration will open at 1 p. m. Saturday at the home of Post No. 54, Seventh and Madison Streets, where all sessions of the convention will be held. The social hour will commence at 5 p. m.

The joint session of The American Legion will be in the form of a banquet which will begin at 7 p. m.

Sunday there will be a Memorial Service at 10 a. m. with Rev. George and Chaplain Nona Moore in charge.

Immediately following lunch the Legion will hold its business session with Commander Beard presiding. Committee reports will be heard and new members will be initiated. Delegates and Alternates to the National Convention to be held in Boston, Mass. in August will be elected and provision will be made for the Principal and Alternate members of the Department Convention Committees.

## MH/MR LEGISLATION --

Last week was a big one for Mental Health-Mental Retardation.

House passed a bill to allow MH/MR board members to be paid for every day they work instead of just the days they attend a meeting; bill transferring the authority to license private mental hospitals from the State Department of Health to MH/MR; and a bill to allow the voluntary admission of mentally retarded persons to state

schools.

House MH/MR Committee favorably reported a bill setting out the schedule of monthly payments for persons in mental retardation facilities; bill to allow MH/MR to make contracts for the provision of MH/MR services with hospitals and other private facilities; and a bill to require county attorneys of counties where community centers are located to file suit to collect fees for the treatment of non-indigent persons in those centers.

## Aggies To Have Annual Ceremony

All Aggies, Present and Future, parents and friends of A&M University, will join Former Students of Texas A&M who live in Hale, Swisher, Lamb, Floyd, Briscoe, Castro, Motley or Bailey Counties will gather at the Reddy Room of Southwestern Public Service Company in Plainview, at 7:30 p. m., April 21, 1967, to carry on a tradition that is sixty-five years old. They will attend the sixty-fifth anniversary Muster of Texas A&M men.

The Central Plains A&M Club Muster will be one of more than 500 similar ceremonies held all over the world where Texas A&M former students pay homage to their fellow classmates who have passed on, and humble tribute to the Texans who won the freedom of the state at the Battle of San Jacinto near Houston some 130 years ago.

Lloyd Morton, Chairman of the Muster, urges all A&M men and all interested to attend the April 21st Muster program. Other events to appear on the program are:

Election of officers for the coming year, report of progress of the College both in academics and sports, and a discussion of the possibility of organizing an A&M mothers' club for this area, and following refreshments, there will be a football movie from the athletic department.

The April 21 Muster is one of the greatest traditions to be found in American colleges and universities, and thousands of A&M men participate in the program of tribute each year.

## Poison Ivy Season Makes Its Appearance

Poison ivy season is here again.

You may have handled poison ivy last year and escaped without an itch, but don't push your luck, says a pamphlet from the American Medical Association.

No one is permanently immune to poison ivy, oak or sumac.

Your next meeting with this pesky plant could take place in your own yard, as well as in the woods and fields. Poison ivy, oak and sumac have appeared in city gardens; and poison ivy has been known to form a beautiful growth up the

side of a house. Poisonous oils from these plants can come your way in the smoke from a neighbor's burning trash or on your dog's coat.

If you can detect poison plants, you can often avoid them. Poison ivy and its close kin, poison oak, are three-leaved plants which may grow as low bushes or climbing vines. They may be mixed with honeysuckle and other climbers. Poison sumac an easternswamp plant with seven to thirteen leaflets and small white berries, usually grows as a shrub.

If you have been exposed, carefully remove your clothes and thoroughly wash all affected areas with warm water and soap; then sponge with a 50 to 70 per cent alcohol solution. Using rubber gloves, clean your clothes in an oil solvent and soapy water. Then dry them in the sun.

Ivy, oak and sumac poisoning start with itching and redness within a few hours to several days after exposure. Then watery pimples appear. There is no cure for the big itch. Wet dressings of boric acid or Epsom salts solution bring some relief. Calamine lotion also reduced itching. Call your physician when the inflammation is extensive.

If you know that you will be near poison plants or working with them, have your druggist make a 10 per cent sodium perborate ointment and apply on exposed skin. After contact with the plant, wash off ointment and scrub all clothing--even shoelaces.

## Reptile Show Slated Friday

An educational and informative program on reptiles, both foreign and domestic, will be presented in the high school auditorium at Hart, Friday, April 21 at 8:30 p. m.

Chuck Naidl, winner of the best performance of the year award for his appearances on "Outdoors Calling" sports program presented on television, will present an authentic and scientific lecture illustrated with numerous live specimens. He will give interesting facts, dispel the many fallacies of reptiles and discuss the reptiles in this area.

The public is invited to attend.

**AG OPINIONS**--Proposed law to prohibit sale of merchandise below cost "with intent to injure competition" would be constitutional, Atty. Gen. Crawford C. Martin has held. In other recent opinions, Martin concluded that:

\* State institutions can adopt reasonable standards of clothing and attire for students, inmates or employees. However, "anti-beatnick" bill by Rep. Delwin Jones of Lubbock is unconstitutional because caption does not cover all provisions.

\* Court would have power under new bill to require presence in courtroom of parents or guardians of a minor charged with driving while intoxicated.

\* Law does not require an employee be given time off to vote while working overtime hours for which he volunteered.

\* Galveston County may use flood control funds to maintain seawalls.

\* It is responsibility of the committing county to physically return an escaped juvenile offender to Texas Youth Council custody.

\* Bill authorizing exchange of benches by justices of peace in the same county is constitutional.

\* Harris County commissioners court cannot enjoin a subdivider from selling lots on the ground that he has failed to complete roads to standards of county engineer.

\* Chattel mortgages filed prior to last July 1 should be renewed or extended by filing affidavit with county clerk as required by law in effect before the Uniform Commercial Code adoption.

## HAPPY ANNIVERSARY

APRIL 24  
Mr. and Mrs. Hubert Cheatham

Friday and Saturday of last week was M. Y. F. District retreat at Ceta Canyon. Those attending from here were, Harold Bob Bennett, Bill Bledsoe, Sheila Gardenhire and Linda Gossett. Linda Gossett was elected Secretary Treasurer of the district. Rev. Albert Lindley of Petersburg was director of the meeting.

## Higher Yields Of Sorghum Are Aims of Top Producers

A new farm and hail damage during the growing season failed to stop Billy Lytal of Dimmitt from turning in another record yield in DeKalb's Sorghum Master's Club. His yield of 9984.79 lbs. per acre was the top yield out of 206 entries from seven states in 1966.

Lytal also had the highest yield in the Sorghum Master's club in 1965, 10,521 lbs. He had set his goal for 11,000 lbs. in 1966 and may have made it had the weather cooperated. He is shooting for 11,000 lbs. again in 1967.

The entire 198 acres of sorghum on Lytal's farm averaged 6300 lbs. per acre in 1966. The base yield on this farm in past years had been 3500 lbs. Lytal expects to bring the farm average over 7000 lbs. in 1967.

**HIGH FERTILITY**--Lytal applied 123 lbs. of actual nitrogen in 1966 as anhydrous ammonia. At the present time he is making plans for a complete soil test to solve any soil deficiencies which may be present. In addition, he plans to make fertilizer application in 1967 adequate to meet his over-all farm goal of 7000 lbs and his top yield goal of 11,000 lbs.

**POPULATION AND ROW WIDTH**--Lytal's top yield came from a field which was planted in eight-inch rows at a rate of 18 pounds per acre. This population and plant distribution require a lot of water and was not utilized on the entire farm. The remainder of his land was in 40-inch rows planted at the 10-lb. rate. Lytal is considering two 10-inch rows on 40-inch beds for most of his sorghum acreage in 1967.

However, his all-out field will again be in eight-inch rows. Lytal had no difficulty in irrigating the extremely narrow row width even though there were two rows in the furrow.

**PLANTING AND WATER MANAGEMENT**--Lytal planted his sorghum Master's Club field on May 20 after a pre-watering. During the growing season, the sorghum was irrigated seven times.

The bulk of Lytal's sorghum acreage was irrigated five times. Generally, earlier planting dates have been beneficial in Lytal's high yield efforts.

Early planting enables him to plant a full season variety and still harvest comparatively early in the fall.

**WEED CONTROL**--Lytal tried two chemicals in 1966, propazine and atrazine. His Sorghum Master's Club field received one and a half pounds of propazine and no cultivation. This worked so well that he has decided to use propazine on his entire acreage in 1967.

**HYBRID SELECTION**--Lytal chose DeKalb F-65, a short, full season hybrid which adapts well to narrow rows and high seeding rates.

Two other farmers who have put together the high yield formula on their sorghum acreages are Bill Gentry of Hereford, and Walter Dittberner of Panhandle.

Gentry had a top yield of 540 sorghum acres and maintains a high over-all farm yield level year after year. Dittberner is also a high yield veteran. In 1964 he harvested 10,423 lbs. per acre and in 1966 received the Sorghum Efficiency Award presented annually by the Ford Motor Company.

Lytal, Gentry and Dittberner have proven that high sorghum yields are no accident. They are instead the product of careful planning and preparation. All three of these farmers plan on high yields at planting time, not hope for high yields at harvest.

**IN PLAINVIEW**  
Mr. and Mrs. Charles Martin and Mr. and Mrs. Otto Dinwiddie were guests Sunday in Plainview in the home of Mrs. Tylene Perry.

BILLY LYTAL, Dimmitt, feels 11,000 pound yields are within reach. He is shooting for this level of production in 1967.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

House of Representatives has passed to the Senate a far-reaching consumer credit code regulating most consumer loans and allowing banks higher interest rates.

Gov. John Connally recommended the code which resulted from a two-year study of the credit field.

Bill by Rep. Randy Pendleton of Andrews establishes maximum credit charges, limits required insurance on loans, requires disclosure to borrower of all charges he must pay and prohibits misleading advertising.

Pendleton said his measure would provide Texas with one of the most "comprehensive and effective" regulations of consumer loans in the nation.

But Rep. Paul Floyd of Houston claimed the bill would "increase cost of money to borrowers."

Code covers all fields of credit under \$2,500, whether loans are by banks, savings and loan associations, credit unions or pawnbrokers. Installment purchases, including those of autos, are included.

Proponents contend that consumers will have a better loan market if banks and other lending agencies can charge the same rates as finance firms.

Although opponents emphasize that the bill allows up to 240 per cent annual interest (on a loan of \$10 for one month) rate permitted still is a reduction from that now fixed as ceiling in that class of small loans. (Actual charge on the \$10 transaction under the code would be \$2.) Reduction is about 25 per cent below those now charged for loans under \$100.

These rates are authorized by the code:

\*Auto installment loans -- \$7.50 per \$100 on new cars ranging to \$15 per \$100 on

autos over four years old.

\* Regulated loans -- \$18 per \$100 annually on first \$300 and \$8 per \$100 above \$300, to \$2,500.

\*Secondary mortgage loans on residential property -- \$8 per \$100, same rate as on installment loans.

\* Retail installments sales and services would be limited to \$12 per \$100 for first \$500, ranging down to \$8 over \$1,000.

\* Revolving credit maximum would be one and a half per cent per month for first \$500 of unpaid balance and one per cent on unpaid balance over \$500.

**INDUSTRIAL AMENDMENT PASSES**-- Legislature has cleared for submission to voters next year the first constitutional amendment of this lawmaking session -- to permit cities and counties to issue revenue bonds for industrial development.

If approved by Texans in the November, 1968, election, bonds could be used to build industrial plants for private concerns and repaid through revenues of the corporations. No tax funds would be obligated.

**MEDICAID BILL ADVANCED** -- Senate has passed a bill to implement the "medicaid" program of medical assistance to needy which would provide a program totaling more than \$200,000,000 in the next two years.

Federal government will match state expenditures on a four-to-one dollar basis. Bill, virtually assured of House passage also, would provide hospital, nursing home and physicians services to public welfare recipients, including aged, blind, disabled and families with dependent children.

**WATER RIGHTS LAW**--After 50 years of effort, Texas

now has a water rights adjudication act to help solve water disputes without prolonged and costly court battles.

Act follows the "Oregon plan" of administrative procedure in refereeing water wrangles, plus automatic judicial review.

Riparian users must file a record of their claims with the Texas Water Rights Commission, the administering agency, by Sept. 1, 1969.

Backers of the bill said they hope it will prevent repetition of cases like the Rio Grande Valley water rights suit which has cost an estimated \$10,000,000 (\$400,000 of that out of state funds) over years of litigation. Case now is on appeal.

**OPTOMETRY BILL DELAYED**--Bill to reverse State Board of Optometry ruling which restricts multiple-office practice and advertising of eye glass firms under trade names (e. g. Texas State Optical, Lee) was sent to sub-committee after hearing before Senate Public Health Committee.

Fate of the bill is uncertain. Contested ruling, upheld by State Supreme Court, was made by six-member Board, five of whom are independent optometrists.

Dr. R. Jay Rogers of Beaumont, TSO head, said Board ruling was aimed at curtailing competition and would run up prices of glasses.

Board attorney Charles Babb argued advertising would not be prevented by ruling, although he criticized some advertising by multiple-office optometrists. He said intent of Board's ruling is to require optometrists to practice under own names and maintain closer relationship to "patients."

**SHORT SNORTS**-- Governor Connally named R. Henderson Shuffler director of \$10,000,000 Institute of Texas Cultures being constructed on San Antonio Hemisfair site.

State Republican Chairman Peter O'Donnell Jr. named a coordinating committee, "Task Force on Clean Air and Water," headed by Dr. S. J. Skinner of Houston and Mrs. Robert Good of Dallas.

Dr. Robert L. Clinton Jr., superintendent of schools at Snyder, is new assistant commissioner of higher education in charge of development of public junior colleges.

## KITCHEN KORNER

By Lela Gallion

Well, I did not make a remark about the weather to cause it to change but it sure did.

Everyone you talk to, it seems is on a diet or wants to be. So in the near future will try and have some low calorie recipes.

### TUNA MACARONI SALAD

- 1 (8 oz.) pkg. shell macaroni
- 1 c. Hellmann's Real Mayonnaise
- 1/3 c. chopped celery
- 1 T. chopped onion
- 1 1/2 tsp. salt
- 1/4 tsp. pepper
- 1 (7 oz.) can tuna, drained and flaked
- 1/4 c. chopped green pepper

Cook macaroni according to package directions. Drain, rinse with cold water, drain again. Mix with Real Mayonnaise and onion. Cool. Add remaining ingredients. Chill. 6 servings.

### APRICOT-CHEESE PIE

- Pie shell
- 1 1/3 cups graham cracker crumbs
- 1/3 c. soft butter or margarine
- 1/3 c. sugar

- Filling
- 3 eggs
- 1/2 c. sugar
- 1/2 c. apricot nectar
- 1 T. lemon juice
- 1 pkg. (8 oz.) soft cream cheese
- 1 can (1 lb. 1 oz.) apricot halves, well drained; or 14 peeled fresh apricot halves
- Whipped cream

1. Make Pie Shell: Combine the graham-cracker crumbs, butter, and 1/3 cup sugar in medium bowl. Blend, with your fingers or a fork, to combine.

2. Press evenly on bottom and side of 9-inch pie plate--not on rim. Refrigerate until ready to fill.

3. Make Filling: In top of double boiler, with portable electric mixer at medium speed, beat eggs slightly.

4. Gradually add 1/2 cup sugar, the apricot nectar, and lemon juice; beat just until mixture is smooth and well combined.

5. Cook, over simmering water, stirring constantly, un-

til mixture is thickened and smooth--about 10 minutes.

6. Remove top of double boiler from hot water. Let mixture cool slightly, stirring occasionally.

7. In medium bowl, beat cream cheese until light and fluffy.

8. Gradually beat in cooled egg mixture, beating just until smooth and well combined.

9. Arrange apricot halves, cut side down, in bottom of pie shell.

10. Pour filling over apricots in pie shell. Refrigerate overnight.

11. Before serving, decorate the top of the pie with rosettes of whipped cream.

Makes 6 to 8 servings.

### FABULOUS CHEESECAKE

- 2 pkg. (8-oz. size) soft cream cheese
- 1 lb. creamed cottage cheese
- 1 1/2 c. sugar
- 4 eggs, slightly beaten
- 3 T. cornstarch
- 3 T. flour
- 1 1/2 T. lemon juice
- 1 tsp. vanilla
- 1/2 c. butter or margarine, melted
- 1 pint dairy sour cream
- Fresh strawberries, blueberries or pineapple

1. Preheat oven to 325F. Grease a 9-inch spring-form pan.

2. In large bowl of electric mixer, at high speed, beat cream cheese with cottage cheese until creamy and well combined. Gradually beat in sugar; then beat in eggs until well combined.

3. At low speed, beat in cornstarch, flour, lemon juice, and vanilla. Add melted butter and sour cream; beat just until smooth.

4. Pour into prepared pan; bake 1 hour and 10 minutes, or until firm around the edges. Turn off oven. Let cake stand in oven 2 hours.

5. Remove cake from oven; let cool completely. Refrigerate until well chilled--several hours.

6. To serve--Run spatula around side of cheesecake, to loosen; remove side of spring-form pan; leave bottom of pan in place. Serve with fresh strawberries, blueberries, or pineapple.

Makes 12 servings.

## Open House Set Sunday

The public is invited to open house at 602 Pine St. Dimmitt, Sunday April 23 from 2 to 6 p. m.

This Spanish Villa home, a new concept in home decor, was built by Pete Hudson. The patio-type entrance offers many advantages.

This beautiful brick home has three bedrooms, and two baths, with electric bath heat. This Medallion home has an all-electric kitchen, full house power wiring and light for living.

# Federal Land Bank Month Declared By Gov. Connally

The Federal Land Bank Associations were cited by Gov. John Connally as he declared April "Federal Land Bank Month."

In an official memorandum, the governor praised the Federal Land Bank System and called upon all Texans to pay tribute to those engaged in farming and ranching.

The Federal Land Bank System, encompassing 73 local associations in Texas and 700 associations throughout the United States, is observing its 50th Anniversary this year. The Anniversary Year is dedicated to America's Farmers: Providers of Plenty.

The Federal Land Bank Association of Dimmitt is participating in the year's activities by recognizing the farmers and ranchers of Castro County.

April, 1917, marked the beginning of the Federal Land Banks, thus providing the first nationwide means of making private capital investment available to farmers and ranchers so that their holdings could be improved and the productive capacity expanded.

The Federal Land Bank of Houston made its first loan on May 22, 1917, and from a modest beginning the 73 local associations today have recorded long term real estate loans of more than \$1.1 billion to 185,000 Texans.

The Federal Land Bank Association of Dimmitt has 337 members, and current loans amounting to \$9,750,000. Dividends paid to member-borrowers since 1950 amounts to \$165,146.40.

The Federal Land Bank of Houston-- which serves all of Texas ranks among the leaders in providing long term real estate financing on farms and ranches. The history of The Federal Land Bank of Houston and its 73 associations closely parallels the agricultural growth of Texas and the dynamics of agriculture are such that great strides are anticipated for the state.

Sid Sheffy will represent the Federal Land Bank Association of Dimmitt at the Annual Stockholders' Meeting of the Federal Land Bank of Houston. The meeting will be held in

By Mrs. Gus McLain

Ph. 945-2337

April 9, Mr. and Mrs. Joe Szalay, Sharon and Gary of Texline, and Mr. and Mrs. George Hicks of Jenkins, Mo. spent the day visiting the Robert Husemans.

Lee Warren of Farmington, N. M. was here last week to help his son, Leonard and family move to Farmington.

Friday and Saturday, Mrs. Geraldine Aberant, Mrs. Leonard Wilhelm and Dean Irlbeck accompanied Dean Wilhelm, Jo Ann Guggemas, Erlene Birkenfeld, Jerry and Connie Aberant, Barbara Wilhelm, Lorene Brockman, Harold Schacher, Kenneth Huseman, Sharon Hochstein, Teresa Pohlmeier, Richard Brockman to the Texas Youth Conference at the Plainview High School.

The youth conducted the seminars on education, citizenship, recreation and crime prevention. The theme of the meet was "Ways and Means of Crime Prevention."

This was the first meeting for this district although Amarillo has a very active chapter. Robert Huseman, Albert Hartman and Wm. Hochstein attended some of the meetings.

Mrs. Robert Huseman and Mrs. Gus McLain attended the 44th Annual Conference, Eighth District of the Texas Congress of PTA April 13 at Texline school.

Theme of the conference was "Developing Our Neighborhood". There were 204 present from 11 counties, Mrs. L. L. Ledger, Copperas Cove, president of the Texas Congress of PTA gave the keynote address. Mrs. S. L. Canterbury Jr. of Kilgore, State Membership Chairman also addressed the crowd.

Monday night, April 10, Mr. and Mrs. Wm. Hochstein Jr., Mr. and Mrs. Frances Wilhelm, Mr. and Mrs. Charles Braddock, Mr. and Mrs. Ed Ramaekers, Mr. and Mrs. Paul Venhaus, Mr. and Mrs. Robert Huseman, and Mr. and Mrs. Herman Birkenfeld entertained at Veterans' Hospital in Amarillo with music, singing, bingo and cake and ice cream to celebrate birthdays. The Catholic

Daughters furnished birthday gifts. The couples named above represented the American Legion of Nazareth.

Mrs. Frank Hoelting is doing very well since having undergone ear surgery some time ago.

Mr. and Mrs. Floyd Schulte entertained Sunday with a dinner. Those present were Messrs. and Mmes. Albert Schulte, Gilbert Schulte and family, Joe, Schulte, Hereford, John Smith and Shawn, Amarillo, Buddy Durbin and family, Vincent Gerber and family, Cecil Hoelting and family and Mrs. Rose Hindman, Miss Carol Schulte and Ralph Schulte.

Harry Kleman has been very sick with the flu. Mr. and Mrs. Raymond Ammen, Mr. and Mrs. Tom Annen and Mr. and Mrs. Philip Huseman visited there Sunday afternoon.

Raymond Ammen went to Monument N. M. Monday for a load of acid to treat bacteria growth in his irrigation wells.

Mr. and Mrs. Al Evers and family of Umbarger visited their grandson Roger Huseman who underwent surgery last week.

Mrs. Florence Meek, Dimmitt, underwent exploratory surgery Wednesday in Plains Memorial Hospital, Dimmitt. She is the daughter of Mrs. Frank Huseman.

Mr. and Mrs. Ronnie Birkenfeld and family of Lamar, Colo. are here visiting his folks, the Chris Birkenfelds and other relatives.

Mrs. Pat Dulsky of Maryville, Calif. is spending some time with her mother, Mrs. Frank Huseman and other relatives while Dulsky is at Amarillo Air Force Base taking a six weeks UNIVAC course. They will then return to Beal AFB, Calif.

Shamrock Oil and Gas of Amarillo and Nazareth Oil and Gas were hosts to a crowd of 273 Thursday evening at the Nazareth Legion Hall.

PET OF THE WEEK -- Harley Galloway rides his rather large "pet" of the week. Galloway is a member of the Hart Junior Riding Club and his pet is what the junior rider rides.

Barbecue chicken and all the trimmings were the menu. Mrs. Arnold Brockman, Mrs. Paul Venhaus and Floyd Schulte won rods and reels. Tony Gerber and Arnold Brockman won transistor radios; Albert Hartman and Howard Schulte each won a set of dishes.

Marlene Jones and Mary Lou Steffens were home over the weekend from Northwest Texas Nursing School, Amarillo.

Mrs. Walt Warren of Hereford visited in Nazareth Friday.

Miss Clara Acker of Hereford spent the weekend with her parents, Mr. and Mrs. Philip Acker.

Tony Zadow of Colorado spent some time with his sister, Mrs. Joe Lange and other relatives.

Henry Lauer of Hartington, Neb. spent a week visiting Mrs. Geraldine Aberant, Wm. C. Hochstein and Sonny Hochstein and their families. He is their uncle.

Mrs. John Schacher, Mrs. Ed Drerup, Mrs. Florence Albracht, Mrs. Wm. Hochstein and Mrs. Leo Ehly attended the Catholic Daughters reception at Cathedral Hall, Amarillo Sunday April 16. Dora Albracht served as organist. They visited a beautiful home in Hunsley Hills, Canyon.

Mr. and Mrs. Hal Buntele and boys from Wallingford, Conn. are here to visit her mother, Mrs. Louise Schulte and her sisters, and brothers and families.

Mr. and Mrs. David Acker attended a Forester Convention in Oklahoma City last weekend.

Miss Sue Burt R.N. is moving to Dallas to start work May 15 at Doctors' Surgical Hospital.

Carl M. Burt is doing well and is expected to be released from the hospital early this week.

## Small Business Seminar Set

A small business seminar is scheduled at Wayland College on five successive Thursday nights April 27 through May 25, said Dr. Vance Clapp, head of the department of business administration of Wayland College.

Sessions will be from 7 p.m. until 9 p. m. each night, Dr. Clapp said. Emphasis in the training session will be on efficient record keeping for the small businessman, with Dr. Clapp as coordinator.

The seminar faculty will be composed of professional people who have had training and experience with business records.

The Credit Bureau of Plainview, the Small Business Administration and Wayland College are co-sponsoring the seminar. Enrollment can be accomplished by contacting Dr. Clapp personally or by mail.

## Festival Of Praise Scheduled At Wayland

Musical emphasis will apply to the Festival of Praise scheduled on the Wayland College campus Wednesday through Friday.

Choirs from churches in Lubbock, Plainview, Hale Center, Tulia, Floydada, Silverton and other area points will appear individually during the three days and at 7:30 p. m. Friday en masse in the Wayland Bowl.

Pete Fordehase, secretary of the church music department of the Baptist General Convention, and former music and education director at the Plainview First Baptist Church, will direct the festival.

Assisting are to be Jack Terrell, music associate of the Baptist General Convention; Jerry Malone, minister of Music First Baptist Church in Oak Cliff, and James Cram, assistant professor of music at Wayland College. Bob Mathis, Gainesville, and Miss Tish Whitney, Lubbock, Wayland stu-

dents, are co-chairmen of arrangements.

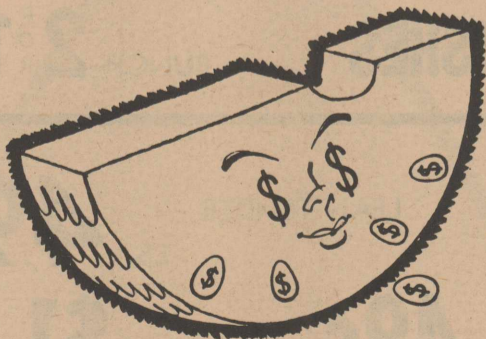

The International Choir, Inspirational Hour Choir, Treble Tones and Handbell Ringers, all Wayland musical groups, will participate.

Programs are scheduled at the Wednesday chapel starting at 10 a. m., at 9:30 p. m. Wednesday in the Home Life Building where a "singspiration" is slated, a morning watch at 7:15 a. m. Thursday, at 7:30 p. m. Thursday when the International Choir will be featured, at the Friday chapel program and the massed choir presentation Friday night.

### FROM COLORADO

## Little Strokes Health Problem

Girl Scout Troop 158 met at the community room of the Farmers State Bank, Tuesday, April 18, at 6 p. m.

A trip to Rio Blanco was planned.

Guests attending the meeting were Jackie Seago, Mrs. C. W. Seago, Mrs. Arthur Cheves, Mrs. Terry Hardy, and Mrs. George Heck.

Girls present were Sharon Brooks, Diane Lancaster, Brenda Cheves, Debra Hardy, Vickie Newsom, Debbie Heck, Carol Miller, Jeton Jones, Carolyn Cole, Cathy Weatherly, Sue Bates, Becky King, Elizabeth Stephens, Janet McLain, Dee Clevenger, Nancy Graves, Kathy Kennedy, Marsha Seago, Lisa Lacy and Kathy Alexander.

Leader, Mrs. Dwight Miller was also present.

Brownie Scout Troop 23 met Wednesday April 12 at the Scout house for a regular meeting.

Guest speaker was Van Earl Hughes who spoke on South America. He told about living conditions, the food they eat, and the customs of their land. He noted that there is a Girl Scout organization there called Es Scouts. Hughes lived in Costa Rica, where he served as a missionary for 10 years.

In the business session, plans for a cookout April 19 were discussed.

Refreshments were served by Sharla Carson, with Kim Davis and Garla Bryant assisting.

Those present were Retha Aven, Tammy Bates, Garla Bryant, Donna Dudley, Kim Davis, Lee Ann Friday, LaDonna Hart, Sandy Heck, Lisa Hill, Jana Mapp, Lisa Nelson, DeAnne Richburg, Debbie Lacy, Rhonda Rowland, Patricia Smith and Sharla Carson.

Leaders present were Mrs. Richburg and Mrs. Alvis Bryant.

"Little strokes" may start when a person is in the 30's or 40's striking silently at night or passing almost unnoticed as a sudden dizzy spell, a momentary blackout, or just a few moments of confusion. The stroke itself is not severe enough to compel the patient to seek medical aid, but some permanent brain damage remains just the same.

A formerly kind, gentle person may become highly impatient and irritable. His judgment is often impaired. A strong man may become weak and prone to tears. Suspiciousness is common. A person with a tendency to emotional instability, held in check heretofore by will power, may suddenly develop a psychosis.

An often unsuspected cause of mental and physical incapacity is a series of "little strokes," says Today's Health Guide, the American Medical Association's book of health information for the American family.

A stroke occurs when the blood supply to a part of the brain is reduced or completely cut off. This can be caused by a blood clot or by hemorrhage-- bleeding from an artery in the brain. When the nerve cells of a part of the brain are deprived of their blood supply, the part of the body controlled by these nerve centers cannot function normally.

Some become sloppy in dress and befuddled in thought, others lose a part of their moral sense. Sometimes the victim merely loses interest in his family and friends, and lives secretly, constantly hiding things that through forgetfulness he cannot later find.

When the symptoms are mild, as they often are, the person may get along fairly well. Surveys show that a sufferer of cerebral vascular disease can get along better in the slower-going farm and small-town areas than in the faster-living city.

The problem of small strokes is one of the most difficult ever tackled by medical science. The most hopeful research approach is that of finding ways to prevent strokes. Science seeks to learn more about how to recognize early symptoms so that treatment can be instituted promptly.
