## Hart Farmers Get Rain, Hail

THIS LITTLE FELLOW decided to make the most of the hail damage, which stripped leaves from trees, making a pretty soft place to lie down. Note leaves on roof of building in the picture below.

Rainfall which fell over the area Saturday and Sunday varied from one-half to two inches.

North of town most reports were from one-half to three-fourths inch, while south of town, up to one and a half to two inches fell. There was some hail reported south of town also.

At the Roy Taack farm southeast of town, it hailed from 11:15 to 12 p. m. Saturday night completely wiping out farm crops as well as fruit in their orchard.

Trees loaded with apricots,

peaches, apples, and plums, were stripped by the hail. Corn approximately eight inches high was leveled and the roof to their house was totally damaged. He said he might plant soybeans where he did have cotton.

Bob Bennett and Doyle Davis reported some hail. Their farms are near the Taack farm.

East and west of Hart reports were of spotted varying amounts of rainfall with no hail being reported.

### Emmett Burrows Replaces Owsley

City Council announced Monday they have hired Emmett Burrows of Olton as City Policeman, to replace Ed Owsley.

Owsley resigned to take a position of night watchman in Dimmitt.

Burrows has worked for the City of Olton for eleven years.

He is married and has five married children. His wife is the former Orvela Conard, sister of Mrs. Carl Godfrey.

### Snow Cone Stand Open

Hot days getting to you? Take a break and go by the "Go Go Stand", a snow cone stand which is operated by Marsha and Jackie Seago, daughters of Mr. and Mrs. C. W. Seago.

The girls stand is now open for business and youngsters of all ages are on hand for the cooling product.

### Dance Slated At Olton Youth Center

The first scheduled dance for Olton's new Youth Center has been set Saturday, June 3 from 8:30 to 11:30 p. m.

Music will be by the "Wild Angels", a band composed of students of South Plains College.

Youth center rules will apply and the dance will be parent sponsored.

### Recreation Program Given By Supt. Gardehire

Hart Schools will again sponsor a summer recreation program for all of the youth of this community, according to Supt. Andy Gardenhire.

It will begin Monday, June 5, and continue until Friday, July 28.

"Programs will be provided for children of all ages, and we take this opportunity to invite and encourage your participation," said Supt. Gardenhire.

Coach Don Ewing will be the instructor in charge of the recreation program.

The planned schedule is as follows:

MONDAY- 10- 12 - Gym program for students from the 1st grade through 6th grades. (boys and girls). Program will include: Ping Pong; Badminton, Shuffleboard, Tumbling, Calisthenics, Basketball, and other Gym Games.

8 - 10 a. m. - Gym program for girls, 7th grade and up. Program includes: Shuffleboard, badminton, handball, dodgeball, tumbling, ping pong, basketball and volleyball.

TUESDAY- 10-12 - Gym program for students from the 1st through the 6th grades. (boys and girls). Same program as Monday. 1 - 3 p. m. - Swimming for all ages (at Olton or Dimmitt). Admission 75¢. Bus will leave from Grade School Building at 1 and return at 3:30 p. m. 8 - 10 p. m. - Gym program

for boys 7th grade and up. Program includes: Ping Pong, Volleyball, Badminton, handball, tumbling, weightlifting, volleyball and basketball.

WEDNESDAY- 10-12 - Gym program for 1st through 6th grades. Program same as Monday.

THURSDAY- 10-12- Gym program for 1st through 6th grades. 1 - 3 p. m. - Skating (all ages) Grade School gym. Admission free. 8 - 10 p. m. - Girls gym program for 7th grade and up, same as Monday.

FRIDAY- 10-12 - Gym program for children from 1st through 6th grades. 8 - 10 p. m. - Gym program for boys 7th grade and up, program same as Tuesday.

"The skating rink will not be open to the public on Saturday nights as it has been in the past. However, we will cater to special and private parties by renting the skating rink," stated Ewing. "Arrangement may be made by contacting me at Phone 938-2141."

Each student participating in the summer program will need to have a signed statement from his parents to the effect that the school will not be responsible for accident or injury.

Participation does not demand that a student be present at all times.

### Program To Be Explained By Dimmitt Jaycees Friday

Dimmitt Jaycees and Jayceets will be at the Farmers State Bank in the community room Friday, June 2 beginning at 9:30 a. m., to explain a state-wide program which was adopted by the Jaycees.

The motto is "Will Your Name Be There?"

A letter was recently printed in the Austin Statesman-American paper, which was addressed to the President of the USA, asking that bombing in Viet Nam be stopped. It was signed by quite a number of citizens, so it was decided to run a letter in the same paper asking the President not to stop the bombing. The Jaycees are trying to get signatures to this effect.

The letter will be presented to the President at Baltimore, Md. where he will make a keynote address at the National Jaycee Convention June 23.

This objective has been endorsed by Senators John Tower and Bob Price, and Jack Flynt president of the American Legion.

### Douglas Gossett Family Moving To Amherst

The Rev. and Mrs. Douglas Gossett, and daughter, Linda are moving to Amherst, where he is transferring as a pastor of The Northwest Texas Annual Conference of The Methodist Church.

"We want to thank you for the privilege of being your pastor these two years," Bro. Gossett said to the congregation Sunday morning. "We are looking forward to meeting our congregation at Amherst, and to meeting new friends," he added. "We invited you to come to see

us there," he said. Their mailing address will be Box 96, zip 79312.

The Rev. Fred Brown, from Turkey, Tex., his wife and four children are coming to Hart. Thursday, June 1, is the conference moving day.

The Rev. James Patterson is moving from Amherst to Kress. The Rev. Carl Hudson who has been pastor at Kress took a Sabatical leave. Rev. Brown will preach his first sermon here next Sunday. Bro. Phillips retired from Anton and his home is in Big Springs.

### Beta Sigma Phi Sorority Packs Boxes To Be Sent To Boys In Viet Nam

"What can we do to help those fighting in Viet Nam?"

This question may have been asked over and over again, and the Beta Sigma Phi Sorority here in Hart have decided to do what they can.

The members will meet

Thursday, June 8 at 9:30 a. m. immediately following WSCS at the Methodist fellowship hall to make ready packages to be sent to boys in the 'K' Company in Viet Nam.

Anyone interested in helping may donate cookies, mailable

cakes, dry soup mixes, bouillon cubes, dried fruits, kool-aid and any items which the boys might be able to use.

If packages are wrapped and ready for mail it would save time. Containers to mail things in are also needed.

Interested persons who would like to send items or help in some way, may call 938-2367. Articles will also

be picked up if they cannot be brought to the church, simply by calling this number.

## Open Meetings Mandatory

Gov. John Connally, on May 22, signed into law an "Open Meetings" bill which he proclaimed as "a great step forward for the people of Texas."

He was referring to Senate Bill 94 sponsored by Sen. Chet Brooks of Pasadena. Similar legislation was introduced in the House by Rep. Bill Rapp of Raymondville.

Passage of the "Open Meetings" legislation at the 1967 session culminated a drive that began some 20 years ago. It was engineered by legislators and the press to insure a better flow of information to the public.

At the bill signing ceremony, Governor Connally made this statement regarding the importance of the legislation:

that and provide that all the meetings shall be open to the press. It's a great step forward in trying to provide a means where the public can be more informed with respect to governmental affairs and public affairs.

"Beyond any question, one of the weaknesses of a democratic society is that it's always difficult to try to articulate and to inform the public of the problems that surround the administration of government. I personally feel that if the public is informed, if it has the knowledge, people themselves will always make the right decisions. And this is going to be a step in providing the means where people can be better informed on the workings of their government."

Governor Connally further stated: "This is particularly important because the affairs of this state are run by the various agencies, boards and commissions. People generally do not quite understand the significance of these various boards, agencies and commissions and the work that they do and the decisions they make. It is really the heart and the essence of government in Texas.

"So I want to applaud the efforts of the press itself to bring into the light and to the awareness of the Legislature the need for this type of legislation. I want to commend the members of the Legislature who supported it and congratulate the people of Texas that they now can be better informed on their own affairs."

## IT HAPPENED IN HART

### THREE YEARS AGO

Rev. E. H. Phillips, pastor of the First Methodist Church in Hart, was awarded the Town and Country Award last week in Amarillo ceremonies.

Lanny Tucker has been hired as Farm representative during his vacation period by the Farmers State Bank.

Mr. and Mrs. Roy Taack will observe their 25th wedding anniversary with a reception Sunday in the Hart School Cafeteria.

Hart area voters will have a chance to go to the polls once again this Saturday to vote in run-off elections to finish the state primaries.

### ONE YEAR AGO

Athletic and recreation program for Hart youth was announced here this week to run through July 31. The proposed plan includes swimming, gym classes and skating.

James Mitchell, son of Mr. and Mrs. Howard Mitchell, has left for Espanola, N. M., where he will be youth director of the First Baptist Church.

Four Hart golfers took honors in the two low ball Am-Am tourney Monday at Olton Recreation Center. Lanny Tucker, Fred Bass Jr., Norlan Dudley and Joe Bailey were members of the winning team.

Little League baseball got under way this week with a game between the Colts and the Redlegs set Tuesday night.

### Special Days

### Mark Month

Dairy Month, Barbecue month and Father's Day -- they're all a part of June.

Six types of foods in plentiful supply also are a part of this month, says the Texas Agricultural Extension Service. They include eggs, orange juice, potatoes, dry beans, milk and other dairy products and beef.

Every homemaker knows the value of a good supply of eggs in the refrigerator. Since June is Dairy Month, you'll find it an especially good time to plan on lots of dairy-oriented items. Milk is the base for so many refreshing summer drinks.

Ample stocks of beef are perfect for celebrating National Barbecue Month. Or what better way to please Dad on Father's Day than to serve his favorite beef cut--perhaps prime rib, steak or roast.

This year's orange crop is running about 34 percent above last season, according to the U. S. Department of Agriculture. Understandably, orange juice supplies are large, too. Orange juice makes the perfect breakfast eye-opener.

To spend more time outside the kitchen during warm summer weather, serve potatoes. Baked potatoes almost cook themselves, and they're family favorites. Marketnews offices on USDA's Consumer and Marketing Service report big supplies of potatoes arriving at local markets now. Dry beans add tasty enjoyment to mealtime.

For good selection and attractive cost, shop plentiful foods.

# Small Boats Dot Waters All Over The Nation

Small boats by the hundreds of thousands are back in the water this month, freshly scraped and painted after a winter of storage.

In the deep South many boating fans are on the water most of the winter, but in most of the nation June is the season to get back on the lakes and streams.

Boating accidents are becoming more prevalent each season, as more comparative amateurs acquire boats and take to the water. Pamphlets on boating safety are available in many sporting goods stores and at boat and motor dealers. If you have a boat, and even if you think you know how to handle it, play it safe; get a safety booklet and study it.

Common sense and good manners are cardinal safety principles in boating. Show respect for other boats, swimmers and fishermen. It doesn't take much knowledge of boating to know that a big lake on a windy day can be dangerous for small craft.

Know the capacity of your boat and don't overload it. Don't stand up or change seats in a small craft while it is under

way. Make certain your boat contains life preservers for each passenger. Life jackets are an excellent idea for small children and non-swimmers.

Only an irresponsible skipper will buzz a dock, wharf or anchored craft. You may miss. Reduce speed through anchorages. Your wake can damage other property. Avoid boating too close to water skiers, fishermen and other boats. Don't jump or dive from a moving boat. You may have

the breath knocked out of you, or hit floating debris.

Stay within easy range of the shore on large bodies of water. Sudden squalls can play havoc with the unwary boatsman. If your boat overturns, stay with it. The chances are that sooner or later someone will pick you up. Very few individuals are in good enough physical condition for a long swim in rough or cold water.

#### VISIT DAUGHTER

Mr. and Mrs. G. C. Keenom returned home this week after spending a week in Potsboro visiting their daughter, Mr. and Mrs. Pete Brown and family. Mrs. Brown came and took the Keenoms home with her and brought them home and stayed a few days here visiting friends. Keenom reported the fishing as very good at Potsboro.

## Crossbred Steers Bring Good Price

A study here shows that crossbred steers can bring just as high a price at the market place as straight bred steers.

There has been a stigma associated with crossbreds in the past--and almost invariably they would bring less than a comparable straight bred animal.

But no more, says Walter Kruse, of Texas A&M University's Livestock and Forage Research Center.

Kruse marketed 26 crossbred steers this spring that brought an average of \$23.25 per cwt. He sold 30 Hereford steers that brought \$23.24 and four Angus steers that brought \$22.96.

"There was no significant difference in price whether the animal was straight bred or crossbred," said Kruse.

The highest price paid per pound was for a Hereford steer that brought \$24.30 per cwt.; the lowest price per pound was for a Brahman cross at \$22.10 per cwt.

About the only noticeable price difference was in steers weighing less than 800 pounds. These brought about 50 cents less per hundred.

Kruse points out these steers were sold at community auction in Central Texas--but believes there is a lessening of price discrimination against crossbred steers over most of the state.

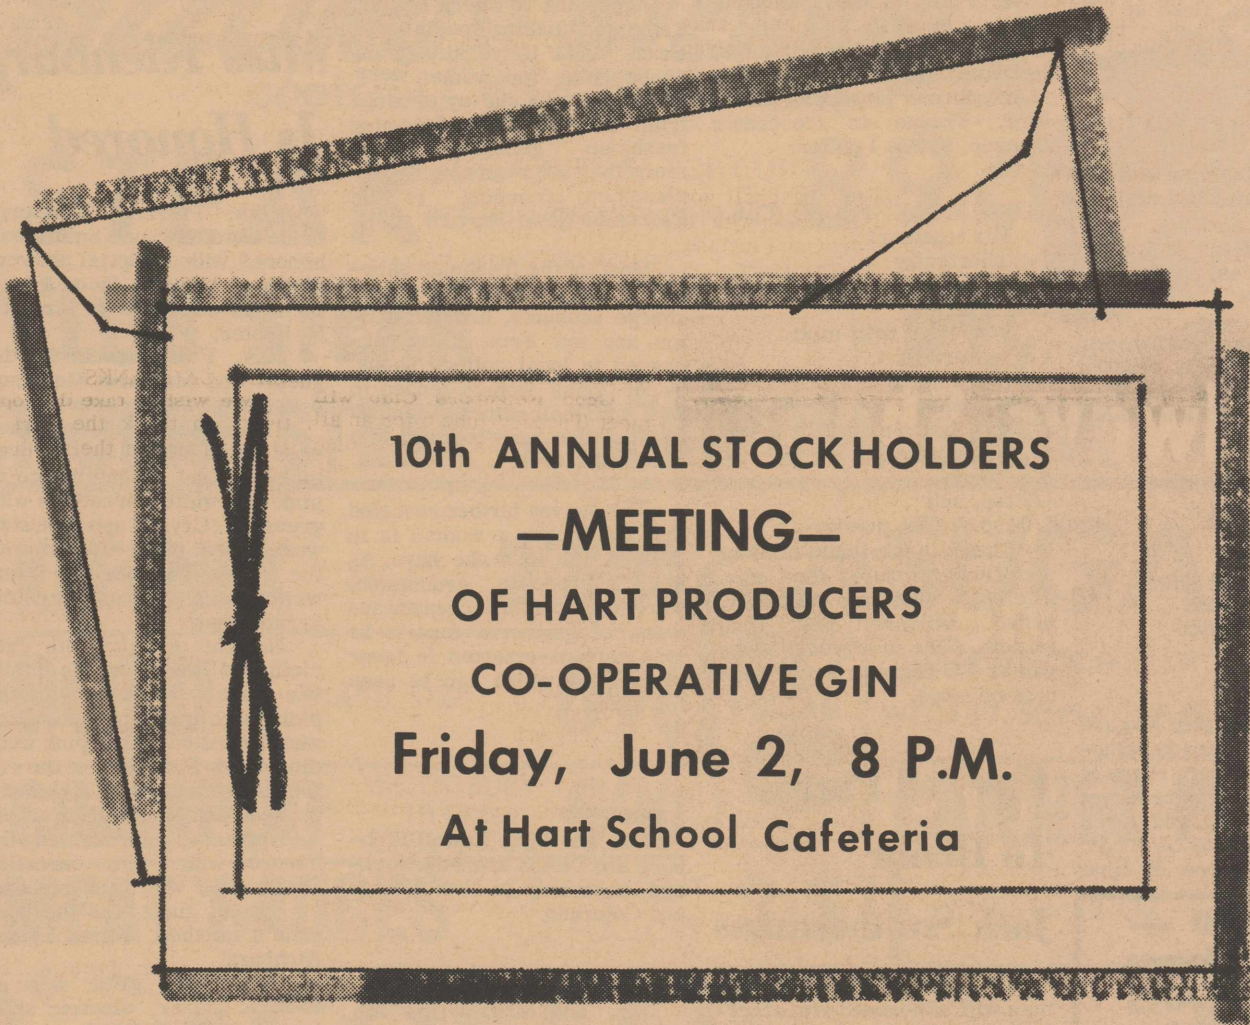

#### CARD OF THANKS

I would like to thank all my friends for their cards, visits and help during my recent illness.

## KITCHEN KORNER

By Lela Gallion

It finally rained just when I didn't think it knew how. I love these sleepy, rainy days especially if I can find a good book to read and also find the time.

I was thinking you might have a very special recipe you would like to share with me and my readers and if you do I would appreciate it. Write me Box 172, Hart, Texas. Thank You.

### COTTAGE CHEESE CAKE

2 eggs, well beaten  
1 c. sugar  
1 1/2 lb. cream-style cottage cheese  
1/4 c. sifted flour  
1/4 c. lemon juice  
Graham cracker mixture

Beat eggs and gradually beat in sugar. Mix into evaporated milk, salt, cottage cheese, flour and lemon juice and rub through a fine sieve. Pour into an oiled 8x8x2-inch cake pan that has been lined with 3/4 of the graham cracker mixture. Sprinkle remaining cracker mixture over top of cake. Bake at 325 degrees F. for 1 hour. Turn off heat and leave cake in oven for another hour.

### GRAHAM CRACKER MIXTURE

1/2 c. butter or margarine  
20 single graham crackers, crushed  
1/4 tsp. cinnamon  
2 T. sugar  
2 T. flour

Melt butter or margarine. Stir into mixture of finely crushed graham crackers, sugar, flour and cinnamon. Blend thoroughly.

### REFRESHING PUNCH

3 pkgs. lime jello  
6 c. water  
1 can frozen orange juice  
1 can frozen lemonade  
1 quart pineapple juice  
Sugar to taste  
1 quart ginger ale  
Lime Sherbet  
Dissolve Jello in water and add orange juice, lemonade, pineapple juice and sugar. Place in refrigerator until time to serve. When ready to serve, add ginger ale and fill glasses 2/3 full, putting a tablespoon of lime

sherbet in each glass.

### HOT MILK CAKE

1/8 cup butter  
1 cup sugar  
1 cup flour  
1/2 cup milk  
Pinch salt  
2 eggs  
1 tsp. baking powder  
1 tsp. vanilla.

Beat eggs thoroughly, add vanilla and sugar and set aside. Sift dry ingredients together. Add butter to milk and bring to a boil, then add alternately with sifted ingredients to first mixture. Bake 35 minutes in moderate oven. Do not remove from pan.

### FILLING

3 T. butter  
2 T. cream  
5 T. brown sugar  
Cocoanut

Mix butter, sugar and cream thoroughly and add 1/2 can cocoanut. Spread on top of cake and place in oven to brown. Cut in squares and serve while hot.

### ORANGE SHERBET

2 cans Eagle brand milk  
Juice of two lemons  
6 orange soda pops  
1 No. 2 can crushed pineapple

Combine milk and lemon juice, let stand for 5 minutes. Add soda pop and pineapple. Blend well. Freeze in ice cream freezer. Makes 1 gallon.

### BUTTERMILK POUND CAKE

Mix together:  
1 c. shortening  
4 eggs  
2 c. sugar  
In another bowl mix:  
1 c. buttermilk  
1/2 tsp. vanilla  
1/2 tsp. soda  
1/2 tsp. lemon extract  
Sift together:  
3 c. flour  
1/2 tsp. salt  
1/2 tsp. baking powder

Alternate the liquid mixture and flour mixture, then mix. Then mix them into the butter, sugar mixture. Beat until smooth. Bake in a greased tube pan at 375 degrees for 45 minutes or more.

## Apparel Is Main Cost At College

Although tuition and living costs have increased this year at many colleges, much of the total college expense can be found in a girl's closet.

According to Rheba Boyles, Extension clothing specialist at Texas A&M University, wardrobe costs for women were estimated by a survey to range from \$200 to \$500. Incoming freshmen generally bought more than the returning upperclassmen, according to the Fairchild News Service study.

Most of the freshmen shopped at home, using the family charge accounts, and left fill-ins and fad items to be purchased in local college shops. Upper class women tended to wait until their return to campus because they were familiar with the local stores.

The survey further revealed that the longer a woman is in college, the less she buys. As she approaches graduation, wardrobe content decreases and types of garments tend to be less campus-oriented in favor of clothing which can be used for a job.

## McGuire, Follis Vows Exchanged In Portales

Miss Linda McGuire of Portales, N. M. became the bride of David Carroll Follis, son of Mrs. Juanita Follis, in the Immanuel Baptist Church, Sunday afternoon.

The bride wore a street-length dress and carried a bouquet of pink roses, atop a white Bible.

Attendants were the groom's sister, Keta Follis, Gin and Sonny Carter and John McGuire brother of the bride.

The reception was held in the home of Mr. and Mrs. Sonny Carter. Tradition wedding cake was served from a table covered with a white lace cloth.

## Church School Has 48 Enrolled

The First Methodist Church held its vacation church school the week of May 22-26, directed by Mrs. Marlene Bennett.

There were 48 children enrolled. A program was given for parents and visitors Friday, May 26, at 2:30 p. m.

## Miss Richburg Is Honored

Miss Patricia Richburg, bride-elect of David Smith, was honored with a nuptial shower, Monday, May 29 from 4 to 6 p. m. in the home of Mrs. E. E. Foster.

Mrs. Foster received the guests and Margaret Morrison presided at the register.

The serving table was covered with a white lace cloth over pink and had a centerpiece of pink and white carnations with greenery. Crystal appointments were used. Pink ribbon with the names Patricia and David written in silver completed the arrangement.

Napkins of white with Patricia and David written in silver were used in serving the pink punch and white cake, which was decorated with a pink wedding band. Presiding at the refreshment table were Mrs. Bobby Reed and Mrs. H. H. Parker. Hostesses presented the honoree with a white carnation flower tied with pink ribbons. Special guest was the honoree's mother, Mrs. Lester Richburg.

Hostesses gifts were an electric mixer, electric skillet and broiler.

Those serving as hostesses were Mmes. C. B. Landers, W. C. Crick, G. R. Bennett, Ed Bennett, Bob Bennett, E. E. Foster, Theron Morrison, H. H. Parker, W. A. Hawkins Sr., W. A. Hawkins Jr., B. H. Rogers, R. L. Hawkins, Hubert Maples, M. L. Aven, Bobby Reed and H. E. Loman.

### VISIT'S LACYS

Mr. and Mrs. D. N. Cantrell returned to their home in Nashville, Tenn. this week after spending a week here visiting their daughter, Mr. and Mrs. Darrell Lacy and family. Pancho Lacy accompanied his grandparents to Nashville to spend the summer.

### FIRE CALL

The Hart Fire Department answered a call to the Buster Aven home on Thursday morning where some tennis shoes in a clothes dryer caught on fire. There was only minor damage to the tennis shoes and a smoky utility room.

The couple will make their home in Portales, N. M. where the groom is employed.

Those attending the wedding from Hart were Keta Follis, Roy Muse, Betty Jo Follis and Roy Cox.

## Women's Fashions Include Shoes With Leather Lining

Fashions for women this season include shoes lined with leather. Leather linings give extra comfort and longer wear to shoes, but cost no more, says Rheba Boyles, Extension clothing specialist with Texas A&M University.

Leather linings give any shoes an extra bonus-- closed pump or sandal. The lining is made from split cowhide, sheep, or kid leather and helps retain the original contours of the shoe. Leather lining eliminates curling and buckling of leather.

The almost weightless and very thin lining is made of millions of tiny pores. Fresh air enters the shoe from all sides. Your feet stay dry, comfortable, and free from that burning feeling caused by excess perspiration.

Leather lining comes in many colors and designs. Some linings match the shoe itself or complement the shoe's color. Polka dots or printed linings are found in some shoes, but frost white, black and beige still remain popular colors.

## Orange Products Are Plentiful

A larger pack of frozen orange juice concentrate has resulted from a large orange crop this year, reports Gwendolyne Clyatt, Extension marketing specialist with Texas A&M University.

As processing continues, supplies are expected to mount sharply and lower prices are already evident. Special prices may be seen on frozen strawberries due to heavy carry-over. Grapefruits and oranges are top items at fresh fruit counters, with apples, pears, bananas, avocados, and pineapples available.

Carrots, head lettuce, broccoli, celery, eggplant, loose turnips and potatoes are among the best vegetable values. Pork is a reasonable meat and is a good choice in family meals, Mrs. Clyatt says. Features will vary from store to store with a variety of cuts available at attractive prices. Pork chops, Boston butt, and whole loins all offer good values. Beef chuck roast and steaks, liver, and ground beef are low priced items.

The salmon pack is about 35 percent larger than last year. The varieties that are deep red in color have a higher fat content and are higher priced than the pink varieties.

Watch for new ice-cream flavors to add variety and interest to the three most popular flavors of vanilla, chocolate, and strawberry. Average consumption of ice cream per person per year is 21 quarts in the form of cones, bars, sodas, sundaes, splits, and plain ice cream. This averages out to a pint of ice cream a week.

# Summer Vacation Recommended By Doctors For Rejuvenation

The traditional summer vacation of the American family is highly recommended by your doctor. The family needs to get away from customary home and office chores, forget day-to-day worries for a short time and generally get rejuvenated and ready to face another year.

Whether your vacation will be a short trip to a nearby lake, camping out in a national Park, a plane trip abroad, or what have you, there are a few things to keep in mind that will help avoid having the holiday spoiled by illness.

Depending on where you're going, you may need some vaccination shots. Tetanus, certainly, for anyone who expects to include some out-of-door activities. Typhoid, if your journey includes areas where the water supply is uncertain. Smallpox, if you're planning to leave the United States to visit a foreign land. Ask your doctor about these, and possibly other, immunizations.

The American Medical Association suggests that you remind yourself to use common sense about your vacation diet. Many a family trip has been

spoiled by too many roadside hamburgers and soft drinks. A sound rule while driving crosscountry is to eat lightly. Be cautious about heavy, rich meals, particularly if you're not accustomed to such fare at home.

Know what sort of climate you will encounter at your vacation spot and dress accordingly. It can get cold in the mountains at night, even in midsummer. Good walking shoes are important to the travel wardrobe.

If you wear glasses, take along an extra pair. Or at least a copy of your prescription. If you're taking a regular medication, make certain of your supply before you leave.

And, finally, don't overdo it. Almost no one other than a trained athlete is ready for 36 holes of golf or five sets of tennis under a broiling sun. Schedule your vacation to allow

daily rest periods. Do most of the driving in the morning hours and stop for the evening in early or mid-afternoon.

Your vacation should be a holiday for rest and relaxation. It should not be a grind that necessitates another vacation to rest up from the vacation.

## Manufacturers Feature Variety

The family shopping the market for a new sofa this year will find a range of optionals paralleled only by the automobile industry, says Jane Berry, Extension housing and home furnishings specialist with Texas A&M University.

Some quality features which were formerly offered as optionals for an additional price are now standard equipment in medium-price sofas.

According to the National Association of Furniture Manufacturers, optionals include a wide range of cushionings, from the basic spring-foam construction through all the diverse types of high quality cushionings, to meet individual comfort desires. Optionals also include a broad choice of frame finishes and fabrics, from base grades to those considered very decorative and more exclusive.

Certain additions that advanced the price of the sofa just a few years ago are now considered standard. Treatment of fabrics to render them soil resistant, arm covers to protect fabrics, and a choice of skirt tailoring details are but a few such features.

The store that emphasizes furniture with a soundness of both design and quality is the best ally a consumer has. When a consumer shops at such a store, she is relieved of the responsibility of knowing all the different types of construction used by manufacturers and she can rely on the retailer's word for construction.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

State Legislators wound up their 60th session here on schedule, despite a hectic flurry of last-minute assignments, and left behind a far-reaching record of achievement in many areas.

No one can deny that there were some notable failures. But the accomplishments were impressive.

Here is a random look at some of the session's highlights:

**\*BUDGET--** Lawmakers agreed on \$2,400,000,000 in spending (\$446,800,000 from general revenue) for 1968, without passing a tax bill. They will come back next year to budget for 1969. Funds provide for substantial increases in all areas of state government, including education, health, general administration and welfare.

**\*SCHOOL TEACHERS--** After requesting a \$68,000,000 salary increase program and being offered \$55,500,000 by the Senate, teachers finally got \$51,000,000.

**\*STATE EMPLOYEES--** These workers came up with their most substantial salary benefits in history. Raises averaged about 14 per cent and ranged up to 30 percent and more in some salaries.

**\*MEDICAID--** Title 19 hospitalization and medical aid to the needy -- most dramatic step in public welfare since launching of social security -- was implemented for Texas by passage of a special act and appropriation of nearly \$25,000,000.

**\*EDUCATION --** Money was made available for 2,300,000 public school pupils and a 26 percent increase in higher education spending. Junior college appropriations were increased

from \$13,600,000 to \$24,000,000.

**\*CITY SALES TAX--** Cities got the authority they sought to supplement their property tax income by levying one per cent sales taxes on vote of their citizens after next August.

**\*LABOR--** Although defeated on minimum wage legislation and workmen's compensation law revision, labor came to terms with management on a compromise industrial safety act and an increase in unemployment compensation benefits from a maximum of \$37 to \$45 a week.

**\*CONSUMER CREDIT--** State's first consumer credit code regulates lending at all levels. Rates of up to 240 per cent on very small loans stirred controversy, but the bill passed by big margins.

**\*TRAFFIC SAFETY --** Major part of Gov. John Connally's recommended highway safety program was approved. It included a new drivers' license act, an auto inspection bill and establishment of a traffic program to be administered by the Governor.

**\*OPEN MEETINGS --** Another Texas legislative first, an act to require open meetings of governmental agencies at all levels was signed into law by the Governor who termed it "a great step forward to provide a means whereby the public can be more informed on governmental and public affairs."

**\*REAPPORTIONMENT --** Legislators agreed on both congressional and state House of Representatives redistricting. However, they could not get together on judicial reapportionment.

**\*WATER--** Texas Water Development Board received \$1,200,000 more for its oper-

ations and completion of a statewide master plan. Texas Water Rights Commission got a boost of \$484,422 to aid in administering the new water rights adjudication act which also is a product of the 60th session.

**\*POLLUTION --** Strengthened Water Pollution Control Board got \$13,100,000 for its 1968 operations. An air pollution control measure also became law.

**\*SUNDAY CLOSING--** Lawmakers tightened Sunday closing laws by repealing the "emergency purchase" provisions of the old law.

Key recommendations of Governor Connally which failed to clear the Legislature were proposals for sweeping revision of the state constitution by a 450-member convention and legalized sale of liquor by the drink.

A bill to legalize parimutuel wagering on horse races never came to a showdown vote, but a referendum on the issue was approved for inclusion on next May's Democratic and Republican primary election ballots.

**CONNALLY VETOES --** Most of the bills passed by the Legislature are signed into law. But once in awhile the governor vetoes a measure. One he vetoed would have allowed cigarette distributors to make payment for cigarette stamps purchased from the state within 15 days after the purchase rather than when the purchase is made.

Connally said he vetoed the bill because, although it would have required the distributors buying on credit to put up a bond, "this surety bond does not change the constitutionality of pledging the state's credit."

In addition, the Governor said the state comptroller has informed him that "the general revenue fund in the treasury would lose approximately \$5,500,000 during this current fiscal year because of the delay in payment for cigarette stamps."

**LEGISLATORS' PAY--** Both Houses approved -- and the people will get a chance to vote on -- the proposed constitutional amendment which would raise the salaries of legislators from the current \$4,800 to a maximum of \$8,400.

The measure, authored by Rep. Alonzo Jamison of Denton, will be placed on the bal-

## Conference Votes For Uniting Of Churches

Northwest Texas Annual Conference meeting in Abilene, with McMurry College as hosts May 22-26, voted in favor of Uniting with the Evangelical United Brethren Church, and for the Constitution proposed for the church to be known as the United Methodist Church.

This proposal must pass the Annual Conferences of both The Methodist Church, and the EUB church by a two-thirds majority to effect the union.

Theron Morrison and David Willis attended the conference as the lay member and reserve lay member. Each appointment charge has two votes, the ministers and the lay members.

Conference was presided over by the president Bishop Eugene Slater, who has an area of two conferences, the Northwest Texas and the Southwest Texas Annual Conferences.

Bishop Slater was elected by the Jurisdictional Conference (South Central, composed of eight southwestern states) seven years ago when he was pastor of Polk St. Methodist Church, Amarillo.

Evangelical United Brethren and Methodist Church have much in common, from the

days of the American Colonies. In those days, the EUB was German speaking, which was a barrier for a long time, to union.

If the proposal for union passes the vote, it will be done at the General Conferences of both bodies meeting in Dallas, 1968. The General Conference is the Governing Conference of The Methodist Church. Not many changes will come from this union in doctrine or program, but in the northwest and in Canada the two local congregations will merge in the smaller towns.

## April Sales Of Bonds Told

April sales of Series E and H United States Savings Bonds amounting to \$2,099 in Castro county were reported today by Judge R. E. Wilson, Chairman of the Castro county Savings Bonds Committee. This is a 29 per cent of the county's goal of \$90,000.

Total purchases of E and H Savings Bonds in Texas for the month of April amounted to \$13,817,202. The January-April sales for the state totaled \$56,389,486 which is an increase of 8 per cent over the same period of 1966.

Nationally, cash sales of E and H Bonds for the first four months of 1967 amounted to \$1,770 million, 4 per cent above sales during 1966. Sales of E Bonds alone for the first four months were \$1,640 million, an increase of 6.3 per cent over 1966's \$1,543 million.

## Michael Reed At Ft. Sill

FT. SILL, OKLA. (AHTNC) - Private Michael P. Reed, 22, son of Mr. and Mrs. Glyn Reed, Hart, completed eight weeks of advanced artillery training May 25 at the Army Artillery and Missile School, Ft. Sill, Okla.

He was trained as a cannoneer in field artillery.

His training included maintenance and firing of artillery guns, howitzers and heavy machine guns. Instruction was also given in ammunition handling and communications.

During his last week of training, he participated in day and night firing exercises.

lot in the next general election to let the voters decide whether they want to raise the salaries of their representatives and senators.

**EDUCATION FUNDS DISTRIBUTED--** Governor Connally has approved an expenditure of more than \$1,080,000 requested by the Texas Education Agency under Title III of the Elementary and Secondary Education Act for educational planning in a variety of fields.

Some \$67,590 will go to schools in Edinburg, Corpus Christi, Victoria, Orange, Kilgore, Mount Pleasant, Wichita Falls, Dallas, Waco, Abilene, San Angelo, Lubbock, Midland, El Paso and San Antonio. Bryan and A&M school districts each will receive \$22,508.

Money can go for salaries, consultant fees and travel. Grants soon will be transferred to the board of directors for the Education Service Center in each geographic region of the state.

**COURTS SPEAK--** The Texas Supreme Court will hear arguments on the right of cities to tax buses used in interstate traffic. The case arose from Fort Worth's taxing 277 Greyhound buses.

The Third Court of Civil Appeals refused to subscribe to "doctrine of recent origin" which would increase by \$100,000 damages awarded the heirs of four men killed in a Colorado plane crash. Heirs had sued Mustang Aviation, Inc. of Dallas.

**ATTORNEY GENERAL RULES--** Galveston County Memorial Hospital employees and other public workers have the right to be represented by a labor union if the union does not claim the right to strike or bargain collectively, Atty. Gen. Crawford C. Martin has held. In other recent opinions, Martin concluded that:

\* Water control and improvement districts and fresh water supply districts do not have the authority to acquire and maintain fire-fighting facilities and equipment.

## Veterinarians To Hold Meet At Texas A&M June 14-16

Three scientists, described as the "top men in their fields in the United States," will make talks during the 20th annual Texas Conference of Veterinarians June 14-16 at A&M University.

They are Dr. W. D. Ommert, horse practitioner at Monrovia, Calif.; Dr. R. P. Knowles, Miami, Fla., practitioner; and Dr. H. L. Marsh, a practitioner at Princeton, Ill.

Dr. Ommert will discuss unusual radiographic findings and various hazards in equine practice. Dr. Knowles will describe surgical techniques, and Dr. Marsh will talk on approaches and observations in cattle and swine practice.

Dr. R. D. Turk of the A&M College of Veterinary Medicine, conference committee chair-

man, said 200 to 250 persons are expected to attend the meetings in the Memorial Student Center.

He said the Texas Veterinary Medical Association will hold meetings June 14 at the conference. The president is Dr. R. C. Mallett, and the president-elect is Dr. A. I. Flowers, both of Texas A&M.

The overall session also will serve as alumni reunions for the classes of 1927, 1937, 1947 and 1957.

Conference talks start at 9:45 June 15 with an address of welcome by Dr. A. A. Price, dean of the A&M College of Veterinary Medicine. Other topics that day are care of chimpanzees in research, Capt. D. C. Van Riper, USAF Vet-

erinary Corps, Holloman AFB, New Mexico; wildlife diseases, Dr. R. M. Robinson, Texas A&M; and mineral nutrition in cattle, Steele Wright, president of Texas Farm Products Company, Nacogdoches.

Others are immunologic procedures, Dr. H. P. Hobson, Texas A&M, and cardiac resuscitation in the dog, Major G. L. Anstadt, USAF Veterinary Corps, Brooks AFB, San Antonio.

Banquet speaker that night at 6:45 is James Gillie of Bartlesville, Okla., manager of feed ingredient sales for Phillips Petroleum Company.

The June 16 program starts with a discussion on population trends by Dr. R. L. Skrabanek, A&M Agricultural Economics and Sociology Department, and A&M's new toxicology laboratory by Dr. R. D. Radeleff, director of the facility.

Dr. Turk said the June 16 session also will include closed circuit television of clinical demonstrations at the College of Veterinary Medicine.

## Home Gardening Now Under Way Across Nation

The home gardening season is in full sway across the nation again this month.

After long months of winter, followed by spring rains, millions of American householders are back at the annual battle with crab grass and insects in the perennial effort to add a touch of natural color and beauty to the American scene.

The American Medical Association recommends gardening as good therapy and good exercise for almost everyone. Gardening also entails some hazards of health and safety, most of which can be avoided.

\* If you have done nothing more strenuous than sit by the fire most of the winter, by all means take it easy for the first few weekends of gardening. Give your muscles a chance to regain strength gradually, rather than trying to do too much on the first day out.

\* Gardening often brings cuts and scratches from twigs, thorns, sharp tools. First aid usually consists of washing the scratch with soap and water and applying an adhesive bandage. Let it bleed a little to wash away impurities. Deeper cuts may require medical attention.

\*Tetanus germs are harbored in the soil, particularly if barnyard fertilizer is used. The home gardener who fails to protect himself with tetanus immunization is courting lockjaw.

\* Insect sprays and powders, plus poisons that kill weeds, are useful adjuncts to gardening. These, also, have inherent hazards if improperly or carelessly used. Once again, read the directions, especially the warnings.

\* Bees, wasps and spiders are out for the spring season too, and now and then one of

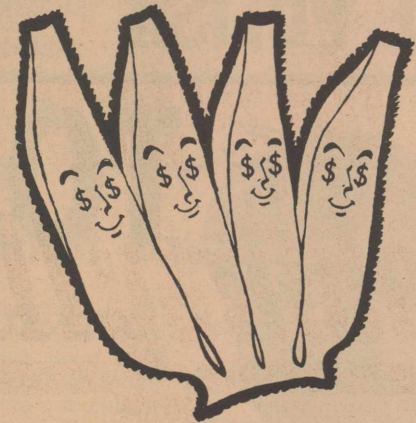

them may sting you. For most of us, a sting is painful and causes swelling, but it isn't serious. If you are one of those individuals with an allergy to insect bites, ask your doctor about the desensitizing injections.
