Hart Day Acclaimed Big Success

WINNING FLOAT in the Hart Day Parade staged in Hart Tuesday, Aug. 15. There was a big turnout for the parade, as well as for the playday of the riding clubs and the oldtimers get-together held at the community room of the bank.

Trophies Presented By Local Merchants

More than a dozen Hart and area residents took home something more concrete than the happy memories shared by all here Tuesday as Hart Day drew to a close.

Following are trophy winners in each parade event: BEST COSTUME--Mrs. Fred Hamm and T. R. Davis. (Mrs. Hamm is the daughter of pioneer T. W. Hart for whom the town was named.)

OLD CAR-- James Webb. BICYCLE-- First, Kelly King; second, Monica Phillips; third, J. D. Hicks. (Cups went for second and third place.)

UNICYCLE--Gayle Reed. FLOAT-- Soila's Beauty Shop.

RIDING CLUB-- First, Swisher County Sheriff's Posse; second, Lamb County Sheriff's Posse; third, Dimmitt Riding Club.

Following are Play Day winners of all round trophies in each age division. Winners were top scorers in at least three different events.

PEE WEE--Girl, Dana Mc Clain; boy, Harley Joe Malone. JUNIORS-- Girl, Nelda Henderson; boy, Terry Nicholas of Littlefield.

SENIORS--Girl (tie), Gay Nicholas of Littlefield and Margie Arnold of Tulia; boy, David Dalton.

Ribbons also went to second and third place Play Day winners.

Entries in the parade included, in the order of their appearance:

Flags, Mayor E. E. Foster, Hart High School cheerleaders, Future Farmers of America members, Miss Dimmitt, Lions

Queen, old car, fire trucks (driven by Hart old settlers), bicycles, unicycles, (floats), Girl Scouts, Beta Sigma Phi members, Good Neighbors, Soila's Beauty Shop, James Kennedy, (other entries) Jones Seeds and Farm Supply, Hart Co-Op Gin, Ed Harris Lumber Co., Tide Products, Richburg's Cart, (riding clubs) Cochran County 4-H Club, Lamb County Sheriff's Posse, Swisher County Sheriff's Posse, Dimmitt Riding Club, Nazareth Roping Club, and Hart Junior Riding Club.

Pre-Schoolers To Register

Hart School Supt. W. A. Gardenhire this week reminded parents of children who will be six years old before Sept. 1 of the pre-school registration at the elementary school from 9 a. m. to 12:30 p. m. Aug. 25.

Students must bring birth certificates and small pox health cards and are also urged to bring 35 cents for lunch in the school cafeteria and \$3 for workbooks.

Parents will be asked to leave children with teachers after checking them in, Gardenhire said.

All other students will register during the first day of regular class Aug. 28. They are also asked to bring \$3 that day for workbooks.

Hart School Board Members Approve Budget, Teachers

Members of the Hart School Board approved a \$404,395.02 budget for the school year beginning Sept. 1 during their regular meeting Monday night.

Anticipated expenditures are \$27,421.23 above last year's budget of \$376,973.79.

Supt. W. A. Gardenhire cited increased cost of materials and supplies and an expanded curriculum as main causes for the budget boost.

Trustees also approved appointments of four new teachers and one new administrative person for the coming year.

W. E. Washburn will teach high school math, Keith Huggins will teach junior high math, Glynda Gragg will be a first

grade teacher, and Bro. Fred Brown was named attendance officer.

Gardenhire told the board he expected to fill all remaining faculty positions later this week.

In other action, the board set next Thursday as deadline for receiving bids for the 1967-68 school cafeteria milk contracts. Interested parties are asked to deliver bids to the superintendent's office.

Bids for the school gas contract will be opened at the Sept. 11 board meeting and must be in the superintendent's office before that date.

Trustees also approved Schaeffer & Harden, certified public accountants of Dimmitt, to draw up the school systems annual audit.

Gardenhire outlined a plan to dissolve a current agreement with Clyde Mace Oldsmobile & Buick Co. of Plainview through

which the school was to be supplied a vehicle for a School Car Program.

He explained that recent changes in Texas driver education laws would restrict participation in the program to 16-year-olds and, therefore, make the proposed program unpractical for Hart. Action will become effective Sept. 1.

Board President Ralph Futrell appointed a committee to study bus garage equipment and make recommendations to replace supplies lost in a fire that raked the garage earlier this summer.

The committee was also charged with studying refrigeration needs in the school cafeteria and making any needed recommendations.

Gardenhire also announced that a new 60-passenger bus will be delivered to the school by the middle of September.

Bob Hill Overcome By Spray

Bob Hill, manager of Hill Feed Lots in Hart, was released from Plainview Hospital Wednesday morning following treatment for insecticide inhalation.

He was overcome while spraying at the lot Friday.

35 Out For Football

Head football coach Don Ewing reported this week that 35 boys turned out for the first full practice in preparation for the 1967 gridiron season.

He added that ranks should swell by at least 10 between

now and the start of school Aug. 28.

"The boys seem to have great attitudes this year," he observed, "and really want to work and win."

At City Meeting

City Residents Seek Alterations

Approximately 30 persons claiming ownership or interest in property taxable under a recently approved \$65,514 paving project in Hart appeared at a hearing before the City Commission Monday night to seek alterations in the plan.

The project, approved by the commission July 17, could cost as much as \$5 a foot for residents with property along the 10 city streets affected.

Included are sections of Aves. B, and C from 1st St. to 4th St., Ave. D from 2nd St. to Broadway, Ave. D from Broadway to 7th St., 2nd St. from Ave. B to Ave. E, and 7th St. from Ave. A to Ave. D.

Mayor E. E. Foster said improvements to Aves. B, C, and D running east and west have had final approval, but no decision has been made on a north-south street to connect them. The matter will be discussed, he said, during a meeting to be called later.

The project will involve raising and grading roadways and installing curbs, gutters, sewers, and drains where necessary. Of the \$5 tax, \$1.70 will be paid for each foot of curb and gutter and \$3.30 per foot will be assessed for all other improvements, according to the City Resolution.

Equipment To Be Displayed At High Plains Field Day

The farm equipment display and demonstration will again be a major attraction at the 11th Annual Field Day of the High Plains Research Foundation on Thursday, Sept. 14.

This feature of the Annual Field Day has grown in popularity each year. At the 1966 Field Day, sixty-two major firms had their latest in farm equipment on display. The exhibitors were occupied all afternoon showing, describing and operating their products for the thousands of farmers and other visitors.

The displays include nearly every kind of equipment used in successful operations of farms and ranches. Some of the displays included irrigation equipment, tractors, combines, land levelling, planting, cultivation, spraying, flame farming, herbicides, insecticides and fertilizer equipment manufactured and sold by various companies and individuals.

A group of members of the Board of Trustees will be hosts

for the display and exhibition. Members of the host committee will be on duty one hour each during the afternoon to direct visitors to the type of equipment they would like to see demonstrated. Cold drinks will be available as usual furnished through the courtesy of Gifford Hill Western. Their traditional location will be at the spot where visitors unload at the end of the field tours.

Dr. Tom Longnecker, Director, stated "It has been our custom to assign sites for the location of displays on a 'first reservation first choice basis'. Due to the number of people interested in the display who will arrive early on the 14th, it has been the custom to have the equipment in place by Wednesday evening."

Lingering Memories

Hart Day is a thing of the past and will be remembered fondly by those who attended all the festivities.

The success of the community-wide project was a credit to everyone in the town of Hart. The interest which was shown by everyone is one way of each person showing that he was proud to have a part in "Making Hart Day A Better Day."

The number of floats, bicyclists and riding clubs along with all other entries was amazing for such a small town!

And we at the Hart Beat were proud of the Hart citizens for turning out in such great numbers to assure everyone that this was THEIR day!

There is already planning of next year's Hart Day and those planning are hoping to make it even a bigger success and we feel sure that it will be.

The women's clubs, civic clubs and riding clubs are to be commended for their participation in providing so many floats, especially at this busy season of the year. It was REAL interest and civic pride which made it possible for these people to find the time to help get these beautiful floats, cars, etc. ready for the parade.

We want to say CONGRATULATIONS! To a great little town.

Barbeque To Be Held At Boys Ranch Rodeo

Giant-sized barbeque beef sandwiches, prepared and served by the boys, will be one of the special attractions of the 23rd annual Cal Farley's Boys Ranch Rodeo.

The barbeque beef sandwiches, which will be sold for \$1.00 with potato chips, iced tea, and all the trimmings, will serve two purposes. They will allow visitors to come early to the rodeo and picnic, and they will provide Boys Ranchers who are studying meatcutting

and cooking in the Ranch's vocational training program with a practical opportunity to show the skills that they have learned and, at the same time, a chance to build their Ranch home through concession sales.

All the meat served will be Boys Ranch beef, prepared by boys who have received their training by cooking the meals for the 348 Ranchers in the Ranch's dining hall.

Performances of the Boys Ranch rodeo will begin at 2:30

p. m. on both Sunday and Monday, Sept. 3rd and 4th, and will be the biggest Labor Day event in the Texas Panhandle. Advance tickets for the two performances are available from the Boys Ranch office, Box 1890, Amarillo, Texas. Box seats are \$2.50, general admission tickets are \$1.50, and children and servicemen in uniform will be admitted for 75¢.

Local Man

Attends Training

Ed Hutto, Bovina area manager for Tuloma Gas Products Company, reports that Tom McLain, Hart plant manager for Tuloma, recently attended a training clinic devoted to his firm's new line of Crop-Mate fertilizers.

Hutto said the training session included instruction in soil sampling techniques and in interpreting soil analysis reports.

According to Hutto, Crop-Mate fertilizers will be manufactured at the company's fertilizer complex which includes a modern soil testing lab at Holland, Tex. The Crop-Mate fertilizers are designed to meet specific needs of Texas soils and crops.

McLain, Hart fertilizer representative, has been with Tuloma since 1966. He and his wife Laverne and their two children live in Hart.

PAID TOO MUCH--Sabine River Authority employees working on Toledo Bend Project are paid too much money, according to Texas and Louisiana state auditors.

More than \$46,900,000 has been spent by the two states on the giant multiple purpose dam and reservoir at Toledo Bend. Salaries since 1962 have totalled \$623,017, audit report noted.

COOK UP A PARTY!

And what a party it's going to be with a new gas range to help. You can create all kinds of festive recipes. With a gas range you have unlimited temperature control, not just a few fixed dial settings. You adjust your gas range to the perfect temperature for the most delicate recipes. And when a quick temperature change is required, it's easy . . .

with instant on - instant off control. No hang-over heat. A gas range lets you broil with the oven door closed. Inside, grease splatters and smoke are consumed by the gas flame. No mess, no over-heated kitchen. Your friends will notice! Delicious foods always leave a good impression. So, how about it. Cook up a party with clean, economical gas.

Hart Day Festivities

Scenes From Parade

KITCHEN KORNER

By Lela Gallion

We had the nicest turnout for Hart Day I am so proud that everyone took such an interest in it and we saw so many out of town folks here too. Now we are more convinced than ever that it pays to advertise. As Hart Day was well advertised and there were more people in downtown Hart than I have seen at one time since I have lived here and that has been 17 years. And weren't those some pretty and delicious cookies the Good Neighbor ladies served?

Here are some pudding recipes requested recently.

RICE PUDDING

First part
1 c. rice
1 qt. boiling water
little salt

Second part
2 c. milk
2 eggs beaten
1 tsp. vanilla
Sugar to taste
Nutmeg

Wash rice thoroughly in cold water, stir rice while adding to boiling water, cook until done about 20 minutes. Drain well. Put rice in strainer, pour cold water over rice, drain well. Mix second part, add rice, put into buttered baking dish, set in pan with little hot water. Bake in moderate oven.

BERRY PUDDING

1 qt. berries (raspberries or blackberries)
3/4 c. powdered sugar
3/4 c. butter
1 lb. sponge cake, dry
6 eggs
Vanilla or lemon extract

Cook berries, Cream butter, sugar, add to berries, then crumbled sponge cake. Mix thoroughly. Beat egg whites

stiffly, beat yolks separately. Add beaten yolks to mixture, then beaten whites of eggs. Pour into well-buttered baking dish, bake in moderately hot oven about thirty minutes. Cool slightly, cover with meringue, return to oven to brown.

BREAD PUDDING

2 c. dry bread crumbs
1/2 c. granulated sugar
1 pt. cream or milk
4 eggs
1/4 tsp. Cinnamon
1/2 tsp. vanilla
4 T. butter
Few grains salt

Soak bread crumbs in cream. Add sugar and butter, beaten eggs, salt, flavoring. Place in buttered baking dish, add little chopped raisins. Bake about 40 minutes in 350 degree F. oven.

Summer Jobs For Youngsters Hold Double Tax Deduction

Summer jobs for son or daughter hold double deductions when income tax time rolls around.

Be sure you cash in on the extra break, says Mrs. Doris Myers, Extension specialist in home management at Texas A&M University. For examples, parents may still take the \$600 dependency deduction, no matter how much their youngster earns, provided the following conditions exist.

The young worker is a full-time student during at least five months of the year, or he is 18 years old or less.

The parents continue to furnish more than half the cost of his support.

In addition to parents' claiming a deduction, the young wage earner can claim his own \$600 exemption when he files his tax return. And it is now possible for him to earn as

much as \$899 tax free.

So take advantage of this double deduction, says Mrs. Myers. When claiming your deduction, also make sure junior files a return to claim a refund on taxes withheld by his employer.

Cattle Raisers To Meet

The quarterly directors' meeting of the Texas and Southwestern Cattle Raisers Association is scheduled Sept. 15-16 in McAllen, Texas. Headquarters will be the Fairway Motor Motel, according to Don C. King of Fort Worth, TSCRA secretary-general manager.

Committee meetings are scheduled on Friday. The general session will begin at 9 a. m. Saturday, with TSCRA President Ben H. Carpenter of Dallas presiding. The session is open to all members and all others interested in the cattle industry.

King urged all who plan to fly to the meeting to make plane reservations early.

Former Resident Buried At Spur

Funeral services for Hinton Lee Vick, 78, formerly of Hart, were conducted at 2:30 p. m. Wednesday in the Assembly of God Church in Spur with the Rev. B. Z. Curtis, pastor of the First Assembly of God Church of Lockney officiating, assisted by Rev. Don George, pastor of the First Assembly of God Church of Plainview.

Burial was in Spur Cemetery.

Vick was killed in a car-pickup crash about 8:50 a. m. Monday on U. S. Highway 70 three miles south of Plainview. He was pronounced dead at the scene.

His wife, a passenger in the car, is being treated for injuries at Plainview's Medical Center Hospital.

Four occupants in the pickup involved in the mishap were also treated for cuts and bruises but were not believed to be hurt seriously.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

Tijuana Brass Slated For Texas State Fair

Herb Alpert and the Tijuana Brass--the hot and happy sound that is making records and breaking records--will present two shows in the Cotton Bowl during the 1967 State Fair of Texas.

The two identical performances will be at 8 p. m. Tuesday, Oct. 10, and Wednesday, Oct. 11.

Mail orders are now being accepted by sending a check or money order to State Fair Attractions, P. O. Box 26268, Dallas 75226.

Reserved seats are \$4 and \$3, which includes admission to the fairgrounds. Each order should include 25 cents for handling or a stamped self-addressed envelope.

Overall dates of the 1967 State Fair of Texas in Dallas will be Oct. 7 through 22.

The superstar and his Tijuana Brass currently are the hottest musical acts in show business and the most imitated, with an estimated 400 groups copying The Big Sound.

At 30, Alpert has a wealth

of musical experience behind him. He studied horn with several teachers, including the first trumpeter of the San Francisco Orchestra. He spent two years in the Army as a trumpeter-bugler, mixing concert work with the blowing of "Taps" at as many as 18 funerals a day.

He does not pretend to play Mariachi music, but rather he incorporates the feeling of the bull ring in his arrangements. The Tijuana Brass music transcends age barriers, counting fans among the teeny boppers, the Hashbury group and the Lawrence Welk crowd.
