Burglar Hits Farmers State Bank

BANK ROBBER scared during an attempt to rob the Farmers State Bank Monday morning left all his tools at the scene and fled. His shoes were lost in his haste to get away. Shown here with all his tools is one of his shoes and the crowbar which he used to break the front window and make his escape.

A would-be burglar left with less than he came with early Monday morning when his attempt to crack the Farmers State Bank vault here was interrupted by a surprise visit by an armored car messenger.

Local and state police, Castro and Hale County Sheriff's Deputies, Texas Rangers, and a two-man team from the Federal Bureau of Investigation were thrown into the search for what some officers believe may have been as many as three men involved.

Roadblocks were set up until about 11 a. m. at six points around Hart, and passing motorists were warned not to stop for hitchhikers.

An intensive hunt began about 3:30 a. m. Monday when the bank's plate glass window was smashed by an 18-inch long crowbar hurled from inside the building.

City Marshall Emmett Burrows, who was parked about a block away when he heard the glass break, said he sped to the bank in time to see the armored car messenger leaving the back door of the bank after making what would have otherwise been a routine check pickup.

Willie Morgan, an employee of the Lubbock-Amarillo Armored Car Service, told Burrows when the marshall arrived that he had heard the glass break but had seen no one.

Morgan and Burrows then re-entered the bank and discovered a deep semi-circle gash cut into the metal vault on the right side of the combination lock. An acetylene torch was still burning in front of the safe when they entered, Burrows said.

The floor immediately in front of the safe was also cluttered with a large variety of

tools, including a crowbar, axe, and other prying devices.

Investigating officers later theorized the burglar (or burglars) heard Morgan coming and fled through a five-foot wide hole made by throwing a crowbar through the front window.

Officers later recovered an 18-inch long crowbar lying in the middle of the street directly in front of the window. They also found a man's shoe just outside the window, and another shoe about 50 yards north of the bank in a mud puddle behind Pay and Save Grocery.

FBI agents from Amarillo confiscated the items as evidence and prohibited pictures of the area after their arrival. Deputy Sheriff Granville

Urgent Drive Ends In Crash

What started out as an emergency trip to Olton Community Hospital & Clinic with an expectant mother included an unexpected and unwanted stop at a service station for driver Eusebio Robledo Acosta, 28, of Box 119 Hart early Sunday morning.

Olton Police Chief Jerry Smith said the Acosta auto, traveling south on FM 168 in a heavy fog, crashed through two barricades and slammed into the corner of Turner Shamrock Service Station near the intersection of FM 168 and U. S. 70 in Olton.

Mrs. Mac Jamenez, of General Delivery, Dimmitt, was taken to the hospital where she gave birth to a seven-pound, four ounce girl named Joanne about 11:35 a. m.

Her husband, also a passenger in the car, was treated at the hospital for minor cuts and bruises and released. The driver escaped injury.

Smith said the first barricade was blocking one lane of the highway near the work site of curb and gutter installations at the intersection. He said both barricades were lighted by flashing amber signals at the time of the 5:30 a. m. crash.

The late model car involved was heavily damaged, he said, but no damage was reported to the station.

Junior Riders Take Honors

Members of the Hart Junior Riding Club brought home honors at Play Day in Lubbock.

James McLain scored high points in the Pee Wee division for boys with Harley Joe Malone placing second.

Rex Henderson was high point winner in the senior boys division. Reta Henderson placed second in senior girls division.

The National Play Day will be held in Stephenville, Oct. 6-7.

On Gas, Refrigerator

Trustees Approve Bids

School trustees in a special meeting Tuesday night tackled a list of routine business which has developed in the wake of Hart's first three weeks of classes.

Board members approved the appointment of Mrs. Joan Clevenger as an extra teacher on a temporary basis--subject to relief if student enrollment declines.

They also accepted the resignation of Mrs. Paul Smith as teacher aid, effective Tuesday. Mrs. Smith plans to move with her husband to Fort Worth.

Supt. W. A. Gardenhire announced that applicants for the new aid position should contact him.

Trustees also discussed school personnel expense accounts and decided to operate through December on a system

whereby administrators and faculty will be paid mileage for trips on school-connected business.

In other action, the board accepted a 19.82¢ per gallon bid by Hart Oil Co. for school gasoline this term. The submitted price includes furnishing the necessary pump and storage tank.

They also approved purchase of a stainless steel reach-in refrigerator after a low bid by McGuire Sales Co. of Lub-

bock of \$1,154.30 for the unit.

Trustees approved future purchase of two electric welding torches and one acetylene torch and unit for use by the agriculture department and crews at the bus barn.

Supt. Gardenhire discussed provisions of the federal Title I program now in operation in the local system.

Hart school administrators and board members announced

Newman Plans For New Job

Don Newman, administrator of Plains Memorial Hospital in Dimmitt, announced his resignation Wednesday, effective Oct. 20, to accept an assignment with the Agency for International Development.

His responsibility in that capacity will involve visits to public health teams in the field and keeping the regional health office there informed on progress of the health program.

Newman will also assist in various aspects of the pacification program in the war-torn country.

He will report first to Washington D. C. Oct. 23 where he will remain about three weeks for briefing and training before going on to Siagon and field assignment.

Newman, 35, graduated from Hart High School in 1950, the same year he married the former Colleen Rich of Plainview. They have two children, Beverly 16; and Max 14.

The family plans to continue

to make their home in Dimmitt during Newman's foreign assignment.

Newman is the son of Mr. and Mrs. H. E. Newman and

DON NEWMAN

brother of Joe Newman, all of Hart. One brother-in-law, Bill Rich, also lives in the Hart area.

Newman's move will end a four-year association with the Dimmitt Hospital dating back to November, 1964.

He entered Wayland Baptist College in 1955 after farming in the area for five years and started on a road to success that has not stopped since.

He began his varied career as a teacher in the El Paso school system in 1958-59 immediately upon graduation from college.

His first administrative experience came with Southern Union in that city the next year. He remained with the company until he accepted his post as hospital administrator.

Newman also has an accounting degree from La Salle Extension School in Chicago in addition to credits in political science, economics and statistics and management control.

Phone Cable Plant Planned

Thomas L. Anderson, president of West Texas Telephone Company, announced that a contract has been let to the Diamond "G" Line Construction Co. of Levelland, for the rebuilding of the Dimmitt and Hart cable exchange plant within the city limits of each town.

The contractor is to start Oct. 13, with completion of the projects expected by Dec. 15 of this year.

Anderson stated that the construction of these new facilities would give relief to the present congested conditions as they exist, as well as providing

In Turkey-Hart Tilt

'Toss Up' Eyed

Head football coach Don Ewing predicted Friday night's tilt between Hart and Turkey will be "a toss up" if performance records of both teams this season are any proper indication.

Kickoff time is at 8 p. m. here.

Ewing pointed out that both teams have met the Silverton Owls this season--and both fell to the Owls by about the same scores. (Longhorns took the defeat, their first and only of the season, by 8-0, Turkey came away with a 6-0 loss.)

Ewing is quick and confident to point out, however, that things have changed for the Longhorns since the grid year began.

Two sophomore starters, guard Andy Rogers (170) and Donnie Black (165), should be off the shelf and in top condition for the contest.

Ewing was apparently pleased with the performance of both boys in the last game, after both missed the season opener because of injuries.

Only remaining serious injury is a hurt knee that is expected to keep senior halfback Tony Gonzales (175) on the bench at least one more time, Ewing said.

Turkey, on the other hand, will hit the field full strength, baring injuries late this week.

Ewing cautioned fans to keep an eye on the opposing quarterback, fullback, and end--

all players which he classified fast and "real big."

He said strategy for this game would probably include more reliance on the power play, utilizing the strength and speed of halfback Quincy Hawkins and fullback Danny Smith, matched with the blocking of Donnie Black and guards Paul Guzman, Andy Rogers, Benny Martinez, Richard Murray, and Jackie Roberts.

IN HOSPITAL

Mr. and Mrs. Judd Davis were in Plainview Sunday and visited Roy Stanton in the hospital. Several other Hart residents also visited Stanton who is reported in satisfactory condition at this time.

IN AMARILLO

Mr. and Mrs. Worth Jones and Jeton were in Amarillo last week. While in Amarillo they visited the Jones other daughter and husband, Mr. and Mrs. Weldon Talley.

IN LUBBOCK

Mr. and Mrs. Lester Richburg spent Sunday in Lubbock visiting their son and family, Mr. and Mrs. Gene Richburg.

VISIT RELATIVES

Mr. and Mrs. Ray B. Jones of Plainview visited relatives and friends here in Hart Monday.

VISIT HILLS

Mr. and Mrs. Joe Hill of Hereford visited here with Mr. and Mrs. Homer Hill last week.

Food Marketing May Be Misunderstood

American food marketing is a complex system--but not as complex as some people would have the public believe.

The system, says Dr. W. E. Black, Extension economist in marketing and policy, Texas A&M University, has met consumer needs for abundant and safe food better than "most of us are willing to admit."

"The biggest mystery about food marketing is how people react to it," the economist said.

Although a thorough study will show that the marketing industry serves both the farmer and the consumer, and usually serves them well, reaction is mostly against the system rather than for it. Black said. "Each group reacted to one of the same marketing systems, but with widely divergent views," he explained. "To consumers, the marketing system causes high prices, and the farmers--low prices. These views generally show lack of understanding of, or appreciation for, what food distribution and marketing is and has done for consumers and farmers."

Black emphasized that marketing adds value to farm products by making them more use-

ful, more accessible and more desirable. Between the farmer and the consumer stand a lot of institutions, functions and people who put food in the form and at the place and time consumers want it, and at a reasonable price.

"If you think you don't need the marketing system, go out to the farms to pick up tomorrow's supper," he said. "Maybe I should say, the supper one week from today, for it would take you about that long to round up the ingredients and prepare the meal."

The consumer buys many services with his food, all of which add value to the product. These include assembling, processing, wholesaling, retailing, away-from-home eating, and transporting. Considering these services, food marketing is big business--in the multi-billion dollar class, the economist pointed out.

Consumers in this country paid about \$83 billion for food in retail stores last year. Farmers received about \$28 billion of this, leaving \$55 billion to pay for marketing services.

Social Security Payments Noted

Recently a man who was earning \$2400 per year reached age 65 and filed a claim with the Social Security Administration so that he could establish his entitlement to medicare.

He had no intention of retiring because he enjoyed his work and felt he had many good years left.

Consequently, he was surprised when he started receiving social security checks about the middle of the year.

What he did not realize was that he did not lose all of his social security checks because his earnings were over \$1500 per year.

The law provides that one dollar for every two dollars earned between \$1500 and \$2700 is deducted from the total social security payable each year. An additional one dollar for every dollar earned is deducted for any earnings over \$2700.

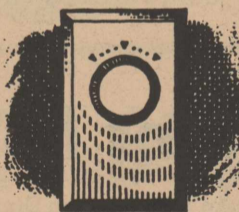

Thus, the man who earned \$2400 would have only \$450 deducted from the total social security benefits payable to him for the year.

Even if a person's earnings exceed the limit for possible payment for the year, he can still draw a check for any month he does not earn more than \$125 or, if self-employed, does not render substantial services in a business.

KITCHEN KORNER

By Lela Gallion

It seems that everyone you talk to has a cold or is getting one and of course I am no exception.

When I was much younger I remember an uncle who was a firm believer in grapefruit juice to keep you from catching cold and he seldom had a cold. It seemed to me at the time that he consumed gallons of it and if you were around him you also got your quota.

Although I have never been very fond of it I do believe I will start drinking it and see if it still works so well.

This getting to be a pie and cookie baking time again.

UPSIDE-DOWN PECAN APPLE PIE

pie pastry
4 T. butter
2/3 c. pecans
1 c. brown sugar
6 c. sliced tart apples
juice of one lemon
1 T. flour
1/2 tsp. cinnamon
1/2 tsp. nutmeg
1/4 tsp. salt

Spread butter over bottom of 9-in. pie plate, and arrange pecans in pie plate sprinkling evenly with 2/3 c. of the brown sugar and covering sugar and nuts with pastry. Prepare apples and place in lemon juice to prevent their turning dark. In a small bowl mix remaining brown sugar, flour, cinnamon, nutmeg and salt. Mix with apples and place in pie pan, covering with pastry and pricking in several places. Bake for 10 minutes at 450 degrees F., then reduce heat to 350 degrees and bake for 30 to 45 minutes. Remove pie from oven as soon as syrup stops bubbling, and invert on serving plate.

POTATO DOUGHNUTS

3 medium potatoes
1 1/2 c. sugar
1 T. butter
2 eggs
1 c. milk
4 c. flour
4 T. baking powder
1/2 tsp. nutmeg
1 tsp. vanilla

Joe Rubalcaba Gets Promotion

GIESSEN, GERMANY, (AH-TNC)--Joe Rubalcaba, 21, son of Anastacio Rubalcaba, Hart, was promoted to Army rank of specialist five Aug. 21, near Giessen, Germany, where he is serving with the 79th Artillery.

Spec. Rubalcaba, a survey recorder, is assigned to Headquarters and Service Battery, of the 79th Artillery's 3rd Battalion. He entered the Army in December 1965 and received his basic training at Ft. Polk, La.

He is a 1964 graduate of Hart High School at Hart.

His mother, Lude Rangel, lives on Route 1, Big Spring.

BASS GUESTS

Visitors in the home of Mr. and Mrs. D. A. Bass this week were her sister and father, Mrs. G. H. Davis and G. L. Dale of Muleshoe and her aunt and uncle Mrs. Della Brister, and Mr. and Mrs. Virgle Worley of San Jacinto, Calif.

Boil and cream potatoes. Mix in sugar, butter and eggs. Add other ingredients and roll out on floured board 1/2 inch thick. Cut and fry in hot fat. Makes 4 dozen doughnuts.

OATMEAL AND COCOANUT COOKIES

1 c. brown sugar
1 c. white sugar
1 c. shortening
2 eggs
1 1/2 c. oats
2 c. flour
1 c. cocoanut (chopped)
1 tsp. soda
1 tsp. salt
1 tsp. baking powder
1 tsp. vanilla

Cream sugar, eggs and shortening. Add remaining ingredients; mix well. Form in small round balls. Do not flatten out. Bake about 12 minutes at 350 degrees F.

Boosters Plan New Season

Booster Club members heard coaches reports on a trio of local football games and conducted a regular business meeting at 8 p. m. Tuesday in the school cafeteria.

Football victories reviewed included the senior varsity defeat of the Muleshoe B team 34-0, junior varsity B team's defeat of Happy 18-12, and the junior high squad's victory over Bovina 28-8. Coaches present were Head Coach Don Ewing, Jim Rich, and Ronnie Shaw.

In regular business, members voted to:

(1) serve coffee and donuts after each meeting

(2) call in all club news to the newspaper on Wednesdays. Mrs. Don Ewing, wife of the head coach, was appointed reporter by club president J. V. Westcott.

(3) Appoint Lloyd Davis and Claude Ray chain men. Melvin Aven was selected as alternate for this Friday's game.

Membership dues were set at \$2 per person and may be paid to W. A. Hawkins Jr., Doc Bates, Dub Bruington, Good Graves, Tom E. Benton or Mrs. Ben Kennedy, secretary-treasurer.

President Westcott reminded members that Longhorn bumper stickers will be on sale by the club in two weeks.

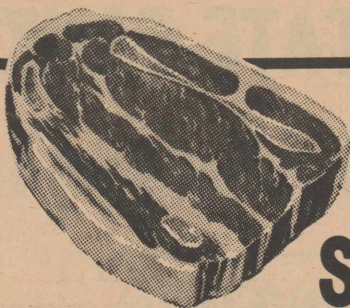

DAIRY COW BIG EATER AND DRINKER

The average 1,100 pound Texas dairy cow requires about 35 tons of "fuel" annually for maintenance and production purposes, says A. M. Meekma, Extension dairy specialist at Texas A&M University. The "fuel" needed is in the form of grass, hay, silage, grain and water. A cow producing 11,000 pounds of milk yearly will eat and drink about 190 pounds of "fuel" per day, he says. It is no wonder, he adds, that dairymen look to modern labor-saving helpers, such as motors, levers, push buttons and pipeline milking systems to assist them in moving the needed "fuel" to the animals and handling their milk.

Longhorns Stamp

Hart Longhorns resumed their winning ways last Saturday night after an opening game loss to Silverton as they rolled over the hapless Muleshoe "B" Mules 34-0.

The Mules never came close to scratching the scoreboard as the Longhorn defense allowed their hosts only three first downs and never allowed the Mules outside their own territory.

Mules, completely out-classed in every department, could do little to stop the hard hitting Longhorn backs as the trio of WA Hawkins, Joe Quiroz and Danny Smith, with help from freshman Landra Bruington, blasted holes in the weak Muleshoe defense and moved the ball almost at will.

After taking the kickoff the Horns' offensive unit could not gain a first and punted out to the Muleshoe 37. The game, started out as a possible repeat of last week's match as the Mules moved out to their 49 in four plays before Hart recovered a fumble at that point.

Quarterback WA Hawkins kept the ball on first and moved down to the Muleshoe 37 and the entire Hart offense seemed to pick up a new spirit.

Joe Quiroz added two more and an offside penalty against the Mules moved the ball on down to the 30.

Hawkins' second down pass to Donnie Black went wild but on the next play Hawkins again pulled the keeper and picked up a first at the 25.

Danny Smith got one yard, Hawkins scampered to the 20 and Joe Quiroz added another first and ten as he moved the ball to the 14.

Two tries later Joe had moved the ball on down to the Muleshoe 5. Danny Smith picked up one yard through the middle before Joe swept around left end for the touchdown.

WA Hawkins kick was good and the Horns led 7-0.

After taking the kickoff, the Mules were unable to pick up

the needed yardage in three tries and Lowery Lewis' punt from the 30 carried out to the 50 and WA Hawkins got five yards to put the Horns back in business at the Muleshoe 45.

The Horns were unable to get their offense moving and Quincy Hawkins punt carried to the Muleshoe 30. The Longhorn defense refused to give way however and the Mules were forced to punt out to the 35.

The Longhorns offense, still not sure about whether it wanted to play or not, moved the ball down to the Muleshoe 11 before reverting to their old ways and surrendering the ball on downs.

Again the Mules were unable to move the ball and were forced to punt from the 15. Lewis' kick was taken on the 50 by WA Hawkins and after some very fancy footwork, raced down the left side of the field for another six points.

A rule infraction brought the play back and Hart resumed play at the Muleshoe 40. The Horns were able to drive to the 30 before again being forced to give up the ball on downs.

A first down pass from Lewis was picked off by Landra Bruington at the 40 and Bruington got back to the 36 before going down. Gary Rambo and Joe Quiroz combined talents to move the ball down to the 21 for another first for the Longhorns.

A first down pass from Rambo to Donnie Black fell short but on second down WA Hawkins rambled for the final 21 yards to move the score to 14-0 after WA Hawkins booted the extra points as time ran out in the first half.

The Longhorns came back after the half ready to play and promptly gave the Mules warning that things had changed for them. On their first possession, the Horns (behind the hard running of Danny Smith, WA Hawkins and Joe Quiroz,) moved 79 yards in 10 plays with Joe Quiroz going over from the

formances for the defensive
unit.

Hart Shorthorns Take Bovina Jrs.

Hart Junior High
Shorthorns, keyed by the power-
ful running of Jimmy Robinson
and Ruben Aguanio, rolled over
the Bovina Jr. High team here
last Thursday 28-8.

Shorthorns, making up for
their lack of experience with
speed and determination, com-
pletely outclassed their larger
opponents in the one-sided con-
test.

The ballgame started right
for the Horns as Bovina fumb-
led the kickoff and the Short-
horns recovered on the visitors
seven.

On the first play of the ball-
game Ruben Aguanio put the
Horns in front to stay as he
blasted the final seven yards
for 6 points. The extra point
attempt failed and the score
remained 6-0.

Later in the first quarter
Jimmy Robinson tore through
the Bovina defense for 6 yards
and another 6 points.

The extra point pass from
Steve Cox to Oscar Longoria
was on target and the score went
up to 14-0.

On the first play after the
kickoff Jimmy Robinson inter-
cepted a Bovina pass at the 21
and twisted his way in for an-
other touchdown. Robinson's
run for the extra points was
good and the score went on up-
22-0.

Bovina got their chance late
in the second quarter as they

recovered a fumble on the
Shorthorn 8. It took the vis-
itors three tries to crack the
Shorthorns defense but as the
half ended, the score stood at
Hart 22 and Bovina 8.

The third quarter and most
of the fourth period passed as
a defensive battle before Ru-
ben Aguanio broke the game
open by racing 92 yards around
right end for the final score of
the ball game.

The Shorthorns extra point
try was stopped short and the
score remained at 28-8.

Ricky Black, Jimmy Robin-
son and Ike Graves all turned
fine defensive performances for
the Shorthorns.

AND BACK THE LONGHORN TEAM

Mrs. Larry Bates Honored With Bridal Courtesy

Mrs. Larry Bates (nee Charlotte Murray) was honored with a bridal shower Thursday evening, in the Community Room.

Mmes. Ralph Futrell, Larry Bates, R. J. Murray and Weldon Bates received the guests.

The party table was laid with a white cloth with a centerpiece of white spider mums and greenery surrounded by silver candlesticks with avocado candles. Green punch and cake were served by Mrs. Preston Upshaw and Mrs. Andy Gardenhire. Mrs. Jack George registered the guests.

The honoree and special guests, Mrs. Weldon Bates

and Mrs. R. J. Murray, were presented white gladioli corsages.

Hostess gift was an electric mixer.

Hostesses were Mmes. Andy Gardenhire, H. L. Cheatham, Jack George, Ralph Futrell, Preston Upshaw, Lanny Tucker, Carl Rambo, Frank Sharp, Theron Morrison, Ed Bennett, Joe Bailey and Boots Rogers.

Mrs. Brown Leads Program

The Woman's Society of Christian Service met for a regular meeting, Sept. 14 at 2:30 p. m. in the Fellowship Hall of the Methodist Church.

After a brief business meeting the program was begun with the hymn, "Open My Eyes". "Modern Woman's Struggle for Personal Identity" was led by Mrs. Fred Brown. She was assisted by Mmes. Willis Hawkins, Sr., H. H. Parker, Ed Bennett and C. B. Landers.

Other members present were Mmes. W. A. Harkins, Jr., L. L. Swindle, W. E. Yaerger, and Hubert Maples.

New Arrivals

Mr. and Mrs. Emmitt Autry are the proud parents of a baby girl named Dolly Michelle born on Wednesday, Sept. 13 at 7:49 p. m. in Texico, N. M. Hospital weighing 6 pounds and 4 ounces. Maternal grandparents are Mr. and Mrs. Deward Armstrong of Clovis, N. M., paternal grandparent is Mrs. Everette Autry of Texico. Great grandparents are Mr. and Mrs. Robert Brooks of Hart.

DIMMITT VISITOR

Debbie Murdock of Dimmitt spent the weekend here visiting with her friend Vivian Davis.

VISIT DAVISES

Mr. and Mrs. Bobby Murdock of Dimmitt spent Sunday visiting Mr. and Mrs. Weldon Davis and family.

SON IS ILL

Word was received here this week by Mr. and Mrs. Lynn Alford that their son Phil Green of Fort Worth was sick and in the hospital.

VISITING LOMANS

Wayne Loman of San Francisco, Calif. is spending a few days here visiting his father, Mr. and Mrs. H. E. Loman. H. E. Loman is at home at this time and feeling better.

MRS. JIM REID

Recipe Of The Week

Mrs. Reid, local home economics teacher has submitted a favorite recipe for our "recipe of the week" this week.

She and her husband, Jim have been residents of Hart for several years and Jim reports the football games for the Hart beat.

MEAT ROLL

1 recipe Baking Powder Biscuit dough

1 c. cooked meat, ground
1/3 c. milk

Season the ground meat highly with salt, pepper, Worcestershire sauce, and catsup. Minced onion and chopped green pepper may also be used. Moisten the seasoned meat with the milk. Roll the biscuit dough into an oblong about 1/4 inch thick; spread with the meat; roll into a cylinder; cut into 1-inch slices with a sharp knife. Place the slices cut side down on a buttered baking sheet. Bake at 400 degrees F. for 20 minutes. Serve with meat gravy.

Annual Concert To Play Monday

Close to 70 workers are busy making preparations this week for the annual Plainview Community Concerts membership campaign which is scheduled to begin Monday.

The week-long drive will open Monday night with a dinner honoring all Plainview and area campaign workers and the New York representative of Community Concerts who will assist in conducting the drive. Campaign headquarters will be in the Reddy Room of Southwestern Public Service Building in Plainview.

Highlight attraction for the 1967-68 season will be Fred Waring and the Pennsylvanians, making a return appearance following the sell-out campaign last year. Other artists already booked include The Chicago Little Symphony and the Vienna Academy Chorus. At least one other attraction will be booked following the campaign which ends Saturday, Sept. 30.

Mrs. J. B. Wheeler of Plainview is membership chairman. She urges area members to obtain their renewed memberships or new memberships, as the case may be, as soon as possible during the campaign week since a sell-out of Plainview High School Auditorium is again expected and memberships may only be obtained during the campaign.

A number of Hart residents are members.

Ladies Class Studies Moses

Ladies Bible Class of the Hart Church of Christ met Thursday at 9 a. m. in regular meeting.

Mrs. James Kennedy led the study of the Law of Moses.

Members present were Mmes. Lynn Alford, Kenneth Covington, Laurence McLain and James Kennedy.

SCOUT NEWS

Brownie Troop 23 met Wednesday at 3:30 in their first meeting of the year.

Plans were made for a nature hike. The hike is set for Sept. 20 after school.

Present were Tammy Bates, Garla Bryant, Sharla Carson, Kim Davis, Donna Dudley, LeAnn Friday, Sandy Heck, Rosemary Kelley, Debbie Lacy, Jana Mapp, Lisa Nelson, De Ann Richburg, Rhonda Rowland and Patricia Smith. One guest, Melanie Upshaw, attended. Leader was Mrs. Marilyn Covington with Mrs. Bessie Jackson assisting.

Refreshments were served by Mrs. Covington.

Junior Class

Elects Officers

A Junior class meeting was held Monday, Sept. 11, in room 10 of Hart High School to elect a class sponsor, class officers and student council representatives.

Mr. Bledsoe was elected as sponsor and Mr. Ewing as co-sponsor.

Class officers elected were Cathy Sharp, president; Joe Quiroz, vice-president; Iona Clevenger, secretary; Reba English, treasurer; and Rebecca Futrell, reporter.

The Junior class will be represented on the HHS Student Council by Reba English and Joe Quiroz.

Robbery

CONTINUED FROM PAGE 1

Martin said he and other officers followed the tracks of the barefoot burglar with dogs for about 100 yards where the prints were joined by those of another person.

Lawmen then followed the dual footprints northwest along the railroad tracks to a point near a labor camp at the H&S Potato Shed on SH 194.

"That's where we lost them," Martin said. "Now it's just like it was. We haven't got a lead."

Martin theorized that as many as three men were involved in the attempted burglary. The third man, according to his theory, was the driver of a get-away car who fled the scene when the messenger arrived unexpectedly. He offered no proof of his contention, however.

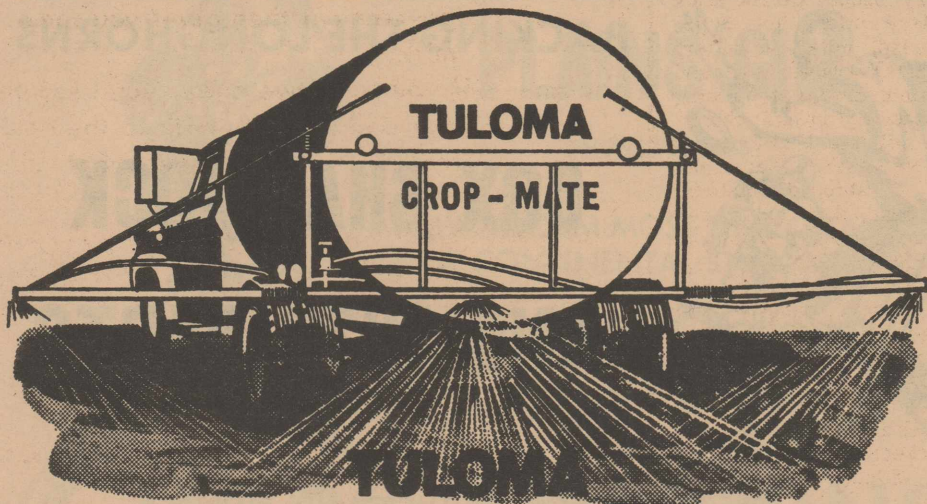

Burrows estimated the suspects were amateurs, judging from the array of equipment used on the job.

FBI agents have not made public predictions in connection with the federal crime, but the investigation continues.

Bank President Norlan Dudley said apparently nothing was missing from the bank after the incident.

Martin said the attempted burglary was the first at the bank since it opened in 1958.

Aside from an unusually large crowd of sight-seers at the building following the incident, it was business as usual all day.

CROP-MATE LIQUID MIXED FERTILIZERS for increased yields—increased income

Have you ever stopped to consider the advantages to you in using a liquid mixed fertilizer? No more stacking . . . or loading . . . or hauling. No more dumping . . . or dust.

Labor-saving? Convenient? You bet. And there are many other advantages when you choose TULOMA CROP-MATE liquid mixed fertilizers.

CROP-MATE is a combination of readily available nutrients scientifically formulated into a uniform mixture . . . balanced feeding in every

drop. All CROP-MATE ingredients are weather-safe . . . attached to the clay particles in your soil until needed by your plants.

Based on sound research and formulated in modern, local plants, CROP-MATE liquid mixed fertilizers from TULOMA are built to help you get increased yields and increased income.

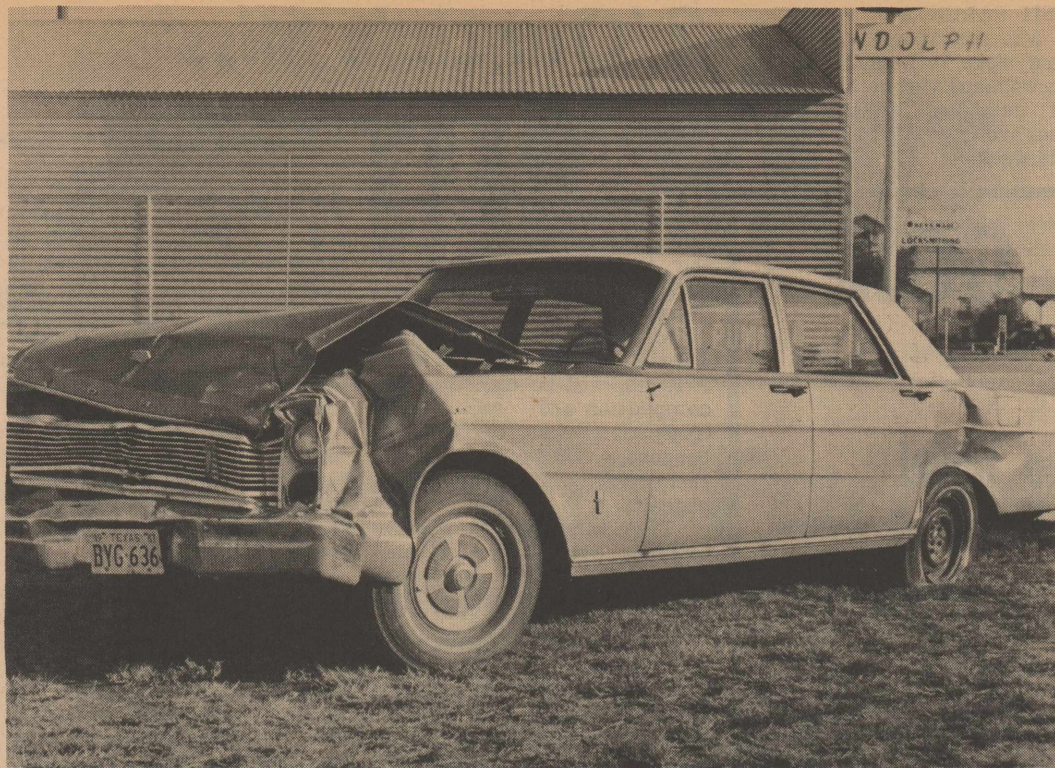

Let us show you how CROP-MATE liquid mixed fertilizer fits the plant food needs of this area . . . and specifically, your needs. Call us today.

Mr. and Mrs. Miles Cox and Mr. and Mrs. Ernest Martin were in Plainview Sunday afternoon visiting friends.

BORGER VISITORS

Mr. and Mrs. W. L. Baldree of Borger visited Sunday evening in the home of Mr. and Mrs. Miles Cox, Baldree and Mrs. Cox are cousins.

IN AMARILLO

Mr. and Mrs. E. E. Foster visited one day last week in Amarillo with their daughter, Mr. and Mrs. Marion Tucker.

Wheat On Barley Base Ok'd For Area Farms

Farmers wishing to grow wheat instead of barley for a 1968 harvest may substitute the two within the barley base acreage established for his farm, according to an announcement this week by Charley Hill, office manager of the U. S. Agricultural Stabilization and Soil Conservation Service.

"In effect," Hill points out, "this makes it possible for a wheat grower to qualify for wheat program payments even though he plants wheat on the farm barley base in addition to his wheat allotment acres."

Producers interested in participating in the program are asked to notify ASCS agents in order to establish an individual base for this purpose. No diversion from the barley base will be necessary, according to Hill, so the whole base may be planted in wheat.

If only a part of the base is devoted to wheat, he added, the balance of the barley base may be planted in barley.

"Barley will not be in the feed grain diversion program for 1968," Hill said. "However, price support will be available for the barley crop grown regardless of how much acreage is planted to barley."

Producers with a corn or grain sorghum base who wish to participate in the new program will be required to participate in both the grain and wheat programs, according to the ASCS announcement.

"This means that he would need to reduce his corn-sorghum acreage by at least the minimum amount necessary and

meet other feed grain provisions," Hill explained.

Corn and sorghum cannot be produced on barley bases, he added, but barley may be grown on wheat allotment acreage and on corn-grain sorghum base acreage.

School Menu

Mr. and Mrs. Lowell Richburg were in Estelline during the weekend visiting his parents Mr. and Mrs. Clinton Richburg who are moving to Arkansas this week.

2 'Our Little Miss' Girls To Be Named

Two winners will be named in the Panhandle South Plains Fair preliminary to the World's Our Little Miss Pageant, director Art Evans announced today.

Miss La Petite, for ages 3 to 6, and Our Little Miss, 7 to 12, will be named in the competition and will receive trophies, crowns, certificates, banners, a \$50 savings bond and entry fees paid to the state pageant.

The international pageant features many awards, including scholarships, wardrobes and other valuable prizes.

Entrants are judged in party dress or formal, sportswear and Our Little Miss contestants also compete in a talent category. Preliminaries will be held Sept. 29 and finals will be unrehearsed from 8 a. m. to 1:30 p. m. on Sept. 30, last day of the weeklong fair run.

Both winners in last year's fair preliminary placed in the top 10 from a field of 100 candidates in the state pageant.

The World's Our Little Miss pageants are designed to give recognition to beautiful and talented children. They provide a next level of competition culminating at the fabulous international staging. The 1966 international event was held at the \$15 million Dallas Apparel Mart. Winner of the World's Our Little Miss contest was Jole Tropp, Garland, and Dana Cook of Downey, Calif., copped honors in the Miss La Petite segment.

Entry deadline is Sept. 25, opening day of the fair. Entry blanks may be secured from pageant director Art Evans, PO Box 5097, Lubbock.

Contestants from throughout the area are expected to enroll for the competition.

Television and recording star Eddy Arnold, plus The Kids Next Door and ventriloquist Jimmy Nelson, will be featured at 3 and 7:30 p. m. daily in Fair Park Coliseum.

School Board

CONTINUED FROM PAGE 1

plans to attend the annual Texas School Administrators' and School Board meeting in Austin Saturday through Monday.

The board postponed until next meeting a proposal to insure the new bus barn and its contents.

NATIONAL AGRICULTURAL SCIENCE WEEK

The week of Sept. 24-30 will be observed as National Agricultural Science Week in the United States. When the U. S. Department of Agriculture and the Land-Grant College systems were established in 1862, each farm worker provided food and fiber for only 5 persons. Now he supports almost 40. Agricultural science has been responsible for developing entire new industries to process, and distribute industrial, medical, food and fiber products, said Secretary of Agriculture Freeman in asking for widespread observance of the week.

SYNTHETIC ATTRACTANT FOR FALL ARMYWORMS

Natural chemical with which female fall armyworm attracts males of the species has been identified and produced synthetically by USDA scientists. Discovery of attractant's chemical structure could lead to its commercial production.

Tickets are priced at \$1.50, \$2, \$2.50 and \$3 for matinees and \$2, \$2.50, \$3 and \$3.50 for evening shows. Children 12 years and under will be admitted for one-half price during afternoon shows and all tickets purchased prior to the fair opening will be accompanied by free gate admission passes.

Scores of other interesting features also are planned as fair officials have geared the golden anniversary exposition to be the biggest and best in history.

Two state shows--the Milking Shorthorn Breeders Show and a rabbit show--are on the agenda along with the first annual quarter horse show.

One country-wide event, the National Wool Needlework contest, will be featured in the women's events and a record number of agricultural and livestock entries also are anticipated.

New attractions include square dancers, an authentic Indian village, a fistulated steer, and the Gene Ledel carnival on the sprawling midway.

More than a quarter million patrons are expected to help celebrate the fair's 50th anniversary as one of the oldest and largest expositions in the Southwest.

Telephones

CONTINUED FROM PAGE 1

facilities for straight-line service for anyone in these towns who desire it.

The construction of this added cable facility will also enable West Texas Telephone Company to continue its modernization and upgrading program for the rural areas, which is expected to be started some time next year.

In the fall of 1964 the West Texas Telephone Company was acquired by the Trans-Continental Telephone & Electronics, Inc. system. Since that time, new exchanges have been constructed at Dimmitt, Hart and Nazareth and new toll facilities have been constructed between the various exchanges, with new toll positions added in the Dimmitt office and 54 miles of new cable built between Dimmitt and Plainview. Also, free calling service has been provided between Sunnyside, Dimmitt, Nazareth and Hart.

West Texas Telephone Company is in the process of negotiations with the Bell system to make Dimmitt a full toll center so that the Dimmitt operators can dial calls anywhere within the United States. The company is also exploring the possibility of providing DDD (direct distance dialing) for Dimmitt, Hart, Nazareth and Sunnyside subscribers, but no final decision has been made as to the feasibility of this project at this time.

ANOTHER USE FOR SOYBEAN OIL

The prospects are excellent for using soybean oil as a raw material in producing nylon 9, nylon with properties desired in the manufacture of many products, was reported on Sept. 12 by U. S. Department of Agriculture scientists. Soy nylon has properties not now available in domestic nylon; soybean oil is available in large volume and at stable prices and the nylon market is growing in size and variety, the report said.
