Lee Hacker Named Prexy Of Association

Lee Hacker, former resident of Hart, has been chosen president of Texas Association of Service to Children. He is serving as executive director of Lena Pope Home, Inc. of Fort Worth, a position he accepted a year ago.

Prior to his residence in Fort Worth, he lived in Austin where he was director of the Settlement Home for four years.

Hacker is the son of Mr. and Mrs. Earl Hacker of Hart. Born October 1929 at Hart, he was graduated from Hart High School in 1947. He has B. A. degree from Baylor University, a B. D. degree from Southwestern Baptist Theological Seminary and an M. S. degree in social work from the University of Texas.

Hacker has served as liaison officer and farm manager of the Waco State Home and as assistant director of the San Antonio Baptist Children's Mexican Home. He interned, while working on his Master's degree, with the Family Service Association in Houston and Austin State

Counties Assigned **Cotton Allotments**

The 23 High Plains member counties of Plains Cotton Growers, Inc. have been assigned a total cotton allotment of 2,178,-558 acres for 1968, up 12,686 acres from the allotment this

The weighted average projected yield for the 23 counties is set at 529 pounds, down 13 pounds from this year's 542pound average.

County allotment and projected yield figures were obtained recently by PCG from the state office of the Agricultural Stabilization and Conservation Service at College

ASCS officials report that individual farm allotments and yields will be mailed to producers between November 27 and December 1.

Both price support and acreage diversion payments under the Agriculture Act of 1965 are based on projected yields as opposed to actual yields. Average projected yield for Texas in 1968 is 400 pounds, up from 296 pounds in 1967.

State and county yields are figured on average production for the previous five years, then County ASCS Committees assign projected yields for individual farms based on the pre-

vious three year production. For 1967 county yields were figured on the years 1961-65, inclusive. The first of these, 1961, was dropped from the 1968 calculations and 1966 was included.

The area's average peracre production in 1961 was 487 pounds, but was only 449 pounds in 1966 as a direct result of an early freeze across most of the Plains, and this fact accounts for the lower projected yields in 1968.

Growers next year willhave

the option of diverting only five per cent of their allotments or diverting up to 35 per cent. On the five per cent, which is man-datory for "Cooperators" in the program, they will receive a payment of 10.76 cents per times their projected yield.

The additional 30 per cent, if voluntarily left out, will be eligible for a payment of six cents per pound times projected

The price support payment in 1968, made only on each farmer's domestic allotment (65 per cent), will be 12.42 cents times projected yield.

Consequently the level at which the ASCS sets projected yields has a direct, dollarand-cents effect on producer income across the cotton belt.

In total pounds the reduction on the Plains for 1968 comes to almost 22 million. And Donald Johnson, PCG Executive Vice President, calculates the area's loss in government payments will come to somewhere between \$1.8 and \$2.2 million, depending on the acreage diverted next year.

Johnson is quick to point out however that this comparatively small loss of income to the area should be more than replaced by increased production and a continued strong market situation in 1968.

As of now the dates set for producers to declare their 1968 planting intentions are from February 5 through March

But PCG has filed a request at both the state and national levels to have that deadline extended to give growers add-itional time to study market and weather conditions before making firm acreage commitments.

KITCHEN KORNER Dear

By Lela Gallion

These Holidays coming up call for some different and colorful foods which include lots of pies and the holiday foods we all like so well.

TURKEY SUPREME

4 oz. medium wide noodles 1 pkg. (10 oz.) frozen broccoli spears

4 T. butter 4 T. flour 1 tsp. salt 1/4 tsp. pepper 1/2 tsp. prepared mustard 1 c. grated American cheese

3 c. cooked, diced turkey 1/4 c. slivered toasted almonds

Cook noodles until tender; drain. Cook broccoli until barely tender; drain.

To prepare sauce: Melt butter and stir in flour. Cook until bubbly. Add salt, pepper, mustard and milk. Cook, stirring constantly until smooth and thickened. Remove from heat add cheese. Stir until melted. Arrange layers of noodles, broccoli and turkey in 2 qt. casserole or shallow baking

Pour cheese sauce over all, Sprinkle with almonds and paprika. Bake in a 350 degree (moderate) oven for 30 to 35 minutes or until hot and bubbly. Serves six.

Today's accent is on color on almost everything including food. Cranberries are one the foods which give this brightness to the menu.

Here's a good recipe: MOLDED CRANBERRY SOUFFLE

4 c. (1 lb.) fresh cranberries, rinsed and drained

1 1/2 c. sugar 1 c. water 2 pkg. (3 oz. each) strawberry

gelatin 1/3 c. lemon juice 1 1/2 c. orange juice 2 c. heavy cream 1/4 c. currant jelly

Combine cranberries, sugar and water in saucepan. Bring to a boil, lower heat and simmer for 5 minutes or until cranberries are just tender.

Drain juice from cran-berries. Reheat juice to boiling iuice from cranpoint; add gelatin, stirring until dissolved. Stir in lemon juice and orange juice. Chill until mixture thickens slightly. While gelatin is thickening, prepare a foil collar for a 1-qt souffle dish. Cut a 3-inch strip of foil long enough to go around the outer edge of the dish. Tie or tape the collar to outside of dish so that it extends 2 inches above rim.

Whip cream until stiff (reserve 1/2 cup of the whipped cream to decorate top of souffle.)

Fold cream and half of the cooked cranberries into slightly thickened gelatin mixture; pour into souffle dish. Chill until firm. Remove collar and spoon remaining cranberries over top. Melt jelly and spoon it over berries. Garnish edge of souffle with small rosettes of reserved whipped cream.

APPLE MINCEMEAT PIE

c. canned apple sauce or 1/2 c. (1 can) apple slices, chopped

l lb. jar mincemeat 1/2 c. light brown sugar Pastry for 9° double crust

Combine apple sauce (or apple slices), mincemeat and sugar, mix well. Line a 9-inch pan with pastry. Pour in apple mixture. Cover with top pastry; trim and flute to make standing edge. Cut slits in top to allow steam to escape.

Bake in hot oven, 425 degrees, 30 to 40 minutes or until brown. Serve warm.
