Hart Youth Enter Show At Dimmitt

Hart FFA and 4-H Club members will have approximately 75 head of swine, 12 steers and 12 lambs in the Hart and Castro County Shows this weekend.

Judges for the Hart show Thursday night beginning at 7 p. m. will be Gene Gaston, Springlake, judging swine; and Ronnie Dennis of Kress judging steers and lambs.

Castro County Show will get underway Friday at 1 p. m. with judging of lambs by Scotty Windham of Lazbuddie, followed with barrow judging by Larry Tackett of Happy.

Saturday morning at 9 o'clock, steer judging will get the show started for the final day of the show. Steers will be judged by Justin McBride of Hereford.

Lanny Tucker is local FFA advisor.

Honor Roll Is Announced

Superintendent Andy Gardenhire has announced the honor roll for the fourth six weeks. They are as follows:

Grade twelve - David D. Harris.

Grade ten - Harold Bob Bennett, and Andy Rogers.

Grade nine - Sharon Brooks, Carolyn Cole, Denise Lowery, and Carol Miller.

Grade Eight - Cindy Dyer, David Bass and Keith Lemons.

Grade Seven - Cathy Nelson, Alan Shive, Ricky Black and Dirk Rambo.

TCTA Scholarship Offer Deadline Set March 15

March 15 is the deadline for applications for a \$500 scholarship to be offered by Texas Classroom Teachers Association in the fall.

To qualify for the scholarship, an applicant must be a junior or senior in a Texas college; have degree plans to become a teacher; maintain a "B" average or above; and plan to continue attending a teacher training institution in Texas.

Included in the application should be a small photo of the applicant, a transcript from the college at which he is presently enrolled, a list of his leadership qualities and extra-curricular activities, and a let-

FFA Boys Take Top Honors At Houston Livestock Show

Several members of the Hart FFA brought home honors from the Houston Fat Stock Show which was held this past weekend.

Roger Cleaver exhibited the Champion Poland China in the junior show and Jim Tucker exhibited the Reserve Champion Duroc in the open show.

The barrows sold for \$1.50 and \$1.30 per pound.

Others placing in the show were Donnie Burress, first place Berkshire and third place Poland; David Harris, first place crossbred, seventh Hampshire, eighth crossbred and second Poland; Roger Cleaver, second and third Poland; Danny Rice, second Poland; Jimmy Allensworth, second Chester; Gary Cole, fifth Poland, eighth Duroc.

Rex Henderson, fourth Chester; Clifford Ray, seventh

Hampshire; Bill Bledsoe, eighth Hampshire; Phil Davis, ninth Hampshire, twelfth Shorthorn; Larry Henderson, twelfth Hampshire; Jerry Heller, ninth and fifteenth Duroc.

Ricky Farris, sixteenth Duroc and twentieth Poland; W. A. Hawkins III, tenth other purebred; Quincy Hawkins, ninth other purebred, twelfth Duroc; Ronnie Barham, sixth Duroc; Danny Smith seventh Duroc and twelfth Berkshire; Steve Cox,

two ninth place Durocs.

Doug Heck, seventeenth Duroc; Joe Quiroz, twenty-fourth Duroc; Lana Tucker, sixth Duroc; Tommy McLain, fourth cross; Dennis Hill, nineteenth Angus; Terry Newman, third Lightweight Chester White.

Accompanying the boys to Houston were Mr. and Mrs. Doyle Davis, Mr. and Mrs. Verle Crick, Everette Heller and Mr. and Mrs. R. G. Henderson.

Three candidates for the school board remain the total number entered in the race late Wednesday.

Filing for positions on the school board were David Nelson, Bill Hill and Joe Bailey.

Nelson, 39, local farmer, is married and the father of one boy and two girls. A member of the Hart Methodist Church, he is an assistant Scout leader and has served on the ASCS committee and board of the Co-Op Gin.

He and his family have been residents of the Hart area for fifteen years, having moved here from Tulia.

Hill, 33, was born and reared at Hart and was graduated from Hart High School in 1953. He has varied farming interests and is an adult leader in the 4-H Club here.

He now serves on Olton Recreation Center's board of trustees. He is married and has five children. He is a member of the church committee in the St. John's Catholic Church here.

Bailey, 46, was born at Lake Creek and moved here from Petersburg nine years ago. He is the owner and operator of "Bailey's Motor Service", is married and the father of four girls, three of whom are enrolled in the Hart schools. One graduated from Hart High.

The family attends the Methodist Church of which they are members and where Bailey serves as Sunday School superintendent. He belongs to the local Lions club also.

Ted Averitt Accepts Superintendent Post

Ted Averitt has been employed as the superintendent of schools in Hart, according to a spokesman for the Hart School Board.

Averitt, 40, has a BS and MS degree from North Texas State University in Denton and has attended workshops and seminars since receiving his degrees in order to keep abreast of the changes and trends in education.

He has a total of 19 years teaching experience, having taught in Hermleigh for the past eight years. He has had coaching or teaching experience also in Alvarado, Iowa Park, Burk Burnett and Monahans.

He served two years in the US Navy during World War II and following the war. He was active in community affairs in Hermleigh and served as a past president of the Lions Club and Booster Club there. He was a member of the Central Baptist Church which he served as deacon.

His wife has twelve years' experience in elementary teaching, having taught six years in Snyder. She has received her BS and MS from Midwestern University.

The Averitts have three children ages 7, 16 and 17. Superintendent Andy Gardenhire resigned his position earlier this year, effective June 1.

HEMISFAIR'68

WORLD EXPOSITION APRIL 6-OCT. 6-SAN ANTONIO, TEXAS

A selection of rare and colorful kites on loan from the Smithsonian Institute will be displayed at HemisFair'68.

The kites, with examples from both the Orient and West, will be shown in the Confluence-Cosmos theme exhibit of the World's Fair at the \$13 million civic center complex.

Included in the exhibit will

be several types of kites important to the development of aeronautics, such as the Eddy Kite invented in 1895 and a Conyne kite developed in 1902.

The famous "Les Poupees de Paris," known to the non-French as "The Dolls of Paris" have been booked for a six-month engagement at Hemis Fair.

The fabulous puppets have appeared on a variety of national television programs, displaying costumes costing as much as \$2,500.

The voice and puppet personalities of Frank Sinatra, Dean Martin, Brigitte Bardot, Cyd Charisse, Pearl Bailey, Tony Martin and many others will be featured in the hour long musical revue.

The Sid and Marty Krofft revue will be performed daily at the Lido Theater on the grounds.

The puppet showgirls in the "recommended for adults only" spectacular are three feet tall and measure 12-8-12.

THE FAMILY LAWYER

Privacy and the Census

During the last federal census, a disgruntled citizen decided the government was getting altogether too nosy. So he refused to answer certain questions, calling them an "unreasonable search and seizure"—forbidden by the Constitution.

But in a test case, the court held the questions within the proper scope of governmental curiosity.

"The authority to gather reliable statistical data reasonably related to governmental functions is a necessity," said the court, "if modern government is to legislate intelligently."

By and large, the taking of the census (itself authorized by the Constitution) has not run into seri-

ous opposition.

One big reason, no doubt, is that personal information is kept confidential—as a kind of compensation to the citizen for accepting a little prying into his private life. Federal law specifically provides that census information about any individual may not be disclosed "to his detriment."

What does this mean? In one case, an insurance company refused to pay a man's claim because it suspected he had lied about his age on the application form.

"To double check," the company told him, "we would like to see what age you gave to the census taker."

However, in a court hearing, the insurance company was denied access to the census records. The court pointed out that the desired information might indeed be to the man's detriment — and therefore could not be released without his consent.

That doesn't mean general statistics cannot be used, merely because they are unpalatable to some individuals. Thus:

A city wanted to use census figures to classify a certain block as a "blighted area." Property owners objected that this was using census information "to our detriment."

But the court overruled their objection, because this was not personal information but simply the statistical profile of a neighborhood.

Over the years, such statistics have become a valuable source of guidance not only for government but also for business, for agriculture, and even for individuals. After all, without the census, how could girls find out what sections of the country have the greatest concentrations of eligible young men?

And vice versa.

Dear Editor

Dog And Cat Ordinance

The City of Tulia has made plans to begin strict enforcement of the dog and cat ordinance. The following excerpts are from the ordinance:

"1. Animal must be contained by cages, pens, fences or on a leash.

"2. Animal must be registered with and receive a tag from City.

"3. Animal must be inoculated for rabies.

"4. If not contained and so registered, owner is guilty of a misdemeanor and will be issued a summons."

"Enforcement of this ordinance invokes the ire of owners," according to the city, "but since every animal is potentially dangerous, strict means will be used to contain the animals as prescribed by law."

DEAR EDITOR:

The clipping from the Tulia Herald this week gives me joyous anticipations for what we can hope to have here in Hart some day.

On second thought I don't feel so elated. There is no way of knowing how much rough and rugged road is between here and that day.

Hart has as many small and harmless dogs that are harmless except for one exception, these not vaccinated.

Then we have the Goliath end of the canine family. I refer to the familiar "GERMAN SHEPHERD" of the dangerous, daring, disenbowling dimensions with the same freedom.

It will take a few cases of good friends to discover they are no longer good friends. Some grandparents getting their varicose veins ripped out. Maybe a few cases of rabies. THEN we will get patriotic and do something about it.

Letter From Africa

Dear Editor,

We were delighted to receive a copy of your interesting newspaper, "The Hart Beat" from Mr. and Mrs. Paul Brooks of Hart, Texas. As the parents of Louis and Francois Naudi, we were so thrilled to read about them in the article you had in the paper.

As the ex-editor of "The Northern Times" the local paper in this part of the world - I was doubly interested in observing your lay-out, advertising and general set-up. I intend sending you a copy of the Northern Times.

I wonder whether you could possibly comply with a request to let me have the photo of our sons that appeared with the article on them? I am enclosing two dollars for postage and the cost of the photo. I do sincerely hope it will be enough.

Yours Sincerely,
Anna dutoil Naudi

Program Sign-Ups Deadline March 15

Farmers who are planning to participate in the 1968 Feed grain, wheat and cotton programs are reminded that March 15 is the final date for signing up.

pre-measurement service for 1968 row and crops and measurement service for wheat is also March 15, only one week from now.

They are cautioned not to let the deadline slip by if they plan to participate but sign up as soon as possible.

Participating producers are urged to measure and report wheat acreage correctly again this year. They are asked to do this as soon as possible and in no instance later than May 1.

STATE Capital NEWS

By VERN SANFORD

A federal court lawsuit filed with little fanfare may have far-reaching consequences for the state's welfare system and finances.

Suit challenges the one-year state residency requirement for eligibility to receive aid to needy families with dependent children. Actually, the issue goes considerably farther than a single class of assistance. Texas attaches this residence requirement to all major types of welfare eligibility.

Welfare outlays in the state last year totalled \$257,900,000 of which \$65,600,000 was state money.

Attorneys for Mrs. Angelia B. Alvarez of San Antonio, mother of six children, entered the federal court suit to require the State Department of Public Welfare to grant her AFDC assistance, although she admittedly has not lived in the state a year. Suit claims the residence restriction is unconstitutional, since 76 per cent of AFDC funds are provided by federal government.

Atty. Gen Crawford C. Martin, in answering brief, vigorously defends the state constitutional and statutory provisions requiring a year's residency for welfare beneficiaries. Lack of such restrictions, contends Martin, would create a "nomad" class of state-to-state wanderers.

Legislatures of 40 states and Congress recognize a residency requirement as a condition of eligibility, Martin argues. Suit, he maintains, would compel withdrawal of money from the state treasury without a pre-existing law.

A Pennsylvania federal district court has upheld a similar restriction as the one applied in Texas, but a Connecticut court threw out that state's limitation as unconstitutional restriction on free travel. Latter suit now has gone to the U. S. Supreme Court for review.

Texas case soon will be heard by a three-judge court.

TAX BILL-- Legislative Budget Board staff forecasters see a \$122,800,000 tax bill as necessary to finance the \$468,500,000 general revenue spending bill tentatively recommended by the Board for 1969. This is about \$25,000,000 above 1968's spending level of \$443,800,000.

According to staff predictions, \$345,600,000 in general revenue will be available for spending in 1969 after automatic deductions of money for earmarked purposes.

GOVERNORS ASKED FOR ADVICE-- State Constitutional Revision Commission panel has voted to call on Gov. John Connally and ex-Govs. Price Daniel and Allan Shivers for advice on best standards for deciding how to change the governor's powers and length of term.

Executive office committee debated at length whether the governor should be limited to one or two four-year terms and whether Texas should adopt a "cabinet" form of state government with strong governor provisions.

COURTS SPEAK-- State Supreme Court and Third Court of Civil Appeals in two recent decisions concluded that a for-

mer State Savings and Loan Commissioner should have granted authority for loan-savings concerns in downtown Houston and Richardson. Applications had been denied by the Commissioner.

Court of Criminal Appeals upheld a Harrison County jury verdict of life imprisonment for a man convicted of drowning his wife.

Same Court affirmed a 20-year sentence of a San Angelo man for the slaying of a cab driver in 1966.

CRIME ON RAMPAGE-- Texas Department of Public Safety reports that Texas crime increased 11.8 per cent in 1967 over the previous year, for a new all-time high number of criminal offenses -- one every minute and a half.

An estimated 332,986 major crimes were committed in Texas during 1967, compared to 297,810 offenses the year before, said DPS Director Homer Garrison Jr.

All major categories of crime -- murder, rape, robbery, burglary, aggravated assault and theft -- were up 10 per cent or more. Only 27 per cent of known offenses were cleared by arrests during the year.

APPOINTMENTS -- Attorney General Martin has named former State Rep. Pat Cain of Austin to head his antitrust and consumer protection division. Division handles antitrust matters as well as enforcement of the new state consumer credit code.

O. N. (Newt) Humphreys, Austin, moved up to acting administrator of the State Liquor Control Board after the Board accepted the resignation of veteran Administrator Coke Stevenson Jr.

W. A. (Dub) Cowan, formerly of Coryell County, succeeds Humphreys as agent-in-charge of the Department of Public Safety intelligence section. Maurice Beckham of Hallsburg took over Cowan's old job as assistant agent-in-charge.

Garner E. Jones, Wylie, has been designated senior planning engineer in the hearing and planning section of the Texas Water Quality Board's central operations division.

John E. Gray, Beaumont bank president, will serve as state chairman of the 1968 National Library Week Committee.

Earl J. Cantrell, formerly of Dalhart, will head Texas State Teachers Association's new division of research and data processing.

PARK SITE SELECTED-- State Building Commission has picked the site for the long-delayed museum building at Washington-on-the-Brazos State Park in Washington County.

Museum building will be of five-point star configuration. Legislature appropriated \$500,000 to build it, matched by \$200,000 in private contributions. Rep. Gus Mtscher of Brenham indicated an additional request of \$150,000 to \$200,000 may be made to the legislature next year.

Park is located where the Texas Declaration of Independence was signed on March 2, 1835.

SHORT SNORTS-- Agriculture Commissioner John C.

White warned Texas dairymen to proceed with caution when considering mandatory laws regulating prices of milk, saying "Price stabilization laws can be harmful if they are hastily written and poorly administered."

Texas Industrial Commission reports that seven new industries have located in West Texas since the first of the year-- three in Abilene, three in Odessa-Midland and one in Fort Stockton.

Texas Aeronautics Commission will hold a hearing March 12 on application of Charles E. King of Wichita Falls for a permit to provide airline passenger service between Wichita Falls and Dallas.

Governor Connally has approved a \$5,500 planning grant for Smith County-Tyler area Council of Governments and a \$6,500 grant for Heart of Texas Council which includes Waco, Woodway, West, Lacy-Lakeview and Bellmead.

Attorney General Martin has

held that a witness required to testify before a House committee studying liquor laws would gain immunity from criminal prosecution for unlawful acts he had to tell about.

In another opinion, Martin held that the Rio Grande Independent Rehabilitation District for exceptional children is an independent school district entitled to payment of state aid for its buses.

A record 20,684,000 out-of-staters visited Texas last year and spent \$1,200,000,000 reports Texas Highway Department.

A \$400,000 chair in Civil jurisprudence has been established at the University of Texas law school as a 51st "birthday present" to Governor Connally.

HART GRAIN CO.

Hart, Texas

The Legislative Committee of Plains Cotton Growers, Inc. met Feb. 29 in Lubbock and reached general agreement on support for an extension of the current cotton program with refinements or modification recommended on eight points.

W. L. Edelman of Friona, committee chairman, emphasized that this was the committee's first meeting in 1968 and that the position taken was subject to review at subsequent meetings before final recommendations are taken to the full 48-man PCG Board of Directors.

The current cotton program, included in the Agricultural Act of 1965, expires with the 1969 crop year. But the agriculture committees of both houses of Congress have announced that hearings will be held in 1968, probably beginning in late March or early April.

It was the feeling of the PCG committee that a move should be made to get legislation at least introduced and if possible passed this year.

The eight points outlined by the committee as major provisions that need to be in an extended program are:

- (1) Protection of producer net income;
- (2) Protection against the imposition of individual program benefit limitations at any level;
- (3) A more equitable procedure for determining projected yields;
- (4) Elimination or modification of the current program's small farm (10 acres or less or 3600 pound projected yield or below) provisions;
- (5) A "total market" concept as opposed to the "domestic market" concept now in effect;

(6) Liberalization of allotment sale and lease provisions;

(7) A continuation of the 16 million acre legal minimum allotment and realistic efforts toward domestic and export consumption that will lead to a return to production from 16 million acres or more, and

(8) Adequate flexibility to allow production volume adjustments, either up or down, to keep in line with domestic and export market needs.

The PCG Legislative Committee is charged with the development of legislative principles that will serve the interests of cotton producers on the High Plains. These are then presented to the full 48-member PCG Board of Directors for adoption or further refinement.

The committee is made up of the three current PCG officers plus 12 other association members from various counties throughout the area.

The PCG Board contains two members elected from each of the 23 counties in the area plus two directors at large.

PCG President Don Anderson said "It will no doubt require several meetings of this committee and perhaps more than one meeting of the full Board to firmly develop a legislative policy, but when a pol-

icy is adopted it will represent a good cross section of thinking throughout the Plains area."

He reminded that when the current cotton program was under consideration in Washington many meetings, some of them lasting well into the night, were needed before the organization took a stand.

"Of course we are not always able to reach unanimous decisions, Anderson said, but if we believe in the democratic process we have to believe this is the best way to resolve policy matters and we have to abide by the majority decision whether we as individuals agree or not."

Called on the review the current cotton situation for the meeting, Donald Johnson, Executive Vice President, said the U. S. carryover of cotton on Aug. 1, 1968 is still expected to total around 6.5 million bales.

"The 1967 crop is going to fall about one-half million bales short of earlier estimates," he said, "But this will be offset by a drop of about the same amount in expected U. S. cotton exports."

He quoted USDA as saying that the 1968 cotton program is designed to raise production to about in line with 1968-69 mar-

keting year needs for domestic mills and for export (about 13.5 million bales), and to encourage the production of longer staples.

"However," he continued, "producers across the cotton belt so far have signed up to plant only 75 per cent of allotments, and if that percentage level remains constant it is doubtful if production will reach 13.5 million."

"There are some 15.3 million acres eligible for planting and for the program; 75 per cent of that figure is only 11.5 million, and you have to take off something like 600,000 acres for underplanting and normal abandonment which leaves only 10.9 million acres for harvest."

USDA's estimate of per acre yields under the 1968 program with relaxed skip-row rules is 545 pounds and at that rate 10.9 million acres would yield only 12.4 million 480-pound net weight bales.

"Add that to the expected carryover of 6.5 million, and total supply for the 1968-69 marketing year comes to 18.9 million bales. So if USDA's estimate of 1968-69 offtake (13.5 million) is correct, the carryover on August 1, 1969 would be 5.4 million bales," Johnson said.

He pointed out however that in terms of supplying market needs this carryover might be more adequate than the larger carryover of 1968.

"Production of the medium and longer staples in 1967 was higher, percentagewise, than ever before, and is expected to be higher again in 1968. At the same time offtake of these staples dropped about a million bales in 1967-68 because of the wide price differences. So we can logically expect a better staple balance in the 1969 carryover," he explained.

Johnson cautioned the committee that "a small change upward in estimated acreage or yields coupled with a small change downward in offtake, or vice-versa, could significantly change the entire supply-offtake, carryover picture."

Other members of the legislative committee besides Anderson and Edelman include Donnell Echols of Lamesa, PCG Vice President; Ray Joe Riley of Hart, Secretary; Clyde Crausbay, McAdoo; Roy Davis, Lubbock; Roy Forkner, Lubbock; Don Marble, South Plains; Joe B. Pate, Jr., Lubbock; G. B. Morris, Crosbyton; J. D. Smith, Littlefield; W. C. Thompson, Anton; Joe D. Unfred, New Home; J. P. Jones, Kress; A. L. Higgins, Plainview, and Wilmer Smith of Wilson.

ALEXANDER GUESTS

Visitors in the home of Mr. and Mrs. Calvin Alexander Sunday were Monte Phillips, and children, Monica, Hoby and Michelle of Littlefield, Monroe Phillips of Kress, Troy Tolbert of the U. S. Marines of San Diego, California.

Day 938-2447 Night 938-2205

Enterprise Headquarters For HemisFair Bonus Books

Extra values as high as 50 per cent are available to persons planning to attend HemisFair in San Antonio through the pre-opening sales of a wide variety of Bonus Books, now on sale at The Olton Enterprise.

The Bonus Books range in price from \$3 to \$11 and carry admission to various special attractions on the grounds.

The variety includes Books for persons who already have their \$2 gate admission and those who do not but are just beginning their vacation planning for the April 6- Oct. 6 International Exposition.

The gate admission will offer the holder free access to exhibits of foreign countries from every continent on the globe and a host of industrial pavilions as well as passage throughout the beautiful 92.6-acre fairgrounds.

The Bonus Books, however, include full price tickets to wide-ranging special attractions not included in the regular admission.

A \$1.50 savings can be enjoyed on a child's Bonus Book at a cost of \$3. The special does not include a gate admission, but does include an official guidebook and tickets for one Tower of the Americas elevator ride, skyride, mini-mon-

orail trip, lagoon cruise, three fun rides on Fiesta Island, and admissions to the HemisFair Theme Gallery and the "El Encanto de un Pueblo" (The Magic of a People) exhibit showing new world life and customs in miniature.

The lowest price adult Bonus Book, which does not include a gate admission, is available at \$5, and represents an extra value of 45 per cent, containing tickets worth \$7.25 on the Fairgrounds.

It entitles the bearer, after admission, to the tremendous display of exhibits, the guidebook, Tower ride, skyride, mini-monorail, scenic lagoon cruise, one fun ride at Fiesta Island, entrance to "El Encanto de un Pueblo", the HemisFair Theme Gallery and to Laterna Magika, an European hit show combining live actors and film in its first southwest appearance.

For \$7, the traveler can buy an adult Bonus Book worth \$9.85. It includes one gate admission, all the extra values of the \$5 bonus book plus two additional rides at Fiesta Island.

The biggest Bonus Book savings, a 44 per cent extra value, includes two adult gate admissions, two tickets each to the Tower of the Americas elevator ride, mini-monorail, two admissions to each of the three exhibits included in the other Books, two fun rides, a guidebook, scenic lagoon cruise and skyride. The Book may be purchased for \$11, a savings of \$4.85 under its \$15.85 value.

Bonus Books will not be available on the Fairgrounds and are in limited supply. Fair visitors are urged to take advantage of this unique way to save on admission to some of the most exciting attractions at HemisFair before the World's Fair opens on April 6.

W.S.C.S. Holds Day Of Prayer

Woman's Society of Christian Service met Friday in the First Methodist Church for a World Day of Prayer program.

Mrs. Ed Bennett was program leader. Members participated in the round table prayer program. Mrs. Bill Yaeger gave the opening prayer. Benediction was by Mrs. Bennett.

Members attending were Mmes. Fred Brown, Yaeger, Ed Bennett, Bob Bennett, Mable Aven, W. C. Crick, L. L. Swindle, E. E. Foster and C. B. Landers.

Zealot Club Hears Program On Hair Styling

The Zealot Club met Monday afternoon in the Community Room of Farmer's State Bank in regular meeting.

Cecil Kerbo of Tulia presented the program on hair styling, wigs and wiglets.

Plans were made for a spaghetti supper for members and their husbands.

A St. Patrick's theme was carried out with a green cloth and napkins with shamrocks.

Guests for the meeting were Mmes. Tom Ed Benton, J. D. Myrick and Weldon Davis. Members attending were Mmes. Deryl Clevenger, L. D. Williams, Warren Lemons, Cleve McLain, Hubert McLain, Howard Mitchell, Eldon Shive, Preston Upshaw and Jack Dyer.

ON HONOR ROLL

Mark and Doug Martin, sons of Mr. and Mrs. Charles Martin were both on the Dean's honor roll this last semester.

VISIT PARTS OF TEXAS

Mrs. T. B. Cox and Mrs. Miles Cox spent several days last week visiting down state in Fort Worth, Weatherford, Lipan, Abilene and Paris.

IN LUBBOCK

Mrs. Jerry Kittrell, Mrs. Vasca Kittrell and Mrs. Judd Davis were in Lubbock on business and visiting Saturday of last week.

FROM TENNESSEE

Mr. and Mrs. D. W. Cantrell of Nashville, Tenn. are spending this week here visiting their daughter Mr. and Mrs. Darrell Lacy and family.

SCOUT NEWS

Troop 246 met Monday evening in the American Legion Hut for the purpose of reorganizing. Two films on patrols and patrol leaders were shown to those attending. Four patrols were formed and leaders chosen.

The Woodpecker patrol members are Duane Clevenger, patrol leader and Theron Hawkins, Danny George, Bobby Clark and James Warren. R. L. Hawkins is patrol dad.

Dirk Rambo is patrol leader for the Tejas patrol with James McLain, Jerry Swindle, Teddy Gutierrez and Jim Tucker. Cleve McLain is patrol dad.

Members of the Eagle Patrol are David Hawkins, Roy Gonzales, Freddy Mancias, David Warren and Pete Niabes with Vic Nelson as patrol leader. Patrol dad is David Nelson.

Bob White patrol chose Kim Dyer as patrol leader and includes Stan Dyer, David Armstrong, Bill Bates, Ricky Black and Sonny Mancias. Paul Armstrong is patrol dad.

Troop leaders completed the application for renewal. Twenty-seven boys are registered. Troop leaders are Deryl Clevenger, Scoutmaster with David Nelson and Cleve McLain as assistant Scoutmasters. Troop committee includes G. C. Graves, chairman, Paul Armstrong and Stewart Newsum.

Institutional Representative is Ed Harris. Robert Hawkins is Neighborhood Commissioner. The troop is sponsored by the Lions Club.

HOLDING HANDS at the Equator, the mothers and children protected from malaria by UNICEF in a single year would circle the globe.

KITCHEN KORNER

By Lela Gallion

This weather keeps me wondering if it's going to be nice so I can start spring cleaning (over anxious) or if it's going to start snowing again.

I don't seem to be too enthused in the cooking department either as at this time of year we are all not sure what tastes best to us. Here are two diet desserts for those on the look-out for low calorie sweets.

BAVARIAN WHIP PIE

- 1/2 c. zwieback crumbs
- 1 T. brown sugar
- 1/2 tsp. cinnamon
- 2 T. butter or margarine, melted
- 2 envelopes low-calorie orange-flavor gelatin (3 to a package)
- 1 c. hot water
- 2 cans (about 9 oz. each) diet pack pineapple tidbits
- 1/2 c. evaporated milk

APRICOT SPONGE TORTE

- 1/3 c. sifted cake flour
- 1/2 tsp. baking powder
- Dash of salt
- 2 eggs
- 1/4 c. sugar
- 1/2 tsp. vanilla
- 1/2 tsp. almond extract
- 1 can (about 8 oz.) diet-pack apricot halves
- 1 tsp. cornstarch

1. Mix zwieback crumbs with brown sugar and cinnamon in a small bowl; blend in melted butter or margarine; press evenly over bottom and side of a 9-inch pie plate.

2. Bake in moderate oven (350) 10 minutes, or until lightly browned. Cool completely on a wire rack.

3. Dissolve both envelopes of gelatin in hot water in a large bowl. Drain syrup from pineapple into a 1-cup measure; add water, if needed, to make 1 cup; stir into dissolved gelatin. (Set pineapple tidbits aside for step 5.)

4. Place bowl in a pan partly filled with ice and water; let stand, stirring often, 15 minutes, or until as thick as unbeaten egg white. Beat in evaporated milk, then with bowl still over ice and water, beat with an electric beater until mixture triples in volume and forms soft peaks.

5. Spread pineapple tidbits in the bottom of cooled crumb crust to make an even layer; top with whipped gelatin mixture. Chill several hours, or until firm enough to cut. Slice into 8 wedges.

1. Sift cake flour, baking powder, and salt onto waxed paper.

2. Beat eggs until foamy in a medium-size bowl; beat in sugar gradually until mixture forms soft peaks. (Beating will take about 10 minutes in all with an electric beater.) Stir in vanilla and almond extract; fold in flour mixture. Pour into a greased 8-inch layer-cake pan with removable bottom.

3. Bake in slow oven (325) 25 minutes. While cake bakes, drain syrup from apricots into a cup; measure out 1 tablespoon and blend with cornstarch in a small saucepan, then stir in remaining syrup. Cook, stirring constantly, until sauce thickens and boils 3 minutes.

4. Remove almost-baked cake from oven; arrange drained apricot halves, rounded side up, in a ring on top; spoon half of the hot sauce over; return to oven.

5. Bake 5 minutes longer, or until cake pulls away from side of pan. Spoon remaining sauce over apricots to glaze.

6. Cool cake in pan on a wire rack 5 minutes; remove, leaving cake on its metal base. Cut into 8 wedges. Serve warm.

NEWSOM SUPER \$AVE

Dear Editor

School Board Election

The Hart Beat,
Hart, Texas

Dear Editor:

Since the school board election is just around the corner, I, as a patron of the Hart Public Schools, a tax payer, and as one vitally interested in the youth of our community, and the future of Hart, would like to pass a few thoughts along these lines.

Most every year by this time, there is a movement among a certain few, to boost some individual into the office of school board member for some very negative purpose of "getting" somebody or in some way to hinder the progress of the school.

Don't you think that just for one time we might have several candidates who wish only to make themselves available to serve

in this capacity without having any pre-conceived notions of vindictiveness?

I sincerely feel that there is more than an adequate representation of the "Aginers", and those who feel their calling in life is to protect the tax payers, all of which may have its place in small doses.

We are blessed with an abundance of fine citizens who are willing and capable to speak out, and who would have one purpose in mind, that is to have the education and welfare of our youth at heart.

I think it is time that we arise and demand a better school, and time we parents let our views be known!!!

Sincerely,
Parent and Tax Payer
Please withhold my name.

Wanted - Two Men

Dear Editor:

Wanted: two men. Must be interested in a good school system for Hart children and be willing to work for it.

With the deadline for filing for a place on the ballot for the school board election drawing near, it is time for we parents to assume our responsibilities.

It is common knowledge that there is a great deal of discord within the present board and a lack of confidence in the administrators. Some of our tax money has been spent needlessly in lawyers fees for checking records and reviewing audits; money that could have been spent in improving our schools.

Serving the community as a board member is often a thankless task. It requires time, certainly, but most of all, an attitude of unselfishness.

It requires individuality of thinking but with a spirit of cooperation. Those elected should put the problems of good education ahead of petty grievances and personality clashes.

Until we have seven men who have these

traits, we cannot hope to have a decent, smooth-running school system. The quality of our administration, teaching, and student learning has suffered due to the lack of unity of purpose within the board.

It is imperative that we parents and patrons of this school district take an active part in selecting and electing two men, willing to serve and sacrifice for our children. We must act NOW!

Thank you,
A Parent
(Would you please withhold my name)

Farms For Sale WHY RENT?

IT'S EASY TO BUY!

You can own a farm for the smallest down payment ever.

We can get you a loan for approximately 70% of total cost of farm. I have farms from:

160 acres for \$380 per acre

200 acres for \$525 per acre

320 acres for \$600 per acre

And many other listings.

These loans are set up on 20 years. Rent will just about pay for a farm.

What kind of

installs Gas Air Conditioning in the Winter?

A WISE ONE!

He's the kind of nut that's hard-headed about solving a problem before there is a problem. That's the story in a nutshell. Install gas air conditioning now. You'll like the way it makes big cooling jobs seem small. Next summer you'll be the cool one while others are cracking under the heat.

INSTALL NOW—NO PAYMENTS UNTIL MAY 1st

Pioneer Natural Gas Company

Moments

Of

Meditation

C. T. Cunningham, pastor of First Baptist Church

Jesus said, "All things are possible, if we only believe." So much of our lives are lived in doubts and fears and a lack of self-confidence. The words faith and believe come from the same word. Therefore if we have faith all things are possible. Not just some and then some that are not, but all things.

The important question is not "how much" faith do we have, but the question is, "What kind of faith" do we have. Listen to James as he speaks to us about faith. "If a brother or sister be naked, and destitute of daily food, and one of you say unto them, depart in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body; what doth it profit?" It is in the context of this statement that James asks the question, "Can this KIND of faith

save you." And the answer is NO! Faith without right actions is not the kind of faith the Bible talks about.

We do not need to increase our faith, we need to improve it. A kind of faith that links our works with God's and thus making all things possible, yea to the removing of the mountains of obstacles, the giants of defeat and frustration.

This kind of faith does not sit around and hope for God to intervene with a supernatural act, but the New Testament faith looks for and finds a way to do the impossible. Luke tells of a kind of faith that will remove a tree and transplant it in the sea. This kind of faith will, if need be, get the spade and start digging to transplant that tree.

"For whatsoever is born of God overcometh the world; and

this is the victory that overcometh the world, even our faith." 1 John 5:4 What is it that gives us joy instead of sadness, hope instead of despair, peace instead of war, hope instead of hopelessness? What is it that helps us overcome the world, that gives life instead of death, victory instead of defeat?—"Even our faith."

This kind of faith makes for real living today. Pray for your faith to improve.

Soybean Study Being Conducted At High Plains Research Plot

Do soybeans respond to fertilizer? A better question might be, "Do some varieties or strains of soybeans respond to fertilizer better than others, and, if so, which one and to which fertilizers?"

Dr. Douglas Owen, Agronomist at the High Plains Research Foundation, is attempting to find some of the answers to these questions. A preliminary study was started in 1967 to evaluate a total of forty

varieties and experimental strains under both fertilized and non-fertilized conditions. Two identical test areas were planted, with each containing all varieties and strains. One area received no fertilizer, and the other received a total of 147 pounds of nitrogen and 96 pounds of phosphate. The sources

of fertilizer included a pre-plant application of 8-16-0 and a side-dress application of Ammonium Nitrate. Slight increases in yield were obtained from most varieties and strains tested. However, two specific varieties did show better-than-average response, and several experi-

mental strains showed definite promise. Yields of up to 59 bushels per acre were very encouraging, and the test will definitely be continued. No recommendations can yet be made as yet, but complete results of the 1967 test will be printed in the Annual Research Report of the Foundation.

TEXAS GOVERNOR JOHN CONNALLY is shown receiving the first sheet of 1968 Easter Seals from Myrtle Johnson, of Holland, near Temple, and Mr. Cazzie Pierce of Waco to kick off the 1968 Easter Seal Appeal in Texas. The Easter Seal Society in Texas helps support 21 treatment facilities where 11,390 children and 6,232 adults were provided treatment during 1967.

Easter Seal Campaign Launched In Texas

Governor John Connally received the first sheet of 1968 Easter Seals from Texas Easter Seal Campaign adult and child, Cazzie Pierce, of Waco, and Myrtle Johnson, 7, of Holland, near Temple.

Pierce and Myrtle are pictured on nearly a half million Easter Seal Appeal letters mailed in Texas this month.

The first sheet of 1968 Easter Seals were presented on behalf of the 17,622 disabled Texans who were served by the Easter Seal Society this past year. Of this number, 6,232 were adults and 11,390 were children suffering from physical disabilities.

Pierce was a brick mason, suffering a stroke in 1959. In fact, he was one of the first brick masons who volunteered to work on building the Easter Seal Rehabilitation Center in Waco. He has been receiving physical and occupational ther-

apy at the Easter Seal affiliated McLennan County Rehabilitation Center since July 1959. When he first visited the Waco Center, Pierce was confined to a wheelchair. Within a few weeks, physical therapy exercises improved his condition to the point that he could walk with the aid of parallel bars, then with only the aid of one crutch.

Myrtle, daughter of Mr. and Mrs. Robert Johnson, was born with a spinal defect. She has been receiving physical therapy at the Easter Seal affiliated Bell County Rehabilitation Center in Temple for the past six years.

When referred to the center, Myrtle had just been fitted with steel braces that ran from the bottom of her feet to her hips. She had no control of her legs, and could not stand.

She has made consistent progress in her ability to be

independently functional and can now walk alone with crutches and her braces.

In addition to physical therapy at the Bell County Rehabilitation Center, Myrtle has undergone several operations on her back and hips.

She is a second grade student in the Holland public schools, and is still making progress.

The Texas Easter Seal Society helps support 21 treatment facilities in the state where children and adults are treated regardless of ability to pay. Physical, occupational and speech therapy and information services are provided to help solve the many problems faced by families of handicapped children and adults. In addition, the Society provides braces, wheelchairs, walkers, and related services for those who cannot provide for themselves.

During 1967, the Easter Seal Society spent more money on direct services to patients than was collected in the Texas Easter Seal Appeal.

W.M.S. Luncheon Held Monday

The Woman's Missionary Society of the First Baptist Church met Monday at the church for a luncheon program.

The program was on home missions with an Annie Armstrong offering taken for mission work.

Those attending were Mmes. Clay Anderson, Weldon Davis, O. C. Kittrell, R. A. Futrell, Lester Lancaster, Howard Mitchell and Preston Upshaw.

SCOUT NEWS

All Troops of Girl Scouts met Wednesday, Feb. 28 after school to make final plans for their Father-Daughter banquet and rehearse for the program.

Seventy-three scouts attended the meeting. Adult leaders were Mmes. Janice Clark, Nadine Friday, Wanda Miller and Marilyn Covington.

HemisFair Exhibits Varied

Group exhibits will be shown against a background designed for their story told in pictures and relics. Each group will have slides and self-contained movie units.

The, the dramatic highlight will be in the two story tall central dome, where an ultra-modern film and slide presentation uses 36 screens (not all simultaneously), surrounding the viewer with movies and slide sequences of such events as "A Night in Old Fredericksburg" and the ceremonies of the Tigua Indians.

"We think this is a tremendous story, one that will be told again and again," Shuffler said. "What makes this so important is that this story will go on and one after HemisFair is closed. And, it will continue to grow and gain more excitement."

After the Fair, the exhibit will serve as an educational communications center in subjects relating to history and culture of the State.

"After HemisFair, the Institute will collect further information on Texas subjects, produce films, filmstrips, tapes, publications and exhibits for use in classrooms, on television, for museums and public gatherings; and it will circulate portions of its exhibits to areas where they are of special interest," Shuffler said.

HemisFair visitors will not find a museum dealing cold, hard facts or classroom history at the Institute.

"The information is presented in warmly human terms-- in the stories of individuals," Shuffler said. "Every person who tours the exhibit will find something which binds him to the people of Texas."

Jim Gaines, chief executive officer at HemisFair'68, makes it clear that the San Antonio World's Fair is a one-of-a-kind item, and unlike anything ever before.

"It is not Montreal; it is not New York; it is not Seattle; it is not Brussels, San Francisco nor even 1904 at St. Louis," Gaines said in a recent speech. "It is San Antonio --different San Antonio -- San Antonio 1968."

"It is an Exposition which

in its time and in its place, is as distinctively different as any that have gone before. It is a people's Fair--designed for them-- to be pervaded by an atmosphere of Fiesta gaiety-- at prices guests and we can afford."

As Commissioner General of HemisFair'68, Gov. John Connally stands proudly over 92.6 acres of world-wide culture, history and fun. He can't play favorites.

But, occasionally he gives a hint of his own special love located on 13 acres of the World's

Fair grounds -- The Institute of Texan Cultures.

The beautiful structure, with an interior four times the size of a football field, is the Texas exhibit at the \$156 million international exposition. It is a \$10 million investment in history for posterity which will attract visitors years after HemisFair is over.

The Institute tells the story of Texas--the true story of the 25 ethnic cultures that formed the Lone Star State, not the television-produced image of six-guns and sidewinders.

The Governor chose R. Hen-

person Shuffler, a former newspaperman who has taken a leave of absence as Manager of the University of Texas Collection of Texana, to put the exhibit together.

Shuffler admits there were cowboys, Indians and holdup men in Texas' past. And, they aren't forgotten at the Institute.

They all came to a strange new land and as they molded what was to become the Lone Star State their cultures merged.

This is the story of Texas, and the tale woven inside the Institute.

Ladies Class Studies Joshua

The Ladies Bible Class of the Church of Christ met Thursday, Feb. 29 at 9 a. m. at the church.

Mrs. Laurence McLain taught the Bible lesson based on Joshua.

Members present were Mes. Hubert English, O. L. Floyd, Carmen Pigg, C. C. Hanes, James Kennedy, Dwight Miller, Tom Ed Benton, Kenneth Covington, Wayne Beavers, and Lynn Alford.

Cards Of Thanks

We want to thank each and everyone for the nice cards, pretty flowers, food, visits and prayers for my recovery. We are so thankful to Bro. Cunningham for being with us during the operation and in our hours of concern. May God's blessings be with all of you.

Mr. and Mrs. J. W. Welty and children.

Last Rites Conducted For Ernest Thornton

Funeral services were held at 2:30 p. m. Wednesday in the 12th Street Church of Christ in Seagraves for Earnest George Thornton, 56, brother-in-law of Everette Cole. Thorntondied Monday morning, shortly after his arrival at Seagraves Clinic and Hospital. He suffered an apparent heart attack while at work at Columbian Carbon Plant No. 64.

Lucian Farrar, minister, officiated. Burial was in Gaines County Memorial Gardens

under the direction of Webb Funeral Home.

A resident of Seagraves for 24 years, Thornton was born in Montgomery, Ala. He moved to Seagraves from Wellman. He was a member of the Church of Christ.

Survivors include his wife; six daughters; one son; three brothers; one sister and 15 grandchildren.

Mr. and Mrs. Cole and family attended the services.

MERLIN, THE MAGICIAN visited Hart March 2 and entertained Hart residents with mysterious acts.

Ticket Headquarters For Rodeo To Open Monday

Ticket headquarters for the 26th Annual ABC Rodeo will be opened at Pioneer Hotel here Monday at 9 a. m. The rodeo, featuring 150 to 200 of the world's top cowboys and country music singer Sonny James and his Southern Gentlemen, is scheduled at 8 p. m. March 20-23 in Municipal Coliseum.

Red-jacketed ABC members will man the ticket headquarters daily until 6 p. m. Ticket information and reservations may be made by telephoning PO5-8989, according to Sam Ribble, chairman of the ABC rodeo committee.

Reserved box seats are \$3.50 each. Other prices include reserved seats \$3, general admission \$2.50, student and military general admission \$1.75 and general admission for children 12 and under is \$1.25.

As added attractions, the rodeo will feature pole bending, ribbon racing and barrel

racing for youngsters and a parade of champions from the South Plains Junior Livestock Show, which will be held at the Panhandle South Plains Fairgrounds March 19-23.

Beutler and Son of Elk City, Okla., will produce the 1968 rodeo. Wilbur Plaughter will return as clown and Clem Mc Spadden, Oklahoma legislator, will serve as announcer.

A parade through downtown Lubbock at 4 p. m. on opening day will launch the festivities. Individuals, organizations or businesses interested in participating are asked to contact Don Workman at First National Bank here for particulars.

The rodeo, sanctioned by the Rodeo Cowboys Association, is expected to draw from 150 to 200 contestants, many of whom are 1967 world champions. They will be competing for purses and added money of more than \$12,000.

Deadline Date

Is April 1

April 1 may be April Fool's Day to the younger generation, but it is also an important deadline for many older people to keep in mind, according to John G. Hutton, district manager, Social Security Administration, Lubbock.

"Many people over 65," Hutton said, "failed to sign up for the voluntary doctor-bill insurance under Medicare. Most of these have Medicare hospital protection but did not enroll in the supplemental coverage. They now have another chance but must enroll by April 1 for coverage that will become effective July 1.

pays half of the cost with other Federal revenues paying the other half. Nation-wide nearly 18 million older people now have this protection, which has helped pay over 28 million medical bills, totaling nearly \$1.3 billion."

Information on the additional Medicare protection provided by the 1967 Amendments to the law is available at the Lubbock social security office.

"For these folks a monthly premium is involved, which

SCENE from Girl Scout's Father-Daughter banquet

SCOUT NEWS

Hart Girl Scouts held their annual Father-Daughter banquet Tuesday evening. Approximately 55 scouts and their fathers attended.

Cadet Scouts presented a Polynesian Sun Dance. Members of the Junior and Brownie troops sang several selections.

Mrs. Tom Vestal of Plainview, District Director of District Nine was honor guest.

Scouts will present the same program at the Area Wide Scout Fair in Lubbock March 23. They will also demonstrate flower making. Flowers that scouts had made were used in decorations for the banquet.

Scouts will take sack lunches and eat at the park in Lubbock the day of the Scout Fair.

DECORATIONS were made by the Girl Scout's

Cotton labor saver

Control hand labor expenses
...control weeds with Treflan®

- Save on hoeing because Treflan gives you months of dependable weed control.
- Save on cultivations and other trips over the field because Treflan simplifies your weed control program.
- Save at picking time because cotton is free of grass and weeds.

HOT STOVE LEAGUE

Those who think that the "hot stove league" vanished with the general store pot-bellied stove and the cracker barrel just haven't wandered into a local fishing tackle emporium lately.

This institution still functions throughout the U.S., say the fishing experts at Mercury outboards. After all, the average red-blooded American has to have a place to hang out and discuss topics of mutual interest with his fellow man.

As a kid, he had a club house on a vacant lot, or a little platform built in the old apple tree in the backyard. As a teenager the local drug store soda fountain, or a particular street corner sufficed for a hang-out.

Adults require similar spots to satisfy their togetherness instincts. Women do their gabbing in the beauty parlor, or over a card table at the weekly afternoon bridge session. Fishermen, however, have another alternative.

Almost any sporting goods store has a spot where a group of men can gather around and compare notes about fish and fishing. Here a man can look, listen and learn.

As a member of the local hot stove league he can finger a new lure, or flex a new rod without a cent in his pocket.

He can listen to the big boys, compare notes with fellow anglers, learn to stretch the truth in telling about his own fishing exploits, and find out where the best fishing holes are.

Membership in this great angling fraternity is not regulated by income, position, or a man's ancestors. All he needs to become initiated into this organization is to prove that he's as anxious to get out on the water as the others. If he's a fisherman, he's welcome to pull up a chair and become a member of the group.

So, men, if you're not already a member of your local angler's hot stove league, the Mercury lads suggest you go down to the tackle store and join up.

Of course, it won't compare with actually being out on the water, but remember, the next thing to fishing is talking about it.

THERE ARE ABOUT 11 million victims of leprosy in the world. For 75¢, UNICEF provides enough sulfone to treat one of them successfully for three years.
