## Easter Seal Appeal Issued In Last Stages Of Drive

A last minute appeal for support of the Easter Seal Society for Crippled Children and Adults and its program of services to the handicapped was issued today by Mrs. Walter Maynard who is the Easter Seal Representative in Castro County.

The Easter Seal provided treatment and services for 17, 622 physically handicapped children and adults in Texas last year, Mrs. Maynard said, and this program needs to be expanded. Many people are going without services that would increase the productivity of their lives and make them happier. With increased growth of the Easter Seal Society, more and more of these people will be reached, he added.

## Miss Dimmitt To Be Named

The Miss Dimmitt Beauty Pageant is slated for May 4 in the high school auditorium in Dimmitt.

Chairman of the pageant is Bob Bingham. Bingham has announced that entries are being sought throughout Castro County.

Entry blanks may be obtained from Bob Bingham or any member of the Jaycees. Miss Poppy Byrnes of Dimmitt was last year's winner.

Winner of the contest will represent the Dimmitt Jaycees in contests during her reigning term. Those contests will be selected at the discretion of the Jaycees.

The Society is carrying on a continuing program to seek out the disabled who are doing without services and see that they receive the services they need. As Easter Seal Representative, Mrs. Maynard is the person to contact for services from the Easter Seal Society.

The Texas Easter Seal Society helps support 21 treatment facilities in Texas where crippled children and adults are treated regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped overcome their disabilities. A complete referral program to ensure equal rehabilitation services to every person in Texas is included in Easter Seal Society services, he added.

HHS has really been buzzing this week.

Monday began with the FHA cookbooks coming in. Anyone in the mood for buying 350 cookbooks?

The FTA held their last meeting and had their installation of officers.

The volleyball girls played the new power volleyball against Vega Monday afternoon in Hereford. The Horns lost the bidistrict match 1-2.

Monday set the pace for Tuesday's district track meet at Springlake along with Junior play practice.

Speaking of junior play practice, things have been going pretty speedily.

'Bout time, they needed to be. The play was Thursday night and those few days before the presentation of "Hobgoblin House" certainly were hectic.

School will dismiss at 2 p. m. Friday for a nine-day Easter vacation.

If you're wondering what some of the HHS students will be doing during this school-free time, here are their replies:

Linda P. - get ready for senior trip.

Pat S. - go to Oklahoma.

Tommy G. - Nothing

Jim S. - Stay home

Linda B. - Stay with my honey.

Bob W. - I don't know, probably nothing.

Leta - Go to Dallas and sew.

Rex - Nothing.

Mike - Be in the hospital.

Iona - Look at colleges in Oklahoma.

Mandy - Go to Cisco, Kileen and maybe San Antonio.

Roni - Go to Austin for State FHA Convention.

DeRhonda - Go to Turkey.

Gaylene - Go to Turkey with DeRhonda.

To end the week comes the Senior Class Bake Sale Saturday.

If we really want to get rid of them, for a whole week in

May, let's support them downtown beginning at 8:30 a. m. They're working hard and from report, the food will be good.

HERBICIDE

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessnessweed (pigweed), sunflower, lambsquarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is sprayed onto weed leaves and translocates to the roots...for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches tall).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

# KITCHEN KORNER

By Lela Gallion

I have been involved in so many different projects this past week that I haven't done much cooking.

I guess I need that quick and easy cookbook the home-making girls are selling. I have the others and really enjoy them. If you purchase one I think you will be very pleased with it.

A nice lady gave me a quart of fresh cream the last week and I was so pleased with it (although I didn't need the calories). We put it on just about everything I baked and salads too. We really enjoyed it.

Fresh strawberries are on the market and a good buy. Here is a good "homemade"

shortcake.

## DELICIOUS SHORTCAKE

- 3/4 c. oleo
- 3/4 c. milk
- 2 c. flour
- 1 T. sugar
- 3 tsp. baking powder

This dough is real thick. Place in square dish, or cut in biscuits. Bake at 375 deg. (For company, double recipe.)

## RAISIN BREAD CUSTARD PUDDING

- 3 T. seedless raisins
- 2 T. soft butter
- 6 slices raisin bread
- 3 eggs
- 1/4 c. sugar
- 1/2 tsp. salt
- 1/8 tsp. nutmeg
- 1 1/2 tsp. vanilla
- 2 c. hot milk
- Cinnamon sugar (blend 1 1/2 Tablespoons sugar with 1/8 teaspoon cinnamon)

Place 1 teaspoon raisins in each of 6 shallow individual baking dishes. Butter bread and place one slice in each dish, trimming to fit if necessary. Beat eggs lightly with sugar, salt, nutmeg and vanilla. Stir in hot milk. Pour over bread. Top with remaining raisins; sprinkle lightly with cinnamon sugar. Place dishes in shallow pan containing 1/4 inch hot water. Bake in moderate oven (350 deg. F.) 30 to 40 minutes, until custard is set. Serve warm or cold. Makes 6 servings. Top with whipped cream or whipped topping if desired.

## LIME JELLO SALAD OR DESSERT

- Dissolve:
    - 2 small boxes lime Jello in 1 c. boiling water and 1 c. cold water
  - Add:
    - 1 qt. vanilla ice cream, soft
- Stir until ice cream is blended

in and mixture is creamy. Add:  
 1 #2 can crushed pineapple and juice  
 1 # 2 1/2 can fruit cocktail, drained

Let stand in refrigerator several hours. Makes a large salad or dessert.

# SCOUT NEWS

Troop 246 participated in the 1968 Scout Exposition held in the Agricultural Center at Plainview last Saturday.

The Fun and Skill show held by the Haynes Boy Scout District of the South Plains Council was the largest in the three-year history of the event.

There were more than 55 exhibits sponsored by the 53 units within the district. Some of the demonstrations were in rope making, first aid, archery, code and signals and readying packs.

Hart scouts participated in a canoe race. Full scale canoes were raced tug-of-war-style by different troops. The Hart team of Ike Graves, Dirk Rambo, David Warren and David Hawkins placed second in the contest.

Twenty-two scouts and Deryl Clevenger, Scout Master, attended the show.

Parents helping with the transportation and attending the show were Mr. and Mrs. Charles Clark, Mr. and Mrs. G. C. Graves, Mr. and Mrs. Cleve McLain, Mr. and Mrs. Lanny Tucker, Robert Hawkins, and Mrs. Claude Cox.

# Pioneer Round-up SCOUT Set For Plainview NEWS

The Plainview Business and Professional Women's Club has announced Saturday, May 18 as the date for the 1968 Pioneer Round-Up. This will be the 40th year the club has sponsored this annual event, according to Miss Doris Hoke, President of the sponsoring club.

The Pioneer Round-Up was started as a method of honoring pioneers of the area. This continues to be one of the purposes of the event, but in addition, it has become an entertainment feature for people of all ages in Plainview, Hale County and surrounding area.

Miss Hoke has appointed committees for the Round-Up and chairmen of each committee are as follows: Helen Pemberton, Program; Fannie Green, Reception; Inez Chitty, Registration; Vaneta Cross, Tickets; Gladys Richardson, Food; Ina Thornton, Door; Florence Montgomery, Serving; Lou Ella Scarbrough, Dance; Romi Li Patrick, Parade; Estha Zimmerman, Float; Opal Ehresman, Concessions and Jo Ann Clements, Publicity.

The Pioneer Round-Up on Saturday night will be held in the Hale County Agriculture Center on the south edge of Plainview at the Y of Highway 87. The reception will be held in the meeting room at the Center and pioneers will gather for this at 10:00 a. m. on Saturday morning.

The traditional Round-Up parade will roll at 3:00 p. m. The Saturday evening's program will begin at 6:00 when the chuck wagon supper will be served in the large assembly room at the Agriculture Center and the program to follow.

A square dance will conclude the day's activities.

All local and area people are invited to this Pioneer Round-Up to honor those pioneers who came to this country many, many years ago.

CLASS OF '68  
**Last Will And Testament**

We the Senior Class of 1968, being of sound body and absent mind, do establish this, our last will and testament:

LARRY HENDERSON wills his ability to tear up perfectly good cars to JIMMY ALLENSWORTH.

DANNY RICE wills his bad luck to STEVEN HANES. ALLENE VAN VLIET wills her ability to speak and spell so well to NANCY REED.

W.A. HAWKINS wills his bookkeeping grades to BOB WAIDE, RICHARD MURRAY and JOE QUIROZ. Don't fight over them boys, they're not that good!

JIM SWINDLE wills to RICHARD MURRAY his great ability to feed show animals.

DONNY IRWIN wills his great economic and mental status to GARY RAMBO.

MANDY ROGERS wills her "Wind Song" to LINDA BAILEY and her "little girl innocence" to INA FEATHERSTON; she's getting tired of it.

JULIE PEREZ wills her great P. E. star ability to IONA CLEVINGER.

ROGER CLEAVER wills his chemistry grades and his ability to run track to RONNIE BARHAM.

THELMA MARTIN wills the tradition of holding "operation rescue" together to IONA CLEVINGER, CATHY SHARP, SANDRA LACY, and SHIRLEY ROBINSON.

PATRICIA SMITH wills SAN JUANA GARCIA her high scholastic standing on the National Honor Society.

COY ETHRIDGE wills his ability to keep his trap shut at the right time to RICKY BENNETT.

PAUL GUZMAN wills his good Physics grades to JOE QUIROZ, OSCAR MORALES and TONY MARTINEZ.

LINDA POPEJOY wills her natural smile and ability to talk naturally to REBECCA FUTRELL.

DAVID HARRIS wills his tackle position to TONY MILLER—lots 'o luck!

LYNDA SHIVE wills her American History notes to PHIL DAVIS.

BENNIE MARTINEZ wills his ability to run the 880 to JACKIE FINCHER. Oh, there's a special bonus; the socks too, 'cause they're so stiff they could run it by themselves.

MANDY ROGERS wills her love for Hart to STEVEN HANES—you'll get used to it, Steve!

TOMMY GONZALES wills his ability to play sports to OSCAR MORALES.

DONNY IRWIN wills his great driving ability to JACKIE FINCHER.

PATRICIA SMITH wills LINDA BAILEY the ability to "get your man". To MARGARET SWINDLE she wills her rabbit named Fred.

LYNDA SHIVE wills her ability to throw paper at the wastebasket in Typing class to NANCY REED.

THE SENIOR CLASS OF 1968 wills to the SENIOR CLASS OF '69 its very rebellious attitude.

**Tourist Season  
 Opens In Texas**

Greatest tourist-vacation season ever experienced in Texas is about to get under way. Austin will share in it, as will every other town in Texas.

Gov. John Connally has just opened the first of the 10 new Texas Travel Trails--Mountain Trail in Trans-Pecos--and dedicated improved Davis Mountains State Park.

Spending by out-of-state visitors in Texas last year totaled \$1,200,000,000. Indications are 1968 will top that substantially.

HemisFair opened April 6 (granted some near-miraculous feats of speed in construction and cleanup activities) and will continue through Oct. 6. Historic San Antonio's 250th birthday will be celebrated in connection with the grand opening.

By conservative estimate, 7,000,000 visitors will attend the fair during its six-months run. Twenty-six foreign governments will exhibit on the 92-acre site. Texas' own \$10,000,000 exhibit -- the Institute of Texan Cultures, depicting the role of two dozen ethnic groups in building the state--is expected to be the main educational attraction.

A \$5,000,000 U. S. Pavilion will feature a remarkable motion picture on the confluence of western civilizations.

In addition to the educational events, plenty of top-flight entertainment is booked in San Antonio's new civic center on the fairgrounds, and there are rides, souvenirs and fun events for all ages.

A great Texas attraction--Six Flags over Texas--will launch its eighth season (midway between Dallas and Fort Worth) April 13. Facilities have been expanded into a \$2,000,000 program. Pioneer Amphitheatre's 1968 production of "TEXAS" in scenic outdoor splendor near Canyon, opens June 29.

C. T. Cunningham, pastor of First Baptist Church

Very early Sunday morning the women went to the grave carrying spices they had prepared.

They found the stone rolled away from the entrance to the grave, but they did not find the body of the Lord Jesus. They stood uncertain about this, when suddenly two men in bright shining clothes stood by them.

Full of fear, the women bowed down to the ground, as the men said to them: "Why are you looking among the dead for one who is alive? He is not here; he is risen. Remember what he said to you in Galilee: The Son of Man must be handed over to sinful men, be nailed to the cross and be raised to life on the third day."

Then the women remembered his words, returned from the grave, and told all these things to the eleven disciples.

Peter got up and ran to the grave; he bent down and saw the grave cloths and nothing else. Then he went back home wondering at what had happened.

On the same day two of them were going to a village named Emmaus, about seven miles from Jerusalem, and they were talking to each other about all the things that had happened. Jesus joined them and talked with them about He being the one that was to come into the world. And beginning with the books of Moses and the writings of all the prophets he explained to them what was said about him in all the Scriptures.

They went back to Jerusalem, where they found the eleven disciples gathered together with the others and saying, "The Lord is risen indeed! Simon has seen him!" The two explained to them what had happened on the road, and how they had recognized the Lord when he broke the bread.

While they were telling them this, suddenly the Lord himself

stood among them and said to them, "Peace be with you." (Read Luke 23:26-24:36)

The light of the star over the manger is underlined by the shadow of a cross. Because of that cross, the joyous song of the angels at a baby's birth swells into the triumphant chorus of all creation, redeemed and set free by Him who was born to die - and to rise in triumph over death.

Does Easter really mean this to you, your friends and neighbors - a cradle, a cross, a crown - or just new clothes, colored eggs and rabbits.

**Extra Income  
 Is Taxable**

Income from all sources, unless specifically exempt by law, is subject to tax and should be reported on your 1967 Federal income tax return, according to Ellis Campbell, Jr., District Director of Internal Revenue for Northern Texas.

Such items as interest on savings accounts and U. S. Savings Bonds, tips, prizes and profits from hobbies and from the sale of property, are considered taxable income and must be reported.

The gross amount of dividends and other distributions must be listed on the return but the first \$100 of dividends received is not generally subject to tax.

So-called dividends on savings and loan, and credit union accounts are actually interest and are fully taxable.

**"700 acres of PIONEER® sorghum averaged 8,568 pounds for me."**

Elvin Wilson, Friona, Texas

Many of last year's bumper yields came from small acreages. But Elvin Wilson had 735 acres—all Pioneer hybrid 820—that averaged 8,568 pounds per acre.

Good weather, good farming and good seed boosted Elvin's yields. He double rowed on a 40" bed, watered four times in addition to pre-watering, controlled weeds with Propazine, and put on 280 pounds of nitrogen.

Hybrid 820 makes the most of his good farming—shades the ground fast, produces big yields, stands right up to harvest. Isn't this the kind of sorghum you want, too? See me soon.

## Federal Crop Insurance Is Good Buy

Texas farmers in increasing numbers are finding that federal all-risk crop insurance is the next best thing to a good harvest and far more dependable.

The voluntary program administered by the Federal Crop Insurance Corporation does not guarantee farmers a profit, but it does allow those hit by natural

disaster to recover their production costs and stay in business.

All-risk insurance does not cover loss due to negligence or poor farming practices. But when nature causes low yields or poor quality that drops crop values below guaranteed levels, crop insurance makes up the difference in cash.

Early attempts by private companies to insure against crop disaster generally were unsuccessful because of complexities and extreme risk in guaranteeing crop production. As a result, there was increasing demand that the Government

provide such protection.

Since the first wheat insurance was introduced to Texas in 1939, FCIC, an agency of the U. S. Department of Agriculture, has expanded operations to 66 counties. Eligible crops in 1968 include wheat, grain sorghum and cotton. Plans are underway to add more counties in 1969 and to extend coverage to citrus and rice crops.

Today's farmers must worry about far more than getting his seed back. The technological revolution that increased his productive ability to unprecedented heights increased his loss potential as well. In fact, the average farmer's margin of profit is so small and costs so great that it would take the profits from several good years to get back the investment lost in a single year of crop disaster.

Benefits of all-risk crop insurance extend far beyond the farmer. The economy of entire rural business communities is severely affected when wide-spread crop disaster strikes. Insurance indemnities paid to farmers at these times greatly relieve the financial struggle toward recovery and prevent loss by banks, equipment dealers and many other business establishments. Since the program began, FCIC has protected farmer investments totaling more than \$560 million and has paid more than \$95 million in crop loss claims.

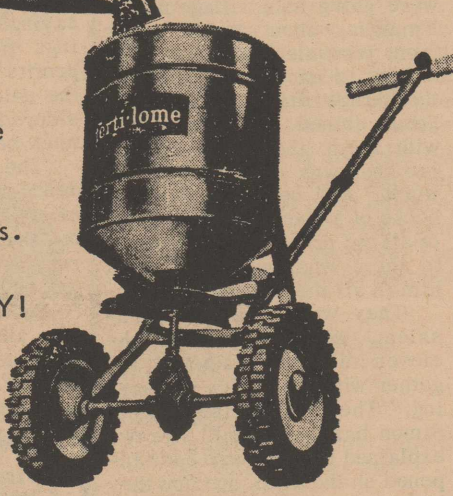

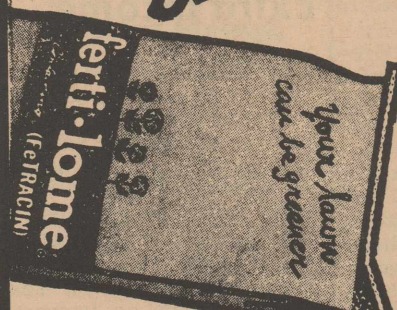

In Texas, the Federal Crop Insurance Corporation is administered from College Station by State Director Ben A. Jordan, Jr. Additional information may be obtained from service offices maintained here and in Amarillo, Corpus Christi, El Paso, Lubbock, McKinney, Taylor, Waco, Wharton and Vernon.

## Senior Class Prophecy

'Way back in the "Soaring Sixties" when things were really groovy, there were 22 swingers who took advantage of the opportunity to drop their coins in the fountain and make their wishes concerning the future.

Twenty years have passed since that time -- did all of them have their wishes granted?--Some did and some didn't. Nevertheless, here is where they all are now.

COY ETHRIDGE and ALLENE VANVLIET have finally become a success as a team in the cultural arts after having studied for years under Mrs. Rambo and Mr. Bates. Coy is a ballet dancer and Allene accompanies him as an opera singer.

DONNY IRWIN, the most renowned of the group, has become a brain surgeon and is almost always being called for consultation in cases at Walter Reed Army Hospital.

W.A. HAWKINS has been "called" as preacher for one of the dozen congregational churches at Hart. He has become quite well known for his "brimstone" sermons.

LINDA POPEJOY, after having trained for twenty years for the olympics has been disqualified from the races. They just lowered the age limit and she is two weeks and three days too old. It was really a blow and now she spends her time polishing the medal she won in good old Hart High School.

THELMA MARTIN has finally realized her school day ambitions. She is making her debut as a "Playboy Bunny" after working for years in a chorus lineup in several theaters back east.

ROGER CLEAVER, having always been very clothes conscious, has just been made head model for H.I.S. and is being featured this month in TRUE, the Man's Magazine.

Another model we are very proud of is DANNY RICE. A year after graduation he won a Twiggy look-alike contest and is now modeling Twiggy Lashes at LANDERS' one of the leading Department stores in Hart.

The illustrious TOMMY GONZALES, having won a scholarship in chemistry is now head chemist at the Hart Research Center. What they are searching for is still very classified information.

The biggest surprise of all has been PATRICIA SMITH. After a couple of years of married life she decided she needed as outside interest and has become the Dodge Rebellion Girl.

PAUL GUZMAN always said he would run a mile for a camel--and has spent his life doing just that--running mile, after mile, after mile--he's a chain smoker.

Immediately after graduation DAVID HARRIS decided he'd had all the studying he could take and decided not to accept any of the scholarships that were offered to him. He completed a six-month hairdressing course in 36 hours and is now head hair-dresser at Enrico's in Edmonson.

MANDY RODGERS has displayed a buried talent that none of us guessed she had. She is now a mortician and has recently built a beautiful new funeral home, Rodgers' Restful Repose.

BENNY MARTINEZ showed such fantastic abilities in book-keeping class that he is now head bookkeeper at N.A.S.A. and has chosen as his secretary the shorthand and typing genius of Hart, 1968, SANDRA LAYTON.

TIDEL ORTIZ spent so many years in World History in High School that it became so indelibly imprinted on his memory that he decided he might as well make a career of it and is now teaching WorldHistory to all the Army recruits preparing for overseas service.

LARRY HILL studied pre-med at Nazareth Tech then after eight and a half years at Dimmitt Medical College he is now a cancer specialist at M. B. Anderson Hospital in Houston.

LARRY HENDERSON had such a sentimental attachment for Hart that he couldn't think of leaving his hometown and has climbed steadily up the ladder of success, having very recently become head trash man for the United Trash Workers of Hart Park.

JULIA PEREZ, the swingiest of all the seniors just couldn't settle down to the hum drum life that Hart offered so she joined Barnum and Bailey Circus and is now their center ring attraction as an acrobat. Another star attraction for Barnum and Bailey this year is GEORGE HECK on the high wire. He is trying this amazing feat without a net at the first performance of the spring show on April 1 this year. If you want to see it be there for the first performance.

LINDA SHIVE has kept her occupation a secret until just recently--she was unmasked on Big Time Wrestling last week. She has been wrestling under the name of the "Female Phantom, the Lady Wrestler."

Last but not least and perhaps the most famous of all is JIM SWINDLE. Just as our parents all feared the trend in music got much, much, worse before it got better and Jim plays lead guitar for the Blueberry Doorknobs.

# STATE Capital NEWS

By VERN SANFORD

President Lyndon B. Johnson's decision to step aside is turning the May 4 Democratic precinct convention from the previous label of "dull" to a new one of "hotly contested".

Gov. John Connally, who had been slated to be the Texas delegation chairman in support of President Johnson, with little objection from anyone, now has a fight on his hands.

Connally's forces launched a favorite son candidacy for Connally at a meeting of the State Democratic Executive Committee. Senator Ralph Yarborough objected, and appeared close to a decision to challenge Connally in the county conventions.

At first, the Connally candidacy seemed to be leaning toward Vice President Hubert Humphrey, but Connally wiped that out by saying he would not be a standin for anyone.

By contrast, Republican conventions on May 4 seem more peacefully inclined. The state Republican organization is united behind Senator John Tower's favorite son candidacy. However, a challenge may be posed by a group trying to win delegates for Gov. Ronald Reagan of California.

County conventions on May 11 and state conventions on June 11 will follow, but the grass-roots decisions will be made in the more than 5,000 precincts in Texas on May 4.

**"ONE-MAN, ONE-VOTE" EXTENDED LOCALLY**--U. S. Supreme Court predictably has extended the one-man-one-vote theory to local governments.

Like legislative bodies, Court said, wherever city, county or other governmental units elect representatives from single-member districts, the districts must be substantially equal.

Ruling was on a case brought by Midland Mayor Hank Avery to force Midland County Commissioners Court to reapportion. Dissenting opinion warned of "avalanche of reapportionment cases."

Atty. Gen. Crawford C. Martin has predicted the ruling will not disturb local elections already in progress this year, and indicated he feels the problems of unequal representation will be worked out by Texas subdivisions without multiple court suits.

Prior studies have demonstrated, however, that the vast bulk of county commissioners' precincts would be affected by the new ruling. To assume that all will voluntarily correct deficiencies pointed up by the high court appears to be expecting too much of local officials, many of whom will have jobs at stake.

**COURTS SPEAK**-- Texas Supreme Court reversed an Alice case in which a woman claimed doctors and a hospital were liable for assault and battery damages for operating on her without her consent. High court ordered trial to determine if physicians were given adequate consent.

In other recent actions, state's highest court:

\* Held that the legislature had authority to remove requirement of an election before major counties can make special, higher-level tax assessments on property in hospital districts to support medical school teaching hospitals.

\* Shook up lower court rulings in a case involving royalties on an oil and gas lease covering 1,500 acres in Zapata County.

\* Refused to review the case in which a man received \$1,000 damage award after a Bellville surgeon left a sponge inside him after an operation.

\* Agreed with an intermediate court that Cocoa Cola company was not responsible for a woman's cutting her finger on a chipped Coke bottle.

**NEW TAX BILL FORECAST**--Texas Research League, which has made detailed studies of state government problems, has come up with a new estimate that the 1968 tax bill must be in the \$123-\$130,000,000 range.

TRL noted that the comptroller's estimate of revenue available for next fiscal year has increased \$93,000,000 since last April.

Sources indicate the league's estimate is close to that of Governor Connally's own budget staff. Connally already has tentatively okayed both a tax bill and a 1969 budget recommendation, aides indicate.

**TORNADO SEASON NEARS**--With the tornado season approaching, department of Public Safety has prepared a circular of tornado safety rules. In general, DPS advises: seek safety in a strongly-reinforced building--preferably in a basement; stay away from windows; if out doors when the twister hits, lie flat in the nearest

depression, ditch or ravine. Last year Texas led the nation with all time record of 232 reported twisters.

**SPECIAL ELECTIONS CALLED**-- Governor Connally has set special legislative elections for May 14 in Harris County, Dallas County and Brooks, Cameron, Kenedy and Willacy counties.

Houston voters will pick a successor to Rep. Glenn Vickery who resigned. Brooks, Cameron, Kenedy and Willacy county voters will replace Rep. Bill Rapp of Raymondville who resigned to accept an appointment as Willacy County judge. Dallas voters must choose a successor to the late Rep. John Field.

**LAW ENFORCEMENT PROGRAM PLANNED**-- Texas Research League has agreed to conduct and finance a study for a law enforcement and criminal justice program design for 10-county Dallas-Fort Worth region of North Central Texas.

North Central Texas Council of Governments is among 12 regional agencies in the nation which received a request from the Department of Housing and Urban Development and Department of Justice to undertake a pilot program design

for comprehensive law enforcement planning.

One of first such studies in the U. S., it is expected to serve as a model for other areas. Design will show what a law enforcement plan should include, how it should be prepared and what it will cost.

**SHORT SNORTS**-- Coral snake anti-venom now is available at State Health Department lab here and at labs in Houston, San Antonio and Corpus Christi.

State Comptroller reports that cigarette tax revenues for March were \$710,879 below 1967 level.

Attorney General Martin has held that the Texas State Board for Registration for Professional Engineers may pay travel expenses and office equipment bills of its investigator.

Texas Department of Public Safety warns that the April 15 deadline for obtaining the 1968 inspection sticker for your car is Monday.

## Regional Stamp Club Sets Exhibition In Lubbock

The High Plains Regional Stamp Club will hold an exhibition April 20 and 21 in the Municipal Garden and Arts Center in Lubbock. The club comprises northwest Texas, southern Oklahoma, southeastern Colorado, eastern New Mexico and the South Plains.

The South Plains Stamp Club will be presenting their eighth exhibition at the regional meeting.

The exhibition promises to be the largest ever held in this area. Last year's exhibition had entries from New Mexico, Oklahoma, California, Louisiana, Texas and as far away as New York.

Glenn T. Hackney, presi-

dent, 2023 38th Street, Lubbock, Tex. 79412 will receive entries until April 15. Requests for cachet covers of this exhibit should be mailed to J. L. Taggart, 1324 27th, Lubbock, Texas 79405. Cost of the envelopes is 15 cents each or two for 25 cents.

## Spanish Class For Children Offered At SPC

A Children's Workshop in Spanish will be offered at South Plains College this summer for children 6 to 15 years of age.

This is a three-week course and classes will be held one and one-half hours a day, five days a week.

The group will be divided into two classes, one class for the 6 to 10 years of age, and another class will be for children ages 11 to 15 years of age.

The classes are scheduled for June 17 through July 5 from 9 to 10:30 a. m. and 10:30 to 12 a. m. with Frank Gonzales, South Plains College Spanish instructor, conducting the course.

The student will learn to speak Spanish through the audio-lingual method. Basic sentences and dialogue conversations will be taught through repetition, imitation and role playing.

The course will include instruction in rhymes, jingles, songs, games and dances. Subjects covered will include greetings, courtesy expressions, and dramatizations involving animals, members of the family, beverages, numbers, foods, clothing, weather, a date for the movies, etc.

Without conscious effort the student learns the language just as he learned to speak English, by hearing, repeating and speaking.

Audio-visual aids, recording, tapes and other instructional aids will be used in the presentation of the material.

For additional information, contact Director of Special Services Charles Hays at the college.
