## Frank Ford Visits In Hart, Officially Opens Campaign

Frank Ford opened his campaign for State Representative in Hart Monday with the pledge that "The people of this district are going to be represented in the Texas Legislature".

"It is very evident that the voters of this area are dissatisfied with the recent 50 percent increase in the state sales tax which will go into effect October 1st", said Ford. "This tax bill did little or nothing toward funding the impending pay raise for Texas teachers, nor did it provide much needed tax sharing with local government."

"The fact that it did provide, with an appropriation item which was slipped into the spending bill during a secret meeting of the House-Senate Conference Committee, for \$500,000.00 in state spending for development of the L.B.J. State Park is evidence enough that we need a two-party system in Austin, Texans have had enough of seeing their hard-earned tax money squandered on special privilege legislation."

"At a time when jobs for unskilled people are disappearing Texas ranks 44th among the states in literacy. As jobs are the only real cure for poverty, this presents a tremendous challenge to us," Ford

said during his visit here.

"And yet, the members of our one-party legislature have voted to double their own salaries every two years for the past several sessions. This is a strange assignment of priorities."

"Texas ranks 48th in agricultural research in proportion to production at a time when one hundred thousand farmers have left the farms of our state in the past six years."

"And yet John C. White, the agriculture commissioner, has been using appropriated funds for political purposes for years."

"A two-party system will benefit all the people because all members of both parties will work harder to serve the people in a responsible way."

"People are paying just about all the taxes they can pay and it's time to try to find some places where we can cut expenditures so that we can make progress in education and other needed fields while holding taxes inline," he concluded.

"The voters of the 72nd District are also going to be heard on the issue of daylight savings time, which was sponsored and passed against their known wishes, and which has been a real hardship on school children, mothers, farmers,

and many businesses." Ford stated that he will have more to say on this issue in the near future.

The 72nd District includes Cochran, Lamb, Bailey, Castro, Parmer, and Deaf Smith Counties.

## ASCS Announces Change In 1969 Feed Grain Programs

Sorghum growers are reminded that an important change has been made in the use of a farm barley base under the 1969 program for feed grains. Notice of the change is particularly important to farmers planning to substitute wheat for barley under the 1969 program.

Barley is now included in the feed grain program for 1969 just as corn and grain sorghum. Substitution may be made between the three feed grains within the feed grain permitted acreage, and substitution may be made between wheat and feed grains within the limit of total permitted acreage for all these crops.

Earlier information in pamphlets mailed with 1969 wheat allotment notices and publicized through news items stated that barley would not be included in the feed grain program for 1969, but that the barley base could be requested and approved for purposes of substituting wheat for barley provided 15 percent of the approved barley base was diverted. These statements are no longer correct.

Producers may still substitute wheat for barley just as they can substitute wheat for corn and grain sorghums. The required minimum diversion for feed grains under the 1969 program has not been determined at this time, but it will be determined and announced just as soon as possible. (min-

## Farmers Warned Of Sorghum Midge

Populations of the sorghum midge have now reached damaging levels in a number of South Plains counties including Lubbock, Lynn, Terry, Yoakum, Crosby, Hockley and Garza.

Fields of grain sorghum in these counties which have not yet completed blooming will need insecticide treatment in order to prevent yield losses from midge damage, reports Lyndon K. Almand, area entomologist with the Texas Agricultural Extension Service.

First application should be made when about 90 percent of the heads have emerged from the boot stage, says Almand.

A second application will be needed about three or four days after the first application.

If pollination is still occurring, a third application or even possibly a fourth will be required.

Producers in the seven counties named above can determine whether or not to spray for midge by inspecting their fields, which are blooming, at least once each day for adult midge activity.

Or they can follow an insurance method, adds the entomologist. To insure against losses due to the tiny insect, producers can begin an automatic spraying program and follow

the schedule of application above.

Damaging populations of the sorghum midge have not been detected north of the Lubbock-Crosby-Hockley County area. Producers in adjoining counties should continuously inspect their sorghum fields if in the bloom stage for adult midge activity, points out Almand.

## Commissioners Approve Audit

Hart City Commission accepted and approved the 1967-68 audit at the regular monthly meeting at 7:30 p. m. Monday, Aug. 26. Schaeffer and Ratcliff of Dimmitt prepared the report.

The 1968 tax roll was accepted.

The Commission voted to pay 10 percent of the assessment for paving the street by the Church of Christ.

An agreement was passed between the City of Hart and Texas Highway Department on municipal maintenance of highway-streets.

## Hart School Board Has Busy Session

Vernon Mapp has been appointed to fill the vacancy created by the resignation of Dean Sanders as a member of the Hart School Board.

Cloverlake Dairy of Plainview was awarded the milk contract with a bid of seven cents per half-pint for homogenized and chocolate milk.

The Board of Education also set the price of admission to Hart Longhorns home games. Adult tickets were set at \$1.25 with students admissions at 50 cents.

In other action, the amended budget for the 1967-68 school year was accepted.

Board members announce that there will be a charge of 50 cents for parking within the football field fence. This price was set by the district executive committee of District 2-B at a meeting in the spring.

Bids will be accepted on gasoline for the 1968-69 school year. Bids should include only the five cent state tax and will be placed in the superintendent's office Monday, Sept. 9 at 9 p. m.

## Swisher Electric Co-Op, Hall County Electric Merge

Membership of Swisher Electric Cooperative gave an overwhelming 10-1 ratio vote of confidence to the Board of Directors by authorizing the acquisition and merger of Hall County Electric Cooperative with the Swisher Electric Cooperative.

This action was taken during a special member meeting held Friday evening, Aug. 23 at the Ezra Jones Cafeteria in Tulia.

It is anticipated that the Hall County Electric members will be as enthusiastic in their vote when their Annual Meeting is held on Sept. 19, 1968.

These two Cooperatives venturing into this merger are setting a pattern for future consolidations in the State of Texas.

To use a phrase understood by the rancher and farmer of the area is to say that this is a bellwether move.

The Directors and Sam Ross, President of Hall Co. Electric, along with the Directors and Clarence Todd, President of Swisher Electric Cooperative feel that this is a great and progressive area with a great history and even a greater future.

## CHARMING PRINTS—WITH POW!

Never underestimate the power of a print! Neo-ego, flowing water colors or boldly sketched silhouettes can turn your closet into a miniature art gallery.

Op art checks in bold colors are gathered by avant garde designer Rudi Gernreich into long, belled sleeves on a dirndly skirt dress topped by a high rolled collar. Make it madly mini — or regular length — with McCall's Pattern #1045. And belt out the news, far and wide, the waistline is really back!

Frame a swanlike throat in the portrait neckline of a panel-seamed A-line dress. Mock leather collar and cuffs set off

## Shangri - La Is Theme Of Fair

Shangri-La, variously defined as a dream, a place or a state of mind, will be the fanciful theme of the Spring Festival March 1 through 9 at Fair Park in Dallas.

The Shangri-La theme of the 1969 flower show and garden spectacle will be explored by many imaginative and unusual ways, says Mrs. Herbert Marcus Jr., chairman of Spring Festival '69.

"We chose the theme," says Mrs. Marcus, "because it allows so many interpretations of beauty. Most people think of a garden as retreat from everyday life. So what better name is there to call the collection of so many ideal gardens than Shangri-La?"

From March 1 through 9, the World Exhibits Building at Fair Park will be transformed into an idyllic world of scent-illating beauty and breathtaking color, as hundreds of garden glorifiers and flower fanciers try to show which state of mind they think is the essence of Shangri-La.

Co-sponsors of the Spring Festival '69 are The Dallas Garden Center and The State Fair of Texas, in cooperation with the Dallas Council of Garden Clubs.

## Wayland Slates Program Series

The Harral memorial Auditorium on the Wayland College campus is to be dedicated in a series of four programs starting September 8.

Dr. Roy McClung, president of the college, said the \$500,000 structure would be presented to Wayland and to the public in the dedication ceremony at 2:30 p. m. September 8; the founders' day observance on the 9th; the institutional gathering on the 11th, both at 10 a. m., and finally, youth entertainment on the 13th at 8 p. m.

Mrs. John L. Harral, Abernathy, Wayland alumnus and former faculty member, who gave the funds to provide the modern, 1,500 seating capacity facility, will be honored at each of the observances.

Dr. Winfred Moore, pastor of the Amarillo First Baptist Church, is to deliver the dedicatory address.

Leland Atwood, president of the North American Rockwell Corp., Los Angeles, Calif., Wayland graduate of 1924, and the son of the late Dr. E. B. Atwood, president of Wayland

### TOWARD MATURITY

"But grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ." II Peter 3:18

"How old are you? But before you answer that question, it is only fair to tell you that we are not talking about the years since your birth. We are talking about years of emotional and spiritual growth.

A baby is wonderful. So small, so helpless, so dependent. And how we love one so small and try to meet its every need.

But isn't it a tragedy of tragedies when that baby stays a baby. When the mental does not grow with the physical. Or it does not grow physical. It is very noticeable and we are concerned.

But a person may not grow and mature as they should in the emotional and spiritual spheres. It is just as tragic and we may add just as noticeable, as one who does not grow mental and physical.

The Apostle Peter is saying to all of us, "Grow up, your immaturity is showing." These days call for adult thinking and actions.

What are some of the signs of immaturity?

One is seeking revenge. "I'll get even with that person" or "I'll show them, I won't talk to them" or "I am not going to help them," or "I hope something bad happens to them for the way they have treated me."

Another sign is lack of cooperation. Whether this is in the home and the family circle or

any other relation we might have with people. Have you ever heard these words, "I'll have no part of that," or "They better not ask me to help."

And we wonder why there are wars.

But when we look at our own lives and hearts and actions, the amazing thing is not that there are wars but the lack of wars. Men, with all the hatred and bitterness, it is amazing that men have not completely destroyed each other long before now.

We want nations to live together peacefully, but how about individuals working together for peace. What have you done to make things right with that neighbor or "enemy". We need to grow up. Be adults.

The last sign of immaturity is unconcern and indifference. "just don't care", "couldn't care less" and so on. But a mature person cares and acts. Doesn't have to be served but will serve.

Do you still have to be "bottle fed" or are you an adult?

COY L. ETHRIDGE

### Coy L. Ethridge To Report For Combat Training

Marine Private Coy L. Ethridge, 18, son of Mr. and Mrs. Ray Ethridge of Hart, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

### Ernest McKay In Vietnam

Marine Private First Class Ernest L. McKay, 21, son of Mr. and Mrs. Elmer McKay of Bovina, Tex., and husband of the Mrs. Frances L. McKay of Hart, Tex., is serving with the First Marine Division in South Vietnam.

As a member of the division he helps capture or destroy enemy forces. During large and small scale operations he is supported by tanks, artillery, amphibian tractors and engineers.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action fund.

Named Queen-of-the-Week for greatest individual loss of weight, Mrs. Bill Garrity was

given the prize of the week. The short business session was followed by singing and directions for additional exercises.

## VA Will Help Educate Children

The Veterans Administration will pay up to \$130 a month to help educate each son and daughter of a deceased veteran who died in service or of a service-connected disability, or one who has been totally or permanently disabled as a result of honorable service.

These payments are usually provided for sons and daughters between the ages of 18 and 26, Jack Coker, Manager of the VA Regional Office in Waco said. The program is intended for education beyond the secondary school level, he said, but there are some exceptions.

Marriage does not bar this benefit.

An eligible person may receive up to 36 months of schooling--or the equivalent of 36 months if enrolled part time. Monthly payments are lower if the enrollment is for less than full time, and no payment is authorized for less than half time.

Eligible people of legal age may file their own applications for this program with a Veterans Administration office, Coker said. For minor children, the parent or guardian must file, he added.

Special restorative training may be provided to young men or women unable to pursue an education because of some physical or mental disability. It consists of training such as speech and voice correction, lipreading, Braille reading and writing and the like.

In some instances, handicapped children may begin a special vocational or restorative course as early as age 14.

More than 125,000 students have been helped in the program since 1956, when it was established.

## DPS Estimates Labor Day Traffic Fatalities At 46

Colonel Wilson E. (Pat) Speir, acting director of the Texas Department of Public Safety, said today the DPS estimates 46 persons may die in traffic accidents in Texas during the Labor Day weekend.

"This is the last holiday weekend of the summer, and thousands of motorists traditionally take to the highways for an outing," Speir said. "It is indeed tragic that so many men, women and children will become victims of motor vehicle accidents during another-wise happy period," he added.

Speir said the Department of Public Safety will use all facilities and personnel at its disposal in an effort to reduce the predicted death toll. A special "Operation Motorcide" will be activated at 6 p. m. Friday, August 30, and continue through midnight Monday, September 2. During this period, all uniformed DPS officers and equipment will be used on the highways to enforce traffic laws.

"Many other groups such as local police and sheriff's department, the trucking industry, and the Jaycees will be cooperating in this effort to promote safe driving during the holiday," Speir noted.

For example, the Texas Motor Transportation Association and its Texas Council of Safety Supervisors will sponsor a holiday road patrol during the Labor Day weekend to assist stranded motorists.

Jack Bryan, TMTA safety director, said some 40 cars marked "Holiday Road Patrol"

will be used in the program. These will be manned by the safety directors, safety supervisors and safety engineers of the trucking industry who comprise the membership of the Council. Personnel participating in the road patrol will work as volunteers.

The Jaycees will provide rest stops for motorists in many areas of the state. Texas Safety Association said W. F. (Bill) Leonard will coordinate efforts of over 12,000 Junior Chamber of Commerce members in operating some 200 "rest stops" for serving free coffee to fatigued drivers.

The Texas Highway Department has provided the news media with a bulletin listing all road construction areas in the state.

### Hearing Set At Hereford In October

Proposed water legislation will be made public in September. Representative Billy Clayton of the House Interim Water Study Committee of the Texas Legislature announced at the West Texas Chamber of Commerce meeting in Wichita Falls that proposed legislation authorizing the formation of Master Water Districts will be made public at press conferences to be held in Lubbock and Amarillo early in September.

Following public release of the proposal, public hearings

will be held in Longview and in Hereford. The public hearings are needed, according to Clayton, to determine the thinking of the people affected by the plan. The public will be given the opportunity to express its wishes in the formation of their water import agency.

Representative Clayton indicated that after the public hearings were completed and redrafting of the proposed legislation, a bill will probably be introduced in the Texas Legislature during its next regular session starting in January.

The Hereford hearing is now scheduled for 9:30 a. m. Oct. 5 at the Deaf Smith County Bull Barn. It should be completed by 4:30 p. m. The East Texas meeting is scheduled for Sept.

6-7, Tejas Village at Lake o' the Pines. The East Texas and West Texas meetings will be followed by a hearing in Austin probably in November.

**SHORT SNORTS** -- Texas Education agency estimates 123,855 professional educators will be needed to instruct 2,661,454 pupils who will be reporting to classes in September; and concludes that language improvement is the most important educational need to serve children from low income families.

State Banking Commission rejected an application for new American Bank of Commerce, Harlingen.

## KITCHEN KORNER

By Lela Gallion

Most everyone I talk to is canning or freezing some of the garden vegetables and are very busy at it. We have some very nice gardens around Hart.

We know you will enjoy your vegetables this winter.

### SOUFFLE USES HAM LEFT-OVERS

If baked ham has provided a weekend of eating sliced meat, gather the leftovers for grinding and use them in a souffle. With a big fruit salad and cookies, this makes a light-hearted supper.

Souffle is made in a casserole dish with a white-sauce base. Dry bread crumbs used in this one will give stability to the puffy creation.

### HAM SOUFFLE

2 c. ground cooked ham  
2 T. lard or drippings  
2 T. flour  
2 c. milk  
3 eggs  
1 c. coarse, dry bread crumbs  
1 T. chopped parsley  
Salt  
Pepper

Melt the lard or drippings. Add flour, stirring until smooth. Add the milk and cook until thickened, stirring constantly. Separate the egg yolks and whites and beat each well. Combine the white sauce, egg yolks, bread crumbs, ham and parsley. Season with salt and pepper, if desired.

Fold in the beaten egg whites. Turn into a greased 1 1/2 quart casserole. Bake in a moderate oven (350 degrees) for 50 to 60 minutes, or until set in the center. Serve immediately. Makes 4 to 6 servings.

### ARMY BREAD

(This recipe comes from a 1930 N.A.R.D. almanac)

1 qt. flour  
1 tsp. salt  
1 T. sugar  
2 Heaping tsps. baking powder

Mix dry ingredients thoroughly, then stir in enough cold water (1 1/2 pts.) to make a thick batter that will pour out level. Mix rapidly with spoon until smooth. Pour in pan, bake 45 minutes. Makes 1 1/2 pound loaf.

This Army bread keeps longer than yeast bread. Does not dry out, nor mold. It's best cold.

A Creamy Cheese-Cake will fill the bill for dessert next time you have company.

This tasty treat that everyone enjoys uses corn flake crumbs in the crust. It can be garnished with sweetened sliced strawberries if you like.

### VISITED KEENOMS

Mr. and Mrs. Pete Brown of Potsboro spent a few days here last week visiting her parents, Mr. and Mrs. G. C. Keenom and other friends and relatives.

### IN NEW MEXICO

Mr. and Mrs. Bob Bowden and family and Mrs. Bowden's parents, Mr. and Mrs. Arno Cox of Hobbs, N. M., spent last week vacationing and fishing at Cows, N. M. The Coxes are spending this week here with relatives.

### CREAMY CHEESE CAKE

6 c. corn flakes or 1 1/2 c. packaged cornflake crumbs  
3 pkgs. (8 oz. each) cream cheese, softened  
1 1/3 c. (15 oz. can) sweetened condensed milk  
4 eggs, separated  
1 c. dairy sour cream  
1/3 c. soft butter or margarine  
1/4 c. sugar  
1 T. confectioner's sugar  
1 tsp. vanilla  
1 tsp. grated orange or lemon peel  
1/2 tsp. salt

If using corn flakes, crush into fine crumbs. Combine cornflake crumbs, butter, and sugar. Mix well. Reserve 1/2 crumb mixture for topping. Press remainder evenly and firmly into bottom of 10-inch spring-form pan.

Using electric mixer, combine cheese and milk. Increase speed while adding egg yolks, one at a time, beating well after each addition until mixture is very smooth. Decrease speed slightly and add sour cream, sugar, vanilla, and orange peel. Beat egg whites with salt until they are stiff, but not dry. Fold into cheese mixture.

Pour into crumb-lined pan. Top with reserved crumb mixture. Bake in a slow oven (300 degrees) about 1 1/2 hours, or until knife inserted near center comes out clean. Cool in oven with door open. Do not remove cake from pan until it is completely cold. Garnish with sweetened sliced strawberries, if desired. Yield: One 10-inch cheese cake.

### VISITS COLES

Mrs. Danny Richardson of Post returned home after spending two weeks here with her parents, Mr. and Mrs. Everett Cole and family. Mrs. Richardson has been staying to take care of her mother who is recuperating from surgery.

### IN DIMMITT

Mr. and Mrs. David Irons and family visited Sunday evening with Mr. and Mrs. Guy Scoggins and family of Dimmitt.

## Johnny Cash To Entertain At Prison Rodeo

As an added boost for the coming annual Texas Prison Rodeo held in Huntsville each Sunday in October, the all-inmate Texas Prison Rodeo Band will share honors with Johnny Cash during his performance Sept. 6 in the Dallas Sportatorium.

Cash, whose recording of the Folsom Prison Blues has reached the top rung of the entertainment ladder, is not a newcomer to Texas Department of Corrections' inmate entertainers. A few years ago, Cash was one of the featured entertainers at one performance of the Prison Rodeo.

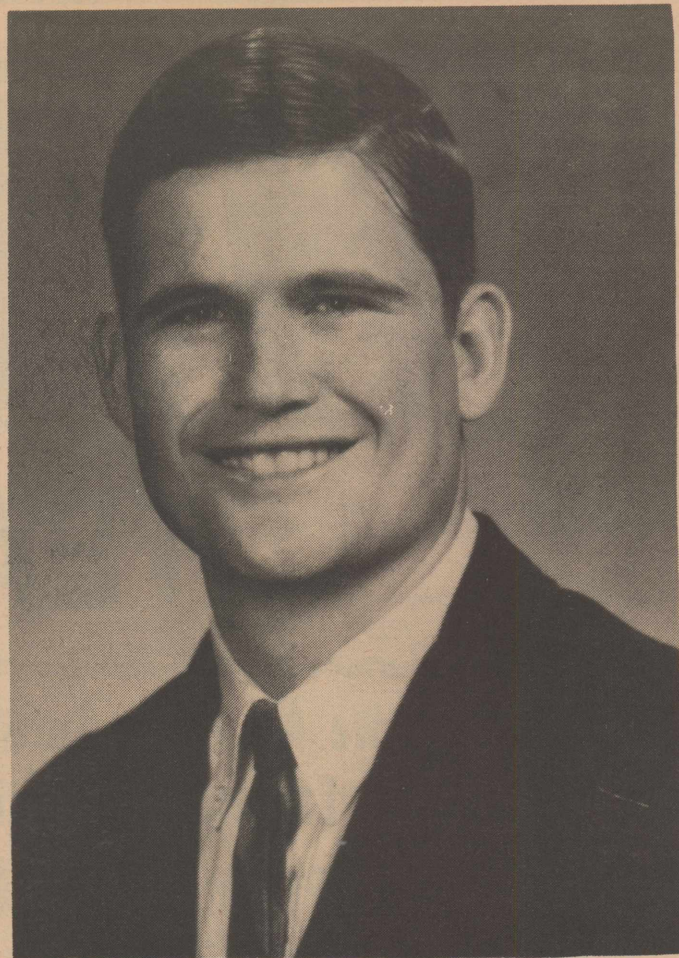

With the opening of the Prison Rodeo only weeks away, David Price, Rodeo Supervisor, said that nothing has been spared to make this year's series one of the best in the long history of these annual events.

Western musical celebrities making personal appearances at the rodeo include Ray Price on October 6, Loretta Lynn on October 13, Sonny James on October 20, and Hank Thompson on October 27.

Other entertainment features will highlight several inmate groups, plus Candy Barr, a former inmate who now is a popular night club entertainer.

And for sheer thrills and excitement, there will be tough convict riders contesting tougher prison rodeo stock in a host of bruising events.

Net proceeds from ticket sales are earmarked for inmate rehabilitative services not furnished by the Texas Legislature.

KENNETH WAYNE FINCHER

## Kenneth Wayne Fincher Receives BA Degree

Kenneth Wayne Fincher, son of Mr. and Mrs. B. N. Fincher, was among the graduating class to receive degrees from Texas Technological College at ceremonies Saturday evening.

A 1964 graduate of Hart High School, Fincher received a Bachelor of Arts degree in government. His minor was English.

APPOINTMENTS -- Governor Connally reappointed three members of the Pan American College Board of Regents to terms expiring in 1973. They are Lou Hassell of Houston, Leonel Garza of Brownsville, and Mc Allen Attorney Morris Atlas.

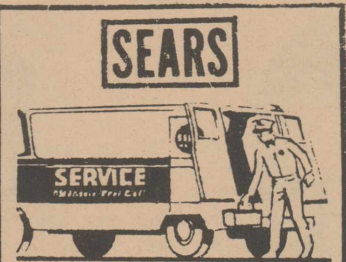

Then the Governor named Dan Eddy of Dallas to the Good Neighbor Commission to serve out the term of the late Walter McBee of Dallas. Eddy, a Salvation Army official, has been credited with establishing the Salvation Army in Mexico, and served there previously as Army field representative.

Fincher makes his home in Lubbock where he is employed with Prudential Insurance Company.

### KEEPING GOOD RECORDS

Throughout the country the IRS District Directors for the various states or areas hand out a lot of good tax advice. Some of the best advice is -- "Keep good records and save tax dollars."

Every year thousands of Texans resolve to stop costing themselves money and to keep good records at the beginning of the year or as soon as they start to worry about their income tax during the year. It is not too late to make a July resolution to go on top of the New Year's resolution and to at least do a good job of record keeping for the rest of the year. You may have missed some tax savings already, but maybe you can also make some tax savings during the rest of the year.
