Monday Collision Injures Two State Library

Workshop Set

A workshop will be held at the Mary E. Bivins Memorial Library, Amarillo, Texas, on Saturday, Sept. 28, at 10 a.m. for persons interested in libraries. The topic for discussion will be a bill prepared for presentation to the 1969 session of the Texas Legislature. The legislation will be sponsored by the professional organization, the Texas Library Association.

The Mary E. Bivins Memorial Library and the Texas State Library's Field Services Division are sponsoring the Sept. 28 workshop. A complete study of the legislative proposal will be undertaken. The meeting is open to anyone interested in Texas public libraries. All libraryboard members and Friends of the Library are especially invited.

Allocating grants of federal funds to qualifying local libraries, the Texas State Library has organized a network for lending between libraries and for answering reference questions for library patrons. The proposed legislation will broaden the opportunity librar-

ies have had to organize into a stronger network of systems of libraries to increase library access for all citizens.

Highway Patrol **Issues Report**

The Texas Highway Patrol investigated 13 accidents on rural highways inCastroCounty during the month of August, according to Sergeant Wells, Highway Patrol Supervisor of this area.

These crashes resulted in two persons killed, five persons injured, and an estimated property damage of \$9,680.00.

The rural traffic accident for this county dur the first eight months of 1968 shows a total of 59 accidents resulting in five persons killed, 30 persons injured, and as estimated property damage of \$38,-395.00.

September first marked the beginning of the 1969 Motor Vehicle Inspection period, Motorists are urged to have their vehicles inspected during routine visits to garages and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker.

The Sergeant states, "with the hard summer driving coming to an end, Fall is an excellent time to have vehicles safety checked for the winter months ahead."

Ford Discusses Economy, **New Industry For Areas**

Campaigning for State Representative through the 72nd District this week, Frank Ford stressed "The immediate need for strengthening our rural economy". "All over this district", stated Ford, "There are fine young farmers being forced out of farming by high and low income, new costs school facilities in the rural areas faced with dropping en-rollment, and towns and businesses faced with the greatest challenges we have known in this generation'.

"It is going to take a lot of

hard work on the part of a lot of people, but I am convinced have the desire and the ability to reverse this trand" Ford said. There was enough grain sorghum raised in this six-county district last year to feed out over one million additional cattle. This alone could mean over six hundred new jobs. plus the jobs which would be

"With proper water conservation, we have much potential in vegetable processing in addition to what we are doing now. In addition, there are dozens of

light industries which need to be told about the benefits of locating in this area. We have people who are willing to work, and towns which are willing to grow, and I intend to work with local people in each county and the Texas Industrial Commission to help see that we realize our full potential. Coy Ethridge Completes Basic

Private Coy L. Ethridge, 18, son of Mr. and Mrs. Ray Ethridge of Hart recently was graduated from eight weeks of recruit training at the Marine Corps Recruit Base depot in California.

He will now undergo from two to four weeks of individual combat training, and then after his leave at home will report his first Marine Corps assignment.

The intensified training emphasizes rigid physical conditioning and survival techniques both at sea and ashore, to develop self confidence and endurance. Marksmanship with the M-14 rifle and 45 caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation and the customs, courtesies, history and Mission of Marine recruit, educate and prepare him to join the Marine Combat forces.

Lt. Gov. Preston Smith, Democratic nominee for governor of Texas, will lead a host of state officials to Texas Tech for groundbreaking ceremonies for the new Museum Complex at 2 p. m. Sept. 28.

The ceremony will be conducted at the campus site at Fourth Street and Indiana Avenue with on-site parking along the south side of Fourth Street. Other state officials who

will have a part on the pro-Ben Barnes, Democratic nominee for lieutenant governor, and State Rrepresentative Gus Mutscher of Brenham, an active candidate to replace Barnes as Speaker of the House. Muscher has been instrumental in the establishment of the Washington-on-the-Brazos museum near Brenham.

Tech Vice President for Development Bill Parsley said most of the state legislators from Lubbock and the West Texas area would attend the ceremony as will many other state legislators, inasmuch as the date for the groundbreaking coincides with the Techgram include House Speaker University of Texas football game here on the night of Sept.

Democracy Or Communism?

What are some of the best ways to destroy democracy and the American way of life? Here are a few:

Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.

Get control of all means of publication, and thereby:

Get people's minds of their government by focusing their attention on athletics, sexy books and plays and other trivialties,

Divide people into hostile groups by constantly harping on controversial matters of no importance.

Destroy the peoples' faith in their natural leaders by holding them up to ridicule and criticism.

Always preach true democracy, but seize power as fast and as ruthlessly as possible.

By encouraging government extravagance, destroy its credit, raise fears of inflation, and general discontent.

Forment unnecessary strikes in vital

areas. Encourage civil disorders, and foster lenient and soft attitude on the part of government toward such disorders.

By spacious argument cause the breakdown of the old moral virtues of honesty, sobriety, continence, faith in the pledge and word and ruggedness.

Then cause the registration of all firearms in some pretext with a view to confiscating them and leaving the populace helpless.

Does some or all of this seem evident

Well, it's interesting to note that these rules were discovered in 1919 in Dusseldorf, Germany, and that a copy of them was obtained from a known Communist Party member by the Florida State Attorney. And this individual admitted the rules were a part of his unit's

THE NATIONAL Association of Manufacturers observed that Congressman William Roth, Jr., and his staff have, after eight months of research, found traces of either 801 or 1571 federal aid programs to state and local governments -- depending on classification of projects. He stated that no one knows exactly how many federal grants-in-aid programs there are, but their cost is estimated at \$20 billion. There is no central, comprehensive repository where full information on all operating programs can be found. Neither Congress nor the Executive branch of government has enough meaningful information on all programs "either to effectively determine the desireability or need for new programs, or to compare one with another in order to find whether overlap, duplication and lack of coordination exist." The Eagles returned the kick thorns carrying to the 32 yard line. The Eagles then began what was to be a 68 yard drive for the first score of the season against the Horns. The drive was led by Lowrie, Lara and Bradshaw of the Eagles and ended when Bradshaw passed from the 23 yard line and connected with Braden,

This set the score at 6 to 0. On the try for extra points a penalty for holding was called against Ropesville. The second try was no good and left the score 6 to 0.

Ropes then took over the

kicking chores.

Danny Smith returned the kick to the Hart 38 yard line. Smith ran the first two plays

for a total of five yards.

An incomplete pass from Rambo to Quiroz brought up the punting situation for the Horns, Andy Rogers punted and was downed by an Eagle. Roughing the kicker was called and Ropes received a 15 yard pen-alty which gave the Horns the ball and enough yardage for the first down on the Ropes 42.

It was Bruington and Smith as the Horns battled for the first down and fell short. Ropes then took over on their own 34 children under ols for the reyard line. The Eagles fumbled 1 be billed for and luckily recovered on the 50.

Hart took over on their own 20. As Bruington saw daylight he ran through the middle for 63 yards. With only 17 yards to paydirt the Horns couldn't get their offense going. Their efforts stopped on lack of downs.

As Ropes took over they made their way to the 47 before running out of luck.

After the Ropes' punt, the Horns moved to the 45, where a pass from Rambo went wild and was intercepted by Lara. Lara carried across for the final six points of the night.

Lowrie took care of the extra points as he ran for two. This was the final score of the game.

Sauce For Goose Not For Gander

H. Allen Smith (R-Calif) is seeking a way to justify Federal Form 1040's standard income tax deduction of \$600 for a taxpayer's de- ers, whipped potatoes, sliced pendent with what Uncle Sam is spending to support his own stick, hot rolls, apple cobbler, dependents.

He found that Uncle Sam pays Aid to Dependent Children recipients \$800 per year, spends about \$2,300 annually to maintain a federal prison inmate, and provides \$11,000 to train a Job Corps youngster.

The Congressman's probing drew this comment from "Washington Report," official publication of the Chamber of

. T. Cunningham, pastor of First Baptist Church

"God is our refuge and strength, a very present help in trouble" Psalm 46:1

Jesus said a day would come when men's hearts would fail them. Even though some say this refers to heart disease and heart attacks, it is possible that Jesus was talking about a time of weakness and troubles.

What person is there among us that has all the answers to today's problems?

There is fear and uncertainty and trouble on every hand, in every place. Many are "walking the floor" in fear and worry. They are asking, "What does the future hold for me and my children?"

And if we only look at these troubles and trials from the world viewpoint, there is little hope of a future.

But God has spoken! We need not worry about the future, we need not worry about weakness, we need not worry about troubles. God is our safety; our security; our place of protection.

In Him we are safe and secure - for He is our refuge, our abiding place. In Him we are made strong. We are given power because all power is His.

In Him we have joy and happiness because He is our help in the time of trouble. In days like these we need a place of security, a power beyond ourselves, and a helper.

God is all of these and more.

He stands ready to move into our being and direct our lives.
Oh, if only we would let Him!

If we would just let go and let God have His way with us. Just say yes to Him. He wants to help us. FATHER DIES

Area Students To Attend Fair

Lubbock and area students in all grades, plus residents of Hub City Childrens' homes, will be special guests at the 51st annual Panhandle South Plains Fair here during the weeklong run Sept. 23-28.

About 150,000 free passes for students and 5,000 for teachers have been mailed out to all schools throughout the South Plains region, inviting them to the special school days set aside each year.

In addition, more than 400 free tickets to the Pat Boone Show have been distributed to the Childrens' Home of Lubbock, Ballenger School, Buckner Baptist and Coronado Children's Home. The youngsters will attend either Monday matinee or Tuesday night performances of the star-studded stage show in Fair Park Coliseum.

As in past years, opening day of the fair -- featuring the Parade of Bands -- will be area school day. Students from area schools will be admitted free upon presentation of the passes being distributed now. Teachers also will receive the free tickets.

Two other special days are slated each year. Sept. 26 will be armed forces day, and all military personnel will be admitted to Fair Park free upon presentation of identification. Civilian personnel at Reese also are included in the plan.

Boone, television, motion picture and recording star, will appear on stage with the Baja Marimba Band, the Richard Hayman orchestra, twirlerjuggler Diane Shelton, and humorist Don Rice, who will serve as master of ceremonies,

Performances are slated at 3 p. m. on Monday, Friday and Saturday and at 7:30 p. m. daily. Tickets are priced at \$2, \$2,50, \$3 and \$3.50 and all tickets purchased prior to Sept. 23 will be accompanied by free gate admission passes. Children 12 years and under will be admitted to matinees for one-half price.

Tickets may be secured at the Coliseum box office or at Pioneer Hotel from 10 a. m. until 6 p. m. Monday through Friday. Mail order requests also are being accepted by the fair association at P O Box 203, Lubbock, 79408.
