## Commission To Discuss Flood Control

Flood control of Running Water Draw, Plainview, Texas, will be considered by the Texas Water Rights Commission Thursday, Oct. 3, at 2 p. m. in the Hale County Courthouse in Plainview.

The hearing is called in accordance with state law to receive testimony both for and against the feasibility of a proposed U. S. Corps of Engineers' project relating to flood control and other water problems of the Running Water Draw. Particular emphasis is placed on flood protection for the Plainview area.

The project will cost \$3,-200,000 provided upstream reservoirs, as proposed by the Soil Conservation Service, are built in Castro, Hale, Lamb, Swisher and Parmer Counties. Without the Soil Conservation reservoirs, the project will cost \$4,745,000.

Any affected person or group is invited to appear at the hearing in support of or in opposition to the project.

The Commission requests that written briefs be filed on or before the day of the hearing, but they are not required. The hearing may be continued if necessary as the Commission finds reasonable.

## Senior Class Sells Ads

Hart Senior Class recently completed their annual advertising campaign. Members of the class were selling advertising space for the 1969 Longhorn Hart High School's Annual.

Class members sold ads to merchants in Plainview, Tulia, Edmonson, Olton, Dimmitt and Hart.

Senior students will begin the sale of subscriptions for the 1969 annual sometime in the near future.

The Seniors hope to increase the number of annuals sold this year in relation to the number sold in the past years.

## Local Lions Club Votes To Help Hart Boy Scouts

Lions Club met Monday noon in the Community Room of Farmers State Bank.

Members voted to donate \$70 to the local Boy Scouts to help defray the expenses of their summer trips.

Plans were made to send at least four delegates to Edmonson Tuesday, Oct. 9 to help

## Representative Bill Clayton To Speak At Meet Of Judges

Bill Clayton of Springlake will be one of the principle speakers at the annual meeting of the Texas County Judges and Commissioners Association in Austin on Thursday, Oct. 10.

Clayton will discuss the role of county government in relation to the State Legislature. As chairman of the Counties Committee, Clayton directs all legislation relating to county matters in the Texas House of Representatives. During the last session of the Legislature his committee handled more than 230 bills.

"I believe it is extremely important that county officials be informed of what the Legislature is doing that affects their affairs," Clayton said. "One thing I will suggest is that county officials seek legislation allowing the creation of an organization to represent them in Austin that would keep them informed and also make their views known to members of the Legislature."

An advocate of strong local government, Clayton said the volume of bills affecting counties has grown tremendously in recent years and that it is now virtually impossible for

each county official to keep up with what is happening in Austin. He said that unless county officials keep a close liaison with state government, they are in danger of having the powers of local self government eroded away.

"I believe they can best serve the interests of the citizens of every county in Texas by an active association dealing directly with legislative matters," Clayton said.

Clayton said one of the pending legislative matters affecting all counties will be compliance with the U. S. Supreme Court ruling on the Midland case, which will require all

## Ford Proposes Plan For Area Water Development

Campaigning in the Rhea Community this week, Frank Ford proposed an "Action plan for total development of water resources in this area".

"Beginning with each of us at the local level," said Ford, "Continuing efforts must be made to capture and utilize every drop from the rainfall that we receive. This means maximum use of lake pumps to use the water in playa lakes when available to conserve underground water, and more conservation dams to prevent runoff from this area in our creeks."

"Additional research is needed to determine ways of getting this maximum use from rainfall water, which is the cheapest water we have. Irrigation from playa lakes and the percolation value of conservation lakes on our streams will greatly extend the economic

life of our irrigated land while importation efforts are pushed forward."

Ford pointed out that the funding for feasibility studies on various importation plans must come from congress, and the necessity for maximum cooperation and coordination between the state and federal levels of government. He also warned of the danger of injecting partisan politics into water importation efforts.

"Whether our grandchildren can raise their families in this area depends to a large degree upon all of us working together in the field of water resources", Ford concluded, "And I pledge my total efforts in this direction".

Ford is the Republican candidate for State Representative in Cochran, Lamb, Bailey, Castro, Parmer, and Deaf Smith Counties.

## Bill Clayton To Be Honored By Demo Party

A gala event honoring State Representative Bill Clayton is being planned for Oct. 14 by Democratic Party members from the 72nd Legislative District.

More than 1,000 residents of the District, as well as from various points over the state, are expected to attend the Clayton Appreciation Banquet slated for the Junior High School Gymnasium in Littlefield.

Tickets are already being sold, at \$10.00 per person, and general ticket sales chairman, Frank Cummings of Littlefield, is expecting a sell-out crowd early.

G. T. Sides is chairman of ticket sales for Lamb County while Howard Hall is in charge of ticket sales for Olton.

General Chairman of the banquet is Bill Armistead of Littlefield.

Representative Randy Pendleton of Andrews is working with Plainview's Rep. Ralph Wayne coordinating the attendance by most of the top personalities in the state-wide Democratic Party organization.

Pendleton anticipates "at least three commercial plane loads" to come to the event honoring Clayton.

The Andrews representative said Clayton is one of the most popular delegates in Austin, among his constituents. "He is known to all of us as the recognized authority on water needs and legislation," Pendleton said.

## Open House To Honor 50th Wedding Anniversary

Mr. and Mrs. Roy Wall will be honored Sunday afternoon at their home, 416 Foster Lane in Canyon, with open house in observance of their golden wedding anniversary.

Hosts for the occasion are their children and their families, Mr. and Mrs. Hank Grindstaff of Orange, Calif.; Mr. and Mrs. Easton Wall of Vega; Mr. and Mrs. Neil Wall of Kanarado, Colo.; Mr. and Mrs. Jean Palser of Oklahoma City, Okla.; Mr. and Mrs. Claud Cooper of Canyon, Johnnie Wall of Burlington, Colo.; Miss Sylvia Wall of Phoenix; Ariz. and Mrs. Rachael Glasgow of Canyon.

The couple has 13 grandchildren and three great-grandchildren.

The former Miss Rowena Gibson and Roy Wall were mar-

ried Sept. 30, 1918 in Canyon by the late Rev. B. F. Fronabarger. They have lived in the Canyon area for the past 50 years. They are members of the First Assembly of God Church in Canyon. Wall is a retired farmer.

Friends and relatives are invited.

## Zealot Club Plans Annual Rummage Sale

Mrs. Howard Mitchell and Mrs. Hubert McLain were hostesses Tuesday afternoon in the Community Room of Farmers State Bank for the Zealot Club.

Plans were made for the annual rummage sale. The sale is scheduled for Oct. 18 and 19 in Hart Cleaners. Proceeds of the sale go to the scholarship fund for a deserving Hart senior.

Anyone wishing to donate clothing, dishes, knick knacks or various other items are asked to leave the articles at the cleaners. Additional information concerning the sale may be obtained from Mrs. Ike Bennett.

Those present were Mmes. Jack Dyer, Cecil Ray Jones, Eldon Shive, Cleve McLain, Howard Mitchell, C. C. Hanes, Ike Bennett, Warren Lemons, Lorenzo Lee, Preston Upshaw, and one guest, Mrs. H. E. Loman.

Hart High School's 1968 graduates have scattered to schools of higher education in a better than national average amount.

TRAVEL ON Controlled-access divided highways is considered 2.5 times as safe as travel on undivided primary highways.

## SCOUT NEWS

Senior Girl Scouts met Tuesday afternoon in the home of Mrs. Wanda Miller.

Money raising projects were discussed and Scouts voted to hold a Spaghetti Supper, Bake Sale, Car Wash and Slave Day.

The troop will send two delegates as representatives to the Girl Scout Council.

Members of the troop set each second and fourth Tuesday as meeting date. They will be learning to knit, make puppets, study the art of make-up and have programs on proper grooming.

Scouts present were Carol Miller, Frances Cunningham, Sharon Brooks, Brenda Covington, Becky King and Carolyn Cole.

## Mrs. R. Brooks Is TOPS Winner

Hart of Texas TOPS Club met Monday evening in the Community Room of Farmers State Bank. Members sang TOPS songs a 'directed' the pledge.

Mrs. Robert Brooks was named queen of the week for having lost the most weight. She received the grab bag gift.

Minutes were read and approved. Mrs. Weldon Jones reported that the weight loss of the club has been sent in to TOPS headquarters. The total loss for the club is 100 pounds or five pounds per member.

For the week, the Twiggies recorded a 12 pound loss and no gains. Kalorie Counters reported a loss of nine and three-quarters pounds and no gains.

Plans were made for several members to attend Area Recognition Day Sept. 28 in Happy.

SECRET MEETING-- Closer cooperation between state government and the state's leading university was the topic of an intense, high-level, secret meeting in Kerrville called by Governor Connally.

Meeting was between about 50 University of Texas at Austin administrators, deans and department chairmen and the same number of executive directors or board members from major state agencies, along with Connally, Lt. Gov. Preston Smith, Speaker Ben Barnes and Rep. Gus Mutscher of Brenham.

Refreshing Pineapple Pie

Great for Fall is this angel food type pie cooked on top of the stove and turned into a no-bake crumb crust. It is best served on the day it is prepared.

### Pineapple Pie

- 1 no-bake (9-inch) crumb crust
- 2 tablespoons corn starch
- 1/2 cup sugar
- Dash salt
- 1 cup water
- 1 (8 3/4-ounce) can crushed pineapple, drained
- 3 egg whites
- 1/3 cup chopped nuts

Combine corn starch, sugar and salt in small saucepan. Gradually add water, stirring until smooth. Stirring constantly, bring to boil over medium heat and boil 1 minute. Cover with plastic film or waxed paper laid directly on surface of pudding. Cool. Stir in pineapple. Beat egg whites until stiff peaks form when beater is raised. Gently fold in cooled pineapple mixture. Pile into prepared crust. Sprinkle with chopped nuts. Chill. Makes one 9-inch pie.

### HI FRIENDS

Here we are again. How's every little (and big) thing? Why must you be so pessimistic all the time? Things really can't be that BAD!

Things are quieting down finally. Of course, everyone is still busy but with nothing important. Six Weeks Tests are only two weeks away, so buckle down, kiddies!

### SCHOOL SPIRIT

The big issue right now is School Spirt, not only here in HHS, but in nearly all schools. School Spirit comes from pride within. Not only pride in one's self but pride in one's school, his attitude, his beliefs.

Spirit doesn't just happen, one has to WANT it. If he wants it bad enough, it will grow, it will spread to friends. It's contagious - no one wants to be left out.

You don't have to be on the football team or pep squad to have spirit. It is not "sissy" to yell for your team.

It shows PRIDE, a simple five letter word worth 5,000 dollars.

Nor does it stop at the end of football season. It should continue through basketball

season, volleyball, track, right up until May 23.

Not only should it not stop then but it should continue through the summer months, during summer basketball, football, any endeavor on behalf of your school.

Ask yourself this question; "Do I have school spirit, or is it class spirit or spirit for show?"

"Am I giving my all? My 100%?"

THINK ABOUT IT!

# Longhorns Down

BY DONNIE BLACK

Hart Longhorns dropped their second game as they fell to Meadow Bronchos Friday night.

The game was started as Hart kicked off and Butch Tongate returned to the Meadow 44 yard line. Three plays later the Bronchos were only on the 46 yard line and faced a punting situation.

Johnny Kline punted for the Bronchos and Joe Quiroz returned to the 10 where he and the ball changed directions.

Meadow recovered and had a first and ten on the 10 yard line. Then Watson from Meadow couldn't hang on and Hart recovered on their own 13 for a first and ten.

On the first down play things went wild as Hart fumbled for the second time and Meadow's Watson picked up the loose ball and went in for six. Loyd Jordan kicked on the extra try but the kick was wide and left the score 6 to 0.

Dennis Liles kicked for the Bronchos and Danny Smith returned to the Hart 33. Between Bruington and Smith the Horns tried for the first but fell short as they ran out of punts.

Andy Rogers punted for the Horns and action moved again as Loyd Jordan returned the punt for Meadow's second TD of the night. Jordan also handled the extra point kick but again failed to put it between the uprights.

Three plays after receiving Meadow's kick, Hart fumbled and Meadow took over on Hart's 47. The Bronchos marched to the five yard line where the first quarter of play ended.

On the five they were faced with a big fourth down situation.

They failed to make the first on an incomplete pass from Tongate to Wilkes. The Horns then took over on their own five.

Bruington ran to the 13 in two carries. On the third down play, Bruington tried for the first but was set back to the five.

Punting was left to Hawkins because Rogers suffered a knee

injury and saw no action after the first quarter. Hawkins' kick was returned to the Hart 35.

After two incomplete passes Tongate finally connected with Jordan who was stopped at the one yard line by Ronnie Barham. Tongate went up the middle for the score and an incomplete pass broke up the extra point try. Meadow was the 18 and left the Horns scoreless.

Quiroz returned Meadow's kick to the 35 and the Horns began the drive for their only score of the night.

Rambo, Smith, Bruington and Longoria took turns as they punched all the way to the Meadow one yard line. Rambo scored on a quarter-back sneak. Allensworth's kick fell short as he tried to raise the score but failed. This put the score 18-6.

Hart kicked to Meadow and Meadow moved to the 30 yard line. At this point Tongate passed to Wilkes who carried the ball across to raise the Meadow score to 24.

This was followed as Tongate ran and earned two more making the half-time score 26-6 as time ran out.

Hart kicked as second half action got underway. Meadow received the kick on their own 34 yard line and drove to the seven before Jordan ran across for six. Jordan also tried to run for the extras but fell short. The score was then 32-6.

Smith returned Meadow's kick to the 33 yard line. The Horns took to the air but the pass was incomplete. Rambo then connected with Quiroz for the first down. This play was followed by an interception by Meadow of a Rambo pass and they made their way to the Hart 48.

The Bronchos fought to the 23 where they went for another six points. This boosted the score to 38-6.

As Meadow kicked, Quiroz returned to the 30. At this point Hart couldn't budge the Meadow defense and fumbled on the 24. Meadow took possession and promptly moved to the four

HART CHEERERS in competition the many action-

yard line where Jordan ran across for the first score of the game.

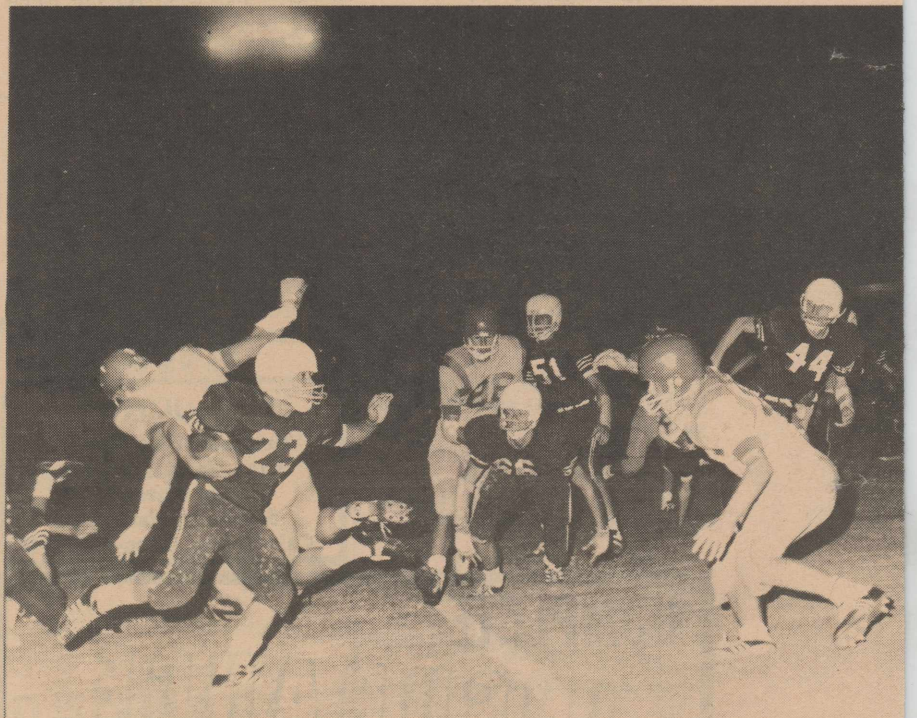

In the final quarter both teams were scoreless.

Jimmy Robins couldn't reach the same yard line as the defense met the tailback and intercepted the pass. The Horns were lack of downs as the final score 44 and Hart 6.

Outstanding players were Smith while Allensworth Mitchell along with

Quiroz played offensive ball.

Hart Shorthorns fell to Happy in Junior High action Thursday afternoon.

The game got underway as Stanley Dyer kicked off for the Shorthorns. Happy returned the ball to the 22 yard line. Happy failed to make the first down and Hargraves punted for them. Dyer returned the punt to Hart's own 32.

Happy kicked to start the second half and Dyer returned to the 43 yard line. On the first down play Hart again fumbled and Happy recovered. Happy moved to the Hart 39 which gave them a first down. They then moved to the 18 where they failed to make the first down and Hart took over.

Shorthorns couldn't seem to move the ball and as the fourth down situation arrived, Dyer punted. The kick was short and Happy took over on Hart's 40.

Happy marched down the field for the final score of the game. Hargraves carried it across. The extra point try was no good and left the score 12-6.

Happy kicked and Hart returned it to the 44. The Shorthorn squad made their way to the 33 yard line before the clock ran out. The final score was 12-6 in favor of Happy.

Defensive standouts for the Shorthorns were linebackers Bates, Dyer and Black along with Barham in the secondary.

This Saturday the Shorthorns will face Farwell at 11 a. m. here.

### OUT OF HOSPITAL

Donnie Irwin is at home after being in the hospital in Lubbock following a recent car accident.

TWO THIRDS of the Texas portion of the Interstate highway system are open to traffic. The Texas Highway Department reports that more than 2,000 of the designated 3,027 miles are "under rubber" and another 462 are under construction.

After moving to the 34, Ethridge was unable to hold on and dropped the ball which was recovered by Happy. By making two first downs, Happy moved to the 11 yard line. Chris Pearson ran through and scored the first TD of the game. The extra point try was no good and left the score 6-0.

Then Ethridge carried to put the ball back on the 46. On the next try, Ethridge was dropped behind the line of scrimmage and the ball went wild. Happy recovered on the 50.

On the first down play, Barham dropped Barret on the 43 for a loss of seven yards. After two incomplete passes Hargraves punted for Happy. Dyer received the punt and ran it a total of 70 yards for the lone score of the Shorthorns.

Ethridge tried for the extra points and fell short. This left the score tied at six.

Shorthorns kicked to Happy who only had time for two plays before time ran out in the first half.

- 3/4 c. unsifted all purpose flour
- 3/4 c. packaged cornflake crumbs
- 2 tsp. salt
- 1/2 tsp. poultry seasoning
- 1/4 tsp. pepper
- 2 eggs, beaten
- 1/2 c. butter or margarine, melted

1. Preheat oven to 400 F. Wipe chicken with damp paper towels.

2. In a clean paper bag, combine flour, cornflake crumbs, salt, poultry seasoning and pepper.

3. Dip chicken legs, a few at a time, into beaten eggs; then shake in bag, to coat with flour mixture.

4. Arrange in greased shallow baking pan. Brush chicken with melted butter. Cover pan with foil; bake 30 minutes.

5. Remove foil. Increase oven temperature to 450 F, and bake 15 minutes, or until golden-brown.

Makes 12 servings.

## HOW ABOUT YOUR HOME

"Children, obey your parents in the Lord; for this is right. Honor thy father and mother; which is the first commandment with promise; That it may be well with thee, and thou mayest live long on the earth. And, ye fathers, provoke not your children to wrath; but bring them up in the nurture and admonition of the Lord" Eph. 6:1-4

A prominent citizen wrote, "The children now live in luxury. They have bad manners, contempt for authority...they no longer rise when elders enter the room. They contradict their parents, chatter before company, rattle dishes at the table, cross their legs, and tyrannize their teachers."

This reads like the morning paper, but it was written 2,400 years ago by Socrates. So the home is not faced with any new problems.

What matters is how are we solving the old ones. The home is the basic unit of society.

And if the home is destroyed, the nation will fall. There can be no society without the home.

Ann Landers reprinted twelve rules for raising delinquents. The original source is a bulletin issued by the Houston, Texas Police Department.

1. Begin with infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.

2. When he picks up bad words, laugh at him. This will make him think he's cute. It will also encourage him to pick up "cuter" phrases that will blow off the top of your head.

3. Never give him any spiritual training. Wait until he is twenty-one; then let him decide for himself.

4. Avoid the use of the word "wrong". It may develop a guilt complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.

5. Pick up everything he leaves lying around - books, shoes, and clothing. Do everything for him so he will be experienced in throwing all responsibility on to others.

## Cards Of Thanks

We wish to thank everyone for the help and concern you have shown for all of us while Donnie was in the hospital in Lubbock.

The D. L. Irwin family

I wish to thank everyone for the flowers, cards, visits, food and kindness during my recent illness and stay in the hospital. God bless each and everyone.

Mrs. L. W. (Ruby) Bennight

6. Let him read any printed matter he can get his hands on. Be careful that the silverware and glasses are sterilized, but let his mind feast on garbage.

7. Quarrel frequently in the presence of your children. In this way, they will not be too shocked when the home is broken up later.

8. Give a child all the spending money he wants. Never let him earn his own. Why should he have things as tough as YOU had them?

9. Satisfy his every craving for food, drink, and comfort. Denial may lead to frustration.

10. Take his part against neighbors, teachers and policemen. They are all prejudiced against YOUR child.

11. When he gets into real trouble apologize for yourself by saying, "I never could do anything with him."

12. Prepare for a life of grief. You will be apt to have it.

Below the humor here we see the tragic implication that some parents are living by these rules.

Someone has calculated that a child has 108,000 waking hours in the period between infancy to maturity. Of this time, the average child will spend 1,000 hours in Sunday School and church, and 7,000 hours in the public school. This accounts for 8,000 hours, leaving 100,000 hours to be spent by the child in the home under the supervision of the parents.

Don't look at someone else's home and say they need this or that. But look at your own home, children, and family life. What rules are you living by and what regulations govern your family life? Take a long, hard look at your home.

## Local Woman's Brother Is Injured In Viet Nam

Mr. and Mrs. Deryl Clevenger and family had as their guests last week her foster parents, Mr. and Mrs. Walter Grimes of Preston, Kans. and their son, S/Sgt. John Grimes.

Sgt. Grimes is home on 30-day leave following his dismissal from the hospital at Clark Air Force Base in the Philippines. He was injured in May while serving in Vietnam.

The injured soldier was climbing a rope ladder to a rescue helicopter when the copter was shot down near De Nang, Vietnam. Grimes was pinned beneath the chopper and suffered multiple breaks in his legs, a broken arm and fractured collarbone.

Following his furlough, Grimes will report to Walter Reed Hospital and then to Fort Dill, Mass. He has served a total of 42 and one-half months in Vietnam. His last tour of duty there was for 21 months. He has also served in Germany, Turkey and Korea.

Morale and attitudes of our

servicemen in Vietnam is good, the serviceman stated. He adds that lots of good shows go to Vietnam for entertainment of the troops.

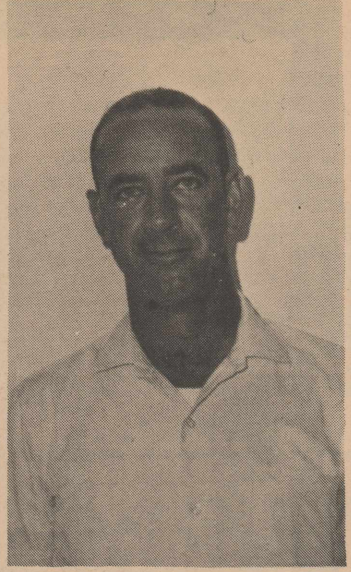

Grimes told of troops finding a 250 room underground hospital, well-equipped and furnished with electricity which belonged to the Viet Cong. He added that the Cong has well built roads and tunnels underground which South Vietnam and the Allies have difficulty in finding.

Sgt. Grimes has received three Purple Heart awards for his service in Vietnam. In addition he has earned the Silver Star, Bronze Star, Army Commendation Medal, Presidential Citation and two Purple Hearts for action during the Korean war.

For a brief time six years ago, Grimes made his home on the Pyeatt farm near Hart.

TEXAS HIGHWAY Department has made ample provisions for rest areas along the Interstate highway system in the State. When the system is complete, there will be a safety rest area on each side of the divided routes on an average of every 37 miles, and rest room facilities will be included wherever water is available.

TEXAS HIGHWAY Department has 2,579 miles of full or partial controlled-access freeways open to traffic, and another 611 are under construction. There are a total of 4,717 miles of divided highways on the 68,5 thousand mile Texas highway system.

S/SGT. JOHN GRIMES

THE FATAL ACCIDENT rate in Texas dropped from 16.6 per 100 million miles in 1935 to 5.8 in 1967. Wider driving lanes, longer sight distances, and removal of roadside obstructions are just three of the highway engineering factors that have made highways safer. The most important factor, however, has been the increased construction and use of multilane, controlled access highways, rated 2.5 times as safe as the highways they replace.

ALL HIGHWAY construction in Texas is on a "pay-as-you-go" basis. The Texas Highway Department is directing construction on projects totaling \$685 million at the present time, and all of it will be paid for as soon as it is open to traffic.

## Series Of Art Seminars Slated To Begin Oct. 8

"Arts of Ancient America", a survey of the arts of our continent, is the theme of the fall series of Art Seminars beginning Oct. 8 at West Texas Museum.

Conducted by Rabbi Alexander S. Kline, the series is in its eighth year, sponsored by the Women's Council of the West Texas Museum Association.

Pre-Columbian Indian cultures of our continent -- some twenty-five centuries of evolution in architecture, sculpture, painting and minor arts -- will be presented in the series of ten lectures by Dr. Kline.

The public is invited to enroll in the Art Seminars, which will serve as background for the spring lecture series on art in Mexico. All lectures are held in the Museum Auditorium on the Texas Tech campus.

Topics for the Fall session are:

Oct. 8 - The Olmecs; Oct. 15 - Old Maya Empire; Oct. 22-

Chichen Itza; Oct. 29 - Indians of the Andes; Nov. 5 - The Incas of Peru; Nov. 12 - The Zapotecs; Nov. 19 - The Toltecs; Nov. 26 - The Aztecs; Dec. 3 - Indian Arts of North America I; Dec. 10 - Indian Arts of North America II.

Mrs. H. A. Anderson, chairman of the Art Seminars Committee of the Museum Women's Council, stressed that the sessions are for both men and women. Tickets may be purchased at the Museum. Tickets for ten lectures for \$10 may be used in single or multiple admissions as desired. Each unit is complete in itself, allowing a ticket-holder who is unable to attend to lend the ticket to a friend.

Single lectures are \$2 per person, and student rate is \$5 for the ten-lecture series.

Parking is available in the Museum parking area behind the Museum which is located on the circle west of the Broadway entrance to the Texas Tech campus.

## Early Vehicle Inspection Makes For Safer Driving

The 1969 vehicle inspection period began today in Texas according to Colonel Wilson E. (Pat) Speir, acting director of the Texas Department of Public Safety.

"More than six-million vehicles are expected to receive the compulsory inspection prior to the April 15, 1969 deadline," Speir said. Inspections may be performed at any of the almost 5,500 vehicle inspection stations in Texas, each of which displays the official vehicle inspection station sign. Texas law requires inspection of the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power

steering) and wheels and rims (not to include removal of the wheel from the vehicle) on all motor vehicles registered in the state. Special inspection provisions apply to trailers, semi-trailers, pole trailers or mobile homes having a loaded gross weight in excess of 4,000 pounds.

The minimum fee is \$1.75. This does not include the cost of repairs or adjustments necessary to enable the vehicle to pass inspection.

Speir said the new vehicle inspection sticker will be a two and one-half inch square replica of a DPS patrolman's badge with red background. Motorists are urged to have the 1969 inspection performed as soon as possible to insure that their vehicles are mechanically safe for fall and winter driving.

## Anaplasmosis Reported In Wide-Spread Areas

Anaplasmosis, a severe blood disease in cattle, has been reported in wide-spread areas of Texas by veterinarians. Dr. Milton Risinger of Kaufman, near Dallas, and Dr. Joseph Bitter os Edna, on the Gulf Coast, both reported numerous cases in their area of the state. Other veterinarians are seeing cases of anaplasmosis, including instances in east and central Texas counties, a Texas Veterinary Medical Association spokesman in Austin said.

The disease causes extreme anemia and death, if not detected early. The most effective safeguard against anaplasmosis is immunization with a recently released vaccine. Veterinarians are also able to use medication and blood transfusions for severely affected animals, according to T. V. M. A.

Cattlemen are urged to in-

spect their herds and immunize all animals since the disease is transmissible from one animal to another and is spread by flies, mosquitos and ticks. Cattlemen are also warned that the vaccine must be used under completely sterile conditions to prevent spreading the disease.
