### 14 Accidents Investigated During Month

The Texas Highway Patrol investigated 14 accidents on rural highways in Castro County during the month of September, according to Sergeant Vernon Cathon, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed seven persons injured and an estimated property damage of \$9,150.00.

The rural accident summary for this county during the first nine months of 1969 shows a total of 78 accidents resulting in one persons killed, 37 persons injured, and an estimated property damage of \$52,724.00.

The month of October will bring about a drastic change in driving habits. With the return to Central Standard Time on October 26, many motorists will find themselves going to and from work in darkness. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

The Sergeant listed some factors why driving is more hazardous at night than during the day. (1) Reduced visibility prevents drivers from seeing hazards. (2) It has been longer since most drivers have slept and the resulting fatigue increases perception reaction time. (3) It is easier for drivers to become confused and panic. (4) More drinking drivers will be on the road.

These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

### Youth Choir To Present 'Good News'

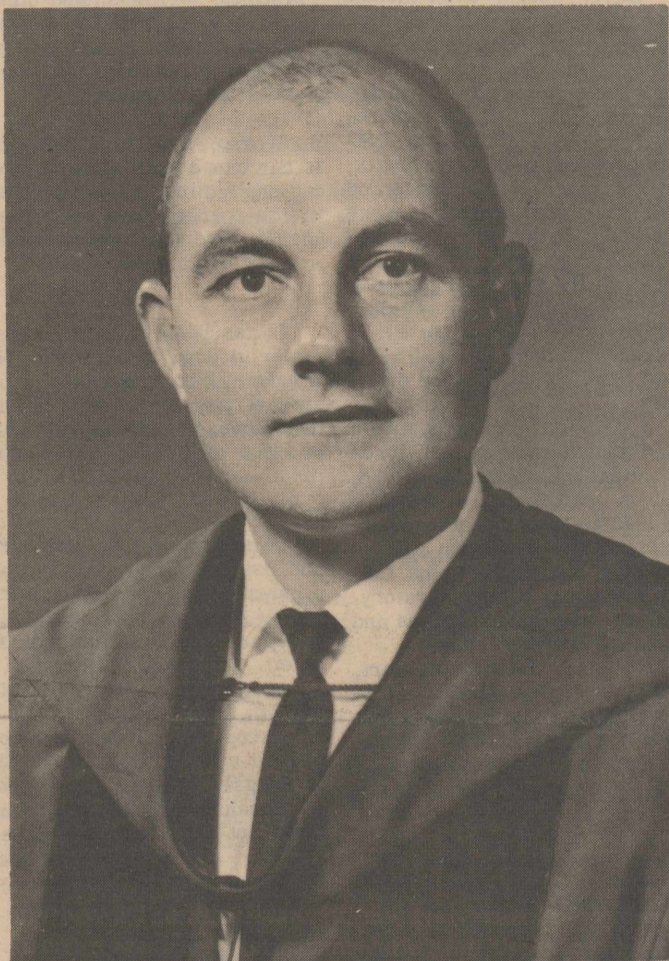

The Youth Choir of Hart will present the Christian Folk Musical "Good News", in the First Baptist Church in Petersburg Sunday night, Oct. 19 at 7:30 p. m.

"Good News" is directed by Roger Edwards of Plainview, who is serving as Youth Director of the First Baptist Church in Hart.

### Adult Education Classes To Begin

A meeting will be held Tuesday, Oct. 21, at 7:30 p. m. in the Title I reading room, for the purpose of organizing Adult Education classes.

Interested persons should attend this organizational meeting. Teachers will be L. D. Williams and Mrs. Vasca Kittrell.

## Big Homecoming Planned For Oct. 24

Many activities are being planned for Homecoming, Friday, Oct. 24, when Hart Longhorns clash with the Swifts of Nazareth.

A giant bonfire and pep rally will be staged Thursday night at 7:30 p. m. immediately following the junior high football contest with Happy.

Traditional crowning of the Football Queen is scheduled for Friday night. Candidates named for this honor are Paula

### Booster Club To Sponsor Chili Supper

Hart Booster club, in business session Tuesday, made plans to sponsor a chili supper in school cafeteria preceding Homecoming game, Friday, Oct. 24.

Serving hours are scheduled from 5 to 7 p. m. and members cordially invite everyone, especially ex-students to attend.

Chili and drinks are priced at 75¢ and homemade pie at 25¢.

Harris, Pam Shive, Roni Cox, Cindy Dyer and Suzanne Hawkins.

A Chili supper, hosted by the Booster Club, will be served in school cafeteria, beginning at 5 p. m. And an after-the-game get-together is announced for ex-students also in the cafeteria.

### Bilingual Classes To Meet Monday

The two Bilingual classes and parents of Hart Elementary School will have a meeting Monday night, Oct. 20 from 8 to 9 p. m.

Everyone will meet in the grade school gym. Mrs. Carla Franks and Mrs. Pam Kendall's students and their parents will go to their own classrooms.

The other children will get to see a movie in the gym while the parents are in the classrooms.

Refreshments will be served.

Each parent is asked to make plans to attend this meeting.

Dr. Theron C. Hawkins, a former resident of Hart, now of Kerrville, was recently appointed by Governor Preston Smith as regent of West Texas State University.

Born March 20, 1930 in Tulia, Dr. Hawkins was brought home to Hart when he was one week old. In 1939 the depression caused the family to move to Nazareth where he attended school through the sixth grade. The family returned to Hart in 1941 and that has been "home" to Dr. Hawkins since.

After graduating from Hart High School in 1947, he entered West Texas and completed a two year vocational training course. In the fall he entered Baylor University in Waco after a decision to become a doctor. Following graduation from Baylor Medical College in Houston, he did his internship and specialization at Hermann Hospital in Houston. He opened his office as a urologist in Kerrville August 1, 1961.

He and Miss Joy Stelter were

married in Houston August, 1952. She is a registered medical technician. They have one son and two daughters and have had three foster children.

Dr. Hawkins has farming interests west of Hart and a ranch near Comfort. The family is very active in the Trinity Baptist Church in Kerrville.

Dr. Hawkins is the son of Mr. and Mrs. Willis A. Hawkins Sr. of Hart.

### PTA To Sponsor Skating Party

Mrs. Ben Kennedy announced the Parent-Teachers Association of Hart will sponsor a skating party Oct. 21, Monday, at the Hart Elementary Gym.

Time is from 4 to 6 p. m. Students of all ages are invited, admission will be 50 cents for each student.

Refreshments will be for sale.

## Organization Of Band Discussed By Board

In recent action of the Board of Trustees of Hart Independent Schools, Mrs. Reba Ogden was employed as custodian for elementary building.

A committee from Hart Lions Club appeared before the board to discuss the possibility of organizing a band. The committee implied that the local Lions will offer their

services in fund raising in order to help get the organization started.

No action was taken, the board deciding to make a survey to determine the number of students who may be interested. This survey will be made among students to be enrolled in both junior and senior high school next year.

## Pioneer Natural Gas Co. To Ask Gate Rate Hike

Pioneer Natural Gas Company has announced its intention to file an application with the Railroad Commission of Texas for an adjustment in the city gate rate for gas delivered to its West Texas System.

A new gate rate will have no immediate effect on current gas rates. However, such an increase would establish a new cost of gas at the city gate for any subsequent changes in domestic and commercial rates in cities on the West Texas Distribution System, one of which is Hart.

The last determination of Pioneer's gate rate was based on operating costs and investment values for the year 1961. Since that time the field cost of gas, labor, materials and supplies, as well as interest rates, have gone up frequently and substantially, Pioneer officials noted.

It is Pioneer's intention to ask the Railroad Commission to establish a city gate rate of

34¢, plus an allowance for federal surtax, compared to the present rate of 28¢. The Federal Income Tax 10% surtax charge would currently expire December 31. Pending legislation would cause its continuation and the outcome can be better judged during the pendency of the Railroad Commission proceeding. Continuation of the tax at a 5% rate would add approximately 1/2¢ and continuation of the tax at a 10% rate would add approximately 1¢.

### Ex-Students Plan Meeting

Mr. Elmer Six High School Principal, has announced that there will be a meeting and a get-together for all Ex-Students in the School Cafeteria following the Homecoming football game Oct. 24.

Refreshments will be served and all ex-students are given a special invitation to attend.

## CROP Youth Project Plans Now Underway

Plans are being made under direction of Mrs. Weldon Jones and Rev. C. T. Cunningham for the local annual CROP YOUTH PROJECT IN HART. Uniting in the project will be the youth groups of the churches in the community; and it is expected that approximately 50 Junior and Senior High students will take part.

CROP is the Hunger Appeal of Church World Service which collects farm commodities and cash, through volunteer work-

ers, for the overseas relief and rehabilitation programs of the churches. Gifts to CROP are put to use under church supervision strictly on the basis of need.

Halloween has come to mean CROP and a time of Christian sharing to the young people of Texas. It has come to be a time of collecting for others in a Christian ministry of compassion when hunger threatens over two-thirds of the world's population.

Contributions received through this youth effort of concern will be used to help provide for the handling and distribution of government-donated foods of the Food for Peace program as well as to provide other assistance--high protein foods, emergency supplies, agricultural tools, seeds--not otherwise available to the overseas programs of the churches. In some cases, the contributions will help the local farm canvass to make commodity shipments.

Last year the local youth collected \$234.48 for CROP and helped others throughout the state of Texas to collect over \$65,000 for the program.

These amounts helped CROP to provide almost 10 million pounds of food and self-help materials. They also helped CROP to provide food under the Food for Peace Program, and to turn over almost one-fourth million dollars to church overseas agencies other than CWS for their relief ministries.

### VISITS MARTINS

Mr. and Mrs. Tom McDonald of Plainview visited his sister, Mr. and Mrs. Ernest Martin the first of the week.

## Hart Lions See Film

Hart Lions met Monday, Oct. 13, in Community Room of Farmers State Bank, for regular meeting.

An informative film, made available by Congressman Bob Price, was shown. Made in January 1968, the film related to southeast Asia, Thailand and Cambodia, with special emphasis upon Vietnam.

In a short business session the organization voted to sponsor the use of school busses for Boy Scouts and Cubs.

Eighteen members and four guests were present.

### CARE SERVICE

By 1980 care services will hire more people than any other field, reports Extension Specialist Minnie Bell. The industry's growth is based, she says, on more people, universal use of health insurance of U. S. families and programs like Medicare and Medicaid.

# LSD - Will It Turn You On Or Will It Turn On You?

FIRST IN A SERIES

No drug has caused more controversy, with the possible exception of marijuana, than the strange compound known as LSD.

Is LSD dangerous? Definitely yes, says the National Institute of Mental Health, Federal agency focus of a new nationwide attack on the abuse of dangerous drugs and narcotics.

Hospital and other medical studies show that LSD can cause panic, paranoia, and accidental death.

Reactions to taking LSD range from worry, panic, and depression to severe mental derangement.

Days, weeks, even months after a dose of LSD has been taken, the things the user thought that he saw and felt may recur in his mind and make him fear he is going insane.

The physical effects LSD can produce are far from pretty.

Eye pupils dilate, hands and feet shake and tremble uncontrollably, palms turn cold and sweaty, the body shivers and turns chilly, goose pimples pop out, breathing is irregular. There is loss of appetite and nausea; and the pulse and heart rate rise, as does blood pressure.

LSD is short for lysergic acid diethylamide. A man-made chemical first produced in 1938, it was accidentally discovered in 1943 to produce bizarre effects on the mind when a Swiss chemist swallowed some LSD while working in his laboratory. He had strange sensations and felt as if he were flying.

Despite the soaring start, LSD was little explored in following years as far as definitive pharmacological studies in man were concerned. The weird compound lay around,

### LACYS VISIT

Mr. and Mrs. W. C. Lacy visited over the weekend in Ackerly, with his sister, Mrs. Bonnie Shepard and with a brother Mr. and Mrs. Sid Lacy of Tarzan.

### HAS SURGERY

Mrs. Mary Clay, one of the first grade teachers, had surgery in a Plainview Hospital Thursday, and is reported to be doing fine.

studied by some drug researchers but ignored by most. Then the wave of far-out experience seekers washed up a few years ago.

LSD became the darling of the daring. It was claimed to give you great feelings and increase many capacities, like sex and creativity.

None of this has proved out. In fact, the reverse may be true. But many fables and fallacies like these have spread about LSD. The following facts come from research, not from fantasy and rumor.

Studies have shown that LSD is more likely to decrease sex interests than to increase them. Paintings, writings, and other works by LSD-users fail to show greater talent; rather, the works are poorer when done "under the influence."

Worse, LSD is dangerous. It can cause panic (fear of losing one's mind), paranoia (suspicion that "they're after me"), mental derangement, and accidental death.

It has been called the most powerful drug in the world. No wonder: 25 micrograms is an amount almost invisible to the naked eye. Yet this amount will produce an effect in most people.

Classed as a hallucinogen and psychedelic -- which mean mind-affecting or mind-altering -- LSD is a member of a group of drugs which include other compounds like marijuana, peyote, mescaline, psilocybin, DMT, and STP.

Except for government-approved use for research, LSD is illegal in the United States.

Because LSD is dangerous when not used for careful research under close medical supervision, it is closely reg-

ulated by Federal and State laws. These provide stiff penalties for illegal production, sale, other disposition, and, in some cases, for possession or use.

Because more knowledge is needed about this powerful compound, broad scale research is underway to learn fully about its chemistry, animal and human effects, and whether it can have any medical or other real values.

This is another part of the national attack on abuse of narcotics and dangerous drugs of all kinds. On the educational side, newspapers, magazines, radio, and television are enlisting in the fight in a new campaign to provide everyone with accurate information.

## Kennedy Rites Held Tuesday

Mrs. Ella Mae Kennedy, 70, mother of Ben Kennedy Jr. died Saturday night in a Plainview convalescent home. Funeral services were held Tuesday, Oct. 14, at 2 p. m. in the Central Church of Christ Tulia, with Morgan Sturgess lay speaker, officiating.

Born in Buffalo Gap, Dec. 1, 1898, she was married to Ben Kennedy July 9, 1923, in Stratford.

A resident of Tulia since 1957, she was a member of Central Church of Christ.

Survivors include her husband, two sons, four daughters, one brother, three sisters, 26 grandchildren, and three great-grandchildren.

Burial was in Rose Hill Cemetery, under direction of Wallace Funeral Home.

### THE "IN" METAL

One hundred types of low-denomination coins minted of pure nickel, nickel brass, nickel aluminum bronze, cupronickel clad copper, nickel-clad steel, nickel silver and silver containing from 1 to 23% nickel were circulating in 54 countries in 1968.

## Financial Facts

By Willis A. Hawkins, Jr.

Before checks reach the clearinghouse they must be sorted. The checks are separated according to the banks on which they are drawn.

Sorting is done electronically by means of magnetic numbers. There are two sets of numbers along the lower part of each check. The first set is used by the Federal Reserve Collection System.

The second set is the individual code allotted to bank customers. There are no two checking account codes alike.

After sorting according to banks, the amounts are totaled. These totals are recorded on slips and attached to each check bundle.

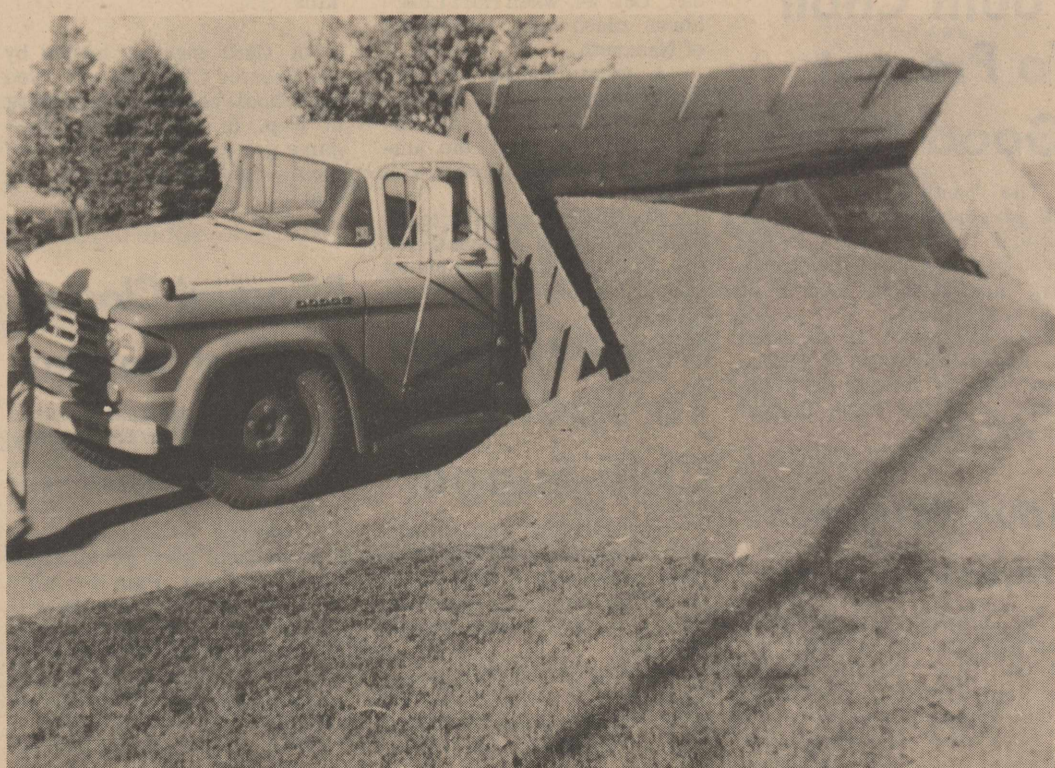

Messengers from each bank go to the clearinghouse with packages of checks. Packages are then exchanged. Thus each messenger receives checks drawn on his own bank.

When differences are computed, settlements are made.

The Hart Longhorns broke open a 0-0 game in the second half to annihilate the Amherst Bulldogs 36-6. The Horns got back on the winning trail again after losing to Vega a week previously.

The Horns received the opening kickoff and proceeded to move the ball down to the Amherst 45 where they lost the ball on downs. Amherst looked as though they were going to give the Horns a run for their money as the Bulldogs moved the ball well behind some fine running by Eddie Moates. But the Bulldogs found the Horns defense too much and

could not get anywhere during the whole first half. The Hart team could not do much better and they also found themselves getting nowhere the first half. The first half ended with the score of Hart 0 and Amherst 0.

At the start of the second half it looked as though anything could happen. And happen it did as Amherst quarterback Eddie Moates was tackled in the end zone by Ricky Mitchell for Hart's first two points of the ball game and Hart led 2-0. The Bulldogs kicked to the Horns and Hart got the ball on the Amherst 45. On the first play from scrimmage Landria

The Bulldog on their next defense had the bottled up. The ball back to Hart was off to the ball on the sophomore J took the ball way to paydirt. added the extra

# SENSING THE NEWS

By Thurman Sensing

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

It is the right and duty of the U. S. Senate to give careful scrutiny to nominations for the federal bench, especially in view of past disclosures concerning the activities and associations of former Supreme Court Justice Abe Fortas. But there is a difference between careful scrutiny and an unconscionable smear, and the latter is the treatment that Senate liberals reserved for Justice Clement F. Haynsworth, Jr., President Nixon's second appointee to the U. S. Supreme Court.

Judge Haynsworth, who has been on the Fourth U.S. Circuit of Appeals for 12 years, is noted for his integrity and dignity. He proved the former and displayed the latter during the long and often ugly hearings in which he was abused.

The abuse directed at Judge Haynsworth was only partly directed at the man himself. As the judge no doubt understood, his critics in and out of the Senate were really trying to hit at the region where he was raised and, beyond that, at the type of distinguished, fair-minded, successful man he is.

Judge Haynsworth is a model of the type of American who has built up and maintained the traditions of the American judiciary at its best. He is a man of manners and good breeding, calm and restrained in his judgments, an accomplished lawyer, a success in private business -- in short, respectable, dignified and not given to participating in rough and tumble political crusades. This is the type of man good citizens should want on the Supreme Court of the United States. This is the type of man who hasn't been favored in recent years.

The opponents of Judge Haynsworth were enraged because they weren't getting another rigidminded political partisan to succeed Abe Fortas.

The union leaders and militants have had their way for years. They saw the Warren Court packed with men who were personally committed to political dogmas and specific protest organizations, Big Unionism and the advocates of social revolution don't want judges on the Supreme Court; they want advocates of liberal causes. For too long they have had their way.

The unions got their man on the court when Arthur Goldberg, former special counsel of the AFL-CIO, was appointed to the Supreme Court. The NAACP got its political

reward when Thurgood Marshall counsel, received a place on highest judicial body.

The activist judges brought Court into disrepute. American saw in the Warren Court a police those forces attempting a mass reconstruction of the United States President Nixon sought out men serve on the Supreme Court a partisans. The liberals weren't the President's nomination of J Burger as Chief Justice, but feel themselves strong enough to

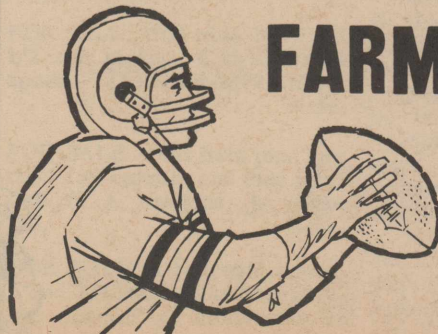

In the case of Judge Haynsworth liberals decided they could hang regional background--the fact of Southerner. It seems that a liberal someone for almost anything a Southerner who hasn't turned his South and on the U. S. Constitution

The liberals further concluded could use against the judge the fact a man who had shown ability in business dealings, as though such crime and not a sign of achievement

The people in this country will destroy free enterprise and government hate the Haynsworth land, the men who have real a to their credit and who have men in life.

It is not hard to imagine a country we would have if all judges were men drawn from the rank propagandists and militant agitators --and men of proven personal substance were excluded judiciary. The free enterprise system meet a sudden death in the that, of course is one of the chief the New Left agitators and their sympathizers in the Congressional news media.

What really lies behind the Judge Haynsworth is hatred of talism system and of the constitution that nourishes it for the benefit generations. Judge Haynsworth convenient target for those determined to prevent the federal returning to the strict impartial founding fathers intended the court uphold and practice.

In the fourth quarter things really got going as Amherst fumbled the ball on their own 30 yard line. The Horns took the ball from there and with second down and two on the 22, Harold Bennett threw a T. D. pass to Donnie Black. The extra points were good and Hart led 23-0.

The Bulldogs found they could not run against the fine Horn defense, so they decided to try to score via the air route. But Jerry Heller stopped it with a pass interception and the Horns were in business again. This time Johnny Ethridge got in the act as he scampered into paydirt from the 10 yard line. The try for the point after was no good, but Hart led 29-0.

Amherst could get nowhere on the ground again so the Bulldogs decided to try to pass

again. This time it was Andy Rogers who intercepted the pass. He ran the ball back down to the Bulldog 25. With Jerry Heller directing the team the Horns moved on down to the 15. With the ball on the 15, Heller threw a beautiful touch-down pass to Johnny Ethridge. The kick for the extra points was good and Hart led 36-0.

Amherst's next drive led to disaster again as Quincy Hawkins picked off another pass. But the Horns could get nowhere with the ball and gave it right back to the Dogs. On this last drive of the night for the Bulldogs, Eddie Moates threw a 12 yard pass to Mickey Johnson in the end zone. The try for the two extras failed and the game ended with the score Hart Longhorns 36 and Amherst Bulldogs 6.

The Hart Longhorns take on Anton at Anton Friday night at 8 p. m. for the Horn's last non-district game.

## Henry Lee Reed Celebrates Ninety-Fifth Birthday

Born in Ellis County, south of Waxhachie, in 1874, Henry Lee Reed celebrated his 95th birthday on Oct. 12. Married to Morta A. Sparkman, June 12, 1910 in Hill County, the Reeds came to the plains area in 1923.

Engaged in farming in Hale County in 1926, the family moved to Hart in 1935. Reed served as custodian for Hart schools in 1938.

Returning to Plainview to make their home from 1942 to 1965, thereafter the Reeds again moved to Hart where they presently reside in their own home.

Reed remembers, and recounts for Hart Beat readers, some events and situations of early days of the city.

Before his employment at the school, Reed worked with Farmers Grain Co. At that time a general store stood at the present location of Farmers State Bank, and the Santa Fe station was in service.

Reed remembers that in 1940 the Hubert Austins from Hollis, Okla. began operating a store in Newsom Grocery building. The post office was located where the lumber yard now stands, with a drug store directly in front of it. Jim Fuller of Olton, operated an elevator and Otto Dinwiddie was manager of Farmers Grain. The Reeds once lived in the back of the school building, which was located south of the present site of Bob's Farm Supply.

Garland Brown, sheriff of Castro county, operated from an old frame courthouse in Dimmitt. John Lilley was precinct commissioner.

In 1937, the Reeds and Mr. and Mrs. Keeton, who lived on the Dee Myrick place, travelled by wagon to Dimmitt to join in Castro County's birthday celebration.

The first car owned by the Reed family was a model T.

## Fire Insurance: A "Good Bet"?

Suppose you notice that a neighbor's children have a habit of playing with matches. Could you, if you were so inclined, take out a fire insurance policy on your neighbor's house? It would be a "good bet," because of the relatively strong chance of a fire.

But the law would not recognize such insurance, because you do not have an "insurable interest" in your neighbor's house. That is, destruction of the house would not hurt you at all. The insurance thus would be gambling, pure and simple. And, as one court said, it is "a fundamental postulate of all insurance that it must not be a mere bet."

It isn't only that the law frowns on gambling. There is another reason for requiring an insurable interest: to keep you from temptation. If you have fire insurance on a house in which you have no real stake, you might be tempted to burn it down.

Of course, you have an insurable interest in your own home. But as a rule, that interest ends when you sell the property. Take this case:

A woman sold her house, but continued to "hold over" her fire insurance. Sure enough, the house did burn down a few months later. But a court ruled that the woman could not collect on the policy.

"She suffered no loss," said the court, "because the property destroyed was not hers."

On the other hand, you may have an insurable interest in a piece of property even though you don't own it—and never did. For example:

A man took out fire insurance on a house he was occupying as a tenant under a four-year lease. When this house burned down, he demanded payment on his insurance policy—and a court upheld his claim. The judge said a leasehold, too, is a valuable property interest, an interest that fire insurance could protect.

But the tenant could collect only to the extent of his leasehold interest, not for the full value of the house. In short, fire insurance is supposed to let you come out even. It is not supposed to let you make a profit.

Ford, which used cost \$350. Original price of the car was \$800.

Reed's first vote was cast for William Jennings Bryan. A democrat, he travelled seven miles to vote at an old school house.

Recalling that 1938 produced a good grain crop, he tells that it took six men to unload a truck, the crew usually emptying three or four trucks per day.

Some of the teachers he remembers from the 1938 era were Lily Hubbard, Lena Mae Jennings, Nanny Mae Russell, and Mrs. Conrad who married Glenn Maples. Mr. Lowell served as principal.

Of the 120 students enrolled in that year two were graduated; Eldon Shive and a sister of H. H. Sullivan.

Serving the school district as trustees were Otto Dinwiddie, Frank Brown, Percy Hart, Tempel Rogers, Sam Swopes, Ray Bennett and Hubert Austin.

Mr. and Mrs. Reed have one son, Marvin of Tuskahoma, Okla.; and two daughters, Hazel Banducea, of San Jose, Calif.; and Evelyn Davis of this city. They have six grandchildren and ten great-grandchildren.

# Truck burns

By MRS. ELSIE BLACK

**THE HART** volunteer Fire Department answered a call to the Robert Hawkins farm Friday afternoon. A truck belonging to Hawkins was on fire, and the inside of the cab was a total loss.

A short in the wiring was believed to have caused the fire.

★ **CUB SCOUTS** of Den 2 met last Thursday at 3:15 at the Farmers State Bank with their den mother, Mrs. Jim Black.

Theme of programs for the Cub Scouts for October is "Buccaneers Days." Mrs. Darrell Davis talked to the boys on the swash-buckling days of Jean LaFitte, Blackbeard and others.

Buccaneers were originally English, French, Dutch and Portuguese settlers of the West Indies who were driven from their homes by the Spanish, so they united as pirate adventurers in their opposition to Spain, and preyed only on Spanish ships.

Jackie Davis told the den a folk lore story on pirates, as one of his achievements in his Bear Book.

The boys made swords such as the pirates used as their project of the week.

Refreshments were served by Mrs. Weldon Jones and Kelly.

With Fire Prevention Week now underway, the group discussed what they would do if someone were on fire, what they themselves would do if they were on fire, and what to do if their home was on fire.

★ **MRS. MYRT LOMAN's** sister, Mrs. Lucy Wheeler of Sweeny, is visiting in the Loman home.

Hart High School seniors sponsored a car wash Saturday at the three service stations in Hart. Seniors picked up and delivered the cars. Leon Kendall and Thomas Gregory are sponsors of the senior class. Proceeds of the car wash will go for expenses such as the senior trip.

★ **THE ZEALOT CLUB** has set a rummage sale for Oct. 17 and 18, Mrs. Shirley McLain, president, announced. It will be downtown in the former Newsom Grocery building.

If anyone has some used clothing to donate, call one of the Zealot Club members. Proceeds will go on a scholarship for a selected student of Hart High School. The club also helps the classrooms in Hart Elementary School at Christmas, when there is no one to help with their parties.

★ **OCT. 5 through 11** is Fire Prevention Week.

What should be done if someone catches on fire?

Usually a person panics and starts to run. Stop him! If he can be caught, force him to the ground or floor. Roll him over and over and smother the flames, using a rug or blanket if available. If your own clothing catches fire, start with the neck and work down or throw yourself on the ground, rolling over and over. Cover your face. As soon as you can, get treatment by a doctor.

What should you do if your house catches on fire? First, get everyone out of the house. Don't try to put the fire out yourself, unless it is a very small one. Call the fire department.

The safety of your home depends on the way things are done. Accidents are not just things that happen to people, they are things that people make happen. Practice home safety by keeping stairways, store rooms, attic, closets or basement clear of fire and accident

# WHAT A COMPUTER CAN'T DO

Scriptures selected by  
the American Bible Society

<b>Sunday</b> Micah 6:1-8	<b>Monday</b> Jonah 1:1-16
<b>Tuesday</b> Jonah 1:17	<b>Wednesday</b> Jonah 3:1-9
<b>Thursday</b> Jonah 3:10	<b>Friday</b> Habakkuk 1:1-13
<b>Saturday</b> Habakkuk 2:1-20	

We'd be lost, wouldn't we, if suddenly computers were withdrawn from our daily life? We have become dependent on them to schedule airplane flights, point out scholastic aptitudes and aid the Internal Revenue Service in checking income tax returns.

But there are things a computer can't do. It can't make a home a better home or a man a better man. A computer can't heal sorrows and disappointments. It can swallow up a lot of statistics and clank out a lot of conclusions, but it can't direct a man to God's love.

As today's world is run more and more by automation, we need the help of the Church to guide us in the spiritual realm of life. We need to experience God's great love for all men. In our mechanical world, only the Church can help us find God's love.
