Joy Riding Banned By McKinney Klan

McKinney, Sept. 18.—The second communication from the McKinney Klan No. 120, Knights of Ku Klux Klan, was received by a newspaper here Saturday by a messenger.

The communication contained four typewritten pages, referring principally to so-called "joy riding" of McKinney automobiles. The Klan claims to have the names and numbers of 20 McKinney automobilists who are known to take long slow drives on the country roads here with girls without chapters of the law in practice. Able walking the streets and secure employment law will be the communication. The Klan claimed certain responsible persons were called in to stop the Klan in stopping its practice. Persons accomplished communication received contained Charity or-

"Too Much Sacrifice" Puts Out Legislator

Austin, Sept. 18.—J. G. Marshall, a member of the Lower House of the Thirty-Seventh Legislature, tendered his resignation to Governor Neff. In presenting his resignation, Representative Marshall stated that serving in the legislature "was too much of a sacrifice of personal affairs for the service rendered the State."

His district consists of Hardeman, Foard and Knox counties. The Governor accepted the resignation.

The First Baptist church of this city has made a noble step forward in planning to build a pastor's home and going on full time. Committees are out for solicitation of funds, and the latest report seems quite encouraging.

LETTER OF EXPLANATION

Stamford Chamber of Com.
Stamford, Texas,
Sept. 17, 1921.
Mr. J. H. Payne,
Bryant-Payne Co.
Knox City, Texas.

Upon my return home from the Stamford trade excursion and at the first possible moment I checked up to see how it happened that notice was not given to Knox City. As represented by you no notice was given of the change in the itinerary of the Stamford trade excursion.

As stated to you in person and in public the original itinerary was to visit Knox City on Tuesday, Sept. 13th. You will recall that on Monday we had a downpour of rain. Our friends Munday and Weinert called us by long distance phone Monday afternoon and advised that it would be impossible to make the trip as outlined on account of the torrential rains in that section.

A hasty meeting of the committee was called and it was decided to make the trip to your section Thursday, instead of Tuesday, and we accordingly departed on Thursday. The report that it was someone's fault is incorrect.

New School Paper By Senior Class

"The Greyhound" is the big name of the new school paper to become a factor in the local affairs of this city about Oct. 1st. This enterprise is vouched for by the senior class of Knox City High School, but will be a product of the students as a whole. This is a worthy move and the promoters should have full cooperation of the business men who will be called on for advertising, and the public generally who will be solicited for subscription. The Journal will do the printing and it will be neat, topographically and well edited. In an earnest of good wishes the writer was the first subscriber for the baby paper!

The Happy Hour Theatre will present the following pleasing program Friday evening, Sept. 23d: feature film "Better Times" a comedy entitled "Herself Com-mender," and a scenic under the title of "Just Over Yonder." Then on Saturday evening Mary Miles Minter will star in that beautiful setting "Sweet Lavender." The evenings being longer and cooler now, the theatre will afford a pleasant hour for all who can attend.

Today we will be in Thursday, about 10 o'clock. We hope to have the pleasure of meeting many of your people upon this occasion.

This was stated by the Chamber of Commerce and in the notice that was sent to your town the place was filled to read "11 o'clock," and went to the postmaster, First National Bank and to the superintendent of the public schools. You should have been notified by telephone perhaps, but in the quick time and hurry this was overlooked, for which due apology is made. I am sure that if you will inquire of the gentlemen named you will ascertain they received letters in line with the above.

We regret also that the party was late on its arrival in Knox City, and this was due to the long trip of that day. We started at Spur, and traveled direct to O'Brien for the first stop. As I stated in my short talk that I made on the street of your city our object was first, to gather inspiration from our neighbors; second, to extend our acquaintance; third, to invite our neighbors to the style show given on Sept. 16; and fourth, to cement as far as possible friendships that should exist between our towns in Central West Texas. We were not soliciting business—in fact, at each town visited the speaker stated emphatically that Stamford merchants felt that the citizens of the respective towns should patronize their own merchants first, and if they could not supply their wants then Stamford was ready to make offerings along that line.

I might add that in each town we visited we were received in the most cordial spirit and we are highly pleased with the results. We traveled through seven counties, twenty odd towns, covering a distance of more than four hundred miles.

I am writing this letter because I feel like in justice to our party that an explanation is due. Also to explain fully just how this change in the schedule came about. We appreciate our friends in Knox City and trust that our friendship will grow. And in any matters that are for the general development of this section of the State, Stamford stands anxious to cooperate to the fullest extent. Yours very truly,
Stamford Chamber of Commerce,
By Homer D. Wade,
Secretary.

The Goree Advocate is a good live clean up-to-date paper that bristles with business, if pages of ads be taken as a criterion. It most makes this editor's big mouth water. How is it in a town no larger than Goree that such a creditable paper can be published? Is it a rebuke to the merchants of Knox City or to the editors of The Journal— which? Tell us, Mr. Advocate, how you do it?

The Crawford Advance is an exchange that makes an appreciated visit to our table each week, and this leads us to say that as a printer-journalist I have gone and worked in various sections of Texas on papers but invariably Crawford Advance was there too. It is a clean, a well gotten up, neatly printed paper and deserves a home.

Oct. 1st is the time set for a raise in Knox City Journal subscription. The price will be \$1.50 for a year, only 3 cents a paper.

Mrs. M. A. Hoge of Throckmorton is visiting her son C. C. Hoge.

MR. AND MRS.--- THE HOME PAPER

What wonderful thoughts come up when these two abbreviations are printed in a news item—what intense human interest these portray.

In the country weekly paper they take the one big place in all news items, from the simple visit to relatives, to the larger matters of human life.

"Mr. and Mrs."—the great news item of the universe, the bringer of recollections to the man far from home, who takes his old home town paper, and reads the items of Mr. and Mrs. and lets his mind wander back to the days when he knew the Mr. and Mrs. in knee pants and shall we say short skirts.

It's the home town paper where the real Mr. and Mrs. news items occur—and to receive the home town paper week in week out is to know the happenings of the world through the eyes of Mr. and Mrs.

If you don't take the home paper, subscribe; if you do take it, renew today.—The Crawford Advance.

The above editorial from a paper near the center of Texas strikes a chord that reaches very near the center of this printer-editor's heart! "Mr. and Mrs." and the Home Paper!

What intense human interest

truly clusters about this couplet above, and we now have a text that most forces us to preach a lay sermon!

The first Mr. and Mrs. had no home paper to announce their arrival. Just all creation sang in harmony on that morning of joy when one lone Mr. Adam took unto himself the lone Miss Eve and they twain became one flesh.

But the event was no less recorded in Holy Writ, the only medium of sacred intelligence since "In the Beginning!"

Yet it was a happy event though they did not "live happy ever after." Mr. and Mrs. Adam were the whole cheese and they knew it. What cared they about a Home Paper!

But as the family grew down the ages and scattered about over the earth, and letterwriting became a little slow and stale, someone started The Jerusalem Jots, and we have had the more or less important happenings of the Mr. and Mrs. recorded and circulated ever since!

So, speaking of Home Papers they can no more live alone than could the first couple. Mr. and Mrs. Adam were told "to be fruitful and multiply." So they got busy; Mr. Adam he began

dig in the earth and sweat his face and Mrs. Adam she learned the multiplication table and began to do the family chores till the earth was replenished, and we have been "replenishing" and recording events ever since!

Well, what of it all anyway? why the Home Paper?

I say to you, publishing is as important as progeny. If we are going to continue to do the multiplying and replenishing stunt we must continue to have Home Papers so that not only will homefolks and the generations about be informed of the doings of the present Mr. and Mrs. but the papers would record facts and fancies that will be read with relish a hundred years hence, and the future Mr. and Mrs. will find some pointers as to how to "multiply and replenish" till kingdom come!

In the meantime and to this end, send in your subscriptions to The Southwestern Journal or renew your subscriptions and help us boost for the best town in this section—Knox City!

Speaking of fairs and things, but don't overlook West Texas and Abilene fair at Abilene for a few days and nights. Right in Knox City and County representative exhibit. Monday. Go some.

The New Edison brings the artist's real voice to you, no matter where you live.

More Than Mere Entertainment

When you buy a New Edison—you get more than the best entertainment. You get cultural training and a musical education. You get the real perform-

ances of great artists. You get opera just as you would hear it at the Metropolitan, Paris Opera, Coventry Garden or Milan, and now

You Also Get Mood Music

which helps you control your mental and physical well being. Mood Music soothes you when you are nervous. Refreshes you when tired. Cheers you when sad. Mood Music is described in a booklet which classifies over 100 selections under

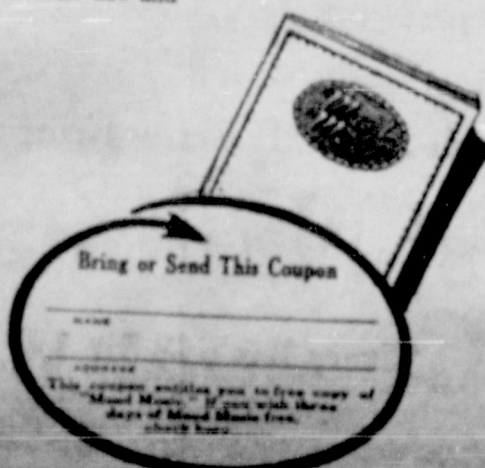

headings such as—"To Make You Joyous"—"To Bring You Peace of Mind"—"For More Energy", etc. Fill out the coupon and begin using music in this new and helpful way.

About Mood Music

Mood Music is the result of a two year research by Mr. Edison into the effects of music. The psychological work was under the direction of Dr. W. V. Bingham, Director of Applied Psychology, Carnegie Institute of Technology, and other psychologists. The remarkable discoveries, which they made through countless experiments, are now in booklet form for your practical use.

If you do not own a New Edison, we will gladly loan you one for three days—so you can discover what Mood Music and the wonderful New Edison will do for you.
