At Community Center... Scouts Rummage Sale Set For This Saturday

The Munday Girl Scouts are sponsoring a Rummage Sale this Saturday, April 4, from 10:00 a.m. until 6:00 p.m. at the Perry Patton Community Center.

Door prizes will be given away, and prices on selected items will be reduced hourly. There should be a wide variety of items to choose from, so come on by and check out the selections.

If you have any items you wish to donate to the sale, please contact Jessie Mae Johnson at 422-4220 or Lynn Fitzgerald at 422-4540 or 422-4691. Arrangements will be made for all donations to be picked up at your convenience. Donations will be accepted until time for the sale to begin.

Chamber To Host Volleyball Tourney This Weekend

Get ready for some action-packed entertainment this weekend as the Munday Chamber of Commerce hosts a two-day volleyball tournament at the Elementary gym. Games will get underway at 6:00 p.m. Friday and again at 7:00 a.m. Saturday. Ten teams are scheduled to appear in the tourney, with tee-shirts to be awarded to winning teams.

A concession stand will be available both days, featuring nachos, french fries, soft drinks, iced tea, brownies and Rice Krispie treats, as well as daily specials. On Friday, stop by and treat your tastebuds to crispy, delicious fried chicken or a tuna salad sandwich. Saturday's specials include doughnuts, fried chicken, hamburgers and mini-pecan pies.

Come on by and enjoy the fun! Admission to the games is free and the public is welcome to attend.

Commodities To Be Distributed Tuesday

The Aspermont Small Business Development Center, Inc. will distribute USDA Surplus Commodities on Tuesday, April 7, at the following times and locations: Knox City - 8:30-9:15 a.m. for those 60 and over; 9:15-10:00 a.m. for those 59 and under, both at the old building across the street from City Hall; Benjamin - 9:30-10:30 a.m. at the Knox County Courthouse; Truscott - 9:00-9:30 a.m. at the Truscott Community Center; Gilliland - 9:45-10:15 a.m. at the Gilliland Community Center; Vera - 10:45-11:15 a.m. at the Vera Community Center; Goree - 1:30-2:15 p.m. at the Goree Community Center; Munday - 3:00-4:00 p.m. at the Perry Patton Community Center.

Local Lady Golfers To Meet Thursday

Attention! Calling all lady golfers in the Munday area!

There will be a meeting for female golfers at Lake Creek Golf Course Thursday, April 2, at 6:00 p.m. All ladies interested in playing golf are encouraged to attend.

WINNING THE FIRST GOLF SCRAMBLE of the season is fun! So say, Belle Grill, Stacia Cook, W.O. (Bully) Ratliff and Troy Nuckols, who shot a low score of 59 to take the win at Sunday's Scramble. There was a playoff for second place, with the team of Jack Nuckols, Richie Smith, Nancy Whittemore and Felton Jackson winning over Mary Smith, George Cotton, Jimmy Cooke and Barbara Ratliff. Both teams scored 65.

Church Of Christ To Host "Healing the Heart" Seminar

The Munday Church of Christ has scheduled a second "Healing the Heart" seminar for Sunday, April 12. The purpose of the seminar is to help people cope with emotional and spiritual losses in their lives.

Speaker for the all day event will be Robert Dodson of the Birdville Church of Christ in Fort Worth. Along with being a pulpit preacher, Dodson is active in ministerial counseling.

The seminar is the brainchild of Dr. Larry Fitzgerald, minister of the Munday church, who developed the idea for the event after losing his brother less than two years ago. His brother died of undetected heart disease at the age of 34.

"So many people are facing disappointment and grief due to various types of loss," Dodson said. "Many have lost friends or relatives. Also, many have lost their jobs or marriages."

Often, the problems are compounded when someone betrays or abandons you," Fitzgerald added. "We want people to know that it's O.K. to grieve and how to obtain God's special comfort."

Last year's "Healing the Heart" seminar set an attendance record in the congregation's recent his-

"Easter Eggcitement" Planned For April 18

"Easter Eggcitement" is in the air! With the upcoming Easter holidays just around the corner, the Munday Chamber of Commerce is planning a day of "Easter Eggcitement" Saturday, April 18.

On that day, local merchants will join in the celebration with sidewalk sales featuring lots of great bargains. There will be all kinds of games and activities taking place, too. Plans are being made for an Easter pet parade, a

Madhatters contest and an Easter egg hunt.

Booths will also be set up outdoors for local artists to display and sell their arts and crafts. Booth spaces are available for only \$10.

To reserve your space, contact Lynn Fitzgerald at the Chamber office by Wednesday, April 15.

"Easter Eggcitement" offers something for everyone. All in all, it sounds like a day to bring the family to town, relax and enjoy the festivities!

PCA Stockholders Meetings Scheduled

Rolling Plains Production Credit Association's 58th Annual Stockholders meetings will be held Thursday evening, April 2, in Childress, and Friday evening, April 3, in Stamford. The City Auditorium will be the site of the Childress session, and the high school cafeteria located east of the school will be the Stamford meeting location. Registration and the meal will begin at 6:00 p.m. at both sessions.

During the short business meeting to be conducted, three directors representing the Munday, Childress and Stamford Branch Offices will be elected. Nominees for these positions are: Garon B. Tidwell of Munday and Ed G. Murphy of Weinert for the Munday area; Dan Henard, Jr. of Wellington and Paul W. Bryant of Tell for the Childress area; and Keith Corzine of Sagerton and Spencer Ford of Hamlin for the Stamford area. Drawings will also be held from member's registration cards until a total of \$250 in cash is awarded.

Entertainment at both sessions will be provided by the vocal duo, "Just Friends", composed of Cindy Nix and Donna Fowler. Nix and Fowler truly are "just friends", and that friendship has led them across the Southwest as they have entertained a large variety of audiences for the past ten years. They have entertained at events such as banquets, conventions, political gatherings, reunions, or any time folks get together for a good time. Their versatile style of music includes current hits, golden oldies, coun-

It's About Time To Spring Forward!

Feel like it's time for a change? Well, how about a change in the time?!!

The onset of spring brings back that old favorite... Daylight Savings Time. This Sunday, April 5, marks the beginning of that "extra" hour of sunshine, allowing everyone to take full advantage of the daylight hours!

Be sure to set your clocks one hour ahead ("Spring Forward") this Saturday night before you retire... otherwise you'll be an hour late for church Sunday morning.

Daylight Savings Time isn't all that bad... you may be losing an hour of sleep to begin with, but you'll be gaining an extra hour of "fun in the sun" everyday.

try and western favorites, patriotic selections or whatever the occasion demands. Donna Fowler is an Air Personality and Sales Manager at KSNY Radio in Snyder, and Cindy Nix, a noted singer in her own right, serves as secretary for the Scurry County Department of Health.

Rolling Plains PCA is one of 17 member-owned Production Credit Associations in the Tenth District which includes three PCAs in New Mexico. Collectively they serve approximately 13,000 of the region's agricultural producers. At 1991 year's end, the Tenth District had some \$3.6 billion outstanding in loans. Rolling Plains PCA is part of the nationwide Farm Credit System providing over \$51 billion in loans to America's farmers, ranchers and ag-related businesses.

Scout Leaders Honored At Area Meeting

Laura Stovall and Jessie Mae Johnson, local Girl Scout leaders, were among those honored at the NorCenTex Girl Scout Council's annual meeting held Monday, March 30, in Wichita Falls.

Mrs. Stovall received the Outstanding Volunteer Award for her outstanding service beyond the expectations of the position that benefits the service unit. She was also presented the Leadership Development pin for attending training modules.

Mrs. Johnson, local cookie sales manager, was honored for her recent work in the Girl Scout cookie sales.

Everyone Invited!... Fish Dinner Set For This Sunday

Don't forget the Fish Dinner planned for this Sunday, April 5, at the high school cafeteria from 11:00 a.m. until 2:00 p.m. The meal, sponsored by the Munday Band Boosters, will feature golden fried fish fillets, hushpuppies, beans, potato salad, homemade desserts and iced tea.

Tickets, purchased at the door, will be \$5 for adults and \$3 for children. Take-out plates will be available for \$5.

Come and enjoy the delicious meal and the friendly fellowship. Proceeds will go to benefit the Munday Schools band program.

Knox County Child Welfare Board Meets In Munday

(Following are the unapproved minutes of the March meeting of the Knox County Child Welfare Board.)

The Knox County Child Welfare Board met March 24, 1992, in Munday. The meeting was called to order by President Rob Harrison. Present were Lynward Wilcox, Judy Perdue, Judy Burnett, Barbara Ratliff, Barbara Zeissel, Brenda Trainham, Debbie Sosolik, Dixie Elliott, Jessie Roberts, Debbie Welborn and Linda Haynes.

Rob Harrison advised it was time again to pay Buckner's Ranch for clothing for a child we have residing there.

Harrison advised that we needed to pay a bill totaling \$98 to City Motel in Knox City. This is payment for a family that had to stay in the motel for several days. Judy Burnett moved the bill be paid; seconded by Lynward Wilcox; the motion carried.

Rob Harrison advised that a bill for \$94 was owed to the Knox County Hospital for a required drug screening of a Munday resident. Judy Perdue moved the bill be paid out of Munday's funds; seconded by Jessie Roberts; the motion carried.

Harrison advised that he had spoken with Hospital Administrator Stephen Kuehler, who has agreed to do the drug screening for the cost to the hospital only - \$23 for urine testing; \$54 for blood testing. The testing is only done

when authorized by a Department case worker. A Knox City business has offered to make an annual donation to the Board for the cost incurred during the year for these tests.

Harrison asked each local treasurer to please check with the Department before issuing cash to someone making a request, to avoid possible duplication of monies.

The Regional Child Welfare Council Directory lists each Board and its meeting dates. In order to accurately report our meeting dates, the board agreed to meet the fourth Tuesday of each month at 6:30 p.m., meeting in Knox City the even months and Munday the odd months.

Barbara Zeissel is checking on the pictures taken at the 1991 picnic.

The next meeting of the Regional Child Welfare Council will be May 18 in Abilene. Judy Perdue will attend.

Rob Harrison advised that the minutes of each board meeting will be distributed to each member, as well as placed in both County newspapers. In addition, donations made to the board will also be put in the newspapers.

An updated report of the bank balances was given: Munday, \$3,065.00, with \$160 spent in 3/92; Knox City, \$2,041.00, with \$54 spent in 3/92.

The Annual Fish Fry, set for April 12 at Copper Breaks State Park, was discussed.

Barbara Ratliff reported that the Girl Scouts in Munday would be doing their annual canned food drive in April. The food will be given to the Board for distribution to the elderly and those in need. Judy Perdue advised that the same would occur in Knox City.

April is "Child Abuse Prevention Awareness Month". Judy Perdue will check with County Judge David Perdue for presentation of a County proclamation.

Linda Haynes discussed presenting an Orientation Program to our new members at the April 28th meeting. All were in agreement. Linda distributed handbooks to all members.

There being no further business, the meeting adjourned.

Visiting Frankie Ponder last week was her daughter, Phyllis Dunn of Moore, Oklahoma. Phyllis took her mother to Lubbock for an eye exam. They visited her sister, Mrs. Hettie Dutton, and daughters, Anna Onley and Linda Dutton, while there.

Over the weekend, Felton and Tommie Raynes visited their mothers, Mrs. Frankie Ponder and Mrs. Eunice Raynes.

Services Held For Myrtle Decker, 78

Myrtle Decker, 78, passed away Monday, March 30, in a Haskell nursing home.

Graveside services were conducted Wednesday, April 1, in Willow Cemetery in Haskell with Dr. Pete Bradfield, pastor of the First Baptist Church in Munday, officiating. Arrangements were under the direction of McCauley-Smith Funeral Home of Munday.

Mrs. Decker was born April 20, 1913, in Denton. A former resident of Rule, she moved to Wichita Falls in 1964 and to Munday in 1969. She was a homemaker and a member of the First United Methodist Church of Rule. She and Jack Riley Decker were married June 13, 1931, in Frederick, Oklahoma. He preceded her in death in 1963.

Survivors include a son, Jerry J. Decker of Munday; a sister, Laura Mae Boyd of Rule; two grandchildren and two great-grandchildren.

Mike and Deborah Garland of Alexandria, Louisiana, are proud to announce the arrival of their son, Michael Joseph. Little "Joey" was born March 21, 1992, in Huey Long Hospital in Pineville, Louisiana. He weighed in at 7 lbs., 13 oz. and measured 20 inches in length.

Joey's maternal grandparents are Bernard and Frances Brown of Rhineland, while Michael and Janice Garland of Alexandria are his paternal grandparents. He is also blessed with two great-grandmothers, Vlasta Orsak of Rhineland and Lucy Clark of Haskell.

RETIRING DIRECTORS from the Knox County Child Welfare Board were recently honored for their years of service. Shown above are Bertha Driver, who was recognized for nine years of service, and Barbara Pratt, who was honored for three years of service to the organization.

Healing the Heart

part two

Speaker: Robert Dodson, Ft. Worth

Perhaps two of the most important words in our language are: "God cares." Robert will bring us four special messages to heal our hearts when:

A loved one disappoints or betrays you . . .

When you've lost your job . . .

When you're suffering . . .

When fear, doubt, worry or failure has marred your life . . .

When you've lost a loved one . . .

Or when you've lost your health.

Robert will bring us God's special heart-healing messages because God cares.

SUPER SUNDAY SCHEDULE - APRIL 12, 1992

9:30 a.m. "Let this cup pass"
God cares when we suffer

10:30 a.m. (worship) "Let not your hearts be troubled"
God cares about our fear, worry, doubt and failure

NOON: Pot Luck luncheon and fellowship

1:30 p.m. "God cares when the roof caves in"
Facing loss and discouragement

6:00 p.m. (worship) "Healing the heart of the nation"
God's prescription for healing our country

Please mark your calendars and invite a friend to this special meeting. All are welcome regardless of religious affiliation.

MHS Students Named To Zone All-Star Play Cast

Heather King and Jai Reed, members of the MHS production "Beauty and the Beast", were named to the All-Star Cast at the South Zone UIL One-Act Play contest last Thursday in Knox City. Heather, the daughter of Donnie and Dena King, is a sophomore at MHS, while Jai, the son of Floyd and Phyllis Reed, is a junior.

Others named to the All-Star Cast were Dana Whitaker of Throckmorton; Jeremy Rosen-cranz, Kim Chambers and Byron Waldrip, all of Knox City; and Marty Vahlen and Stacy Ray of Aspermont.

Andrea Longan, sophomore daughter of Bill and Karen Lon-

gan, and Ronnie Whitfield, junior son of Rodney and Marilyn Bennett, were selected to the Honorable Mention Cast at the performance.

Other Honorable Mention Cast members were Mandy Payne, Robert Underwood and Feliz Navarro of Throckmorton; Shelly Balis and Keith Swink of Knox City; and Lara Lott of Aspermont.

Plays presented at the Zone Competition were: "The Dancers" by Aspermont; "Exit the Body" by Knox City; "Beauty and the Beast" by Munday; and "Cheaper By The Dozen" by Throckmorton. Of the four schools competing, Throckmorton and Knox City will advance to the district competition this Thursday, April 2, at 4:00 p.m. in the Munday High School auditorium. The public is welcome to attend. However, please be sure to take your seat before a play begins, as no one will be admitted while a play is in progress.

Hajek And Williams Honored By State Bar

Scores of attorneys throughout Texas were honored in Austin recently for far exceeding their standard requirement of 15 hours per year in continuing education. The College of the State Bar of Texas recognized 3,164 lawyers who have completed 80 or more hours of continuing legal education (CLE) in a three-year period.

Attorneys from this area who were recognized for achieving or maintaining membership in the State Bar College include Judge David W. Hajek and Chad Williams, both of Seymour. Once inducted into the college, attorneys must complete 30 hours of CLE each year to maintain their membership in the prestigious group.

Social Security HIV Rules Benefit Women And Children Applicants

By Patty Brandt, Social Security Representative in Vernon

Social Security recognizes that HIV -- the virus that causes AIDS -- can develop differently in women and children than in men. Our agency has published proposed regulations and also issued new operating guidelines that we are now using to assess all HIV cases, including those for women and children with HIV infection. The new criteria lists certain gender-specific manifestations of

HIV infection -- such as gynecological cancers and infections -- that we consider in evaluating a woman's disability claim. In addition, the new guidelines note that the course of HIV disease in children is also different from that in adults, and contain a specific list of criteria severe enough to prevent a child from functioning the way that a healthy child of the same age would.

This is the first time that we have provided such a list for HIV-infected children. Our evaluation of claims filed by women and children with HIV is not limited to the criteria on the list. All claims are afforded the appropriate steps in the disability decision-making process. We consider all evidence relevant to a woman's or child's claim, not just evidence of HIV-infection we have included in our guidelines.

This is important because it means that all Social Security disability claimants with HIV infection are evaluated under the most up-to-date medical criteria. And their claims can be approved faster, and payments made more quickly, once all other eligibility factors are met.

Latest statistics show that approximately 10% of Social Security claimants with HIV infection are women -- and this percentage is expected to rise in the future.

More than 2,000 cases of AIDS have been reported in children under 13 years old. Most of these children acquired the disease before birth from their mothers, who were infected with HIV. The number of children with HIV infection is, unfortunately, also expected to rise.

Social Security administers two separate programs that pay benefits to people disabled as a result of HIV infection -- the Social Security Disability Insurance (SSDI) program, and the Supplemental Security Income (SSI) program. Under both programs, applicants must meet the definition of disability in Social Security law -- basically, for adults, the inability to work because of medical impairments that are expected to last at least one year or to result in death. For children to be found disabled, they must have an impairment(s) of comparable severity.

SSI makes monthly payments

to people with disabilities, including children, whose income and assets are below a certain level.

Social Security's proposed rules also significantly expand the authority of SSA field offices to presume a person is disabled and make immediate payments to SSI claimants when it is confirmed that the impairment due to HIV infection is severe enough to keep the person from working. These payments can continue for up to six months while the formal disability determination process takes place.

If you would like more information about what Social Security can do to help HIV-infected individuals -- and how specific changes are being made regarding women and children with HIV infection -- contact our office at (817) 553-1832.

ATVs with engine sizes of 90cc or greater are recommended for use only by those age 16 years and older. Yamaha recommends that all ATV riders take an approved training course. For safety and training information, see your dealer or call the ATV Safety Institute at 1-800-447-4700. ATVs can be hazardous to operate. For your safety: always wear a helmet, eye protection and protective clothing; never ride on paved surfaces or public roads; never carry passengers; never engage in stunt riding; riding and alcohol/drugs don't mix; avoid excessive speed; and be particularly careful on difficult terrain.

Tons Of Waste Pesticides Collected Across The State

Farmers and ranchers from 60 Texas counties braved long lines and rainy weather in February and March to turn in more than 197 tons (394,000 pounds) of agricultural waste pesticides during the Second Texas Waste Pesticide Collection Program.

The Texas Water Commission, the Texas Department of Agriculture and the Texas Agricultural Extension Service sponsored the four collection days in Edna on February 24, Elsa on February 27, Munday on March 2 and O'Donnell on March 5. More than

270 private pesticide applicators representing approximately 800 Texas farms and ranches participated in the free, no-questions asked collection program.

About 10,000 clean, properly-rinsed metal and plastic pesticide containers also were turned in. The containers, which were collected by the state's contractor, SCT Environmental, Inc., will be used exclusively for the manufacture of recycled pesticide containers.

According to Diane Wilcox, TWC project manager, a variety

of obsolete and unusable waste pesticides were collected, including 23 tons of arsenic chemicals, many which were banned from use during the 1980's. Farmers and ranchers also turned in approximately 8 tons of parathions, including ethyl parathion, a chemical banned from use in 1991; 3.9 tons of DDT, canceled from use in 1972; and 2.5 tons of chlordane, banned from use in 1990.

"This collection offered farmers and ranchers a rare opportunity to dispose of these hazardous waste pesticides," said Wilcox. "The majority of these farmers turned in pesticides inherited from their fathers and grandfathers, pesticides that have been banned from use for decades. These collections allowed farmers to get rid of these chemicals in a safe manner, and in turn, ultimately protect the water resources and environment in their community."

The waste chemicals were examined at the collection sites by the state's contractor, Chemical Waste Management, Inc., Baytown Technical Services, before being packaged for transport to the company's permitted hazardous waste disposal facilities.

Three other Texas industries, in addition to Chemical Waste Management, Inc., also will provide disposal services. Texas Ecologists, Inc., a subsidiary of US Ecology, Inc., will provide free disposal until May 8, 1992, at their permitted hazardous waste landfill in Robstown. Dow Chemical Texas Operations has agreed to destroy 850 drums, or 85,000 pounds, of the waste at its incinerator unit in Freeport, and products bearing Dupont labels will be disposed of at the Dupont's Sabine River Works facility in Orange. Representatives from E.I. DuPont de Nemours and Co. collected 122, 20-gallon drums of its own products during collections in Elsa, Munday and O'Donnell.

Texas Water Commission Chairman John Hall says, "The tremendous response by our state's farmers and ranchers indicates that gram. The Texas Water Commission will continue to provide this service not only for farmers and ranchers, but for all citizens of Texas by sponsoring 50 agricultural and household hazardous waste collection programs by 1995."

Mr. and Mrs. Johnny Fields and Dink of El Paso, Brent and Amy Fields and girls of Lubbock, and Kyla Reid and girls of Abemathy visited Cotton and Marie Smith last weekend.

Benjamin News

By Mrs Gladene Green

There's very little happening in our community just now, but the last of school activities will begin here in just a few weeks. The Seniors are "busying" themselves with money-making ventures in preparation for the Senior trip to Jamaica. This weekend they sponsored an outsider's volleyball tournament. Thirteen teams were entered and a pretty good crowd was on hand to watch.

We have some friends and family of friends who have been on the sick list this week. Little Michael Barrientez, the four-year-old son of Jr. and Virginia Barrientez, spent several days in the Anson Hospital last week. On Friday, he was in Abilene to see a specialist and he's getting pretty much back to himself now. He's been a pretty uncomfortable little fellow, and we sure wish him continued progress to recovery.

Susan Cartwright's dad, E.D. Welch of Gilliland, underwent surgery in Wichita Falls Monday. He's home now and is doing o.k. We certainly wish E.D. well, too.

Henry Rogers' son, Wesley, underwent back surgery in a Plano hospital last Monday. Though uncomfortable, his surgery was a success, and he should be back to fairly normal activity soon.

Michelle Bufkin was in Vernon on Thursday for a check-up. No real problems, but had to have a little attention... she's o.k. though.

Bill Spikes continues to take radiation therapy in Wichita Falls. His treatments are not really bothering him, just making him terribly weak, as they always do.

Jack Idol is having some rough times, and his family asks your prayers in his behalf.

Wayne Young, brother of Jack and Dutch Young and Pat Benson, is seriously ill with cancer at his home in Wichita Falls.

Our co-worker, Barbara Ainsworth of Knox City, has been in Wichita General Hospital. She was released Friday, but is sure going to have to take it easy for awhile.

Judie Whitten was in Wichita Falls Monday to see her doctor and will go again tomorrow for further tests.

Darlene Benson was in Wichita Falls for a visit and check-up with her doctor. She returned home Wednesday and reports that her doctor says she's doing pretty well.

If I have missed anyone, I apologize. It's hard, sometimes, to get all in who have illnesses in their families. But anyway, you are all sent our best wishes.

ATTEND HEE-HAW

Several Benjamin-ites attended the Sagerton Hee-Haw last Thursday night. It was the 22nd year for the event which is "put-on" by the folks of the Sagerton community and surrounding area. It's a lot of good entertainment and shows what a community can do when they really try! Attending from here were Earlene Meinzer, Bea Parks, Pearl Ryder, Odessa Cox, Eunice Friday, Don and Louise Hertel, Shirley and Shari Brown and Gladene Green. (Did I miss anyone? Let me know if I did!)

The neighbor-to-neighbor drive for the American Heart Associa-

tion took in \$191.05 here in Benjamin this year. That's down a little from years past because several wanted to give to the Jump Rope For Heart campaign. That drive made \$940.29, so we were all pleased with that! It doesn't matter how we get it, as long as we do. It all goes for a great cause. Thanks to Bea Parks and Eunice Friday for helping Louise Hertel and I do the neighborhood drive. You have probably figured it out, but the grand total collected was \$1131.34.

MISPLACED TABLES

I have been asked to ask readers of this column if anyone borrowed two tables from the First Baptist Church some time ago and just neglected to return them. The ones missing are 8 feet long and are needed from time to time. If you borrowed them for any reason, it would be appreciated if you would bring them by the church and thanks very much!

MEETING PLANNED

The Ex-Students Association is having a community wide meeting on Tuesday night, April 7, at 8:00 p.m. in the Community Center for the purpose of letting everyone voice their ideas for Homecoming in June. Please plan to attend and let your opinions be known.

HERE 'N THERE

Billy Crenshaw of Savoy was here the first of the week visiting and attending to business. Anna Mae did not come this time due to illness. He said if all goes well, they plan to come back for Home-

coming. Billy left a nice contribution for the Cemetery Association while here.

Tres Pierce spent the weekend in Canyon looking over the campus of West Texas College. Tres is a senior and is about to make a decision about his college choice.

Visiting in the home of Rex and Maretha Patterson last Tuesday and attending the graveside rites for Margaret Bivens, wife of Lee Bivens, were: Johnny, Katherine and Johnny Paul Hertel, Lisa Hurst, Bill and Simone Boyd and Sonja Hamilton, all of Filmore, Oklahoma; Lorene Powers of Midland; Jimmy and Helen Green of Guthrie; Lee Bivens of Haskell; Don Lee and Patsy Bivens of Valley View; Missy, Clint and Chauncey Dora of Green River, Wyoming; Bunny and Shannon Worthington and son of Wink; and Leon and Olga Bivens of Benjamin.

Lana Caldwell of Haskell visited homefolks during the weekend. On Saturday, she and her mom, Jane Gideon, were Wichita Falls visitors.

Joe Jackson of San Francisco, California, and his daughter, Kelly, and her son of Oregon, visited Joe's aunt, Clodell Duke, one day last week.

James and Jimmie Klutts visited his parents in Leonard during the weekend. His dad, Joe, had been in the hospital a couple of days, but was home and much improved when they were there.

Rosie Brown of Trenton, Georgia, spent several days last week with her mom, Zula Conner, and her brother and sister, Bud Conner and family, and Judy Redwine and family.

Notes From The Rolling Plains

(The following continues the series of stories by noted wildlife photographer Wyman Meinzer that are furnished for your enjoyment and information as a courtesy of Penman Conoco Company.)

During the past few days, I have been pondering over the preface to my upcoming book on roadrunners. Writing an article for one publication or another is generally not too big of a job. But when one remembers that a book could be around for an unknown number of years, not to mention the fact that an intriguing preface could help in the sales of the book, that seemingly small preview becomes quite important.

It has been almost seven months since I last worked with my little piasano friends and, truthfully, I needed some rejuvenation of the spirit for writing such a significant piece. Things had been going slow for a few days when a lady here in Benjamin called and said she had spotted a roadrunner crossing her cowlot only a few minutes before. Since it was in one of her trees that I obtained so many photos last year, I rushed down to her house to see if the bird was one of our little friends from last season. Sure enough, my lady friend and her son were out in the mesquites watching a roadrunner busily looking for insects. Not knowing whether this chaparral was one of the special ones from last year, I carefully approached its hunting location. There was only one way of knowing whether this one was one of our friends. Mustering my best form, I let loose with a call I'd learned from the previous season. At first the bird seemed to ignore my presence, then, as if it suddenly had a recall of memory, it whirled toward me and came running. As the roadrunner approached my kneeling form on the new spring grasses, I knew that this was one of our little friends from a year before. I then knew my problems with the preface were over.

Inspiration ignites the soul and my soul was certainly on fire as my little feathered friend and I exchanged calls like old friends from the past.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

Tomatoes Are Very Popular In Home Gardens

Spring is here . . . or will soon be here. This depends on Old Man Weather giving us the traditional Easter cold spell.

One thing is for sure. Garden time is here and when gardening is mentioned, the thought of those "homegrown" tomatoes comes to mind.

Last week I set out tomato plants in my garden. I also provided some cover to the plants by placing hot caps on the plants to protect them from cold nights.

Now, I didn't mention any varieties, but you may be asking yourself: what varieties should I select?

The past two years, Jr. and Frances King of Knox City have grown tomato variety demonstrations. The results from last year are shown in the table below.

The Cherry King, Cherry Grand, Solar Set and Heatwave were planted on April 15, and all other plants were set out on March 11, thus varieties were less.

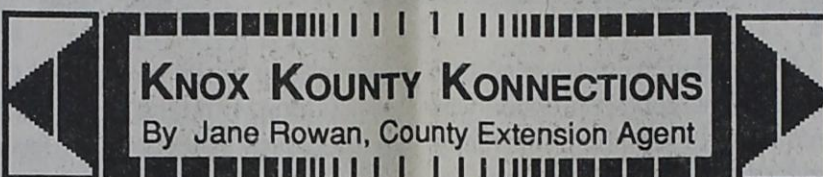

The Cherry King and Cherry Grande make large cherry tomatoes. If you haven't tried the Solar Set or Heatwave, I would urge you to try them. These two varieties are supposed to set blooms up to 100°F., where other varieties stop setting at 90°F.

Tomato Variety Yield Results

Variety	No. Of Plants	Total Pounds	Average pounds/Plant
Carnival	3	93.6	31.2
Porter - "Old Reliable"	1	23.2	23.2
Roma	2	42.2	21.1
Cherry Sweet 100	2	20.5	20.5
Celebrity	4	67.3	16.8
Cherry Grande	2	31.0	15.5
Porter's Pride	2	30.3	15.2
Heatwave	3	42.1	14.0
Solar Set	2	26.0	13.0
Cherry King	2	19.3	9.6

New Laundry Detergent

Concentrates

Good Things Come In Smaller Packages

There are exciting changes going on in the powdered laundry detergent market that are good for both consumers and the environment.

"Ultra" detergents are much more than familiar brand names with a fancy new adjective. With ultra detergents, also called superconcentrates or compacts, the same cleaning results can be achieved with small amounts. As a result, packaging is smaller and more compact. The average package for a regular detergent is 8" x 11" x 3"; for an ultra detergent, 7" x 6" x 3". Consumers benefit because these new packages are easier to carry and require less at-home storage space. Most importantly, however, everyone benefits because small packaging means less solid waste.

The process of reformulating an existing popular brand into a compact detergent is mostly a result of a fairly complex change in the manufacturing process. Most conventional powders are formulated as a slurry, then spray dried to yield low-density granules. Most compacts are also spray dried, however, conditions are adjusted to produce denser granules. Some compacts are dry mixed rather than spray dried, which also increases density. Some chemical changes, such as rebalancing a formulation's functional components, may also be required. In addition, many conventional powders include processing aids, typically sulfates, that had to be eliminated to achieve the desired density.

Higher price points reflect the fact that more detergent can be fit into a smaller package. In addition to their compact size, the packaging for most of these detergents includes convenience features such as strong plastic carrying handles, tear tapes for easy opening, reclosable lids to eliminate spilling, pour spouts, and even scoops to aid in measuring. To reap maximum benefits from these new detergents, consumers should read and follow label directions. Instead of the usual 1 to 1 1/2 cups, compacts often require as little as 1/4 to 1/2 cup of detergent per wash load.

Laundry detergents work best in warm-to-hot wash water. Consider using cold water only for washing clothes whose colors might fade or clothes that are only lightly soiled.

Benjamin Members Host March Meeting Of Retired Teachers

The Knox County Retired Teachers Association met Tuesday, March 24, at 2:30 p.m. at the Knox City Community Center with 15 members and one guest present.

After the meeting was called to order by Barbara Ratliff, president, Kenneth Roberts lead the group in prayer. During a short business meeting, two delegates were elected to attend the State Convention in Amarillo April 9 through 11.

Dorothy Myers introduced guest speaker, Erma Liles, dear friend and teacher from Weinert,

who is well-known for her musical abilities. Her unique "Texas Day" program consisted of beautiful music accompanied by bits of history. Music began with early days when Texas was colonized and concluded with the entire group singing the state song, *Texas Our Texas*. Some of the songs played included *San Antonio Rose*; *Texas Taps*; *Eyes of Texas*; *Oh, Susannah*; *Have You Been To Texas In The Spring?*; *Home On The Range*; *Deep In The Heart Of Texas*; *Dixie*; *When The Work's All Done This Fall*, and *Oh, Beautiful Texas*.

Delicious refreshments of vegetable pizza, cake, tea and coffee were served by the Benjamin members.

Vote the Logical Choice for Commissioner . . .

HERBERT BELLINGHAUSEN

★★ I urge the voters of Precinct One to look at both candidates in this Runoff Election, our qualifications, and then vote for the one you honestly feel will best serve your interests and best represent our County. The Commissioner's job requires organization and integrity, knowledge of the people and the precinct, along with common sense to deal with the business of County Government.

★★ With a budget of over 2 million dollars, the County Government faces the same financial problems as other businesses. The current economic situation requires informed, tax conscious, budget decisions that will be realistic and in the best interest of the voters of Precinct One and Knox County.

★★ As a resident of Knox City for 32 years, I know the people, the roads, and the problems of the precinct. I am experienced in running a business, meeting a payroll, buying, selling, and trading equipment and machinery.

★★ I appreciate your support in the Primary Election, and ask for your vote in the April 14th Runoff Election for County Commissioner, Precinct One.

REMEMBER: COUNTY BUSINESS IS YOUR BUSINESS

At Your Service

by Dr. Larry Fitzgerald
Minister, Munday Church of Christ

Q: My church used to teach that making the good confession was required for salvation. It is rarely mentioned now. What does the Bible say?

A: There are several confessions made in today's religious world. Most of these are inventions of men. The Bible has one confession. It is the confession that Jesus is master (Lord) of your life. There is no exact wording required by the Bible. The most famous is the Apostle Peter's: "I believe that you are the Christ, the Son of the living God" (Matthew 16:16).

The importance of the confession is seen in Romans 10:9-10. Here the Bible tells us that open

Divorce Recovery Workshop Slated

A six-week Divorce Recovery Workshop will be offered in the fellowship hall of Calvary Baptist Church in Stamford beginning Thursday, April 16, at 7:00 p.m. The workshop, designed for men and women who have experienced divorce, or who are going through divorce, is free of charge.

The six sessions include "Is This Really Happening To Me?", "Coping With Your Ex-Spouse", "Assuming New Responsibilities", "Being a Single Parent", "Finding and Experiencing Forgiveness", and "Thinking About New Relationships". Each ninety minute session will involve a video presentation by Dr. Bill Fagan, small group discussion, and fellowship over snacks.

confession of the lordship of Jesus (along with faith) saves you. Every spirit who confesses Jesus is of God, but every spirit who does not make this confession is not of God (1 John 4:2-3). In fact, to refuse to confess Christ makes a person an antichrist, according to the Bible (2 John 7). Other scriptures you might want to read are 1 John 2:23; Matthew 10:32-33; Luke 12:8-9; 2 Timothy 2:12.

I have counted 26 cases of where the New Testament records confessions of Christ. However, not all confessions save. For instance, the demons on several occasions confessed that Jesus was Christ (e.g. Matthew 8:29; Mark 1:24, etc.). Just like faith, confession alone will not save you (compare with James 2:18-19, 26).

Confession begins prior to baptism (Acts 8:37). But it is not a one time event. It continues throughout the life of a Christian (Acts 5:42). It is the confession of Jesus as Christ which is the "rock" that the church is built upon (not Peter) (Matthew 16:16-18).

The Lord's Corner

by Dr. Pete Bradford, pastor
 First Baptist Church

"Now see here - I have my rights!"

That's right! To be a servant doesn't mean you have no rights, but that you have freely GIVEN UP the rights you possess in order to benefit another. True servanthood is based on love, not coercion.

Jesus "took upon himself the form of a servant, and... humbled himself... unto death, even the death of the cross."

Is there a job in your home or office, church or community for which you would rather someone else take the responsibility - a job you think is beneath you? Instead of waiting to be served by another, take the initiative in serving as unto the Lord.

See you next week, and remember: service is a gift of love to people given in gratitude for God's gift of love to you.

Card of Thanks
 Thanks so very much to all our friends in this area for your kindness and concern shown our family in the loss of our loved one, Gary King. For all your phone calls, cards, memorials, flowers, and especially your prayers, we deeply appreciate it so much.

Hospital Board Meets In Regular Session

(Following are the minutes of the Knox County Hospital Board during their regular February meeting.)

The Knox County Hospital Board of Directors met in regular session on Thursday, February 20, in the hospital dining room. The meeting was called to order by President W.R. Baker at 7:01 p.m.

Present were: W.R. Baker, Dolan Moore, Greg Clonts, Peggy McGaughey, Stephen A. Kuehler. Absent were: Don Bunton, Benny Grill and Bernard Brown.

There was no one present for public comments.

The board considered the minutes of the regular meeting held on January 16, 1992. A motion was made by Dolan Moore and seconded by Greg Clonts to approve the minutes as presented. Motion carried unanimously.

The Board reviewed the financial statement and accounts payable for the month of January, 1992. A motion was made by Greg Clonts and seconded by Peggy McGaughey to approve the financial statement and accounts payable for the month of January. Motion carried unanimously.

Stephen Kuehler reported that the Board needed to call an elec-

tion for the places held by Don Bunton and Peggy McGaughey, whose terms will be expiring. A motion was made by Greg Clonts and seconded by Dolan Moore to call for election to be held jointly with the cities and schools on May 2, 1992, for two At-Large Directors for the Knox County Hospital Board. Motion carried unanimously.

Stephen Kuehler presented the Administrators report. He reported that he had received a letter from State Representative David Counts on the RCH Protect Program, an alternative to the Workers Compensation Assign Risk Pool. David had the program looked at by Charles Sobek with the Texas State Board of Insurance. Mr. Sobek and Mr. Counts both agreed that if managed properly, the plan looked like a good alternative.

Stephen and the Board discussed some of the equipment that the hospital is currently using and the need to replace it. The

equipment will be replaced as funds become available.

Mr. Kuehler gave the Quality Assurance Report, which was accepted.

A list of accounts to be written off and turned over for collection was reviewed by the Board. A motion was made by Greg Clonts and seconded by Peggy McGaughey, to approve the writing off of these accounts. Motion carried unanimously.

The Board considered a request from the Interim Administrator for vacation time. The Board instructed Stephen to look at the original minutes when Interim Administrator was hired and see what type of agreement was reached. The request was tabled.

Mr. Kuehler updated the Board on the 911 activities. He reported that the 911 Advisory Board met on February 12. Rob Harrison was elected to chair the committee. The committee established the number of operators needed. The committee also adopted an

employment application and will accept applications until 5:00 p.m. April 1, 1992.

The Board discussed the American Disability Act and the ramifications on the Hospital. The ADA was enacted to remove the barriers to the handicapped. The Hospital will comply with the act in future endeavors.

The Board considered a contract renewal with Dr. Aung. The Board discussed various details of the contract and instructed Stephen to come to terms with Dr. Aung as soon as possible.

A motion by Greg Clonts and seconded by Peggy McGaughey to adjourn. Meeting adjourned at 9:10 p.m.

Worship Experiences Are NOT To Be "Spectator Events"

If indeed our worship experiences are NOT to be "Spectator Events", then our experiences of Christian nature (i.e. Sunday School and other learning times) should not be either. Our times of worship can be encouraging and inspiring, therapeutic and challenging, as well as nurturing. However, the main thrust of worship is not directed toward teaching and dialogue. We need a small group setting, with opportunity for dialogue, for more in-

depth learning.

We see Jesus doing some preaching, such as the "Sermon on the Mount", and through the telling of parables, but mostly Jesus engaged in conversation with his followers as he taught them.

In our heritage as Methodist, we note that many people had conversion experiences as a result of the preaching of John Wesley and others during that great revival-era in England. John Wesley felt great compulsion to have the new converts "discipled" through small group meetings, called "class meetings", or "societies". (Already meeting in Wesley's day were "Societies of Christians", part of the disciplined life of the Moravians and others.)

The modern Sunday School can trace roots back to such small group meetings designed for nurture and discipline in the Christian "faith-walk". We need the interaction with other Christians in a learning-sharing-growing setting, and the Sunday School is one excellent way to provide for this need.

Personally, I do not feel I can stress too much the importance of the small group growth process. Sunday School is vitally important, and we really never "graduate" from this need. This is not to say that the only setting is Sunday School, but I feel it is a ready-made, even convenient, opportunity for nurture in our faith.

If you can be present this Sunday, I look forward to seeing you in study and worship!
