AGAINST CLASS AA CHAMPS

Moguls Stun Electra With Upset Victory

Over the past two high school athletic seasons in Texas, most sports fans have become familiar with the word Mogul, and have learned that the definition of the word is a Mongol warrior or conqueror. But in front of a packed stadium in Munday Friday night, the Moguls - the Munday variety, that is - rewrote the Electra Tigers' dictionary.

The reigning Class AA state champions learned that the Moguls mean blazing speed and bone-jarring defense - the two factors that combined to send the Tigers home with a 28-15 loss that was never as close as the score might indicate. Statistically close, perhaps, but not in terms of winning or losing, as Munday put the game out of reach in the second quarter.

The first time Munday got the ball, the fans sensed that an upset was in the making, as Electra made the mistake of punting the ball to speedster Anthony Stinnett, who turned the corner and raced 85 yards down the sideline to the endzone.

Band Boosters To Meet Tuesday Night

A meeting of the Munday Band Boosters has been set for 8 p.m. Tuesday, October 7, in the band hall. All band parents and other interested persons are urged to attend.

Items on the agenda include reports from the concession stand committee and from a committee to place shelves in the band hall. Other business will also be conducted.

OF ROLLING PLAINS ECONOMIC PROGRAM

Farm, Family Economy Discussed At Meeting

The yearly Rolling Plains Economic Program meeting was held Wednesday, October 1, at the Wilbarger County Auditorium in Vernon. A representative of the Chicago Board of Trade discussed ways area farmers and ranchers can use futures and options markets.

The theme for the conference was "Options for the Future for the Farm and Family." Ed Garnett and Elaine Houston, district Extension Service directors, said the conference addressed issues to help agricultural families extend their income during this time of economic pressures.

Family economics specialist Nancy Granovsky of the Texas Agricultural Extension Service examined ways to supplement family income. In a general session, Delton Gerloff, Extension management economist at Vernon, discussed what the Extension Service can do to assist families and agri-business in this economic setting.

The Rolling Plains Economic Program is a regional organization sponsored by the Texas Agricultural Extension Service to promote

economic growth and development in a 30-county area. Officers are Jim Schur of Seymour, chairman; Ken Lane of Haskell, vice-chairman; and Burt Dockery of Vernon, secretary. Chairing the six task forces are Walter Carl Taylor of Vernon, beef cattle and range; Larry Smith of Munday, cotton; Karen Riggins of Vernon, home economics; Jim Humphreys of Guthrie, horse; H.L. Ayers Jr., of Crowell, small grains; and Herb Partridge of Munday, special crops.

Before that, two penalties and the hard-hitting Mogul defense had forced Electra to get rid of the ball after making two first downs. On Munday's next drive, Stinnett hit J.B. Jones with a 23-yard pass to put the Moguls inside Electra territory, but an illegal motion penalty pushed the team back five yards, and four plays only netted seven yards, so the ball turned over on downs at the Tiger 35.

Runs by Grant Johnson and passes by Electra signal caller Rodney Bell to Chuck Cassey and Luke Kimbro took the Tigers down the field into scoring range. But a crushing tackle caused Bell to lose the ball, and Munday's Ricky Taylor pounced on it at the 22. His brother, Curtis Taylor, ran 40 yards on the next play, and seconds later Jones made it outside again and weaved in and out of tackles all the way to the goal. Instead of trying to kick the PAT, Stinnett leveled the ball to Jones for two points, and the Moguls found themselves looking at a scoreboard that read Home 14, Visitors 0.

Kimbro returned the ensuing punt 28 yards to near midfield, but the Tigers' attempt to roar back ended quickly, as the Mogul defense pushed Bell back for an eight-yard loss on fourth down. Munday took the ball at its own 44 and took just seven plays to find the end zone again. Stinnett made the key runs in the drive, including the 18-yard stepoff to the goal, giving Munday a 20-0 lead halfway through the

economic growth and development in a 30-county area. Officers are Jim Schur of Seymour, chairman; Ken Lane of Haskell, vice-chairman; and Burt Dockery of Vernon, secretary. Chairing the six task forces are Walter Carl Taylor of Vernon, beef cattle and range; Larry Smith of Munday, cotton; Karen Riggins of Vernon, home economics; Jim Humphreys of Guthrie, horse; H.L. Ayers Jr., of Crowell, small grains; and Herb Partridge of Munday, special crops.

second quarter. The two teams exchanged fumble recoveries, then with the seconds ticking off the clock, Electra's Bell did what everyone in the stands and on the sidelines expected him to do - he lofted the ball downfield to Chuck Cassey, who fell across the goalline with Moguls hanging onto his legs just as the double zeros showed on the clock. Bell kicked the extra point, saving the Tigers' pride just a little as they went into the dressing rooms two touchdowns behind.

But if everyone expected Electra to make adjustment at halftime and come out to jump all over the underdogs, they were sadly mistaken. The Moguls took the kickoff and drove 59 yards in ten plays, sparked by a 43-yard pass to John Paul Browning. But in four chances from the six-yard line, Munday couldn't get any closer and had to let Electra take over. Then the Tigers fumbled and Trey Thompson scooped it up. On the next play, Jones fumbled and Electra got the ball back, averting disaster.

Electra mounted two drives in the third quarter, but Munday's Jones intercepted a Bell pass on the Mogul 27 to stop one march, and the tough Mogul defense stood Electra up on four straight plays inside the 20 on the second drive and took possession on downs. Then the offense took over and mounted a drive of their own, racking up five first downs with nine successive running plays, none for less than five yards. J.B. Jones, Curtis Taylor and Trey Thompson contributed yards, and Stinnett ran it in from the 10 for his third score of the night. Thompson took the ball and stepped into the endzone for the two-point conversion, and Munday led 28-7 with 8:33 left in the game.

Electra scored again with just over a minute left after Jones was flagged for pass interference in what fans and coaches thought was a questionable call. The penalty put the ball on the two-yard-line, and Bell ran it in on a quarterback keeper for the score, then passed to Lenard Leviston for two more points.

Munday lost another fumble in the waning seconds of the game and Electra tried to take advantage of the error by using passes and time outs to stop the clock. But Bell's desperation throws overshot his target.

SHIFTING THROUGH THE RUBBLE of a frame house on South Fifth Street in Munday is Ed Cheevers of the State Fire Marshal's office in Lubbock. Cheevers and local law enforcement authorities are conducting an investigation into the fire which consumed the house

early September 24. The home, which was owned by Dr. Dale Selzer, was not occupied at the time of the fire, although it was being rented to Johnny Jimenez of Munday. Authorities have not yet released information on what started the blaze.

Weinert School To Celebrate Homecoming

The Weinert School homecoming will be held Saturday, October 4, at the school, with registration beginning at 10 a.m. A recognition and business program is set for 2 p.m. followed by a meal at 5:30.

Since this year is the state's 150th birthday and Weinert's 80th birthday, a program celebrating the two events will follow the meal. Different time periods and happenings in the town and state will be highlighted.

The homecoming football game will feature the Weinert Bulldogs against Trent at 7:30 p.m. Friday, October 3.

All ex-students, ex-teachers and other friends and residents are urged to take part in this special celebration.

Student Tickets Available For Game

It has been announced that student tickets to the Seymour-Munday football game will be sold at Munday schools this week. The tickets for students will be \$1 if purchased before 1 p.m. Friday.

All tickets bought at the game Friday night will be \$3.

House Explodes In Early Morning Fire

Munday firemen were called upon three times during the night of September 23 and the following morning to extinguish fires at a residence in the 500 block of South Fifth, and the final trip was to keep surrounding homes from burning.

The fire department received the first call at about 11 p.m. Tuesday. They extinguished the fire, then went back at 2 a.m. Wednesday to handle the flames which had broken out again. Utility lines to the home were turned off, and firemen remained on the scene for a while to make sure the fire was completely out.

At 4:30 a.m. neighbors reported what appeared to be a loud explosion, and firemen arrived to find the frame house completely engulfed in flames. When the fire was out, nothing remained but rubble.

The house was owned by Dr. Dale Selzer and rented by Johnny Jimenez, who was not in Munday at the time of the fire. As local law en-

forcement and fire department authorities felt the fire was of a suspicious nature, they called the State Fire Marshal's office to help with the investigation. Ed Cheevers of the Lubbock office was here last week to examine the ruins, and he is currently conducting an investigation assisted by Munday Police Chief Henry Dancer, Knox County Sheriff Gene Nix and Gerald Saffel, special investigator for the District Attorney's office.

No official statement has been made by authorities.

Accidents Investigated In County During August

Accident investigations have picked up a little in Knox County since spring, according to statistics released by Sgt. Sam Wester of the Department of Public Safety office in Haskell.

DBS troopers investigated three accidents involving personal injury and four involving property damage in Knox County during the month of August, Sgt. Wester said. In the 21-county Lubbock Highway Patrol District, officers investigated two fatal accidents, 58 with personal injury and 68 involving property damage.

Munday Stadium Seats Available From Youth

Munday Mogul stadium seats are still available from the senior high youth at the First United Methodist Church in Munday. These seats are purple and gold and proclaim the Moguls to be past state champions and semi-finalists.

To purchase one of the seats, contact any of the Methodist youth, the Frank Duttons or the Russ Byards.

Lions Club Sets Date For Broom, Mop Sale

The Munday Lions Club will conduct an all-out drive on Tuesday, October 14, to sell quality merchandise made by the blind to local residents and businesses. Sales headquarters will be located on the west side of the City Hall square.

All the items are manufactured by blind and visually-impaired workers in the Lighthouses for the Blind. The club's earnings from the sale will be used to help finance camps for visually impaired persons and to assist local citizens who have visual

problems. Residents may purchase items directly from the caravan truck or contact sale chairman Mike Wulf at 422-4547 to have orders delivered. "Every home and business can use some of these cleaning aids," Wulf said, "and every item purchased helps to provide dignity and the security of regular employment for blind citizens."

Lions hope to reach an all-time high goal in sales this year.

SENIOR MOGUL CURTIS TAYLOR, Number 22, sweeps around the end to try to evade a host of red-jersied Electra Tigers during Friday's contest between Munday and Electra. Taylor was one of the backs who surprised the Tigers with his ability to run against their defense as the Moguls upset Electra 28-15 before an excited hometown crowd. The Tigers didn't find much

running room, although quarterback Rodney Bell uncorked his passing arm for good yardage. But Munday contained Bell when it was important, and the Moguls surprised all the area prognosticators who expected a close, tough game. That's a good description of what the Moguls should face when they travel to Seymour this week to face the Panthers.

Friday Grid Reports From Area Schools

SEYMOUR DEFEATS HAMLIN IN RAIN

The Seymour Panthers scored 21 points in the first half and held on to their lead in a stormy second half for a 21-6 defeat of the Hamlin Pied Pipers. The loss and a thunderstorm during the ball game spoiled Hamlin's homecoming activities, while the Panthers, now 3-1 for the season, gear up to host the Moguls this week.

Mark Peters kept his string of 100-yard games intact, scoring the first two touchdowns on runs of 62 and 28 yards in the first quarter. Hector Garcia recovered a Hamlin fumble at the Pipers' 41 to set up one score, and Jon Hrnccirik grabbed another fumble in the second quarter to set up Chris Hardamon's 37-yard touchdown.

Hamlin finally got on the board with a three-yard run by Karl Smith in the second period, but Mother Nature dominated the rest of the game.

QUANAH FALLS TO HASKELL

The battle of the Indians was played again at Haskell Friday night, and the home team came out on top 24-21 as a last ditch field goal attempt by Quanah fell short. Haskell posted their first win of the season after tying Munday and losing two successive games.

The first half was a defensive battle, with Haskell's Stephon Brockington opening the scoring with a

52-yard run in the third period. But Quanah came right back with Rudy Brawley's two-yard plunge. Joel Torres added a 22-yard field goal for Haskell, but the team fell behind 21-10 as Quanah scored on another two-yard run by Brawley and a ten-yard pass from Trent Tabor to Curtis West.

Haskell matched the scores in the fourth quarter on a 64-yard pass from Mark Young to Derrick Billington and Young's two-yarder, and Torres' extra points gave Haskell the edge.

THROCKMORTON 'HOUNDS OUTRACE KNOX CITY

The Knox City Greyhounds lost their third game of the 1986 season Friday night as the Hounds of Throckmorton came to Knox County and handed the hometown team a 14-0 defeat. Throckmorton moves to 3-1 for the season.

Kevin Latham put his team on the scoreboard early in the first quarter with a five-yard run. Another Latham run, this one for 81 yards, increased Throckmorton's lead and Ronnie Rankin was good on both extra points. Those two scores proved to be the whole story, as both teams gained offensive yardage but neither could cross the goal in the remainder of the game.

Turnovers played a big part in the contest, with Knox City losing four fumbles and three intercepted passes, while recovering four Throckmorton fumbles and intercepting

two of their opponent's passes.

ARCHER CITY LOSES TO BOYD

The winless Archer City Wildcats were treated rudely at Boyd Friday night, suffering a 39-6 defeat at the hands of their hosts. Kevin Devrow scored in the second quarter for the Wildcats.

The rest of the game was all Boyd, as the Yellowjackets scored in every quarter to dominate their guests. Brad Warren, Walter Ransom, Brady Davis, Brad Moran and Mark Lavy all put points on the board for Boyd, now 3-1 on the season.

UNDEFEATED ROTAN NUGGES ANSON

The Rotan Yellowhammers hung on to their undefeated record by holding off the Anson Tigers in the fourth quarter and posting a 14-6 win at home Friday night. Anson has won once this year against three losses.

Vincente Ortega and Steve McClain put Rotan in the driver's seat in the first quarter with touchdown runs. Eddie Villanueva scored Anson's points in the fourth period. The Tigers lost five fumbles in the game and gave up 280 yards of offense.

ROSCOE BEATS CISCO BY EXTRA POINT

A first-quarter extra point kick by Roscoe's Neri Delorea proved to be the difference in Roscoe's 19-18 win over Cisco as Plowboy Lee McFall intercepted a Lobo pass on his own 15-yard line to preserve the win.

Cisco's Brian Wagnon returned an interception for 61 yards in the first quarter to give the Lobos the lead, but Billy Williams put Roscoe on the scoreboard with a 64-yard run and Delorea's kick made it 7-6 for the Plowboys. Williams and Wagnon each scored for their respective teams in the second quarter.

Roscoe went ahead 19-12 in the third period on another Williams run. Cisco ended the scoring in the last quarter on a 31-yard pass from Shelby Nixon to Billy White. The Lobos went for the two-point conversion to go ahead but were unsuccessful and the Plowboys went on to take the victory.

ROBY LOSES CLOSE GAME TO O'DONNELL

A six-yard touchdown run by O'Donnell's Charles Sanchez in the fourth quarter broke open a score-

less game and gave his team an 8-0 victory over Roby. Bobby Sanchez completed the two-point conversion run.

Roby's 123 yards offense was offset by four fumbles and 80 yards in penalties. O'Donnell is now 4-0 in 1986 and Roby drops to 1-2.

ASPERMONT WINS OVER CROWELL

Three touchdowns and a pair of safeties in the third quarter put the Aspermont Hornets out in front of the Crowell Wildcats, and the Hornets went on to take a 32-7 win at Crowell Friday night.

The score was tied 7-7 at halftime on touchdowns by Crowell's Gerald Dorsey and Aspermont's John Robinson, who returned a pass interception. Then the Hornets got their running game in gear and completed two of three passes, scoring 23 points in the third quarter and two more in the final stanza. Both teams now own identical 2-2 records.

GOREE SUCCESSFUL AGAINST WOODSON

The Goree Wildcats won their second district game at home Friday night against the Woodson Cowboys by a score of 40-16. The Wildcats are 2-1 for the season and 2-0 in district play.

Grady Weaver and Gabriel Sanchez shared scoring honors for Goree, running for two tallies and two extra points each. Lonnie Shahan also scored on a 30-yard pass from Jimmy Castorena.

The Wildcats will travel to Paint Creek this week for a 7:30 p.m. kickoff against the Pirates.

BENJAMIN OUTSCORES PAINT CREEK IN 6-MAN

Buster Redwine racked up 255 yards and five touchdowns in Benjamin Friday night as the Mustangs and the Paint Creek Pirates went on a scoring spree. The Mustangs came out on top of a 77-52 basketball-like score.

Jeff Pierce scored three touchdowns for Benjamin and accounted for several extra points. Phil Boone and Jody Stone connected for a 25-yard passing TD, and Kennon Allen tossed another touchdown throw.

The Pirates jumped out in front on a 35-yard pass to Tad Jennings from Keith Medford, but Benjamin retaliated on Pierce's nine-yard run, and the Mustangs never trailed. Medford and Danny Letterman scored the rest of Paint Creek's points.

The Mustangs are now 2-2 for the

passed for much of Newcastle's 409 yards of offense.

IN OTHER GAMES...

Rule lost to Vernon Northside 62-28, Chillicothe trounced Petrolia 53-6, Rochester shut out Lueders-Avoca 46-0, Ranger defeated Hawley 14-12, and Goldthwaite made it 4-0 with a 21-0 victory over Coleman.

How to squeeze more profit from stockers... Switch to Synovex®!

IMPLANTS

No other implant can deliver the return on investment that Synovex implants can. Results of 51 stocker trials prove it, with Synovex outperforming Ralgro nearly 73% of the time, and cattle averaging 7.9 more pounds than Ralgro. And in 56 trials, Synovex-implanted cattle averaged 32.5 lbs. more gain than non-implanted cattle.

One Synovex implant lasts for the entire grazing season. So there is no need to reimplant your pasture cattle to get superior gains.

It's the No. 1 implant in terms of consistent, superior performance.

Synovex is safe, too. Contains only naturally occurring growth promotants like those already present in the animal's system. So safe, in fact, that Synovex has no withdrawal requirement before sale or slaughter — offers the maximum market flexibility you need.

There are other advantages, too, including ease of implanting and implant retention you can't always expect from other implants.

So when it's time to implant your stockers, don't just settle for good gains. Switch to Synovex implants!

ARE FIRE ANTS NATIVE?

There are four species of fire ants in Texas. The Southern fire ant is a native of Knox County and is not the fire ant causing all the problems in Texas. The red imported fire ant has not been found here but has been found in Wichita, Taylor and Tom Green counties and in a few West Texas counties. It is well-established in much of East Texas. The desert fire ant has been reported from only two Texas counties. The tropical fire ant is found primarily within 150 miles of the coast but has been found in a few counties well away from the coast.

The Southern fire ant and the red imported fire ant look very much alike but can be separated by a specialist familiar with the two species. The worker ants of both species range in size from 1.6 to 6 mm (.064 to 0.24 inch) in length. When collecting ants for identification, be sure to include several of the larger (major) workers. Worker ants larger than .25 inch in length are not fire ants.

The nests of the Southern fire ant may be crater shaped or a mound several inches in height. Nests of the red imported fire ants vary in size depending on soil characteristics and size of the colony; mounds can reach 10 to 12 inches in height.

When the nest of either of these

ants is disturbed, the workers stream out attacking the intruder. The workers will sting repeatedly. Symptoms of the red imported fire ant sting include burning and itching, followed by the development of a white sore or pustule that may leave a permanent scar. Persons reacting severely to fire ant stings should see a physician immediately.

Fire ants feed on the flesh of insects, birds, mammals, the sap of plants and fruits, seeds and honeydew. High protein foods such as meat, cheese, peanut butter, and nuts are preferred. They are highly predaceous on other insects.

Information on identification and the collection of fire ants to be submitted for identification is available at the Knox County Extension Office.

Sorghum Producers Organize Research And Promotion Group

The nation's sorghum farmers are not waiting for someone else to help them solve their problems of over-production and low prices. They have united to form a coalition of all their state and national organizations in support of a Grain Sorghum Promotion Federation to coordinate and direct research and promotion

of their crop. In its charter meeting on September 12, the federation adopted a plan of action to launch an aggressive sorghum sales program anywhere there is a feed grain market. That program will include livestock nutrition research and feeding demonstrations for livestock producers in the U.S. and overseas. Market analysis teams have been assigned to five market regions—the Middle East, Mexico, South America and Europe-USSR. These teams will travel to the region to determine why more sorghum is not being sold and to develop plans and implement programs to demonstrate the value of U.S. sorghum.

The formation of the Sorghum Promotion Federation was sponsored by National Grain Sorghum Producers Association and was approved by the state sorghum check-off boards of Kansas, Nebraska and Texas in a joint meeting last February. Programs developed by the federation will be administered by the National GSPA and its staff.

National GSPA has a history of leadership in market development programs. As early as the mid-fifties, the national sorghum association, in cooperation with USDA, Foreign Agriculture Service, established export market development programs for all U.S. feed grains. This work led to the establishment, in 1960, of U.S. Feed Grains Council for export promotion of U.S. sorghum, corn and barley. The council now conducts a worldwide program from its Washington headquarters and fourteen overseas offices. The Sorghum Promotion Federation will work with the council in

JUSTICE OF THE PEACE John L. Phillips of Munday was one of 75 JP's from Region 10 who attended a 20-hour seminar September 9-12 in Amarillo conducted by the Texas Justice Court Training Center of Southwest Texas State University in San Marcos. Topics covered included justice court venue, defensive driving, forcible entry and detainer statutes, license and weight laws and new game and fish laws. New legislation relating to the justice court was also reviewed. With Phillips is Elaine Holcomb of Rule, a Haskell County justice of the peace.

export market development and conduct other sorghum-specific projects. The federation's domestic promotion program will include research and demonstration projects and a variety of programs for dissemination of information about sorghum utilization, processing and feed formulation.

"Grain sorghum is a high quality feed grain that is priced to sell," said Elbert Harp, National GSPA administrator. "We intend to carry out the necessary educational programs worldwide to inform livestock feeders of U.S. sorghum's true value and we intend to increase our share of the market. The bottom line," concluded Harp, "is that sorghum farmers are determined to do whatever they can to increase the profitability of their crop."

County Represented At TEHA Convention

Mary Groves of Knox City and Francis Cook of Gilliland attended the 1986 Texas Extension Homemakers Association convention in McAllen September 16-18.

A delegate training and shopping tour to Reynosa, Mexico kicked off the event. Throughout the convention various speakers were heard, including Linda Gale White, Dr. Judy K. Flynn and Dr. Jennie C. Kitching.

A variety of workshops were conducted at the convention and delegates brought home ideas to use in the upcoming year. They dealt with citizenship and legislation; health and safety, volunteer needs and recognition, court watching, membership and leadership, international understanding and cultural arts, and family life and family resources.

The convention was attended by 443 delegates, 26 board members,

431 visitors and 35 agents. During the week 190 scholarships were presented to various recipients.

The delegates were also treated to a "fiesta", fashion show, chuck wagon buffet and the association's 60th birthday celebration and reception. It was a wonderful time, but Mary and Francis said they were glad to get back to Knox County.

Tips On Stocker Cattle Buying

Are you wondering what to do about the stocker calf situation this coming season? Are cattle too high to make any money? Where's the best place to buy them? Should I buy steers or heifers? Will they get cheaper later? Can I present my banker with a deal he will be more confident with? What about a forward-contract back on them? Will it be with somebody that has the financial backing to take them no matter what the market does?

How's the new cash-basis settlement going to work for me in the feeder cattle futures? These are just a few of the questions that need answering before you buy cattle. Stocker cattle are high now compared to past conditions. Demand is good. Feed and pasture are cheap. Grain farming is not working. The cattle deal can work if done properly.

Did you know that there can be \$4.00 to \$5.00 cwt. difference on the same class of cattle the same day from one market to the next, from one part of the country to another? This amounts to \$20 to \$25 per head, or over \$2,000 per load.

If you are not a professional cattle buyer, one who deals in cattle every day all over the country, pick out somebody that is. He can more than save you his commission several times over. Choose somebody who covers a lot of markets every day, not just one location each day. Choose somebody with integrity, who is reputable, and will keep your best interest in mind, not his.

Choose a buyer who represents several large feedyards in different parts of the country. Feedyards in different parts of the country use different kinds of cattle. There can be several dollars difference in their bids on one particular set of cattle. A good buyer can represent your cattle to several buyers in a few hours time without having to show the cattle to each buyer. When next spring comes, the buyer will work harder for you to get your cattle sold well if he helped buy them for you to start with.

Choose somebody who can forward-contract your cattle and has the financial backing to pay for the cattle no matter how bad the market gets. Have your lending institution check him out and see just how "stout" he is.

In conclusion, money is going to be made this coming season on cattle. The success or failure depends to a large degree on how well they are bought and sold.

(NOTE: These tips are from David Moorhouse, a cattleyer from Seymour, Texas representing Moorhouse-Eastern Livestock Co., headquartered in Lanesville, In. with offices throughout the Southeastern and Southwestern U.S. Eastern Livestock handles in excess of 300,000 stocker and feeder cattle annually.)

Former Resident Of Goree Dies Friday

Linnie M. Moore, 86, of Holliday, a former Goree resident, died Friday, September 26, in a Wichita Falls hospital. Services were at 2:30 p.m. Sunday, September 28, at the First Baptist Church in Goree with Gilbert Peters, minister of the Holliday Church of Christ, officiating. Burial was in the Goree Cemetery under direction of McCauley-Smith Funeral Home of Munday.

Born September 27, 1899, in Tennessee, she moved to Goree in 1906 and had lived in Holliday since 1978. A member of the First Christian Church, she had worked as a department store clerk and for the Postal Service. She married William A. Moore March 14, 1921, in Goree.

Survivors include her husband; one son, John of Hurst; one daughter, Dorothy Segler of Holliday; one brother, Evan Roberts of Memphis; six grandchildren and seven great-grandchildren.

Munday Native Meets British Prince At Helicopter Contest

A Munday native rubbed shoulders with royalty during an international helicopter competition in England June 22-25.

Manuel Perez, a sergeant in an Austin Texas National Guard troop, was a member of one of three American teams to place in the helicopter competition. The contest was judged by England's Prince Andrew, a Royal Navy helicopter pilot. Perez met the prince and his fiancée, Sarah Ferguson, at a luncheon at Castle Asby.

Miss Ferguson, now the Duchess of York after her July marriage to the prince, asked Perez and the other helicopter pilots about the safety of flying a helicopter. The pilots assured Miss Ferguson that the helicopters are safe to fly.

Prince Andrew talked about helicopter flying and mechanics to the competition teams, Perez said. Perez is a mechanic for his team, which placed fifth in the contest. An American team from Fort Rucker, Alabama, won the contest, and another American team was third.

West German helicopter teams also placed high in the competition. The Soviet Union fielded the only team with female pilots. Other contestants were from the United Kingdom and Poland.

The teams were judged on hovering, slalom course and navigation and search, according to Perez. President Reagan congratulated the

winning American teams a month later at Fort Rucker.

Perez has been in the National Guard for 15 years. The son of Mrs. Lino Perez Sr., of Munday, he grew up here and now lives in Round Rock.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.

Letters To The Editor

Dear Editor,
I personally want to thank you for the recognition you gave the Munday EMS in the paper last week.

Your comments and compliments on our ability and on us are appreciated.

It takes studying, training, and complicated tests to get us ready to meet the situations, and this isn't just a one-time schooling. We have to do it every four years to get re-certified. We certify in CPR every year. Then the real tests are the situations themselves when we are called upon. The experience we get each time we make a call is knowledge we never forget.

It takes dedication, love, and caring for others; really wanting to help people, to continue in what we do.

That is exactly what it is too! Love for all of you in our community and wanting to be able to help you when you need us!

Knowing we have helped someone, or tried to help as best we can; the words of appreciation or thanks in person or in a note; the recognition and compliments you or others have given us; a pat on the shoulder, a grateful look; all of these are what keeps us going. They make us keep training, keep pushing, keep wanting to do more, and never give up.

Due to a community like this backing us, we have the best equipment there is. With a community like this, we can't fail. We love you people.

Thanks again Joyce!
Much Love,
Pat Hutchinson

Letter to the Editor:

Words are inadequate to express my thanks to the people of Munday for the warm welcome, assistance and encouragement you have given me in the opening of my new business. Your article expressed part of my feelings; however, I wanted to give a special thanks to several businesses and individuals who helped my dream come true. All the folks at Osborne's, Home Building Supply, Reid's Hardware, T-Shirts, Too, First National Bank were all so helpful to assist a "real novice" to put it all together. Jerry and Sandy King, Boyd, Christine and Angela Meers, Bob and Allene Brown, not only encouraged, but got in on the action. I especially want to thank Clint Norman, who owns the building, for all of his hard work when he was really too sick and busy to do it and for his patience with my impatience.

Most of all thanks to my wonderful husband for all the hours he put into Kountry Kut. But more than that thanks Bud for 24 years of believing in me and supporting me in whatever I wanted to dream.

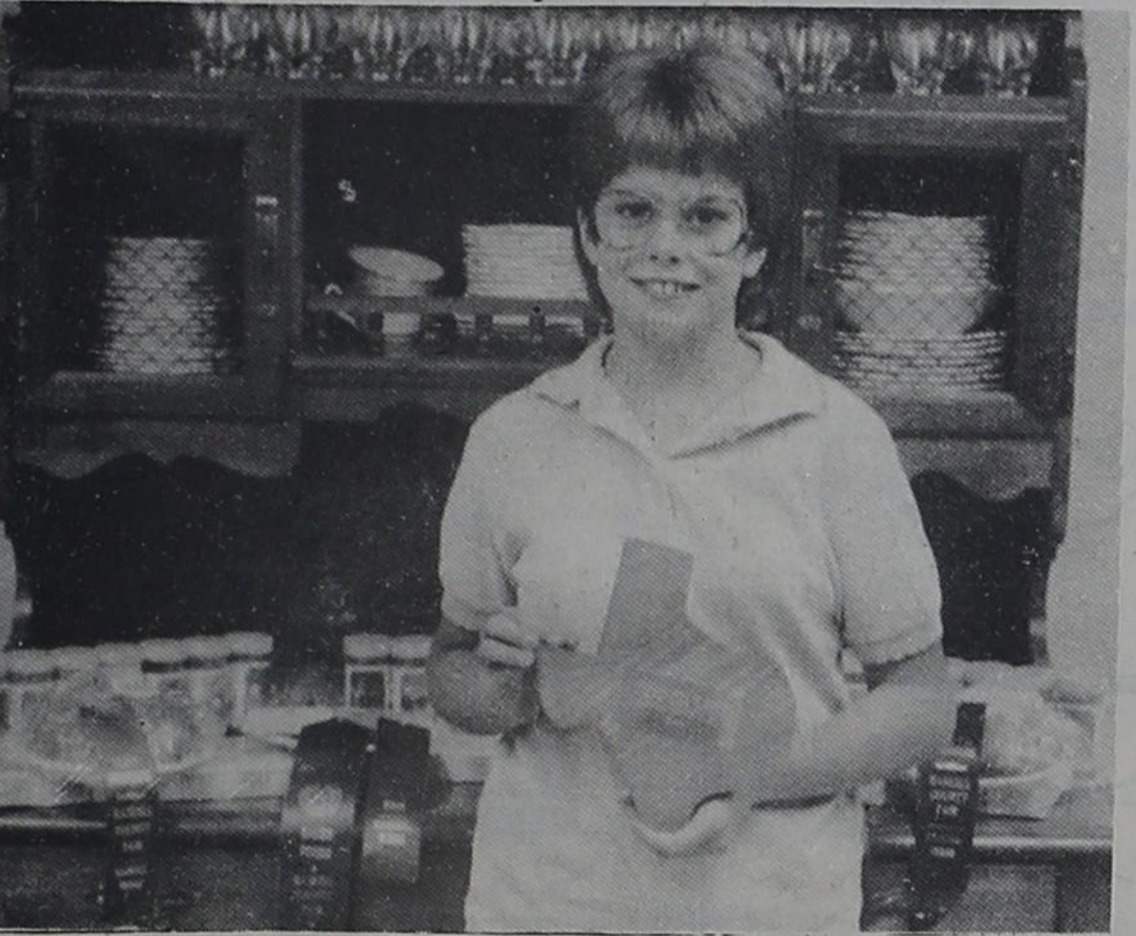

To all the others in Munday that I have not had the pleasure to meet, you have a wonderful town. Come by for coffee sometime and get acquainted.

"A desire accomplished is sweet to the soul" Prov. 13:19.
I couldn't have said it better myself.

Thanks,
Wilma Hogan

THESE EIGHTH GRADERS were all winners at the Haskell Fair held last week. Standing from left are Jae-Jae Reneau, Kristi Dutton and Beatrice Sepeda. Seated in same order are Kacy Longan, Christy Williams and

Dixie Reid. Their entries spanned clothing construction to arts and crafts to cooking. Christy also received a Best of Show trophy in youth canned goods.

FRESHMEN HOMEMAKERS Robin Reneau, Kathy Wilde, Youlanda Wright, Ann Parker and Jenni Bowman show off some of the crafts they exhibited at the

recent Haskell County Fair and some of the prizes they received as well. Robin's pound cake won Best of Show in the youth baked goods division.

Local Students Place At Haskell County Fair

Several members of the Munday Future Homemakers of America chapter entered items in the Haskell Fair held last week, and four young ladies came home with Best of Show or Reserve Best of Show trophies.

Debbie Brown won Best of Show in the youth division of arts and crafts for her whimsical lavender ceramic unicorn. Robin Reneau took Best of Show honors in youth baked foods with a pound cake, and Christy Williams' jelly won her the Best of Show plaque in youth canned foods. Kathy Welch won Reserve Best of Show recognition in the 11-13 division of youth baked foods.

We had no reports of local adults who participated in the show, although we did learn that Tommie Crawford won a first place and two second place ribbons in the adult clothing and textile division, and Edna Lemley won a blue ribbon for an afghan in the same division. We will print further results next week if we are able to get a more complete report.

Results of the homemaking students' entries follow:

Alexis Bordovsky - Clothing and textiles, counted cross stitch pillow, first place; arts and crafts, counted cross stitch picture, first place; second place overall in age group.

Jenni Bowman - Clothing and textiles, decorated shirt, first place; arts and crafts, decorated shirt and scarf, first place, wreath, second place.

Preventing Credit Problems

Credit problems can occur if you lose income, become unemployed or go from two incomes to one in the family. Problems can also come from taking on too much credit at once.

To prevent problems, a general rule is to limit minimum monthly payments and installment payments to 20 percent of your monthly net income. Some advise having no more than 15 to 17 percent as your target maximum.

If you own several credit cards, it can be easy to charge more than you can handle. There are danger signals of too much credit. They include:

- *Total monthly payments keep increasing.
- *You are at or near your credit limit.
- *You can only make minimum payments.
- *You extend payments.
- *You use savings to pay bills.
- *You work overtime to make ends meet.

Before taking on new credit obligations, add up your current month-

4th Chili Cook-Off Set In Knox City

The fourth annual Knox City Fall Festival and chili cook-off has been set for Saturday, October 25, at the Knox City Municipal Airport. Events planned in addition to the cook-off include arts and crafts, a turkey shoot, games and more.

Chili cook-off teams may consist of from one to not more than six cooks. Ten places will be awarded for chili cooking and three will be presented for showmanship. Showmanship trophies will be based on theme, costumes, booth setup, action and audience appeal.

Entry deadline is October 23. Anyone interested in entering the cookoff or wishing to acquire booth space should contact the Knox City Chamber of Commerce for details.

It's A Boy!

Kandis Brown, age 5, and her sister, Keramie, 2, are proud to announce the arrival of their baby brother, Kevin Allen, who made his first appearance at 7:55 a.m. Wednesday, September 17, at the Seymour Hospital. Kevin weighed 8 lbs., 2 oz. and measured 20½ inches long.

Helping Kandis and Keramie take care of the new arrival are their parents, Allen and Charlette Brown of Rhineland. Proud grandparents are Mr. and Mrs. James Albus of Knox City and Mrs. Ruth Brown of Rhineland. Great-grandparents are Mr. and Mrs. C.H. Herring and Mrs. Theresa Albus of Rhineland and Mrs. Emma Duesterhaus of Levelland. Kevin also has a great-great-grandmother, Mrs. W.A. Jungman of Rhineland.

ly payments to be sure that you do not over extend yourself. Consider how long you are committed to making these payments.

There may be times when you cannot meet your credit obligations. If this happens, contact the creditor, explain things and try to work out a new agreement. But don't ignore the problem.

Think through your use of credit. Control it and let it add to your financial lifestyle.

BRO. DAVID BELLINGHAUSEN
Rhineland Native To Be Ordained Priest

Brother David Bellinghausen will be ordained to the priesthood at Subiaco Abbey, Subiaco, Arkansas, on the Feast of All Saints, November 1. Bishop Andrew J. McDonald of Little Rock will conduct the ordination Mass and rite.

Brother David is a native of Rhineland and the son of Hubert and Rosa Bellinghausen, who reside at the Munday Nursing Center. He attended school at Rhineland and North Texas State University in Denton before entering the Abbey in 1960. He made his first monastic vows on August 15, 1961, and his final monastic profession three years later.

A former linotype operator and printer in the now closed Subiaco print shop, Brother David has taught and conducted various retreat activities. He began his studies for the priesthood in 1981, entering St. Benedict's College in St. Joseph, Louisiana, for two years of seminary preparation.

After his graduation from St. Benedict's, he entered Beda College in Rome for his theological studies, completing them with honors last June. While in Rome he lived at Collegio Sant Anselmo, the international Benedictine center. He was ordained to the diaconate in June, 1985. Earlier this year he had the opportunity of serving as deacon at Pope John Paul's Ash Wednesday Mass. He is currently on the Subiaco Academy faculty.

Brother David will offer a Mass at his home parish of St. Joseph's in Rhineland on November 8. He is a brother of Wilfred and Urban Bellinghausen and Ilene Redder of Munday and Herbert Bellinghausen of Knox City.
