Easter Service of Knights Templar Was Held Here On Sunday

Haster services for Haskell Commandery No. 49, and Seymour Commandery was held in this city on last Sunday afternoon at three o'clock, at which time the Rev. and Sir M. L. Baker of Haskell delivered the sermon, using for his text the opening of the tomb in which the body of Christ was laid following the crucifixion and his theme was along the thought of "The Open Door," pointing out the fact that the tomb had been opened in spite of the seal placed thereon by the Roman government and the strong guard that had been placed to prevent its being opened, and using this as his theme to point out the obligation of Christianity to the world to maintain at all time an open door to all mankind. His sermon was a most masterful one and was well received by the Knights and the public in attendance.

The Knights met at the local lodge rooms at an early hour in the afternoon and marched to the Methodist church, where the services were held, and presented a very pleasing appearance in their attractive uniforms, minus the sword.

SINGING CONVENTION MEETS SUNDAY AT HOOD

The Knox County Singing Convention will convene Sunday afternoon at Hood and all the singers of the county are urged to be present, and the public is also extended a cordial invitation to attend. It you enjoy good singing be present at Hood on Sunday afternoon at 3:00 o'clock, for all the singers of the county are going to be there, and there will be some good singing.

Dr. F. S. Groener of Dallas was here on last Sunday and filled the pulpit at the Baptist church on Sunday evening, at which time he delivered a masterful sermon.

Mr. and Mrs. Lee Myers of Burkburnett, Texas, were here the past week-end visiting in the home of her sister, Mrs. Jessis Burnison, and other relatives.

PEOPLES WILL SHOW NEW BEBE DANIELS COMEDY

Sparkling, rollicking comedy, laid in the society atmosphere of Palm Beach and other Florida beauty spots, glorified by the bewitching presence and humorous antics of Bebe Daniels, and depending for its thrills upon speedboat racing is what picture-goers may expect to see at the Peoples Theatre next Wednesday and Thursday when "The Palm Beach Girl" begins a two day's run.

Just picture Bebe as a gawky country girl trying to learn the manners and mannerisms of the smart social set, falling in love with a handsome millionaire, adventuring with bootlegger, and running wild in a sixty-mile-an-hour speed boat, and you'll begin to realize the hilarious fun and hysterical thrills wrapped up in this picture.

The story was adapted from the yarn by Byron Morgan and the play, "Please Help Emily" by H. M. Harwood, and is packed with speed, spice and suspense. There are enough funny gags and comedy situations to keep audiences in a constant uproar of laughter. Forrest Halsey wrote the scenario and Erle Kenton wielded the megaphone.

Lawrence Gray, who gave such a good account of himself opposite Gloria Swanson in "Stage Struck" and "The Unruffled Lady," is happily cast as Bebe's leading man. Josephine Drake, Marguerite Clayton, John Patrick and Armand Cortes are others who assist Bebe.

Of the many exciting highlights in the production the big speed boat race—actual reproduction of the annual regatta near Miami Beach—is outstanding by virtue of its thundering action and hair-raising thrills.

Mrs. B. J. Osborn of Wellington, Texas, was here Saturday and Sunday visiting her son, Alvin L. Osborn, and wife, Mrs. Osborn was enroute to Abilene to attend the district meeting of the Woman's Missionary Society.

Bernard Cartwright, who has been here for some weeks visiting relatives and friends, will leave on Thursday for his home at Boerne, Texas, near San Antonio.

FUNERAL SERVICES PIONEER SETTLER HELD IN SEYMOUR

Seymour, Texas, April 16.—Funeral services for Mrs. George Ray, 74, a pioneer settler of Baylor county who died at the home of her daughter, Mrs. W. T. Britton with whom she had made her home for a number of years, were conducted at the First Methodist church at 9:30 o'clock Saturday morning by the Rev. J. M. Fuller, pastor. Burial was in the Seymour cemetery.

Mrs. Ray was Nannie D. Stevenson, was born in Vigo county, Indiana, November 21, 1853. She married in 1875 and moved to Baylor county five years later. Her husband died in 1917 and since that time Mrs. Ray has made her home with her daughter.

Besides Mrs. Britton, she is survived by four sisters, Misses Jennie and Thirza Stevenson of Terre Haute, Indiana; Mrs. Florence Smith of Prairiepoint, Indiana, and Mrs. Bell Graham, of Albany.

Mrs. Ray joined the Methodist church at the age of 14 years. Since 1880 she has been an active member of the First Methodist church at Seymour.

Pall bearers for the funeral were Joe Wheat, J. A. Britain, Lem Bellows, Lee Bussell, C. E. Rupe and R. E. Baskin.

AT METHODIST CHURCH APRIL 24, 1927

We had a great Sunday School last Sunday, followed by a fine program, given by the various departments. Don't fail to be in your place Sunday morning at 9:45.

Preaching by the pastor morning and evening, 11:00 a. m. and 8:00 p. m. You will be missed if not there. A hearty welcome awaits all. Bring your friends and worship with us.

R. B. FREEMAN, Pastor.

Dr. E. E. West, D. D. S., now associated with the Medical Arts Clinic at Abilene, was here Saturday shaking hands with his many friends and visiting his former classmate, Dr. E. M. Ammons, his successor in Munday. Dr. West expressed himself as being highly pleased with his new location and surroundings.

Hubert Isbell Wins In Declamations For 4th Consecutive Year

Hubert Isbell, junior student in the Munday Public Schools, was declared winner in junior declamations at the district interscholastic meet held last week at Childress, making the fourth consecutive year that this youngster has taken off first honors in the district meet in declamations.

Since the juniors are not eligible to compete in the state interscholastic meet this is the highest honor that may be attained, and when it is considered that he has won against schools throughout this section of the state, many of which are located in much larger towns than Munday and hence a larger field from which to choose their contestants, it must be conceded that he has established an enviable record, in fact, we doubt if anyone can boast of having won this honor for four consecutive years.

Hubert is a son of Mr. and Mrs. George Isbell of this city, and for the past four years has been a student of Mrs. H. F. Barnes in expression.

ALLEN DAWN'S "PADLOCK COMING TO PEOPLES, MON. AND TUES."

To those of the older generation, who view with alarm the terrifying manners and morals of the younger generation, we heartily recommend a visit to the Peoples Theatre next Monday and Tuesday, when Allen Dwan's new Paramount drama, "Padlocked," begins its local run.

For this honest portrayal of a modern American family reveals the fact that lack of sympathy and understanding on the part of parents is driving the youth of our country to the jazz life.

"Padlocked" is a picturization of the widely read Cosmopolitan Magazine story by Rex Beach. It was adapted by Becky Gardiner and James Shelley Hamilton, and features an imposing cast, headed by Lois Moran, Louise Dresser and Noah Beery. Florence Turner, Helen Jerome Eddy, Allen Simpson, Charles Lane and Douglas Fairbanks, Jr. are among the important supporting players.

The central character in the story is a lovely, high-spirited girl, who rebels against her father's narrow-minded attitude and efforts to stifle her natural ambitions, and runs away from home to seek a career on Broadway. As a barret dancer, she attracts the attention of the millionaire society set and becomes involved in a love triangle. An unexpected crisis develops when her father demands that she return home, and the subsequent events are charged with suspense and emotional appeal.

The entire production has been lavishly set, brightly and fittingly costumed, and under Mr. Dwan's direction very colorfully and smoothly produced.

APPROVAL OF TEXAS FEDERAL-AID ROAD PROBABLE NEAR FUTURE

On account of the interest now centering around the status of Federal aid for highways in Texas, Thos. H. MacDonald, chief of the Bureau of Public Roads, United States Department of Agriculture, has made the following statement:

There has been some misunderstanding as to previous action of the Bureau of Public Roads with reference to Federal aid participation. Federal aid for highways in the strictly legal sense has not been withdrawn. On account of existing conditions, among which was the lack of State funds for new construction, the Federal Bureau ceased to approve projects. The Texas highway department has now requested a resumption of the approval of projects for new construction. R. S. Sterling, Chairman of the Texas highway department, conferred with the bureau on April 7. The aims of the Texas highway department and the Bureau of Public Roads are apparently in complete harmony. The bureau is now engaged in a very careful survey of both the financial and the physical aspects of the future program, and there is little doubt that the approval of projects will be resumed at an early date.

E. W. James will leave Washington next week to represent the headquarters office of the bureau and to work with the State Highway Department and the district office of the bureau in formulating the future program between the State and the Federal Government. Mr. MacDonald will go to Texas within the next few weeks.

C. S. Ameen and family returned first of the week from Oklahoma, where they have been for the past two weeks visiting relatives and friends at Sulphur, Shawnee and other points. While in Shawnee Mr. Ameen attended a reception tendered by the Syrian people of Oklahoma to Prince Amir Shekib Arislan, a descendant of the kings of Nohman, the line of kings who have ruled on the Arab-Persian border for more than 600 years, and who is on a tour of America seeking the aid of his countrymen for the united states of "Free Syria." While Mr. Ameen has received several attractive propositions to enter business in Oklahoma, he has not yet made up his mind whether he will leave Munday or not.

W. O. Wallace, district superintendent for the West Texas Utilities Company, left on Wednesday morning for New Orleans, La., where he will attend a national convention of electric light men. He and another official of the company are making the trip through in a car and plan to make the trip by easy stages and enjoy the scenery enroute. He will be gone about two weeks.

Dan Weaver has recently returned from an extended trip throughout the southern states, having visited points in Alabama, Georgia and Mississippi, and states that he has heard of the one mule and negro farms for so these many years, and having spent most of his life in the southwest, had concluded that this mode of farming belonged to ante-bellum days, but on his trip he traveled many miles and on every farm he saw the negro and the mule combination patiently tilling the soil, and when he reached Oklahoma and Arkansas on his return things began to look natural, for he again saw modern farming equipment and good teams attached thereto, and he came home better than ever pleased with Munday and the great Munday country.

Representatives in honor of putting dollars, more than people, old and young, and dropped into a pot. The music of those dollars will ring in the ears of some of us as long as we live. These first dollars, brought by hands horny with toil, hands old and wrinkled, hands young and strong, hands sweet and chubby seemed to prophesy the day when our dream of a church building that will adequately take care of our growing work, and honor our Lord and Savior, shall become a reality. We have placed our hands to the plow, may God grant that not one shall look back.

In the evening service we were glad to have as our guests a great number of the Methodist congregation, Brother Freeman being away for a revival. Dr. F. S. Groener preached a warm evangelistic sermon, after which three adults were baptised. We here record our gratitude for these great services, and look forward with pleasure to next Sunday's program.

All are welcome to worship with us.

Rev. Black of Stamford Speaks to High School

Last Wednesday afternoon, April 13, Rev. W. D. Black, pastor of the Church of Christ at Stamford, appeared before the student body of the high school and entertained it with an interesting talk on "Opportunity." Rev. Black proved to be a very pleasing speaker, and though his talk was brief, he left several ideas worthy of consideration as well as many suggestions which one could profitably follow. Speaking for the student body, I am sure I may say that we were indeed glad to have Rev. Black speak to us, and would welcome the opportunity to hear him again.

Our Seniors

"Where are the grave old Seniors? Safe in the wide, wide world."

Preston Childress entered the Munday Public Schools in the first grade in 1915, but has, at intervals, attended school in Phoenix, Arizona. Preston was a member of the class of '26, but returned again this year. He is a science student, having four credits in that subject, and one in Spanish. Preston represented the Munday Public Schools in senior boy's tennis at the county meet last year, and was a member of the victorious debating team from Munday. He intends to study law.

Alvin Hughes entered Munday Public Schools in 1916, and is one of the original class of '27. Alvin has two year's Latin and two of Spanish to his credit. Alvin is a steady, hard-working student and a very friendly fellow. He intends to prepare for the Ministry.

Fifth Semester Closes

Last week finished the fifth semester of school, and with this we should settle down for a good hard run on the home stretch. A school term is, more or less, like the "sport of kings." We start off at a much slower rate than that of which we are capable, but as each successive mark is passed, our speed increases—or should increase, until the last lap is reached. At such a stage the jockey urges the horse to do his utmost, and—although some of us have pretty long ears, we may compare us favorably to the horse and the instructor to the jockey—I do not mean to infer, teacher, that you are riding us—for, we will admit, we have received several admonitions lately. The horse, may I continue, obeys his rider's will, and, if we had plain horse-sense, so would we obey our guider's will. Settle down to real work this semester and make it the most successful in your scholastic career.

The Munday declamers were not as successful at the district meet as at the county. They succeeded in capturing but one represent first place out of a possible four. Hubert Isbell, junior boy representative, succeeded in getting first place in that division for his fourth consecutive year.

Moguls 11—Gillespie 10

Wednesday afternoon the local high school boys trounced Gillespie in a loosely played game. "Preacher" took over the relief role and held Gillespie to a few scattered hits. In the last half of the ninth, with two out and no one on base, McKenzie proceeded to win the game by driving out a home run.

Moguls 10—Goree 9

The Moguls redeemed the 8-7 defeat administered by Goree last Friday by defeating them 10-9 Friday. At the end of the first half of the ninth the score was 9-7 in Goree's favor. Stratton, eased up on the Moguls with a hit and two walks. Brewer, with two strikes called, tripped to left center to win the ball game.

Latin Club

The Latin Club met Monday, April 13, 1927. A business session was held during which old and new business was disposed of. An interesting program on the "Gods of the Underworld," was given.

After the program the meeting adjourned.

BOYS AND GIRLS

Shirley McNeal, 3-year-old girl of Hershey, Neb., sings popular songs and can recite Lincoln's Gettysburg address, besides performing numerous intellectual feats, uncommon for a child of her age.

Richard Kinney, 7-months-old of Boston, was unhurt when an automobile smashed his baby carriage into pieces in the street.

The 7-year-old daughter of Mrs. Bussell Price dashed through flames and saved two younger children from an upper bedroom when her home burned at Belleville, Ont.

Mary McDonald of Boston, aged 6, has won a diamond ring and 14 medals as prizes for her Scotch dancing.

Herman Rubin, 16, is engineer and program director of a new commercial radio station in New York, having been a radio fan since he was 11.

Tamara Schumarino, a Russian girl of 16, shot the Dnieper rapids and crossed the Black Sea in a rowboat, in recognition of which she was made an honorary member of the Soviet navy.

Elmer Verner of Minneapolis, with 74 merit badges, is believed to be the world's champion Boy Scout, with only two more badges to be won.

ABOUT WOMEN

Mrs. Mollie Netcher Newberry, proprietor of the Boston Store in Chicago, is the most heavily insured woman, with policies on her life amounting to \$3,000,000.

Mme. Hana Iki, Japanese grand opera singer, now in the United States, was the first woman of her race to appear in other than Japanese operatic roles.

Mrs. Herbert Owen has been for 11 years official weather observer at Edmonton, Alberta, one of the most important posts in the Canadian service.

At the annual Philadelphia flower show a new variety of sweet pea, named for Mrs.

Coolidge, and a new orchid, named for Queen Mary of England, were exhibited.

Miss Ethel A. Birchland of Westport, Conn., is national secretary of the American Road Builders' Association, in charge of headquarters in Washington.

Princess Wontonekemuske otherwise known as Charlotte Mitchell, as direct descendant of the famed Chief Massasoit, is pensioned by the state of Massachusetts and is the only living Indian princess in New England.

Mrs. Herman Corn of Johnstown, Pa., has returned from Africa with a 6-months-old lioness, which is a perfectly docile pet.

WHAT'S NEW

According to the Department of Agriculture, 217 useful products are now manufactured

Oat hulls are used extensively in the manufacture of furfural, a chemical important in making synthetic resin, photographic records, and other products.

Ivory substitutes and oil for paints are now derived from soy beans.

An amphibious airplane, whose wheels may be dropped when a forced landing on water is necessary, is the invention of a French engineer.

A new midget camera, only two inches thick, takes 50 tiny pictures with one loading of film.

A new alloy called solium, the discovery of a London chemist, may be made harder than steel or softer than lead, through variation of processes of manufacture.

Rough Dry

All of the washing, most of the ironing. All of your clothes are washed in pure Soft water, all of the flat work is ironed, folded ready to use, proper pieces starched, and returned to you fresh, clean and sanitary, every Monday, Wednesday and Friday.

Ladies of Utilities Company Entertain Thursday

The ladies of the West Texas Utilities Company entertained on Thursday afternoon of last week at the local offices of the company in a most pleasing manner. As the guests arrived they were greeted by Mesdames W. O. Wallace and Carrol Hopkins, who ushered them to the register, which was presided over by Miss Estelle Murphy, and thence to the tables presided over by Mesdames F. F. Seifert and W. E. Reynolds, where delicious refreshments were served, consisting of strawberry ice cream and angel food cake, with plate favors of sweet peas and ferns.

Mrs. Hattie Bradford Guest of Order Eastern Star

On Thursday afternoon of last week Mrs. Hattie Bradford of Vernon, Deputy Grand Matron of the Order of the Eastern Star, was a guest of the local lodge, at which time she gave instructions to local members of the order in the secret work.

At the conclusion of the regular program a delicious refreshment plate consisting of ice cream and angel food cake was served by a committee composed of Mesdames H. F. Barnes, J. D. Kethley, Lee Haymes and W. A. Wyche.

Munday Club Girls Met April 14th

On last Thursday afternoon at 1:00 o'clock at the lunchroom, Miss Maxwell met with the 4-H girls of Munday. The president in the chair, the minutes were read and adopted. Afterwards the meeting was turned over to Miss Maxwell, and she gave a very interesting demonstration on how to beautify the home. The members present were, Helen Frances Eiland, president; Ethel Isbell, secretary; Lillie Mae Worthington, reporter; Hazel Dean Eiland, yell leader; Dorothy Matlock, Eula Lee Gilbreath, Eva French, Ruth Rice, Lois Lansford and Ilene Bowden.

As the yell leader had a sore throat, Dorothy Matlock acted as leader.

Hood Club Meets

The 4-H Hood Club Girls met Friday afternoon, April 8, at the Hood school house with 11 members present, 3 visitors and the Home Demonstration Agent, Miss Mayme Maxwell.

Miss Maxwell gave a demonstration on apron making. She also made an interesting talk on "Home Beautification."

The members present were: Christine Norman, Cleo Polson, George Belle Roden, Nora White, Elsie Banks, Thelma Miller, Vera Brown, Syble and Balma Swain, Marie and Hazel Booe.

—Reporter.

Paul Ledwig of Claude, Texas, was here the latter part of last week visiting his many friends and looking after business interests. Paul states that conditions are not as promising on the plains as they are in this

section due to the fact that very little rain has fallen during the winter and spring and the snow fall throughout the winter was light, and wheat is beginning to suffer for want of moisture.

In our last week's issue we stated that Mr. Carrol Neely had been transferred from the district office of the West Texas Utilities Company to the commercial department of the company. This was an error, as we should have used the name of Mr. Carrol Hopkins instead, and our error was due to the similarity of their names.

On last Saturday afternoon of last week little Arthur Smith, Jr., entertained a number of little friends on the beautiful lawn at the home of his parents, Dr. and Mrs. Arthur A. Smith. Various outdoor games were enjoyed, including an Easter-egg hunt, and they report a most enjoyable time. Refreshments of ice cream and cake were served.

Mrs. C. B. O'Brien of Eastland will arrive here this week for an extended visit with her son, the Rev. P. D. O'Brien, and family.

Mrs. Charles Linthicum of Little Rock, Arkansas, is here for a visit with her aunt, Mrs. R. M. Stevenson, and other relatives.

Messrs H. A. Pendleton and Homer Lee of Wichita Falls came down on Monday on business. They encountered the heavy rain about Goree and experienced much difficulty in reaching Munday, having arrived here about noon.

PUBLISHED WEEKLY—EVERY THURSDAY

THIS AND THAT

Munday Chamber of Commerce meets Thursday evening at Masonic Clum rooms, and all members are urged to be present. This organization has a good roads program that should interest every citizen interested in the welfare of Munday, and everyone interested in these matters should become affiliated with this body.

About all the talk these days is about baseball. Munday fans have arranged to receive the scores by innings of the Texas League, and these scores are posted at each of the drug stores.

Speaking about baseball, the other day we had an appointment with one Tom Bengel for

a game of golf, but at the appointed hour he was engrossed in getting the returns of the Dallas-Fort Worth game, and in the second inning Fort Worth ran in five tallies, after which Tommy was ready—good and ready for his golf—and really enjoyed the game. Said it helped his rheumatism. Played a good game, too.

All our town is rather proud of that little chap, Hubert Isbell, who for the fourth consecutive time went into the district interscholastic meet at Childress last week—and won for the fourth consecutive time in junior declamations, and notice is hereby given that hereafter he will afford some real competition in state meets along this line.

One of the surest signs that Springtime is here is the fact

that quite a number of cars are to be seen each day laden with bamboo canes headed for the peaceful streams that wind their way over toward the gulf.

And, speaking of fishing, it is reported that some mighty nice fish are being caught in the lakes over Knox prairie, which would indicate that one of the products of this fertile section has been entirely overlooked in previous enumerations. Yes, Parthenia, Knox prairie produce, cat fish, cotton, corn, watermelons et cetera.

Not being a practical dirt farmer, about the only advice we're capable of handing out to our farmer consumers is to plow as close to the derrick as possible, for there's a possibility that they may come in dry.

Speaking about advice to farmers, it's always been a wonder to us at the amount of same that is given by fellows not engaged in that line of endeavor, and the tolerance shown by the farmers on the listening end.

DODGE BROTHERS MOTOR CARS

'Tis A Wise Bird Who Invests In Only Those Things Which Give One Hundred Per Cent Value For The Money Expended.

SOME of the wealthiest men in this country drive Ford cars, included in this class is Henry Ford himself, who is recognized as the richest man in the world.

Look about you here at home and you'll find many of our conservative, sound farmers and business men—who can afford to drive expensive cars—driving Ford cars, finding them attractive looking, comfortable and above all, WORTH THE MONEY.

They contribute nothing to false pride, but insist on dollar-for-dollar value for every dollar they spend for transportation and other things. Do you think ahead? Think this over. A dollar saved is a dollar earned.

NEXT SUNDAYS LESSON

P. D. O'Brien

Subject: Peter at the Transfiguration.—Mark 9: 2-10; 2nd Peter 1: 16-18.

Golden Text: There came a voice out of the cloud, this is my beloved Son; hear ye Him. Mark 9: 7.

"After six days Jesus taketh with Him Peter, James and John, and bringeth them into a high mountain apart by themselves: and was transfigured before them." Thus begins the lesson for this week. By this He means six days after the event recorded in last Sunday's lesson, in which Peter had made his great confession, and Jesus had announced His intentions and plans for building His church. On that occasion He had promised them that some of them should not see death until they had seen the glory of His great spiritual kingdom, as we are all to see it after death and resurrection have prepared us for the appreciation thereof. He has now taken the disciples whom He often favored, aside to fulfill that promise. To get the full significance of the lesson today, it will be necessary for the reader to keep in mind the fact that the transfiguration was for the purpose of giving to the three disciples, and thru them to the whole world, some intelligent idea of how life is on the other side of death. This is, and has ever been, one of the most interesting questions propounded by men. What is after death? The transfiguration of Jesus gives more light on this subject than all the preachers, scientists,

philosophers and writers of the ages. Jesus was robed in the glory that He was to wear after the resurrection in His glorified state. Moses and Elijah came down in their heavenly bodies to hold a conference with Him, and they were seen and recognized by the disciples. Let us turn now to the main line of the lesson.

Alone there on the mountain with the three disciples Jesus was engaged in earnest prayer. As He prayed the fashion of His countenance was altered, and His garments became as white as snow, glistening white, whiter than any fuller on earth could whiten them. And as the astonished three looked on two visitors from heaven appeared and stood beside Him. These were Moses, who represents the great law age, and Elijah, who represented the great prophetic age and they hold sacred conference with Christ who is the great one of the Gospel age. Mark says that these three great representatives of the three Divine dispensations, talked about the death which Jesus was to die upon the cross. Certainly the law of Moses would have meant nothing if Jesus had not fulfilled it by satisfying its demands upon Calvary; and the preaching the prophecies of Elijah and the other Old Testament prophets would have come to naught had they not found fulfillment in His atoning death. Then it is small wonder that His death was the topic of their brief conversation. It was the one thing that meant more to them and to the world than anything else. This great

happening seemed to strike John and James speechless, but not so Peter. He speaks out, although he admits that he did not know what to say. He, like many other folks, felt like he had to say something. It never occurred to him to be quiet and see the glory of the Lord without intruding himself into the sacred occurrence. There are plenty who have inherited his disposition along this line. He starts off by saying, "Master it is good to be here." Peter had never before known such heavenly fellowship. He would have had it continue forever. "Let us build three booths here one for Moses, one for Elijah and one for Christ." Peter had forgotten that there were needy multitudes waiting for the Master's blessing at the foot of the mountain. About this time a cloud rests over them, and when the cloud lifted they looked up and saw only Jesus and heard a voice saying, "This is my beloved Son hear ye Him."

Some brief lessons in closing. We will know each other after death. Not only will we know the ones we have known here, but we will also know all the others in heaven. The three disciples knew Elijah and Moses who had been away from the earth for more than a thousand years. We will be all one family there, whether we go to heaven from the Gospel age, the law age or the prophetic age.

The voice that we are to hear and heed in this age is the voice of the Son of God. The Father here, admonishes the disciples to "hear Him," even in preference to Moses or Elijah. He
