\$1.50 A YEAR

## TREATY KILLED, IS LATER REVIVED

Washington, Nov. 16.—The treaty with Germany apparently is dead so far as its ratification by the United States is concerned.

This is the opinion of leading Senators of both parties as the result of Saturday's action by the Senate in adopting all of the principal reservations on the Lodge program.

Republican Senators are prepared to pass a concurrent resolution declaring the United States at peace with Germany in the event that President Wilson refuses to admit to the Allied governments the reservation to an adjournment by the House because of the probability that the resolution of ratification be defeated.

This purpose was indicated by Representative Townner of Iowa in the House late Saturday, following a conference of the House and Senate leaders. The Senate had refused to consent to an adjournment by the House because of the probability that the resolution of ratification be defeated.

There is a chance that the concurrent resolution to declare peace may be put through at this session. This possibility presented itself in the action of the Senate in refusing to consent to an adjournment of the House. The reason, House leaders were told, is that the treaty is certain to fail at that event it is desired to lose no time in passing a resolution declaring peace in which the concurring vote of the House is necessary.

Senator Lodge himself announced that in his judgment the treaty cannot be ratified.

It is expected that the resolution of ratification containing the Lodge reservations will be rejected by a combination of Democratic and Republican votes. Senator Underwood of Alabama officially notified Republican Senators Saturday that at least thirty Democrats will oppose the resolution. The total of at least fifteen on the Republican side who are willing to join them to defeat the treaty.

Opposition is firm. It is certain that the majority combination of Republicans and Democrats which put the reservations through will stand unbroken to the end and will not permit ratification without these reservations. Any attempt that may be made by the Administration forces to ratify the treaty with milder reservations will be defeated.

Senator Lodge was asked at the end of the eventful session of the Senate in which the majority of the reservations were adopted whether in his judgment a sufficient number of Senators on the Democratic side would vote against the resolution of ratification because of the Lodge reservations. He replied:

"I think unquestionably they will."

"Then the treaty is dead?"

"Undoubtedly."

Senator Lodge went on to say that the reservations are on "and will stay on." He declared that nothing can be done by the Democrats to bring about ratification by any other set of reservations.

The final vote on ratification is looked for on Tuesday or Wednesday of next week. Consideration of the remaining reservations on the committee program will be finished probably on Monday and attention will then be given to other reservations proposed by individual Senators.

The reservations disposed of Saturday by the Senate included all but two on the program prepared by the majority of the Foreign Relations Committee. Two other remaining reservations are the one by Senator Shields to relieve the United States of any responsibility in connection with the disposition of Germany's overseas possessions and the other by Senator Reed reserves the right to pass upon all questions concerning America's honor or vital interests.

Reservations Adopted. The Senate adopted were:

No. 4, concerning mandates, providing that no mandate shall be accepted by the United States except by action of Congress. Adopted viva voce, without a roll call.

No. 5, concerning immigration, tariff, commerce, labor, coastwise traffic and all other domestic questions. Adopted 55 to 36.

No. 6, concerning the Monroe Doctrine and withholding it from any action or interpretation by the league. Adopted 55 to 33.

No. 7, withholding assent to the provisions in the treaty dealing with Shantung. Adopted 53 to 41.

No. 8, placing all appointments in the league or in any commissions formed by the treaty under the control of Congress. Adopted 53 to 40.

No. 9, giving Congress the right to direct the reparations commission in matters relating to exports from the United States to Germany. Adopted 54 to 40.

## EXAMINATION IS PROOF OF DEFECTS AMONG CHILDREN

Austin, Nov. 16.—In examining 2,482 school children in twenty Texas cities 2,345 defects were found, according to Miss Pearl N. Hyer, public health nurse of the Texas public health association. She estimates that two out of every three school children of Texas have defective teeth, basing her estimate upon the fact that 1,760 of the children examined had bad teeth. Of the 2,482 inspected by this nurse during the last twelve months, 302 were afflicted with defective hearing, while 384 needed glasses to correct their vision; 100 had granulated lids, and 272 had diseased gums. Another serious defect found was that 1,327 were suffering chronic trouble with tonsils.

"One can scarcely realize the number of children in the state who have some physical defect," said Miss Hyer. "Even the parents of the children do not realize that their little ones may have some defect which may be easily corrected in childhood. This shows the necessity for the public health nurse in counties and schools to recognize and help remedy whatever is wrong. This is one of the things which the Texas public health association is trying to bring to the people of Texas."

Work of the public health nurse consists of personal examinations of children and adults, giving health lectures to nurses, carrying out child welfare work, lecturing to school children, doing regular nursing work and assisting in carrying a health crusade to the children of Texas.

The Texas public health association is financed by the proceeds from the sale of Red Cross Christmas seals, and the sales campaign this year will be held from Dec. 1 to 10. The Texas quota is \$200,000, 90 per cent of which will be spent in Texas, according to the authorities conducting the campaign.

## BUCKNER ORPHANS' HOME PARTY

The ladies of Crowell Baptist church were entertained last Thursday from 3 to 5 p. m. in the home of Mrs. W. R. Womack. When the hour arrived the ladies came pouring in with their gifts they had raised to fill the boy to be sent to the Home by the Ladies Aid.

An interesting program was rendered. Mrs. Grace McLaughlin gave a paper on the Aid and its different phases and what they mean to the church. Mrs. T. N. Bell gave a paper on the 75-Million Campaign, followed by the Victory Campaign, and a Bible contest. Mrs. B. W. Self gave the ladies some information on the present needs of the Buckner Orphans' Home.

There were 26 ladies present and each brought a gift to the worthy cause.

After dainty refreshments were served the ladies departed to their homes declaring they had had a pleasant hour.

## 2ND NUMBER OF LYCEUM

Dr. Lincoln McColl's lecture at the opera house Tuesday night was the 2nd number of the Lyceum course. It was a treat to hear Dr. McColl. He is a great lecturer and now has a national reputation. He is one of the best impersonators that ever went on the rostrum and is a deep thinker. The subject of his lecture Tuesday night was "David Lions," taken from the story of David's marriage which is found in the book of Judges. It was of special value to the pupils of the school.

The next number will be "The Liberty Bells" which is to come Nov. 29.

No. 13, protecting the property rights of American citizens under alien enemy provisions of the treaty. Adopted 52 to 41.

Treaty Remains Before Senate. Washington, Nov. 19.—The resolution of ratification of the peace treaty containing the Lodge reservations was rejected today by the Senate. The vote was 39 for to 55 against.

The vote cleared the way for the consideration of possible compromise provisions acceptable to the majority of the Democrats and the mild reservation group of Republicans.

Democratic Senators favoring ratification either without reservations voted against the resolution, which had been described by President Wilson as one of "nullification" rather than ratification.

In order to put the treaty into a parliamentary situation where another vote could be had after efforts at compromise, the Senate then voted to reconsider its action. The motion was made by Senator Reed, Democrat, Missouri, and was adopted by the vote of the Democrats and mild reservation Republicans.

The effect of the reconsideration was merely to bring the committee resolution back to the same status it occupied before the ratification roll call.

The vote on the motion to reconsider was 62 to 30.

An effort by Democratic Leader Hitchcock to have the Senate adjourn at this stage failed, the mild reservationists lining up with the other Republicans against the adjournment motion.

The motion to adjourn was defeated, 51 to 42.

Senator Hitchcock sought to offer a set of compromise reservations, but a point of order by Republican Leader Lodge blocked him. Vice President Marshall ruled that the reservations were in order, and that the treaty, by the reconsideration, had been brought back into committee of the whole.

Senator Lodge appealed from the ruling. By a party vote of 51 to 42, the decision of the chair was overruled.

## FOUR PICK 2600 LBS. COTTON IN ONE DAY

The News once said that Foard County never does anything in a small way, and that is true. We have abundant proof of this statement almost every day. Here is one of which we call attention.

One day recently four of the Crossnoe boys, all brothers, picked 2603 pounds of cotton, receiving for their work \$3 per hundred and board. The amounts picked by them are as follows:

Earnest..... 808 pounds  
Elton..... 775 pounds  
Elmer..... 720 pounds  
Wilmer..... 300 pounds

The brothers are here named in the order of their ages, all young men, Wilmer being 13 years of age. The total amount of money they received for the day's work was \$78.00.

If there is a set of four brothers in the state that can show a better record than this we should like to know it. This is given as a challenge and if the record is not surpassed we shall claim them as the champion quartet pickers of the State.

## GENERAL NEWS NOTES

The Governor of Oklahoma declares that the refusal of the coal miners in that state creates a state of anarchy and threatens that the state may take over the mines and operate them to prevent suffering.

The five big packing concerns of America are charged by William B. Colver of the federal trade commission as planning to monopolize the coffee industry. It is also charged that these big companies operate in scores of related and unrelated lines of business through more than 500 separate corporations.

There is one English preacher who belongs to the old type who evidently believed in being filled with the "spirit" once in a while. He wants none of America's prohibition, as is shown by these heated remarks: "Men who would come and try to banish one of God's good gifts from our island had best be given a week's notice to clear. Isn't it enough to provoke national wrath that men should come from the church, Mrs. T. N. Bell gave a paper on the 75-Million Campaign, followed by the Victory Campaign, and a Bible contest. Mrs. B. W. Self gave the ladies some information on the present needs of the Buckner Orphans' Home.

Sixty Russian families are reported to have landed on the Western coast of Mexico last Saturday of three and a half million dollars.

Mexican officials at Puebla, Mexico, are saying that William O. Jenkins, United States Consul at that place, was not abducted by Frederico Cardona, the bandit leader, but that Jenkins was in convivance with him. The fact that Jenkins has been a resident of Mexico for years and has large interests there might lend credence to the report.

Secretary Carter Glass has been appointed to succeed the late Thomas Staples Martin, United States Senator from Virginia. His appointment will continue until the next election, November 1920.

## MOVES FROM KNOX CITY

Joe Couch has sold his home in Knox City and is coming to Crowell where he and his family will make their home in the future. Mr. Couch had one of the best little homes in Knox City, but he likes Crowell better as a place in which to live. He has rented a farm from J. R. Gamble west of town and will farm next year. For the present, however, he and his family will be located in town, having rented the house which is being vacated by T. L. Haggard.

The News is glad to welcome Mr. and Mrs. Couch to our city. They are just the kind of people we should like to have come to our town, for they are an asset any way you take them. For the most part Mr. Couch has been engaged in painting and paper hanging, and is the best in that line in West Texas, but for a diversion he is going to try farming for a while.

## COTTON MARKET SECURED AGAIN

For some reason shortly after the telegraph service for Crowell on the cotton market of the world was procured through the efforts of County Agent Chaney, it was stopped. Mr. Chaney went to work to see if it could be re-established, there being no good reason why it should have been discontinued, and he informs us that, after having written about fifteen letters to different quarters and departments relative to the matter, he is very much gratified to announce that this service is now being given again.

And any one wanting to know the market on cotton can get same at his office in the County Judge's quarters, either from Mr. Chaney or from the County Judge.

## AT BAPTIST CHURCH

Rev. Adams of Quanah will preach at the Baptist Church next Sunday morning and at night, according to previous arrangements. It is understood that he will be here in the evening of the Seventy-Five Million campaign.

## ACALA YIELDS 13 BALES ON 10 ACRES

A bale to the acre is always counted extra good for cotton yield anywhere, but one man in Foard County reports a better yield than that. This is C. L. Leonard of near Foard City, or rather of the Good Creek community.

Mr. Leonard has not picked all of his cotton, but he has gone far enough to see that he is going to have a splendid yield. On 10 acres he says he will make 13 bales, possibly a little more. The principle point in mentioning this splendid yield is the fact that the cotton is of the Acala variety, generally called long staple. As is generally known very little of this cotton was planted last spring and it has not yet gone beyond its experimental stage in the county, but so far as we have learned it has proven not only satisfactory where it has been planted, but is even more profitable than the ordinary kind of cotton because it yields more and brings a better price. This is a case to which the farmers can be led.

In this instance the soil and cultivation are to be noted. Mr. Leonard tells us that W. G. Collins has cotton right by the side of his and was cultivated as well as his own. The land is just alike, but Mr. Leonard's cotton is much better than that of Mr. Collins, and any one can see for himself. Mr. Collins planted the Mebane variety.

Mr. Leonard says when they had a few weeks of dry weather the Acala showed less signs of being affected than the ordinary cotton, which fact bears out the claim that it is drought-resisting in its nature.

## TENANTS BECOMING HOME OWNERS

Report of result of our drive to convert tenants to home owners through loans secured from the Federal Land Bank for the month of October.

Of the 597 applications for loans approved during October, 182 or practically 30 per cent were those of landless persons who sought loans for the purpose of purchasing homes. The oldest applicant was 73 years of age; the youngest 19; the average age of all is 37 1/2.

Eastern Texas, where lands are cheapest, furnished the highest percent (about three-fourths of the total). The Black Land Belt, where lands are highest in value, furnished the smallest percent. While in South Texas and West Texas the percent was better than in the Black Land Belt, though not so good as that of East Texas.

The importance of this drive will be appreciated when we remember the rapid and I might say abnormal growth of tenancy in Texas as shown by the Agricultural Bulletin for Texas, Thirteenth Census of the United States: Farms operated by owners, year 1880, 108,716; by tenants, 65,486; year 1890, by owners, 132,615; by tenants, 95,519; year 1900, by owners, 177,109; by tenants, 174,909; year 1910, by owners, 195,993; by tenants, 219,575.

These figures show that in the last thirty years the proportion of tenants in Texas has increased from 37.6 per cent of all farms in 1880, to 52.6 per cent in 1910. In that thirty years farm owners have increased at the rate of a little less than 3,000 a year while tenants have increased at the rate of a little over 5,000 per year. I believe that we should make every effort to reduce the percent of tenants to farm owners to this state, at least to the average proportion of tenants to farm owners of the United States, which is 37 per cent.

The Federal Land Bank of Houston, S. A. Lindsey, Secretary.

## TWO GOVERNORS DISCUSS BOUNDARY DISPUTE THURS.

To avoid bloodshed and further harsh feelings over the disputed oil territory south of Red River in Wichita County, Texas, the governors of Texas and Oklahoma together with other officials of the two states will meet in conference in Fort Worth Thursday. The dispute over whether or not the celebrated Burke-Senator oil and other producing wells are in Texas or in Oklahoma has reached the breaking point. The state courts of Oklahoma and Texas have appointed receivers for the property. While acreage is not so large it is very valuable because of the mineral oil.

To protect its interest, Oklahoma court officials have sent armed peace officers to take charge of the property and hold it against the claims of Texas at all hazards, with instructions, so it has been learned, to hold it even if they have to take life. The state of Texas recently detailed a squad of rangers to the field to protect the interest of this state. The Texas rangers were ordered to use all precautionary methods possible to avoid any conflict. The rangers selected by the Governor of Texas are known to be men of nerve, cool and of having great patience. The question of boundary is up before the federal authorities and probably will be decided by the United States Supreme court or by a special commission appointed by the court.

Oklahoma claims the land, stating that the river has changed its bed since the original boundary was laid out and when that section of Oklahoma was the Indian country. Both states are basing their claims on boundaries agreed upon under the old Louisiana purchase.

By vote of the majority present at Wednesday night's prayermeeting at the Baptist church, Rev. J. E. Billington was elected as pastor.

## WITH OUR READERS

J. E. Bell ordered the News sent to S. L. Cleaves, Riverton, Wyoming. Mr. Cleaves is with the Diamond Lumber & Hardware Co. of that place. Several years ago he was one of the business men of Crowell and will be remembered by many of our people.

Mrs. S. T. Denton wants the News sent to her address at Foard City. Mrs. Denton is moving from Good Creek to Foard City in order that she may put the children in school.

John Greening is a new subscriber to the News, commencing with last week's issue. John lives on route 1 and has a splendid cotton crop.

S. P. McLaughlin has the News sent to his daughter, Mrs. J. E. Kinsey, who is at Sterling City, Texas, taking medical treatment.

Lee Roy Cox of route 2 is a new reader of the News. He takes advantage of our clubbing offer with the Dallas News.

W. A. Patton renews for the paper and sends it to his sister, Mrs. Maggie Syler, Glendale, Ariz. for a year. Mr. Patton is another one of our good farmers and will make quite a lot on his cotton crop this year. He already has out 14 bales.

P. P. Ferguson is not only a regular reader of the News but he starts the paper to his son-in-law, W. E. Gray, Sherman, Texas.

F. A. (Fred) Brown of Thalia is a recent new subscriber to the News. He is one of our enterprising young farmers.

W. B. Shultz says he has to have the News, so he came in Saturday and ordered it for a year.

J. S. Booth was here from Colleyville last week and raised it with us because his paper had been stopped. He said, "When my time is out just send me a statement. I want the News to come right on." Mr. Booth was at one time a resident of Foard County and likes to know what is going on here.

S. P. Ferguson drops us a card and sends his paper changed from Alpine to Hamlin, Texas. He has been stationed at Alpine for some time with the railroad company but will be at Hamlin for an indefinite time.

Mrs. J. B. R. Fox orders W. E. Truesdell's paper changed from Arizona to El Centro, Cal., where the family now resides.

F. J. Jonas of route 1 came in this week and asked about his time to the News, saying that since his wife had sold about \$90 worth of turkeys he could pay for another year. It would seem from that remark that he had either borrowed the money from his wife or else it was his wife who was really ordering the paper. At any rate it continues to go to Mr. Jonas, and as for that, he would not have to borrow money from his wife to pay for the paper, for he is making about 12 bales of cotton, and that much cotton represents quite a neat sum of money.

S. E. Tate has been very busy this week but not too busy to drop in and order the Foard County News and the Dallas News for a year. Mr. Tate has been trying to help get the Kim county this year. Besides making a splendid wheat crop he raised a lot of cotton, and in addition to all the farm work he has had to do at home has been trying to help get the pimple Gin started by helping to install an oil burner.

R. P. Hembree of Margaret wants the News and the Star-Telegram. Besides taking advantage of our splendid offer on these two for himself he sends the News to his two sons, S. H. Hembree, Hereford, Texas, and W. S. Hembree, Floydada, Texas. Mr. Hembree is making a splendid cotton crop this year and is among the number who received more than \$200 for a single bale. But he says he is not competing with anybody on big bales. He does not think it best to put the whole crop into one bale.

Before leaving Wednesday afternoon for their new home at Moran, Texas, Mr. and Mrs. L. Haggard had a very interesting time following them, and so they left a check for the paper. Crowell is losing two mighty good people in the persons of Mr. and Mrs. Haggard. Mr. Haggard has been here for about 12 years, and Thursday he was connected with the Allison Dry Goods Co., and then the Self Dry Goods Co., which took the place of the former firm, and it had seemed that he had become an indispensable salesman in the business of the town, but he figured that his interests would be better served by a change. So he goes to Moran where he is connected with one of the largest firms there. Mrs. Haggard dates her acquaintance with Crowell people only since their marriage a few years ago, whose friends are numbered with everyone who knows her. Their leaving is sincerely regretted.

R. C. Bell and wife will get the News at Santa Rita, N. M., where they will make their home for an indefinite time. Failing health made it necessary for them to go to the mountains, and their friends hope that it will not be necessary for them to make the stay there permanent.

## BRO. HAMBLEN RETURNED

Rev. J. H. Hamblen informs us that he is returned to Crowell for another year as pastor of the Methodist church. This makes his third year here, and so far as we know it is the wish of the membership that his stay be continued. He hopes to have the new church completed by the next conference.

## AT THE CHRISTIAN CHURCH

Rev. Matthews, of Seymour, who preached at the Christian Church Sunday morning and also Sunday, Monday, Tuesday and Wednesday nights, will be back to preach the 5th Sunday.

## J. W. BEVERLY BUYS REGISTERED DUROC

J. W. Beverly received by express recently a registered Duroc boar, 8 months old which he purchased in Ellis County, Texas, and which he will add to his herd of 8 sows on his farm north of Foard City.

Mr. Beverly has never gotten into the hog business yet as he wishes but he is taking the right step in giving his attention to registered stuff. He is confident there is money in the hog business in this county and is going to give it a trial.

There are two fine herds of Poland Chinas in the county, those of J. E. Bell and J. L. Orr, and now two herds of Durocs, those of W. J. Sparks and J. W. Beverly. These are herds of registered stuff and will prove a great benefit to the hog raising industry in the county.

## CROWELL SCHOOL NEWS

Despite the fact that there was a high score stacked up by both sides last Tuesday's basket ball game between Foard City and Crowell was one of the fastest, hardest fought games of the season. We must admit that Foard City has a fair basket ball team, and the game seemed a well matched one. But we also wish to call attention to the fact that the final score, Crowell 29, Foard City 28, shows that Crowell High School has a team of which she is justly proud.

We wish to invite the people of Crowell to come to the school grounds to see our boys and girls engage in good, clean athletics and we promise that all the basket ball games in the future will be well worth watching. To the pupils of the Crowell Public school we say, "Come out and back your team. Watch our boys walk off with all honors."

Students continue to manifest interest in the Athletic Association of the public school, more than fifty dollars has been paid in as dues to the association, and with this money the counsel has secured equipment for four basket ball courts, one tennis court and four volley ball courts. All these courts have been crowded during this week with promising athletes.

The Athletic Association has recently elected a representative from each class of the High School and two members from the faculty to serve as an advising body for the athletics of the whole school. From the Senior Class Ruth Elliott was chosen as the representative for this contest, from the Junior Class Claudia Carter; from the Sophomores, Hubert Brown, and from the Freshmen, Tom Beverly. This association also elected Sidney Collins as athletic news reporter.

Out of the three hundred and sixty pupils enrolled in the school two hundred and twenty have become members of the Junior Red Cross. The Junior Class has taken charge of this campaign and is working for a hundred per cent membership.

At a regular meeting of the Junior Class cherry red and taupe grey were chosen as the class colors and "Excelsior" as the motto. On Friday the class went to Mrs. Cross' studio and had their picture made in the "Melting Pot."

The photographer has been kept busy this week making class pictures, pictures of athletic teams and indoor and outdoor pictures of the building to be used in the "Melting Pot."

## THALIA SCHOOL ITEMS

School opened again Monday morning, after a month's vacation for cotton picking, with twenty seven pupils present. We can see there is still lots of cotton to pick because when the school opened in September there was an enrollment of over one hundred.

The pupils should be very proud of their teacher, as the other day he was looking in the library for Benjamin Franklin's autobiography and came to the class with the New Testament.

We are very proud of our new book case, but if we had books sufficient to fill it we would be much prouder.

The pupils were very busy, studying the other day and all of a sudden Mr. Owens disappeared and they discovered that he was in the back of the room playing with the swags.

Though we are very few in number this week we are having just as much fun and doing as good work as we did when all were present, and you who are picking cotton are missing much joy as well as learning and we fear you don't find your work so easy.

As Johnny Capps was on his way to the cotton patch he stopped in to visit our school, but did not stay, although we appreciated his visit very much.

The little folks have their swings up and are having lots of fun swinging.

If it were not for the gin whistle to blow for noon we might become very hungry before we had any dinner, as our time piece was so slow.

Our larger boys and girls have received their new basket ball outfits, but haven't yet got their courts laid off and goals put up.

You who are absent must remember that as Franklin says: "Lost time is never found."

## THREE WEEKS SUPPLY OF COAL AVAILABLE IN U. S.

St. Louis, Nov. 7.—The southwestern region fuel committee, which apportions the distribution of coal in the southwestern railroad region, today announced three weeks' supply of coal in the United States.

If conservation measures become necessary the first step taken, according to the committee, will be the curtailment of gas and electric street lighting and electric display signs.

**MARGARET MUSINGS**  
(By Special Correspondent)

John Wesley and Mrs. Dunn autoed to Crowell on Monday. This was a business transaction.

Jimmy Ross took her husband to Crowell on Monday and Walter was sorry he did not stay in the cotton patch.

Uncle Jake has a contract to deport all the "Turks" and other undesirables and is busily engaged rounding them up.

A great many of our people had business in Crowell on Monday. They wanted to register with Charley Sandifer in time.

The mists have rolled away and we are enjoying fine weather. A few weeks like this and wheat planting and cotton picking will be completed.

Bro. Tharp has returned from conference and will be with us another year. This pleases the people generally and saves a great amount of expense moving.

Mrs. Bob Wells Sr. and Mrs. Bob Wells Jr. made a call upon Mrs. Wesley on Sunday. It makes us feel young again to be remembered by

dear friends of long ago.

We see by the papers that Marvin Jones is looking after the coal shortage in the Panhandle. He should remember that there are people east of the 100th Meridian who need fuel and are good voters.

Mrs. Bradford met with a painful accident on Saturday. She was feeding the sausage mill and caught her finger and Mr. Bradford just kept on grinding and pretended he did not hear her cries. Now he has to do the cooking and she don't have to pick cotton.

Our quiet town was terribly excited last Tuesday and we are not yet reconciled. A young man and his best girl took the train for Crowell to attend the celebration and it was surmised that they would procure matrimonial licenses while there. When the train halted at Crowell he got off and another man got on and she concluded to continue her journey. Two days later they returned but she was no "More," but Mrs. Mc.

**THALIA ITEMS**  
(By Special Correspondent)

Fred Brown purchased a new Ford car recently.

Mr. Doty made a business trip to Vernon Monday.

Bessie Tole and Carl Bradford are on the sick list.

Mr. and Mrs. Garland Burns visited in Crowell Sunday.

Mr. Tarver was in this community Monday on business.

Mode Haney hauled bagging and ties for the gin Saturday.

Mr. Solomon hauled coal Wednesday from Vernon to the gin.

Some of our young people visited at Rayland Sunday afternoon.

There was preaching at the Baptist church Sunday and Sunday night.

Grover Nichols made a trip to his farm in the Black community Monday.

Bro. Henderson and family dined with Mr. and Mrs. G. A. Niell Sunday.

Sue and Leona Thompson spent Sunday with their sister, Mrs. H. W. Banister.

Will Newbrough has moved his family here for the benefit of the school.

Mr. and Mrs. Mark Self visited their daughter, Mrs. Harley Caps, in Crowell, Sunday.

Mrs. Arthur Phillips spent the day with her parents, Mr. and Mrs. Abston, Sunday.

Will Banister and Mrs. Walter Banister were among those on the sick list last week.

Miss Ruth Haney spent a few days with Miss Christine Gregory near Vernon last week.

Mr. and Mrs. Burns entertained Friday night with a 42 party. All report a nice time.

Sylvan Haney, Russell Matthews, Bob and Tom Abston went to Vernon Saturday afternoon.

Miss Belle Abston visited her sister, Mrs. Fred Rennells, from Friday until Saturday afternoon.

Tom Ward and sister, Miss Pearl, of the Palinvew community attended Sunday School here Sunday.

The party at Mr. and Mrs. Wood Roberts Tuesday night was well attended. All report a nice time.

Walter Nichols and family of the Black community visited his brother, Grover, and family here Sunday.

Miss Laura Fleming attended church at the Baptist church Sunday and took dinner with the Misses Opal and Jewel Cato.

Cecil Cooper left Monday for Tipton, Okla., after a few weeks visit with his sister, Mrs. Sam Tole, and family.

Our school started Monday with 27 pupils after a month's vacation to give the children a chance to help gather the large cotton crop.

Roll and Myrtle Johnson went to Vernon to meet their cousins, Misses Joyce, Mary and Pauline Figg, who will visit relatives here for a while.

Mr. and Mrs. Jeff Flemming called to see Mrs. Schroeder Sunday afternoon. Mrs. Schroeder has been sick but we are glad to report her improved.

The gin has installed new electric lights Saturday night the yard is full of wagons and the farmers patiently waiting for coal so they can get their cotton ginned.

Otto Schroeder left Sunday for Alvoid in search of hands. He was accompanied to Vernon by his son, Ewald, and Loyd Porter, Emanuel Leak, brother of Mrs. Porter, and Mrs. Elmer Kee.

Walter Banister went to Vernon Sunday to meet his brother, Jim, from Hugo, Okla. He says he saw more cotton between Vernon and Thalia than was raised in the entire county he lives in.

Claud and Leetus Roberts accompanied their Grandmother Johnson home Friday from Sulphur Springs, Texas, where she has been visiting her daughter, Mrs. Elmer Roberts. They will pick cotton a while before they return home.

Mr. and Mrs. Jno. Bradford received the sad news Saturday that their granddaughter, Estell, daughter of Mr. and Mrs. Frank Bradford, of Swearingen, was dead. Jno. Jr. and sister, Flora, left immediately for that point. Mrs. Bradford and sons, Ben and Buell, accompanied by Elmer Kee left Sunday morning to attend the funeral, returning Sunday night. We extend sympathy to the bereaved ones.

A surprise dinner was given on last Tuesday at the home of Mr. and Mrs. J. G. Thompson in honor of J. G. Thompson's seventieth birthday. His children were all present and are as follows: Hugh Thompson, Mesdames H. W. Banister and R. G. Nichols, and Sue, John and Leona Thompson, all of whom had prepared bountiful dinners and on the morning mentioned they with a few invited guests assembled and began to spread dinner, and as the noon hour approached "Uncle John" was invited in and when he entered the dining room he was greeted by all his children all wishing him many more such birthdays. His 12 grandchildren all partook of the bountiful dinner with him.

**PLAINVIEW POINTERS**  
(By Special Correspondent)

Hiram Miller and family are here from Electra picking cotton.

Some of the farmers are unable to get their cotton ginned and have just piled it up in the field.

Tom and Pearl Ward attended church at Thalia Sunday and visited in the Sam Tole home.

Bud Clark and wife, also Mrs. Jim Jordan, from Rayland spent Sunday in the Luther Ward home.

# BUY EARLY!

**B**UY now, if you do not want to pay more. Everything is constantly going upward, goods of all kinds are growing scarcer.

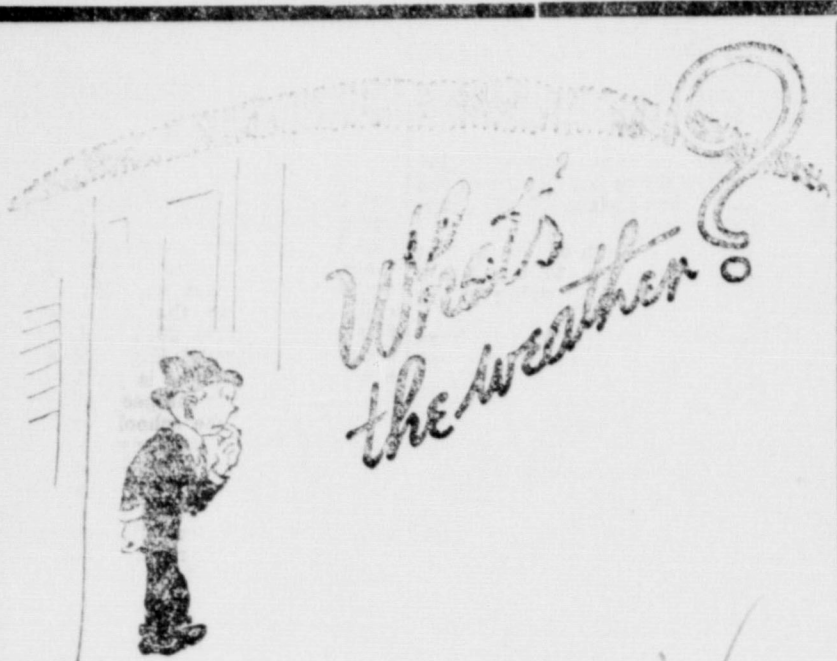

We have a big stock of most everything, either already in in store or already on road, but bought many months ago.

We hope to be able to supply our customers, in most cases, up to January 1. Do not know about it after that date--goods are so scarce. They will be much higher than now.

Watch this space from now on for very important announcements.

**We will have nice Christmas Gifts.**

**W. R. WOMACK**  
FURNITURE AND UNDERTAKER

**There's Going to be Lots of Cold Weather!**

Our overcoats will help you stand it; mighty stylish, too.

Prices are RIGHT!

We also have a good showing of wool shirts, gloves, caps, etc., to keep you warm.

## Fat Hogs and Cattle Wanted

I am prepared to handle all of your fat hogs and cattle, and will pay the highest market price. Phone, see me in person, or write

**ZEKE BELL**

Lee Jordan has sold a 160-acre farm to Henry Reeves. Mr. Jordan and family will move to Vernon.

Wallace Scales returned Sunday from Milam County where he went to get cotton pickers. He brought back a family of eight.

Among those who are on the sick list this week are Grandma Scales, Mrs. Huntley, Houston Adkins, Archie Miller and Ray Short.

Will Matthews from Grayson County came up last week and brought his brother, Fark, some cotton pickers. He returned home Sunday.

Bob Huntley and wife spent Saturday night and Sunday with Mr. Braswell and family near Vernon. Bob is helping Cap Adkins pick cotton.

Bad Gray and family have arrived from East Texas where he went to reside some two years ago, but Bad got homesick to see old Foard County again and we understand he has come back to stay.

We did not get our items in last week on account of our mail carrier observing the National Holiday, and we were so busy in the field helping to gather the white fleecy staple that we forgot to mail them on Monday. We were glad so many took part in the grand celebration and would liked very much to have helped, but on account of the bad weather we have had and the scarcity of hands we were detained in the field the whole day.

#### COULDN'T MATCH THAT STORY

Senator Set Altogether Too Fast a Pace for Even Veteran Bore to Follow.

A senator was entertaining some friends with stories about the Arizona desert, when a bore joined the party. This bore was the kind of a chap that always laughs in the wrong place and spoils a story by trying to guess its climax. The senator undertook to silence him.

"Poor Ferguson!" he said. "That was a close shave he had in the desert last August."

"Sunstroke, of course," said the bore. "No, not exactly," said the senator. "You see, Ferguson stumbled accidentally on the Caudron--our famous spring, you know, that rushes out of the rock at freezing point and immediately begins to boil from the fierce heat of the sun."

"Of course, of course," said the bore. "And what happened to Ferguson? Did he fall in the cauldron and boil to death? Get on with your story, man."

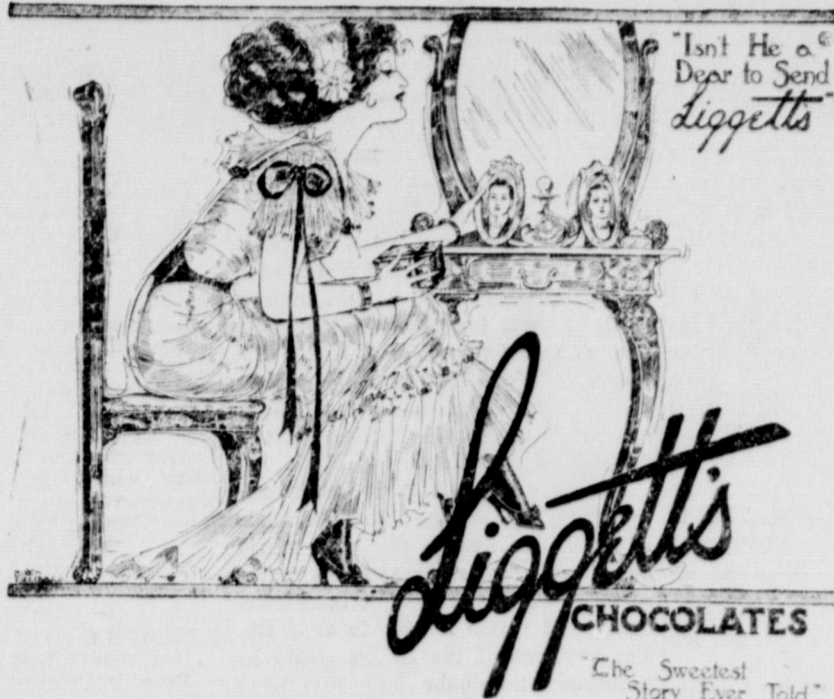

"Ferguson fell in," said the senator, "but he managed to scramble out again. The peril, however, was not yet over for him. Our Arizona air, you see, is so dry that it absorbs moisture with astonishing rapidity. Well, the boiling water in Ferguson's clothes evaporated so fast that the poor fellow instantly froze stiff."

"I see," said the bore. "He died of cold. Well, that reminds me--"

"No, he didn't die," said the senator. "He almost died, but he had a miraculous escape. In his stiff-frozen state, you understand, he began to shiver with chill, and he shivered so hard that in a few moments he became overheated and would have succumbed to sunstroke if he hadn't providentially broken into a cold sweat."

#### Successful Woman Trapper.

Trapping predatory animals is scarcely the kind of occupation in which a woman might be expected to distinguish herself, even with the great extension of the range of feminine activities to which we have been accustomed lately. Mrs. Ada Tingley of Idaho, is reported, however, by the Northwestern division of the United States biological survey, to be so successful in this employment that her male rivals are finding it hard to keep up with her records. Her victims are mainly coyotes, bob-cats, wolves, lynxes and mountain lions. At 8:30 every morning Mrs. Tingley mounts her cayuse and rides off to her traps, of which she runs six lines, of 50 each. She uses a fish bait prepared by a secret formula. On occasion she can use a .32 caliber rifle with almost perfect accuracy.

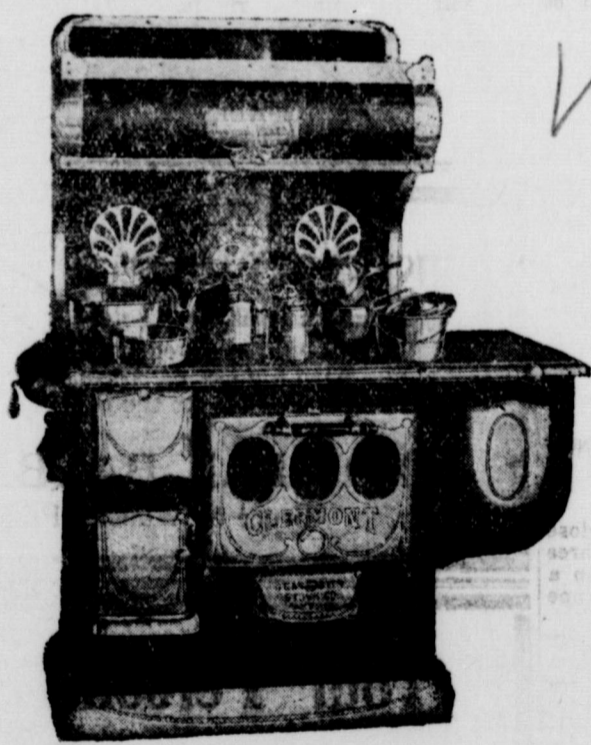

To please her best, take her a box of Liggett's Chocolates. The most delicate tribute you can pay to one you care for is a gift of delicious Liggett's Chocolates. There is tender appreciation for you when you give her a box of Liggett's--for instance--Liggett's Cordials.

They will make a subtle appeal to her that you can make in no other way. They will give her pleasure--and thereby give you pleasure--and mark you in her esteem as one who possesses both good taste and kind thoughtfulness.

## Fergeson Brothers

The *Rexall* Store

# ARRIVED

We have received a large shipment of Stoves.

Cook Stoves	- - -	\$25.00 to \$90.00
Hot Blast	- - -	\$20.00 to \$35.00
Upright Heaters	- - -	\$14.00 to \$32.00
Bachelors	- - -	\$ 8.50 to \$15.00

We have most any style or kind of stove you would want, also scuttles, shovels, boards and anything in the stove line.

Come in and look our stock over. We carry a complete stock of anything in the Hardware line.

## J. H. SELF & SON

#### THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

"Mrs. T. F. Worley, Crowell, says: 'About two years ago my back and kidneys were causing me a lot of trouble. Bending over so much at my housework caused me a great deal of pain through the small of my back and up into my shoulders. There was a steady, dull ache there day and night. Every muscle in my back seemed lame and sore. At times I became dizzy and had headaches very often. I got Doan's Kidney Pills from Fergeson's Drug Store and they cured me entirely.'

Price 60c, at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mrs. Worley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

#### TO ALL TELEPHONE PATRONS

In order to improve its service, make necessary increase of approximately twenty-five percent in salaries and wages of operators and employees which has been demanded and must be met if we keep our help, and to meet the very high cost of all material needed for repair and upkeep of its system, the Haskell Telephone Company is forced to increase telephone rentals.

Beginning December 1st, 1919, the schedule of telephone rents will be as follows:  
Residence phones... \$2.00 per month  
Office and business phs. \$3.00 per mo.  
Desk phones... \$3.25 per month  
Rural phones owned by Company... \$1.50 per month

Switch board service where subscribers own phones and lines... 75c

You are further notified that on the 1st day of each month beginning with January 1st, 1920, a monthly statement of your indebtedness to the Company will be mailed to you and unless payment thereof is made by the tenth of each month your telephone will be disconnected and service discontinued. This rule is made necessary in order to save expenses of collectors and to stop grave losses arising from subscribers who have in the past abused the indulgences of collectors and finally failed to pay at all.

An investigation will disclose that the above rates are cheaper than those now in force with ninety percent of the Telephone Systems in Texas, and that the above rule as to collection for monthly rentals and accounts is generally in force with all companies.

Yours for better service,  
HASKELL TELEPHONE CO.

For Sale--Case tractor, plow, disc and drill--J. D. Bagley, Margaret, phone 3 shorts on line 14 26p

We don't care how fast our subscribers pay up subscriptions.

Meet me at Fergeson Bros.

#### BRINGS WONDERFUL PRESCRIPTION TO ALL ECZEMA SUFFERERS

Zemerine, the latest scientific prescription for the treatment of eczema, itch, and similar skin diseases, is now sold in leading drug stores. Until recently it was the guarded formula of a great physician, and men have paid a higher price for the treatment, but now it is within the reach of every sufferer.

It's time to say goodbye to inflamed and burning skin! Farewell to irritating and unpleasant sores, splotches,

and blots which mar your face and make you so uncomfortable. Zemerine can give you relief as it has others. Give it a trial under our guarantee, your money back if it fails to benefit you. Simple directions accompany each bottle. Sold in two sizes, 50 cents and \$1. Start today and learn what relief means. If your druggist can't supply you, the Zemerine Chemical Co., Orangeburg, S. C., will send you a bottle prepaid upon receipt of the price.

## Your Groceries

Will naturally be satisfactory if you buy them at our store. The prime reason of the above fact is because we have a care in

### Quality, Service and Price

that pleases all the people who favor us with their patronage. A month's business will convince you. We are prompt as well as careful. All you have to do is to send or leave your order and you will find everything as ordered, in the very best quality of groceries and at prices that will keep you dealing with us in the future.

Try a sack of

## ORIOLE FLOUR

And you'll say its biscuits are good enough for a king. And it's always the same high-grade flour.

## Edwards & Allison

The People's Cash Grocery Store

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, OWNERS AND PUBLISHERS

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, November 21, 1919

**THE COAL SITUATION SERIOUS**

It is not new to make the statement that the coal situation is serious, yet, perhaps not all have realized the fact fully. One can begin to understand it if he will consider the fact that the big majority of our citizens are not supplied with their winter fuel, some not even having any at all, and no cars in sight. To make it even worse, if there were any cars in transit for Crowell we might expect them to be confiscated by the railroads. That is happening all the time. It happened here this week. Two cars stood on the track at the depot, consigned to Herring-Showers Lumber Co., of this place but the railroad would not let them touch it.

Some of our people have been going along saying "Oh, the situation will change in a few days." And it may, but it is not likely to change so that we can get coal. Just as well put that down now.

In the first place, the Government is going to have coal for the railroads if possible, and since the mines shut down production is so minimized that even the Government is now figuring on a general embargo on freight throughout the nation in order to conserve enough coal to keep in operation such roads and industries as are absolutely necessary. So, as long as the present situation exists we can not see any possible hope for the people of Crowell to procure coal as fuel for the winter.

If the coal dealers here are so fortunate as to get a car of coal once in a while, its distribution will have to be taken up in a systematic way in order to supply those absolutely in need and who can not make other provisions for fuel, or else there will be suffering this winter from cold.

This being true, it will be the part of wisdom for those who can possibly get wood, to do so. Every lump of coal that comes to Crowell will be needed by those who can absolutely make no other provisions. If you live in town or in the country and have a team and wagon, count yourself fortunate, for you can get wood by going after it, and if you have these you can go. If you have not, you face the more serious problem of making other provisions. What other provisions could be made is not yet in sight.

The News is not wanting to scare anybody. We face a situation that must be solved by us. The miners will not do it. The Government will not do it. Then it's up to us and the quicker we get at it the better for us. Some of the people of Crowell have their supply of coal for the winter. All together perhaps there are a good many tons of coal in town, and we believe every one who has it should use it very sparingly.

All of what is said here has reference to domestic needs, but if only traffic can be allowed to continue, we should count ourselves fortunate. If that stops, we are sewed up sure enough.

Again let us say, we don't believe in getting scared before the devil comes, but at the same time when we hear him shaking the bushes, let's get ready for him.

**THE UNIVERSAL STRIKE**

Having experienced more than three thousand strikes since the armistice the American public now hears of a great super-strike, to include miners, railroad men, longshoremen, printers and all other groups that can be induced to join. This is a big undertaking, and organized labor risks its own life when it attempts to throttle the life of the nation.

It is easy to guess what would happen in such an emergency. Old friends of the unions, and all new ones, would be compelled to rally with the forces of the government to beat the strike, because it would mean life or death. The business of the nation would be paralyzed, no doubt, but volunteers would spring up everywhere to do the necessary work that would prevent the coercion of the entire population by a minority.

A prominent authority is "rather hoping that it will be attempted" as it would do more to clear the atmosphere than anything else that could occur. Labor leaders with ideas of ruling the government would find out where the public stands. Few thinking people have any fear of a general strike. Society will find an efficient way to protect itself, and the strike would henceforth lose lots of its terrors.

The coal situation is still unsettled. The miners are not returning to the mines very fast and the present supply of coal in the face of winter is rapidly being used up, which gives the whole picture an ugly color. We believe the situation will be solved and that our country will profit by its present experience. We are in the reconstruction period and will unavoidably pass some danger points before smooth sailing and a calm sea are ours, but in the meantime we shall gain nothing by losing our heads.

The announcement is given that committees are to be named in every county in the State to work in close co-operation with United States District Attorneys and the Federal Department of Justice in the enforcement of the Lever Act against profiteering and hoarding.

The Government seems to be ready to surrender the railroads back to their owners Jan. 1, but the owners are not in position to say that they want them, especially in the face of the threatening nation-wide coal famine.

The printer's prices are not in proportion to those of any other business, they are too low and can never catch up. Therefore if they are ever on an equal footing with other prices they must meet.

Lieut. Governor W. A. Johnson announces that he will not be a candidate for Governor of Texas, but says he prefers to remain at his present post, and will therefore be a candidate for Lieut. Governor again.

**CARD OF THANKS**

Mrs. Hamblen joins me in expressions of deep gratitude and heartfelt thanks to our friends and neighbors for the kindnesses shown during my recent illness. I will get out now and within a short time I hope to be back at my work again.  
J. H. HAMBLEN.

**ADELPHIAN CLUB**

The Adelpian Club met in regular session Thursday, Nov. 13, 1919, with Mrs. T. E. Womack.  
After the reading of the minutes and roll call several important business matters were brought before the house, one being the annual bazaar, which will be at the postoffice, Dec. 6, 1919. Another, the membership was raised from twenty-five to thirty members.  
A very interesting lesson on Julius Caesar was finished about four-thirty after which delicious refreshments were served.

After spending a most pleasant afternoon, the club adjourned to meet with Mrs. W. F. Kirkpatrick Wednesday, Nov. 26, 1919.

**BRUNK'S COMEDIANS COMING TO CROWELL WEEK OF NOV. 24**

Brunk's Comedians, an association of unusual size and exceptional merit will begin a week's stay in Crowell on Monday night, next, Nov. 24th, and present a line of comedies never seen here before and in a manner that will compare with those to be seen in the best opera houses in the larger cities. "Little Peggy O'Moore," and the greatest of all plays dealing with the late war, "The Coward." Numerous specialties are introduced nightly. The prices are 40c for adults and 20c for children 12 years of age or under. These prices include the war tax. Their mammoth tent theatre is kept comfortably warm with five monster stoves and you are as comfortable as you would be setting by your own fire-side. (Advt.)

**A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED**

Look, Mother! If Tongue Is Coated Clean Little Liver And Bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine made by "California Fig Syrup Company."

**PYREX OVEN WARE SAVES--**

**Fuel--**

You can save about one-half the heat you ordinarily use in the oven! Pyrex requires only half as much heat as an ordinary pan. Yet the food inside cooks as quickly and much more deliciously. Still more fuel is saved because Pyrex continues to cook food long after the heat has been turned off.

**Time--**

You need no longer waste time and energy scrubbing black pots and pans. Pyrex is easily washed. Moreover, you can cook your meals in much less time when you use Pyrex. It makes food cook so much more quickly and thoroughly. It saves the number of dishes to be washed, too, as you bake and serve food in the same Pyrex dish.

**Food--**

You can leave out one-half the shortening of cake, pies, pastry, etc., when you bake in Pyrex. Think what a big saving in expense! Left-overs cooked in Pyrex are so delicious that all temptation to waste is gone. In the Pyrex casserole meats cook so thoroughly, so evenly, retaining every bit of savory juice, that you buy the cheaper cuts-cut that you never thought of buying before. You will be proud to serve them--Pyrex makes them so much more delicious.

**Waste and Worry--**

Women who are using it know that it is almost impossible to burn food cooked in Pyrex! This is because it heats so evenly. By cooking in Pyrex women are conserving fuel, food and labor.

**See Our Display**

**M.S. Henry & Co.**

**CARD OF THANKS**

We take this method of expressing our appreciation to our friends for manifestations of a spirit of helpfulness and sympathy in the death and burial of our son. We can not give true expression to our feelings of thankfulness because words are insufficient. We just want you to know our mind toward you. It shall be ours never to refuse to repay you for that kindness so far as possible when the opportunity presents itself.  
MR. AND MRS. M. H. BISHOP.

**ATTENDING SHRINE CEREMONIAL IN FT. WORTH TODAY**

The novices to take the Shrine at the Moslah Temple in Fort Worth today are: Henry Burruss, S. C. Auld, Dr. Clark, George Hinds, Ed Shannon and E. Swaim. The shriners who are attending the ceremonial are: Sam Russell, J. W. Bell, Tom Cates, W. B. McCormick and S. S. Bell.

**YOUR COLD EASED AFTER FIRST DOSE**

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours

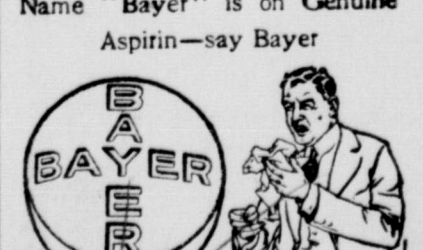

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't say stuff-up! Quit blowing and snuffing! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

**ASPIRIN FOR COLDS**

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer" package, containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Mono-acidester of Salicylicacid.

**FOR SALE**

A good 220 acre farm, 5 miles west of Knox City, 190 in cultivation, 4-room, concrete residence, very good barn, plenty of good water, other improvements, 1/2 miles to school. Rented to a good man for \$920, \$65.00 per acre, 1/2 cash, good terms on balance, or \$62.50 per acre and retain one-half the mineral rights. 337 acres deep sandy land, 5 miles west of Rochester for \$25.00 per acre, and 700 acres joining for \$35.00 per acre. Small payment and easy terms.

 Alvan Spencer, brother of Leo Spencer, came in this week from Mart, Texas, and will take the position as assistant postmaster.  
 Lost.—A hobnail shoe on the north road between Crowell and Thalia Wednesday. Finder leave at News office or at Thalia.—C. C. Lindsey.  
 Miss Lela Womack has accepted the position formerly held by Miss Mary Woods at E. Swaim's garage. Miss Woods has accepted a position in Dalhart.  
 For Sale.—160 acres, 2-room house, 40 acres in cultivation, \$20 per acre. Possession at once. Other bargains in real estate.—S. B. Middlebrook, Margaret, Texas. 27p  
 Any one wanting electric irons can get them at the power house. We have some General Electric, and also some Hot Point irons in stock.—Yoder Light & Power Co. 27  
 Don't fail to hear the next Lyceum No. The Liberty Belles, at the opera house, Saturday, Nov. 29. They will give you an evening of musical entertainment both vocal and instrumental.  
 Mr. and Mrs. J. A. Shawver and son, John Bob, and daughter, Caroline, were here Saturday from Seymour. They were accompanied by Mrs. Shawver's sister, Mrs. Emmitt Blakemore, of Foard City.  
 Plenty of money to loan on farms and ranches on long time at 8 percent. Option payments of all or part at any interest paying period—no long waits. You get all the money you borrow. See J. E. Bray. 29  
 We have six or seven men who will want to buy farms within the next 30 or 60 days. If you want to sell your farm we will be glad to have you list it with us as soon as possible.—Beverly & Beverly. 27  
 Mr. and Mrs. Henry went to Quanah Sunday where Mrs. Henry took the train for Fort Arthur to attend the State Meeting of the Women's Federated Clubs as representative of the Adolphian Club of this city.  
 Rev. Ed. Tharp was here from Margaret Tuesday. We were glad to learn that the conference had returned Bro. Tharp to Margaret as pastor of the Methodist church for another year. He is a good preacher and a valuable citizen.  
 The Liberty Belles.—Miss Kathleen Le Baron, guitarist, lyric soprano, reader, ukelele; Miss Vera Krake, dramatic soprano, Irish harp, pianoloquist, ukelele; Miss Elsie Demont, alto, violinist, mandolinist, ukelele. These three charmingly-talented young ladies present a program of infinite delight. Opera house, Saturday, Nov. 29.

## Buy Dry Goods NOW!

EVERYTHING points to higher dry goods in the near future, and we believe that the buyers who buy dry goods now will effect a great saving.

All lines for spring are much higher, and in many instances are higher than we are now retailing them for. Many lines are not to be had at all.

Goods are scarce and hard to get at any price, and we think it good business judgment for our customers to buy dry goods now.

If you wait for things to be cheaper you will wake up some morning to find them much higher.

Money saved in purchasing goods is money made, and we know you can effect a substantial saving by buying dry goods now.

We never mark any kind of goods up, so you will find many things in our store at very attractive prices compared with the market of today.

Prepare now to come to our store and buy dry goods now, for if you do not you will have much higher prices to pay later in the season.

## Self Dry Goods Co.

Cotton Insurance.—Leo Spencer.  
**Meet me at Ferguson Bros.**  
 J. R. Meason is here this week from Big Sandy, Texas.  
 Walter Huntley has recently bought the dry business of Percy Moore.  
 Mrs. D. R. Vandervail of Ft. Worth is here to make an extended visit with her mother, Mrs. Robert Cole.  
 For sale a few Indian Game roosters and pullets, also some Rhode Island Red roosters. Prices \$1.50 to \$2.00.—J. G. Ford. 26p  
 W. D. Logan is here this week from Wyoming. He says there is a drought in that country that has forced the cattlemen to ship out their stock to other countries for grass. They are shipping to the Plains country in Texas and New Mexico.  
 Mr. Arthur McMillan and Miss Myrtle Moore of Margaret went to San Angelo on last Tuesday where they were married on Wednesday. They returned to Crowell Thursday where they will make their home, Mr. McMillan being employed by the Bell Grain Co.  
 J. W. Klepper received an invitation this week to the marriage of his nephew, Forrest H. Taylor, to Miss Ova Lee Cockrill, which will take place in Bonham, November 26, 1919. Mr. Taylor lived in Crowell for several years while a boy and will be remembered by many people here.  
 Rev. J. H. Hamblen, who was critically ill at his home for a couple of weeks was able to be on the streets Tuesday. It will be gratifying to his many friends to learn that the Methodist Conference in session at Lubbock last week returned Bro. Hamblen to Crowell for another year.

**FOR SALE**  
 My home just outside the city limits west of Crowell, 19 acres, house, good garage for two cars and large room and fuel bins in connection with it, one under-ground and one galvanized iron cistern. (About 8 tons headed feed, several acres bundles, etc. Connected for electric lights and straight line telephone. This will make an ideal suburban home and would not be for sale at twice the price asked if we were not intending to move away.—D. P. Yoder.  
**NOTICE**  
 I have a few choice irrigated farms for sale at bargains, 1/4 to 3 miles of Harlingen. If interested write or see W. E. Simmons, Harlingen, Tex. 25

## Wearever Rubber Goods

When it comes to durability, the name, "Wearever" is a most fitting word to apply to this line of rubber goods. That's why they are called "Wearever" Rubber Goods.

Made of the best material to be had, they cannot fail to give satisfactory service. That's why this line is worth more than the ordinary rubber goods, for when there is a break in rubber goods, they are not easily repaired.

In this line you find all the articles commonly used in the household, such as Syringes, Hot Water Bags, Tubes, etc., all at right prices.

See our show window for display of these goods, and if you do not see there the article you want, maybe we have it on the shelf.

But remember, if you want the best, it's our famous line, the

THE STATE OF TEXAS  
To any sheriff or any constable of Foard County, greeting

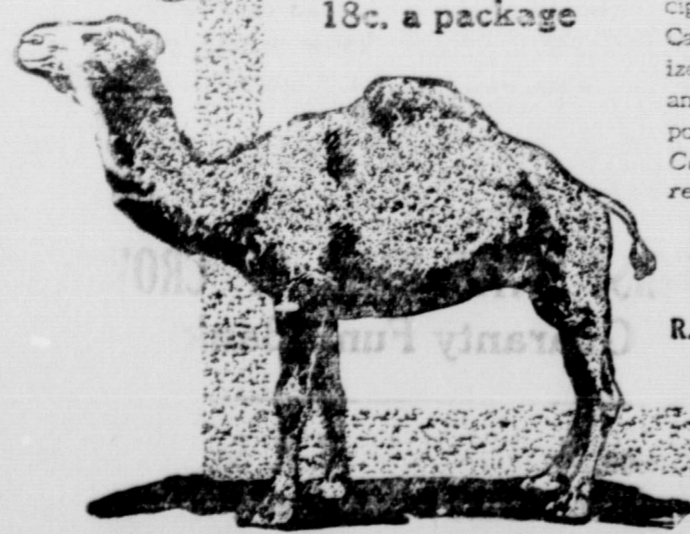

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Foard County, a copy of the following notice:

The State of Texas.  
To all persons interested in the estate of C. S. Greening, deceased, Mrs. Edna Greening has filed in the County

Court of Foard County, an application for letter of administration upon the estate of said C. S. Greening, deceased, which said application will be heard at the next term of said court, commencing on the 1st Monday in December, A. D. 1919, the same being the 15th day of December, A. D. 1919, at the court house thereof, in Crowell, Texas, at which time all persons interested in the welfare of said estate, may appear and contest said application, if they see proper to do so.  
Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ, with

your return thereon, showing how you have executed the same.  
Given under my hand and the seal of said court, at office in Crowell, Texas, this 12th day of November, A. D. 1919.  
MARIE HARRIS,  
Clerk County Court, Foard Co., Tex. 27  
Fat Cattle Wanted

# Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

### COULD NOT EVEN RAISE IN BED

Hastings Tells of Daughter's Wonderful Recovery Through the Use of Tanlac

"My daughter's recovery through the use of Tanlac was so wonderful that I can't help rejoicing over it," said J. C. Hastings, a well-known farmer living at Alief, Texas. "For two years," he continued, "she was sick with stomach trouble and neuralgia and her sufferings were something awful. Most everything she ate would give her trouble, and many a time she would wake up in the night in so much distress that she couldn't speak or even raise herself up in bed. By morning she would be so weak and worn out that she would be hardly able to get up at all. In fact she had to spend most of her time in bed and was forced to give up her housework, and I was afraid she would never get well. "I read in the papers about a friend of mine who had been relieved by taking Tanlac, so I got the medicine for my daughter, and now she is like a different person. Instead of lying in bed weak and miserable, she is the first one up in the mornings and is now well and strong enough to take up her housework again. She never complains of suffering like she did before, and from the way Tanlac has built her up I have so much faith in it that I never expect to be without it in the house."  
Tanlac is sold by all druggists.

POINTED PARAGRAPHS  
Work, grin, and ease up your expenditures, and you'll be surprised how good things will turn out.

Rumania has been forced to quit Budapest. Seems to us that she was to do that several months ago.

Gov. Coolidge of Massachusetts has been re-elected, the Boston policemen to the contrary notwithstanding.

When workers speak of the "revolution" they should not forget that our government is not at the mercy of mobs.

Poland and Germany have signed an agreement relating to the exchange of coal, potatoes, raw materials and food stuffs.

Give the proper attention to your job, your family, and your bank account, and your wrongs will begin to disappear.

Lord Rothermere says Great Britain faces a deficit next year of \$3,000,000,000. This has caused an agitation for the appropriation of war fortunes.

Petrograd has possibly been disappointed in not being captured. Utopia brought famine and germs, and it would be willing to stand less liberty.

We may have sympathy with all the aims of every dissatisfied worker, but when trains don't run, food runs out, our feelings are apt to become peeved.

The Philippines are enjoying an acute rice shortage. The government has prohibited export, taken over the distribution of the supply, and fixed the prices.

A strike of choir boys has been reported from San Francisco. They won't even sing without certain payments. Still, more pay and less whines in the choir would help the church.

Announcement of an enterprise for the irrigation of half a million acres of land in the Fuerte River valley in Sinaloa is accompanied by assertions that thousands of Germans will settle there.

A lot of foolish reports that Germany is planning to flood foreign markets with cheap goods causes a paper to guess that in view of the present high cost of living there will be no such luck.

At the end of 1918 there were 336,872 Japanese in Korea and there were 17,057,032 Koreans, but the small number of Japanese, backed by their government, control the large number of Koreans.

Employers probably realize that their action in past years in trying to keep men from getting their just deserts brought about their organization and finally efforts to get more than they deserve.

Siberia is now threatened with typhus, more than 12,000 cases having occurred among the troops since January first. In a contest between Bolshevism and typhus the troops have a hard choice.

### CITY ORDINANCE

Be it ordained by the City Council of the City of Crowell, that hereafter, it shall be unlawful for any merchant, grocer, or dealer in wares or merchandise, or trader in any business whatsoever, or the proprietor of any place of public amusement, or the agent or employee of any such person, within the corporate limits of the City of Crowell to sell, barter, or permit his place of business or of public amusement to be open for the purpose of traffic or public amusement on Sunday, and any person violating the provisions of this ordinance shall be fined in any sum not less than \$20 nor more than \$50; provided that the provisions of this ordinance shall not apply to markets or dealers in provisions as to sales of provisions made by them before 9 o'clock a. m., nor to the sale of burial or shrouding material, newspapers, milk, nor to the sending of telegraph or telephone messages at any hour of the day, nor to the sale of drugs, the keepers of hotels, boarding houses, restaurants, bath houses, ice dealers, nor to telegraph and telephone offices.

Approved  
C. T. SCHLAGAL,  
Mayor of the City of Crowell.  
Attest:  
W. B. McCORMICK,  
City Secretary.

SO DOES THE PRICE!**

NEWS AND STAR-TELEGRAM **\$7.00**

**WORLD NEWS**  
**New York Magistrate Says All Communists Are Criminals.**—William McAdoo, Chief Magistrate of New York City, asserted in judicial opinion, that all persons who subscribe to the constitution of the Communist Party are guilty of criminal anarchy and subject to arrest and prosecution at any time. Under this ruling it is said that more than 7,500 members of the organization in New York City are subject to immediate arrest. Last week 24 radicals were held in jail, ranging from \$3,500 to \$5,000 each, to answer the charge of anarchy, and hearings were completed by the Federal authorities in New York for the deportation of 82 radicals held at Ellis Island.

**Bank Heads Favor Speculation Curtailed.**—During a special meeting at the Federal Reserve Bank in New York recently there was an important discussion of the credit and banking situation, due to the fact that bankers and Federal officials are much disturbed because of the widespread speculation in securities and commodities, and are considering steps to check the movement. It is pointed out that a continuation of the heavy speculation in stocks in New York and elsewhere throughout the country is likely to have a decidedly unfavorable effect psychologically on the country and on the banking credit situation. While there is to be drastic action, an attempt will, it is said, soon be made to curtail speculation.

**Thirty Thousand Galicians Join Anti-Reds in Russia.**—A wireless dispatch received in London from General Denikin, the anti-Bolshevik leader in South Russia, states that 30,000 Galicians have joined in the struggle against the Bolsheviks and that, as a result, General Simon Petlura, head of the Ukrainian forces, has laid down his arms. A Bolshevik dispatch received in London also admits the capture of General Denikin of 1,000 prisoners and the loss of the city of Orpinskaya. General Yudenitch, recently reported to be retreating, is also said to be counter-attacking in an offensive against Gatchina.

**The Program of "Red" Germany Revealed.**—Among the plans disclosed in the Program of the Communist Party of Germany, which was captured recently by troops of Minister-of-Defense Noske, are the following party blanks: "The creation of armed troops in individual industries; ruthless stoppage of industries; if an industry can no longer be defended all construction and boilers must be exploded; the occupation of all food bureaus; specialization of strikes on railways, transportation of food and in other industries will be stopped; financial support and material assistance are promised from Russia."

**French Indignant Over British Attitude on Stolen Cows.**—Because prominent Englishmen, including Lord Parmoor, have expressed sympathy with the desire of the Germans to keep the cattle they stole in France and to allow the German children will starve for want of milk, has aroused indignation in Paris. During the war Germany carried off over a million cattle from the occupied districts of France. The Peace Conference imposed on Germany the necessity for returning 90,000 of these animals or less than one in eighteen. A leading Frenchman said yesterday: "The fact that German babies may be deprived of milk if these cattle are restored to France is, even from a humanitarian point of view, a matter of entirely secondary importance in view of the much more heartbreaking fact that French babies are dying today for want of the very milk the Germans are getting."

**English Socialists Want Soviet Government.**—The British Socialist Party held a meeting in London to celebrate the second anniversary of the Russian Socialist Republic. Revolutionary changes in the British form of Government were openly advocated at the meeting. The speakers included Tom Mann, General Secretary of the Amalgamated Society of Engineers; Robert Williams, Secretary of the Transport Workers' Federation, and John MacLean, Bolshevik Counsel for Glasgow. The names of Lenin and Trotsky were cheered at the meeting, while those of Lloyd George, President Wilson and Clemenceau were received with groans.

**Dry Law Suit to Go Before Supreme Court.**—On Nov. 20 the arguments on the Government's appeal from a Federal Court decision in Kentucky, holding the war-time prohibition act unconstitutional, was to be heard by the Supreme Court. The suit was instituted by the Kentucky Distillers and Warehouse Company. It attacked wartime prohibition on consignment grounds and alleged that under its terms the value of about 69,000,000 gallons of whiskey, worth approximately \$75,000,000, was to be destroyed without due compensation unless the court granted relief.

**Cardinal Von Hartmann Dead.**—Cardinal Felix von Hartmann, Archbishop of Cologne, a prominent figure during the war, died in Cologne, Germany recently. Cardinal von Hartmann attracted considerable attention in the early days of the war and much adverse criticism in his own country, by issuing a pastoral letter directing that a petition for peace be included in the prayer for Catholics. In May of 1918, in response to Cardinal Hartmann's request, the Allies refrained from air-attacks against Cologne on Corpus Christi Day.

**Liberation of Women Accomplished.**—Mrs. Carrie Chapman Catt, in a letter read recently before the convention of the National Council of Women, at St. Louis, said: "The end of the suffrage struggle is in sight. The controversy of a century... has closed... I suggest that the council mark the close of the period... by dropping the Woman Suffrage Committee and in its stead establish a Committee on Good Citizenship."

**Chinese Consortium Suspended.**—Owing to unreasonable demands by

Japan regarding Chinese territory to be exempted from the plan, the international consortium for the financing of China is at deadlock. Thus evidence continues to accumulate of the purpose of the Japanese to monopolize, as far as possible, Chinese trade.

**Both Parties in Congress Oppose Railroad Acquisition.**—During a debate last week on the railroad bill members from both parties strongly opposed Government ownership of the railroads. The recent advocacy of the Plumb plan, for railroad operation by organized labor, is said to be largely responsible for this attitude.

**Help in Reviving German Industry and Trade** was urged by leading American business men at a dinner of the Foreign Trade Council in New York. The fact was pointed out that, unless America helps normalize industry in Central Europe, Bolshevism will overrun all Europe and threaten the entire world.

**WORLD NEWS CONTINUED**  
**Senate to Investigate Mexican Kidnapping Case.**—By unanimous vote last week the Senate passed a resolution calling on the State Department for full information regarding the recent kidnaping of American Consul Agent Jenkins by Mexicans. A full Senatorial investigation is likely to follow.

**Toledo Street Car Fight Costly.**—As a result of the Toledo street car controversy 1,400 men are out of work; the street car company is losing \$7,200 a day; citizens are paying increased rates to get about the city; and there is a huge loss through the curtailed output of many industries. Here then is another vivid illustration of the importance of eliminating strikes and settling all industrial disputes by arbitration.

The public is slow to learn. The Senate wanted to appropriate \$15,000,000 for the air service, but it was struck out. When the next war comes it will cost us \$150,000,000 and then some to do what fifteen millions could do next year.

For Sale—A Moon Bros. survey, used about 6 months in good condition, like new, at my place 2 1/2 miles south of Margaret.—Fred Riethmayer. 26p

"Let's give 'em our smoke"

—Ches. Field

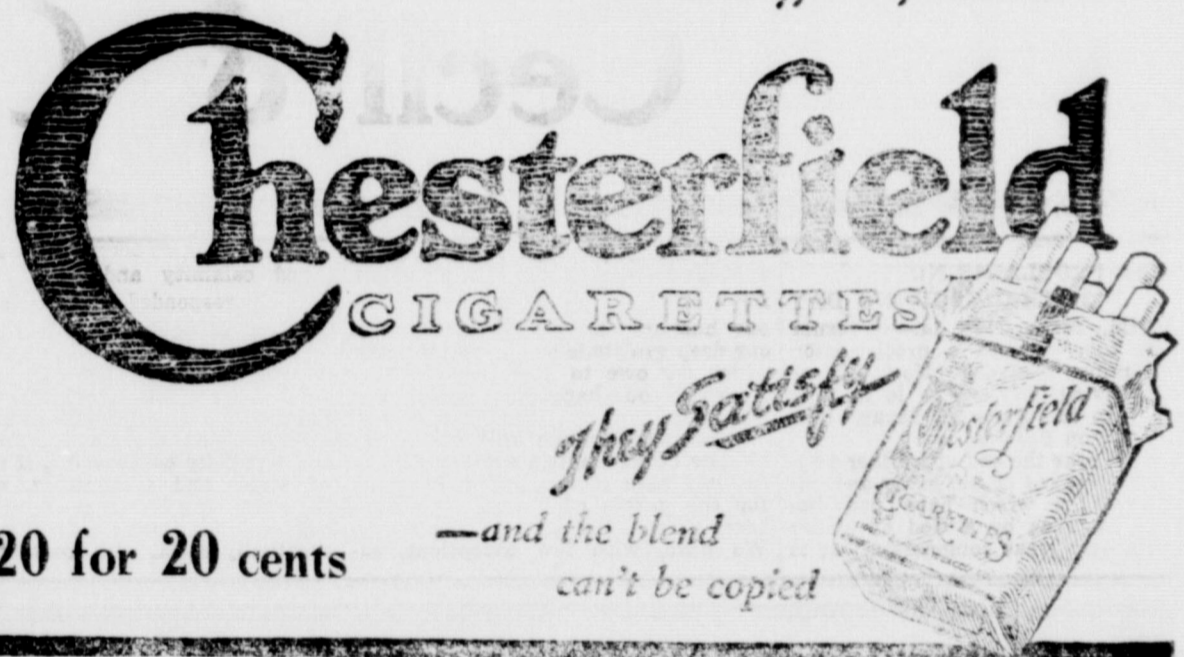

A real smoke—Chesterfield. The choicest of expensive aromatic Turkish tobaccos, the finest of sun-ripened Domestic leaf, blended by an original and exclusive method that can't be imitated.

In the blending of these costly tobaccos, our experts have brought out a new flavor and a mellow richness surpassing that of any cigarette you ever smoked.

Chesterfields sure do satisfy; not in flavor alone, but in value, in quality, even in their superior moisture-proof wrapping that keeps them firm and fresh always.

You want "satisfy"—that's sure. You get it only in Chesterfields.

*Lightly Tipped Tobacco*

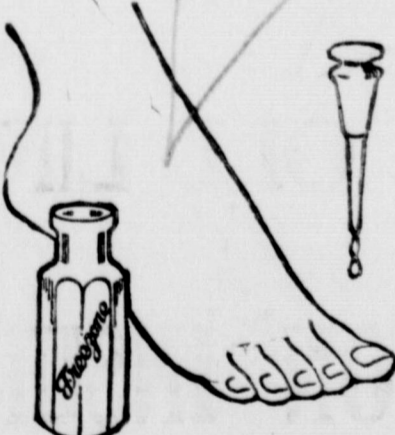

20 for 20 cents

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magis!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the caluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Try Nyala corn remover.—Ferguson Bros.

## Artistic Jewelry

Jewelry is an ornament, pure and simple.

Some Jewelry is artistic—it is appropriate for the person or the occasion—and the mission of jewelry fails utterly when it does not fulfill the requirements of propriety.

In selecting our jewelry we aim to meet the most exacting demands of good taste.

Jewelry is the thermometer of refinement simply because it indicates the degree of one's taste.

You have little chance to transcend the laws of propriety if you purchase your jewelry at this store.

# THANKSGIVING

Right upon us and Christmas so near  
Do your shopping NOW  
while we have the goods

## Cecil & Company, Inc.

**HOBBY PROCLAIMS NOV. 27 THANKSGIVING DAY**  
Austin, Texas, Nov. 14.—Governor Hobby today issued a proclamation proclaiming Thursday, Nov. 17, as Thanksgiving Day, which is to be a holiday in the State of Texas. The proclamation follows:  
"As we near the end of another year we are reminded of the many and varied blessings which have been bestowed upon us by a God of tender mercies and great compassion. It is

appropriate and proper that we pause for a brief time and render unto God our homage and give expression to our deep gratitude and the great debt which we owe to him from whom comes all our happiness and all our blessings.  
"The year, though still within the shadow of the earth's greatest tragedy, has been measurably prosperous for the people of Texas. We have been spared the pain of pestilence. We have, with few exceptions, es-

caped calamity and disaster. The field has responded, if not bountifully, at least sufficiently, to the labor of the husbandman, and mankind has been rewarded for his toil.  
"There has been relief from martial conflict throughout our land. We have enjoyed the ties of friendship and our daily occupations, if not free of strife and contentions, evidence the composing influence of justice and right-dealing among men, from which eventually social and economic peace

must flow. There is much to rejoice in the contemplation of our blessings, and no cloud, from which brave men should shrink or cower, obscures the dawning of the world's new day.  
"Wherefore, I recommend that Thursday, Nov. 27, be observed as a day of thanksgiving and reverent meditation and homage to the God of the universe. On this day let us suspend all secular work and employment and let us assemble in our accustomed places of worship and with songs and prayers give thanks to our heavenly Father for all that He has done for us.  
"Let us be reminded that in the midst of our prosperity there are always unfortunates about us upon whom affliction and sorrow have laid the blighting touch and who are dependent upon our charity for the little comfort they may glean from life. Out of our multitude of blessings let us give freely to those who are in need.  
"Therefore, I, W. P. Hobby, Governor of Texas, do proclaim that Thursday, Nov. 27, 1919, shall be a holiday in the State of Texas, and recommend that all officials and employees of the State, as well as all the people, suspend their labors on that day, except where such labor is necessary for the health of the public, the protection of life or preservation of property."

from Bastrop County visiting his grandmother, Mrs. Elizabeth Wynne, and the family of W. R. Tuttle. He was also prospecting but did not locate. He likes this country very much and seems to think it is a better farming country than Bastrop. The cotton crop, he says, was almost a total failure in that county.  
**MRS. GAINES' FATHER DEAD**  
F. H. McLemore, father of Mrs. A. C. Gaines, died in St. Louis, Mo., last Sunday night. He had been living with his daughter, Mrs. Claude Johnston, for some time prior to his death. The remains were shipped to Weatherford, Parker County, Texas, his former home.  
**PECHACEK-BACAK**  
At 10 o'clock Tuesday morning Nov. 18, at St. Joseph's Catholic church nuptial mass was said by Rev. Father Paul A. Mosler, during which Mr. Adolph Pechacek and Mrs. Annie Bacak were united in the holy bonds of matrimony. The bride was attired in a suit of navy blue, and a black picture hat, while the groom wore a black business suit.  
White chrysanthemums were the bridal flowers and the altar was banked with the same blossoms. The attendants were Mrs. H. Schindler and Mr. Joe Drabek. After the ceremony a sumptuous repast was served to the wedding party and mem-

bers of the immediate family at the home of the groom's sister, Mrs. Geo. Allison.  
Their many friends extend heartiest congratulations.

### As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.  
"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

#### Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.  
Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.  
Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.
