CAPT. HENLEY M. GOODE SPEAKS

Capt. Henley M. Goode addressed a large audience at the Baptist church Wednesday evening at 7:45, using the hour prior to the preaching services now being held at the church. Capt. Goode just returned from overseas service Tuesday, and being a Crowell boy and having served in some of the most important engagements of the war, his friends were anxious to hear him relate some of his experiences while at the front. He was with the 2nd Division, U. S. Marines, and as everybody knows, the Marines were about the best fighters of the American army, and being the best fighters of the American army meant that they were the best in the world.

Mr. Taggart is a man of high standing in his profession, being recognized as one of the best educators in this part of the State, and has held many responsible positions with such credit to himself as to justify merit that stands. With reference to his work here it is to be said that he has been a most faithful servant of the public and carries with him the good will of all and will leave behind many warm friends who will never forget his splendid six years' work in the Crowell schools. And one of the best recommendations for his work is the fact that he is held in the highest esteem by the pupils of the Crowell schools. Much of the reward of his labors here are now being enjoyed by himself in the fact of having inspired many a boy and girl to higher ideals in life, and he now sees them taking their places in the various vocations and callings of life in which they are making a success.

Not only does he possess the elements of success as a school superintendent and a teacher, but as a man, pleasing in manners and thoroughly reliable and prompt in all his business relations he measures up equally as well. He is business-like in his dealings as well as in the management of a school. As it can be said that he was always on duty in the school room, so can it be said that he always fulfilled his obligations to his fellow man in business life. It will not be an easy task for the Crowell school board to fill the position made vacant by Mr. Taggart's departure, and Royse City is fortunate in securing his services.

When President Wilson and Lloyd George really became acquainted with each other it was learned that their purposes and aims were the same, and this being true, Great Britain and the United States should never have any difficulty in finding each other's ally, and in these two powerful nations, the principles of democracy can and will be preserved if necessary with the other's help.

Capt. Goode has not decided whether or not he will remain in the army. He is here now on a furlough from New York.

W. O. Fish was in town Tuesday from Vivian and brought with him a load of wool which he and his brothers, H. H. and Allen, had just clipped about a week ago. The shipment they were making was from 240 head and amounted to 1950 pounds, which they are shipping to Kansas City. At 50 cents a pound the clip will be worth \$975. Besides the wool they are selling they have a lamb crop of 200. These Mr. Fish says are worth about \$9.00 a piece now, which would amount to \$1800. The entire revenue from the 240 head of sheep, therefore, amounts to \$2,775. The 240 head of sheep themselves are worth about \$2,500. Then one can easily see that the annual revenue equals the capital stock. This was the actual fact with these men the first year they went into the sheep business in 1914, when they purchased 289 head of ewes. The wool clip and the lambs paid for the sheep the first year, and both wool and sheep were low at that time. They paid for their sheep only about \$3.00 a piece, while at the present time they are worth \$12.00.

Speaking about the expense of keeping his flock through the winter, Mr. Fish said they ran on the wheat all winter and had to be fed only when bad weather came. The cost of feeding through the entire winter amounted to about 50 cents a head, or about \$120.

He says he has found the sheep business to be one of the best paying businesses one can engage in. The Fish men have all made money in the sheep business, as have most every other man in the county who has tried it.

PROF. TAGGART GOES TO ROYSE CITY

After an extended visit to St. Jo, Greenville, Royse City and other points, Prof. and Mrs. T. A. Taggart returned to Crowell Monday.

Prof. Taggart has accepted the superintendency of the Royse City schools for the term of 1919-20 and he and his family will remove to that place in the early part of the summer. Royse City is a splendid town in Rockwall County, situated on the Katy Railroad 37 miles east of Dallas, and is said to have one of the very best of schools. Mr. Taggart expressed himself as being well pleased with the town, the people and the school spirit which he finds there; and after having held the position of superintendent of the Crowell schools for a period of six years in succession, declined the offer of that position for the seventh term to accept the Royse City schools.

Mr. Taggart is a man of high standing in his profession, being recognized as one of the best educators in this part of the State, and has held many responsible positions with such credit to himself as to justify merit that stands. With reference to his work here it is to be said that he has been a most faithful servant of the public and carries with him the good will of all and will leave behind many warm friends who will never forget his splendid six years' work in the Crowell schools. And one of the best recommendations for his work is the fact that he is held in the highest esteem by the pupils of the Crowell schools. Much of the reward of his labors here are now being enjoyed by himself in the fact of having inspired many a boy and girl to higher ideals in life, and he now sees them taking their places in the various vocations and callings of life in which they are making a success.

Not only does he possess the elements of success as a school superintendent and a teacher, but as a man, pleasing in manners and thoroughly reliable and prompt in all his business relations he measures up equally as well. He is business-like in his dealings as well as in the management of a school. As it can be said that he was always on duty in the school room, so can it be said that he always fulfilled his obligations to his fellow man in business life. It will not be an easy task for the Crowell school board to fill the position made vacant by Mr. Taggart's departure, and Royse City is fortunate in securing his services.

When President Wilson and Lloyd George really became acquainted with each other it was learned that their purposes and aims were the same, and this being true, Great Britain and the United States should never have any difficulty in finding each other's ally, and in these two powerful nations, the principles of democracy can and will be preserved if necessary with the other's help.

Capt. Goode has not decided whether or not he will remain in the army. He is here now on a furlough from New York.

W. O. Fish was in town Tuesday from Vivian and brought with him a load of wool which he and his brothers, H. H. and Allen, had just clipped about a week ago. The shipment they were making was from 240 head and amounted to 1950 pounds, which they are shipping to Kansas City. At 50 cents a pound the clip will be worth \$975. Besides the wool they are selling they have a lamb crop of 200. These Mr. Fish says are worth about \$9.00 a piece now, which would amount to \$1800. The entire revenue from the 240 head of sheep, therefore, amounts to \$2,775. The 240 head of sheep themselves are worth about \$2,500. Then one can easily see that the annual revenue equals the capital stock. This was the actual fact with these men the first year they went into the sheep business in 1914, when they purchased 289 head of ewes. The wool clip and the lambs paid for the sheep the first year, and both wool and sheep were low at that time. They paid for their sheep only about \$3.00 a piece, while at the present time they are worth \$12.00.

Speaking about the expense of keeping his flock through the winter, Mr. Fish said they ran on the wheat all winter and had to be fed only when bad weather came. The cost of feeding through the entire winter amounted to about 50 cents a head, or about \$120.

Totals	236	88	223	112	145	181	148	77

The report from the state indicates that woman suffrage and raise of Governor's salary has been defeated. All the others seem to have carried yet complete returns may make some changes.

The above is a tabulated report of last Saturday's vote in Foard County.

All the precincts are reported except that of Rayland, the returns not having come in until we were ready to go to press, which are as follows: Prohibition, 28 for, 6 against; Suffrage, 16 for, 17 against; Governor's Salary, 2 for, 31 against; Home Impr., 32 for, 1 against.

THE WILDROPS LOCATED
At the time I sold out in Crowell, I promised many of my friends that I would write a letter when and where I located. Not that I have so many friends in Foard County, but feel it would be impossible to write each one a personal letter, I take this means, through the kindness of your editor, to reach each one of you.

THE FARMERS OF SWISHER COUNTY
The farmers of Swisher County have organized a stock company for the purpose of building a grain elevator. The company is to be capitalized at \$40,000 and each share to be worth \$50.00. No one man is to own more than 20 shares.

THE EMPLOYEES OF THE DENVER RAILROAD
The employees of the Denver Railroad shops at Childress have proposed to assist the farmers in saving their wheat if they will come into town with their autos after 5 o'clock in the afternoon and take their wheat to the elevators. They will work for about 5 hours, enabling the shockers to catch up with the binders.

THE SHERRIFF OF COTTE COUNTY
The sheriff of Cotte County recently hunted out a whisky blacking establishment in the Dunlap community where wine was being manufactured from raisins. Barnfield, the blacker, was carried before the authorities where he gave bond in the sum of \$1,000.

THE FARMERS OF HARDEN COUNTY
The farmers of Hardeman County have decided upon a wage scale of \$3.00 for single hands and \$6.00 for man and team for harvest work. It is estimated that the county will need more than 800 men.

MISS LOTTIE BAIN PRESENTED HER PUPILS IN A RECITAL ON FRIDAY AFTERNOON at 4 o'clock at the home of her mother, Mrs. G. C. Bain. The mothers of the children and a few friends were guests.

TO CONTROL ARMY WORM IN WHEAT

There are three methods you can combat the army worm successfully. One of these, or a combination of two, should be used as soon as possible—quick action means dollars saved.

1. When the worms are on the march a deep furrow can be plowed, making the sides as vertical as possible. A log may be dragged several times up and down to make the furrow more difficult for the worms to crawl over. Dig a post hole every few feet or keep a boy dragging a log up and down the furrow continually.
2. These worms will eat poisoned bait. Bran, 50 pounds; two pounds of paris green, 6 finely chopped lemons, one-half gallon molasses, 7 gallons of water; scatter around plants and over field after being well mixed. This is poison—kill man or beast—be careful. This should be sown broadcast.
3. Dusting—Use paris green, arsenate of lead or finely ground London purple on wheat or oats. These materials dusted on plants will destroy the worm by the millions. Since these are poisons you will ruin your plants hence use this as a barrier, or to kill the worm where it is evident they will ruin the grain anyway. Dusting small grain, mix two or three parts of flour with poison to make it go further. Put material into something like duck sacks—sack on each end of pole six feet long—put center of this pole on the pommel of your saddle and trot your horse over the area to be poisoned.

Lay everything aside and fight the worms, if you have them. If you need me let me know. I felt like it was impossible to get around to all at once, which is my reason for taking this method.

It doesn't matter if you haven't this worm in your wheat you should watch him to keep him out of your other crops—using second method above on these crops. This second method also effective on grasshoppers and cut worms.

Yours very truly,
P. D. CHANEY.

WANT CROSSING
The people in the southwest part of town heartily endorse the clean-up proposition, they say, but they certainly do want the city authorities to look after one of their most annoying troubles, that of drainage. The drain crosses that part of town is very bad in wet weather, they say, and they think the town should take some steps to turn the water through defined channels. This drain is fed by a wide basin, as every one knows it forces a large quantity of water over the crops of the people.

USING GOATS' MILK
The goat has never come to be popular in West Texas for milk and butter production, although they have been used in some countries for many years. Only recently have some of our people decided to try goat's milk, and that decision has led to the purchase of four of the Saanen breed by H. E. Ferguson, W. C. Perry, N. J. Roberts and A. D. Campbell. These were purchased at West Fork, Ark., and expressed to them, costing laid down at Crowell \$26.40 each.

DISTRICT AGENT HERE
D. M. Darrow, district agent, and A. H. Hollinger, scientific assistant, were here this week from College Station in connection with the county agent's work in Foard County.

VICTORY LOAN \$750,000 - QUOTA 900 ABOVE
Washington, May 26.—Total subscriptions to the Fifth Victory Loan were announced today by the Treasury as \$5,249,908,300, an oversubscription of nearly \$750,000,000.

ATTENTION LADIES
We have gone over the top with five Liberty Loans and every patriotic move that has been launched in Crowell. Now that the war is over let not your spirit of patriotism wane at the Red Cross workroom. We have our last quota of refugee garments consisting of women's chemise and children's drawers. The call is urgent for workers. Won't you lend your assistance by taking a few of these garments to your home and making them? For further information phone 77.

MUCH DAMAGE DONE BY RECENT FLOODS

The very thing which has been feared, but which has been hoped against all the time would be hard—destruction to crops by hail, rain and wind.

The first hail storm of very large proportions came last Friday night and struck one of the best wheat sections of the county. The cloud appeared in the southwestern portion of the county, causing some damage to the wheat in that section, but the worst was done east and northeast of town. The center of the hail seems to have been in about P. E. Todd's place and north of there. So many were injured that it would be hard to name them all, but these are some: P. E. Todd, L. D. Fox, L. D. Campbell, R. A. Wells, E. A. Dunagan, J. N. Bryson, H. E. Hays, J. W. Bell, J. W. Allison, J. D. Johnson, J. A. Gafford, J. L. Kinchloe, Mrs. Joe Harris, Rob Banister, W. B. Matthews and several others who are in that community, but whose names we failed to get. The acreage covered by the hail is estimated to be in the neighborhood of 2,000 acres, and if it varies from that estimate it will go beyond it. The loss in dollars is approximated to be about \$100,000, with about 50 per cent of it covered with insurance at an average of \$10 per acre. So the loss will be quite heavy at best. Some of the farmers who had no insurance at all say their crops are at total loss and they will not put a binder into their fields.

There was not much wind with the cloud but the rain was very heavy and the weight of the water forced much of the wheat down even where the hail did not fall, and at this writing it is still down or partly down and some of it badly tangled. Some can not be harvested unless the rains cease and we have several days of sunshine. Even then it is feared that some of it will not get up so the binders can get it.

The rains have been unusually heavy for May. The one accompanied by the hail measured nearly 2 inches while the one coming Sunday night following showed 1.7-1.8 inches by the gauge. Further rains Monday brought the precipitation from Friday until Monday night up to about 5 inches.

Of course the damage caused by these rains and hail storms is great, but in comparison with the entire crop of 40,000 acres in the county, they appear small. But they are felt just the same by those who struck.

PASTOR WILL ATTEND VICTORY CELEBRATION
The Crowell Methodist church has granted their pastor, Rev. J. H. Hamblen, leave of absence with expenses to pay his way to the victory celebration of the Centenary drive to be held in Columbus, Ohio, from June 20 to July 13, and he contemplates taking advantage of this opportunity.

COUNTY THRIFT BOARD
Mr. Gamble, representing the United States Government, was in Crowell Thursday and Friday of last week in the interest of the sale of Thrift Stamps and Savings Certificates.

He explained to a mass meeting of the business men on Thursday that the efforts of the Government along this line were not so much for revenue as to encourage a habit of thrift among the people, especially among children. One of the worthwhile ideas brought back from the great war is that America must learn the lesson of thrift, learn to save the resources of our nation that are going to waste and the pennies that are spent without a thought. Hence the creation of the Foard County Thrift Board with authority from Washington to organize thrift societies in schools, lodges, clubs, Sunday Schools, etc., and sell thrift stamps and war savings certificates.

 Mrs. Jno. Bradford went to Marga-

THE TEXAN MOTOR CAR

is a good one. Just take time to read about its great features. The designers of the TEXAN wanted to build a real AUTOMOBILE at the lowest possible cost that would meet the demands of the southwest climate and roads. They knew it would have to be a good performer, a powerful piece of machinery, low gasoline consumption, light weight and of a good appearance. They have succeeded in building a car called THE TEXAN, that has met with almost instantaneous success.
 The TEXAN—The car that needs no apology for it, was built to fill a definite need. Made in Fort Worth, Texas.

They selected the well known "Golden-Belknap & Swartz" four cylinder motor after making exhaustive tests with practically every 4cylinder made in America. Hardly a change in this motor has been made in six years. A truly wonderful performer. They selected the Miller (fool-proof) carburetor, the Stewart Vacuum Feed system, Jamestown 3-inch Copper Core Honeycomb radiator, Grant Lee Sliding Transmission, Clutch and Fly Wheel of motor completely housed and runs in oil, Timken Bearings all round, Timken Front Axle; Salsberry Full Floating Rear axle; Full Cantilever Rear Springs, 42-inch. All wood parts of body made of seasoned solid oak covered with metal and highly finished. It looks like a \$2,000 car; weighs 2,300 pounds. \$1,150 plus war tax, factory.

ret Tuesday.

The election passed off very quietly here Saturday.

Hugh Thompson is papering his house this week.

There was no preaching here Sunday night on account of the rain.

Messrs. Jno. and Ralph Bradford hauled 8 bales of cotton to Vernon Monday.

Mr. and Mrs. Gordon Davis and children attended Sunday School here Sunday.

Jack Maine came home Saturday from Bowie where he has been going to school.

M. J. Phillips purchased the farm of Lee Jordan one mile west of town last week.

Edgar Hembree and wife of Ayersville were callers in the M. J. Phillips home Sunday.

Misses Almer and Emma Shroeder and Flora Bradford attended church at Rayland Sunday.

The party at Miss Emma Woods Thursday night was well attended. All report a good time.

Elmer Kee and family of the Rayland community spent Saturday night with Mr. and Mrs. Loyd Porter.

Walter Carr and children and Mrs. Laura Keller spent Saturday night with Mr. and Mrs. Joe French.

Mesdames Erick Wheeler and Ernest Leverett who live near Talmage visited Mrs. Nettie Tarver Friday.

Wes McCormack, son of Mrs. Wethers, came in from Camp Bowie where he was discharged from the service.

Misses Noxie Burrese, Sue and Lona Thompson and Mrs. R. G. Nichols were shopping in Crowell Tuesday.

Mrs. Bridges received a letter from her husband at the asylum at Austin saying his health was much improved.

Elder Hembree of Ayersville, M. R. Shirley of Crowell and Fred Rennells of Rayland were in this vicinity Friday.

Messrs. Pressley and son, Stark, of Talmage, and Millard Phillips bought cotton seed from Walter Banister Monday.

Thalia's second nine and Rayland school team played here Saturday. The score stood 8 to 6 in favor of Rayland.

Mr. and Mrs. Otto Shroeder received a telegram Tuesday saying that their son, Ewald, had safely landed at New York.

J. Phillips happened to the misfortune of getting one of his eyes badly hurt Sunday with a ball while playing at Gambleville.

Mr. and Mrs. Wood Roberts and little daughter, Vestula, spent the evening with Mr. and Mrs. J. G. Thompson Sunday.

Most of the farmers around here will have to plant their cotton and maize over on account of the hard beating rain Friday night.

Mrs. Bridges' friends met at her home last week with their teams and planters and planted her cotton for her, for which she is very thankful.

The base ball game between Lock-

et's first nine and Thalia's first nine was played here Saturday afternoon.

The score stood 11 to 3 in favor of Thalia.

Allen Shultz, Sid Mason, Arthur Phillips, Linsey Carrol Jones, R. G. Nichols, J. G. Thompson and sons

Hugh and John, were business visitors at Crowell Tuesday.

W. M. Wisdom and son, Bee and Charley, were in town Saturday and said his daughter, Miss Fannie, lost her fine graden Friday night from high water. Bee said he never saw

mosquitoes as bad in his life. Charley said they bit his hands through his leather gloves.

The heavy rain Friday night put

the water higher here than it has been since 1914. It stood one foot over the bridge here. There was heavy

hail south and west of here doing considerable damage to wheat. Those

damaged by hail were: Mrs. Jessie Jobe, Messrs. Brown, Chapman, Ken-

ney, Wethers, Wade, O. L. Rector, Sid Mason and Pete Gamble. The heavy

rain Friday night and Sunday night will cause most of the farmers to

plant their cotton and maize over and will delay the harvest for several weeks.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacturer of Monoaceticacidester of Salicylicacid.

FOARD CITY ITEMS

(By Special Correspondent)
Price Fowler went to Vernon last week.
A boy was born to Jim Shook and wife last week.
Dr. Hill lost a cow during the big rains, having drowned.
Miss Emma Stone is here visiting her brother, Claude Stone.
The men are preparing to go to cutting wheat in a few days.
Miss Smart of Truscott was here visiting several days last week.
There was a singing given at the Weatherall home Sunday night.
Johnie Franklin came in Monday from Clarendon to work through harvest.
Mr. Reeder passed through our community Thursday on his way to Benjamin.
Mr. Beavers of Burk Burnett came in last week to visit his wife and other relatives.
Mrs. Watkin of Nevada came in last week to visit her daughter, Mrs. Claud Barry.
We are glad to report that John Rader is up again after six weeks in bed with a broken leg.
C. Pounds put in several days last week hunting for a horse which went astray about six weeks ago.
Mr. Crosnoe received a letter from Ernest saying he would not be home soon as he had to attend court in July.
A party was given at the Lefevre home Saturday night. A large crowd

was present and all reported a nice time.
Most of the farmers have been very busy cultivating row crops and try to be ready to reap save the wheat when it gets ripe.
Ambrose Burdine went to Rochester Saturday on business, also to visit friends and relatives and attend the trial of his uncle, Mr. Pounds.
U. C. Rader, C. C. Fox, Omer Wray, and J. M. Glover went to Crowell Saturday. They reported great damage by the hail storm Friday night.
A program was given at the Foard City primary school last Wednesday night. Some very beautiful drills and patriotic songs were rendered. Some good music was furnished by Unapel and Mrs. Annie Pounds.
A large rain fell last Friday night, also some hail, but the hail wasn't large enough to do any damage. It also rained Saturday, Sunday and a very big rain Monday. If it keeps up the wheat won't be standing up in a few days.
Mr. McLain and son of Collin County are here visiting his daughter, Mrs. Frank Welch. We understand the young McLain has secured the principalship of the Foard City school for the term of 1919-20. Mr. McLain purchased a fine farm here recently.
Sam Tye came in Monday from Camp Bowie after having received his discharge. He has recently returned from overseas and was very glad to get home. He was in training camps only a short while having arrived in France after being in the service only six weeks. He went to the firing line October 27 and remained until the armistice was signed. He came home on the George Washington and says it's a real fine ship. He experienced the attacks of subs going over. We are glad to have Sam back with us.

PLAINVIEW POINTERS

(By Special Correspondent)
Claud Fox and Jim Gray both have some very sick horses.
Mrs. Sallie Haggerman has been very sick but is improving.
Mrs. Coffman and daughter, Addie, called at the C. J. Fox home Sunday.
Kebe Short and family spent Saturday night with Charlie Wood and wife at Thalia.
J. M. Adkins and wife and Wallace Scales and family were visitors at the Cap Adkins home Sunday.
We have no news this week. Our phone line is just got to where it won't talk at all. Wish somebody would fix it.
We have always heard it said that "more rain, more rest," but with the people who live on the sand it is more work. Most of the farmers have planted all their seed. Some are going to try scratching their cotton while those who have more seed will replant.
Our phone lines numbers 12 and 13 are so completely out of shape that the people are unable to get any service at all. Both lines are grounded somewhere by the Rayland line. We think it would be a good idea to either put boxes on this line or remove it as

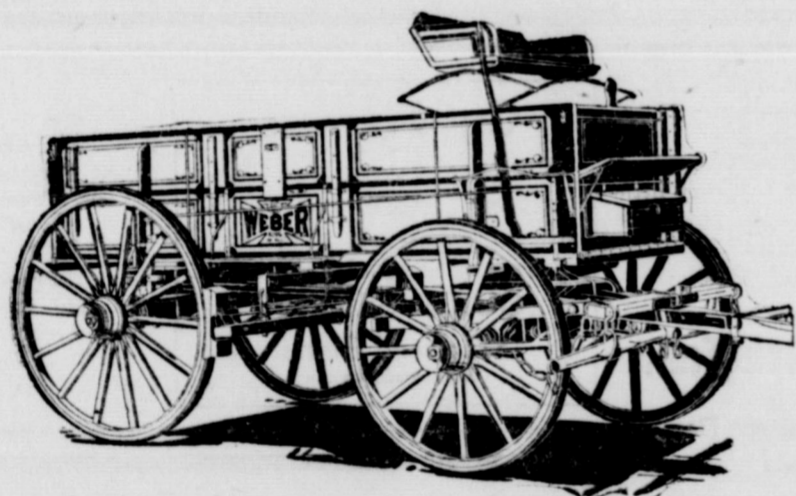

What is the Cool, Clean Klenzo Feeling?

IT IS a freshness like a spring morning on a mountain peak. It spreads over your teeth and tongue. But it's more than a flavor—it's a testimony of thorough cleanness—cleanness that has extended to the countless little taste nerves and has freed them of the sticky mouth secretions. Any wonder your breakfast tastes better after you use Klenzo? Get a tube to try today.

1. Skeins are extra heavy to insure strength and prevent breakage.
2. Only "A" grade wheels are furnished you, hubs are white oak, spokes oak or hickory, rims or fellows are oak, tires are extra quality of steel and are set hot.
3. Wagon box made of best grade box board lumber are thoroughly ironed, heavy stakes and stake staples.
5. Reach Box acts as a truss or support between bolster and axle. Made from one piece sheet steel. Prevents wear of axle or bolster by whipping the reach.
6. The malleable iron fifth wheel prevents serious rocking or pitch of bolster, while out of position, still in line.

Since 1845 Weber wagons have maintained a reputation for light running. No rattle or pounding about the gear.

Let us put one of these wagons out for you today.

J. H. SELF & SON

it is down in several places and gives no service.

MARGARET MUSINGS

(By Special Correspondent)
We have not received the official returns of the election but from all indications the State has gone wet. Everything around here is wet and the angle worms have left their habitations under ground and are climbing trees to keep from drowning. We think woman suffrage has carried for our wife is home and orders us around as though she has full control.
Mrs. Odum who is agent here has gone on 30 days vacation and reports says that she contemplates changing her name and occupation.
Miss Boyd who was agent here before has been checked in to fill the vacancy caused by Mrs. Odum's absence.
Brother Tharp who went to Dayland to preach on Sunday was seen today returning with his shoes in his hand. His car may have gone with the flood.
Our rural route man did not attempt to deliver mail today—roads impassable and bridges gone.
John Hunter was called to the home of his daughter in Wilbarger county on Friday night on account of sickness and an accident to the son of J. W. Spotts.
Several of our grass widows have returned to their first love since it was reported that suffrage had carried. We expect to hear of grass widowers next.
We are told that Claud Ferebee has re-enlisted in the U. S. Army and will go to France to relieve the boys who are returning home.
Jim Ewing has received a large shipment of broom handles to be used in his factory and refuses to nationalize the small boys who were swiping their mothers' brooms to sell the handles.
Some of the wheat and oats are ready for the harvest but it will be several days before a binder can get into the field. Farmers will have to insure against rain as well as hail.
It seems there will be a scarcity of school teachers the coming term. We understand some will quit on account of the low salary. Some of our teachers would not touch at any price. They contemplate matrimony.
CHEER UP!
The government has many millions of pounds of meat on its hands. These supplies were to have fed the army that is now being demobilized.
The government has been considering the advisability of selling this meat abroad, for fear of causing too great a slump in meat prices at home. It seems, at first, rather unreasonable that the government should object to lowering the prices of food-stuffs in this country. It hardly seems consistent with the function of a body appointed to protect our interests.
On behalf of the trade it is urged that the meat was sold to the government under contract, and that the conditions made by the government were

severe. Profits made out of war deals were cut to the minimum by restrictions applied early in the war. The amount of commodity covered by the transaction was enormous, but the profit meagre. And now, if the bulk of that commodity is dumped on the market, the meagre profit, in the result, will be turned to serious loss. And a disaster to a tremendous industry with innumerable ramifications is a disaster to all of us. So many industries are interlocked with the meat industry that the damage done would be spread over a large area.

It all seems fairly plausible. But the American meat trade today supplies the world. If the meat is sold abroad, foreign prices will drop, although they are maintained here. So, whatever happens, there will be a drop somewhere—here or abroad. And as our meat trade is supplying the world, there is not much danger of the industry languishing. One glance at the prices of packing house bond issues should reassure the most despondent. Cheer up, packers! You are doing pretty well.

We do all kinds of tractor work—Self Motor Co.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

Knox City Sanitarium

A nice quiet homelike place, where you can have the comforts of a home with the advantages of a light, sanitary, up-to-date operating room ready for any emergency. Under the care of the best of nurses with my careful personal attention.
T. S. EDWARDS, Surgeon.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, OWNERS AND PUBLISHERS

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 30, 1919

ABOUT VALUATIONS AGAIN

The News has called attention to the matter of financing the Crowell schools for another year and has suggested as a plan the raising of valuations. There are some who think this is not practicable and some who think it is the only way to raise the money necessary to finance the schools. The News does not want to do all the saying, but it does intend to contend for what it thinks is the best and really the only proper method.

There is no getting away from the fact, as we see it, that Crowell, being an independent school district, is not only allowed but is required to have an equalization board, to appoint an assessor and a collector of taxes to maintain the school. The fact of the appointment of an assessor and collector was not mentioned in the article we had in last week's paper. It was presumed that everybody knew these were necessary. Now this system is objected to on the grounds that these must be paid for their services, which fact will entail an extra expense which must come out of the taxes. Of course it is not to be supposed that we can get by without some expenses, but we figure that a good school will be worth at least a cost that is within the bounds of reason.

After figuring the amount of money that will be necessary to run the school for another term, taking into account the valuations of the Crowell independent school districts, it is estimated that the present valuations of about \$1,000,000 will have to be increased about 50 per cent. This would give us a fund amounting to about \$7,500 for maintenance and with which to pay the expenses of assessing and collecting, and if these are figured at \$1,000 it would leave a maintenance fund of about \$6,500 whereas we now have about \$4,500. The increase of \$2,000 will be about what we will be compelled to have.

That brings the matter down to where one may easily determine whether he will want to kick out or kick in. If you paid \$10.00 taxes last year \$15.00 would be necessary under the increase.

Some of our people think the best way to raise the money is simply to get together and voluntarily subscribe the amount we think we can subscribe and let 'er go like she has been going. Maybe that is better, but we will never believe it. There will be some tall kicking under that crippled plan. One may be apt at figures might render valuable services by getting down and figuring out just how much kicking would be saved by the latter plan. If the kicking is the thing to be avoided, and if by that plan figures seem to favor it, then unquestionably that is the plan to keep in operation.

The News is merely arguing in favor of a system that commends itself as being more reliable than the one we have had, which is really hardly to be classed as a system.

One thing we are in favor of is the education of our children, and we know they are not going to be educated without it costing something.

The News acknowledges the receipt of a fine bunch of beets raised in Mrs. Max Miller's garden. These are as fine as one need want for the table and demonstrate the fact that gardens can be had in Foard County, provided there is an industrious wife somewhere to work the garden. This is not casting reflections on the garden working ability of the average husband, for it may be that they too like to work gardens. Yet, we can not speak positively about that. But it is only just to him to say that if he himself does not work the garden he likes to have it done. We presume that in this case Mrs. Miller has at least directed the work of the garden, for she it is who proudly exhibits her products, and Max perhaps has followed instructions.

20,000 MOTOR TRUCKS FREE TO STATES FOR ROAD WORK

More than \$45,000,000 worth of motor trucks are about to be distributed by the Secretary of Agriculture through the Bureau of Public Roads to the State highway departments. These trucks have been declared surplus by the War Department and are being distributed to the States under the provisions of section 7 of the Post Office appropriation bill. They must be used by the States on roads constructed in whole or in part by Federal aid, for which \$200,000,000 in addition to the former appropriation was given to the States under the same bill. All that the States must do to acquire the use of these 20,000 trucks, which range in capacity from 2 to 5 tons, is to pay the loading and freight charges.

Of the 20,000 motor vehicles to be acquired practically free by the States, 11,000 are new and 9,000 are used, but all are declared to be in serviceable condition. The motors will be appraised to States only upon request of the State highway departments on the basis of the requests received from the respective States, and in accordance with the apportionment provided in the Federal aid law approved in 1916. The requirements of the law are such that the Bureau of Public Roads can not distribute any trucks to counties or individuals.

"WILD WHEAT AND OATS"

Very frequently we have a fine crop of wild rye in this country. At one time a farmer who does not now reside here estimated the crop on his place to promise 50 bushels to the acre. Whether he ever harvested that crop or not we do not know, and therefore we can not say how near correct his estimate was. It is a matter of record that that same farmer either was not satisfied with his wild rye crop or else wanted to try sowing wild oats, for he did sow them when he moved away, but the harvest of wild oat sowing is not all that one might wish, or is more than one might wish, just as one may look at the matter.

But we did not intend to digress from the subject before we started. There is a great deal of wild wheat and wild oats in Foard County this year. Not wild in the sense of being different from that which grows in the field, but wild in the sense that it has sprung up without having been sown. An explanation is found in the fact that the seed were distributed along the roads last fall by the wagons and now these have sprung up and are in full fruitage, right in the middle and along the sides of the roads. F. E. Diggs brought a handful of this to town Saturday and it was estimated to be wheat that would make 25 bushels to the acre any oats that would yield 75 to 100 bushels. One head of oats was measured and found to be 18 inches in length.

AMERICAN RED CROSS

An appeal to the American people for funds to carry on the work of their American Red Cross will be made next November according to the following statement issued today by Doctor Livingston Farrand, Chairman of the Central Committee. "Appalling conditions in countries of Eastern Europe, imposing on the American Red Cross obligations additional to those assumed during the period of the world war, and the continuance of activities in connection with the already outlined domestic program of the American Red Cross, make necessary an appeal to the people of America for further funds to carry on work for the relief of humanity."

It has been decided to make this appeal in America on a period of two weeks culminating the eleventh of November, the anniversary of the signing of the armistice—the season when the American people may properly give manifestation through contributions to their American Red Cross of their thankfulness for deliverance from the added horrors of war which have fallen upon nations less fortunate.

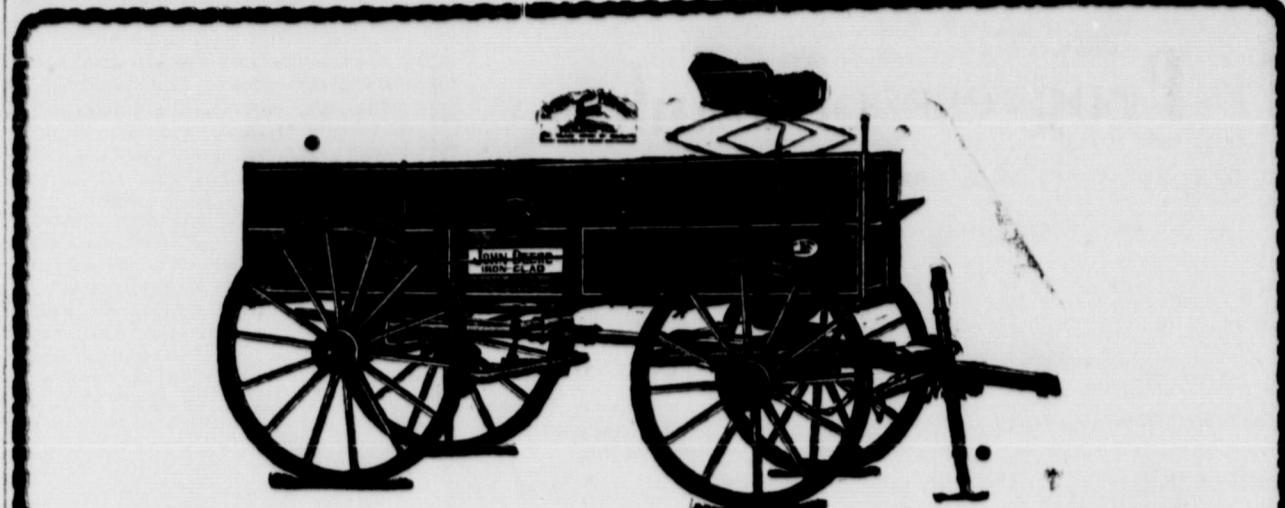

At present the American Red Cross is bringing to a close its activities in countries in Western Europe and with the withdrawal of American troops from the war zone, work for the Army abroad will end automatically. Disease and suffering of the most heart rending character, however, are calling for relief in other fields. The new International Organization of Red Cross Societies is preparing to deal with the relief of health problems throughout the world in future years, but there are immediate emergencies which require the aid of agencies already established. Foremost among these agencies is the American Red Cross. At present the resources available, but it is apparent that imperative calls for assistance for the next year or more will make additional funds necessary.

It is anticipated that the generous hearts of the American people will respond to the appeal to the full extent of the needs that will present themselves.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to

Harvest Groceries

You will need lots of groceries through harvest times, and it will be well for you to consider two other things besides quantity when you go to buy them—quality and price. We allow no competitive store to outstrip us on quality, and it is a well-recognized fact that we sell for less. You are therefore assured a saving on the orders you give us. The aggregate saving, of course depends on the size of the order.

Pennies saved soon amount to dollars saved, and in this day of price soaring it is wise to effect a saving wherever it is possible.

Come in and let us sell you your supplies. The saving will be worth while.

Try a sack of
Oriole Flour
And you'll be pleased

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

Progress of Banking

There has been great advancement in every line of endeavor, and the banking business has been no exception. In fact it would not have been possible to have the advancement in other lines of industry without the banks keeping pace in the march of progress.

With the development of modern business, it has become possible for a bank to be of more service to its patrons than in former years. This does not mean that it is possible for a bank to make money grow, or to help a lazy man get along without work, but it can help the man who deserves it, and can make our resources more liquid.

But all the money that is ever borrowed has to be paid back some time. Prospects are good for the entire year and it should be the purpose of every one to do all that is possible to realize on these prospects.

We solicit your banking business. It shall have our best attention, and we will do all that is possible for us to do in the advancement of your interests.

LOCAL AND PERSONAL

Overlands—B. W. Self.
Meet me at Ferguson Bros.
Some solid gold diamond lavaliers at A. C. Gaines.

For sale—some good young mules. Apply at Halsell ranch.

Miss Essie McLarty was here Wednesday afternoon from Vernon.

If you need a second hand binder, we have them.—J. H. Self & Sons.

Two second-hand McCormack binders for sale.—M. S. Henry & Co.

Mr. and Mrs. Lee Allan Beverly came in Tuesday from Burkburnett.

Get a box of Avicol tablets—keep your chickens healthy.—Ferguson Bros.

Mr. and Mrs. S. S. Bell left Sunday to attend the Bankers' Convention at Galveston.

The Wallis tractor will pull binders in any field where the binder will run.—D. P. Yoder.

R. B. Edwards has returned from Galveston where he was looking after his cotton interests.

Mrs. Parker Churchill was here this week from Burkburnett visiting her sister, Mrs. Jeff Bruce.

There is no better tractor built for this country than the Wallis. Let me show it to you.—D. P. Yoder.

Furd Halsell left Wednesday for Fort Worth.

J. J. Chambers of Chillicothe was here Wednesday.

Mud does not stop the Wallis tractor.—D. P. Yoder.

For Sale—Three second hand grain binders.—J. H. Self & Sons.

Dorothy Thompson, public stenographer, County surveyor's office. 1p

Mr. and Mrs. J. F. Hays and son, Jake, were here this week from Burkburnett.

If you want a saddle, see some extra bargains that we have now.—M. S. Henry & Co.

Henry Griffin went to Forney this week and expects to bring back some harvest hands.

I have ordered a new lens and will soon be ready for home portrait work.—Mrs. H. T. Cross.

Wanted to buy a cook shack for threshing outfit, with or without trucks.—Heard Perry. 1p

Ernest Sparks was here this week from Fort Worth looking after business and visiting relatives.

Misses Geraldine and Burnice Brookerson of Benjamin are here visiting their aunt, Mrs. T. P. Reeder.

For Sale an 8-16 h. p. kerosine tractor, in A1 running order, will sell at a bargain.—W. O. Fish, Vivian, Texas, phone line 9 4 rings. 2p

Fire Insurance.—B. W. Self.

Save your baby chicks—use Avicol.—Ferguson Bros.

Clarence Self made a business trip to Vernon Monday.

Mrs. Cross spent the week-end visiting relatives in Quanah.

There's a photographer in your town.—Mrs. H. T. Cross.

For fire insurance see J. C. Thompson in the County Surveyor's office. 2

Three second hand grain binders for sale at a bargain.—J. H. Self & Sons.

Miss Lottie Davis of Spur has been visiting her friend, Miss Dorothy Thompson.

Lost—Black traveling bag between depot and northeast part of town.—Lee Allan Beverly. 1p

Father Mosler was here Sunday from Bomarton holding services at the Catholic church.

It pays to take care of your chickens. Avicol will keep them from dying.—Ferguson Bros.

When you buy a watch chain why not buy a Sturdee with a permanent guarantee?—A. C. Gaines.

J. R. Allee and mother, Mrs. Belle Allee, and Mrs. G. A. Mitchell were visitors in Vernon last Friday.

J. R. Ford is carrying a crippled foot as the result of having dropped a stone jar on it some days ago.

A boy was born to Mr. and Mrs. Sam Crews last Saturday. Also one was born to Mr. and Mrs. Everett Bell.

Don't blame your wife for getting up late and having late breakfast. Get her an alarm clock at A. C. Gaines.

E. W. Wallace of Fort Worth came in last Saturday to visit his sister, Miss Runie Maud, with R. B. Edwards Co.

Miss Marie Hine, teacher of Spanish in the schools of Altus, was a week-end visitor at the home of her friend, Mrs. J. S. Ray.

I am doing any and all kinds of light hauling. When you want anything in this line phone Crowell Barber Shop or 199. 1p

Mrs. Percy Ferguson came in yesterday from Alpine to visit her mother, Mrs. H. M. Goode, and brother, Capt. Henley Goode.

Stanley Sanders came in Wednesday from Camp Travis, having recently returned from France and discharged at that camp.

Rev. J. H. Hamblen was called to Knox City Monday to conduct the funeral of C. C. Carpenter, one of the old-time citizens of Knox County.

Mrs. S. O. Woods left Sunday for Dallas to join her daughter, Miss Lottie. They will go from there to Oklahoma to visit Mrs. Woods' other daughter.

Glenn Roberts and Carl Wishon returned Monday from Herring & Johnson's ranch at Hartley where they went with 11 cars of calves shipped from the ranch in this county.

Mrs. A. N. Vernon left Tuesday for Waco where she will join friends for a visit to New Orleans. They will go to New Orleans and will make the remainder of the trip by boat.

Mrs. Belle Bulkeley returned Tuesday from Nocona where she had been visiting her father who is seriously ill. She says he is getting very old and she does not expect him ever to get up.

Major Hines Clark went to Ft. Worth last Thursday night and received his discharge from the army Friday morning and returned Friday night. He is back in Crowell to stay now and will resume his practice of medicine. The offices over the Owl Drug Store are now being prepared for his occupancy.

Liggett's grape juice in all sizes at Ferguson Bros.

Oscar and Egbert Fish were in town Wednesday from Vivian.

For Sale—Good heavy wagon tank and pump. See T. L. Hayes.

All kinds fishing tackle, poles, lines, hooks, minnows and etc., at Self's hardware store.

Current Events subscribed to by the pupils of the Crowell school can be had at Ferguson Bros.

If it is harness that you need, we have bought a special supply for harvest.—M. S. Henry & Co.

T. L. Hughston and W. S. Bell returned Sunday afternoon from the Grain Dealers' Convention at Galveston.

Uncle Joe Reaves left Wednesday on the southbound train for Mississippi to visit his brother and other relatives.

John Klepper and wife arrived Tuesday from near Munday, Texas. They were accompanied by Miss Ola Ledbetter.

Misses Myrtle Cooper and Charlie Ribble returned Wednesday from a visit with P. L. Ribble and wife at Electra.

Mr. and Mrs. C. R. Ferguson and Mesdames Walter Howell, T. M. Beverly and S. J. Ferguson went over to Vernon last Thursday.

Ross Kenner and sister, Miss Ruth Kenner, left last Friday for Wichita Falls and Burkburnett. Ross went to the R. R. Co. where he was employed before going to war to report for duty.

Garland Burns was here Tuesday from Thalia. He said Paradise creek was higher than ever known before. The people down there were compelled to open their hog pens and drive the hogs out to higher ground.

Geo. and Clarence Benham were in from Vivian Wednesday. Geo. returned Sunday from overseas being with the 35th Division, while Clarence returned on the same day from Ranger where he has been working in the oil fields.

Wm. Bulkeley arrived Tuesday from overseas, having served in the army for about two years. After arriving at Boston on April 30, he was sent to Camp Kearney where he received his discharge on May 13. He was in the battles of St. Mihiel and Argonne Forest, but escaped without having been wounded.

T. M. Beverly, Walter Howell and T. B. Klepper made a trip to Quanah last Friday afternoon returning in time to escape the big rain and hail storm Friday night. The roads in Hardeman county were very rough from the fact that they had not been dug since the rain, however, they are well graded and would be fine with a little dragging. The wheat over there is fine, some fields looked better than others. Work has been started on paving the main street of that city which will be a great improvement over the present condition of the street.

Silk Hose

WE have on special display 100 pair of Ladies' Silk Hose in the fancy colors.

These hose are the nicest grades we have in the silk hose line, many of them retailing for \$2.50 to \$3.00.

You can buy these hose and dye them and have something extra nice in silk hose.

We have them on sale from 50 cents to \$1.50 per pair.

Better Investigate

Self Dry Goods Co.

If you have a car in good mechanical condition, why sell it at a sacrifice. Have it painted and upholstered and a new top put on. For such work see W. T. Garrell, So. side square. 2

Mrs. J. H. Self left yesterday for Waco to attend the graduating exercises of the Baylor University, her daughter, Miss Una, being one of the graduates. Her son, Riley, and daughter, Miss Winnie, accompanied her.

We have secured a serial for Friday nights, The Terror of the Range, which starts Friday night, May 30th. The serial will continue 7 weeks, two reels each night, besides 2 reels of comedy and two feature. After the 24th of this month our pictures will be better as we are going to pay more for them. We are now using the Pathe. Come to the air dome on Friday and Saturday nights.—Bell Bros.

Get a Wallis tractor to pull your binders and do your plowing. They go faster than horses. Can demonstrate any time.—D. P. Yoder.

REBUILDING BABEL

Mr. Albert Mamaty of Pittsburg is president of the Slovak League of America, and he seems to be worried by the activities of the interior department touching the subject of Americanization. A conference held by the department has been attended by representatives of foreign-born residents of the United States, and the latter have lifted up their voices in rebuke.

Many of the speakers gave warning that no attempt should be made to force American citizenship upon an alien, for that would give him reason to believe that this country was attempting to submerge minority nationalities. And Mr. Mamaty was loud in denouncing any attempt to make foreign born residents or citizens discard the use of their national tongue.

Before these foreigners tell us not to dare to do this or that they should first find out the details of our program. Before accusing a man of murder it is advisable to produce a corpse as evidence--or at least, some proof that a certain party is missing.

Who is trying to force citizenship on aliens? Who is forbidding foreign born residents to speak their native tongue? And it would be interesting to learn what argument there is against the submergence of a miscellany of nationalities on this soil. Is not the American nationality good enough?

The attempt is obviously to cloud the issue. There is, very properly, a movement to prevent schools from teaching subjects in any language but English; there is no attempt being made to forbid foreigners to speak their own language among themselves. There is no reason why taxpayers should support school teachers to perpetuate any language but our own--unless it forms a subject of curriculum.

Nobody requests these aliens to come here. Nobody will object if they decide to depart. But, if they wish to partake in our destiny, let them remove the barriers of aloofness, and learn to share our ideals, instincts, and languages.

ARMY WORMS DO SOME DAMAGE

County Agent Chaney found last week in the Vivian country that the army worms were doing some damage to crops in that section, but they do not seem to be general. They had almost destroyed one crop in that community and had attacked some others. It is hardly likely that they will destroy much wheat at its present advanced stage, it is thought. This county seems to be fortunate in having largely escaped this pest, for in some portions of the wheat belt they have done a great amount of damage.

FOLKS are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet--mild, but hearty an' fren'ly, too.

Velvet Joe

Velvet

THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke--never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing--in wooden hogsheads--does it. Friendship must ripen slowly. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

Leggett & Myers Tobacco Co.

Roll a VELVET Cigarette
VELVET'S nature-aged mildness and smoothness make it just right for cigarette.

15c

One of the most effective means of combating the army worm, Mr. Chaney says, is to plow around the field to keep them from entering it. Since they are a migratory pest, this has been found to be an easy and successful means of fighting them. The furrow is made with a perpendicular wall next to the field and when the worms go into the furrow they can not climb the perpendicular wall, so they remain in the furrow to die. As a means of destroying them after they have fallen into the furrow deep holes are sometimes dug in the bottom of the furrow short distances apart, and the worms, traveling in the furrow, fall into the holes and die. This makes their destruction certain. Poison has also been used very successfully.

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Foard.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Foard County, of the 3rd day of May, 1919, by Marie Harris, clerk of said District Court, for the sum of Three Hundred Ninety-seven and 87-100 dollars and costs of suit, under a judgment in favor of H. Kenner, in a certain cause in said court, No. 1067, and styled H. Kenner vs. J. F. Oliver, placed in my hands for service, I, E. P. Bomar, as sheriff of Foard County, Texas, did, on the 3rd day of May, 1919, levy on certain real estate, situated in Foard County, Texas, described as follows, to-wit:

Lots Nos. (17) Seventeen, (18) Eighteen, (19) Nineteen and (20) Twenty in Block No. (13) Thirteen in Packs Addition to the town of Crowell, in Foard County, Texas, and levied upon as the property of J. F. Oliver, and that on the first Tuesday in July, 1919, the same being the 1st day of said month, at the Court House door, of Foard County, in the town of Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. F. Oliver.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand, this 3rd day of May, 1919.

E. P. BOMAR,
Sheriff Foard County, Texas.

TOTE YOUR OWN

A certain party in the state of Massachusetts did what he should not have done, and was accordingly pinched. In court his guilt was proved, and the judge fined him \$50. He tendered a Liberty bond in payment, and it was refused, as its market value was about \$2.50 below face value. He was obliged, therefore, to add \$2.50, cash, to the bond in paying the fine.

The judge's position was right. Many people throughout the country who have Liberty bonds--and most of us have--are trying to get easy terms in discharging obligations by offering them as cash. And when creditors insist on receiving them at market and not at face value the debtors accuse them of insulting the good name of Uncle Sam, and impeaching his solvency.

There will always be imitation patriotism with a mercenary motive. We shall often see the stars and stripes used to cloak dishonesty. A Liberty bond of the 2nd, 3rd and 4th loans cannot be sold much above 95, though as the bonds approach maturity they are sure to rise, and will, of course, be worth face value at maturity.

The plain, unemotional truth about a Liberty bond is this. Each purchaser, on buying, knew that in return for \$100 he was getting something which, as soon as he had got it, would be unsalable at more than 95. Whatever patriotism was contained in that fact. It amounted to \$5 worth of patriotism. And the sacrifice was not great in comparison with the abnegation of those who wagered their bodies for a principal in France.

Any man who has bought a \$100 Liberty bond has made a gift of \$5 to Uncle Sam. His \$100 would have produced 7 per cent instead of 4 1/2 per cent in solid securities at low denominations. But it is cheaper to give Uncle Sam \$5 than to pay tribute to Germany.

When a man has made a gift of \$5, \$10 or \$20 to Uncle Sam, let him

stand the gaff--unless his need is great. Let him stick. Let him not whine to some one else to pay his \$5 for him--to receipt his bond at par. Let every man carry his own load. God hates a quitter.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

MANY PROMINENT TEXAS PEOPLE INDORSE TANLAC

List Includes Sheriffs, Professional and Business Men, Ministers of the Gospel and Others--Wonderful Results are Obtained by the Use of the "Master Medicine"--People Everywhere Praising Tanlac for the Good It Has Done Them.

THAT Texas is enthusiastic for Tanlac is shown by the large number of leading citizens of the State who have come out with unqualified indorsements of the wonderful medicine. Hundreds of thousands of people all over Texas are taking it and are unanimous in their praise for the wonderful results they have obtained through its use. County officials, as well as ministers of various denominations, and others occupying positions of trust and confidence, both in the public and civic life of Texas, are among those who have obtained relief from their troubles through the use of Tanlac, and who gladly recommend it to their friends.

Following are a few of the hundreds of testimonials, given by Texas people of prominence, which have been received at the Tanlac office within the past few months.

Hon. Archie R. Anderson of Houston, Ex-Sheriff of Harris county, is one of the best known and most popular men in the State. For twelve years Deputy Sheriff of Harris county, he was then elected Chief of Police of Houston and, shortly thereafter, was elected Sheriff of Harris county, and re-elected to this office seven times, which position he held for fifteen consecutive years, when he voluntarily retired to private life, having held public office in the State for twenty-seven years. He is a leading citizen of Houston and a large property owner in that city. Says Mr. Anderson:

"Money couldn't buy the good Tanlac has done me. I was in a badly rundown condition, suffered terribly from indigestion, would bloat up with gas soon after eating and was so miserable that I never felt like getting up in the morning. I suffered with neuralgia and was in a dreadful fix for four years. Since starting on Tanlac I am like a different person altogether. I sleep like a log, eat anything I want without suffering pain or inconvenience afterwards, and I never felt better in my life than I do now."

Judge and Confederate Veteran
Judge G. W. Kysner, of 1204 West Ninth Street, Austin, a well-known Confederate veteran who occupied the bench in Caldwell county for twenty years and, later, was Commissioner of Pensions under Gov. Colquitt, says: "I suffered for years with rheumatic pains and sciatica, and got so I could hardly sleep. I had no energy and had terrible headaches. A few bottles of Tanlac put me in better shape than I have been in years. I eat heartily, sleep well, my rheumatic pains are all gone and I feel more active and energetic than I have in a long time."

Sheriff of Ector County
Hon. S. A. Kelley, Sheriff and Tax Collector of Ector county, and living at Odessa, says: "I had no appetite, was rundown, had rheumatism, my back ached and my kidneys were out of order. Tanlac has done for me a world of good in every way, and since taking it I feel more active and energetic than I have in a long time."

Deputy Sheriff of Buxar County
Joe Chadwick, 125 Kromphlan street, San Antonio, former Deputy Sheriff of Buxar county, says: "My wife suffered for ten years from a disordered stomach. Gas caused her heart to palpitate, she suffered awful pains and would get so nauseated that she couldn't retain what she had eaten. She began to improve as soon as she started on Tanlac, she is stronger and has more life and energy than before and says she feels more like working now than she has in a long time."

Fort Worth Alkerman
Robert T. Kelley of Fort Worth, a well-known former alderman and for three years in charge of the county farm of Falls county, says: "Eleven years ago I was a well and healthy man, then something went wrong, I lost my appetite and fell off in weight. My nerves were shattered, my whole body was racked with pain and I took to my bed, where I

lay for several months almost helpless. I decided to try Tanlac and before I had finished my first bottle the pains began to leave me and as I kept it up I improved steadily, gaining twenty pounds in weight and now feel in better shape than I have in many years."

Pastor Baptist Church
Rev. R. J. Taylor, pastor of the Baptist Church at Franklin, Robertson county, says: "My stomach was all out of order and I suffered with such severe headaches that I could hardly sleep. I had no appetite and would almost collapse. My improvement since starting on Tanlac has been wonderful; I have already gained several pounds and can do my work now without tiring as I did before."

Methodist Minister
Rev. James Hamilton, of Dallas, a retired Methodist minister and former missionary in Brazil, says: "After spending several years in Brazil my health broke down and I was compelled to give up my work. I came to Dallas eight years ago a complete nervous and physical wreck. I took several bottles of Tanlac and my health has been fully restored; I have gained considerably in weight and have a better appetite and digestion than I have had in seventeen years."

Austin Real Estate Man
G. E. Hamilton, a well-known real estate man of Austin, says: "I suffered for eight or nine years from rheumatic pains and sciatica, and was also troubled with catarrh. My nerves were in an awful fix and I was badly rundown in every way. Tanlac has done me more good than anything I ever took and has made me feel more like my old self again; I want to be stirring and moving about all the time."

Other Well-Known People
Among other prominent persons who gladly indorse Tanlac are Hon. Charles L. Lewis, Marion, Ark., Ex-Sheriff of Crittenden county, Ark.; Hon. J. D. Patton, Cabot, Ark., former Deputy Sheriff of Rain county, Tex., and more recently holding the same office in Muscogee county, Okla.; Hon. Benjamin F. Whittington, Judge of the Ralston Court, South Omaha, Neb.; Hon. C. W. Mangum, Atlanta, Ga., Ex-Sheriff of Fulton county, Ga.; James Taylor, Peoria, Ill., Special Investigator of Mines and Minerals for State of Illinois; E. J. Henry, President of the Hawkinsville Bank & Trust Co., Hawkinsville, Ga.; W. C. McElveen, Cashier Bank of Hornbeck, Hornbeck, La.; S. D. Rogers, Secretary and Treasurer Southern United States Sales Co., Oklahoma City, Okla.; Rev. W. C. Norton, Pastor Wesley Memorial Church, Jacksonville, Fla.; Rev. A. J. Vallery, well-known minister and social worker of Memphis, Tenn.; Mrs. Martha Stone, noted temperance lecturer, Seattle, Wash.; Mme. Jean Mantelli, Portland, Ore., celebrated opera singer, late of the Metropolitan Opera Co., of New York, and many others too numerous to mention. Tanlac is sold by leading druggists everywhere.

GERMANS THINK WAR MERELY INTERRUPTED BUSINESS
Trevas, April 16.—To illustrate the German attitude toward the war as a mere artificial interruption of trade relations, the following incident is cited by the chief American censor: "A German firm in the American occupied area writes to a firm in New York, enclosing the New York firm's letter of June 6, 1914, and began in

this manner: 'In reply to yours of June 6, 1914, beg to state,' etc." At the American censor's office here, where all mail from the occupied zone is passed upon before being sent on its way to the entente countries, an average of 2,000 letters a day, written by Germans, have been received, with indications of a gradual increase during the next few weeks.

POINTED PARAGRAPHS

Would you call the airplane voyage plane sailing?

The Tribune-Ford trial at Mount Clemens, Mich., will probably make clear to the world just what are the mental processes of a conscientious objector.

Germany does not appear to consider the treaty a treat.

The world is now probably safe for democracy, but it remains to be seen how safe it may be for Bolshevism.

If you think making the Versailles peace treaty was a simple matter, just try your hand at composing some little neighborhood difference. You will come out of it with a new sense of the complications of peace.

The Prince of Wales has looped the loop over London in an airplane seven times. If after his accession his throne should suddenly be overturned, he would know exactly how to deal with that dizzy sensation.

Wages have to go up because prices are higher, and then prices have to go up because labor involved costs more, and then wages—What are we getting anyhow? An endless chain?

We can name one trade at least which does not partake of labor's general unrest. The plumber is still willing to rest as long as anybody will allow him—at 75 cents an hour.

Circumstances alter cases. When the naval airplanes had covered half the distance on their voyage to the Azores, it was all right for them to be half seas over. But it would have been all wrong for the aviators to be so.

Almost the only things that have not gone up in price are thrift stamps and war savings stamps. Take note that they are still to be had at the same old figures.

No thank you, Mr. Trotsky! The world in general at present prefers spring green to revolutionary red.

If Paderewski's cabinet disagrees, he will probably only have to play them a soothing nocturne to bring about harmony.

President Wilson announces that under no circumstances will he accept a third term. Perhaps if it were styled a semester he might modify his objections.

We are informed that yeast has nutritive qualities and will be one of the foods of the future. In that case we trust that its prices will rise as fast as the yeast itself does.

If Germany were in a position to fight anything she would probably fight the peace treaty.

The man for the job and the job for the man seem to be two difficult things to get in America just now.

Mexico is very short-sighted. First she was unable to recognize the rights of American property-holders and now she does not recognize the Monroe doctrine. Uncle Sam may have to furnish her with the spectacles of the U. S. army and the U. S. navy.

Be thankful that your income does not amount to \$1,000,000. If it did you would have to pay \$700,000 in taxes. And you would probably worry so much about this that you could not enjoy the remaining \$300,000.

If members of the Sixty-Sixth congress realize all that the nation expects of them they are probably shaking in their shoes.

LETTUCE GROWN ON FIELD SCALE
Lettuce is being grown on a field scale in the Imperial and Salt River Valleys of California. Fields of from 30 to 40 acres being not extraordinary. At the height of the production season—January and February—it is not uncommon for 26 car-loads of lettuce a day to be shipped to the middle western and eastern markets. This lettuce, grown under irrigation, is produced by hand labor and is of extra fine quality. The industry was developed on a commercial basis about three years ago and during the last two years has been one of the leading agricultural occupations of the State. These localities also produce carrots, peas, cauliflower, and table beans on a less extensive scale.

CALOMEL DYNAMITES A SLUGGISH LIVER
Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasing and safe to give to children; they like it.

PRINCE ALBERT

TALK about smokes. Prince Albert is geared to a joyhandout standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin and a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin's smokes you'll find aplenty in P. A. That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Buy Prince Albert everywhere tobacco is sold. Toppo red bags, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

THE OLD WEST DRIED UP
When Nevada and Wyoming went dry; that is, the Fairbanks-Hart West, the frontier West that ends with the Sierras and in which Reno is the last stop. California, manicured and metropolitan, remained wet, but that is a different story. The old West went dry.

And when the West went dry it went out; not because the passing of the saloon caused the end, but because it

emphasized that West. The saloon played such a part in the old frontier life that its passing was like the death of the oldest inhabitant, whose obsequies closed forever the door between the new and the old West—the old West that was a gamble, a dare, a fortune overnight, a miracle in the desert, a treasure in the mountain, a ghost, a restless, transient, sensational West that made good material for the movies, but a poor Commonwealth.—New Republic.

SHERIFF'S SALE THE STATE OF TEXAS, County of Foard.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Foard County, of the 3rd day of May, 1919, by Marie Harris, clerk of said District Court, for the sum of Four Hundred Eighty-four (\$484) dollars and costs of suit, under a judgment in favor of L. C. Anderson, in a certain cause in said Court, No. 1068, and styled L. C. Anderson vs. J. E. Adams, placed in my hands for service, I, E. P. Bomar as sheriff of Foard County, Texas, did, on the 3rd day of May, 1919, levy on certain Real Estate, situated in Foard County, Texas, described as follows, to-wit:

Lots Nos. (13) Thirteen, (14) Fourteen, (15) Fifteen, in Block No. (75) Seventy-five in the town of Crowell in Foard County, Texas, and levied upon as the property of J. E. Adams and that on the first Tuesday in July, 1919, the same being the 1st day of said month, at the Court House door, in Foard County, in the town of

Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. E. Adams.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand, this 3rd day of May, 1919.

E. P. BOMAR,

Sheriff Foard County, Texas.

THE SIDEWALK AND THE SLUM

The farms of the United States furnished two and a half million men to the army. Needless to say, they have not all come back.

The work of demobilization is very far advanced. A large proportion of the farm boys should be back on the farms. They are not. In the state of New York 19,000 men left farms to join the colors, and 3,000 of them have gone back.

Many more have been freed from the army, but they have stayed in New York City. And that city reports graver conditions due to unemployment than any other city in the union. Conditions in Cleveland are bad enough, but they are worse in New York than anywhere.

Farm boys have decided to be city boys, and join the ranks of the unemployed. If they obtain employment, the expense of living in the city will leave them in the same position financially at the end of each month as if they had gone back to the farm. Wages may be higher in New York—at all events if you are a member of a union, which most farm boys are not—but that fact is discounted by the increased cost of living in the city. But why should a farm boy want to be a union member in a city? He has

more bosses there than he can count. His employer is one, his foreman is another, and each of half-a-dozen union officers is another. Even his pals are his bosses. He never knows if they are going to get him in wrong with his employer, or with the union officials.

On a farm he is closer to being his own boss than any city employee, and if he takes up land he can bring that desirable condition to realization—a dream which rarely comes true in the city. Also, he is the one man between the blue sky and the pit that Uncle Sam cannot do without.

OATS PROVING GOOD

Before the recent rains came J. W. Bell was among those who had commenced to cut oats, and he brought a bundle to town last week which were extra fine. He said it took 5 pounds of twine to the acre to bind them. They are estimated to promise a yield of around 100 bushels to the acre. Every one who has a patch of oats say they are unusually heavy.

HAWKER FOUND ALIVE

London, May 25.—Like news from beyond the grave came the report Sunday that Harry G. Hawker and Lieutenant Commander Mackenzie Grieve had been picked up at sea by Danish ship.

The glad tidings spread through the city like wildfire and was greeted with wild demonstrations of joy everywhere. The greatest demonstration of all took place in the village of Surbiton, where Hawker has his home.

Hawker's wife was overjoyed at the announcement of her husband's rescue. "I knew he would come back," she said to the Universal Service representative who called at the cottage. "I had a presentiment that he was not dead all the time. Oh, I'm the happiest woman in the world. Harry can try to fly across the Atlantic again any time he wants to. I'm sure his good luck will continue." Special thanksgiving services were held in the Surbiton churches tonight. The report of Hawker's rescue was

received at Lloyds in a wireless message from the Danish steamship Mary, relayed by the station at the Butt of Lewis in the Hebrides. The ship's message read: "Have saved all hands Sopwith airplane."

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." 53

Subscribe for the News, \$1.50.

PREDICTS REPEAL OF DAYLIGHT SAVING LAW

Senator Blanton of Abilene has introduced a bill for the repeal of the Daylight Saving Law and predicts its repeal. He is said to have been busy for a few days canvassing the sentiment of the house on the proposition and has found widespread opposition

to the plan, since it was introduced as a war measure and the war is now over, and there is no reason why it should be continued.

He says 95 per cent of the people in Texas are opposed to the plan, as it is of no use and works a decided hardship on the people. The same sentiment is said to apply throughout the

entire United States, and we may now have hopes of the repeal of this measure. It should not only be repealed, but it should be done now and put into effect at once so that we may have the benefit of it this summer.

J. F. Ross came in yesterday from Waxahachie to look after his wheat crop.
