## TRADES DAY IS EXPECTED MONDAY

### WORKING STARTED PAVED ON SQUARE CUT-OFF SPACES

The first C. W. A. project in Texas to utilize the "Cement Bound Macadam" paving process was started Wednesday morning in connection with the local C. W. A. act of cutting down the court in AN PARKER square.

This method of paving will give a surface that will have the appearance of actual concrete pavement. While at a fraction of the cost of other concrete pavements here, the cement bound macadam will have about the same durability.

The form of pavement consists of 1/2-inch crushed rock base, firmly packed. Following this step the 1/2-inch sand grout, which is poured into the spaces between the rocks and filling a concrete wearing surface. Use of a heavy tamp, the grout is pressed to penetrate all of the voids between the rocks, firmly anchoring each throughout the depth of the pavement.

This is the first cement bound macadam pavement to be used on a C. W. A. project in Texas, yet this method has been used on many C. W. A. projects in other states. This is not a new one, in fact, it is one of the oldest concrete pavements in the country were placed in this manner.

Plans call for paving 30-foot strips the north and west sides of the square that have been cut from the front house lawn, consisting of approximately 2,000 square yards. This work is being done under the direction of the commissioners' court, with assistance of B. K. Garrett, resident engineer, and T. D. Shiels, field engineer for the Port-Cement Association.

This needed improvement is being accomplished at a minimum of C. W. A. labor is now being placed in paving the pavement. Previous to this time it was used in cutting down the lawn, setting back of curb, hauling and crushing rock. The rock was donated by W. B. Inson. Engineering services have been given. The only expense to the city on this proposition is the cost of renting the Hardeman County crusher, cement and a small force pump.

One of the highlights of this type pavement is the fact that hand labor is almost entirely used, thus saving employment to many needy men.

### Opening for 4 From Foard County in CCC

There will be openings for at least four from Foard County in the Civilian Conservation Corps after April 1 according to word received by Lillian Wright, director of Re-employment service at the local relief office.

Ex-Service men and others between the ages of 18 and 25 having no dependents on their support are eligible for the C. C. C. No one eligible who has previously served in the C. C. C.

Those entering this service enlist for a period of six months and are paid \$30 per month. A major portion of this pay must be assigned to dependents.

Those wishing to apply for entrance to get in touch with Mr. Wright at the local relief office.

### DO YOU KNOW?

At a festival in honor of Alexander the Great, in Egypt, one thousand guests were served, each having a change of gold plate and cup for each course of the dinner.

### TODAY'S FACT

A News Classified Ad is the speediest, and most efficient little salesman you ever saw. And it will get the job done for as low as 25c.

FOARD COUNTY  
NEWS

### City Election to Be Held Here Tuesday

Crowell's city election will be held Tuesday at the city hall with J. H. Self in charge. Two aldermen are to be elected for two year terms at that time.

The time for filing names for a place on the ballot expired 7 days preceding the election with only two names filed, R. J. Roberts and Leo Spencer, the aldermen whose terms expire this year.

### Tri-County CE Meet Here Next Tuesday

A meeting of the Christian Endeavor Unions, comprising the C. E. societies of Wilbarger, Hardeman and Foard counties, will be held in Crowell Tuesday evening, beginning at 7:30 o'clock in the local Christian Church.

The public is invited to attend and the young people of the local church are especially urged to attend.

### PCA Officials From Many Counties Here For Meet Wednesday

Officials of the Production Credit Associations of Crowell, Memphis and Wichita Falls and county and home demonstration agents from a number of the counties served by these associations, were in Crowell Wednesday to hear Owen W. Sherrill of Houston, secretary of the Production Credit Corporation of Houston, speak at the district court room Wednesday morning.

T. N. Bell, secretary-treasurer of the Crowell association, which serves Hardeman, Wilbarger, Cottle and Foard counties, gave a barbecue for the visitors at the Self elevator at noon. Members of the Crowell Rotary Club dispensed with their regular luncheon to attend the barbecue.

Conferences of the P. C. A. application writers and inspectors were conducted in the afternoon.

The morning session was attended by many Foard County farmers and local business men in addition to the out-of-county visitors. Mr. Sherrill's address regarding the true aims and purposes of Production Credit Association, was the feature of the day.

Mr. Sherrill stressed the fact that the P. C. A. was to provide a permanent source of credit at a low rate of interest to farmers and stockmen in good times and bad times alike.

The speaker paid tribute to country bankers and stated that it was his opinion as well as that of many bankers that the P. C. A. would help, rather than hurt them.

### Haney-Rasor Grocery Celebrates Its 10th Birthday Trades Day

Ten years under the same ownership and in the same location will be the record reached by the Haney-Rasor Grocery on April 1 and as a result the store will celebrate its 10th birthday on Trades Day, April 2.

T. S. (Hid) Haney and John Rasor have been the owners and operators of the store since April 1, 1924, at which time these youthful business executives secured the interest of Dow Miller and Bert Bain in the Miller & Bain Grocery.

The Haney-Rasor Grocery has been one of the best and most regular advertisers in The News. In the ten years existence of this firm, it has had an ad in all but three or four issues of The Foard County News that have been published since April 1, 1924.

### FREE ADMISSION TO TRACK MEET HERE SATURDAY

As a result of the cold and damp weather, it was necessary to postpone the county track meet a second time last Saturday, with the result that the meet is scheduled to be held this Saturday.

No admission will be charged since a sufficient amount was received at the musical program last Thursday night to take care of the expenses of the county meet.

The Saturday program is to begin at 9 a. m. The morning program will include volley ball for senior girls and senior and junior boys field events in the following order: pole vault, running broad jump, discus throw, high jump, 12-pound shot put, javelin throw, junior pull-ups.

Competition in track events is to begin at 1:30 p. m. and will include various hurdlings events, dashes, relays, etc.

### GINNINGS IN FOARD FOR PAST SEASON PROVE THAT 1933 WAS COUNTY'S BEST COTTON YEAR

#### Black Bass Weighing 8 Pounds, 2 Ounces Caught at City Lake

A black bass weighing eight pounds and two ounces was caught at the city lake Monday afternoon by Gordon Bell. So far as is known this is the largest fish that has been caught at the local lake.

About two years ago a bass weighing seven and one-half pounds was caught at the lake by a Paducah man and this was the record until Bell's catch.

#### Shultz Building at Thalia Being Changed

Work was started last week in remodeling the Allen Shultz building at Thalia in which the Stovall Grocery and the Thalia post office have been located.

When the work is completed the building will have three store spaces facing Highway 28 south instead of facing east as has been the case. The Shultz Drug Store will occupy the southeast corner of the building. The Stovall Grocery and the post office will occupy the next space and a barbershop the third one.

### GENERAL RAIN FELL IN FOARD LAST WEEK-END

A general rain over Foard County and West Texas, amounting to eight-tenths of an inch at Crowell, fell last Saturday night and Sunday. The rain came in such a manner as to insure maximum benefit from it, thus brightening crop prospects to a great extent.

This is the second good rain for Foard County during March. Beginning March 1, a rain of a few days amounted to 2.6 inches. The moisture at that time came in a manner similar to that of the last rain.

### Margaret Revival to Begin Easter Sunday

A revival of two weeks will begin at the Margaret Methodist Church Sunday, Easter, with the pastor, Rev. Marvin Brotherton, doing the preaching.

"This is a revival in which the leaders earnestly solicit the prayers, presence, co-operation and help of every lover of 'The Christ' in the entire community and is a revival to which the entire public is invited," the pastor stated.

It had been originally planned to have an outside pastor do the preaching for the revival, however, these plans were changed and local forces will have charge of the meeting.

Both Margaret and Thalia churches have been requested by the pastor to bring the Kingdom Extension offering to the church Easter Sunday.

### Miller and Thompson Sell Grocery Interest

Charlie Thompson and Dow Miller have sold their interest in the M System Grocery here to Mrs. G. F. Elliott and son, in a deal to become effective April 1.

Mr. Miller and Mr. Thompson have been associated with this store since January, 1930, when they purchased the business from J. H. Lanier and sons. Mr. Elliott has been one of the owners of the store for over a year.

The store will continue under the same name with Mr. Elliott as manager.

### Young People of M. E. Church Will Present Easter Drama Sunday

An Easter drama will be presented at the Methodist Church Sunday evening at 8 o'clock by the young people's division of the church. The drama, "Simon, the Leper," was written by Dorothy Clark Wilson, one of the nation's leading Easter dramatists.

The public is invited to attend this program. The regular afternoon Vesper services at the church will not be held this Sunday.

Final figures from the Bureau of the Census at Washington show that 23,342 bales of cotton were ginned in Foard County from the 1933 crop, compared with 19,463 bales for 1932.

The 1933 ginnings are just 955 bales short of the all-time ginning record in Foard County, which was reached in 1926, when the total was 24,298 bales.

These figures definitely prove that 1933 was the best cotton year in the history of the county, since official estimates are to the effect that at least 5,500 bales of Foard cotton were destroyed as a result of the government plow-up campaign last summer, thus it can be seen that without the plow-up, Foard's total ginnings would have been around 29,000 bales.

Until this season, the 1927 crop ranked second in ginnings with 21,566. Years in which Foard has ginned the most cotton are as follows:

1926	24,298
1933	23,343
1927	21,566
1932	19,463
1924	18,191
1925	17,895

It is interesting to note that of these six biggest years in Foard's cotton history, four of them, 1924-25-26-27, came in a row and that the other top-notchers have been in the last two seasons.

Since 1910 Foard's poorest cotton years have been 1918 and 1930 with 2,253 and 4,429 bales, respectively. The year of 1910 is as far back as The News has official figures for the county's cotton ginnings. In that year 6,434 bales were ginned in Foard.

#### Increase in This Area

As a whole the cotton ginnings for 1933 in this area of Texas show an increase over 1932. Losses were registered by the counties south of Foard, but in other directions from here, rains resulted.

Total Texas ginnings for 1933 were 4,220,096 bales, compared with 4,307,383 for the previous season. Ellis, with 91,758 bales, was the 1933 leading county in Texas. Jones, the third county south of Foard, led in 1932 with 107,309 bales.

The 1933 and 1932 ginnings for counties of this immediate area are as follows:

County--	1933	1932
Foard	23,343	19,463
Knox	56,374	65,888
Hardeman	42,947	38,268
Wilbarger	62,995	54,442
Cottle	41,277	40,109
Kin	6,326	7,400
Childress	36,670	35,907
Baylor	16,130	18,380
Wichita	26,740	23,815

### Thalia Baptist Revival Begins Easter Sunday

Rev. E. N. Parrish, Baptist evangelist of Dallas, will do the preaching for the revival meeting beginning at the Thalia Baptist Church on Easter Sunday.

A cordial invitation is extended to everyone to attend the services by the pastor of the church, Rev. W. A. Reed. The music will be directed by G. B. Neill of Thalia.

### Future Federal Land Bank Loans Will Be Made in FPMC Bonds

J. C. Thompson, secretary-treasurer of the Crowell National Farm Loan Association, received word this week from Wm. I. Myers, Governor of the Farm Credit Administration, Washington, D. C., that Federal land bank loans and land bank commissioner's loans will be made in the future through the Federal land bank in bonds of the Federal Farm Mortgage Corporation, which bonds are guaranteed by the United States Government both as to principal and interest. These bonds will take the place of the cash distribution in the disbursement of the unclosed loans previously approved by the Federal land banks.

The bonds of the Federal Farm Mortgage Corporation, according to the statement by Governor Myers, will have behind them not only the unconditional guarantee of the Federal Government as to both principal and interest, and the capital of the Federal Farm Mortgage Corporation amounting to about \$200,000,000, but also the consolidated bonds of the Federal land banks issued in exchange for the bonds of the Federal Farm Mortgage Corporation and the mortgages accepted by the land bank.

(Continued on Page 6)

### Burns Fatal to Foard City Child Last Week

Lavern, 19-month old daughter of Mr. and Mrs. C. H. Pittman of the Foard City community, died last Thursday from injuries received the previous day as the result of burns caused by the explosion of the gasoline iron that Mrs. Pittman was using.

The little child was buried in the Crowell Cemetery following funeral services conducted by Rev. W. A. Reed, pastor of the Thalia Baptist Church. Surviving are the child's parents and one brother, Billie Morris.

Mrs. Pittman's left hand was badly burned as a result of the explosion.

### Paul Merrill Accepts Duties as Pastor Here

Rev. Paul J. Merrill of Henrietta has accepted the call of the local Christian Church and will preach there every other Sunday, beginning March 8. He will divide time with the Crowell and Henrietta churches.

Rev. Merrill is a former pastor of the local church and since leaving his pastorate here, he had returned during a number of summers to conduct revivals. Rev. Merrill and his work have been very popular in this section and his return to duties here is welcomed by the community in general. He and his family will continue to make their home in Henrietta.

### Applications to Be Accepted in Wheat Program to April 15

Farmers who wish to join in the reduction of wheat acreage in line with the government program, may do so provided they get their applications in by April 15, according to Hubert C. Brown, secretary of the Foard County Wheat Control Association.

All farmers who signed contracts prior to January, 1934, but from some cause did not send their contracts off may get the full amount of the payment on their acreage which would total approximately 27 cents per bushel on their allotment.

Those who did not sign contracts before January 1, but who wish to do so now will receive the last payment on the 1933 crop which amounts to approximately 7 cents and in addition will receive payments for the reduction on their 1934 and 1935 wheat crops.

A number of farmers, according to Mr. Brown, can enter the contract and receive benefits from the payments without having to destroy any wheat, due to the fact that they have not planted their maximum acreage, however in the event that more than the maximum acreage has been planted the wheat acreage would have to be reduced in accordance with the 15 per cent requirements.

Due to the legislation which is now before Congress in the form of the cotton bill, and which concerns a number of wheat farmers who have not had sufficient cotton acreage to receive an allotment that would give them as much cotton as they desire, it is thought that opening the wheat campaign might offer them an opportunity to enter into the wheat reduction and get payments on land that might otherwise have to be left out of production or grow cotton on which there would be a probable tax.

The Wheat Control Committee, composed of Hubert C. Brown, E. V. Halbert, Howard Williams and J. C. Hysinger, is very anxious that everyone who is interested investigate as early as possible, as this will have to be done before inspection time which will likely begin the latter part of April. Contracts can be secured at the county agent's office in the court house.

### SATURDAY FINAL DAY TO SAVE ON SCHOOL TAXES

Saturday will offer school taxpayers of the Crowell Independent School District their final opportunity to pay their delinquent school taxes without penalty or interest.

In a notice carried in the last few issues of The News, the school board has warned that this will very likely be the last opportunity that local delinquent school taxes may be paid without additional costs.

The school district is in need of support and it is hoped that delinquent taxpayers will help themselves and their school by paying their taxes now.

The board of trustees of the Thalia district have carried a warning that it will remit penalty and interest on school taxes paid before May 1.

### MANY PRIZES TO BE AWARDED IN GUESSING EVENT

Over 85 prizes will be given in Crowell Monday afternoon to the winners of the Trades Day weight guessing contest. Practically every business firm in Crowell, including those in the business district and those elsewhere in the city, are co-operating in this event.

Visitors in Crowell on Trades Day may register their guesses as to the weights of those at the head of local businesses and those guessing the closest will win the prizes. Registration of guesses will come to an end at 3:30 o'clock and the winners will be announced and the prizes awarded immediately after the "old-time fiddling contest." In case of ties, there will be a drawing to determine the winner.

The various prizes to be given away Trades Day are now on display in the window of the Russell building next to the post office.

The old-time fiddling contest, which is to begin at 3:30 o'clock in the afternoon at the court house, is open to everybody. A number of fiddlers of this section are making plans to enter this event, which promises to be an interesting one.

First, second and third cash prizes of \$2.50, \$1.50 and \$1.00 will be given to the winners. Contestants will be allowed three minutes in which to play any old-time pieces that they may choose. Three capable judges will select the winners.

Firms offering prizes for Trades Day are listed below. At each there will be a place where guesses may be registered. The firms are:

Everybody's Food Store, Jeff Todd Station, Womack Bros., Reeder's Drug, Fox Bros., M. S. Henry & Co., Mabe's Shop, Lanier Hdwe. Co., M. Store, R. B. Edwards Co., Ferguson Bros., Self Dry Goods Co., Cashway Grocery, Ringgold Variety, O'Connell's, Wm. Cameron Co., Cicero Smith Lbr. Co., Linn Dry Goods, Harwell's, Haney-Rasor, Orr's Bakery, Beverly Shop, Self Motor Co., Kenner Station, Allen Co., Lilly Motor Co., Self Truck & Tractor Co., Hicks Poultry & Eggs, E. M. Croshaw, at Tex. Nat. Gas Co., Foard County News, Crowell Service, Swain's Garage, Maytag Crowell Co., A. L. Johnson Feed Store, Falls Station, Olds Grocery, West Side Grocery, A. V. Millsap (Watkins dealer), Crowell Cleaners.

Eagle Cafe, Schlagal's Shop, DeLuxe Cafe, Cook's Market, Meason's Market, Pastime Domino Parlor, Ivie's Station, Fox-Harrell Station, Girsch Station, Crowell State Bank, Clint White Truck Line (at Haney-Rasor), Joe's Cafe, Bruce's Shop, Raymond's Cafe, Fox Hatchery, Wright Cleaners, Canton's Cafe, Wallace's Shop, A. L. Rucker mill, Snears Black-mith, Armour Creameries.

L. Kamstra, jewelry, Modern Beauty Shop, Rialto, Mrs. Flowers Beauty Shop, Phillips 66 Station, Griffith Hotel, Pee Wee's Stand, Odus Aday, jeweler, Leo Spencer, insurance, E. A. Fox Station, Harvey's Hamburger Stand, West Texas Utilities Co., Davis & Walker Shop, Stone Grocery.

Shelton Grocery, Ballard Produce, Hughton Grain Co., Ketchersid Shop, Quick Service Station, T. P. Duncan & Son (at Ferguson Bros.), L. V. Robertson, photographer, Henry Ross Station.

### Texas Artists' Work Will Be Exhibited in Crowell on April 5

An art exhibition will be held at the Crowell High School auditorium on Thursday, April 5. It is a special exhibit of about 150 paintings by Texas artists, which have been assembled by Texas Artists Colony of San Angelo.

The exhibition in Crowell is being sponsored by the Adelpian Club and lovers of art consider this city fortunate in securing the exhibition since it is being shown mostly in the larger cities. Beginning today the exhibition will be in Dallas through April 1.

Two prominent Texas artists, Mrs. J. Riley Kendall and Miss Ida Jo Fuller of San Angelo, will be here with the exhibit.

The exhibition is brought to Crowell as an educational measure by the Adelpian Club and not for profit. In order to take care of expenses, there will be an admission charge of 10c for school pupils of Foard County. The admission for adults is 25c.

### Sunrise Easter Service At Baptist Church Sun.

The only Easter sunrise service in Crowell will be held at the Baptist Church Sunday morning at 6 o'clock. The public in general is invited to start their Easter Sunday worship program by attending this service.

who had resisted a heavy blow. "I've already put it up to her," he said, with forced quietness. "I've told her we needn't announce it if she wishes a quiet release. Of course, I—" he was speechless a moment and then added:

"I've loved her ever since she was a child. I think I'll put it all up to her again. I—" words were seemingly difficult—"may I see her now?"

Mr. Gordon rose and went to the door, opened it, and called up the stairs.

There was no answer. Mrs. Gordon stumbled out of her rocker. "I'll go up, Papa, she—perhaps she doesn't hear you."

"Nancy Virginia," bawled her father.

The kitchen door opened and Amanda's black face appeared. She was showing the whites of her eyes prodigiously; she had heard all the racket and knew as much as they did.

"Miss Nancy ain't in, suh. She done gone down ter de river. She was cryin'."

"Oh, Papa, you—you broke her heart!" wailed Mrs. Gordon, care- less of Amanda's ears, "she's—she's gone to kill herself!"

Mr. Gordon's flushed face grew pale, his eyes started.

"I—" he snatched his hat off the rack in the hall and made for the door.

But Richard Morgan was before him. Without a word to either of them, he flung the door open and started down the garden path.

Nancy fled from the house when her husband entered. Her father had painted a convincing picture. She saw herself a brazen creature, offer- ing to marry a man for a price—with- out excuse.

Where the river was little wider than a stream a heavy log spanned it, laid from boulder to boulder at the ford. Nancy crossed on it. She had gone that way a thousand times with Roddy. It was one of their childish feats. Nancy sat down, took off her hat and let the spring wind blow her soft hair about.

At her feet, in a sunny nook, bloomed the first wild violets. She looked down at them in dull misery. Page always picked the first violets for her; no doubt there were some folded into the letter she had in her handbag. She had found it in her room.

Now she remembered, took it out and opened it. She was right, the first wild violets of the season fell out of it. She looked at them vacantly. It was a moment before she began to read.

"Dear Nancy Virginia: Why couldn't you come down to see me? That headache wasn't excuse enough—I think you know what I had to say then, and I can't wait any longer. I must say it now. Nancy Virginia, will you marry me? I'm coming to- night for my answer."

Tonight? She looked at the date; he had written it the day she was married. The crumpled paper fell in her lap and she sat and stared at it for a while. Then, very slowly, she picked up the drooping little violets and kissed them. She sat there for a long time without moving; then, the wind blowing from that direction she heard her father's voice and Amanda's in their garden, and nearer at hand, the crackling of twigs. In an instant she divined the situation, they were looking for her, her father, and her husband! This might be Richard himself in the brush across the river!

She rose, trembling, and ran up the path. She knew her way here as no one else knew it. She slipped be- hind some cedars, climbed a steep rock, and came out, by a short cut, on the main street, below MacDou- gall's drugstore. She crossed Main street and went down Meadow Lane.

At the end of it was an old or- chard; no one would find her there! She only wanted to be alone.

She strayed along under the bare trees of the old orchard. The short turf was soft and green and gave un- der her feet. The wind was wonder- fully fresh and keen, and it was the only thing that revived her. She felt alive when it blew in her face. But she did not know what to do. What could she do? She had married Rich- ard Morgan and—according to her father—even Richard would despise her for it. It was true then what her father said, he did not want her!

She went on wandering under the trees, sure that they could not find her there. She wanted to hide, oh hide so that no one would ever find her! Least of all Richard. Yet, all the while, she felt his ring hard and cold on her finger. It felt heavy there, but she dared not take it off.

In the lonely orchard Nancy's face burned with shame. She had asked him for fifteen thousand dollars. She had set a price on herself!

The sun had set long ago and a mist was rising over the meadows. It ran along the edges in circling wreaths like smoke. Nancy shiver- ed.

Nancy hurried on. Another half hour brought her face to face with the old court house, deserted now and dark. On the opposite side of the street were some small old-fashioned houses given up to lawyers and their clerks. In one of these Page Roemer had his rooms. He lived there, in two rooms behind his law office, and the windows were lighted now.

Was Page getting ready to go for his answer? A wave of emotion swept over her, an intense longing for sym- pathy, for kindness. Page loved her!

## H. D. and 4-H Club Activities

"I have my material all ready for the pattern school," says Mrs. R. L. Walling, wardrobe demonstrator for the Vivian Home Demonstration Club. Mrs. Walling has been keeping records of expenditure for clothing and doing some sewing. She is now re- pairing her closet. She has added hat racks, is making a show rack, and plans to lower the clothes rod so that she can put a shelf above it. She says that she intends to use all old material that can be found about the place.

Although Mrs. Walling is making good progress with her wardrobe work, she is not spending all of her time on that as she is at present caring for almost 500 baby chicks. They are quite a bit of trouble but have remained healthy so far, according to Mrs. Walling.

"I'll make them grow whether it is warm enough or not," says Mrs. T. W. Cooper, farm food supply demon- strator of the Vivian Home Demonstration Club, in speaking of some dasheens that she had planted. This is one of the new vegetables she is adding to her list this year. Her record seems to bear out the fact that she wants them to. She has sev- eral varieties of fresh vegetables now and has had every day this winter. In December she had as many as thirty varieties available at one time. It is never necessary to buy fresh vegeta- bles and few leafy vegetables are canned since some are always avail- able fresh, according to Mrs. Cooper. A part of the spring garden has been planted and some of the vegetables almost ready for use.

## MRS. W. G. CHAPMAN ELECTED PRESIDENT OF THALIA CLUB

The Thalia Home Demonstration Club met Wednesday afternoon, March 21, with Mrs. Mack Edens. Mrs. Clyde Bray was leader. Mrs. W. G. Chapman was elected president of the club following the resignation of Mrs. Jackson.

Club members answered roll call by naming a Texas wild flower, giving its description and where it is grown. Mrs. Howard Bursey gave a sketch of the life of Karle Wilson Baker and read several of her poems. Mrs. Andy Thompson read some poems by Texas writers. Miss Myrna Holman gave a talk and demonstra- tion on adequate Storage Space and the Portable Closet.

The next meeting will be with Mrs. H. W. Gray on Wednesday, April 4, with Mrs. Albert Jones as leader. The subject will be Milk and Whole Wheat Products.—Reporter.

## MARGARET CLUB

The Margaret Home Demonstration Club met in regular session Friday, March 23, with Mrs. W. A. Dunn as hostess. The meeting was opened with the song, "Texas, Our Texas," followed by club prayer. Roll call was answered with quo-

tations from favorite books or poem. A council report was given by Mrs. Jimmie Larue. Good Reading was the theme of the program given by sev- eral of the members. Refreshments of fruit salad, potato chips, sand- wiches, cake and punch were served to fifteen members, three visitors and the hostess, Mrs. W. A. Dunn. Our next meeting will be with Mrs. O. E. Haseloff, April 13.—Reporter.

The temptation was too keen to re- sist, the longing to see him, to speak to him, to tell him her troubles. Per- haps he would hate her, too, then, and it would make it easier for him. She turned, went into the narrow hall and ascended the stairs. The door at the top stood open and she stopped, leaning against it, and looking into the room beyond, herself un- seen. It was an office, plainly and simply furnished. As she looked, the inner door opened and Page Roemer came in, went to his desk and sat down, taking up his telephone.

She could see him plainly; he was already dressed, and he had some of the wild violets on his coat. The light from the green shaded lamp fell on the handsome arch of his young head. He was younger than Richard Mor- gan, better looking, more pliable, and gifted with a grace of manner.

What would he think of her? What of her coming here at this hour? The wave of emotion that had borne her up the stairs to his threshold, swept back upon her and submerged her. She turned softly, felt for the banis- ters with a groping gesture and tried to escape unseen. But he had just hung up the receiver and in the ensuing stillness, he heard the rustle of her garments. He turned quickly, trying to look out of the lighted room into the dim hall beyond. She had to cross his vision to reach the head of the stairs and he saw a woman appeared at this hour. His curiosity took him to the door.

Page took a step forward and turned up the old-fashioned gas jet in the hall. As he did so she turned her head away, but he had already recog- nized her.

"Nancy! Good heavens, Nancy!" he cried, "what is it?"

He caught her in his arms and lifted her like a child, carrying her into his office.

But she disengaged herself, push- ing him off with both hands, her white lips shaking. "Don't touch me," she cried wild- ly. "Don't touch me!"

He stood dumfounded, looking at her, almost as pale as she was.

CONTINUED NEXT WEEK

IF your child's vision is defective, he is labor- ing under a disturbing handicap. It is your duty to know whether he needs glasses. Take him to Leutwyler's for an expert's examination.

VERNON, TEXAS

## WEST SIDE CLUB

The West Side Home Demonstration Club met March 14 with Mrs. John Carter with thirteen members, one visitor and Miss Holman present. The lesson on Storage Space was led by Mrs. Bryson, assisted by Mrs. Eubank, Mrs. Ed Norris and Mrs. Glen Roberts. Miss Holman gave an interesting demonstration on Stor- age Space. The club meets March 28 with Mrs. P. P. Cooper.—Report- er.

## FOARD CITY CLUB

The Foard City Home Demonstration Club met at the club house March 20, with 13 members, and one visitor present.

Roll call was answered with a quo- tation from a favorite book or poem.

Mrs. W. B. Jones, wardrobe demon- strator, and Mrs. T. F. Welch, representative, will attend the pattern school which will be held in Crowell April 5 and 6.

The club members are to begin work on a quilt the next meeting.

The subject for the afternoon was, "Good Reading," with Mrs. Mel Gover as leader. "Importance of Good Reading" was given by Miss Mozelle McDaniel. Mrs. Mel Gover gave an interesting talk on "How to Cultivate Taste for Good Literature," in the absence of Mrs. R. L. Morris. Mrs. G. M. Canup talked on "Can I Find Time to Read?" and Mrs. George Owens gave a very interesting talk on "The County Library."

The next meeting will be April 3 with "Foundation Patterns" as our subject and Mrs. J. R. Merriman, leader.—Reporter.

## WEST RAYLAND CLUB

The West Rayland Home Demonstration Club met with Mrs. Luther Marlow Tuesday with 12 members, 3 visitors and Miss Holman present. The songs, "Sweet and Low" and "Texas, Our Texas" were sung. Roll call was answered by "A Texas flower, description, and where grown."

During the business meeting Mrs. C. L. Adkins resigned as reporter and a motion was made and carried to appoint Bonnie Schroeder as report- er for the club. The following pro- gram was given: "Life of Karle Wil- son Baker"—Bonnie Schroeder. Miss Holman gave a very interesting talk about Mrs. Baker. "Poems by Texas Writers"—Mrs. H. F. Gregg. Miss Holman gave a demonstration on Adequate Storage Space and the Portable Closet. Mrs. Marlow served cake and hot chocolate. The club adjourned to meet with Mrs. J. E. Young, March 27.—Reporter.

Some British motorcycles are being equipped with headlamps containing a built-in ammeter and light switch.

Engineers of the General Electric company have developed a 10,000 lumen sodium-vapor light with a fixture which resembles a model of an early type of airplane.

### WEST SIDE CLUB

The West Side Home Demonstration Club met March 14 with Mrs. John Carter with thirteen members, one visitor and Miss Holman present. The lesson on Storage Space was led by Mrs. Bryson, assisted by Mrs. Eubank, Mrs. Ed Norris and Mrs. Glen Roberts. Miss Holman gave an interesting demonstration on Stor- age Space. The club meets March 28 with Mrs. P. P. Cooper.—Report- er.

### AYERSVILLE CLUB

Members of the Ayersville Girls 4-H Club met in regular session at the home of Mrs. Roy Ayers March 21, 1934. The meeting was called to order by the president, Miss Mildred McGinnis, and following the opening song, "America," led by Miss Rudell Eblins, an interesting talk and demonstration was given by Miss Holman, county demonstration agent, on "How To Repair Furniture." We adjourned to meet April 4, 1934. —Reporter.

Constructed like a refrigerator freight car, a van built on a ten-ton trailer chassis is cooled with solidified carbon dioxide, known in this country as dry ice, and is used in England for hauling perishable food products.

Logs are preserved for use as telegraph and telephone poles by a new method which consists of forcing a fluid into the grain of the wood by air pressure.

Disks of wax are heated by electricity and discharged through a nozzle in a fine stream for sealing letters and packages in a machine for use in the home or office.

A News Want Ad gets results.

OUR 10th BIRTHDAY

APRIL 1, 1924—APRIL 1, 1934

THANKS FRIENDS

Ten years ago the Haney-Rasor Grocery was established in Crowell and has since continued to operate in the same location and under the same ownership.

Words Fail Us

On this occasion we do not have words to truly express our appreciation for the patronage that has made the existence of our business possible. All of us have gone through some "mighty tough" times, but thanks to your support, our business has lived through them.

We sincerely trust that we have merited your support in service rendered. At least we have put forth an honest effort to make every transaction of mutual benefit.

TEN YEARS AGO

(From Foard County News, April 4, 1924)

In our first ad ten years ago we stated: "We hope to prove to you that our business policy will be such as to merit your patronage. We will keep a first-class grocery store where you can get value received for your money, both in quality of goods and service."

We are content to let you be the judge as to whether we have lived up to that statement throughout the 10 weeks that have passed since its publication.

A PLEDGE

We can think of no better pledge to the public than the one we made 10 years ago—that of having a business policy that will be such as to merit your patronage.

Always, we shall do all within our power to serve you to your satisfaction, for your good-will is our best asset.

TRADES DAY—APRIL 2ND

Since our birthday, April 1, comes on Sunday, we will celebrate this event on First Monday, April 2, and will greatly appreciate a visit from you at that time.

We will have bargains on hand that we believe will make your visit really worthwhile.

Yours for another decade of service,

Are YOU HAPPY After Meals

Or Do Gas on Stomach and Sour Stomach make you Miserable?

Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach.

ALKA - SELTZER relieves these troubles promptly, effectively, harmlessly. Use Alka-Seltzer for Headache, Colds, Fatigue, "Morning After Feeling," Muscular, Sciatic and Rheumatic Pains.

Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

FOR COLDS HEADACHE NEURALGIA FATIGUE RHEUMATISM SCIATIC NEURALGIA PERIODIC PAINS

Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs...does not depress the heart...is not laxative. Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.

True Speedway Drama For Big Radio Party

A thrilling, true story from the Indianapolis Speedway—the voices of Dan Moran, president of Continental Oil Company, and John B. Kennedy, nationally known author and radio announcer—as well as special music by the Rondoliers quartet and Irving Talbot's 22-piece orchestra, will be blended into a coast-to-coast Conoco radio party Wednesday night, April 4, over 27 N. B. C. stations.

This all-star program, known as the "Conoco Family" broadcast, will dramatize a recent major event, hitherto kept secret, but now making history in the automotive world.

Special guests for the evening will be 25,000 Conoco dealers, jobbers and employes in all parts of the country. Since the facts to be presented are endorsed by the American Automobile Association, however, and will prove valuable to motorists everywhere, a cordial invitation to listen in is also being extended to the general public.

Local radio owners who wish to listen in may do so by dialing their nearest N. B. C. Blue network station, Wednesday night at 9:30 Central time.

PLAYGROUND BASEBALL

The scores in the boys' playground baseball division of County Inter-scholastic Meet recently were as follows:

Mrs. Charlie Hunter, Mrs. Perry Hunter, Mrs. Bradshaw, Mrs. Dave Adams, Mrs. Grover Nichols, Mrs. Sherman Nichols, Mrs. J. D. Bursey and Misses Jewel and Betrice Mullins and Marie Bradshaw attended the quilting given by Mrs. Tom Bursey Tuesday afternoon. Refreshments of pineapple pie with whipped cream and hot chocolate and coffee were served.

Credits 'Knee-Action' With Saving His Life

Chevrolet's "knee-action" with its consequent contribution to positive steering control is credited with saving the life of H. B. Moore, Indianapolis manufacturer.

In a letter to Chevrolet Motor Company, Mr. Moore, who is president of the H. B. Moore Company in the Indiana capital, makes this statement:

"I wish to say that 'knee-action' saved my life.

"On March 6th on State Road No. 40 near Brownstown, Ill., I was going 70 miles per hour in my new 1934 Chevrolet coupe, when suddenly a truck pulled out on the highway, completely blocking it. To keep from hitting the truck head-on, I had to take the ditch, hitting a ten-inch drain tile, breaking a left rear wheel and blowing out a tire, then made a perfect horse-shoe turn on a farm-house lawn and back across the ditch, coming to a stop on the highway right side up, thanks to 'knee-action'.

"A local boy who witnessed the accident, came up to me and said, 'Mister, do you know what saved your life?' I asked him what he meant, and he frankly replied 'knee-action.' I readily agreed after he explained why.

"I had entire and complete control of my car, otherwise I would not be alive today."

**Vaccination Against Typhoid Recommended**

Austin, Texas.—"If you have not been vaccinated against typhoid fever within the last two or three years, go to your doctor and be protected against it," Dr. John W. Brown, State Health officer, advises prospective campers, Boy and Girl Scouts, summer vacationists and all other users of the open road—whether for business or pleasure—as the out-of-doors season approaches.

"Typhoid fever," he continued, "is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual.

"A carrier is a person who has had typhoid at some time and who even after recovery carries the germs of the disease in the urine and the dis-

**HINSLEY'S**

**LONG STAPLE COTTON SEED**

'Best for West Texas'

STARTING with 5 seed in 1927, which were planted in a garden on the W. W. Boyd farm in Floyd County by Robt. Hinsley, the seed were developed in the garden until 1932, when they were planted on 20 acres, resulting in a yield of 34 bales of extra fine long staple cotton.

The seed have been kept pure and have resulted in unusual yields wherever grown. One bushel planted by R. G. Carrell, Rt. 1, McKinney, Tex., produced one and one-fourth bales per acre 3 weeks earlier than 9 bushels Mehane on 9 acres, which made one-fourth bale per acre.

The Foard County News

T. B. KLEPPER, Editor and Owner. MACK BOSWELL, Asst. Editor.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, March 29, 1934

Interesting Notes

The hydra, a small fresh-water polyp, is one of nature's strangest creatures. It is capable of not only swallowing an animal 50 times its size, but of functioning normally when turned inside out.

In one year more than 22,000 persons were killed in India by snakes, leopards and tigers, according to records.

Four is regarded as an unlucky number by the Japanese. Their word for it is similar to their word for "death."

One sea elephant in the Philadelphia zoo eats 20 tons of fish a year.

Alaska, which the United States bought from Russia for \$7,200,000 has produced \$800,000,000 worth of minerals since 1880.

There were about 178,000 saloons in the United States when the 18th amendment became effective.

Columbia sheep, developed in Idaho, are said to produce heavier fleeces than any breed commonly raised in range areas.

May Deteridge of San Bernardino, Calif., will reign as the "Official Maid" at the Orange show to be held soon.

A. W. Cain, 14, of Dahlonega, Ga., is a junior classman in the University of Georgia, the youngest junior in the history of the school.

Careful Preparation Of Hams Profitable For W. G. Chapman

"The proof of the pudding is in the eating thereof," says an old adage, only in this case it happened to be sugar cured country hams produced by W. G. Chapman of Thalia. Mr. Chapman exhibited two hams at the Wichita Falls District Show in March. The hams were placed first and second by the judge. While Mr. Chapman was visiting the show, a citizen of Wichita Falls purchased the hams from him at 25c per pound, paying the total of \$8.25 for the two hams. A few days ago Mr. Chapman received a letter from the man who purchased the hams regarding their quality.

The following is a quotation from the letter: "I have never eaten better quality ham in my life. If you have any more later, I would like to buy some."

Mr. Chapman has won first place with his hams at the Wichita Falls Show the last two years.

"Hogs of good quality is the first answer to how to produce superior hams and bacon. Next in importance is care in cutting and curing the pork," says Mr. Chapman, regardless of how good quality hams and bacon may be, they must be prepared attractively. The method of cutting and curing that is recommended by Extension Service of A. & M. College will insure both quality and attractiveness says Mr. Chapman, however, he has found that the weather has a great deal to do with the length of time that pork should remain in the cure. The time recommended for curing hams in A. & M. College plans is three days per pound, but with the milder weather that we ordinarily have here, two days per pound is ample time for hams to remain in cure. Mr. Chapman always smoked his meat, using mesquite wood, and finds that it gives excellent results.

Political Announcements

The following announcements for the office named are subject to the action of the Democratic Primary on July 28, 1934.

For County Attorney: J. E. ATCHESON

BILLBOARDS BANNED

In view of the nation-wide movement for the curtailment of billboards, particularly those which are offensive to persons living in their vicinity, a decision of a Massachusetts judge is of interest.

The town of Falmouth sought to regulate the erection of billboards within its limits through a zoning law. Judge Sisk of Boston affirmed the right of the town to do this, holding that a billboard is a structure, therefore subject to such regulation.

One of the greatest hindrances to any movement for civic beauty is the billboard nuisance, which obtrudes itself on every hand. While the Outdoor Advertising Industry claims to be making an effort to eliminate billboards where they are objectionable, the fact that it has fought the Falmouth ordinance and other legislation designed to protect the public, sentiment must be aroused if this nuisance is to be abated.

It might be possible to find a location where a billboard would not be objectionable, but we have never seen such a spot.

AN ADMINISTRATION ALPHABET

We went to the trouble the other day to check up on the alphabetical bureaus in Washington under the New Deal. We thought we might like to use a few of the letters ourselves, but there doesn't seem to be much left except Q, X, Y and Z. But folks are getting so used to seeing a lot of initials in print, without being sure what they mean, that we thought we'd try to make a sort of dictionary arrangement of them. Here they are:

- AAA—Agricultural Adjustment Administration.
CAB—Consumers Advisory Board.
CAC—Civilian Conservation Corps.
CSB—Central Statistics Board.
CWA—Civil Works Administration.
DLB—Deposit Liquidation Board.
EC—Executive Council.
EHC—Emergency Housing Corporation.
EHFA—Electric Home and Farm Authority.
FACA—Federal Alcohol Control Administration.
FCA—Farm Credit Administration.
FCT—Federal Co-ordinator of Transportation.
FDIC—Federal Deposit Insurance Corporation.
FERA—Federal Emergency Relief Administration.
FESB—Federal Employment Stabilization Board.
FHLB—Federal Home Loan Bank Board.
HOLC—Home Owners Loan Corporation.
IAB—Industrial Advisory Board.
JEB—Joint Economy Board.
LAB—Labor Advisory Board.
NEC—National Compliance Board.
NEC—National Emergency Council.
NLB—National Labor Board.
NRA—National Recovery Administration.
PAB—Petroleum Administration Board.
PIA—Petroleum Industry Association.
PWA—Public Works Administration.
SAB—Science Advisory Board.
TVA—Tennessee Valley Authority.
USES—United States Employment Service.

We have left out a lot of initials which were in use before the New Deal came, like those of the Federal Reserve Board, the Reconstruction Finance Corporation, the Veterans Relief Administration and others. But we must not omit to list one set of initials of greater consequence than all the others.

FDR—The man who's running the whole show!

Samuel Evans of St. Louis sued the hospital where his son died because it shipped him the body of a woman.

Although written 54 years ago, the will of the late Thomas Morrill Carter, 92, has just been filed at Boston.

Federal Land Loans

(Continued from Page 1)

Commissioner as security for loans. Governor Myers assured Secretary Thompson that the Federal Farm Mortgage Corporation bonds will be an attractive investment. "They will be as readily marketable as bonds of the United States Government and they will be quoted in all of the principal markets," he continued. "Holders who have to dispose of these bonds should not sell them without first ascertaining their real market value."

The Governor particularly stressed the fact that country bankers probably will be large investors in these securities since the creditors of farmers who are being refinanced may not all be in the position where they can hold the bonds so acquired and will find it necessary to sell them. Secretary Thompson states that these bonds, which will be tendered to farmers' creditors in payment of the refinanced indebtedness, are "exempt from all Federal, State, municipal and local taxation, except surtaxes and estate, inheritance and gift taxes. They are awful security for fifteen-day borrowings by member banks of the Federal Reserve system. They are also lawful investments for all trust, public and judiciary funds of which the deposit or investment is under the authority or control of the interest on these bonds and the repayment of their principal are guaranteed by the United States, which means that if the Federal Farm Mortgage Corporation should ever be unable to meet the payments on the bonds, the Treasury will assume such payments.

"These bonds will be issued in denominations of \$100, \$500 and \$1,000. However, amounts less than \$100 will be disbursed in cash. For example, a loan of \$965 would be made in a \$500 bond, four \$100 bonds and the rest in cash. In addition, to provide for certain debts, such as taxes which cannot be paid in bonds, cash covering the required amounts will be provided.

"Loans which have been applied for and approved, but on which the cash has not been paid out, as well as those approved by the bank in the future, will be financed on the above basis. This arrangement in no way disturbs or alters the other provisions of the loans. The interest rate on new loans will continue to be 4 1/2 per cent for the emergency period when made through a national farm loan association and 5 per cent when made directly by the bank."

What's New?

According to Dr. George Vincent, former president of Rockefeller Institute, an immunizing serum for fighting yellow fever has been developed—but at the cost of several lives.

Successful use of fuel made from charcoal and vegetable refuse has been reported from Italy. Its cost is claimed to be one-twentieth of that of regular gasoline.

Protection against flooding the engine with raw gasoline in starting is provided for the automobile by an air regulator that helps to maintain the proper fuel mixture.

Tests by the United States Bureau of Standards have shown that aluminum makes one of the most efficient reflectors for artificial sunlight lamps.

HOT DOG KING

Gregory J. Deck of Buffalo was poor but ambitious, when at the age of 18 he determined to have a college education. But hot dogs blocked his way.

Casting about for some means of earning his way through college, Deck tried running a hot dog stand and met success beyond his fondest expectations. Business was so good that he could not take time to go to school. Soon he opened additional stands, all of which prospered.

Later he bought out six competitors and now has what virtually amounts to a "hot dog trust" in his home city, with a warehouse, a bakery, a butcher shop, a fleet of 12 trucks and 16 hot dog stands. His annual turnover is more than \$500,000 and he draws from his business a salary equal to that of the President of the United States. But it looks as though he will have to worry along without a college degree. Still he holds a very desirable, if not dignified, title. He is known as "the hot dog king."

FUTURE AUTO MODELS

Some startling predictions concerning the appearance of automobiles of the future were recently made by a French manufacturer, who declares that present models are ridiculous from a practical standpoint.

This manufacturer states that automobile designs are based on the idea that it is merely an improved wagon or carriage, whereas it is an entirely new instrument of transportation demanding a complete departure from old conceptions of what a vehicle should look like. He says: "Automobiles have springs and axles because grandfather's carriage had them, but they are idiotic. The gear box is a horror."

He thinks the future automobile will have an all-metal body shaped like a submarine to reduce wind resistance, wheels enclosed, tires mounted over rolls of gum, air-brakes, no axles, no gear to shift, seats in front with electric motor behind, using storage batteries which may be purchased at any cross-roads store, and so on.

Whether this manufacturer is correct as to details remains to be seen, but it is safe to say that the automobile of 1950 will be a very different machine, both in appearance and operation, from that of 1934.

LOAN & BROKERAGE COMPANY

Official Statement of Financial Condition of the Foard County Agricultural Corporation, at Crowell, State of Texas, at the close of business on the 30th day of December, 1933, published in The Foard County News, a newspaper printed and published at Crowell, State of Texas, on the 29th day of March, 1934.

Table with Resources and Liabilities sections. Resources: Loans, Real Estate \$2,586.65; Cash on hand and due from banks 4,850.41; Cash items: Deposit in closed bank 2,562.94; Total \$10,000.00. Liabilities: Capital Stock paid in \$10,000.00; Total \$10,000.00.

CONLEN GIRLS TEAM WIN TEXAS A.A.U. CHAMPIONSHIP

Conlen, the team that recently beat the Margaret girls in the Southwestern A. A. U. basketball tournament at Plainview, won the Texas A. A. U. high school girls basketball championship Saturday night at Celeste by defeating Mesquite 38 to 34 in the final game of the Texas A. A. U. tournament, which was conducted at Celeste and Greenville.

"Birth of A Nation" At Rialto April 5

Although "The Birth of A Nation" was filmed many years ago, yet this picture has maintained a reputation of being one of the greatest features ever produced and its showing at the Rialto on Thursday, April 5 is looked forward to by those who have seen it in past years and others who have not yet had the opportunity of seeing this great screen spectacle, which deals with the Civil War and the Reconstruction period.

With its historical scenes, its romantic love interest between the children of Southern and Northern parents, realistic battles of the Civil War, it taps the very heart core of the crucial wedding of the greatest nation into a mighty union.

Emma Goldman, famous anarchist, will be allowed to visit the United States for the first time since she was deported to Russia in 1919. She will be allowed to stay in this country 90 days.

Mrs. Pattie Ruffner Jacobs, well known feminist and former head of the Alabama division of the Women's Organization for Prohibition Reform, has recently been appointed as head of women's division of the National Consumer Advisory Board.

Miss Chilo Thomas, 22, daughter of Senator Thomas of Utah, has turned her back on Washington social life to serve the Mormon Church in missionary work in Canada.

C. H. S. 1934 Play Will Be Presented Here Tuesday Night

Crowell High School's one-act play for 1934, "Stocking Money," will be presented Tuesday evening at the high school auditorium at 7:45 o'clock and will possibly give local people their only opportunity to see the high school's one-act play for this year, since the district play tournament this year will be held at the District Interscholastic Meet in Childress next week.

This year's play was written by Eloise Earle Dean and includes the following cast:

Hiram Cantrell, 60, a tenant farmer—George Owens, Martha Cantrell, 55, Hiram's wife—Peggy Cooper, Ralph Merck, 18, their grandson—R. B. Cates, Annie, 16, daughter of the landlord—Florene Miller.

The play is supposed to take place in Pickens County, South Carolina, during a Saturday afternoon and evening of September, 1925. The local cast is under the direction of Mrs. I. T. Graves.

The admission for the presentation Tuesday night will be 10c for grammar school pupils, 15c for high school pupils and 25c for adults.

For the first time in five years the district one-act play tournament will not be held in Crowell and will be held in Childress instead. Through the state the sites for the district tournaments have been changed to the cities where the annual district interscholastic meets are held.

Crowell's one-act play cast won the State championship last year and has been the district winner for the past four years.

Elmers Expecting to Beat Palookas Mon. Night at Local Gym

"The Palookas may be undefeated now, but the story will be different after Monday night," state members of Eli Smith's "Elmers" in the local basketball league, who will meet Grady Graves' club in a double-header program at the local gym Monday night.

Bill Middleton's Moguls and Gordon Bell's Ringers will play in the other game. In games Tuesday night the Palookas beat the Ringers 34 to 19 and Elmers downed the Moguls, 30 to 20.

The Standing

Table with 4 columns: Team, G, W, L, Pct. Palookas 3 3 0 1.000, Elmers 3 2 1 .666, Moguls 3 1 2 .333, Ringers 3 0 3 .000

District School Meet At Childress Three Days, April 5-6-7

The annual district interscholastic meet will be held in Childress Thursday night, Friday and Saturday, April 5-6-7. The district one-act play contest will open the meet on Thursday night and the finals in this event will take place Friday night.

Competition in literary events will take place on Friday, beginning at 9 a. m. The track and field events are scheduled for Saturday.

A larger number from the schools of Foard County are eligible to compete in the district meet as a result of their victories in the county competition.

District Program

The following program for the Childress meet has been announced by A. W. Adams of Childress, director general of the District Interscholastic League:

Friday, April 6 All debaters assemble in Room 11 of high school at 9:00 o'clock.—Miss Mabel Hare in charge.

All high school declamers assemble in high school auditorium at 9:00 o'clock.—J. D. Wilson, Collingsworth County in charge.

All ward school declamers (only junior boys and girls) assemble in room 5 at high school at 9:00 o'clock.—H. M. Baker in charge.

All rural declamers assemble at Presbyterian church at 10:00 o'clock.—F. B. Hill in charge.

Extemporaneous speech in room 5 at high school at 1:30 o'clock.—W. E. Hancock, Chillicothe, in charge.

All essay contestants assemble in room 7 at high school at 1:30.—C. E. Jackson, Paducah, in charge.

Three-R contestants assemble in room 17 at high school at 1:30.—Miss Ora L. Givens in charge.

Tennis contestants assemble in room 8 at high school at 9:00.—W. C. Davis in charge.

All contestants in typewriting assemble in the commercial room 14, at 9:00 o'clock.—W. W. Heffner in charge.

At these meeting places full instruction will be given all contestants as to the work for the rest of the meet.

Saturday, April 7 All contestants in Track and Field events will assemble at the Fair Park at 10:00 o'clock. Contestants will assemble in the grand stand at the Fair Park where they will receive full instructions.—W. C. Davis in charge.

Homes will be provided for contestants who compete both Friday and Saturday, and, therefore, need to stay over for the contests on Saturday.

When flames from an open heater set fire to their house, Peggy McManus, 10, of Los Angeles, Calif., stamped out the flames, thus saving the lives of her four brothers and sisters.

Warren Bachelis, 13, of New York City, one of the nation's youngest high school graduates, is to enter Columbia University to study medicine.

The number of persons killed in automobile accidents in the United States during 1933 is estimated at about 29,000.

## CHURCHES

### Christian Science

Sunday, 11 a. m. Subject for Sunday, April 1, 1934. Subject: Reality.

Sunday School at 9:45. Reading Room open Monday, Thursday and Saturday 2 to 5 p. m. Wednesday evening service at 8 o'clock. The public is cordially invited.

### Baptist Church

9:45—Sunday School. 11:00—"Stand By." 6:30—Training Service. 7:30—"The Cavalcade of Christianity."

The risen Christ is revealed in the life of every true Christian.

You are cordially invited to attend sunrise Easter services at 6 a. m. at the church, as well as our regular services. O. L. SAVAGE.

### Margaret Methodist Revival

The revival for the Margaret Methodist Church will begin Sunday, April first.

This is a revival in which the leaders earnestly solicit the prayers, cooperation, presence and help of every lover of the Christ in the entire community. It is a revival to which the entire public is invited. It is a revival to which unsaved people are invited to come and give their hearts to the Savior of all mankind, where you will be treated courteously and brotherly at every service, where you will hear the "Old, Old Story of Jesus and His Love" as simple and earnestly as God can help the preacher to bring that old message. The pastor will do the preaching in this meeting which is to last two weeks and because of the necessity of changing from the help we had first secured we may not have any outside help, but we are trusting God for leadership and in His name we invite you. Both Margaret and Thalia churches are requested to bring their Kingdom Extension offering to the church Easter Sunday. MARVIN BROTHERTON, Pastor.

### Christian Church

Rev. Merrill is our new pastor and will preach for us every other Sunday beginning the Sunday after Easter, March 8th. He plans to come on Wednesday each time and stay over until Tuesday of the next week, thus being with us almost half the time. Let us look forward to his coming and give him a grand welcome by having a full house at both morning and evening services. A special Easter service will be given at the eleven o'clock hour next Sunday in place of the usual study in Christian Action. These studies, we think, will be continued on the Sundays that Rev. Merrill is not here. Have you seen our new song books, "Favorite Hymns?" If not, you will be well pleased with their fine appearance and splendid selection of hymns. Our young people of the Christian Endeavor will entertain the Christian Endeavor Union, comprising the societies of Wilbarger, Hardeman and Foard counties, at the church next Tuesday evening at 7:30 o'clock. We cordially invite all the young people of the congregation and of the whole community as well, to be with us at this time. C. V. ALLEN, Elder.

### B. Y. P. U. Program

"Lord of All," by Ruby Dawson. "Self and Substance," by Morjorie Fox. "A Faithful Steward"—Ocie Pearl

Thompson. "Giving a Test"—Sylvie Brisco. "His Plan"—Edith Fox. "Working His Plan"—Camille Graves.

### Christian Science Churches

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 1.

The Golden Text is: "Thou, O Lord, remainest for ever; thy throne from generation to generation" (Lamentations 5:19.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord hath brought forth our righteousness; come, and let us declare in Zion the work of the Lord our God" (Jeremiah 51:10.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is. . . . All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God" (page 275.)

Peter, the intrepid leader of the twelve, is a rock. And Peter's noble confession is also a rock, a Gibraltar standing foursquare against all the winds that blow.

And because the church is built upon so impressive a rock, "the might of Hades shall not triumph over it." Many deny this. Pessimists are abroad in the land inspiring defeatist attitude. Magazine articles have recently appeared declaring that the churches are bankrupt, that they are failing to take care of their poor, and that 20,000 preachers are looking for a job. An elaborate report, just off the press, asserts that there are, in this country, at least 85,000 feeble churches unable to command the full-time services of a minister. All this makes people suspect that the Church of Christ is doomed. Both the working classes and the intelligentsia have little use for organized religion. But there is certainly a sizeable "remnant" to use a favorite word of Isaiah, who are deeply devoted to the household of faith, and will enable it to weather the present crisis.

Germany, home of the Zeppelin, has produced an ice glider with a hull designed like a dirigible as the latest construction of an ice yacht.

### Don't Get Up

Lax the Bladder With Oil, Buchu, Eucalypti and frequent desire. It is pleasant to take in the BUCKETS, the bladder containing Buchu leaves, on the bladder similar to any drug store. ## SUNDAY SCHOOL LESSON

by Charles E. Dunn

Confessing and Following Christ.

Lesson for April 1st, Matt. 16:13-26.

Golden Text: Matthew 16:16.

Our first lesson in the Second Quarter, assigned for Easter Sunday, deals with an episode of very critical importance, the confession of Peter at Caesarea Philippi. For we have reason to believe that here Jesus revealed His Messiahship to His disciples for the first time, and that here they first acknowledged it.

Now there is one verse, the famous 18th, around which the fires of controversy have raged fiercely. What did Jesus mean by "this rock?" Did He mean Himself? Did He mean Peter, as the Church of Rome insists? Or Peter's confession, as many Protestants contend? We shall never know. But whatever the Master had in mind at the moment He spoke these thrilling words, we can safely identify the rock upon which the church is founded with all three of the supports just mentioned. Christ is a rock, the chief cornerstone of the Beloved Community;

Rev. Charles E. Dunn

## NEVER FORGET THIS TABLET

It Means the REAL ARTICLE

GENUINE ASPIRIN

Of Bayer Manufacture

When you go to buy aspirin, just remember this: Every tablet of real aspirin of Bayer manufacture is stamped with this cross. No tablet without this cross is GENUINE Bayer Aspirin.

Safe relief for headache, colds, sore throat, pains of rheumatism and neuritis, etc.

Genuine Bayer Aspirin Does Not Harm the Heart

## MODERN ELECTRIC Ranges and Water Heaters

Here is Good News for all who said, "I'll Cook Electrically when it is Faster and Cheaper."

Progress has been made in Electric Ranges and the new type brings into the home more than just a new "cook stove." It introduces new economy, new cleanliness, new hours of freedom to women... because modern electric cookery is fast.

And before you buy any water heating equipment, see our new low-priced Automatic Electric Water Heater.

The Electric Water Heater operates on a special low rate schedule and gives you dependable, economical service without the disadvantage of flame, fumes, soot or odor. Don't judge modern water heaters by the old-fashioned standards... for progress has been made in water heaters, just as in electric cookery. Investigate the cost of cooking and heating water electrically. You may be surprised at the low rate schedule for these appliances.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and operating costs amount to but a few pennies a week?

## West Texas Utilities Company

Would you invest 25¢ in your child's future?

WOULDN'T you have a great feeling of security if you had some competent advisor to turn to every time an emergency occurs in your relation with your children? If you get "THE PARENTS' MAGAZINE" each month you can be sure of the best clinically tested ideas of child specialists and experienced parents with the authority of an Editorial Board of fifty experts, and four great universities behind them.

### There is No Other Magazine Like It

300,000 families have learned to rely upon it for safe help in child rearing problems like these:

- |                    |                |                 |
|--------------------|----------------|-----------------|
| Infant Care        | Shyness        | School Failures |
| Sex Education      | Child Training | Stealing        |
| Menus for Children | Adolescence    | Obedience       |
| Finnicky Appetites | Safe Movies    | Jealousy        |

and the Thousand and One perplexing situations that every mother has to meet just about 365 times a year.

### SPECIAL HALF PRICE OFFER

Thousands of conscientious mothers are paying the regular price for this helpful advice. You can have a trial subscription for just half—three months for 25c. Send stamps, or coin protected with cardboard. Be sure to use the coupon below.

The Parents' Magazine, 114 E. 32nd St., New York. Inclosed find 25 cents to pay for a 3 months' trial subscription for THE PARENTS' MAGAZINE at one-half the regular price.

—Phone 163J—

## Resume of P. T. A. Work in Crowell For 1933-34

The Parent-Teacher Association of Crowell has maintained the requirements of a standard organization during the year 1933-34. The year opened with the entertainment of the 13th district conference on April 11 and 12, 1933. The entire citizenship aided, in an unselfish manner, the local unit in putting over the conference, one of the largest delegations ever entertained by Crowell.

Mrs. A. Y. Beverly has served as president, Mrs. Arthur McMillan as vice president, Mrs. Stanley Sanders as secretary and Mrs. C. V. Allen as treasurer. I. T. Graves, superintendent of schools, has lent his interest and assistance at all times, as have all the teachers in the school. A school of instruction with Mrs. R. L. Kincaid leading, was held in September.

The health committee with Miss Lottie Woods as chairman, sponsored a Summer Round-Up with about fifteen pre-school children attending. Five-point health certificates were awarded to 12 children, bringing the total to 37 having been received by 25 earlier in the term.

During the summer, a story-hour was conducted at two separate places, making it accessible to all children of the town.

The membership chairman, Mrs. L. A. Andrews, reports a membership of 84 paid members, 68 having paid in the early part of the year and 16 later on.

The program chairman, Mrs. R. D. Oswalt, with her committee, outlined

a course of study based on the Child Welfare Magazine and the observance of special days. State Founders Day was observed and a National Founders Day pageant was used to celebrate that anniversary and an offering of \$1.60 was made at that time. Book Week, Thrift, Dad's Night with the entire program in charge of the men, were special features of the year's programs. Mrs. R. L. Kincaid, president of 13th district, and also a member of the local unit, has appeared on the programs from time to time. Seventy-five year books were printed and the covers were artistically decorated by pupils of the Intermediate department.

Mrs. T. F. Hughston, publications chairman, reports 7 subscriptions to Child Welfare and Texas Parent-Teacher.

Mrs. A. D. Campbell, publicity chairman, has had advance notices of each meeting and also follow-up reports. She has had stories of the activities of committee chairmen, also.

The publicity record-book has been prepared by her.

Mrs. Pete Bell, chairman of room sponsors, has prepared inside publicity for each meeting and each grade, under its teacher's supervision, has made and delivered to the parents an invitation to attend each meeting.

The hospitality committee under the leadership of Mrs. J. E. Harwell, planned and executed a dinner party for the entire faculty early in the school year. In January, this committee sponsored a shower and social for Miss Lottie Woods, who was leaving for Wichita Falls to reside.

Mrs. Oscar Boman, finance chairman, reports that \$311.02 have been

added to the treasury, aside from the dues. Such plans as a donkey baseball game, a carnival, a series of vanishing 42 parties, a merchant's pageant, rummage sales, and a novelty program were used by this committee and have proven successful. The money has been expended in the following ways; \$225 to the three departments for books. An arithmetic printing press, tuning of the piano, a piano bench, repairing of the stage curtains, bats, balls and other things as were necessary.

The Mother Singers have appeared on the programs from time to time. A correspondence course was taken by ten members and they will receive their certificates at the coming district conference which will convene in Seymour April 17 and 18. Eight delegates have been elected to attend the conference. A delegate being allowed for every ten paid memberships.

### ADELPHIAN CLUB

Mrs. A. F. McMillan was hostess to the Adelpian Club on March 21, at the home of Miss Frankie Kirkpatrick.

Mrs. M. J. Girsch led the afternoon program.

Mrs. M. S. Henry gave Federation news.

Mrs. G. V. Walden brought an interesting report on "Good English" from the "Correct English" Magazine.

Mrs. L. A. Andrews reviewed the novel "The Lives of a Bengal Lancer" by Brown.

A most delicious refreshment plate was served to club members.—Reporter.

### DINNER PARTY

Mrs. J. E. Harwell entertained with a 6 o'clock dinner on Monday evening complimentary to Messrs. Carl Haden and Ernest Harvey, entertainers, who broadcast daily from radio station WEA at Dallas, and who presented a program here Tuesday evening. Mrs. Maggie French, president of the Co-Laborers' Sunday School Class, under whose auspices they appeared, was also a guest.

### CELEBRATE 87TH BIRTHDAY OF W. J. OWENS AT VERNON

A number from Foard County attended the dinner in Vernon on March 20 that was given in celebrating the 87th birthday of W. J. Owens, former Foard County resident.

Those present were: Mr. and Mrs. J. W. Owens, M. L. Owens and sons, Martin and Eugene; Preston Owens and daughters, Nora and Gladys, and sons, Clyde of Foard City, and Elvin of Bartlesville, Okla.; Mr. and Mrs. G. C. Owens and daughter, Victoria, and son, R. J., all of Foard City; Miss Frances Schlagen of Crowell; Mr. and Mrs. Leo Owens of Bartlesville, Okla.; Mr. and Mrs. Jesse Owens, Mr. and Mrs. Newell Owens, and Mr. and Mrs. Earl Owens, all of Vernon.

Mr. Owens was born in Kentucky on March 20, 1847, and moved to Texas in 1902. He is the father of 17 children, 10 boys and 7 girls, of which 10 boys and 2 girls are living.

The absent children were: Mrs. Lillie Robbins of Clarendon, Delbert Owens of Detroit, Mich., and John Owens of Abilene.

### COMMUNITY CLUB

The Community Home Demonstration Club met March 21st at the home of Mrs. William Bell with seven members present.

Mrs. A. G. Bell was leader for the afternoon, assisted by Mrs. Austin Wiggins, Miss Annie Rettig and Mrs. Will Erwin. Subject of the lesson was: "Good Reading."

The hostess served an attractive refreshment plate.

The club will meet next with Mrs. Frank Cates as hostess, April 4.—Reporter.

### VIVIAN CLUB

The Vivian Club met at the home of Mrs. C. L. Goble March 22 with 7 members and two visitors. Mrs. Tom Lawhorn and Mrs. Allen Holly of Cottle County, and Miss Holman present.

After the usual business meeting, Mrs. Allen Fish had charge of the program. As some of those on the program at the last meeting were absent, the club had both lessons at this meeting. In connection with the life of Mrs. Karle Baker, some of her poems were read by Mrs. Oscar Fish and Miss Bernice Walling. Miss Holman gave a demonstration on closets.

At the next meeting with Mrs. S. J. Lewis on April 12, there will be a demonstration on foundation patterns. Those wishing to make a foundation pattern are requested to bring their sewing equipment, also 5 yards of unbleached domestic and a commercial pattern.—Reporter.

### Large Crowd Present For Musical Events

A large crowd was present at the high school auditorium last Thursday night for the musical competition of the annual County Inter-scholastic meet, including choruses, duets and quartets.

The winners, in the order that they placed, were as follows:

Rural quartet—Ayersville, Black.  
Rural duet—Ayersville, Black.  
Intermediate duet—Crowell.  
Intermediate quartet—Thalia, Crowell.  
High school duet—Crowell, Margaret.  
High school quartet—Crowell, Thalia.  
Primary chorus—Crowell, Thalia, Margaret.  
Intermediate chorus—Crowell, Thalia, Margaret.  
High school chorus—Crowell, Thalia, Margaret.

Betty Sewell, brunette beauty, is the new drum major of the college band at the University of Kentucky.

**This-That, Etc.**

By Typo Wrighter

It has been many years since Crowell has seen so much activity along the construction line as has been the case this week. Heading the list in the local program is the construction of the new concrete storage at the T. P. Duncan & Son elevator, giving it a capacity of about 60,000 bushels, or three times its present capacity.

Construction on Dr. J. M. Hill's brick service station for the Gulf Refining Co. across the street from the northeast corner of the square was started Tuesday.

Wednesday the work of placing the cement bound macadam paving was started on the 30-foot strip on the west side of the square, which was cut from the court house lawn. The same type of paving will also be done on the 30-foot strip cut from the north part of the lawn, thus giving Crowell two exceptionally wide paved streets in the business section.

Men, teams and tractors of the McClellan Construction Company have been at work in the city limits this week in winding up their work on the grade and drainage structures on the new right-of-way for Highway 16 from Crowell to Pease River.

Guy Housner has started construction on his 6-room residence. The finishing touches are being put on the new stucco office at the Farmers Gin. R. B. Edwards is having a new Texaco roof placed on his large brick home.

All in all the Spring of 1934 is getting off to a real start in Crowell. The same is true at Thalia, where Allen Shultz is making extensive changes in the building occupied by the post office. At Foard City final work is being done on the loading rack at the end of the line from the Texas Company's natural gasoline plant. C. P. Sandifer has completed a new residence on his farm south of Crowell and is now having a new garage built there.

**The Record Breaker**

It is getting to be a habit with Gordon Bell to set some kind of a record. Two years ago he scored the first hole-in-one made on the local golf course. This week he set a new record at the city lake by

catching an 8 lb. 2 oz. black bass. And if matters do not change, his city league basketball team, the "Bell Ringers," are going to set a local record for consecutive losses.

**Some Inventory**

Recently an editor of a paper on our exchange list published an inventory of his profit and losses for the past year. Since The News editor states that the inventory fits him also, we reprint it as follows:

Been broke 361 times.  
Praised the public 89 times.  
Been roasted 431 times.  
Missed prayer meeting 52 times.  
Washed office towel 3 times.  
Missed meals, 0.  
Mistaken for preacher 11 times.  
Mistaken for capitalist, 0.  
Got whipped 8 times.  
Whipped others, 0.  
Cash on hand at beginning, \$1.47.  
Cash on hand at ending, 15c.

**Did You Know That—?**

Ralph Cogdell is now president of one of the most important clubs at Texas Tech, the Aggie Club? And that Arthur Bell is now riding his own new motorcycle at the same institution?

This is the last issue of The News having that "mechanical characteristic" that has existed for over 20 years?

**"HILL BILLIES" HERE MONDAY**

The Missouri "Hill Billies," radio broadcasters from Dallas, appeared in a program Monday evening at the High School auditorium under the auspices of the Co-Laborers Class of the Methodist Sunday School.

A capacity house greeted the entertainers despite the recent rains and a program full of interest and highly entertaining was presented by them.

The team is making a concert tour of West Texas and Oklahoma towns and left Wednesday morning for Eldorado, Okla., where they appeared Wednesday evening.

The receipts from the evening's entertainment amounted to \$84.50.
