The Lindbergh Case Moves Into New Jersey

TRENTON, N. J. ... Above are pictured new faces which appeared in the Lindbergh case when New Jersey returned an indictment against Bruno Hauptmann, captured in New York with some \$14,000 of the Lindbergh baby ransom money in his possession. ... Upper left, Anthony M. Hauck, Jr., youth prosecutor of Hunterdon County, who will handle the state's case. Upper right, Sheriff John Henry Curtis who now has Hauptmann in charge. Lower left, Bruno Hauptmann, charged with "murder". Lower right, Warden Harry O. McCrea of the Flemington County jail.

MATADOR TO BE SCENE OF HARD TILT TOMORROW

After scoring 145 points with little effort to opponents' none during the past two weeks in games with Iowa Park and Archer City, the Crowell Wildcats will find the going altogether different when they tangle with the Matador Bullfighters at Matador tomorrow, Friday, afternoon. This game had been originally scheduled for Thanksgiving, but will be played this week because both teams happened to have open dates on Friday.

The game scheduled for Thanksgiving between these two clubs last year had to be cancelled because both teams were in the thick of district and bi-district tilts. Again in this year both towns have very strong Class B squads and it is possible that their engagement would have to be called off this Thanksgiving for the same reason that it was last year.

Those from Crowell who have seen the Bullfighters in action are of the opinion that the Wildcats will face one of their very strongest opponents of the 1934 season when they take the field at Matador Friday afternoon.

Matador gave a demonstration of its strength Friday night in playing Vernon on even terms for about the first three quarters of their tilt, finally losing 32 to 13. Crowell lost to Vernon by almost the same score, 32 to 12, and judging by the performance of the Wildcats and Bullfighters against a strong Class A club, every indication points to a hotly contested and evenly fought gridiron battle at Matador on the local field on Thanksgiving, 1932, Crowell won 19 to 7. Matador had a 7 to 6 lead at the half in this game.

Fans at Matador state that they have been looking forward to a football or basketball victory over Crowell for many years and that they expect to have their desires in this respect satisfied Friday afternoon.

Coach Grady Graves expects that his team will be in the best of physical condition for this important non-conference battle and adds that such condition will not only be necessary, but that the Wildcats will have to play better football than they have shown so far this season if they are to come home with a victory.

A large number of local fans have indicated that they will be on hand to give their moral support to the Wildcats at Matador. An unusually large number of Matador fans followed the Bullfighters to Crowell in the last game between these two teams.

GAMBLEVILLE FARM CLUB MEETS FRIDAY

A meeting of the Gambleville Farm Demonstration Club will be held tomorrow night, Friday, at 7:30 o'clock in the Gambleville school. Garnet Jones, president, reports that an interesting program has been arranged for the occasion and invites everyone to attend.

World Series Baby

If there is anything to a name, then the son of Charles Truscott, star catcher and home run specialist of the Monday club in the Brazos Valley Baseball league during the past season, is headed for the big leagues in a big way, for the name of "Dean Lynwood" has just been given the baby which was born to Mr. and Mrs. Myers at the Crowell hospital Saturday.

The father also played a number of games with Crowell teams in past years and is well known here.

With a name representative of three great pitchers, "Dizzy" and "Duffy" Dean and Lynwood "Schoolboy" Rowe, star performers of the recent World Series, the baby will be given instruction in the art of twirling a baseball about the time he starts walking, according to plans of his father, who figures that his years of experience behind the plate will aid greatly in developing a pitcher that may become the hero of the World Series of 1955.

DRIVE FOR CLOTHING BEING MADE BY LOCAL RELIEF OFFICE; FOARD PEOPLE ASKED TO AID IN DRIVE

Acid Treatment Given Fain-McGaha Oil Test

Fain-McGaha's No. 1 J. G. Thompson, two miles northwest of Thalia was treated with one thousand gallons of acid Wednesday. After allowing the acid to set for thirty-six hours, the well will be tested.

Pipe was set and cemented at 2,070 feet on a saturated lime. The lime which was drilled into a short distance is an entirely new formation in this field.

According to terms of the lease, Fain-McGaha agreed to treat with one thousand gallons of acid in case as much as fifteen feet of saturated lime were encountered.

Drilling is now proceeding on the Texas Company's L. K. Johnson No. 6, 18 miles west of Crowell, and James Blair Baker's No. 1 J. W. Beverly, five and one-half miles north of Crowell.

REDUCTION IN ELECTRIC RATE GIVEN CROWELL

A reduction in electric rates for the City of Crowell has been announced in the following letter from Earl Morley, district manager of the West Texas Utilities Company, to the mayor and city commission:

Quannah, Texas, Sept. 25, 1934. Hon. Mayor and City Commission, City of Crowell, Crowell, Texas.

Due to the constantly increasing public objections to the present residential rate structure, the West Texas Utilities Company now proposes a plan to change this rate from the room and board schedule to a block rate schedule, which we believe will meet the desires of our customers.

In order to make this change in rate form, it is necessary that we make some rate reductions to prevent raising a large number of three and four room customers. It is proposed to drop the rate 1 1/2¢ on the first step and 1¢ on the second step for lighting, making the new rate to any size house 9 1/2¢ per kilowatt hour for the first twenty-five kilowatt hours, 6¢ per kilowatt hour for the next twenty-five kilowatt hours; and all in excess at 4¢ per kilowatt hour, unless they have an electric range.

Red Ragland Reaches Bonham on Ark. Trip

The regular weekly dispatch from Red Ragland, who is on his way from Crowell to Arkansas by covered wagon and donkey team, failed to reach The News last week, however, Red comes through with two letters during the past week, one from Valley View and the other from Bonham.

The first letter follows: Wednesday morn, some time in Oct.—The Cardinals won. I left Alvord last Sunday morning. I stayed there 8 or 10 days. Tried to locate there, but the place I would have were not for sale so I headed east and think I am Arkansas bound. Arrived in Decatur about 2:30 p. m. Left for Greenwood. Camped on Catlett Creek Sunday night.

Monday.—Arrived in Greenwood, near middle of the evening. Tell Mr. Schlager I saw the biggest persimmon tree, 2 feet through. Had 14 bushels on it. Did not see any bushels. The fruit is not ripe yet. Drove on to Leo that night. Camped on Clear Creek. But little water in it.

Tuesday.—Left camp 7:45 a. m. for Era. Got there at noon time. Camped near a church for lunch. Left camp for Valley View. Got there near night. Drove one mile north on Gainesville road to camp for the night. The mosquitoes ate

Absentee Voting for Nov. Election Opens

Absentee voting for the general election on November 6 is now open to those who will be out of the county at the time of the election. Wednesday was the first day for absentee voting and the county clerk, Grady Magee, received official ballots at that time.

Absentee balloting in person will end Nov. 3 and will close by mail Nov. 4.

Four parties, Democratic, Republican, Socialist and Communist, are represented with candidates on the ballot for the general election.

Besides the candidates, eight constitutional amendments are represented on the ballot and are to be voted upon.

ARCHER CITY IS LOSER IN GAME WITH WILDCATS

Crowell High won its second successive conference game here last Friday in defeating the Archer City Wildcats 72 to 0 on the local field. Although the score was about the same as that for the Iowa Park tilt the previous Friday, which Crowell won 73 to 0, Archer City had a stronger team than Iowa Park and the fact that Crowell was able to run up about the same score was because regulars played in the game longer than they did against Iowa Park.

Dick Todd was again the scoring ace of the game, accounting for 7 of Crowell's 11 touchdowns.

Archer City received the kickoff and punted on the first down, with Sam Crews, Jr., returning 20 yards to the Archer City 40. After a few substantial gains, Todd went through right tackle for 15 yards and the initial touchdown. His place kick failed and the score was 6 to 0.

James Joy and Crews advanced the ball with nice runs on the next touchdown drive. After nearing the goal line, they were unable to gain and on the fourth down Todd went through right tackle 3 yards for a touchdown. Again his place kick failed and the score was 12 to 0, where it remained as the quarter ended.

Second Quarter
Capt. Lester Patton took a pass from Todd that contributed largely to the next touchdown drive, with Todd going through center 8 yards and then adding the extra point with a place kick to make the score 19 to 0. Eight reserves

CROWELL GETS DIST. CHURCH MEET FOR 1935

Crowell was selected for the 1935 convention of District No. 12 of the Christian Churches of Texas at the annual meeting of this organization in Haskell last Thursday. The local Christian Church, together with the Rotary Club, invited delegates to hold their next convention here. It was held in Henrietta last year and it has been many years since Crowell was host to the convention.

Stamford and Quannah were also candidates for the 1935 convention.

District No. 12 includes the following fifteen counties: Hardeeman, Foard, Knox, Haskell, Throckmorton, Baylor, Wilbarger, Wichita, Archer, Young, Stephens, Shackelford, Jones, Jack and Clay.

New Officials

Rev. Paul J. Merrill, pastor of the Crowell and Henrietta Christian churches, is the retiring president of the organization. The new officials are: Rev. Wm. J. Sreen, Seymour, president; Rev. Millard E. Collins, Archer City, vice president; J. N. Sherrill, Wichita Falls, secretary.

The convention began at 9:30 o'clock Thursday morning and closed at 9 o'clock that night, with one hour out at noon and an hour and one-half intermission before the evening banquet.

The theme of the convention was "Christ in the Life of Today," and the text was "Jesus saith unto him, I am the way, and the truth, and the life; no one cometh unto the Father, but by me." President Merrill addressed the convention with the convention theme as his subject. C. V. Allen of Crowell also gave an address dealing with the problems of the rural church.

There were also splendid addresses upon Christian education, missions, stewardship of life and other interesting subjects. There were approximately ten addresses and sermons in addition to announcements, song services and devotions.

Local delegates to the convention reported that the outstanding feature was that every attendant seemed to have an humble, reverent spiritual attitude that has been somewhat absent and so long needed in past conventions. Factual knowledge, technique of teaching, church machinery, elaborate plans and programs were sidetracked for consideration of the weightier matters of consecration, prayer, fellowship and more spiritual living. Usually there is some note of the superficial, formal and modernistic, but at this convention it was refreshingly absent, according to local attendants.

Those attending from Crowell were: Mrs. Laura Giddings, Mr. and Mrs. C. V. Allen, Mrs. S. W. Burks, Mrs. Tip Edgin, Mrs. Marion Crowell and Rev. Merrill.

Musical Comedy to Be Given Tonight Only

The three-act musical comedy, "Widows and What-Nots," which is being sponsored by the Crowell P. T. A. and the Junior Class, will be given one night only—tonight, Thursday, at 8 o'clock, instead of the two nights, both Thursday and Friday, as previously announced.

It is reported that Vernon is to have an electric car line through the city, and while it has not been talked very much, we are led to the belief that there is some probability of Crowell's connection with Vernon by means of such a line. It would be the next best thing to a railroad, something of which we have no absolute assurance just now.

The new highway from Texas direct to Mexico, through Eagle Pass, under construction and is to be completed by 1936. Texas Centennial celebration is staged by San Antonio, Goliad, Brenham, Houston, Nacogdoches, Gonzales, Dallas and other cities. Highway will be surfaced asphalt, a recent grant of 600 pesos by the Coahuila State. The new line is practically an air line in construction and eliminates the curve dips on much of the old trail.

Legal Residence of Person Who Dies to Get Death Credit

Austin, Texas, Oct. 18.—A new ruling by the Federal Bureau of Census has just been put into effect in Texas and will be of interest to every community in the State, according to Dr. W. A. Davis, Registrar, State Department of Health.

This new ruling is to the effect that the death of any person shall be credited to that person's legal residence. In the past the place where one died was charged with the death. New death rates for all towns and counties will show the true conditions.

The towns in Texas that have a reputation as health centers have been unduly credited with more deaths than have occurred among their citizens. Now, whenever a health-seeker dies away from home, the place of his residence will be charged with the death.

The same holds true in the compiling of records for counties. In the past many towns had a death rate of four times as high as the county. This was due to a variety of causes—principally, patients from the rural areas coming to town for medical attention and hospitalization and dying while there and giving their addresses as the town, without specifying that their home is outside the city limits. The State Department of Health requests every one to give exact information for all birth and death records.

Can You Prove Your Oil is Better than the Others?

We Can and Do!

This Machine Shows Why this New Oil Cuts Motor Wear and Saves You Money!

YOU, as a buyer of Motor Oil, should ask that question—and demand facts! Here is Continental's answer: In the demonstration pictured below, the film strength and oiliness of every well known motor oil in America have been shown to be increased by the addition of a drop of Germ Essence.

Demonstrations before at least two hundred thousand motor-minded men have proved that "Any oil would be better oil if Germ Processed!" But there is only one oil made by the patented Germ Process—New and Improved Conoco Germ Processed Motor Oil! Use this oil of proved strength in your car! It saves you money by giving greater motor protection and lower oil consumption. It gives you the comfortable feeling that you know your car is protected by the safest, finest motor oil made!

1 Assembled instrument. Split bearings and shaft, lubricated with competitive oil, are clamped between "jaws" of instrument. With set-screw, extreme pressure is applied.

2 Crank is now used to turn shaft. Oil film ruptures and bearings "seize." Shaft extremely hard to turn. You can even hear the metal-to-metal contact!

3 Drop of Germ Essence is added to oil in bearing. Same pressure applied. Shaft can now be turned easily. Smooth, quiet movement—no seizing—no sound. Proof that Germ Processing increases oiliness and film strength of any oil!

TO CAR OWNERS OF CROWELL Continental backs claims with facts. To prove that New and Improved Conoco Germ Processed Motor Oil gives you lower oil consumption as well as greater motor protection, we drove six brand new cars to destruction, testing this oil against five other nationally known oils. Any Conoco station will give you a book-let that tells the story of this convincing test. It will pay you in money saved to read it. Drive in and ask for a copy—or try this oil!

VOTE AGAINST THE TAX LIMITING AMENDMENT

(An editorial appearing in the San Antonio Express of October 11th, 1934.)

Perceiving that the hastily drawn, ill-considered constitutional amendment proposal to limit the Legislature's taxing and spending power to \$22.50 per capita for each biennium would be detrimental to the State's interests, more and more civic organizations are rallying to the State's educators in opposing the measure.

Careful study of the measure shows it to be undesirable on several counts. The most serious objection is that it easily might and almost certainly would increase, rather than lower, taxes.

The citizen should bear this fact in mind: The amendment would limit only State taxes; it would have no effect on city, county and school taxes, which make up the heaviest load he must carry.

In a recent address at Austin, Dr. B. F. Pittenger, dean of the University of Texas School of Education, showed how such an effect might ensue. He cited an estimate by the State Superintendent of Public Instruction that the tax-limit proposed would force down the State school apportionment from the present \$16.50 to \$8.50 or \$9 per capita.

Fiscal experts' calculations that the amendment would reduce the State revenues by 20 million dollars a year, on the average, raise that prospect.

Furthermore—as Dean Pittenger pointed out—the amendment proposal is unfortunately timed. More taxes are delinquent in Texas than ever before; the revenue-

yield from business and industry has been at low ebb for some years past and began picking up only lately. As tax-collections for such a period as the basis of a limit to apply permanently, is obviously unsound policy. Public needs must grow with the population. Too, the value of the dollar fluctuates.

Therefore, the Legislature should be left free to adapt its fiscal policy to changing times. Moreover, in the years just ahead the State must meet unusual obligations. It must retire 20 million dollars in emergency relief bonds and 100 millions in county road bonds taken over three years ago. The lawmakers are being called upon to vote 5 million dollars for the Centennial celebration in 1936.

Such considerations led the Democratic State Convention at Galveston last month to "recommend to the people that the amendment be defeated." The opinions and facts cited should convince the citizen that his own interests demand that he vote "No" on this proposal.

COTTON GRADE AND STAPLE REPORT

The report released today by the Division of Cotton Marketing at Austin, Texas, giving the quality of cotton produced in Texas indicates that nearly 40 per cent of the cotton classed is Extra White in color and between one-third and one-fourth is Strict Middling and better in this color.

The White Strict Middling and better grades amount to about one-fourth of the cotton classed this week, while Middling is about one-tenth of the total. There is less than one per cent that graded below Low Middling.

Spotted grades are estimated to be nearly one-fifth of the cotton this week.

There is a very marked increase in the shorter staple lengths this week, with a corresponding decrease in the longer staples. The percentage of cotton shorter than 3/8 inch in staple produced this week is approximately 30%, which is an increase over that reported last week. 3/8 inch cotton is estimated to be 54%, and 15/16 inch staple dropped to 12.5% for the week. The staple lengths of 1 inch and longer are about 3%.

The percentage of tenderable cotton this week is 68.4, as compared with 87.4% to date. For District 3, which includes Foard, the percentage this week is 55.5, as compared with 75.1% to date.

NEW AMERICAN TRIUMPH

A new process for the manufacture of aluminum, which it is claimed will make America independent of obtaining that product from foreign countries and will tremendously increase its use in the automobile and other industries, was announced a few days ago by Charles B. Bohn, president of the Bohn Aluminum & Brass Corporation of Detroit.

The discovery, the outcome of five years of experimental work, will result in a \$15,000,000 to \$20,000,000 expansion project in Detroit, Mr. Bohn said, adding that

by BRUCE BARTON

A PRECIOUS BOATLOAD

We have already considered the writing of the four gospels. The date of the first of them, Mark, is about 61, and Paul reached Corinth ten years earlier, in 51. Up to that time the story of the life of Jesus had been told orally. No one felt the need of a written biography. No one felt qualified to write it. So it was not with the gospels that the actual writing of the New Testament began, but with the letter which Paul in Corinth wrote to his old church in Thessalonica, the Epistle to the Thessalonians. You will be interested in the story.

Go back to the period before Paul's arrival in Corinth, to his crossing from old Troy to Europe. He had seen a vision of a man of Macedonia inviting him into Europe, and he went. The little boat that carried him and his three companions, Timothy, Silas and Luke, bore the most precious freight that ever landed on the western shore of the Mediterranean. But Paul did not meet the man of Macedonia. For a good while he had a hard time. As we have already noted, he was beaten and imprisoned in Philippi, mobbed in Thessalonica, driven out of town from Berea, and flouted in Athens. "Our flesh had no rest," he wrote about those days. "Without wearings and within wearings." When he arrived in Corinth he was alone, having left Silas at Berea, and Timothy at Thessalonica.

The weeks while he waited for them to come to him were a period in which Paul was very near to nervous prostration. If it had not been for Priscilla's good cooking and the companionship which he found with her and her husband he might have broken down entirely. His whole work since coming to Europe seemed a total failure; it had brought only hardship and humiliation.

He was afraid Timothy and Silas would never come. He was afraid they would be mobbed to death. And if they came he feared they would say: "It's no use. These people just will not hear the good news. In Philippi they say that if they had us back in jail we would never get out. In Berea they are ready to quote the Jewish law against us and say that Jesus did not measure up to the prophecies. In Thessalonica we dared not go on the streets in daylight. In Athens your sermon is a joke."

So in his loneliness he conjectured and was tortured by his imagination. But one day two dusty travelers arrived in Corinth, found the Ghetto, and there inquired if a man was boarding somewhere in town, a small, wiry, nervous man of defective sight, named Paul. To their joy they learned that he was staying with Aquila and Priscilla; they hunted him up, and there was a glad reunion. Timothy and Silas had rejoined Paul.

Electric Rate

(Continued from Page 1)

or electric heating, in which case all service used will be at 9c for the first twenty-five kilowatt hours, for the next twenty-five kilowatt hours, and 3c per kilowatt hour for all over the first fifty.

This gives a very simple rate structure; and while it does not equalize the cost of serving as correctly as does the room count rate form which has been universally adopted over the United States, it does provide an easy, understandable or incentive rate which is comparable with the development of increased business, or more unrestricted use of its service.

Our main purpose now is to increase our sales of electric service and bring back the revenue which will be lost through this proposed reduction and change, as well as increased Governmental expenses. We have found that over the last eight or ten years, our consumption per residential customer has more than doubled, yet we are not collecting as much in dollars and cents per customer as we did when they used less than one-half as much service. While we have materially improved service, and have supplied a large increased amount of service, Government statistics show that the utility industry collects from the domestic customer only about 1% of his total household budget expenditure, while the investment by utility companies in facilities to render such service is many times that required of other household items, such as food or clothing, for which the customer pays over twenty times as much.

Utility companies, through private capital and private initiative, supply more electric service in the United States than is supplied from any other source in all the rest of the world; and yet it is surprising to learn that this nation pays \$100,000,000 more for the single item of tobacco alone than it does for the total of all household electric service supplied in the United States.

The West Texas Utilities Company believes that in changing from the room count rate schedule, which it proposes to do in all of its 160 communities within the next few months, it can improve its customer relations and sell an increased amount of service. It is with this in mind that we submit for your approval the attached new residential rate schedule. We propose to make this rate change effective with the billing rendered from meter readings covering October consumption.

Your acceptance and approval of this rate will be appreciated. Respectfully submitted, EARL MORLEY, Dist. Mgr.

on me as my wagon is not screened. I will mail this at Gainesville. (Second letter, written in Bonham, Saturday, Oct. 13.)

To all my friends in Crowell, just a few more words to the readers of The News: Wednesday.—Left Valley View, headed for Gainesville. Landed there near noon after crossing Big Elm Creek, near town. Wanted to put out some hooks and try to get a fish, but being in the city limits, that bumped me off. There was a killing at the railroad crossing near town when I was there. I heard the ambulance going after the accident. Leaving camp just east of Gainesville about 2 p. m. headed for Whitesboro. Got there about 9 or 10 Thursday morning. I am on Highway No. 5 and have been on it since leaving Gainesville. I like the concrete slab. Don't like the tarvia or asphalt. I heartily condemn such roads. A donkey slips on them that is shod. I have nearly lost the days.

Found Sherman a nice place. Grown a great deal since I was there. Got there about 11 a. m. Friday. Did not stay there long. No one to stay in wagon. The dog, Curley, is still on route with me. Bonnie Parker still is as contrary as ever. You know I changed her name from Eve. The other donkey is little Kate. They sure pull fine. Perfectly safe. See lots of boogers in towns, but nothing serious. May trade Bonnie on account of her age, about 22 or 23. She is plenty ugly. Don't think she smokes cigars like her namesake.

I found Bonham a nice town. I thought of our dear R. J. Roberts in passing through town. In going through Savoy this a. m., I asked an old man about the date that place was blown away. He told me it was on May 28, 1880, just 54 years ago. I will leave in a few minutes for Dodd City. May stay there tonight as the donkeys are getting very tired. Paris is 40 miles ahead. Kindest regards to all.—Red. P. S. No bats, no hitchhikers, male or otherwise.

Panhandle Cities Planning Parts in Texas Centennial

Clarendon, Texas, Oct. 13. (Special)—Clarendon and other Panhandle towns are becoming imbued with the Centennial spirit and plans are being formulated for participation in the commemoration of Texas independence in 1936. While no steps so far have been taken for celebration such as are proposed for that year at San Antonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Gonzales, Galveston, Dallas and other cities as yet, Pampa was first in this section with a noteworthy Pre-Centennial celebration last Spring, and will stage an even greater one next year. Dalhart is working on plans for an Old Tascosa Celebration. Adobe Walls will no doubt have its inning through work of the Berger leaders. Old Clarendon may be brought back to reality by Clarendon citizens and the big 31st Senatorial District Pre-Centennial celebration to be held next spring in some outdoor location

Gay Melodies Are Keynote of Rexall Sunday Programs

The Kansas City Philharmonic Orchestra, under the direction of Karl Krueger, late of the Vienna Imperial Opera, inaugurated its series of Sunday afternoon concerts for the Rexall stores on October 14. It did not play the heavy and often sombre type of music that America has unfortunately associated with large orchestras heretofore.

Mr. Krueger contends that such a broadcast should be light and gay and inspirational, rather than depressing, and also assures us that there is a wealth of such compositions in the finest musical literature. The whole series of Rexall programs will be played in this gay mood.

The sponsors of this program have spared no expense to make it an excellent entertainment, even to the wowing of the stage's most famous personality DeWolf Hopper. Mr. Hopper will serve as narrator on the program and carry on as announcer and jovial raconteur throughout the season.

The usual complement of vocal and instrumental soloists will add to the charm of these Sunday afternoon concerts and once each month, a special wire to Boston, Massachusetts, will bring Louis K. Liggett onto the air for a personal talk with the 10,000 Rexall Drug-dists throughout America. The program will be heard here at 3 p. m. on station WBAP.

Reading Fun in Store For Boys

Here's important news for the boys of America. The American Boy—Youth's Companion, the nation's quality magazine for boys, has been reduced from \$2.00 a year to \$1.00. The three-year rate, formerly \$3.50, has been reduced to \$2.00.

"For a long time we have been seeking a way to reduce the cost of The American Boy to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publishers are planning a magazine that will continue to set a pace in fiction, articles, and departments. The favorite characters of millions of boys will parade through The American Boy in new stories. Douglas Renfrew of the Royal Canadian Mounted, Hide-rack, the red-and-gold collied, Beneath Jim Tierney, the detective, will give the reader many exciting hours in the months to come.

In short, The American Boy, under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to The American Boy, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and The American Boy will soon be headed your way, loaded with reading thrills.

SUNDAY SCHOOL LESSON

by Charles E. Dunn

The Christian at Prayer.
Lesson for October 21st, Matt. 6:5-15.

Golden Text: Romans 12:12.

It is perfectly clear that to multitudes of people prayer has become unreal. The main reason for this is the temper of our day. Our age of speed and secular emphasis is not favorable to the practice of prayer.

We announce the following services for next week:

10 a. m.—Bible School.
10:45 a. m.—Preaching Service.
11:40 a. m.—Communion Service.
7:00 p. m.—Young People's Class.

7:30 p. m.—Preaching Service, Ladies' Bible Class Tuesday, 2:30 a. m.—Mid-week Service Thursday, 7:30 a. m.

Next Lord's Day I shall talk at the morning hour on "The Temptations of Christ" and at the evening hour on "How 600 People Were Saved Outside the Ark."

Be with us next Lord's Day. We feel sure you will be benefited.

Margaret Methodist Church
Sunday, Oct. 21.
Sunday school at 10 o'clock.
Preaching at 11 o'clock.

At the close of the Sunday school we will have the annual Promotion Day program. At the close of the morning preaching service we will have the installation of all church officers as well as the officers and teachers of the Sunday school.

Young people will meet at 6:15 p. m., and night preaching service at 7 o'clock.

At the night service we will have some special music. Mrs. Bralley from Thalia will bring some musicians who will furnish the music, which will be a part of the night service. The pastor will preach in connection with this service.

Come to all these services, you will find a very hearty welcome. MARVIN BROTHERTON, Pastor.

Christian Science Services
"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 21.

The Golden Text is: "The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many" (Mark 10:45).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For God so loved the world, that He gave his only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life" (John 3:16).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "That God's wrath should be vented upon His beloved Son, is divinely unnatural. Such a theory is man-made. The atonement is a hard problem in theology, but its scientific explanation is, that suffering is an error of sinful sense which Truth destroys, and that eventually both sin and suffering will fall at the feet of everlasting Love" (page 23).

October Meeting of Crowell P. T. A. Held Tuesday; 103 Members Result From Recent Membership Campaign

The October meeting of the local P. T. A. unit was held in the study hall of the High School on Tuesday afternoon at 3:30 with Mrs. A. F. McMillan, president, in charge.

In the reports of the officers, Mrs. L. A. Andrews, membership chairman, announced that 103 members had been secured and that the contest was closed. She presented gifts to the school pupils who secured the members, Faye Webb, who secured the largest number, was given a dollar bill. To the four who secured more than ten members each were given fountain pens. These were Frances Davis, Helen Harwell, Edward Gafford and Mary Frances Bruce. To Oleta Faye Zeibig, Ruth Steele, Margaret Woods and Lenogene Green were given Ever-sharp pencils for the number they secured.

The finance chairman, Mrs. Hubert Brown, announced that \$42.16 had been turned in as a result of the 42 vanishing tournament, which has been in progress for several weeks. She also reported \$10.35 from the sale of soda pop at the ball games.

Mrs. R. L. Kincaid, program chairman, stated that the year books were finished and ready for distribution. The pupils of the seventh grade did the cover decorations.

The P. T. A., aided by funds from the Foard County Relief Organization, is opening a cafeteria at the school next Monday. Mrs. Stanley Sanders is manager of the cafeteria and Miss Maye Andrews is assistant manager. They were elected by the Executive Board of the P. T. A. and will enter upon their duties Monday morning.

It was voted to give \$1.35 to Mrs. Sam Crews, with which to purchase music for the rhythm band. It was also voted to purchase some needed playground equipment for the various depart-

ments. In the absence of Mrs. Allen Sanders, leader for the day, Mrs. J. R. Self was in charge of the program. A devotional was given by Mrs. T. B. Klepper. Henry Black made a splendid talk on "A New Day for the Movies." Mrs. R. L. Kincaid brought excerpts from the "National Parent and Teacher," giving the high points in several outstanding articles.

Instead of a plant as a prize for the largest room attendance, framed pictures will be used this year. Mrs. N. J. Roberts donated the pictures, suitable to the various departments, and the P. T. A. framed them. Mrs. Roberts has, for a number of years, provided the plants. Mrs. J. R. Self's room had the largest representation in the primary department, Miss Cogdell's room in the intermediate department, and the Freshmen and Juniors tied in the High School.

The seventh grade mothers and teachers served delicious sandwiches during the social hour.

WEST RAYLAND CLUB GIRLS ELECT OFFICERS

Officers for the new year were elected at the meeting of the West Rayland 4-H girls club at the school house on Oct. 9.

Elizabeth Whitten was re-elected president and Dorothy Gregg, secretary. Ona Faye Derrington was elected vice president and appointed as reporter.

The club's next meeting will be on Oct. 23 at the school house.

June Lammas of Birmingham, Eng., was recently elected "Miss England" to represent the country at Hastings next month for the title of "Miss Europe."

Aiming to complete the first trans-continental jaunt on roller skates, Robert Jackson, a 19-year-old Seattle, Wash., adventurer, recently arrived in Chicago.

came into the game as the second quarter opened.

The final touchdown of the first half came when Todd circled left end for 20 yards after Patton's pass to Jim Riley Gafford had placed the ball in scoring position. A pass to Gibson for the extra point failed and the score was 25 to 0.

Third Quarter

Aldon Horn and Frank Meason provided some nice runs to help bring the next touchdown, which resulted when Todd crashed 4 yards through center. His place kick was good, making the score 32 to 0.

Raymond Gibson circled left end on a neat triple reverse and raced 40 yards for the next touchdown. Todd's kick from placement was good and the score was 39 to 0.

A few plays later Todd intercepted a pass and ran 60 yards for a touchdown and again his place kick was good. Crowell 46, Archer City 0.

Meason accounted for the next touchdown, going over right guard for 4 yards after 20-yard run by Gibson and a 20-yard pass from Todd to Patton had placed the ball on the 4-yard line. The place kick for extra point failed and the score was 52 to 0.

Last Quarter

Gibson took a 20-yard pass from Patton and ran another 20 yards for the next touchdown. Todd's place kick was good and the score climbed to 59 to 0.

Todd slipped off right tackle, cut back and then ran 45 yards for the next touchdown. His place kick made the score 66 to 0.

Gafford made the final touchdown of the scoring spree. Todd's pass to Meason gained 40 yards to put the ball on the 2-yard line. Crowell received a 5-yard penalty on the next play, after which Austin Wiggins passed to Gafford for 7 yards and a touchdown. A pass for the extra point was incomplete and the score reached its peak at 72 to 0.

Two other Crowell touchdowns during the game were erased by penalties. Mark Saunders' brilliant 60-yard sprint across the goal line after intercepting a pass failed because of a clipping penalty against Crowell. A penalty for holding nullified Todd's 45-yard return of a punt across the goal line at another point in the game.

The starting line-up:

CROWELL	ARCHER CITY	BURKETT
Womack	Left End	Whitehead
Brisco	Left Tackle	Morrison
Jones	Left Guard	Hardegree
Graham	Center	Sutherland
Dunn	Right Guard	Smith
Gafford	Right Tackle	Knox
Gibson	Right End	Sturgeon
Crews	Quarter	Herron
Joy	Left Half	Bailey
Todd	Right Half	Gragg
	Fullback	

Officials—Ligon of Rochester, referee; Curtis Beaty of Vernon, umpire; Curtis Cooper of Crowell, head linesman.

Substitutions

Crowell—Wiggins, Horn, Owens, Nichols, McKown, Cogdell, Meason, Saunders, Lilly.
Archer City—Horaney, Hooper, Hays, Shelton, Morrison.

Summary

First downs: Crowell 12, Archer City 6. Passes: Crowell tried 9, completed 5, had none intercepted; Archer City tried 11, completed 4 and had 2 intercepted. Crowell was penalized 6 times for 70 yards. Archer City received no penalties. Archer City fumbled 2 times, losing the ball once. Crowell fumbled one time, but recovered.

HAPPY MARRIAGES

Psychologists, sociologists and other oligists are continually checking up the well known human race with respect to all its varied activities nowadays, so it was inevitable that they should make a study of happy marriages, if any, to determine how come.

After long and patient research, several of these experts have disclosed their findings, which purport to show that persons who marry relatively late are more likely to live happily ever afterward than those who marry at an early age.

To give a few examples from the statistics compiled by these indefatigable researchers, the following conclusions are quoted:

A girl who marries after she is 25 is three times as likely to find wedded bliss as one who rushes into matrimony before she is 20.

Males who marry after the age of 25 have 2.2 times the chance for married happiness as those who marry at an earlier age, according to one expert, while in other places the ratio at 2.5. In either case note the decimal point.

Where both parties to a marriage are over 25, the chances for making a go of it are still greater.

How far above the age of 25 this rule holds good is not stated. Now tell all this to two youngsters between 16 and 20 who are that way about each other, and see what happens.

This-That, Etc.

By Typo Wrighter

Despite the scary tales we hear each day about this powerful bunch of Matador Bullfighters and what a tough time Crowell is going to have in playing them tomorrow at Matador, we cannot become very worried about Crowell's prospects of losing and feel confident that those Wildcats are going to come home with another victory.

After watching a number of poor predictions on football scores in past weeks in various papers, we feel safe in making several of our own guesses on games this week, for we can be 50 per cent wrong and then be no worse than the scores registered by some predictors. Anyway, for this week we predict as follows:

- Crowell 20, Matador 13.
- Olney 13, Mineral Wells 6.
- Burkburnett 40, Throckmorton 0.
- Graham 13, Seymour 0.
- Iowa Park 6, Megargel 0.
- Wellington 26, Chillicothe 6.
- Newcastle 13, Archer City 6.
- Vernon 27, Electra 7.
- Wichita Falls 9, Quanah 7.
- A. & M. 13, T. C. U. 9.
- Texas 14, Centenary 0.
- S. M. U. 20, Okla. A. & M. 0.
- Rice 20, Creighton 0.
- Louisiana 14, Arkansas 6.
- Minnesota 14, Pittsburg 7.

Herbert Edwards, who saw Burk beat Seymour 13 to 7 last Friday night at Burkburnett, states that both the Bulldogs and Panthers are plenty strong and have mighty smooth working clubs and will no doubt give the other teams of District 5-B a lot to worry about before the season is over.

"I'm mighty down-hearted over our prospects for Friday," commented Tom Beyerly. No doubt

Tom will be on the road to recovery after Gibson, Todd and Gafford register touchdowns. However, worry over the outcome of the Throckmorton tussle the following week may cause a relapse on the way home.

Dean Lynwood Myers, who made his appearance at the local hospital last Saturday, is not the only child in this section to have a name representative of baseball fame. We learn that George Herman Henry, 2-year-old son of Mr. and Mrs. E. F. (Button) Henry was named after the one and only Geo. Herman (Babe) Ruth. Dean Lynwood is the son of Mr. and Mrs. Jake Myers of Truscott and his name represents three great World Series pitchers, the Dean Brothers and Lynwood (School-boy) Rowe.

And speaking of babies, we now hear the local "believe it or not" regarding the twins born in Crowell recently. One was a boy and the other a girl, yet they were both "Males." The reference is to Virginia Frances and Richard Clark, the twins of Mr. and Mrs. Leonard H. Male.

THIRTY YEARS OF PROGRESS

October marks the THIRTIETH ANNIVERSARY of the Hoffmann-Hayman Coffee Company, San Antonio, Texas, one of the pioneer Roasters in the State of Texas. From a mere handful of satisfied customers in 1904 to the present wide popularity of the fine products of this firm throughout the Southwest, is a story woven around a standard of Quality and Fair Dealing.

In their modern plant, erected during the depression, many Texans find employment in the manufacture of the large line of High-Grade Coffee, Teas, Spices and Extracts.

Three of the most popular brands of Coffee in the State today are: "H and H", "Sam Houston" and "Texas Girl".

Today Hand H Products are produced and packed in this modern new plant one of the largest and finest in the entire South.
