Boys Outnumber Girl Graduates In Class of 1935

The 1935 boy graduates of Crowell High School outnumber the girls 14 to 11. In last year's class, the second largest in the history of the school, the boys outnumbered the girls, 19 to 18. All other years besides 1934 and '35, that I. T. Graves has served as superintendent, there has been a feminine majority in the graduating classes.

Since the present superintendent assumed duties here, the number of graduates each year has been as follows:

Year—	Girls	Boys	Total
1928	20	8	28
1929	17	15	32
1930	25	13	38
1931	19	7	26
1932	18	12	30
1933	17	13	30
1934	18	19	37
1935	11	14	25
Total	145	161	246

The twenty-five graduates this year are: girls—Wanda Burks, Mary Edna Bursey, Geraldine Carter, Juanita Hough, Beulah Ivie, Ala Ketchersid, Vidella Miller, Doris Oswalt, Bernice Poland, Mildred Sallis and Lora Whatley; boys—Burke Bell, John Borchardt, Jim Riley Gafford, Frank Hofues, Edward E. Jones, Francis Klepper, Milton Magee, R. J. Owens, George Owens, Lester Patton, Thomas Smith, Garland Taylor, Dick Todd and Stanley Womack.

About five members of this year's Senior class may receive diplomas next year at mid-term.

BEULAH IVIE AND DICK TODD WIN IN CONTEST

Beulah Ivie, English IV student, won first place in the English scrapbook contest sponsored by the Columbian Club, according to announcement of judges this week. Dick Todd, another English IV student, had the second best scrapbook in the contest.

Honorable mention was given to the following: Juanita Hough, Senior; Florene Miller, Banks Campbell and Tom Ray Roberts, Juniors.

These scrapbooks consisted of various literary material, such as book reviews, pictures and quotations. Each Junior and Senior was required to make one.

The judges stated that they found it very difficult to determine the winners because of the excellent material contained in so many of the books.

CROWELL HIGH SCHOOL

Crowell High School's fine brick building was completed early in 1928. It is well equipped throughout and has one of the finest auditoriums in this section of Texas. The Crowell grammar school is shown in the background and a small portion of the gymnasium may be seen at the right.

Answers to Questionnaire Reveal Many Interesting Facts About 1935 Seniors

Many interesting facts regarding the Class of 1935 of Crowell High School were secured recently as the result of answers to a questionnaire submitted each Senior by The Foard County News. In addition to providing necessary information for brief biographies of the class members, other questions were included, the answers to which furnished much other information.

The questionnaires were submitted during a regular school period without prior notice of plans in this respect and the answers were promptly written from the students' own personal knowledge and opinions.

Ala and Dick Honored

In answer to the questions: "What Senior girl do you consider will attain the greatest success in life? What Senior boy?" Ala Ketchersid led the list for the girls with 15 votes, while Dick Todd topped the list for the boys with 17. The 30 members of the class submitted choices in answering the above two questions.

Bernice Poland and Frank Meason were second and Doris Oswalt and F. L. Rennels, Jr., third. Eight other members of the class were named by classmates in the "success" vote.

Many Natives

Twenty-one of the 30 Seniors are natives of Foard County and 13 listed Crowell as their birthplace. Other birthplaces (one each) are: Young County; Elida, N. M.; Omaha, Neb.; Acme, Tex.; Warren, Okla.; Chillicothe, Tex.;

Plum Valley, Colo.; Wanette, Okla., and Thrall, Texas. Out of the 30 Seniors, 25 are native Texans.

Where They Started

Thirteen of the 30 started to school at Crowell and 11 of this number have attended no other schools besides the two here. Nineteen have attended no schools outside of Foard County and C. H. S.

The Sophomore Class of 1935 is the smallest class in Crowell High School, but is not the smallest in distinction. All through its high school existence this class has been high scholastically and athletically.

On the Crowell High School football team two sophomores made their names known all over Texas. They were Raymond Gibson and Paul McKown. These two boys will also be back to play for Crowell High School in the football season of 1935 and 1936.

In the district meet at Childress, J. C. Ross won first place in the district in his declamation contest.

The class has had many social events. Their first party, which was one of the most enjoyable parties of the social year, was held at the home of Ray Thomas. The Christmas party was given at the home of Glendon Reeder, and since that time, the Sophomores have had many picnics, which were attended by all the members of the class.

The Junior class of Crowell High School, which is composed of about fifty pupils, has been one of the most progressive classes in school. Nearly all of the pupils who are Juniors now have been in the same classes together all through school, and they have learned to co-operate with each other.

They have proved themselves one of the most talented groups in school. Of course, some of the smartest pupils are Juniors. For instance, Tom Ray Roberts, smallest Junior member, Florene Miller, Mary Byrl Bell, Elizabeth Hughston, Banks Campbell, Mary Lou Fudge, John Fish and Dorothy McKown are consistently included on the high honor roll. Edith Marie Gover, the peroxide blonde, has been famous all during her school life for her "way with men." Peggy Cooper and Florene Miller have very good prospects of being actresses. Bettye B. McAdams, who entered Crowell High School this year, is a very talented artist. She painted the place cards for the Junior-Senior banquet. Ruth Burns won a dress judging contest in home economics at Crowell and Canyon. The Juniors can boast of seven regular letter men of the football squad. They can, too, be proud of their representation on the basketball team. The class boasted of three good men in track.

The Juniors have had many parties during their high school careers, and all of them have been enjoyable. They are planning to make next year the banner, but they will certainly have to work hard to accomplish more than they have accomplished in the past years.

**CROWELL SPELLING TEAM
MAKES PERFECT RECORD**

Certificates for proficiency from the State Department of Educa-

tion were received recently by Virginia Moseley and Frances Milsap, Crowell's sub-junior spelling team, which scored one hundred in Interscholastic League competition. They were under the direction of Mrs. Ernest C. King.

The last time that a Crowell spelling team made a perfect score was seven years ago. The members of that team were two 1935 graduates, Doris Oswald and Ala Ketchersid. They were in the fourth grade at the time.

**FINE PENMANSHIP RECORD
MADE BY LOCAL STUDENTS**

Since the addition of daily lessons in penmanship in the Crowell schools, twenty-seven pupils have qualified for the Student's Final Certificate offered by W. S. Benson & Co. of Austin. The Minnie B. Graves system of penmanship is used in the local system and is under the supervision of Mrs. Ernest C. King.

Following penmanship examinations, the best papers are sent to Austin to be graded. Last year six sets of papers were sent and all were accepted for awards. This year seventeen sets were sent in and all qualified for awards. Four qualified for awards in 1933. A pupil must make a grade of B to be accepted for the certificate. The grading includes twenty-six points consisting of letter form, alignment, slant, size, spacing, line quality, movement, and miscellaneous. The following have received awards during the past three years: Mary Lou Fudge, Ruth Lambert,

CARTER DAIRY

Superintendent and Principal

When I. T. Graves assumed duties as superintendent of the Crowell schools in Sept., 1927, many members of 1935 graduating class were just beginning their third year of school work.

During the eight years that Mr. Graves has served the local system, the Crowell schools have steadily advanced and have operated with unusual efficiency and harmony throughout this period, a situation that reflects much credit upon the local school superintendent.

Mr. Graves is closely devoted to his work and his conscientious efforts in the interests of the local system and all of its pupils and patrons, together with his tireless energy, have been of inestimable value in the progress of the schools here and the all-around wonderful records they have made throughout the years.

Supt. Graves holds an M. A. degree from the University of Oklahoma. Prior to that he secured his A. B. degree from Baylor University after graduating from John Tarleton Agricultural College, at Stephenville.

AN INVENTOR

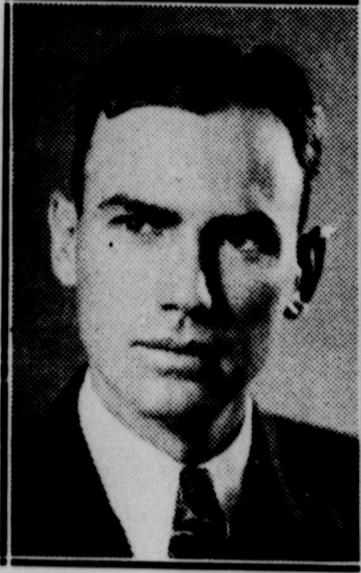

The Senior class of '35 is able to boast of a mechanic and an inventor, Milton Magee. Milton is one of the best scientists that Walker Todd has ever had in his general science and chemistry classes. Milton invented an electrolyte apparatus in chemistry. He has been a mechanic for the typing class for the past two years. He has also invented a water spray for vegetables.

In football his teams have played 83 games, winning 57, losing 21 and tying 5. His basketball teams have played 210 games, winning 182 and losing 28. In football two district titles, one bi-district and a regional championship have been won. In basketball, five consecutive district championships have been won, along

Crowell Trustees Play Prominent Part in Success of Local System

To a sincere and progressive group of trustees throughout the years must go much credit for the economical and efficient manner in which the local school system has been operated.

All members have co-operated as a single unit on practically every measure acted upon by the board for a period of many years and the harmony existing at all times has done much in making the progress of the Crowell schools possible in both good years and bad.

The Crowell faculty and other members of the local school staff have co-operated splendidly in maintaining efficient and high standards at a very minimum of expense. Few communities anywhere can boast of receiving more real school value for their tax money than is the case with the Crowell district. The co-operation of the local bank with the board has also been a valuable aid.

Members of the board at the present time are: John Rasor, president; Chas. E. Gafford, N. J. Roberts, S. T. Knox, Edgar Womack, Hubert Brown and Amos W. Lilly.

Rasor, Lilly and Brown became members of the board in April, succeeding Fred Rennels, T. B. Klepper and L. A. Andrews, who had served on the board several years and who were not candidates for re-election. However, at the first meeting of the new board on April 9, Mr. Andrews was named to act as secretary of the board and also serve as the district's tax assessor and collector, succeeding G. A. Mitchell, who was not an applicant for the position after nine years of service in that capacity.

Mr. Rennels, the retiring president of the board, had been a trustee six years and had been board president five years. Mr. Andrews had been on the board seven years and had served as secretary each of those years. Mr. Klepper

retired after six years of service. The number of years of service for the other four members of the present board are: N. J. Roberts, 4; S. T. Knox, 4; Chas. E. Gafford, 2; and Edgar Womack, 2.

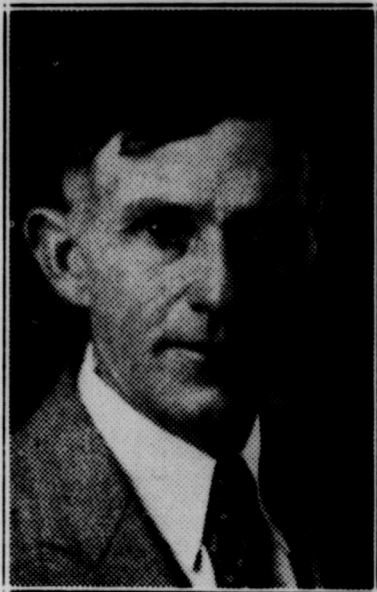

Two of the board members live outside of Crowell. Mr. Gafford resides on a farm in the northern part of the district, near Pease River, while Mr. Knox lives several miles south of Crowell.

TRANSPORTATION

Three modern school busses cover a total of approximately 71 square miles each day in bringing 105 pupils to school and carrying them home in the afternoon.

Crowell school bus operators are Frank Moore, W. W. Boyd and R. M. Fox. The southern part of the district is covered by Mr. Boyd. Mr. Moore handles the northwest area and Mr. Fox picks up his passengers in the northeast part of the district.

Before the opening of the 1934-35 term, the board purchased new Wayne all-steel bodies, which were

placed on the new Dodge and Chevrolet trucks owned by Mr. Fox and Mr. Boyd. Mr. Moore secured his International school bus a few years ago. He is the veteran bus driver, having served continuously for 8 school terms. Mr. Boyd has served 4 years. Mr. Fox is completing his first year. All have been re-elected for the 1935-36 term.

SCHOOL JANITOR

Pat McDaniel, efficient janitor for Crowell's two school buildings and gymnasium, is now completing his third year in this position and has been re-elected by the board to serve during the 1935-36 term.

Great Record by C. H. S. Teams

GRID SQUAD ON TOP IN CLASS B

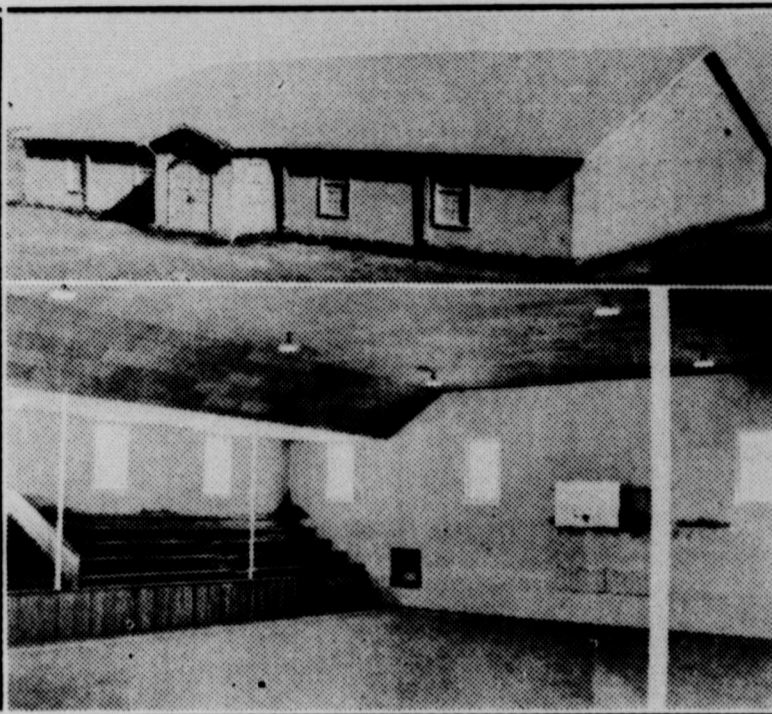

Past years have established Crowell High School as one of the leading Class B schools in athletic competition in Texas and the year of 1934-35 was no exception. In winning the highest possible honor for a Class B football team, a regional championship, and by capturing the district basketball title for the fifth consecutive year, the Crowell Wildcats attracted the attention of sports fans throughout the state during the 1934-35 term.

Featured by the work of the State's finest high school football player, Dick Todd, together with the best all-around teamwork ever exhibited by a Crowell football squad, the Wildcats of '34 won every official game by comfortable margins, the district championship contest with Olney providing the closest score, 33 to 12.

After winning the District 5, Class B, championship at Olney, the Wildcats played Graham's Steers at Wichita Falls for the bi-district title. Crowell won 33 to 6.

The Plano Wildcats, who beat

Fine Gymnasium at Crowell High

Crowell High School's gymnasium, completed in January, 1934, is one of the finest to be found in West Texas. Besides furnishing a fine playing court, it provides wide rows of seats capable of handling a crowd of around five hundred persons.

Interior and exterior views of the structure are shown above. An outside view does not do justice to the building, since ten feet of it is below the surface of the ground.

With L. I. Saunders as contractor and N. J. Roberts and L. A. Andrews as directors of the project, this gym was built on a self-liquidating basis through an R. F. C. loan, relief labor, and donations of a considerable amount of material.

Gate receipts over a period of ten years are expected to take care of the cost of construction. For around \$4,000, Crowell has secured a gymnasium worth between \$15,000 and \$20,000.

Vocational High of Fort Worth 26 to 6 for their bi-district championship, were played the following week before a crowd of about five thousand people at Wichita Falls for Class B football's highest honor—a regional championship.

Although the score was 44 to 13 in favor of Crowell, the game provided one of the most thrilling offensive battles ever seen in Northwest Texas. Crowell scored first on a 71-yard run by Todd, after Plano had previously come within 7 yards of a touchdown. Early in the second quarter Plano tied the score at 7-7 on a pass, Crouch to Miller.

A 49-yard touchdown run by Todd and an intercepted pass by Frank Meason, who ran 24 yards to score, gave Crowell a 19-7 lead at the half. From then on it was just too much Crowell.

Besides scoring three touchdowns and passing to teammates for three others in his final high school athletic contest, Todd ac-

counted for 317 yards on runs from scrimmage in this game.

Thirty-eight teams from four districts, Nos. 5, 6, 7 and 9, competed in the Region No. 2 race won by Crowell. Region No. 2 was generally regarded as the toughest Class B territory in Texas.

Wide Recognition

Jinx Tucker of Waco, probably

the most widely known sport editor in Texas, rated Crowell as the second best of the 275 Class B teams in Texas. In placing Bryan first, Tucker wrote: "We have our serious doubts as to whether Bryan is stronger than Crowell, but in addition to making a sensational Class B record, Bryan defeated Jeff Davis of Houston, a Class A bi-district champion." He added that 1934 was the greatest Class B year the State had ever known.

Tucker was also responsible for naming an all-state Class B for the first time last fall. Three Crowell men received attention in his selections. Todd was named as a half-back on the first team, Lester Patton was given an end berth on the third team, and Bill Dunn secured honorable mention as a tackle.

In reaching his decisions on teams and players, Tucker wrote every Class B coach in Texas and used other methods in securing

Players Honored

Garland Taylor, guard, and Lance Middlebrook, forward, were named on the all-district team at Childress. These two players and Clyde Russell, center, made the all-tourney team at Matador where Taylor won a gold basketball for being the selection of coaches and officials as the most valuable player.

Taylor also made the mythical "Big Seven" team and the all-region team at Canyon.

Great Record—

(Continued from Page 12)

dope on teams and players in every nook and corner of the State.

Crowell's only football loss of the season was at the hands of the Vernon Lions, Class A district champions. This was Crowell's

first game of the season and the second for Vernon. Without the services of their captain, Lester Patton, who had not recovered from an appendicitis operation, the Wildcats put up a good fight, but lost 32 to 12. Crowell scored first in this game.

The official all-district (No. 5) team selected by coaches, included four Wildcats—Todd, halfback; Patton and Gafford, ends, and Dunn, tackle.

Great Basketball Record

The Crowell basketball team carried on where the gridsters left off and won three major honors in this section. The Wildcats gained permanent possession of a forty-dollar silver basketball trophy by winning the Matador invitation tournament for the third time in January.

In February, Crowell finished on top of the Big Seven Basketball Conference race by defeating Harrold 19 to 16 in the championship game. The Big Seven race started in January and ended with the following standing: Crowell, Harrold, Childress, Vernon, Quanah, Wichita Falls and Olney.

With the Tell Tigers, West Texas' tallest team, doped as outstanding favorites to win the District No. 4 cage title, the Wildcats were

not disturbed by predictions to the contrary and returned from Childress Feb. 23 with their fifth consecutive district basketball championship, a record believed unequalled in West Texas.

Crowell beat Tell in the semi-finals, 43 to 30, and then smothered Wellington 43 to 14 in the district final.

The Wildcats were eliminated from the State race in the regional tourney at Canyon. Playing a double round-robin schedule, Crowell first met Pampa's Harvesters, who came from behind in the final three minutes of play to win 29 to 27. Crowell next beat Amarillo 28 to 21. Pampa and Crowell were thrown together again and Crowell lost another heart-breaker, 22 to 20, and was eliminated from further competition.

Lamesa won the regional final over Pampa, 41 to 28.

Crowell won 25 out of 29 games during the season.

In the past five years, C. H. S. athletic teams have won eight district championships—five in basketball, two in football and one in track (1932) Quarter-finalist honors were won in the State basketball tourney at Austin in 1933 and then in 1934 came the greatest honor ever achieved by a Crowell team—the regional football championship.

Adding the five district championships won by the one-act play casts, Crowell High has won thirteen district championships in "team" competition in recent years. What school can equal this record?

Texas' Best

Dick Todd—the greatest name and the greatest player in Texas high school football in 1934 and the greatest all-around athlete Crowell High School has ever produced—will officially bid farewell to this school when he receives his diploma tomorrow night.

Get Todd! For four years this was the cry of opposing players

and coaches and with the conclusion of the '34 season, the same cry continued, but this time from coaches and alumnae of such schools as Notre Dame, Navy, Northwestern, Ohio State, Duke, Wisconsin, Stanford, Purdue, S. M. U., A. & M., Texas, Arkansas, Hardin-Simmons, Baylor, T. C. U., Rice, St. Mary's and various others. Dick was personally taken to the campuses of most of these schools by parties interested in his decision to enroll with their college.

Texas A. & M. Lucky

After giving careful consideration to all, the Crowell star has announced that he will enroll next fall in Texas A. & M. College.

Although Dick loves athletic competition, he is more interested in securing an education that will best fit him to fight life's battles and is of the opinion that the college of his choice offers him the best opportunities in this respect.

Probably no high school athlete in Texas history has received more publicity throughout the state, and even in distant parts of the nation, than Dick Todd. Naturally, it is difficult in this limited space to really do justice to not only a great athlete, but also to one of the cleanest and best all-around boys that ever "played the game" anywhere and anytime.

He has set the perfect example for all future C. H. S. athletes, and athletes everywhere, to follow. His thousands of admirers here and all over this part of Texas have all confidence in the world that he will make a great college record.

Dick earned only twelve letters in C. H. S., for that was the school's limit. Coming to high school at mid-term in 1931, he promptly lettered on the district championship basketball team. In the four years that he lettered in this sport, his cage team won the district championship and was quarter-finalist at Austin in 1933. He was named all-district man three years.

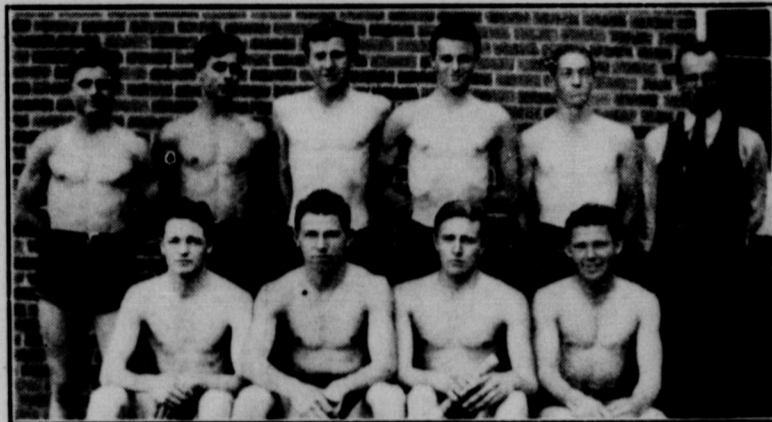

In track he also won four letters and his district and regional conquests won him trips to the finals at Austin each of the four years. In his last year he was high point man at the district meet and second in the regional meet. He won fourth in high hurdles and fifth in broad jump at Austin last spring.

During his four years of football, he ran up a total of 664 points, 318 of which were made last season, probably a national record. His touchdown runs in his final two seasons averaged better than 25 yards each. His ability in tackling, blocking, passing, punting, catching of passes and brilliant direction of play matched his phenomenal line-smashing and broken-field running.

Dick's modesty, loyalty, sportsmanship and general fine personal-

TRACK RECORD FOR 1935

The Crowell High School track team of 1935 won the county track meet with ease, beating Thalia, its nearest opponent, by a 2 to 1 margin. Out of fourteen first places Crowell took ten, Thalia three and Margaret one. Crowell has had complete possession of the county track title for the past eight years, has won district once, and has been runner-up at district several times. This year is the first time in eight years that Crowell has failed to be represented in the State track meet in Austin. Garland Taylor and Sam Crews represented Crowell at Canyon and made a creditable showing.

The Crowell thinly clad had a

dual meet with Quanah on the latter's field and tied with 67½ points each. At district Crews won first in pole vault, and Taylor won third and tied for fourth in broad jump. The high jump record was moved from five feet ten inches to six feet two inches, Taylor cleared the bar at six feet with ease, but he failed on the next rise.

The 1935 team was composed of the following: Aldon Horn, dashes and low hurdles; Sam Crews, pole vault, broad jump, and 440; Garland Taylor, high jump, broad jump, and hurdles; Frank Meason, dashes and distance races; Mark Saunders, hurdles; John Cogdell, distance races; Bill Dunn, weight events; Oscar Nichols, distance races; George Owens, vaulter.

**Excellent Progress
 In Home Economics**

The home economics classes have made great progress during the past year. Both classes have shown remarkable interest in their work this year. Lora Whitley and Ruth Burns went to Canyon and won second and third places, respectively, in contests there. Bettye B. McAdams, Camille Graves, Fern Pearce, Edith Gover, Mattie Bell Greening, and Effie Griffin won places in dress contests. Recently Chillicothe and Quanah came to Crowell for a contest in dress making, and Geraldine Carter won second. The home economics classes sponsored a show March 25-26.

Miss Ruth Patterson has been a very patient and understanding teacher, and she states that she has enjoyed the classes very much, and that she feels confident that students from three classes can boil water without scorching it and make a garment that will look presentable.

High Honor Last Year

Last year a member of the Home Economics class, Maymie Lee Teague, won first place at Austin for her work in judging of children's clothes at the State Home-Making Rally. Mary Byrl Bell won fourth in judging "meal service" at the same rally.

**C. H. S. Junior Team
 Wins County Title**

The Crowell High School Junior basketball team turned in a fair record the past season. It won the county championship for the first time in three years. Margaret, the defending champion, offered the greatest opposition in the county play-off. The Juniors won three out of a four game series with Thalia, two from Foard City, three from Margaret, lost two to Quanah, and won one game of a two-game series with Vernon, lost two games of a three-game series with Medicine Mound.

Junior Nelson, captain of the team, turned in a nice performance

at running guard and was named on the county all-star team. Raymond Joy was the other member to gain the same recognition. Dupree Allen and Jim Whitfield received honorable mention. Joe Eddy was probably the best defensive player at standing guard. Other members of the 1935 squad were very valuable substitutes and played regular positions part of the time. They were H. K. Edwards, James Long, W. F. Statser, and Riley Griffin.

Successful Year Is Completed by High School Band

The Crowell High School band has just completed a very successful year. The band had its origin two years ago under the direction of L. T. Edwards who acted as director until the second semester of this year at which time he resigned his position. His place was filled by Marion Crowell.

During the year the band played for athletic contests, programs in the auditorium and other events, adding pep and enjoyment to each of these occasions.

New uniforms, consisting of black and gold capes and caps and white trousers, were received by the members of the band.

Members of the band are: Tom Ray Roberts, John Lee Orr, Milton Magee, Dupree Allen, cornet; Burke Bell, Glendon Reeder, F. L. Rennels, James Everett Long, reed; H. K. Edwards, Sam Crews, Wayne Cobb, trombone; J. C. Ross, bass horn; Fred Mabe, bass drum; Mary Lou Fudge, drum major.

CENTENNIAL BANQUET ENJOYED BY JUNIORS AND SENIORS APRIL 25

One of the most elaborate social events in the history of Crowell High School took place Thursday night, April 25, when members of the Junior Class were hosts to the Seniors at the annual Junior-Senior banquet at Raymond's Cafe.

Approximately one hundred persons, including Seniors, Juniors, faculty members, class mothers, entertainers and representatives of other classes, the P. T. A. and school board were present.

Planned as a "Texas Centennial Banquet" by the class sponsor, Henry Black, and officials of the Junior Class, the occasion lived up to its name in all details connected with the program, menu and decorations.

The cafe was converted into a veritable Texas flower garden, featuring bluebonnets and roses. Several varieties of Texas cactus were contained in over twenty-five small pots decorating the centers

of the tables, which were arranged in a rectangular manner.

Other decorations included Texas and United States flags and a picture of President Roosevelt. The attractive programs carried out the red, white and blue Texas colors. Hand-painted pictures of the Alamo and bluebonnets covering cut-out maps of Texas, and red and white ribbons decorated the blue fronts of the programs. Miss Bettye B. McAdams, Junior Class member, painted each of the Texas maps. The programs also served as plate markers. A white "Lone Star" was suspended from the handle of each red nut cup.

The banquet menu was printed on the program as follows: CHOW—Gulf of Mexico Cocktail, Prairie Chicken, Dressin', Son-of-a-Gun, South Texas Spuds, East Texas Peas, Shortenin' Bread, Amarillo Special, Texas Centennial Cake, Sky Juice.

Tom Ray Roberts, member of the Junior Class, served as toastmaster for the following program: "Hi Folks"—Cotton Picker (John Cogdell, Junior president. "Same to You"—Cowgirl (Geraldine) Carter, Senior president. Texas Songs—Cowhand (Doris) Oswald, with Mrs. W. M. Bralley as accompanist.

"The Eyes of Texas" (novelty piano arrangement)—Bronc-rider Bralley.

YOUNGEST SENIOR

Doris Oswald is the "baby" member of the Class of 1935. She became 16 years of age April 12, just one day after Oscar Nichols reached that age. Beulah Ivie is the third youngest in the class, having reached 16 on Feb. 26.

Last year four of the 1934 Seniors graduated at the age of 15. They were R. B. Cates, Mozelle Lilly, Bill Baker and Jeff Bell.

J. C. ROSS HAS FINE RECORD IN SPEAKING

J. C. Ross, sophomore, has achieved a remarkable speaking record during his school career. While in the first grade he did not compete in any speaking event, however, the following year, 1928, he won first place in the county for tiny-tot story telling, every year since then, 1929-30-31-32-33-34 and '35, he was first in the county declamation contest and in the five years that he has competed in the district meet at Childress, he has won first place four times. He won second place the first year he competed there.

J. C. is representing Crowell as the speaker in the "My Home Town" contest at the West Texas Chamber of Commerce convention in Plainview this week.

As a member of the Crowell High band, J. C. also does a good job in making the bass horn talk.

UNUSUAL STUDENT

Bettye B. McAdams, Junior, is one of Crowell's unique pupils. Bettye B. has attended school for ten years, but during that time, she has attended only two public schools and had a horror of these institutions, but she rode seven miles on horseback one year in order to attend Vivian school, and has attended Crowell High School for one year. Up to the time that she attended the Vivian school, she was taught by tutors, but she prefers public schools now since she has attended one.

Bettye very often helps with the round-ups and branding on her father's ranch. Since she can cook, she especially prefers ranch-cooked food, and her favorite dish is son-of-a-gun. Bettye does not care for cakes and prefers red beans and bacon at any time to delicately cooked food.

BONERS

H. K. Edwards: "An infantry is a place where babies are kept."

Glendon Reeder: "Vivisection is killing an animal while it is still alive."

Miss Ball: "What did Burns do for the rustic life?"

W. F. Statser: "Cleaned the rust off."

Chemistry Teacher: "How are matches made?"

Jim Gafford: "Matches are made in heaven. I don't know how."

Prudence Coffey: "Posthumous is sometimes written after the death of the author."

FOUR GRADUATES ATTEND MANY DIFFERENT SCHOOLS

Four graduates of 1935 have really "been about" in getting their education. Ed Jones has attended schools in the following eight cities: Vernon, Childress, Amherst, Sweetwater, Pueblo, Colo., Portland, Colo., Thalia and Crowell.

Frank Hofues has attended eleven different ward and high schools in Fort Worth, Dallas and Crowell.

Wanda Burks has attended school at Tcm Bean, Cedar Mills, Gambleville, Foard City, Claytonville, Antelope Flat and Crowell.

Vidella Miller has been in schools at Warren, Altus and Blair in Oklahoma, and Foard City and Crowell in Texas.

MRS. COBB'S CAFE

Mrs. Clyde Cobb operates a cafe across the street from the high school. She serves a balanced meal for fifteen cents. She employs George Owens and Oscar Nichols regularly and at times she employs other students.

INFORMATION POINTS

Freshman — From English. "Fresh," "raw," and "man;" though this last quality is not found in 1935.

Sophomore — From English "soft" and "more." Hence, "softer," than the other classes, especially about the head.

Junior — Origin unknown, but probably from "June," one who looks forward to June.

Senior — One who has seen, hence, an experienced and wise person.

Outline — From "out" and "line." An instrument of torture designed to bring out the lines of worry on every pupil's face. Devised by Mrs. Lanyon, Miss Ball, Mr. Black, and others.

Office — English "off" and "ice." A place where you get a reception as cold as a cucumber from the refrigerator.

Chemistry Lab — Commonly supposed to be a place where chemistry is studied, but "lab," according to Webster, means a great "talker." Hence, a chemistry lab is a gentleman who talks excessively about chemistry, and other things.

Margaret Girls Basketball Team

The Margaret High School girls basketball team, consistently one of the best in this section of Texas for a number of years, won 12 out of 16 games during the past season and scored 614 points to 349 for opponents. Those in the above picture are:

Bottom row, left to right—Nadine McCurley, Gladys Russell, Mrs. W. A. Smart, assistant coach, Eva Dale Morrison, and Alice Ruth Shaw. Top row—Juanita Boman, Aline Payne, Edna McCurley, Lucille Shaw and Faye Ingle.

Margaret Lee, daughter of the team's coaches, Mr. and Mrs. W. A. Smart, and Mascot of the team, is pictured with the ball.

JOKES

She: "Wouldn't you like to help the Old Ladies' Home?"

Pat: "Seems to me the old ladies ought to be able to get home by themselves."

Mrs. Lanyon: "Where is there a change in the atmosphere of this poem?"

Dick: "In the fourth part, where it begins to rain."

Walker: "How was the hunting?"

Coach: "Rotten. Every time I

aimed at a duck another one swam in the way and ruined the shot."

Jim: "Have you commenced to write your president's address?"

Ed: "Yes, I have five thousand words already."

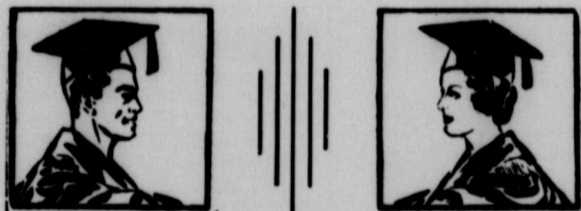

Jim: "Goodness."

Ed: "Yes, I've taken the first five thousand words from the dictionary. I'll arrange them later."

Doris: "Guess what the professor said about you the other day."

Lora: "I haven't the least idea."

Doris: "Oh, so he told you, too?"

Be Courageous

As you receive your diploma, it will mean that you have completed an important part of your education and it may also mean that the burden of your future and a part of the burden of the future of all of us will be on your shoulders. May you face it with a courageous heart and a determination to succeed.

Crowell Casts Win Many Dist. Championships

Under the direction of Mrs. I. T. Graves, Crowell High School has achieved one of the greatest one-act play records in Texas. During the six years that she has been in charge of the dramatic department, local casts have won five district one-act play championships and one State championship. By the narrow margin of one point, Crowell lost the district championship this year to Silverton.

The one-act play record of C. H. S. since Mrs. Graves became director follows:

1930—First in Dist. 4, third in region. "Two Crooks and A Lady." Cast—Lella Ben Allee, Evelyn Sloan, Ragsdale Lanier, Leoma Knox, Recie Womack, Ernest Patton.

1931—First in Dist. 4, second in region. "On Vengeance Height." Cast—Jim Lois Gafford, Ragsdale Lanier, Lella Ben Allee, Bill Middleton.

1932—First in Dist. 4. "The High Heart." Cast—Jim Lois Gafford, Recie Womack, Mitchell Allee, Leslie Thomas, Dan Hines Clark, Jo Griffith.

1933—First in Dist. 4, first in region, first in State. "The Severed Cord." Cast—Jim Lois Gafford, Crockett Fox, Mitchell Allee.

1934—First in Dist. 4. Lost by narrow margin to State champion, Pampa, at regional meet. "Stocking Money." Cast—Peggy Cooper, Florene Miller, R. B. Cates, George Owens.

1935—Second in Dist. 4. "Her Country." Cast—Peggy Cooper, Frank Hofues, F. L. Rennels.

Outstanding honors have been won during this time by Crowell players. Besides selections as the outstanding girl player in the district and region, Jim Lois Gafford was selected as Texas' outstanding girl player in 1933 and Crockett Fox won third in the State in the boys' division the same year. Ragsdale Lanier was chosen as the best boy player in the regional tournament in 1930. Mitchell Allee won the same honor in 1933. Several other local players have been named on all-district casts.

Fine Service Rendered Schools Here by PTA; Permanently Organized in 1920

The Crowell unit of the Texas Congress of Parents and Teachers was permanently organized in Crowell on Feb. 24, 1920, with Mrs. R. L. Kincaid, president; Mrs. B. W. Self, vice president, and Miss Una Self, secretary.

The seven objectives of the National Congress of Parents and Teachers have been the local objectives. They are—worthy home membership, sound health, mastery of the tools and technics and spirit of learning, vocational and economical effectiveness, faithful citizenship, the wise use of leisure and ethical character. The efficiency of the home and the school has thus been heightened in a spirit which has reflected the real meaning of the P. T. A. motto, "A Little Child Shall Lead."

Such stupendous programs as the purchase of stage scenery and a beautiful velour stage curtain for the High School auditorium, books for the school libraries and playground equipment each year, the feeding of undernourished children, and the pursuance of a health improvement campaign, have been realized.

For the year now closing, the following officers have served with the same loyalty and efficiency, Mrs. A. F. McMillan, president; Mrs. A. D. Campbell, vice president; Mrs. Tanner Billington, secretary, and Mrs. C. V. Allen, treasurer. Committee chairmen for the year are, Mrs. Hubert Brown, finance; Mrs. H. K. Edwards, hospitality; Mrs. L. A. Andrews, membership; Mrs. T. B. Klepper, publicity; Miss Thelma White, health; Mrs. Pete Bell, room sponsor; Mrs. R. R. Magee, publications; Mrs. A. F. Wright, mother-singers; Mrs. R. L. Kincaid, program.

For several years, the Crowell P. T. A. has attained the requirements of a standard unit and this year that standard has been maintained. The president and the officers, together with the various committee chairmen have accomplished many things, among them being a membership drive with 108 members resulting; the required number of subscriptions to the official magazine; a program with the observance of special days, as Thrift, Good Books, Founder's Day, movie study, the mothers being reminded of each meeting by special invitations, un-

tague, Throckmorton, Wichita, Wilbarger, Wise and Young. During the three years many things were accomplished in the district, under her leadership. In the summer of 1934 she attended the National P. T. A. convention in Des Moines, Iowa.

On numerous occasions, during the past school term, she has spoken at P. T. A. meetings throughout the district.

der the direction of the room-sponsor chairman, written by the children and sent by the teacher and a large number usually responded by attendance upon the meetings.

The finance chairman, Mrs. Hubert Brown, with a faithful committee, has been able to augment the treasury with \$297.37. Means of raising this amount were business men's banquets, a football banquet, Texas Ex-Students' banquet, a 42 tournament, the sale of soda pop and sponsoring a picture show. These funds were spent for playground equipment, books, cafeteria, framing pictures, a living room suite for the stage, in helping to paper the colored school building and for various other items.

In the early fall, a call came that the local C. W. A. children were in need of hot lunches. A prompt response was made by the P. T. A. and the result is that a cafeteria is in operation with hot lunches provided for needy children and furnished at a nominal cost to other children. The cafeteria is now self-supporting. It has been operated by Mrs. Stanley Sanders and Miss Maye Andrews.

The hospitality committee, under the chairmanship of Mrs. H. K. Edwards, sponsored a picnic for the faculty in the early fall, a Centennial dinner in March honoring the faculty, a covered dish luncheon March 19th, honoring the mothers of rural children, at which time the district president, Mrs. J. C. Murphree of Iowa Park was guest speaker. On other occasions has the hospitality committee functioned.

The health committee and Miss Thelma White, its chairman, secured the services of a State health nurse, who contacted the mothers of 39 pre-school children. Diphtheria anti-toxin was administered to 46 children. As a result of the work of the nurse and the health committee, five-point health certificates will be awarded to 42 children at a May Fete to be held on May 16.

A program was rendered over Radio Station KGKO at Wichita Falls with the mother-singers' chairman, Mrs. A. F. Wright, in charge.

Local President

Mrs. A. F. McMillan served as president of the Crowell Parent-Teacher Ass'n. during the 1934-35 school year.

G. A. Mitchell

Pictured above is G. A. Mitchell, who retired April 9 as tax assessor and collector for the Crowell Independent School district after nine years' service in this capacity. He was not an applicant for re-election, with the result that the board named L. A. Andrews to succeed him and to also serve as school board secretary.

In addition to the long service just completed, Mr. Mitchell was also identified with the local system from 1910 to 1915, serving four years as president of the board during that period. Crowell's first brick school building—the present grammar school structure, was completed during this time. During Mr. Mitchell's term as president, the location of the school was changed from the northwest part of town to its present location, property having been purchased there prior to the completion of the first brick building in 1912.

Mr. Mitchell is one of the pioneers of this section, having lived in what is now Foard County since 1890. He has held many responsible positions during his long residence here and has always discharged his duties in a very creditable manner. Mr. Mitchell has also been identified with scores of other activities that have aided in this section's advancement.

General rains over Foard County for the first half of May have amounted to nearly four inches at Crowell. The last rain, which started shortly after midnight Tuesday, had amounted to 1.55 inches before it stopped Wednesday morning.

Greater precipitation was reported from most other parts of the county, however, two inches was the maximum reported. It is estimated that this amount fell around Thalia. The rain measured 1.75 inches at John Ray's farm in the West Rayland community.

Crowell and Eldorado Play Double-Header in Next League Tilt

The Crowell baseball club will play a double-header Cotton Belt League game with Eldorado, Okla., Sunday afternoon. Two games are being played on account of a previous Eldorado-Crowell contest being rained out. The double-header program will begin promptly at 2:30 o'clock.

The Crowell club has been considerably strengthened since the addition of Gotchie Mints and Aubry Mason. The local club has won its last two games with Eldorado and Medicine Mound.

In winning Sunday's game, Crowell gave the league-leading Medicine Mound Dodgers their first defeat of the Cotton Belt season.

At present, the Crowell pitching looks the class of the league. Wm. Bell is doing his best hurling in years and is also leading the club in hitting. Skeet Rasberry's performance Sunday definitely indicated that he is getting back into his stride of two years ago, when he won fourteen out of eighteen games pitched.

Dink Russell and Charlie Drabek are coming along fine in the hurling group. All members of the club will likely see service in Sunday's double-header. Bell and Jimmie LaRue will likely be the starting batteries in the first game, and Rasberry and LaRue for the second, with Russell, Rasberry and Graves in reserve.

A large crowd is expected, since this is the first local double-header in a number of years and because many are expected to attend from Eldorado.

ACTIVITIES OF FOARD COUNTY CLUB WOMEN

When her work was complete the two papered a room for Miss Patton. All of the work was done in less than three weeks. An attractive combination bookcase and writing desk was made from an old folding bed by Mrs. S. E. Tate of the West Side Club. The old bed was of oak. Mrs. Tate declares this a very handy piece of furniture. Other home improvements have also been made. She has napered two rooms, and repainted all of the woodwork. The dining room of the home of Mrs. Roscoe Eubanks of the West Side Club has recently been "dressed up" for the summer. It has been newly papered and painted throughout. Two other rooms also have received new coats of paint.

Accessories can make or mar the appearance of any costume stated Mrs. Beverly. She stressed the importance of accessories matching each other as well as going nicely with the costume. To prepare the club members for the dress contest Miss Holman showed a number of different styles of belts, none of which fastened with the "ten cent slide." She also showed different ways to finish seams and said that the seam should be from three-eighths to one-half of an inch wide, and hems in skirts from two to three inches wide. The skirt should be made nine or ten inches from the floor. The West Side Club is trying to enter the dress contest one hundred per cent and appreciated the suggestions given by both Mrs. Beverly

"I foresee the time when industry shall no longer denude the forests which require generations to mature, nor use up the mines which were ages in making but shall draw its raw material largely from the annual produce of the fields... I am convinced that we shall be able to get out of yearly crops most of the basic materials which we now get from forest and mine." Henry Ford

THE map above tells only part of the story—the little-known story of the inter-relation of the Ford V-8 car and the farm.

The figures in the map are based on what will be used this year if the Ford Motor Company reaches its intended production of 1,000,000 cars and trucks.

WOOL goes into upholstery, floor coverings, lubricants and anti-rust preparations.

LEATHER goes into upholstery—and in addition, glues are made from cow hide, and from cow's milk... Other parts of cattle, through other processes, yield stearic acid, greases, glycerine (for shock absorbers and body enamel) and soap chips (used in washing machined parts and bodies before painting).

HOGS furnish lard oil, oleic acid and brush bristles.

GOAT'S HAIR (Mohair) goes into upholstery.

BEEWAX goes into electrical imbedding compounds.

COTTON goes into tires, batting, cloth, battery box, timing gears, brake linings and, not least important, into Safety Glass. (Every Ford V-8 car built this year will have Safety Glass in every window, at no extra cost to the car buyer... Cotton, in the form of cellulose acetate, is the central part between the two sheets of glass that make up every finished sheet of Safety Glass.)

CORN yields butyl alcohol (for enamel finishes and other purposes) and starch (for stiffening cotton linings).

LINSEED OIL is the basis for paint—is used in foundry cores—and is one of the ingredients of the beautiful, synthetic baked enamel finish on a Ford V-8.

SUGAR CANE yields molasses for solvents, anti-freeze and shock absorber fluids.

CASTOR OIL goes into lacquers and artificial leather suitable for rumble seats, where real leather would be damaged by exposure to the weather.

TUNG OIL is part of the top material used in Ford cars and is also used in brake linings.

TURPENTINE is used in paints, adhesives and solvents.

SOY BEANS are used in making cores for metal castings in our foundry and are also an important part of the baked enamel finish of a Ford V-8 and of the plastic knobs and buttons in the car's interior.

LUMBER is used for packing purposes. It is not used for any structural part of the Ford car, which has a welded, all-steel body, reinforced with steel, for maximum safety.

 The Foard County News force is extremely proud of this issue of the paper and thankful for the fine co-operative spirit shown by advertisers, school authorities and others who have so willingly assisted in any way in making the publication of this paper possible. We want to express again our sincere appreciation for this splendid co-operation.

THE FLIGHT OF THE CLIPPER
 April 16, 1935, is a date that will go down permanently in the annals of aviation and transportation history. It marks the first successful as well as practical transoceanic flight from a commercial standpoint.
 Captain Edwin C. Musick and five companion officers piloted the huge twenty-ton Pan-American Clipper plane on a course as straight as that of a homing pigeon, from San Francisco to Honolulu, a distance of about twenty-five hundred miles, in the record time of a little more than seventeen hours.
 In the past, ocean flights have been considered by a large majority of the public as spectacular stunts, indulged in only by dare-devils who figured the publicity was worth the risk. The only thing spectacular about the flight of the Clipper is the unspectacular way in which it was accomplished.
 The flight was carried out on schedule almost to the minute. And after nearly a day in the air, the crew stepped from the plane clean-shaven, dressed in blue uniforms without a wrinkle, and looking far fresher than many of those on hand to greet them. In the words of Captain Musick, "It was a regular routine job."
 According to press reports, the Pan-American Air Lines plans to inaugurate an air route to the Far East within the next few months. After witnessing such proof not only of the possibility, but of the feasibility of such an air route, one's mind is completely staggered with pictures of speed, comfort and safety with which it will soon be possible to travel to all parts of the world. Residents of San Francisco will week-end in Honolulu.

M. MOUND LOSES FIRST GAME TO CROWELL CLUB

The Crowell baseball team came from behind in the eighth frame to defeat Medicine Mound, pace setters in the Cotton Belt League, 9 to 6, Sunday at Medicine Mound.

The home nine was leading Crowell 6 to 3, but two errors by Maddox and two timely hits by Bell and Rushing pushed over 4 runs and gave Crowell a lead which the Doctors were unable to overcome.

The fielding of Sloan, Crowell shortstop, and H. Price, Medicine Mound third baseman, and the hitting of Bell were the outstanding features of the game.

This was the first defeat for Medicine Mound and the second victory for Crowell.

Bell blasted out a triple and 3 singles to carry off the Crowell batting honors and Hicks and Newell divided the Medicine Mound honors with two hits each.

Russell and Rasberry shared the pitching job for Crowell while Barlow and Garret labored on the mound for the Doctors.

Int. League Lowers Age Limit 2 Years

A significant change has been made in the rules of the Texas Interscholastic League, following the recommendation of the State meeting of delegates recently. The State executive committee has adopted the 18-year-old age rule to become effective Sept. 1, 1936, in all contests, athletic, literary, artistic and commercial.

This rule will lower the present age limit by two years and in 1936 any athlete, literary or commercial contestant who is 18 before Sept. 1 will be ineligible for Interscholastic League competition.

Rid Yourself of Kidney Poisons

Do you suffer burning, scanty or too frequent urination; backache, headache, dizziness, swollen feet and ankles? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly, for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

SUNDAY SCHOOL LESSON
by Charles E. Dunn
Lesson for May 19, Acts 8:26-39. Baptism. Golden Text: Matt. 28:19. The first point to bear in mind about baptism is that it is a sacrament, a word derived from the Latin "sacramentum," meaning "oath." Baptism is therefore an oath or pledge of allegiance. When an adult is baptized he registers his personal dedication to Christ and the Christian Church. When an infant is presented for baptism his parents record this dedication for him, with the full expectation that the child himself will ratify it when he reaches the age of discretion. Secondly, baptism signifies entrance into the Church. It is the rite of initiation into the Beloved Community. When an adult receives baptism he at once, by this symbolic act, enrolls himself as a full member of the Christian Society. When a little child is christened through the placing of water on its head, it is immediately taken under the care of the Church. Now there are many who feel that little ones should not be baptized, but only those old enough to understand the meaning of the sacrament. The various Baptist Churches hold this view. There is something to be said for this position. On the other hand it is plain that we do not act this way with respect to either the family or the nation. We do not wait until the child is grown up before acknowledging him as a full member of the family. Nor do we wait until manhood before he is

recognized as a citizen. Even though the child is neither a breadwinner nor a voter, yet he is, by right of birth, a precious, integral part of both the family and the nation. Even so, every baby enjoys, as a spiritual birthright, the privileges of membership in God's family. Infant baptism is the recognition that the child, as well as the parent, is heir to the covenantal mercies of God dispensed through His Church.

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 19. The Golden Text is: "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:28). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Because we are sons, God hath sent forth the Spirit of his Son into your hearts, crying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (Galatians 4:6, 7). The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is more than a material form with a mind inside, which must escape from its environments in order to be immortal. Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is co-existent and co-eternal with that Mind" (pages 258, 336.)

SLUMBERING GOLD

by Aubrey Boyd

fourteenth installment

SYNOPSIS: Strange partners were Speed Malone, hard-riding gambler; Ed Maitland, young Englishman, son of seafaring father; and Pete, a young man who met on their trip to the Yukon gold fields in the pursuit of lost fortunes. Malone evading the law in the gold camps, Frenchy, the fisherman who took the two north; Lucky Rose, the beautiful girl who gave Maitland a job as a keesake; Fallon, trail boss for the miners and resentful of the attentions to Maitland; an old-time prospector; Garret, who gave Maitland and Speed a horse and horses when he quit trail; Pete and his drunken partner Owens, drowned on the way; these were among the characters of gold seekers. After a hard north, with many hazards—Speed killed a man at Skagway, the manager of a shell game was out to get Speed—the two men made camp for the winter near Bennett, where the Mounties held sway. Drew, a strange legend about a Siwash who left tracks in the snow—his new man Cathers was specially interested in it. The two partners were forced to have a half-starved deer while they were eating from a deer Speed had shot. A little later a man came to the storm to them—the apparition of the Mounties' dog, they decided—and took their deer. While Speed had Skagway with mail for the day, Maitland found a half-figure in a storm, and discovered it to be Pete, who turned out to be a girl disguised as a man. When he got back to Skagway, he was arrested on a charge of being in a jail break. Fallon, Speed and is trying to get him when Maitland and Pete

black neck, holding the pinto's head and riding both horses as one. They flashed through the chequered street lights and vanished in a drumming of hooves. Speed checked his own rearing mount, wheeled it sidelong on its hind legs, to block any threat of pursuit. Then, with a measured glance at the crowd, he tossed the sputtering explosive down the center of the street into trampled vacant snow.

Almost as it struck, the camp was rocked by a thundering detonation. The bronco gave a bound like a stag's and tore after its team mate, stung to a soaring gallop by the rocketing blasts of Speed's gun on either side.

Rusty was shifting nervously. His nose, searching the inshore shadows, had a more constant direction. It kept pointing downstream. Rusty was watching and scenting along the bank for some remembered place which old habit had printed deep in his dog memory.

"By the Great Dog Star!" Maitland exclaimed. "The dog's your map."

"It's what I'm bankin' on," Speed said. "Dogs get attached to places. The pull of a hangout they are used to lasts longer than their fear of a man they don't like. Specially Siwash dogs. We could

"Back away from him, you bastards, and stay clear," said Speed.

maybe have landed anywhere around the Stewart and followed Rusty to Dalton's camp by his own route."

Pete had fallen asleep with her head on the meal sack. She had seemed to feel a peculiar uneasiness about the outcome of their journey, which deepened and darkened Maitland's sense of Dalton's mystery.

The mouth of the creek which the dog led them to choose was so screened with brush that in the dark they might easily have passed it unnoticed.

Speed hitched a line from the prow of the boat to the malamute and allowed it to run along the shore. Delighted to be afoot again, Rusty started upstream, drawing the boat with him. All they had to do was use an oar occasionally to clear a rock or shoal.

The dog had come to a bend in the creek. The canyon was narrowing, and it was plain that they were reaching the limit of the boat's draught.

They now looked around for a covered mooring place.

With strange providence, it was Rusty again who found the place to cache the boat. He halted at the foot of a mountain ravine, down which a thick growth of brush fell into the creek. Between the outer fringe of vegetation and the bank, a concealed tunnel flowed under the brush. The space would have been large enough for two canoes, and it neatly harbored their boat when they had unmoored it.

This discovery did not look like accident. The place appeared to have been used before. It was possible that they were picking up a hidden trail, which others had searched for and puzzled over through a whole winter. Their interest in what they were about to do was taking on a tense precision.

"I've said the magic was simple," observed Speed. "Now we're goin' to see whether it's true."

The dog scrambled up the cleft of the ravine under tangled brush. Their range of view was painfully restricted, and they knew how invisible Dalton's trail could be.

At the head of the ravine they emerged on a blind, steep-walled gulch.

Here Rusty stopped and looked at them expectantly as if it were now their move.

"Doggone," Speed muttered, and frowned at the blasted pine which Rusty seemed to have regarded with a little more intention than the stone. The dead tree spread its limbs close to the cliff; its high branches almost one of the rock face.

Uncoiling a rope from his belt, Speed made a careful throw at the pine limb—and tightening the rope on it securely, hauled himself up the trunk. He climbed till he reached the limb that touched the wall, crawled out on it to the end, and dropped to a ledge. There he gave a shout of discovery.

His partner swung up the rope and had left dangling, stepped out along the high limb, and joined

him.

Above the ledge there was a fault in the cliff, a fissure with broken steps that offered an ascent to the summit. It seemed to be one trail to entry into Dalton's secret range; there might be others. They hoisted the dog and the packs with the rope and then hauled Pete up.

From the cliff summit Rusty kept climbing into a high, wild country near timber line, with a certainty that confirmed Speed's guess, and over a trail that grew more and more rugged. The snow was still free of footmarks.

Rusty's climb ended at the head of a snow-toughed, rocky gulch. Where the gulch broke away, Rusty stepped to a ledge hardly wider than a sled track, and went around the cliff face, and came out on a widening step of the mountain. A rough log cabin was perched on this sloping rocky platform. From the brink of the mountain step, Maitland looked down into a yawning chasm. He shivered to think of the odds that might favor a desperate man at bay in this stronghold.

Though the cabin seemed deserted, Speed motioned them to keep back, while he carefully approached the door. His knock echoed in the hollow chasm. The door yielded stiffly to his pressure. From the threshold he nodded to the others.

Not only was the interior unoccupied, but it evidently had not been in recent use. The walls were cumbered with trophies and tools; some of rather crude make; traps, dog harnesses, snowshoes and canoe paddles. Opening the stove, Speed found wood laid in it, ready for lighting. He touched it with a match.

"Ain't got back from up the river yet," he said. His voice had a deliberately casual tone, as if he were trying to make light of a dark sign. "Anyhow, let's eat."

Pete removed a gun stock and a half-mended snowshoe from the table, and had lifted the cover to shake it, when he paused to look more closely at the table top.

The table boards were made of split logs with the hewn side up, and leveled off with some care. But this smooth wooden surface was discolored, tattooed and smeared with a maze of marks and drawings that almost hid the grain. The drawings had been made with lead, ink, spilled coffee, whisky, lamp-soot—almost anything, apparently.

The drawings were similar in subject but greatly varied in detail. They seemed to represent a gulch with a stream running through it, and with the ruins of an Indian settlement at one end, denoted by the scrawled words, "Siwash igloos," or "Siwash ruin." A figure like a pick was posed experimentally at different points in the gulches.

"These all seem to be pictures of the same gulch," Speed said. "The gulch where he found the gold, is it?"

He studied the table until burning pans called him back to the stove. When he served the rashers and hot bread, they sat down to supper with fifty confused pictures of Dalton's gold prospect staring up at them from the table top.

"Must have been almighty puzzled some time about where that gulch was," said Speed.

"I think he found it once, and then couldn't track it," Pete said vaguely.

Maitland noticed the veiled question in Speed's look at her. "Did Bill tell you that?" he asked.

"No," Pete's answer seemed reluctant.

"Maybe the igloos are a symbol of something else," Maitland ventured.

"Then why are they drawn so clear," Speed said doubtfully. He gave the thought a more mystical turn. "You'd think some jimx was ridin' Dalton. His hidin' from everyone because of the gold, and the gold hidin' from him."

Knowing the gambler's vein of superstition, Maitland was not altogether astonished to hear him ask her, "That strange figger you see, Pete, didn't maybe give you a whisper about Dalton's reasons for keepin' his trail so dark?"

Pete was visibly disturbed by the question. She parted her lips as if to answer; then changed her mind and shook her head.

They did not speak for a while, but sat pondering in the gloom over empty plates. Rolling and lighting a cigarette, Speed said, "Anyway, it's a quiet place to wait in. If we wait long enough, something or other is pretty liable to show."

The night passed uneventfully. During the next day, they found a distraction in exploring the single approach to the cabin, and examining the traps and tools that lay in open view. Speed spent some hours puzzling over the table drawings. They left the chest by the wall untouched.

Mothers' Day Tea by Alpha Adelpian Junior Club May 8

One of the outstanding social events of the season was the Mothers' Day tea given by the Alpha Junior Adelpian Club on Wednesday afternoon at the home of Miss Frankie Kirkpatrick, the assistant sponsor of the club. The tea was in honor of the mothers of the members and of the Senior Adelpian Club.

The house was decorated throughout with roses. The dining room was particularly attractive with a beautiful Italian lace cloth and centered with red roses. Red tapers burned in silver candlesticks and combined with gleaming silver and dainty refreshments served by the attractive young ladies, the effect was most pleasing.

The receiving line was composed of the officers of the club, Misses Josephine Griffith, Mary Lou Fudge and Doris Oswald.

Miss Geraldine Carter, program chairman, welcomed the guests in an appropriate talk in which she expressed appreciation to the mothers and also to the mother club for their co-operation. Special

numbers on the program were rendered by Misses Peggy Thompson, Mary Lou Fudge, Ruth Burns, Geraldine Carter and Josephine Griffith. A chorus composed of the members of the club and conducted by their sponsor, Mrs. Geo. Self, gave several selections. The house party included all of the eighteen members of the club.

This occasion served as evidence to those in attendance that Junior clubs are an asset to their communities and that they provide splendid training for their members as well as entertainment.

Plans Complete for Federation Meeting

The garden program of the County Federation will be given next Thursday, May 28, in the district court room. The program will begin at 10:30 a. m. and a covered dish luncheon will be served at noon. Every woman in Foard County, whether she is a member of any club or not, is invited to attend this meeting. A dish of food, a plate, glass, fork and spoon will be brought by each one and the Adelpian and Columbian Clubs will be hostesses and will attend to the details of the meal service.

Since Foard County has had good rains, this program will be of more than ordinary interest to the women. Mrs. Oscar Boman, the leader, has planned a splendid program which includes the features necessary to the planning and making of a garden.

The program includes music by the High School Orchestra; Block-planting and Preparation of Soil, Mrs. Oscar Boman; Plants and Arrangement, Mrs. Gus Hooks; Perpetual Bloom in the Garden and Bouquet Arrangement, Mrs. B. W. Self; Rural Gardening, Miss Myrna Holman; Southern Homes and Gardening, Mrs. John Ray; Report of State Garden Club, Mrs. N. J. Roberts; A Tour of Gardens; a Floral Tea in the garden of Mrs. B. W. Self with a program there consisting of a violin solo, Mrs. Alva Spencer; Song, "Old Fashioned Garden," Mrs. Adolphus Wright; "The Living Flowers," Mrs. I. T. Graves.

Anyone who has plants and seeds for exchange will bring them at this time. Invitations to see special features of gardens will be appreciated. It is to the interest of every woman to attend this meeting.

Columbian Club Honors Mothers

The hostesses were Mrs. Spencer, Mrs. M. N. Kenner, Mrs. Grady Graves, Mrs. D. R. Magee and Mrs. W. R. Womack.

The home was tastefully decorated with cut flowers of the season, with red roses predominating. Mrs. Arnold Rucker played a medley of old favorite songs as the opening number of the program. The entire club membership then sang "Let Me Call You Sweetheart." Mrs. John Ray gave a beautiful tribute to mothers, Theda LaVerne Wright, in colonial costume, read "Memory Maiden." This was followed by a skit entitled "In Grandma's Time," given by Frances Henry Johnson, Caille Graves and Wanda B. Cobb, with Mrs. Rucker, accompanying.

Mrs. A. F. Wright beautifully rendered two vocal numbers "Stay in Your Own Back Yard" and "Old Faithful." Mrs. Rucker accompanied her, also. "The Patchwork Quilt," a reminiscence reading, was given by Miss Louise Ball. Everyone joined in singing "Blest Be the Tie" as a concluding number.

The hostesses served brick ice cream, lemon cake and punch, emphasizing a color scheme of yellow and white.

This-That, Etc.

By Typo Wrighter

After the publication of last year's school edition, the following comment was made in this column one year ago: "Next year we would like to have not only the pictures of the Seniors, but group pictures of the other classes also."

That dream of one year ago has been realized and in addition many other pictures have also been added, as one may readily see in glancing over the 24-page tabloid edition inserted with this issue.

According to last year's plans, and the one we expect to use in future years, The News had the Senior individual pictures and engravings made without the cost of a penny to a Senior. The other classes raised enough to take care of the expense of their group pictures. Faculty members, trustees and a few others with individual cuts took care of the cost of these cuts.

However, numerous other pictures of deserving groups were wanted in order to give a complete representation of "the best"

games and stunts, supervised by Miss Mattie Jordan of Vernon. The prize in the animal model-making contest was won by J. F. Matthews. The hostess, assisted by Mrs. Clyde Bray and Mrs. Frank Matthews, served delicious ice cream and cake to the class.

JUNIOR COLUMBIAN CLUB

The Junior Columbian Club met at the home of Miss Eloise Saunders Wednesday afternoon. Misses Barbara Cryer, Thelma White and Eloise Saunders were joint hostesses.

The roll call was answered with a prospective trip for a summer vacation.

After the roll call quite a lengthy business discussion ensued. This will be the last meeting of the club until fall. The present officers were re-established for the fall term.

Mrs. P. D. Moseley was leader for the afternoon. Miss Zell Saunders gave a review of the book, "Time Out for Adventure," by Ramsey. Miss Eloise Saunders contributed some interesting facts concerning the marriages, sacred wells, and bull fights of Old Mexico.

A refreshment plate was served to the club members.

MOTHERS ENTERTAINED

The Co-Laborers' Class of the Methodist Church delightfully entertained a large number of ladies at the church last Thursday afternoon with a special Mothers' Day program and social.

Mrs. Eli Smith was program leader and opened the program with a splendid talk on Mothers. Mrs. A. F. Wright sang "Dreams of Mother." She was accompanied by Mrs. Paul Shirley. Mary Frances Bruce gave an appropriate reading and her number was followed by a duet, "Mother March," by Mrs. C. W. Thompson and Mrs. T. B. Klepper. They also were accompanied by Mrs. Shirley. "Mothers' Day" was read by Joyce White and the final number was "The Mothers of the Bible" given by Mrs. Sewell Roy.

Following the program, an enjoyable social hour was held, during which cake and punch were served to about 100 guests. The hostesses on this occasion were Mesdames Jeff Bruce, Brown Franklin, Adrian Thompson, Sam Mills, Allen Sanders, Gordon Cooper and Bob Bell.

2ND BIRTHDAY CELEBRATION

The second birthday of little Jimmie Tom Cates was celebrated last Friday afternoon with a party given by his mother, Mrs. Jim Cates. Billie and Juanita Brown assisted Mrs. Cates in entertaining and

in the local school system and the only feasible method seemed to be that of having these pictures and engravings made at our own expense with the hope that local business firms and individuals would support the cause through the use of advertising space.

Our confidence in this respect was not misplaced, as one can see in looking over the edition, for those in business here responded almost one hundred per cent and to them must go the real credit for any success this edition can claim.

Having had past experience with high school annuals, we do not hesitate to state that our tabloid edition has nearly twice as much actual reading matter and school information as does the average high school annual, and incidentally high school annuals have become exceptionally scarce in recent years.

To put out a half-way decent annual costs over one thousand dollars with the result that they must be sold at around \$2.50 to \$3.00 each and a very high rate for advertising to a limited circulation must be charged to make ends meet.

Through the tabloid plan used this year, every subscriber has received a "substitute annual" and advertisers have spread good-will messages to thousands of readers at medium cost. Even with this plan, which eliminates costly leather backs, snapshots of students arm in arm, etc., yet there has been plenty of heavy expense, which means that the edition will not go down in history as an outstanding money-maker for the publishers.

However, we have no regrets in having attempted this particular project and even though the returns have hardly justified the expense and great amount of extra effort put forth for the past few weeks, yet we have more than broken even financially and the scores of extra hours put forth have not been so burdensome as they might have been had it not been for knowledge that a real service was being rendered to the local school system and all interested in it.

But the true test of whether or not our efforts have been worthwhile depends on how you like the edition. If it is really considered worthwhile, according to this test, then we may attempt a better edition than ever next year.

Rain Fools Us

Feeling that there was little chance for rain to cause postponement of a certain event, the front page of the high school edition was published a few days ahead of the

servicing the little folks.

The birthday cake with tiny pink candles was the center of attraction in the dining room and was served with punch and cookies to the following: Katherine Smith, Avalon Jone Smith, David Fox, Rosemary Cates, Ramona Cates, Ruth Katherine Cates, Jimmie Claude Cates, George Cates, Jr., Billie Bell, Roy Joe Cates, Billie Brown, Juanita Brown, Mrs. Ruby Bagley and the children's mothers were also present. Many nice birthday gifts were received by Jimmie Tom.

MOTHERS' DAY ENJOYED AT A. F. CANNON HOME

A delightful Mothers' Day was enjoyed Sunday at the home of Mr. and Mrs. A. F. Cannon. Those present to enjoy the fellowship of the day and the dinner at noon were: Mrs. and Mrs. Harvey Cannon of Fort Worth; Mrs. A. L. Tyson and daughter, Patricia Jane, of Fort Worth; Mr. and Mrs. Oran Goodnight and two daughters of Quanah; Mrs. Clyde Cannon and daughter, Marie, of Gainesville; Mr. and Mrs. O. N. Baker and children, Addie Lorene, Johnnie and Lowell, of Foard City.

MOSELEY-COOPER

The following article, concerning Rolland Moseley, a former resident of Crowell, appeared in the Chattanooga Times: "LA FAYETTE, Ga., May 3.—The marriage of Miss Edna Cooper and Roland Moseley, of La Fayette, was solemnized on Sunday morning, April 21, at the Burning Bush Baptist church, with the Rev. W. E. Broome, officiating.

The bride is the daughter of A. A. Cooper, of Greenville, S. C., but has resided here for the past few years with her aunt, Mrs. G. B. Ransom. Mr. Moseley is the son of Mrs. K. C. Moseley, of La Fayette. Mr. and Mrs. Moseley are at home with the groom's mother in West La Fayette.

The Beverly Shop Smart Women's Wear

I will be away from Crowell for the next few weeks, but my business will remain open with Mrs. P. P. Cooper in charge and the same standard of service will be rendered.

I shall appreciate a continuation of the liberal patronage you have shown me and will be ready to serve you upon my return.

Sincerely,
MRS. J. R. BEVERLY.

Died Tuesday

The death of Mrs. Phoebe Warner of Claude early Tuesday night came as a shock to her family. She was 72 years of age. Mrs. Warner was one of the most prominent women and visited here on numerous occasions. Her last visit to Crowell was on March 17 of this year. The deceased was known as a poet laureate of the Panhandle. She was very active in the work of the National Federation of Women's Clubs and was candidate for the office of Congresswoman large a few years ago.

wrong with such a plan now is the present capacity of Crowell Stadium couldn't take care of the third of those who would be going to buy tickets for the game. Of course, Crowell citizens will be willing to import special and police protection to look after the town during the absence of its regular citizens at that time.

Another Poultry Freak

A hen on the Bruce Beck farm in the Vivian community decided to get real artistic last week and make the publicized effort a few others recently seem to be teetering in comparison. In a covering slightly more than a square inch on the shell of an egg laid by this hen is a perfect picture of a spider web. The picture was brought in by Mr. Beck last Saturday with others that were set at the Fox Hatchery. He is now anxiously awaiting hatching time to see what the unusual egg may bring.

publication date, since such a step was absolutely necessary in getting out the edition. As a result the article about the seventh graders reads that they have already received their diplomas in connection with the outdoor May fete on Wednesday. Old Jupiter Plusius probably resented such a bold statement without giving him consideration. Anyway, he really tore loose Wednesday morning and caused postponement of the event. If we had anything to do with bringing that rain, then we won't mind being made out a liar so much.

"West Texas Spring" is the name of the May fete. We knew that a sandstorm couldn't stop it. Feeling that the rain we received two weeks ago was Foard's allotment for the next six months, we naturally felt that the last obstacle was removed that would prevent that seventh grade article from turning out to be other than the actual truth. Nevertheless, it was a mighty nice rain.

Todd Picks A. & M.

"The world may now return to its normal pursuits," Dick Todd, the wonder boy of Northwest Texas football, has announced his intention of enrolling in Texas A. & M. College next September. "I commented Al Parker in his column, 'The Lookout,' in Tuesday's issue of the Wichita Daily Times. He also added the following: 'In Todd's announcement one of the burning questions of the day has been answered and scouts of colleges ranging all the way from Miami to Seattle can turn their thoughts to new objectives. Todd was the most widely sought high school griddle this section of the state has ever known. He undoubtedly could have gone to school in any section of the land. We believe he is wise in remaining near home, in choosing a college in his own state.'

The Wichita Falls Record News of Tuesday morning greeted the announcement with a headline clear across the sport page.

Because of the love that people in every town of this section have for Todd, all are proud to refer to him as the "citizen of Northwest Texas." And now that Wichita Falls is making excellent progress in securing at least one big university game each year for that city, what team could interest more Northwest Texans in 1936 than the Texas Aggies, plus Dick Todd?

Just to get the proposition started, we nominate Oklahoma U. for the opponent. The only thing
