41 Years' Experience behind each DUNLOP

WHEN you buy Dunlop Tires you buy all the world's greatest tire-building experience can give you! Dunlop founded the pneumatic tire industry—more than 41 years ago.

Dunlop has pioneered many major tire improvements. Dunlop was first to develop the straight-side tire—first to own its own rubber plantations—first to weave all its own requirements of cord fabric. Dunlop Tires are better—so much better they will stand even severe abuse.

DUNLOP
Built to stand abuse

With so vast an investment to protect, it is only natural that Dunlop should take extra care in building tires. Special long-staple cotton all the way from Egypt... woven in Dunlop's own mills into special "cable twist" cord fabric... resilient, enduring tread rubber, the product of the toughest compound known... make Dunlops so sturdy that they can stand the most punishing treatment. No matter how you use your car... over concrete highways or thru the dirt roads of back country, Dunlops stand the gaff. Come in and look at Dunlop Tires... see their extra value for yourself.

Texas Highway Patrol Applications Ready

According to information received from the State Highway Department application forms are ready for those interested in positions in Texas Highway Patrol. The blanks may be obtained by writing to State Highway Department. The age limits are from 21 to 40.

It is not necessary or desirable for applicants to come to Austin to apply in person or to have anyone intercede in their behalf. The application forms give complete information and examinations will be held some time later at the eighteen division headquarters over Texas.

HELPING TO BUILD TEXAS

With fuel a prime necessity in practically all industries, the development of Zavala County is expected to be accelerated by the development of apparently tremendous possibilities in gas producing.

The Hilton Hotel Co. is to erect an 11-story, 110-room hotel at Marlin, central Texas hot well resort.

Carbon black manufacture is a growing industry in Texas. An application recently filed was for permit to install a plant with a capacity of 1,000,000 cubic feet of gas daily.

The Texas Cresosoting Co. of Orange has paid \$500,000 for the Houston Wood Preserving Co. plant at Houston and will continue the operation of both plants.

Natalia, 30 miles from San Antonio, is to have a canning plant with 10,000 cans daily capacity, and it is expected to have it in operation by the time winter crops mature.

Texas products—from farm, ranch, mine and forest—in 1929 are expected to total \$2,000,000,000 with agriculture, on present prospects, counted to produce half of it.

In the period from 1849 to 1929—79 crop years—Texas has produced 354,255,204 bales of cotton, according to Stuart McGregor, editor of the Dallas News Texas Almanac.

Also its development is comparatively new, Texas is fourth in the production of gypsum with total sales value of \$3,094,145 last year.

Wichita Falls Carpenter Praises Orgatone

"I Was Unable To Work At Times And Could Not Lie Down Nor Couldn't Rest"

"Orgatone is certainly a wonderful medicine and I want to tell everyone what it has done for me," says J. D. Maloney, residing at Wichita Falls, Texas.

after the first few doses. I am glad to recommend it to my fellow sufferers, who are troubled like I was, for it does what they say it will."

THE TANGLE OF LIFE

A Chicago scientist says that the child born of older parents has a better chance of attaining distinction in the world than one born of young parents.

He asserts that his investigations covering a period of almost 50 years shows many great men were born when their parents were well along in years and that most of the morons had young fathers and mothers at birth.

But is it an infallible rule? For every instance that he has cited, another one could probably be found that would disprove the theory.

While parentage doubtless counts, there is no hard and fixed rule by which the future of boys and girls can be estimated.

There are poor boys whose parental influence was valueless and who when they became great, forgot the struggles, the sorrows and the problems of the poor.

And there are rich boys who would be expected to inherit their riches a kind of contempt for the poor—not bitter, yet sneering or at least

patronizing, but who become great public benefactors.

To carry the contrast further—some preachers' sons become drunkards and prodigals and some drunkards' sons become preachers.

Thus it goes. And what does it all prove? Nothing much perhaps except the tangle of life and the uncertainty of all rules.

Hereford's Farmers Creamery distributes \$500.00 every day to the farmers in the Hereford trade territory. The money is given out in amounts ranging from \$3.00 to \$25 for cream.

Geo. W. Backus Is Senate Candidate

George W. Backus, Vernon business man and prominent in Odd Fellow work of the state, announced his candidacy for the state senate last week. Mr. Backus made the formal announcement and stated that he would come out at the proper time with his platform.

Mr. Backus is a past grand master of Texas Odd Fellows. He is well known in Crowell, having taken an active part in lodge work in this section. He is also chiefly responsible for the organization of the Crowell Rotary Club, and headed a committee from the Vernon Rotary Club in this matter.

Program From Radio Truck Given Tuesday

Hundreds of Crowell people listened to an entertaining program Tuesday night from the radio truck operated by the Pierce Petroleum Corporation out of Dallas.

A large number of automobiles gathered about the Quick Service Station where the truck was placed and the invisible audience must have been as great as the one around the station for the program could be heard over most of the town.

F. J. Riley of Dallas was in charge of the program which consisted of phonograph numbers, radio programs and selections by local talent. Roscoe Brown, Clyde Hollingsworth and Red Carroll entertained with guitar and mandolin numbers and Clark Rennels was called upon by the announcer to recite "Little Jack Horner."

The truck has about five loud speakers pointing in various directions on the roof. It contains a great array of radio equipment and a phonograph. A microphone that is just like the ones used in the largest broadcasting stations is used by the announcer and speakers.

Mr. Riley stated that he was on his way to Memphis for a big picnic. He said that the Pierce Petroleum Corporation used the device as a good-will proposition, taking it from town to town and especially to fairs, picnics and other gatherings.

Relative of Local People Buried Tues.

M. M. Hart, Jr., Mr. and Mrs. S. P. McLaughlin and Mrs. Claude McLaughlin attended the funeral services held Tuesday in Aspermont for Glen Hart, who died as a result of injuries received in a car wreck. He was the son of Mrs. J. W. Hart, who with her husband, who was known as "Toke" Hart, lived in Foard County from 1892 to 1900. S. P. McLaughlin was an uncle of the youth and M. M. Hart, Jr., a cousin.

Glen Hart, 23, died Monday night after receiving injuries when a car in which he was riding was wrecked between Aspermont and Rotan. His skull was fractured and he never regained consciousness after the accident. He and four companions were in the car which struck a bridge, tearing off the banisters on one side. The car was badly wrecked and then caught fire. Three others were injured in the wreck.

Methodist Revival at Margaret in Progress

The revival that started at the Methodist Church at Margaret last Friday is making splendid progress with good attendance each night and a number of new additions.

Rev. Jim Watson, pastor of the Methodist Church at Quanah, is conducting the revival and has delivered a number of wonderful messages. Rev. O. B. Annis, pastor of the Margaret Methodist Church, stated that the public is cordially invited to attend the remaining services.

The revival will come to a close Sunday night.

Legion to Decide on Celebration Sept. 13

At the meeting of the American Legion held last Friday night for the purpose of determining whether an Armistice Day celebration would be sponsored by that organization, the matter was postponed to a meeting that is to be held Friday, September 13th.

The matter was postponed to see whether better conditions would develop and in case a good rain fell soon it was thought that a celebration for November 11th would be worked out.

LAND BANK MEN HERE

E. H. Ramey of Wichita Falls, appraiser for the Federal Land Bank of Houston, and Mr. McAnally of Houston, reviewing appraiser for that institution, were Crowell visitors this week.

They held a conference with J. C. Thompson, secretary-treasurer of the local farm loan association of the Federal Land Bank, who also showed them over the county. They expressed satisfaction with the loans that have been made here.

NEW JAILER

Uncle Ben Meason is now acting as jailer since the resignation of Flem Hays who has been jailer for a number of years. Mr. Hays has gone to points in Oklahoma and Texas to visit relatives.

C. T. Spangler Makes Statement to People of Foard County

In coming to Crowell to take up the writing of mutual insurance, we do so with a feeling that it will be beneficial, not only to the individual with a policy—but to the community at large and the home town in particular.

The object of the Foard County Mutual Aid Association is to furnish home people with life protection at ACTUAL COST. No big annual premiums nor high salaried officers—only collecting enough to pay its benefits plus a small operating expense. A mutual home affair in which all the money is kept at home and thus in line with "Buy it at Home," and "Texans Lets Talk Texas," advertising now being done all over the country.

When properly understood, we believe and are confident of its success, as is the case in many towns over the state and nation, Texas alone having approximately 200,000 people carrying this form of insurance.

Let Crowell and Foard County people co-operate in the building of a good Mutual Aid Association and they will have no regrets in having done so, but on the other hand will reap the benefits to be derived therefrom as so many other towns are now doing, no larger nor better than ours. I am here to launch a campaign to that end.

FOARD COUNTY MUTUAL AID ASSOCIATION.
By C. T. SPANGLER, Sec.-Treas. (Adv.) 11

Bigger Cream Checks When You Use a New DeLaval Separator

IN more than 1000 public tests, in which De Laval Separators "skimmed the skim-milk" from some separator in use in each community, held during the past two years in various parts of the country, De Laval Separators never failed to recover some butter-fat from the skim-milk.

The average yearly loss of butter-fat from these separators, as proved by the amount of butter-fat recovered from their skim-milk when run through a new De Laval, was \$78.80. That is a lot of money to lose because of a poor separator, and there are hundreds of thousands of separators now in use which are losing as much or more.

Is your separator wasting money for you? A good way to find out is to try a new De Laval—it usually brings bigger cream checks.

Two complete lines—the De Laval "Golden" Series and the De Laval "Utility" Series, among which will be found one that will suit your needs and purse. Call on us.

Mrs. I. E. Huffaker of Denton came in Wednesday to visit her parents, Mr. and Mrs. G. W. Wallen, and other relatives and friends. Mrs. Huffaker is a former resident of this county.

Miss Emma Freeman of Slidell, Texas, has been visiting her sister, Miss Virginia Freeman, this week. She stopped here while on her way to Lovington, New Mexico, where she will teach school.

Ritchey Newton has returned to his home at Marietta, Okla., after a visit of several weeks in the home of Mr. and Mrs. T. B. Klepper. He was accompanied to Wichita Falls by Mr. and Mrs. Klepper and Billie Newton and J. W. Klepper and was met there by his father, B. C. Newton, and friend, W. G. Davis.

Mr. and Mrs. Ab Dunn and Mrs. Melvin Moore returned Monday from a vacation trip to Colorado and New Mexico. They reported watching the construction of the world's highest bridge that is being constructed over the Royal Gorge in Colorado. This bridge will be one-half mile above the waters of the Arkansas River.

Mrs. Vinetta Hutchinson and two sons of Nash, Texas, and a daughter, Mrs. Tom Ratcliff, of Texarkana, Texas, and her three children who have been the guests of Mrs. G. A. Rogers for the past ten days have returned to their homes. In this gathering four generations were represented: Mrs. Rogers, Mrs. Hutchinson, Mrs. Ratcliff and her child.

J. B. Morrow, pioneer settler of Foard County, was here Sunday visiting J. H. Self and family. Mr. Morrow left this county 39 years ago and this is his first time to return. During the time he lived here he carried the mail from Old Margaret to Benjamin. Mr. Morrow's wife died recently and he is going to Quanah to live with his daughter, Mrs. Dug Dunham, the Dunham family also being pioneer residents of this county.

The best buy is Kirschbaum all wool suits two pair pants for \$35.00.—Self's.

Miss Mary Sam Crews left Thursday for Houston where she will teach music.

W. M. Shultz who is now living in Oklahoma City orders the News sent to him for six months.

Sam Womack and T. B. Richmond, Sr., were here from Quanah for several days the first of the week.

Cream tested every day. Provide a weekly income of your own. We will help you.—Ketchersid Bros.

Mrs. Roy Killingsworth of Paducah is visiting Misses Sallie B. Sparks, Fern McCaskill and Bonnie Patton here.

H. E. Diggs of Mt. Vernon has been here for several days visiting his sons, Fred and John Diggs, and their families.

Mrs. W. S. Hartman of Fort Worth came in last week for an extended visit with her daughter, Mrs. John L. Hunter, Sr.

Mrs. A. T. Schooley left Monday night for Eric, Oklahoma, to be at the bedside of her sister, Mrs. E. E. Parker, who is ill.

Forest Cole of Stephens visited his cousin, Grover Cole, here last week. He went from here to Wellington for a visit.

Mr. and Mrs. Mitchell Gaddis of Okmulgee, Oklahoma, were here last week visiting L. D. Fox and family. Mrs. Gaddis is a niece of Mrs. Fox.

Mr. and Mrs. E. C. Tarvin and Mrs. Lanier and little daughter of Merkel visited over the week-end with the family of their son and brother, S. H. Tarvin.

Mr. and Mrs. W. B. Carter and children of Altus, Oklahoma, were here Sunday visiting in the home of Mrs. Carter's parents, Mr. and Mrs. G. A. Mitchell.

**Electric Light
Invented 50 Years Ago**

Rarely that a happening of years ago has so great a bearing on present-day life everywhere as that event which occurred half a century ago in a laboratory in Orange, New Jersey.

Just fifty years ago this year Thomas A. Edison invented the incandescent light. The event that are becoming thirteen years ago, another

inventor, C. F. Kettering, put the finishing touches on another appliance that—linked with the incandescent bulb—has carried electricity to hundreds of thousands of farm homes. The incandescent bulb came into being in 1879, and the individual electric plant was developed in 1916. They have brought a new era of better living in countless farm homes.

TEXON TALES

Well, Crowell was not the only town that looked for the Zeppelin. A bunch of guys went from here to Midland and then never seen it after all. Them storms is a bad problem for dirigibles, that is if that is what that one was. Looks like a guy could take up a big air vessel way up high and fasten it to something for twenty-four hours while the earth turned round under it would beat driving through traffic around the world. Looks like a tin roof on the courthouse would make lots of racket when it rains. But I don't guess it will rain any more.

We can't understand why politi-

clans only promise certain things while they are running for office when it would be as easy to promise everybody everything.

I reckon about the hardest things the tired business man finds to deal with would be an old frazzled deck of cards.

A fellow was taken to the hospital here last week and claimed he was hurt in an explosion. Everybody asked the wife how it all happened and what caused it. She said, "Well, the old man claims it was too much yeast but I contend it was the sugar."

"Say, didn't you see me in town yesterday?" "Oh! yes, I saw you twice." "Well, I never knew you drank."

Sometimes girls go to school before they marry and study domestic science when the proper thing to study should be "Domestic Silence."

Only an intelligent person can go crazy. That's what I've always heard. Don't know if it is true but if it ever happens to me I hope people will think that's how come.

These jokes is original. Of course you've heard them before but the wording is changed. That is, the spelling or something is original at least.

REVIVAL NOTICE

Church of God, colored, revival begins in Crowell September 4th. The general public is invited to attend. Evangelist, B. B. Hammond, will conduct services east of the depot at 7:40 p. m.

**Glad She Heeded
Advice of Friends**

"I am so happy over the wonderful benefits received from Sargon that I will always be grateful to my friends and relatives who insisted that I take it.

"For many years I suffered with stomach trouble. Everything I ate caused great distress. I even thought I had heart trouble. Billiousness caused such dizzy spells at times I thought I was going blind. I had awful pains in my back, legs and arms and was so nervous I hardly ever got good sound sleep. I was always taking some strong laxative for constipation, but never got any real relief. "Finally I started Sargon and Sargon Soft Mass Pills and my relief was almost immediate. My appetite is now splendid, I never suffer with indigestion and those terrible pains have gone. The pills regulated me perfectly and relieved my billiousness and constipation.

"I could talk all day and never praise Sargon half enough."—Mrs. Julia H. Mata, 2101 Commerce St., San Antonio.

**Facts that
prove the Value of
The New
CHEVROLET SIX**

The new Chevrolet Six is shattering every previous record of Chevrolet success—not only because it provides the greatest value in Chevrolet history, but because it gives you more for the dollar than any other car in the world at or near its price! Facts tell the story! Modern features afford the proof! Read the adjoining column and you will know why over a MILLION careful buyers have chosen the Chevrolet Six in less than eight months. Then come in and get a ride in this sensational six-cylinder automobile—which actually sells in the price range of the four!

Remarkable Six-Cylinder Engine
Chevrolet's remarkable six-cylinder engine impresses you most vividly by its sensationally smooth performance. At every speed you enjoy that silent, velvet-like flow of power which is characteristic of the truly fine automobile!

Beautiful Fisher Bodies

With their low, graceful, sweeping lines and smart silhouette, their ample room for passengers and their sparkling color combinations and rich upholstery—the new Fisher bodies on the Chevrolet Six represent one of Fisher's greatest achievements.

Outstanding Economy

The new Chevrolet Six is an unusually economical car to operate. Not only does it deliver better than twenty miles to the gallon of gasoline, but its oil economy is equal to, if not actually greater than, that of its famous four-cylinder predecessor.

Remarkable Dependability

In order to appreciate what outstanding value the Chevrolet Six represents, it is necessary to remember that it is built to the world's highest standards. In design, in materials and in workmanship—it is every inch a quality car!

Amazing Low Prices

An achievement no less remarkable than the design and quality of the Chevrolet Six is the fact that it is sold at prices so amazingly low! Furthermore, Chevrolet delivered prices include the lowest financing and handling charges available.

SOCIETY

Endeavors of Crowell and Quanah Meet

Forty-four members of the Christian Endeavors of Crowell and Quanah took part in a joint picnic at the Davis place, near Pease River last Thursday night. Twenty-four were present from Crowell and twenty from Quanah.

Upon arrival a number of enjoyable games were played after which lunch was served, the Crowell and Quanah girls furnishing the lunch while the Quanah boys furnished watermelons and the Crowell boys, soda pop.

After lunch, Mrs. R. L. Kincaid entertained with two interesting stories and Miss Lou Faulkner of Quanah led the group in a number of songs. Miss Elizabeth Kincaid gave a reading and responded to an encore and after eating the watermelons, more games were played.

Robert Hamilton, president of the Quanah group, announced that an agreement had been made with the Crowell officers for the Quanah Christian Endeavor to give a program for the Crowell Endeavor, the third Sunday of this month.

MRS. SPRUILL HONORED

Mrs. H. Schindler honored Mrs. D. G. Spruill with a bridge party last Thursday afternoon. Four tables of players enjoyed the game, Mrs. O. O. Hollingsworth receiving a cream and sugar set for high score. The honor guest prize was a beautiful picture, and Mrs. Claude Adams, a former resident of Crowell who now lives in Austin, was given a vase of bath salts.

The hostess served delightful refreshments consisting of frozen salad, bread and butter sandwiches, potato chips, olives and iced tea.

The guest list follows: Mesdames G. K. Reading, M. M. Hart, Jr., T. S. Haney, John Ray, Claude Adams, Gordon Bell, Bryan O'Connell, M. O'Connell, Paul Shirley, A. Y. Beverly, O. O. Hollingsworth, Dow Miller, W. B. Johnson, Misses Mary Sam Crews, Litha Crews and the honor guest, Mrs. D. G. Spruill.

SHOWER AT RAYLAND

One of the prettiest showers of the season was given at the home of Mr. and Mrs. Frank Ward, honoring their niece, Mrs. Sam Kuehn, formerly Miss Pearl Ward, who has been the primary teacher for the last three years of the West Rayland school.

The guests began to arrive at four o'clock. They were met at the door by Mrs. Ward. The Bride's Book was presided over by Miss Bessie Tole. After nearly everyone had registered, Mrs. Kuehn arrived and greetings were exchanged, after which several games were played.

Some one announced that the express had arrived and a procession of her little primary pupils, each carrying a gift, followed by the little express wagon pulled by Little Miss Janice Ward and Master James Adkins, marched around Mr. and Mrs. Kuehn singing a song that Mrs. Kuehn had taught them. The gifts were opened and Mrs. Kuehn, in her most pleasant way, thanked each and every one.

Ice cream and cake were served to about ninety guests.—Contributed.

MRS. RUSSELL BEVERLY GUEST OF HONOR AT DINNER PARTY

Complimenting Mrs. Russell Beverly, who is visiting her relatives, Mr. and Mrs. C. E. Hutchinson, Mr. and Mrs. A. W. Feist entertained with a dinner party at their home on Vincent street Monday evening. Other guests were Mr. and Mrs. Hutchinson, Miss Reid Hutchinson and Mr. and Mrs. W. C. Merwin. The evening was spent socially.—Covina (Cal.) Citizen.

Epworth League Union Meeting

Representative members of the Senior and Hi-League went to Paducah Tuesday night to attend the September Union Meeting. The Union Charter, which is the trophy that is given each month to the Chapter League making the highest grade on the Union's Standard of Efficiency, was given to Paducah.

Both Chapters reported that much had been accomplished by them during August. The program consisted of two short talks on League work and a vocal duet and a piano solo, both Crowell and Paducah talent being used. From a discussion as to the value of the union meetings, many expressions were made of real gain that is made from them to a local League. Following the business and program, a short time was enjoyably spent in playing games after which a banquet luncheon was served that climaxed the evening. It is hoped that some members from Thalia and Trusecot Leagues can be present at the next meeting, which will be held in Crowell on the first Friday night in October.

The Senior Leaguers making the trip from Crowell were: Ella Patton, Ila Lovelady, Mildred Cogdell, Mr. and Mrs. Vergil Smith, Miss Emily Purvell and Pearl Saunders. The Hi-Leaguers going were: Mary Eva Meason, Harold Hinds, Leslie Thomas, Elbert Griffith, Evelyn Sloan, Eloise Saunders, Lillian Gene Bell, Frances Allison, and Louise McKown.—Contributed.

ATTENL FAMILY REUNION

Mr. and Mrs. Jim Cook and children and Mr. and Mrs. J. W. Cook and daughter, Frances, motored to Crater, Okla., early Friday morning to attend the reunion of Mrs. J. W. Cook's family. All the family was present except one sister and a brother. Five sisters and their families were present. Thirty-five of the relatives were there to enjoy the nice

lunch that was spread. A most wonderful time was enjoyed by all present. The Cook families returned home Saturday.

Thompson Family Holds Reunion at Thalia Sun.

Thirty-six people took dinner at the J. G. Thompson, Sr., home near Thalia, Sunday. This group included all of his children, all children-in-law with the exception of one son-in-law; all but one grand child, and two great grand children. A few other relatives and friends were also present.

The dinner was spread out in the shade in picnic style and was thoroughly enjoyed by all. Since all of the children had not been together at the home at one time in several years, they set Sunday for the day for giving their father a dinner. This day also marked the 48th wedding anniversary of Mr. and Mrs. Thompson, the death of the latter coming 20 months ago.

Those who enjoyed the occasion which was also mingled with sad memories were as follows: J. G. Thompson, Sr., Hugh Thompson and family of Levelland; Mrs. R. G. Nichols and children of Crowell; H. W. Banister and family; Tom Abston and family; John Thompson and family; E. H. Abston and family; Mr. and Mrs. W. Luke Johnson and Mrs. Belle Abston, all of Thalia; L. C. Johnson of Tahoka; Mrs. Florence Houser of Quail, Texas, and Mrs. Madge McBurnett of Hugo, Oklahoma.

R. G. Nichols of Crowell and Garland Thompson and family of Levelland, were the only members of Mr. Thompson's family who were unable to attend.

The 4-H Encampment

(Editor's Note—This account of the 4-H club encampment, handed in by Miss Katherine Wheeler of the 4-H club of Thalia, wins the prize of a handsome box assortment of Christmas Cards, with her name printed on them, that was offered by the Foard County News for the best story submitted.)

Up the courthouse steps! No, we were not to be tried for any offense. The county was interested in these 4 "H's" stand for "Head, Heart, Hands and Health."

This was an occasion to improve our health and to make our hearts happy. We had an outdoor encampment Thursday and Friday at the Beverley farm, north of Crowell. Over fifty boys and girls reached camp at nine-thirty a. m., and began packing their bedding around under trees.

After the boys had chosen up for two baseball teams, the girls organized two pep squads. We had a very interesting game. After the ball game we watched boxing and wrestling. Dinner was served at 12:15.

After dinner interesting talks were given by Judge Atcheson, Mr. Patillo, county agent of Wilbarger County, and Ben Parrish, boy scout official from Quanah. At three o'clock swimming was enjoyed at the Spring Lake Country Club lake. After swimming we ate supper and were entertained at the Rialto Theatre by the Rotary Club of Crowell.

Friday morning after breakfast, baseball was the chief game. At ten o'clock interesting talks were given by Mr. Hunter county, agent of Hardeman County and George Self. At eleven o'clock another swim was enjoyed at the club lake. After a hearty dinner was served, talks were given by Mrs. R. L. Kincaid, T. N. Bell, Mr. Hunter, Mack Boswell and "Cott" Callaway.

At about four o'clock we went swimming and then broke camp, after two days of enjoyment.

Boy Scout Meeting Held Here Monday

Ben Parrish, district scout executive of Quanah, was in Crowell Monday and met with the following at Leo Spencer's office: Rev. Woodie W. Smith, H. K. Edwards, Eli Smith, Leo Spencer, Fred Rennels and Mack Boswell.

The meeting was held for the purpose of working out a program to really get scout troops started. Difficulty has been met in the past in securing leadership for a troop.

After considerable discussion it was decided that the best manner in working out the problem would be to take the matter before the Methodist and Baptist churches and let each sponsor a troop. It was pointed out that membership in the two scout troops that would be formed as a result would not be limited to the members of those two churches but would be open to every boy in town. The reason for the church plan was so that each church could provide a place for the meetings and to sponsor a troop.

This matter was to have been brought before the churches at their meetings Wednesday night but due to the rain, no meetings were held and the matter will be brought before the churches Sunday by local men. The churches are not expected to finance the boy scout work in any way, but just merely sponsor the troops.

Former Crowell Man Is Claimed by Death

Mr. and Mrs. M. A. Lea of Spur and Mrs. H. C. Potts of Pottaboro, Texas, stopped in Crowell for a short time Wednesday while on their way from Abilene to Vernon.

They stated that they attended the funeral services held in Abilene Saturday for J. Frank Jotts, a former resident of this city.

Mr. Potts engaged in the real estate business here for a number of years leaving here in about 1914 when he moved to Harford and from there he moved to Abilene where he resided with his family until his death.

Higginbothams in Car Wreck East of Thalia

Mr. and Mrs. Alton Higginbotham were slightly injured in a car wreck just east of Thalia Tuesday night. Mr. Higginbotham was returning to Crowell from a filling station east of Thalia when his car struck the concrete railing on a bridge near Thalia. He was thrown through the windshield and suffered a number of cuts about his face and a sprained ankle. Mrs. Higginbotham's nose was cut. The Dodge sedan that they were riding in was very badly damaged.

ATTENDS CONVENTION

T. B. Richmond, Jr., returned from Dallas Wednesday morning where he attended a convention of the Motion Picture Theatre Owners Association of Texas.

He stated that sound pictures and their future were the main subjects of discussion at the meet. He also stated that some of the greatest scientists of the nation, connected with sound pictures, were present for discussing matters.

The prediction was made that motion pictures in the future will broadcast over radio from sources, such as Chicago and to the theatres of the nation.

Mrs. Ella Reed of Chicago, a 24-year-old son arrested for her money.

 "THE HOME OF SPLINTERS"
 R. J. ROBERTS, Local Manager

Dear Friends:

The sportsmen have turned their attention to doves since the first and we hear they are having lots of luck.

Several of the farmers are building trailers to haul their feed and cotton to market with. This is a good idea for they can load them to their cars and go to town and back while they are going on their way with a wagon and team. If you are interested in one we will be glad to help you build it.

Now is a good time to paint both on the outside and inside of your house. We have a good supply of both kinds of paint, enamel and wall-paper. If you have some little trinkets you want to paint we have the paint for them too. It is Glosfast Enamel which dries in four hours, does not leave any brush marks and is lots easier than Lacquer to apply. We also have a good stock of floor varnishes and enamels.

I called to tell you that Johnnie will not be at school today—his father is very ill.
 Who is this speaking please?
 His father.

Yours truly,
 SPLINTERS.
