FIRST BIG OIL WELL FOR FOARD

SHELL PETROLEUM CORPORATION BRINGS IN 500 BARREL GUSHER

Activity in Foard County Heaviest in History

Foard County's first big producer now a reality and Shell Petroleum Corporation's Tarver No. 1, eleven miles northeast of Crowell and one mile north of Thalia is now producing better than five hundred barrels daily with prospects of further increases. The new discovery is located in Section 3 of the G. C. & F. Survey on the W. S. Tarver.

An oil sand was topped in the test Thursday afternoon at a depth of 2,024 feet at which the well began to flow. For less than twenty minutes the oil gushed into the air at a height of one hundred feet, spraying the surrounding fields and even reaching the T. Ward home, over 200 yards away.

At the cessation of the first head enormous amount of oil had been well settled down to a steady production by heads every fifty minutes. The first few flows averaged 100 barrels to the head but by midday had increased to fifteen without further operation by the crew. Additional storage capacity became necessary and was provided by Tuesday. The well at this time is making about 18 barrels to the head.

Pipe Line

The importance of the new discovery is indicated by the announcement from the divisional office of Humble Pipe Line Company at Thalia Falls that contracts had been made and construction would start immediately on a four inch pipe line extending from the South Vernon pumping station to the Thalia field. It is thought that this line will be sufficient to transport the oil at the present stage of development and it is understood that the construction of further pipe lines will be carried out as the development of the new field progresses. A faster tempo of development will be possible due to easy accessibility of the pipe line number of which extend to the Thalia field, thus making necessary extension of only about ten miles the line in order to tap the new oil.

Leasing Activity

Leasing activity all over the county has been greatly enhanced by the discovery, particularly within a radius of five miles of the well. Lease royalty prices have attained new points since Monday and it is said that the major companies operating in Texas have every confidence in the reliability and extent of the new field. It is freely predicted that conservative members of the oil industry that the field will prove to be one of the largest and best in the southwest Texas. It's discovery is regarded as the most important development in Texas since the discovery of the large West Texas fields. The situation is further enhanced by the fact that the oil produced in the Tarver No. 1 is of unusually high gravity, testing 40 baume gravity, which grade of oil commands a high price in North Texas. It is especially desirable in view of the fact that the price of oil is increasing with the quality of the oil. The oil is also of a sweet quality and is especially desirable for refining purposes.

In addition to the income derived from the oil in the new well, it is anticipated by one of the major companies that the possibilities from a manufacture of casing head gas will prove valuable. The gas which has been encountered at depths of 187 feet and 1940 feet in the Tarver No. 1 has been braden-headed and the well is at present producing about twenty million cubic feet of gas per day which is especially rich in gasoline content. It is planned to establish a casing head plant at the mouth of the well and it is probable that this activity will keep pace with the future development of the field.

The extent of the gas possibilities in the field is indicated by the fact that the Upham Gas Company has purchased several leases in the territory for high prices. S. P. Upham of the Upham Gas Company was in Crowell Tuesday and is very optimistic regarding the new development.

Drilling Contract

Land owners who were fortunate enough to have unleased tracts in the several miles of the well have received many offers for drilling contracts. At least four of such offers have been made and contracts for beginning of tests within the next

Henry Johnson Is Cultivating 100 Acres Each Day

640 Acres in Cotton Tract on Watkins Farm Four Miles South of Crowell

Six hundred and forty acres of cotton in one single block and farmed by one man, Henry Johnson, is no doubt the largest cotton tract in Foard County. Cultivation is now taking place on the farm at the rate of about one hundred acres per day. Five two-row cultivators with four miles to each cultivator are being operated in the field at the present time and with the completion of each round of the five cultivators, five acres have been added to the cultivated land as each acre averages four rows and twenty rows are made on each round.

The operation on such a large scale is interesting to watch as the five cultivators run fairly close to each other. Bert Self observed the big scale in which the field was being cultivated and carried a reporter of the News to the field which is located on the H. J. Watkins farm, four miles south of Crowell. Pictures were made of the project and if these turn out good they will be sent to a number of daily and farm publications.

The cotton was planted only three weeks ago and now has one of the most beautiful stands to be seen in a cotton patch anywhere. Rains have fallen just right and if favorable conditions continue the yield on this farm should be extra heavy.

Mr. Johnson stated that he usually cultivated his cotton three times each year and will likely have to plow this crop two more times. This is the second year that he has farmed cotton on such a large scale.

There are 773 acres in all of the farm with 93 acres in oats, forty acres in feed and 640 in cotton. It is doubtful if a more level spot in Foard County can be found to equal the evenness of this farm, every inch of which is tillable.

This farm is just another example why West Texas farmers can make more cotton with less effort and expense than can be made elsewhere.

Mr. Johnson stated that he uses six two-row planters in planting his cotton and that as many as 125 acres were planted in a day. The use of the two-row planters makes it possible for the two-row cultivators to follow the rows without disturbing the cotton.

Rayland Gin Election

L. G. Andrews

In a recent meeting of the Farmers Gin of Rayland, L. G. Andrews of this city was elected gin for the next season.

Mr. Andrews has had many years experience in the management of gins and has made an outstanding success in his profession.

The Rayland gin is the center of one of the heaviest cotton producing sections in the county and always handles much more cotton than the average gin. It is the only gin at Rayland now since the other one there burned up about two years ago.

Founder of Texas Investigator

E. S. Langley

E. S. Langley of Texas, arrived in Crowell Tuesday afternoon as the result of a visit to Crowell articles in the daily papers concerning the oil activity in Foard County.

Mr. Langley is the man that established the Texas store in that field center. He opened the store in 1927 and since then has gained a population of 12,000. Mr. Langley stated that he was very interested in the possibilities of this section.

We Are On The Right Train Now!

Ford Men From 8 Towns to Assemble in Crowell Friday

Over one hundred men representing Ford dealers and their forces from eight towns of this section will meet here Friday night for a sales meeting, according to George Self of the Motor Company, local Ford dealer.

Towns to be represented in the meeting here are Vernon, Chillicothe, Owsenb, Paducah, Atadador, Seymour, Benjamin and Knox City and the entire organization of the Ford Motor Company, local Ford dealers in these towns are expected at the meeting.

W. C. Proctor, assistant manager of the Ford branch of Dallas, wholesale manager of the Dallas branch and various officials of the Dallas branch are present to take part in the meeting.

Motion pictures will be shown during the sales meeting and this feature will give place in the Self Motor Company building or the Claude McLane building.

These sales meetings are being held all over the state for the purpose of bringing the dealers and the organization of Ford firms abreast of the times in their work, advancing new ideas and other important matters.

Contract Closed By Guy Crews For Test

G. G. Crews closed a contract Wednesday with W. R. J. G. S. Kneeder, independent oil operator of Vernon for the drilling of a test on his farm in the southwest quarter of Section 274 of the H. & T. C. Survey. Drilling is to begin within ninety days according to the contract.

The test will be located about 7 miles east of Crowell.

Many Oil Visitors In Crowell All This Week

Crowell has hundreds of people to visit here this week on oil business and the offices of Bell-Roberts Land Company and J. R. Beverly have been especially busy with visitors. Just a few of the visitors that have been here this week are E. F. Stephens of the Texas Company; R. T. Lutz, Humble Oil and Refining Company; Frank Hodgins, The Texas Company; Henry Ford, independent broker; Lee Flowers, Strauss-Allen Oil Co.; Elmer Gatewood, independent broker; S. P. Upham, Upham Gas Company; L. G. Stogner and J. A. Batson, independent operators of Amarillo; R. S. Brennan, Jr., chief scout of the California Company; Jack Coleman, independent operator of Wichita Falls; W. R. and G. S. Kneeder, independent operators; Houston Hill of the firm of Hill and Hill of Fort Worth, and many others whose names were not learned.

All kind of medicine is advertised to limber up stiff joints, but sitting on a tack will turn the trick much quicker.

Meeting of Highway No. 51 Delegates Here Friday

Delegates from towns along the route from Oklahoma, to Abilene, Texas, are expected to be in Crowell Friday, June 14th, for a meeting in the interest of pushing a project for Texas Highway No. 51.

Delegates have already signified their intentions of being here and delegates from the following towns have been invited to attend: Altus, Lawton and Eldorado, in Oklahoma; Lawton, Truscott, Benjamin, Knox City, Rochester, Rule, Sagerton, Stamford, Anson and Abilene.

The meeting will begin at 10 o'clock Friday morning in the district court room and a morning and afternoon session will be held. Quallah is planning to have a strong representation present at the meeting. Carl Guin, secretary of the Quallah Chamber of Commerce, has been one of the most outstanding backers of the Highway movement. Letters from Stamford, Altus, Knox City, and other cities along the route state that their cities will be represented here.

This route is the shortest north and south connection between Oklahoma and Central and South Texas points and it is of much importance for the towns on it to take steps for a connected system of pavement on it. It is planned at this meeting to discuss the matter of a connected system of pavement across the counties in Texas between Hardeeman and Jones Counties and to work on a definite plan toward that end. Other matters concerning the highway will also be discussed.

W. R. Fly of Abilene, Texas, highway commissioner, has stated that either he or a personal representative will be present at the meeting.

Anyone interested in the meeting is urged to be present.

SEND A PAPER!

The News has printed several hundred extra copies of this issue.

The papers sell for five cents each and if given a list of names before 10 a. m. Friday, June 14th, the News will mail your paper or papers to any address without extra cost.

After 10 a. m. Friday the papers will continue to sell for five cents each but will require 2 cents extra for postage.

You can help Crowell and Foard County by fixing up a good list to mail these papers to.

CONDUCTING MASONIC SCHOOL

J. W. Carlisle of Holland, Texas, is here this week conducting a school of instruction for the local Masonic lodge.

Mr. Carlisle has had much experience in this work and teaches at the grand lodge each year, and is recognized as an approved teacher.

The school began here Monday and will last for about ten days.

FOARD COUNTY PROSPECTS ARE BRIGHTER THAN IN MANY YEARS

Program Announced For Woman's House Dress Contest Here

Home Demonstration Clubs Are Showing Much Interest in Project

Interests over the county is increasing in the house dress contest that is to be held in the district court room on Wednesday, June 26. About seventy-five women are expected to have as many dresses entered in the contest at that time.

The contest and program that has been arranged will be an all-day affair and every woman in the county is urged to attend, according to Miss Virginia Freeman, home demonstration agent.

Covered Dish Luncheon

A covered dish luncheon will be held at noon in the office of the county agent and Miss Freeman stated that of course every woman would be expected to bring her luncheon, plate, fork, spoon and glass.

The program that has been arranged in connection with the contest is as follows:

Opening Song—America.
Lord's Prayer.
Opening Address—Mrs. Jim Cates.
Monologue—Mrs. Frank Kirkman.
Duet—Mrs. Claude Callaway and Mrs. Will Ferguson.
Playlet—"Home Demonstration Speaks for Itself," Foard City 4-H Girls.
Closing Song—"Eyes of Texas."

Excellent Prizes

The home demonstration clubs of the county as a whole are offering excellent prizes to the first three winners of the house dress contest which is to be judged by the home demonstration agents of Wilbarger and Cottle Counties and Miss Minnie Mae Grubbs, district home demonstration agent of College Station.

Preliminary judging of the dresses will take place the day before the contest and the final judging will take place Wednesday afternoon when the women will wear the dresses they have entered in the contest.

An 18 quart pressure cooker, or a round trip ticket to the A. & M. Short Course will be given to the winner of first prize; a 9x12 Congoleum rug, second; and 5 pieces of colored enamelware, third.

A meeting of the woman's home demonstration council was held Saturday in the office of the agent and the plans for the contest were worked out. It was also decided at this meeting for each club of the county to spend 50c dues to go in on a scholarship fund for this district for the purpose of sending some 4-H club girl to college.

Drilling Contracts For 2 Tests Near Margaret

Drilling contracts were let Wednesday to Jack Hammock, independent oil operator of Vernon, for the drilling of two tests near Margaret by land owners and lease holders in that section.

One of the tests is to be drilled on the I. W. Middlebrook place, two miles north of Margaret and the other on the J. S. Owens farm, two miles east of Margaret. The digging of the slush pit is already taking place on the Middlebrook farm and work on the other test is to begin within thirty days.

W. H. BELL SELLS FARM

W. H. Bell, who lives northwest of town has sold his farm to W. K. Sampson of Wheeler, Texas. Mr. Bell getting two modern homes in Wheeler in the trade. The Bell family will not leave Foard County at present but will remain here the balance of this year.

One thing about it, our tails are not big enough for every man to eat as he pleases.

Agricultural Outlook, Lee Highway Paving Oil Prospects

General conditions in Foard County present a very favorable outlook and if present conditions continue, Crowell and Foard County should see the most rapid development in its history within a comparatively short time.

Everyone is excited over oil prospects at the present time, but even casting that condition aside Foard County has prospects to boast of and while conditions during the past year have not been the best, there is no reason now why Crowell and Foard County does not have a big year ahead.

Crop Conditions

Foard County has the largest acreage in history planted to cotton and feed crops and if the present favorable conditions continue, Foard County will no doubt break all records for crop production this fall. Rains came too late to guarantee an average wheat crop but even at that reliable wheat men state that Foard will produce more wheat this year than is generally expected.

It is estimated that there are over 45,000 acres planted to cotton in Foard County this year. The last Government Census which was taken for the 1924 crop showed Foard to have 39,315 acres in cotton and many are of the opinion that the acreage of this year will exceed that of 1924 by at least 10,000 acres. The condition of cotton is now above the average for this time of the year.

Much Feed

S. S. Bell of the First State Bank stated that he was particularly proud of the large acreage that Foard has in feed crops this year and predicts that feed production this fall will be far in excess of that for any other year. The feed crop will serve a greater purpose than ever before as poultry flocks and dairy herds have been added in greater numbers over the county than ever before during the past two years and every indication points to increases along the route of the cow, sow and hen.

A movement is now on foot by County Agent Fred Kennels to place the finest pigs with club boys in all parts of the county and his efforts in this respect are meeting with excellent co-operation.

T. J. Hughton stated that he would much rather see a number of good cows, big flocks of chickens and some good hogs on the farms of Foard County than a lot of oil wells, but stated that it now looked as if there might be a combination of all.

Range conditions have benefited greatly from the recent rains and the cattle industry should see another big year in Foard County. Fruit and garden items cannot be overlooked, and the fruit trees and gardens alone will mean a great deal to this section. Gardens are already producing better this year than ever before and the fruit crop is already yielding heavily and the heaviest yields are yet to come.

Lee Highway

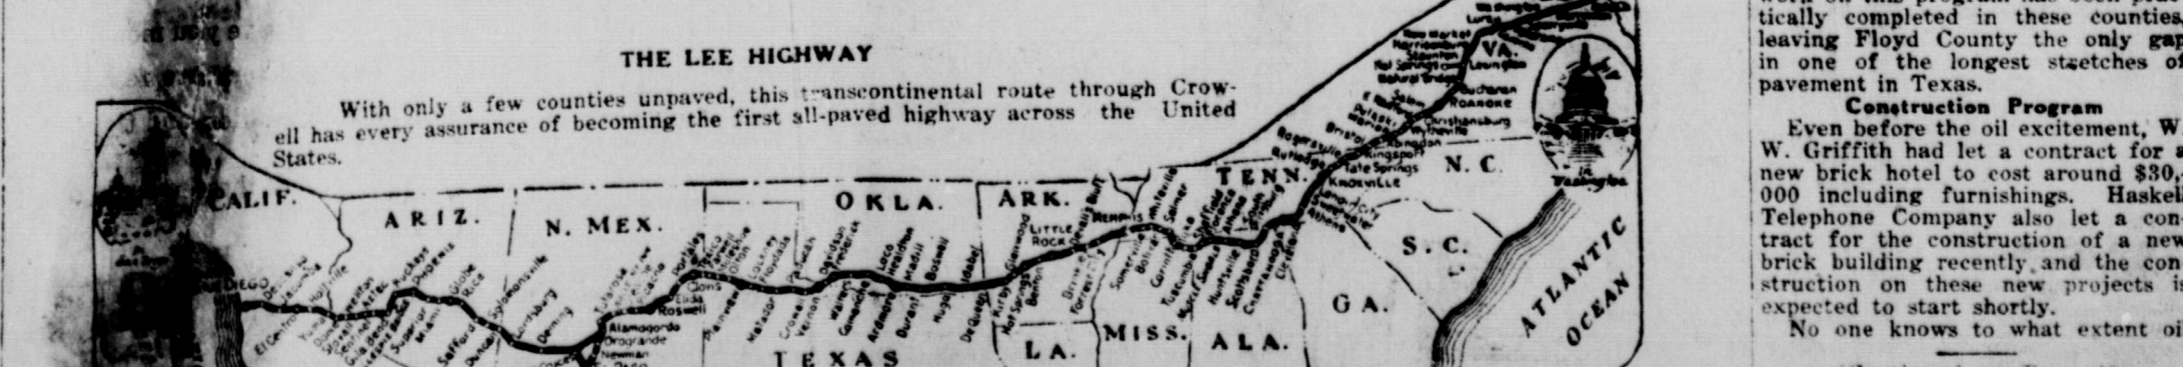

Crowell now has every chance of being on one of the most heavily traveled highways in America in a few years. Paving on the Lee Highway, running from Washington, D. C. to San Diego, California, has already progressed to such an extent that it now seems certain of being the first all paved route across the nation, and being an all-weather route it will be assured of a steady stream of traffic. With the paving program now underway from Vernon west, a distance of almost 170 miles continuous pavement west from Crowell, with the exception of Floyd County, this highway will also offer the best route from Ft. Worth and Dallas to the Plains. Highway 51 is not to be overlooked and if the program contemplated on this north and south route goes through, Crowell will be on one of the leading Texas and Oklahoma highways.

Paving in both Wilbarger and Foard Counties should begin within the next five or six weeks and if this work is completed in the allotted 130 days Crowell will be connected by pavement to all the principal centers of the State. Cottle, Motley and Hale Counties, west have already voted bonds for paving and preliminary work on this program has been practically completed in these counties, leaving Floyd County the only gap in one of the longest stretches of pavement in Texas.

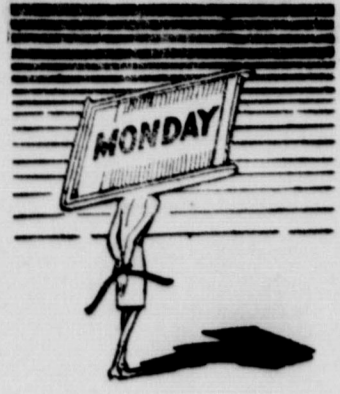

Construction Program

Even before the oil excitement, W. W. Griffith had let a contract for a new brick hotel to cost around \$30,000 including furnishings. Haskell Telephone Company also let a contract for the construction of a new brick building recently and the construction on these new projects is expected to start shortly.

No one knows to what extent oil

(Continued on Page 4)

Are You a Slave to the Washboard?

The history of the world bears several important dates of people being liberated from the rule of oppressors. But yet there's altogether too many women who still devote one day a week to the tyrant Washday.

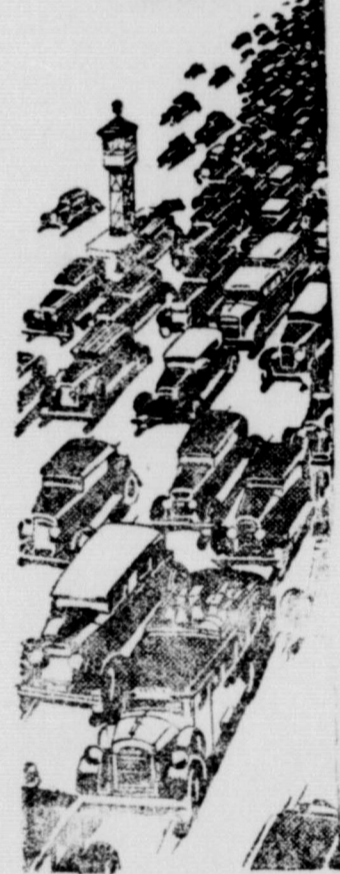

This Laundry will free you. YOU'LL SAVE MORE IN HEALTH AND GAIN MORE IN HAPPINESS if you let us strike Washday from the calendar. The cost of our services is moderate and the work is so excellent that you should call us immediately.

Crowell, Texas

RAYLAND

(By Special Correspondent)

There will be a Father's Day program at the Baptist Church, Sunday night. Every one is invited.

Mrs. C. P. Austin of Decatur is visiting her son, C. C. Austin, and family.

Mrs. G. T. German returned Monday from Abilene where she had been at the bedside of her mother, Mrs. Martha Price.

Miss Hazel Rutledge spent Wednesday with Miss Opal Blake of Vernon.

Prof. and Mrs. Ira V. Younger made a business trip to Austin, Tuesday and returned Thursday. They also visited her brother, Arlin Turner, who is attending the University.

Miss Lorraine Attaway of Vernon is spending a few days with Misses Gracie and Bonnie Crisp.

Mr. and Mrs. R. A. Rutledge and children and Jerry Young were dinner guests of Mr. and Mrs. A. C. Crisp Sunday.

B. P. Abston and sons, Horace and Jim, attended the ball game at Thalia Sunday afternoon.

Mr. and Mrs. V. L. Courtney of West Rayland visited Mr. and Mrs. Jerry Clark Sunday afternoon.

Earl Casey of Electra spent Sunday with relatives here.

Mr. and Mrs. Dewitt Edwards visited Mr. and Mrs. Will Abston of West Rayland, Sunday afternoon.

Mr. and Mrs. R. A. Rutledge, Mr. and Mrs. Ira V. Younger and daughter, Norma, Homer and Ira Martin, Buster, Harold and Pete Crisp, Jerry Young, and Quincy Lee Rutledge spent Sunday afternoon at the home of Mr. and Mrs. A. C. Crisp.

Mrs. J. L. Gobin entertained with a social Friday afternoon. Refreshments were served to Mrs. C. P. Austin of Decatur, Mrs. W. H. Casey of Arapahoe, Okla., Mrs. M. A. German, Mrs. C. C. Austin and Mrs. A. T. Beazley.

Mr. and Mrs. R. A. Rutledge, Cap Tuggle and wife made a business trip to Vernon Friday.

They were 60 present at Sunday School Sunday morning at the Baptist Church.

Mr. and Mrs. Caleb Jobe of Farmers Valley visited friends in Rayland Thursday.

Mr. and Mrs. W. Crisp and Mrs. A. W. Crisp returned Sunday night from Post where they have been visiting among relatives the past week.

Mr. and Mrs. Joe Bowers of Vernon spent from Thursday until Saturday with Mrs. T. E. Lawson.

Mrs. R. A. Rutledge spent Wednesday with her sister, Mrs. B. Robertson, of Vernon.

Mrs. W. H. Casey of Arapahoe, Okla., is visiting her daughter, Mrs. C. C. Austin.

Norma Younger underwent a tonsil operation at Kings Hospital in Vernon Tuesday.

Mrs. B. P. Abston who has been very ill for several weeks is able to up again.

Mr. and Mrs. A. C. Crisp, Mr. and Mrs. R. A. Rutledge visited M. L. Cribbs and wife of West Rayland Sunday afternoon.

Norma Younger has been ill the past week.

Buster and Harold Crisp, Homer and Josie Martin, Jess Gregg, Gracie and Bonnie Crisp attend the party of Miss Lucille Schults at Thalia Saturday night.

VIVIAN

(By Special Correspondent)

Mr. and Mrs. H. B. Tatum of Plainview spent Sunday and Sunday night in the home of Mr. and Mrs. R. S. Haskew.

Misses Bernice Walling and Mabel Lewis of Vernon are visiting Miss Rosalie Fish this week.

Mrs. L. M. Delmont who has been visiting her son, R. S. Haskew, and family returned to her home in Plainview Monday.

Mrs. Egbert Fish and daughters, Rosalie and Bernita, Misses Mable Lewis and Bernice Walling and Mrs. Odus Ritchey and daughter, Dorothy, were shopping in Paducah Monday afternoon.

Mrs. A. L. Walling and son, R. L., and Mr. and Mrs. J. E. Walling of Vernon spent Saturday in the home of Mr. and Mrs. W. O. Fish. They were accompanied home by Mrs. Walling's mother, Mrs. J. E. Fish.

Mr. and Mrs. H. H. Fish and children of Paducah spent Sunday with Egbert Fish and family.

Mr. and Mrs. Grable Whatley, Mr. and Mrs. Floyd Everson and Mr. and Mrs. Leroy Duncan spent from Thursday to Sunday in Plainview visiting Mrs. Whatley's and Mrs. Everson's parents, Mr. and Mrs. R. L. Branson.

R. D. Kilman and Mr. Berry of Amarillo are here visiting Mr. Kilman's sister, Mrs. E. L. Redwine.

ONE COW VS. ONE DOZEN

"Why milk twelve poor cows when one good cow will do the work of the twelve?" asked the bulletin of the American Bankers Association, Agriculture Commission. It declares that analysis of more than 100,000 individual yearly records from cows on test in dairy herd improvement associations indicate that on the average:

Cows that produce 100 lbs. butterfat a year returned \$14 each over feed cost.

Cows that produced 200 lbs. butterfat a year returned \$54 each over feed cost.

Cows that produced 300 lbs. butterfat a year returned \$96 each over feed cost.

Cows that produced 500 lbs. butterfat a year returned \$178 each over feed cost.

In other words, one 500-pound producer will return \$10 more over feed cost than twelve 100 lb producers. This does not take into account, either the added labor of milking and caring for the larger herd, or the much greater expense of providing stable room for a dozen instead of a single animal. The figures are based on farm prices from all parts of the country.

Dependable Merchandise

Can Always Be Had at This Store

We have been in continuous business selling house furnishings, wall paper, rugs, linoleum, trunks and various other lines, such as dishes, phonographs, records, radio sets and their accessories. We always offer nationally known and advertised brands so far as we are able, however, many good goods are not nationally known. We have many of these—namely, Dreamland Mattresses, and Leggett and Platt Coil bed springs—there is nothing on the market at any price superior to these.

Linoleum and felt, both rugs and yards, Armstrongs', Accolac finish and Nairn's Gold Seal.

Wall paper, gas stoves, phonographs, and radio sets.

Hoosier and Sellers Kitchen Cabinets, Simmons Steel Beds and Mattresses, Gibson Refrigerators, Sealy and Dreamland Mattresses, White Star Gas Ranges, Roper Gas Ranges, Superior Gas Heaters, and New Perfection Oil Stoves.

Income Tax Bill Is Explained by Kincaid

The News is in receipt of a letter from Dr. R. L. Kincaid, representative to the legislature from this district, concerning the income tax bill that has recently been resubmitted by the governor in his speech at the joint session of the legislature, urging it rather strongly as being a measure in his judgement calculated to equalize the tax burdens.

In explaining the bill Dr. Kincaid wrote: "The purpose of this tax is not to raise additional revenue but to shift the burden of state taxes from real estate property to income. It would not result in exempting property from any taxes except the state ad valorem. In Crowell the ad valorem tax rate is about \$4.80 on the hundred. Sixty-four cents of this goes to the state, but there would still be \$4.16 on the hundred that this property would have to pay to the county, state and district purposes, which in all probability would still leave physical property paying more than its proportion of governmental expenses.

"Another advantage of the income tax would be an absolute separation of the taxable sources. That is, all taxes levied on real property would be for the support of the county, district and city, and intangible taxes would support the state and government.

"Feeling sure that this income tax is likely to become a political question in the next campaign, if it is not passed by this legislature, I make the above statements for the information of your readers.

"R. L. KINCAID."

Dr. Kincaid enclosed a sheet containing comments on the bill by its author, T. N. Mauritz, as follows:

"This bill will reduce property taxes to extent of about \$25,000,000 per year; the bill providing that the total collected thereunder SHALL be deducted from the sum total that the State now can levy as an ad valorem tax for Confederate pensions, schools and general revenue.

"This bill will require income reports from the identical individuals and corporations now required to make returns to the Federal Government, and at same period. Exemptions are allowed as follows: To the individual, \$1,500; to man and wife, \$3,500; and in additional \$400 for each child under eighteen years of age, or dependent. The tax imposed, after deducting exemptions are, 1 1/2 per cent on next \$4,000; 3 per cent on next \$4,000; 5 per cent on remainder. The tax on corporations is 5 per cent on net income of \$25,000 or less per annum, an exemption or deduction of \$2,000 before calculating tax. The individual and corporation is allowed to deduct the Federal income tax in addition to the other usual deductions, before calculating taxes under this bill."

"The tax will affect the individual as follows:

"A married couple with one child having an income of not more than \$2,000 would pay no tax; a married couple with one child having net income of \$5,000, would pay a tax of \$14.50; under like conditions with an income of \$7,500, would pay a tax of \$54; with an income of \$10,000, would pay a tax of \$91.50; with an income of \$20,000, would pay a tax of \$365; and with an income of \$30,000, would pay a tax of \$865. The individual would pay no tax on dividends received from corporations.

"The tax imposed on corporations under this bill as compared with the State ad valorem tax is as follows: A corporation with a capital of \$25,000, earning a net profit of 10 per cent, would pay a State income tax of \$25 and would be relieved of property taxes of \$96.00. A corporation of \$50,000 capital, earning a net income of 10 per cent, would pay a State income tax of \$138.00 and would be relieved of property taxes of \$192.00. A corporation with \$100,000 capital, earning a net income of 10 per cent, would pay a State income tax of \$358.00 and would be relieved of property taxes of \$384.00. The property tax figures here used are arrived at by assuming that the capital in each case would have been rendered at 60 per cent, and figured at the 1928 tax rate. In each of these cases the income tax is less than the property tax would be. Every larger corporation earning 8 per cent profits, rendering its property at 60 per cent will pay less under this bill than under present law; this applies to all corporations regardless of capital size.

"The 8 per cent profit basis is used in the above illustration because it is generally admitted that the average net profit on all property—real estate and other property which is the present sole tax source—on which the State ad valorem tax is calculated, is less than 8 per cent and therefore for purposes of taxation a corporation with capital assets of \$100,000 paying a net profit of 8 per cent should pay as much tax as is now collected on property valued at \$100,000 and rendered at \$60,000. Corporation capital assets, yielding a greater net profit than 8 per cent, should be considered proportionately more valuable for tax purposes. If consideration has been given to earning capacity of corporations in determining the comparative taxable values, and if the corporation has been thus rendering its property, then no greater tax will be due under this bill than was due and collected on ad valorem basis. Only such corporations and individuals as have not heretofore so rendered their property for taxation, will under this bill be called on to pay more taxes.

"It is generally admitted that property is paying more than its proper part of taxes—this refers particularly to the agricultural interests, homes and smaller business interests; this bill will relieve those properties and will collect from the larger business interests which are earning large profits and not paying proportionate taxes."

A man in London whistled continuously for twelve hours. He probably had something to whistle about.

Crowell, Texas, June 14, 1929

Curtis Ribble Appointed
Hi-way Section Foreman

Curtis C. Ribble of this city re-
ceived appointment last Friday as
section foreman of all State Highway
work in Foard County from D. M.
Puckett, division engineer of Divi-
sion No. 3 of the State system.

The appointment was effective
June 1st. C. B. Dunn has had the
work of section foreman, working
Knox and Foard Counties, but owing
to the new work that is to be
done a foreman is being used in each
county in the maintenance depart-
ment.

Mr. Ribble has been a grader op-
erator for State Highway work in
Foard County for the past two years.

Real Oil Has Been
Flowing Down Pease

Since Saturday Pease River has
presented the appearance of being
covered with oil. W. W. Nichols,
who lives near the Black School stat-
ed that black oil was still covering
the water about fifty yards across the
river bed Wednesday and that the
river had presented the appearance
of having a stream of oil over 150
yards wide.

The river has been flowing all the
time and the News has been unable
to learn just where the oil is com-
ing from, but it is generally believed
that one of the large pipe lines cross-
ing this section of Texas must have
broken as the result of recent heavy
rains.

Foard Notary List
Is Heavy This Year

Forty-six of the eighty-five notar-
ies for Foard County that were ap-
proved at the last regular session of
the legislature have qualified at the
office of the county clerk, Mrs. Ida
Reavis, June 10th was the last day
left for those on the list to qualify
and by Monday night the number
that had qualified was among the
largest that Foard County has ever
had for this position.

Those that made bond and made
the qualifications necessary to be-
come a notary public were: Glynn

Shults, Bevie Brooks, Joe W. Beverly,
J. R. Beverly, M. M. Hart, Jr., Jesse
Owens, O. D. Beauchamp, Edgar
Womack, Mack Boswell, S. E. Scales,
D. R. Magee, R. R. Magee, Leo
Spencer, Thelma Bell, J. C. Thomp-
son, N. J. Roberts, R. D. Oswalt, Mar-
garet Curtis, E. B. McBurnett, H. E.
Ferguson, L. A. Andrews, T. N. Bell,
Winnie Thomson, E. Swain, Mary
Alice Shannon, W. B. Franklin, C. V.
Allen, Lon Goodman, T. L. Johnson,
Alton Bell, Lawrence Kinsey, Gor-
don Bell, C. P. Sandifer, Lee Black,
M. F. Crowell, S. J. Boman, J. E.
Atcheson, Jack Roberts, Jr., J. R.
Self, G. D. Self, Mrs. T. V. Rascoe,
S. S. Bell, M. L. Hughtson, Jewell
Richmond, G. A. Shultz, Paul Crews
and T. D. Roberts.

Pigs Gain 83 Pounds
In 50 Days By Proper
Care of Dan Callaway

Dan Callaway, 15, son of Mr.
and Mrs. Claude Callaway who lives
near Foard City, is conducting an ex-
periment with two Poland China pigs
and is showing remarkable results as
to what can be done with proper care
and feeding.

At the present time he has two
3-months old pigs, one weighing 103
pounds and the other 91, and is feed-
ing them a special protein supple-
ment ration under the direction of
County Agent Fred Rennels.

Outside Interest Shown
Considerable interest has been
shown by outside interests in young
Callaway's project and already Swift
& Company have sent him a hundred
pound sack of tankage, a meat feed
which makes up 25 per cent of the
protein supplement. The Lawther
Feed Mills of Dallas have also sent
him one hundred pounds of protein
supplement. Each company sent a
letter of congratulation and induce-
ment.

Dan bought his pigs when they
were forty days old from D. E. Todd
and at that time they weighed 19 and
20 pounds. He has been feeding
them one pound of protein supple-
ment each day and will continue to
do so until they are ready to top the
market and they are expected to
reach this stage on September 8th
when they become six months of age
and will then be sold. The old idea of
feeding hogs the year round has
been discarded by progressive hog
raisers. Callaway also feeds the
pigs ground wheat and corn in a slop
along with all the other feed they
can eat but will continue to feed
them one pound of protein supple-
ment regardless of their size.

One hundred pounds of protein
supplement is made up of 25 pounds
of tankage, 25 pounds of shorts, 17½
pounds of bone meal, 15 of cotton
seed meal and 10 of alfalfa meal.

Many a man has found out that
shooting dice for a living is a shaky
business.

First Big Oil Well—

(Continued from first page)

ninety days and it is reported that
several other contracts have been
made, the drilling play extending as
far west as Margaret and immediate
territory. The drillers on all of these
projects are particularly optimistic
and at any rate these locations pre-
sage a rapid development of the
entire northeast portion of Foard
County since the wells are being
drilled in tracts as small as 80 acres.

Further development of the ter-
ritory is insured by the fact that a
greater portion of the Thalia country
is divided into small leases, most of
which will expire in March of next
year in the absence of production.
The greater portion of these leases
are owned by the major oil companies
who are planning a rapid develop-
ment of the area. It is unofficially
understood in Wichita Falls that at
least twelve tests will be started in
the field within the next two weeks.
It is necessary for the Shell Petrol-
eum Corporation to begin the drill-
ing of three offset wells at once.
One of these tests will be drilled on
the T. L. Ward property which lies
north of the Tarver No. 1; one upon
the A. T. Johnson heirs property,
northwest of the Tarver No. 1; and
one upon the J. G. Thompson lease,
lying west of the new producer. All
of these wells are certain to make
producers and their completion will
be a matter of only a short time since
the production horizon has been de-
finitely located and drilling may pro-
ceed at a faster rate than is possible
in wildcat locations.

History of Territory
Exploration in this territory was
first begun in 1925 by the Central
Oil Interests of Fort Worth who drilled
a hole on the W. D. Burres farm.
This test although a non-producer,
encountered several likely shows and
as a result the Gulf Production Com-
pany continued the exploration of the
territory with a well upon the A. T.
Miller farm. This location also proved
to be dry whereupon it was decid-
ed that the productive territory
probably laid between the two holes.

In 1927 the Fain-McGaha Oil Cor-
poration drilled a well on the J. E.
Matthews farm, obtaining a produc-
tion of 53 barrels of oil per day at
a depth of 1492 feet. It was decid-
ed to go deeper with the test, but
nothing further was encountered,
and failing again to force production
from the shallow sand, the well was
eventually junked. The Matthews
No. 2 was then drilled by the Cul-
bertson Brothers Co. encountering an
excellent gas flow at 982 feet and
drilling was shut down at this depth.
This well is at present supplying
Crowell and Thalia with commercial
gas.

The Matthews No. 3 was then
drilled by Fain-McGaha but proved
to be a duster. Shell Petroleum Cor-
poration then made its location for
the Tarver No. 1 in the northwest
corner of the south 320 acres of Sec-
tion 3, G. C. & S. F. Survey, about
one-half mile west of the Matthews
No. 1. At this point the quest for
petroleum was successful, marking
the beginning of Foard County's first
major development.

The well situated on the Robt.
Huskey farm one and one-half miles
west of the new well is drilling ahead
at below 1500 feet with excellent
possibilities of a producer. The com-
pletion of this well should mark the
definite limits of the new field to the
west.

Thalia Booms
Thalia has felt the principal effects
of the oil excitement thus far and
a number of new businesses have al-
ready made arrangements to locate
there. A site for a lumber yard has
been purchased from Phillips &
Wheeler just back of Phillips Garage
on the Lee Highway. A dry goods
store, grocery store and a new real
estate office are already being added
to the list of business firms in Thalia.
A site for a laundry has been pur-
chased and will be established there
with further development in that sec-
tion. Thalia is just one mile south
of the new producer.

STATE OF TEXAS
To the Sheriff or any Constable of
Foard County, Greeting:

You are hereby commanded to
summon J. W. Collins, J. P. Collins,
Lucile Golden, Olin Golden, husband
of Lucile Golden; Minnie May Col-
lins, Sally Ann Collins, Lena B. Col-
lins, Isa Bob Collins, Cecil Collins,
Mrs. Minnie Collins, a widow, and the
husbands and wives of each of them
if any there be, and the heirs and
legal representatives of the above
named defendants, by making pub-
lication of this Citation once in each
week for four successive weeks pre-
vious to the return day hereof, in
some newspaper published in your
County, if there be a newspaper pub-
lished therein, but if not, then in any
newspaper published in the 46th
Judicial District; but if there be no
newspaper published in said Judicial
District, then in a newspaper pub-
lished in the nearest District to said
46th Judicial District; to be and ap-
pear before the Honorable District
Court of Foard County, Texas, at the
next regular term thereof, to be
held at the Court House in Crow-
ell, Texas, on the first Monday in
September, A. D. 1929, same being
the 2nd day of September, A. D.
1929, then and there to answer the
Plaintiff's Petition, filed in said
Court on the 13th day of May, A.
D. 1929, wherein the State of Texas
is Plaintiff and J. W. Womack, J.
W. Collins, J. P. Collins, Lucile
Golden, Olin Golden, husband of
Lucile Golden, Minnie May Collins,
Sally Ann Collins, Lena B. Collins,
Isa Bob Collins, Cecil Collins, Mrs.
Minnie Collins, a widow, and the
husbands and wives of each of them
if any there be and the heirs and
legal representatives of them, are
Defendants. File number of said
suit being No. 1395.

The nature of the Plaintiff's de-
mand as set out in said petition be-
ing an action to recover of the de-
fendants the sum of Seventy-nine
and 43/100 Dollars as delinquent tax.

FOUR PRIZES
For Canning Contest

Realizing the value of the canning movement throughout the coun-
ty, we are giving a first and second prize for the best quart jars of vege-
tables and also a first and second prize for the best quart jars of fruit.
The prizes in each case are as follows:

- First Prizes Waterless Cooker
- Second Prizes 27x54 inch Axminster rug

RULES OF CONTEST AS FOLLOWS

Fruit and vegetables must be home grown and home canned.
Only wide mouth one quart glass jars may be entered.
All jars will be entered under registered number, thus leaving name
of canner unknown to judges.
Contest open to any person living in Foard County.
All entries must be placed on display at this store.
Contest closes August 15, 1929.

We will be glad to give further particulars if you will call at our
store.

We now have a large stock of—
Wide mouth jars in pint, quart, and half gallon sizes.
Common mason jars in half pint, pint, quart and half gallon sizes.
National pressure cookers—a wonder for canning.
Burpee Sealers—use one can three times.
National Sealers—lower in price.
Plenty of Nos. 2 and 3 cans.

M. S. Henry & Company

EVERYTHING FOR THE FARM AND HOME
Hardware, Furniture, Implements
Plumbing and Sheet Metal

es due plaintiff for the years 1923,
1924, 1925, 1926, 1927, and 1928,
including interest, penalties and
costs, that have accrued thereon, said
taxes, interest, penalties and cost be-
ing due upon the following described
property, to-wit: All of Lots Nos.
(13, 14, 15, 16, 17, 18, and 19)
Thirteen, Fourteen, Fifteen, Sixteen,
Seventeen, Eighteen and Nineteen, in
Block No. (63) Sixty-three, in the
original town of Crowell, Foard

County, Texas.
And the plaintiff further prays
for the foreclosure of its lien against
said property, to satisfy said taxes,
interest, penalties and costs, for an
order of sale, writ of possession, all
costs of suit, and for general and
special relief, all of which will more
fully appear in plaintiff's original
petition now on file in this office.
Herein fail not, and have you then
and there before said Court, on the

first day of the next term there-
of this Writ, with your return there-
showing how you have executed the
same.
Given under my hand and seal
of said Court, at my office in Crow-
ell, Texas, in the County of Foard,
this 29th day of May, A. D. 1929.
(Seal) IDA REAVIS, Clerk.
District Court, Foard, Co., Tex.
By A. G. MAGEE, Deputy.

Preserves

JELLY AND JAM

We have just anything you want in this
line.

We do not believe that you can find in any
store a more complete line of preserves, jams
and jellies than we have.

Beech-Nut and Edwards

We have a stronger line of Beech-Nut and
Edwards brands than any other kind, how-
ever, here are just some of the other brands
you will find on our shelves—Temtor, Wil-
liams, Meridell, Clifton, Jellyspred, Golden
Moon and Elk.

Whether it is blackberry, plum, strawber-
ry, grape, currant or peach, we have just what
you want.

And you just don't know what good pre-
serves are until you try some of the lines we
handle.

ORDER NOW

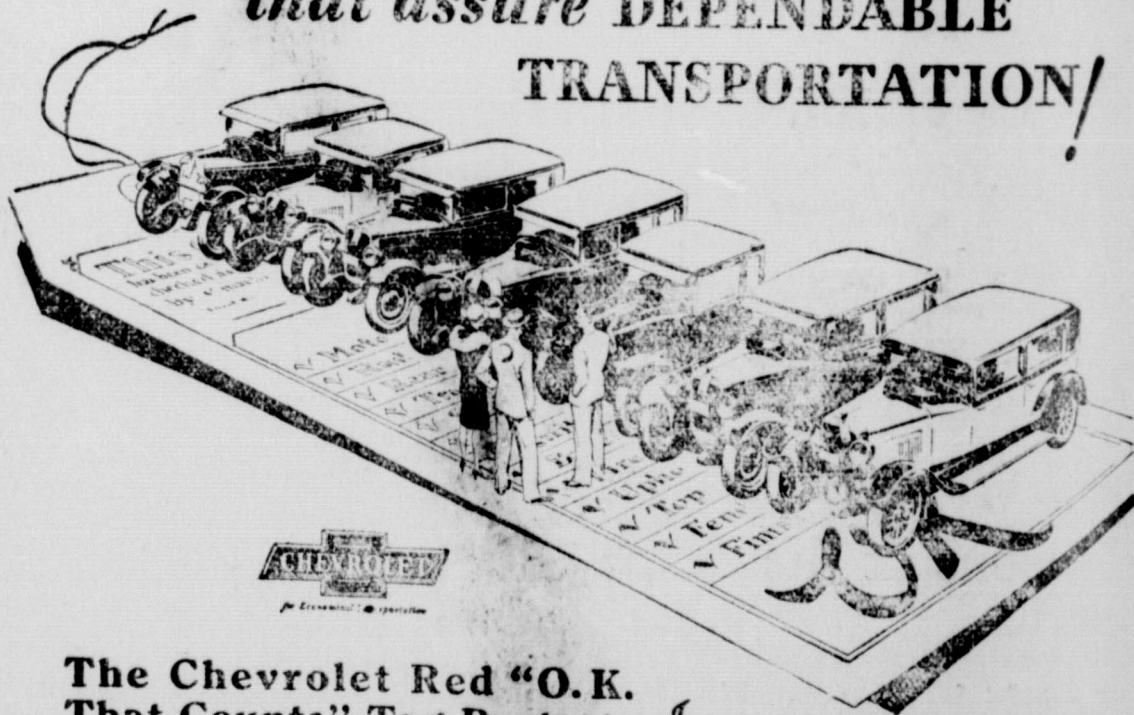

Take your phone down now and tell us
what you want in the grocery line and for your
enjoyment and the enjoyment of others, add
preserves, jam or jelly to your list.

The Chevrolet Red "O.K.
That Counts" Tag Protects
Your Used Car Purchase.

Every reconditioned car we offer for sale is
identified by means of the Chevrolet red
"O.K. that Counts" tag. This tag is the
purchaser's assurance that the car to which
it is attached has been gone over carefully
by expert mechanics—that it has been
thoroughly reconditioned—and that the
price is based on the car's actual ability to
render service.

Due to the overwhelming popularity of the
new Chevrolet Six, we have on hand at this
time an unusually large group of these
"O.K.'d" cars. Come in! You are certain
to find the car you want—at a price that
will save you money. Make a small down
payment and drive your car away!

Miss Ocie Freeman of Slidell, sister to Miss Virginia Freeman, is visiting her this week. Miss Freeman went to Wichita Falls Sunday to meet her. E. E. Parker was here last week from Erick, Oklahoma, to which place he and his family have recently moved to make their home. Mr. Parker will work for the Farmer's Co-Operative gin at that place. Edward Huffman and Granville Lanier went to Abilene Monday to attend the district league convention of the Northwest Texas Conference. Edward is president of this district, and Granville is president of the local league. Miss Mattie Russell returned Saturday night from Sweetwater where she visited for a short while. Her return to Crowell was delayed two days due to the interruption of train service on the Orient railroad following damage to the Pease River bridge by heavy rains. Mr. and Mrs. Reagan Houston visited for several days in the home of Mr. and Mrs. S. T. Crews. Mrs. Houston was Miss Lillian Belle White before her marriage. They have been living in New York City but were enroute to Houston where they will now reside. Sam Crews, Jr., accompanied to Houston where he will visit for several weeks.

M. L. Glass of Vernon Manager Local Studio M. L. Glass of Vernon took over the management of the Robertson Studio last week and will operate the business of that firm indefinitely. He does not know yet whether he will remain here permanently. Mr. Glass has had over eleven years experience in photographic work and with the first class equipment in the studio, he believes that he is thoroughly capable of giving Crowell the best there is in photographic work. George D. Wharton Died Here Monday George D. Wharton, 31, died Monday at the Crowell Hospital following an operation Sunday. Mr. Wharton was survived by his wife, Mrs. Wharton, in 1898 and has been a renter on the Zeibig farm for about the past two years. Funeral services were held Wednesday afternoon at the Baptist Church with Rev. W. W. Smith officiating. Interment followed in the Crowell Cemetery. Mr. Wharton was born in Leeswidow, two children, his mother, three brothers and three sisters. No matter what you plant in your garden, you should be able to get some chickens out of it. Many mistakes are made in this world, but we have yet to hear of a moth making a mistake and eating a hole in a patch. National banks make financial statements every so often, when the government requests them, but a married man kicks in with one every Saturday night. The scientists who said that nothing ever wholly disappears, could probably tell us what became of all the old familiar brewery signs that hung outside the saloons.

Entire System Is Strengthened

"Two years ago specialists in Louisiana advised me to come to San Antonio to recuperate from a bad spell of malaria, which had poisoned my system and left me in a run-

MRS. E. PRUDHOMME

down condition. My complexion and eyes had turned an unhealthy yellow. Everything I ate gave me trouble, instead of strength. Constipation kept my system from throwing off poisons. I was almost hopeless.

"Sargon did more for me in less than a month than all the medicines I used in five years. My friends say they have never seen such a remarkable change in anyone in such a short time. Every trace of indigestion is gone. My food gives me the proper nourishment and I have gained five pounds. I feel good all the time.

"Sargon Soft Mass Pills overcome constipation in a natural way. They not only have rid me of constipation but have driven the malarial poisons out of my body.

"I take the greatest pleasure in telling all my friends about it."

The above statement was made recently by Mrs. E. Prudhomme, 616 West Woodlawn, San Antonio, Texas, who is highly regarded by her friends and neighbors.

Sargon may be obtained in Crowell at the Reeder Drug Co. (Adv.)

AYERSVILLE 4-H CLUB

The Ayersville 4-H Club girls met with Miss Virginia Freeman at the home of Miss Lorene Payne's on Monday, June 10th.

An interesting demonstration on how to make beds and how to hem-stitch was given by Miss Freeman.

Delicious refreshments consisting of lemonade and cake were served to six members and three visitors.

We adjourned to meet with Misses Ivy and Jewell Broadus.—Reporter.

Churches

Ordination Service at Margaret
Next Sunday at 3 o'clock Bro. Foster Russell will be ordained to the full work of the ministry. Bro. Russell has recently been called as pastor of the Margaret Baptist Church. He is one of their home boys. Those assisting in the ordination are: Rev. Frank McNair, Lockett, Rev. W. A. Reed, Thalia; Rev. Foster, Vernon; and Rev. Woodie W. Smith, Crowell. There will be a number of Deacons from several churches who will also assist.

At The Christian Church

Rev. R. O. Brewer of Dexter, Missouri, has been called for a month's trial as our pastor. He will be with us for his first service Sunday, June 23rd. We had hoped to have him for next Sunday and there is still a chance that he will arrive in time, but it is not definite.

Bro. C. V. Allen will preach next Sunday in the absence of a pastor and will use as his subjects two very interesting topics—subjects that will prove interesting to those troubled about the mysteries of the Bible and about what is necessary to be saved. The morning subject will be, "The Mysteries of God," and for the evening service it will be, "What Constitutes True Conversion?"

Our Gospel Team goes to Vivian for an afternoon service at 3 o'clock next Sunday.

C. V. ALLEN, Reporter.

Baptist Church News

Last Sunday was a full day with Crowell Baptists. There was a marked improvement in our Sunday School. The preaching services were well attended. At the evening hour we had four visitors from Paducah. There were a number of new members in the B.Y.P.U. and one addition was made to the church. The pastor also baptized two Sunday night. Those baptized were Que Miller and Mrs. John Bell.

There is no good reason why a church should not have additions every Sunday, if its membership lives the prayer life. We look to the future with the view of being a real blessing and asset to our community. There is no competition in doing good. Bless God for the fine work the churches have wrought for the common wealth.

Our Wednesday evening "Church Night" is gaining momentum. We believe that within the next six months we will see a well filled house at these services.

Sunday, Sunday School at 9:45, preaching at 11 a. m. and 8:15 p. m., B.Y.P.U.'s at 7:15. Each Wednesday we have the following schedule: teacher's meeting, 7; prayer meeting, 7:45; choir rehearsal 8:30. The subjects for Sunday are: morning, "The Deacon, his office work, relation to pastor and Church," evening, "The Greatest Question ever asked by a man."

Special music by choir with Mrs. Rucker at the piano. Mrs. Wright will render a solo.

WOODIE W. SMITH.

Benediction.—Reporter.

Gospel Revival

Gospel meetings are continuing in the tent on West Commerce street. Your presence will be appreciated at these services.

The following subjects will be preached on in their fullness:

June 15—"Babylon and Jerusalem of the Old and New Testament."

June 16—"The Second Coming of Christ."

June 18—"Marriage, its Moral obligation and its Spiritual significance."

June 19—"The five new things of Rev.—New Name, New Body, New Heaven, New Earth, and New Jerusalem."

June 20—"The Great White Throne Judgment," and "The Trinity of God, the Trinity of Devil and the Trinity of Beast."

June 21—"Is Tithing taught in the New Testament?"

June 22—"Baptism."

June 23—"The Church, its Origin and Triumph."

These services have no connection with 7th Day Adventism or Russellism.

I. J. PHELPS.

Methodist Church

A good day at the Methodist Church last Sunday. Attendance fine at the morning services. Attendance in the Sunday School a little off, being just under 200.

We are looking forward to next Sunday with high expectations. Sunday School begins at 9:45 with a program of worship and the prompt attendance of all the members of the school is greatly desired.

Regular worship at 11 a. m. and 8:15 p. m. Junior church services at 11 a. m. This being a special service for boys and girls they are expected to be present in large numbers.

Young People will have their meeting at 7:30 just before the preaching hour. Their meetings are well attended.

Woman's Missionary Society will meet at the church at 4 o'clock Monday afternoon.

W. R. McCARTER.

GAMBLEVILLE
(By Special Correspondent)

Several in this community have leased their land this week for a good price per acre.

Born to Mr. and Mrs. C. W. Carroll, Wednesday, June 8, a baby girl, Leta Joe. She weighed 5 and one half pounds.

Mr. and Mrs. Eudale Oliver of Thalia took dinner Sunday with Dave Shultz and wife. They also visited R. C. Johnson and family and Mr. and Mrs. D. M. Shultz Saturday night and Sunday.

Mr. and Mrs. C. D. Haney and son, Bob, of Talmadge visited a while Sunday afternoon with Dave Shultz and wife. They also were visited by Mr. and Mrs. Cato of Thalia.

Mr. and Mrs. Millard McAndy, Mrs. S. T. Shultz and an uncle of Mr. McAndy's of Vernon took dinner Sunday with D. M. Shultz and wife.

Irene Shultz of Vernon returned home Sunday after a week's visit with her grandparents.

Sunday School at 11 o'clock and singing every Sunday night at the school house. Everyone is invited to attend.

Balthy Mills of Amarillo is visiting Mrs. Peacock this week.

BACK FROM VALLEY

G. A. Shultz and daughter, Mary Grace, Mrs. J. A. Stovall and daughter, Madam, Mrs. Maggie French and daughter, Tommie, returned to Thalia Friday from a visit to the Rio Grande Valley and Old Mexico.

Iona and Reed Pyle were taken to Driskill in the valley and left with their father, Ray Pyle.

Mr. Shultz reported a nice trip but said that the trip was cut to short as they made over 1,900 miles in six days. He reported flooded conditions in the Houston district.

SOCIETY

MESDAMES EMERSON AND PARRISH HONORED JUNE 11

Mesdames S. S. Bell and A. Y. Beverly entertained with a prettily appointed 12 party Tuesday afternoon at the home of Mrs. Beverly, honoring Mrs. L. R. Emerson of Waco, Texas, and Mrs. W. R. Parrish of Mission, Texas. Tables were placed for the game and after a glass of refreshing punch, tally cards were passed.

Those who enjoyed the hospitality of the hostesses were Mrs. Emerson of Waco, Mrs. Parrish of Mission, Mrs. Thompson of Rock Springs, Miss Baker of Memphis; Mesdames Joe Johnson, Hartley Easley, M. S. Henry, John Ray, H. Schindler, R. W. Beverly, G. D. Self, T. B. Klepper, W. C. McKown, John Williamson, Paul Shirley, E. M. Crosnoe, Alton Bell, H. K. Edwards, T. N. Bell, M. L. Hughston, T. J. Hughston, Byron Reese, L. A. Beverly, Esca Brown, John Raser, D. R. Magee, Oscar Boman and Glynn Shultz.

I.O.O.F. Held Memorial Services Here Sunday

A large crowd was present at the memorial services held at the Baptist Church Sunday afternoon at 3 o'clock that were held for departed Odd Fellows and Rebekahs. Rev. Woodie W. Smith preached an excellent memorial sermon and many declared it to be the best they had heard.

Immediately after the services the crowd adjourned to the cemetery and with appropriate ceremonies decorated the graves of 18 Odd Fellows and 4 Rebekahs. Preliminary to the services at the church the Odd Fellows gathered at their hall and marched in a body to the church.

4-H Club Girls To Have Contest June 19

Each girls 4-H Club of Foard County will be represented here Wednesday, June 19th with a two-girl team to take part in a bed-making contest. The team winning in this contest will take part in a district contest to be held in Quanah on June 25th.

The winner of the Quanah contest will be given a trip to the A. and M. Short Course. Many home demonstration agents are using different projects for their girls' teams to take part in and some of these include setting of hens, good manners and table etiquette and others. The bed-making contest comes under home improvement and each contestant is given 15 minutes in which to properly prepare a bed. To neatly and properly fix up a bed is more of a job than most people consider and club girls of the county are now practicing on the correct method of doing this.

Farmers Gin Votes \$4,500 Improvements

The directors of the Farmers Gin of Crowell met at the court house Saturday to make plans for the coming cotton season. It was voted at this meeting to spend around \$4,500 for improvements to the old gin and for the purchase of new machinery, including special cleaners from the Hardwicke-Etter Company of Sherman. Plans were also discussed relative to the new gin belonging to the Farmers Cooperative Society. The building for this gin has already been completed and if conditions continue favorable for cotton, it will be furnished with the newest and most modern equipment.

Vernon 6, Crowell, 5 In Ball Game Here

Crowell lost a closely fought game here last Friday to Vernon by the score of 6 to 5. One had inning for Crowell lost them the game. In the second period Vernon made all of their scores but were held scoreless from then until the end of the game. The game was featured by a home run by Gordon Bell, who also played a great game at first base. Howard Hallmark, center fielder for Crowell, was one of the stars of the game. Rasberry and Walker, for Crowell, and Archer and Arrp for Vernon, were batteries for the game.

Thalia Here Saturday Crowell will play Thalia here in a game Saturday at 4 p. m. in the local ball park. The team will don their new suits for the first time in this game. These suits were bought by local firms. Thalia and Crowell have played some closely fought games already this year and the game Saturday should be a good one. William Bell, who just returned from the Abilene Aces of the West Texas League, will likely pitch the Saturday game.

Fashionettes and Store News

No matter how hot the weather we never want to lose sight of Fashion, and the elusive hunt for that which is smart still progresses. The main thing now is to be cool and comfortable as possible. To do this one wears wash silks and lovely cotton materials with low neck lines and short (if any) sleeves. Nelly Don, as ever, is foremost in designing that which is smart and comfortable, has created some of the most entrancing frocks imaginable from these materials.

Have you made new summer dappies for your home? The winter ones look so hot the family will notice and appreciate, more than you think, some cool, crisp dappies that let in the breeze. Try it. Many women make side drapes and valance of some colorful cretonne and make very sheer (or none at all) glass curtains for summer. Others make wispy ruffled affairs, inexpensive but effective.

The little Miss should wear a hat of organdie or silk with tiny ruffles and flowers for trims. We have a lovely selection for them, all sizes.

Blaw and Rosenthal CROWELL, TEXAS

T. F. Lambert Big Peach Crop This Year

T. F. Lambert of the Rayland Community was in Crowell Monday for the purpose of making arrangements to dispose of his large peach crop. He stated that he had nine trees of early healthy peach trees that will produce at least 75 bushels and that these peaches are now ripe. Mr. Lambert's orchard contains a total of 20 peach trees, however only a very small part of his crop is yet ripe. He also has apricot and apple trees in his orchard and he stated that the apricot tree limbs were weighted to the ground with fruit.

Mr. Lambert has one of the best balanced farms in Foard County and his farm home contains all the conveniences to be found in any city residence. It is located one mile south of Rayland. He is now making the second cutting this year on his 8-acre alfalfa patch and stated that he usually makes five cuttings to the year from that crop, with 400 to 500 bales to the cutting. Mr. Lambert is a strong believer in registered dairy stock and is the keeper of one of the bulls of the Foard County circle.

Foard County's fruit crop this season is better than in many years and heavy yields from the trees are being reported all over the county.

The first Spanish bull fight on record was in Seville, in 1405.

Foard Co. Prospects

will play in the growth of Crowell and Foard County but even the most pessimistic is bound to admit that it is going to help and help greatly. Every condition now points toward prosperity for this section and city whether there are great increases in oil activity or not and according to present indications, North Texas' next big oil field should be in the Thalia area and it will take a person with more vision than the writer to predict just what all this will really mean.

Anyway things are sure looking good, to speak in plain words, and there are many towns that would gladly change their geographical locations with Crowell.

Yes, we are on the train to prosperity.

PRICE BUSH VERY ILL

Joe W. Beverly received a letter Tuesday from J. N. Bush stating that his brother, Price, was still in a serious condition. Price Bush is owner of much land in Foard County and usually visits here several times each year. He became ill on his last visit here a few weeks ago.

J. N. Bush also stated in his letter that he had just gone to the funeral of W. Y. Barnett at Krum and that there was a big crowd present. Mr. Barnett was well known to many people here.

No. 248 RE: Guardianship of the Estate of Cecil Short et al. In the County Court of Foard County, Texas. Notice is hereby given that Cecil Short, Johnnie Mae Short, Bessie Short, minors, have filed my application in the order of the County Judge of Foard County, Texas, authorizing me to make a mineral lease upon terms as the court may order in the following described estate belonging to the estate of Cecil Short, to wit:

Their one half interest in the 20 acres of the south 120 acres west 1/2 Sec. No. 289, Blk. A. E. of C. Ry. Co., Foard County, Texas. The South 80 acres of the east 1/2 Sec. No. 316, Blk. A. E. of C. Ry. Co., Foard County, Texas. Said Application will be heard at the County Judge at the Court in the town of Crowell, Foard County, Texas, on the 22nd day of A. D. 1929.

J. L. SEBASTIAN Guardian of the Estate of Cecil Short, Johnnie Mae Short and Bessie Short.

The nearest approach to glass that the Egyptians could make was light green.

The oldest cultivated rose from Persia and India.

CICERO SMITH LUMBER CO. "THE HOME OF SPLINTERS" R. J. ROBERTS, Local Manager

Dear Friends: The addition of a big oil field to our already fine prospects for a row crop makes Foard County one of the brightest spots on the map today. If you would like to see smiles that do not rub off but last over some of the boys at Thalia and a few, whom we could name that live in Crowell. Texon Tattler blomed about that awful oil well, down here somewhere, until the well must have blown up as we have heard no more from him on the subject in some time.

Less is good building materials you want we have them. Framing, siding, flooring, both in oak and pine, and shingles, in fact every thing it takes to complete the home.

Wife (at breakfast): "I want to do some shopping today, but if the weather is favorable. What does the paper say?" Husband: "Rain, hail, thunder and lightning!"

Few of those good planter tongues left, if you need one let us get it, they will fit your cultivator too.

Three out of five American families own an automobile but the other two are in debt too.

To keep the fly out of your home you must have it well screened.

There was an old maid of Peru. Who forty-six languages knew; With one pair of lungs She spoke forty-six tongues; I don't wonder she's single, Do you? Yours truly, SPLINTERS.
