## Hundreds of Odd Fellows and Rebekahs Attend Two-Day Session Here

### VERNON CHOSEN FOR 1930 MEETING; E. O. EUDALEY ELECTED PRESIDENT

Performance of Glee Club from Corsicana Home; Address By Barry Miller and Contest Feature Annual Session

Over one thousand registered delegates, representatives and visitors were present at the annual two-day session of the Lower Panhandle Association of Odd Fellows and Rebekahs that closed Thursday afternoon after one of the most successful meets in the history of the association which includes 12 counties and 72 lodges representing over 8,000 Odd Fellows and Rebekahs. There were over five hundred delegates to officially register.

#### Officers Elected

Vernon was chosen as the 1930 meeting place of the association and the following officers were elected on the final day of the session: E. O. Eudaley, president; Mrs. Hattie Beecher of Chillicothe, vice-pres.; W. O. Vestal of Crowell, second vice-president; Mrs. Bertha Ross of Vernon, secretary; and Mrs. Ada Ramsey of Corsicana, treasurer. Mrs. Lillie McNeely of Wichita Falls retired president of the association for the year.

Vernon was also successful in taking away the cup that has been held for the past two years by the Crowell Rebekahs. Crowell lacked only one point in the contest on degree night Wednesday night in winning the cup for the third consecutive year thereby gaining permanent possession of the cup. The contest between the Electra, Vernon and Crowell lodges started Wednesday night at about three o'clock Thursday morning.

#### Girls Make Hit

The high school auditorium was crowded to capacity Wednesday night as a special program was given by the glee club and orchestra, composed of 25 girls from the Odd Fellow assembly at Corsicana. The performance of this charming group of talented girls, ranging in ages from 12 to 18, was the outstanding feature of the two-day meeting. W. O. Barlow was orchestra leader and Miss Roberts was in charge of the glee club. Hundreds of compliments were sent on every hand concerning the performance of these girls which was many times the cost of bringing them here. Barry Miller, lieutenant governor of Texas and grand master of I. O. O. F. of Texas, was featured at the Wednesday night session by T. N. Bell. He made a splendid address.

The morning session of the second day was featured by addresses from J. Dearborn of Orange, grand patriarch of the I. O. O. F. of Texas and E. Q. Vestal of Dallas, grand secretary of the I. O. O. F. of Texas. The two-day meeting came to a close Thursday night when the glee club and orchestra gave a special program at the Methodist Church. Thursday afternoon session was featured by committee reports and business.

#### Opening Session

The opening session was called to order by Mrs. Lillie H. McNeely of Wichita Falls, president of the association for which O. O. Hollingsworth of Crowell, deputy grand master of Foard County, took charge for the morning session. After the grand song "America" Rev. W. W. Smith, pastor of the Crowell Baptist Church, pronounced the invocation. Tom N. Bell, president of the Crowell Rotary Club, made the address of welcome to which W. A. McIntosh of Memphis responded. The welcome address on behalf of Foard County and the Rebekahs was made by Mrs. D. Oswald with Mrs. Bertha Ross of Vernon responding.

Barry Miller speaks. The morning session was featured by an address from Barry Miller, lieutenant governor of Texas and grand master of the I. O. O. F. of

Texas. Consolidation of smaller lodges with nearby larger organizations was urged by Mr. Miller in his address. He gave a number of advantages to such a plan stating that the automobile and good roads were now making it easy for people in the smaller communities to reach the main centers of population. He also mentioned that a number of the smaller lodges were finding it difficult to survive and that consolidation offered the best solution for the small lodges to solve their foremost problem.

Two selections by the girls' glee club and two readings by Miss Nina Tharner of the Odd Fellows Home at Corsicana were also given at the morning session. At noon the group adjourned to the Baptist Church for lunch.

#### Officers Introduced

The following officers of the grand lodge and the grand assembly of Rebekahs and officers of the Lower Panhandle Association were introduced at the morning session: Barry Miller, Ray Rector, of Stamford, deputy grand master; E. Q. Vestal of Dallas, grand secretary; Mrs. Ada Ramsey of Wichita Falls, past president of the Rebekah assembly; Mrs. May Self of Denton, vice president of the Rebekah assembly; Mrs. Lillie H. McNeely of Wichita Falls, president of the association; E. O. Eudaley of Electra, first vice president of the association; Mrs. Hattie Beecher of Chillicothe, second vice-pres.; Mrs. Bertha Ross of Vernon, treasurer; Mrs. Sude Avtry of Electra, secretary; W. O. Barlow, musical director of the Corsicana home; Mrs. Roberts, fine arts director of the home; Mr. and Mrs. Ross G. Harris, superintendent and matron of the Corsicana home.

#### Afternoon Session

After the meeting was called to order in the afternoon and with invocation by Chaplain W. W. Griffith, a business session was held. The principal addresses of the afternoon were given by Ray Rector, deputy grand master, and Mrs. May Self, vice president of the grand assembly.

A special session of the grand lodge and Rebekah assembly was held at 7:30 after which memorial services were conducted by the Vernon Rebekahs. The first day's program was completed with a program by the glee club and orchestra from the Corsicana home and by contests and ritualistic work of subordinate lodges, Vernon, Quannah and Crowell; and Rebekahs, Vernon, Electra and Crowell.

The counties included in the Lower Panhandle Association of Odd Fellows and Rebekahs are: Wilbarger, Hardeman, Wichita, Cottle, Foard, Motley, Hall, Childress, Collingsworth, Knox, Baylor and Archer. Every county was well represented at the meeting.

### CITY COUNCIL ORDERS PAVING OF FOUR BLOCKS

#### Preliminary Work For New Pavement to Begin Immediately

Four blocks of paving on the east side of the court house square were ordered at a special meeting of the city council Friday night. The paving was ordered as a result of a petition that had been presented by the property owners along the four blocks to be paved.

In a meeting of the council a few weeks ago, the city agreed to paving ten per cent of the total cost of paving and the petition originally presented was again taken to the property owners by J. H. Olds and practically all of the original signers agreed to the terms offered by the city.

Preliminary details as to the paving will soon be worked out relative to securing the engineering work and other items.

The pavement is to start one block south of the square and continue four blocks north to the Christian Church. It is planned to pave the full width of the original signers and the type of pavement to be used is not yet known although it is likely be brick or concrete.

BARRY MILLER

Mr. Miller, lieutenant governor of Texas and grand master of the Texas I. O. O. F., made the principal address of the annual session of the Lower Panhandle Association of Odd Fellows and Rebekahs here. His home is in Dallas.

### Christians Closed Formal Opening of Successful Revival New Griffith Hotel Here Sunday Night Was Well Attended

One of the most successful revivals that has ever been held in Crowell came to a close in this city Sunday night, although the revival was continued at Claytonville and will come to a final close at that place Sunday night.

Rev. Paul J. Merrill of Fort Worth conducted the services here and is also doing the preaching at Claytonville. A number of local people are attending the services each night.

During the meeting here twenty-five additions were made to the church, twenty-two of which were for baptism. The revival was unusual in the fact that so many grown people were included in the list that joined, there being eight men, eight women, three young women and six boys and six girls. Two joined by transfer and one from another church.

New Testaments Given Six New Testaments were given away Sunday night to their various winners. Mrs. Tip Edgin was given one for first giving the correct answer to the "most popular and yet the most worthless thing in the world." The answer was 'excuses.' Mr. and Mrs. E. W. Burrow and Mr. and Mrs. Harvey Sikes were given Testaments for having been the couples married the longest and the shortest time, respectively, at one of the services. Other winning Testaments were Mrs. Allen Fish for giving the answer 'ingratitude' as being the outstanding sin in Crowell; Mrs. L. R. Morgan for bringing the most to Sunday School and to Mrs. N. J. Roberts for having the largest increase in her class.

Large Sunday School What is believed to have been the largest crowd at Sunday School in the history of the local Christian Church was in attendance Sunday with 132 present. Mrs. N. J. Roberts had 33 women present in her class; C. V. Allen had 24 men in his, and Mrs. R. L. Kincaid had 18 young people in her class.

Throughout the revival a goal of 125 was set for Sunday. Rev. Merrill delivered a wonderful variety of sermons and the musical leadership of Miss Lou Faulkner of Quannah contributed a great deal to the success of the meeting. The meeting was conducted for two weeks here.

A watermelon feast will be held by the church at the F. A. Davis place near Pease River Monday night, honoring Rev. and Mrs. John Clark, and the new members of the church. Rev. Clark is the new Christian pastor who arrived here August 10, and was present for the last week of the revival.

Rev. Clark assisted greatly with the revival and had the opportunity to make a great number of friends and to become acquainted more quickly with the people than it would have been possible had there been no revival.

The mackerel catch during the last four years has been unusually large.

### Pioneer Resident of Foard County Died at Wichita Falls Tues.

Mrs. Flen Hays, 62, of this city died Tuesday, August 20th, in Wichita Falls where she had been since April for treatment. She had been in ill health for several years and for the past few weeks had been very low.

The only immediate relative surviving her is her husband of this city. Mrs. Hays was born in Alabama on July 14, 1867. Her maiden name was Valeria Lyons. She and her mother moved to Cooke County in about 1886 and on December 13, 1888, she became the wife of Flen Hays at a wedding in Cooke County.

The couple moved to Foard County in 1898 and settled in the Vivian community and stayed there two years and have lived in and around Crowell since. During her long residence here Mrs. Hays made hundreds of friends who mourn the death of this good Christian woman.

She was a member of the Presbyterian church, having joined with her husband although she became a member of the Methodist Church when a young woman.

Funeral services were conducted at the local Presbyterian Church Wednesday afternoon with Rev. J. T. Bryant officiating. Interment followed in the Crowell Cemetery.

Pall bearers at the funeral were Mrs. Hays' nephews: James Hays, Jim Cates, Frank Cates, Grover Hays, John Hays and Roy O. Steele. The following nieces acted as flower girls: Ura Hays, Blanch Hays, Mary Elizabeth Reynolds, Mary Meason, Margie Meason and Mrs. Howard Bursey.

### Wich-Tex Oil Test Gives Dissappointing Results This Week

Oil development in Foard County during the past week has shown practically no increase of activity. The situation has remained entirely quiet except for the expectant flurry the latter part of last week in connection with the Wich-Tex T. A. Johnson Estate Well No. 1.

Prospects of immediate development of the Thalia section were dependent almost entirely upon this well, which failed to produce from the Tarver No. 1, as anticipated. Failure of this well to produce has turned the eyes of the oil industry toward the Humber's Status No. 1, now drilling at approximately 200 feet.

It is probable in view of the failure of the Wich-Tex test, that the field will extend in an easterly direction and the outcome of the Status well will either mark an extension of the field or definitely mark its eastern boundary.

Offsets of the Tarver No. 1, on the T. L. Ward and J. G. Thompson leases are drilling ahead but are showing little interest as there is little doubt that both wells will make producers. The offset well on the T. A. Johnson Estate lease is still producing at the rate of about 200 barrels of oil per day.

There is some doubt as to the final disposition of the Wich-Tex test but it is considered probable that the well will be plugged at its present depth, after encountering the granite wash.

Humble Oil and Refining Company is drilling ahead below 4,000 feet on its Les K. Johnson well.

### R. H. COOPER III BADLY BURNED IN CROWELL WED.

#### Youth Suffers Severe Burns at Pierce Petroleum Oil Warehouse

R. H. Cooper III of this city was seriously burned Wednesday afternoon at the wholesale house of the Pierce Petroleum Company. He was in the pump house of the plant and was priming the pump when a sudden blaze broke out on the gasoline covered floor setting fire to his oil soaked clothing.

He ran from the house and immediately rolled on the ground. Henry Ross, manager of the plant, quickly reached him and tore his blazing clothing from his body. Mr. Ross severely burned his right hand and two fingers on his left in doing this work that saved the life of his employee.

The thoughtfulness of Mr. Cooper to roll on the ground also kept the blaze from spreading to his chest and other portions of his body. He was carried to the Crowell Hospital.

He was seriously burned about his legs, neck and face. The most severe burns were received on almost the full length of both legs.

The pump house of the station was all that was damaged by the fire. It is believed that the fire caught from the electric motor that was used for pumping the gasoline.

Mr. and Mrs. C. S. Childress and family of Merkel visited the past week-end with Mr. and Mrs. S. H. Tarvin.

### LARGE STILL CAPTURED BY OFFICERS WED.

#### Sheriff Miller and Deputy Roden Arrest Oklahoma Woman in Big Raid

Sheriff Que Miller and Jack Roden, deputy, captured one of the largest stills Wednesday morning that has ever been found in this section. As a result of the capture Mrs. W. T. Myers of Duncan, Oklahoma, is in the Foard County jail charged with operating a still and a search is being made for her husband, another man and a youth who were also connected with the operation of the still. The three men escaped when the still was captured, however, they are known by the officers.

The complete distilling plant was located about eighteen miles northwest of Crowell in the center of the heaviest willow thicket in Foard County, one-half mile north of John Ray's residence, on whose place the still was found. The growth is so dense that one can hardly see 5 feet ahead.

Mr. Miller and Mr. Roden spent about two nights and two days hid within about 15 feet of the plant before raiding it Wednesday morning at about daylight. The three men started running as soon as they were commanded to hold up their hands and made their get-away. They would not stop running even after a few shots had been fired near them.

Mrs. Myers and a Master Six Buick Sedan were brought to Crowell and the distilling plant was brought by truck in the afternoon. Hundreds of people crowded about the equipment that was unloaded next to the court house.

Twelve 50-gallon barrels of rye mash, a 100-gallon copper boiler, gasoline burner and pressure tank, 80 one-half gallon jars a coil and a trough, besides other items were included in the equipment.

According to conversation heard during the night, the operators had planned to start running the liquor at 4 a. m. Wednesday and by 8 p. m. they expected to have the 80 one-half gallon jars filled with rye whiskey.

The plant was complete in every respect, even to a water well that had been dug for the use of the distillery. Complete camping equipment was also located under the bluff where the capture was made. It would have been difficult to find a better hiding place for the manufacture of liquor anywhere in Foard County.

Mr. Ray noticed suspicious activity on the northern part of his place and made a report to the sheriff's office a few days ago which led to the capture of the still and Mrs. Myers.

### Five Miles Yet to Be Graded on Highway 28

Work on the grade and drainage structures on the last ten miles of the Lee Highway, State Highway No. 28, is progressing nicely with about half of the mileage on the last ten mile stretch already completed, according to Oran Speer, contractor for the work.

The roughest part of the county is yet to be graded through. Twenty-eight bridges and culverts are required on the last ten miles. Pouring of concrete on the largest bridge in Foard County on the Lee Highway is to begin immediately. This is a 60-foot bridge over Good Creek and is located about twelve miles from Crowell.

A new and improved detour is now being constructed between the main highway and Vivian. A great amount of travel is now going over the part of the highway that is already in shape.

RAY RECTOR

Mr. Rector of Stamford is the deputy grand master of Texas Odd Fellows and was one of the most popular visitors at the meeting here of the Odd Fellows and Rebekahs.

E. Q. VESTAL

Mr. Vestal is the present grand secretary of the Odd Fellows of Texas. He has been officially connected with Odd Fellow work for 12 years and now serves in various official capacities in the I. O. O. F. He lives in Dallas.

Our 22 years of continuous business in Crowell, we think has qualified us in many ways to serve you to both your and our advantage. In 22 years we have learned to weed out the goods that are shoddy and unfairly made, that are made to sell at a price without aiming to give fair service. There are many goods made and sold without any thought of giving dependable service—just sold at a price, the buyer is loser.

We buy only of reputable houses, and have made a study of the best goods that we can hope to sell in this community. We have always made fair and equitable adjustments because we know when a piece of goods fails to make good just where to go for redress.

We still have an interest in the goods after they are sold and paid for, in that we see that the goods do give entire satisfaction. OUR SERVICE will equal at least any one who is giving a like service. We aim to make our service equal to any service rendered.

We hope it will be a long time before you need it, but we want you to know that we have for your service a splendid Ambulance to take you anywhere easily and comfortably if you get sick or hurt.

There are many occasions when people want flowers, especially for Funerals. We will be glad to place your order for these flowers and see after them from the time they are ordered until they are properly left in position in the home or the grave. We furnish beautiful flower racks to display them and the solid walnut carrying rack beautifully displays them also.

Chillicothe Pastor Chosen As Most Valuable Citizen

Rev. Lee H. Smith, pastor of the Presbyterian Church at Chillicothe, has been chosen by the American Legion as the citizen of that town who has done more to promote the welfare of the town and community in the past twelve months.

Rev. Smith is a former pastor of the Presbyterian Church of Crowell and has many friends here who will be glad to learn of the honor conferred on him in our sister town.

Winners Announced in Canning Contest Here

The canning contest for women of Foard County, announced by M. S. Henry and Company in June, came to a close Thursday and the winners were announced Friday.

Four prizes were offered in this contest, two prizes for the vegetable division and two prizes for fruit canning. Mrs. Jim Sam Smith of Marquette won a fine waterless cooker for having the best quart jar of fruit and Mrs. T. F. Lambert of Rayland was second. Both canned peaches.

Mrs. H. R. Zeibig took first place in the vegetable contest with a fine jar of cucumber pickles and Mrs. J. W. Owens was second with a jar of canned peas. Excellent work was reflected in all of the quart jars of fruit and vegetables that were entered.

M. S. Henry & Company started this contest in promoting a live-at-home program and will likely make it an annual affair.

The first and second prizes of this contest in each case were a waterless cooker and a 27 by 54 inch Axminster rug.

Revival Is Started At Rayland Church

A revival meeting at the Rayland Baptist Church was started Sunday and will last for two weeks, according to Rev. W. A. Reed, pastor.

Legion Meeting Called For Friday, August 30

C. B. Morris, commander of the local Gordon J. Ford post of the American Legion, has called a meeting of legion members for Friday, August 30th, in the office of Dr. Hines Clark.

Julian Wright, adjutant, stated that the meeting will be held for the purpose of discussing plans for holding a November 11th celebration. He said that every member was urged to be present at this important meeting.

BACK FROM OHIO

C. D. Stephenson and wife have returned to their farm near Crowell after spending the past few months in Rosewood, Ohio, their former home.

Mr. Stephenson stated that crop conditions here were more favorable than in the sections of the North that he had noticed. In returning to Crowell he passed through Illinois, Indiana and other states. He said that conditions there had been too wet. Big rains caused late planting and it has continued to rain and only about a fourth of a corn crop will be made in Illinois and Indiana, according to his belief. He said that the crop conditions in most of the states that he passed through were just fair at the best.

Orgatone Has Put Me In Front Rank Again, Says Wichita Falls Man

Had Suffered Nearly All His Life Without Relief, But Master Medicine Restores Him

"When I tell you that Orgatone has relieved me of years and years of suffering you can readily understand why I am so strong for this new medicine," said A. F. Elliott of 417 Wichita St., Wichita Falls, Texas.

"I had a number of troubles and it's the first time in several years I have been rid of them. Before I began taking Orgatone, I had gas forming on my stomach and I would float up until I was miserable for hours after eating. Several years ago my liver began to enlarge and the doctors couldn't do anything for me. I took every kind of medicine I heard of but nothing ever did me any real good. I was very badly constipated and was nervous and restless and wasn't able to get any rest at night.

"Some of my friends told me to take Orgatone and I had been keeping up with the papers and so I purchased a bottle. I want to tell you that Orgatone has proven several times it worth to me. I eat anything I want now and food does not sour on my stomach, my kidneys and liver seem to be functioning properly and in fact, I just feel fine all around. Orgatone has done a lot for me and I am glad to say what I can for it, in order that other people may profit by my experience.

Genuine Orgatone may be bought in Crowell at the Reeder Drug Co. (Adv.)

MR. AND MRS. ROSS G. HARRIS

Mr. and Mrs. Harris are superintendent and matron, respectively, of the Odd Fellow's Orphan Home at Corsicana. Thirty-five girls, making up the list included in the glee club and orchestra, were here from the home and were, without a doubt, the most popular feature of the annual session.

There are 325 orphans in the home at Corsicana. A high school education is provided for all and each child is allowed to take music and other special training. W. O. Barlow, who was also here, is musical director of the home, and Miss Roberts, another visitor here, is the fine arts director.

The 35 girls made the trip here in one big bus. Upon arrival they were assigned to Crowell homes.

County and State Taxes are Raised For Coming Year

It is very probable that the total tax rate in Foard County this year will be \$4.25 on the \$100.

The commissioners court raised the county rate 10 cents for a special jury fund as heretofore the money for that purpose has been taken from the general fund and sufficient money has not been left for other county activities. The special road and bridge tax of 15 cents brings the total county rate to \$1.75.

The city rate remains the same, \$1.50; however, a few changes have been made in dividing that amount. Eighty cents goes for water, a slight increase over last year; 20 cents for sewer, and 50 cents for the general fund.

The automatic tax board at Austin recently agreed to levy 30 cents on the \$100 for ad valorem purposes, an increase of 8 cents over last year. The confederate pension allotment was fixed at 7 cents, however, no agreement was reached on the rate for school purposes. The levy for school purposes was 35 cents during the past year, the constitutional limit and will likely be reduced to 31 cents this year. Should the levy for school purposes be reduced the state rate for the year would be 68 cents, a four cent increase over last year.

The local school tax is \$1.00 bringing the total rate for the year to \$4.25 on the \$100 if the state school levy is reduced, and it is generally believed it will be.

Odd Fellow Talent Furnished Rotarians

The regular Wednesday luncheon of the Rotary Club was featured by an address from Barry Miller, lieutenant governor of Texas and grand master of the I. O. O. F. of Texas and by numbers from five girls of the Odd Fellow home at Corsicana.

Mr. Miller pointed out that good government would not be realized until the individual citizen realized his own responsibility. "I feel certain that no outside foe will ever conquer us but it is possible that the lack of interest in the government by the individual citizens may lead to our own destruction," he said. He mentioned that in France the citizens were made to vote by law and compared that situation with the one that existed in Texas recently when only ten percent of the qualified voters went to the polls to vote on two important matters.

Excellent Entertainment  
Misses Rose and Nina Thraner, Edna Wilkins, and Misses Dot and Kitty Arledge, members of the club from the Odd Fellow home at Corsicana entertained with a number of splendid selections including songs, readings, dancing, and whistling. These young girls displayed surprising talent and the approval with which their numbers were received was reflected in the many encores.

Short talks were also made at the luncheon by E. Q. Vestal, of Dallas, Ray Rector of Stamford, Ross G. Harris of Corsicana, W. O. Barlow, Corsicana; Mrs. Ray Rector; P. G. Spruill of Shamrock; and Ross Magee, Rotarian of Quanah.

Other visitors were C. H. McClellan, Rotarian of Wichita Falls, and Mrs. Ross Harris of Corsicana.

Ladies Night  
It was announced that no regular luncheon would be held next Wednesday at noon due to the fact that ladies night would be held on that day.

FIVE PERSONS—

Came to the News office since the last issue of this paper for the purpose of securing a copy to look into the classified ad section in regard to securing furnished rooms or rented houses.

All of these people were newcomers to Crowell and the first thing that a stranger who wants a room, furnished rooms, a house or room and board, when coming to a new location is to get a copy of the local paper and refer to the Classified Section and see what they can find in the For Rent list.

You are losing out if you have rooms for rent and do not have them in the Classified Column. For with the approach of fall a number of other newcomers will arrive weekly. And another thing, the local people read these ads and are therefore in a position to tell strangers that you can supply their needs.

Other Items Too—Last week it was stated in the Classified Column that a fine Sterling silver baby rattle had been found and Monday a lady from Truscott who had read the ad called at the News office for the item she had lost.

Texas Life Insurance Investments Increase

Dallas, Texas, August 22.—Investments of the Texas Life Insurance Companies for July showed a slight increase over those for June. Definite easing of money conditions especially among farmers was noted, policy loans occupying 54 per cent of the

total in July as compared with 62 per cent in June. Examination of the statistics indicated that most of this increase was experienced in the latter part of July with the start of cotton picking.

Bonds and stocks total 5 per cent of the investments for July and real estate loans 41 per cent.

Building operations in North Texas and West Texas went hand in hand, North Texas taking up 42 per cent

of the total and West Texas 37 per cent, South Texas being third with 19 per cent. One out-of-state loan was made for \$10,000.00, 4 per cent of the entire total.

In general the report indicated a much easier tone in financial conditions.

**Baptist Church News**

Last Sunday was a progressive day with Crowell Baptists. Bro. Foster Russell preached at the morning hour and the pastor preached at the evening hour. There was two received for baptism and were baptized at the close of the evening service.

The work is holding up in a marvelous way during the summer.

Next Sunday Pastor Woodie W. Smith will fill his pulpit at both hours. It is hoped that large crowds will greet the pastor at each service.

Sunday School at 9:45, preaching at 11 a. m. and 8 p. m. B. Y. P. U. at 7 p. m.

The pastor just closed a glorious meeting at Margaret last Tuesday night. There were some fifty conversions and thirty-seven additions to the church.

The entire church was revived and are ready to launch a great program this fall. Their pastor, Bro. Russell, is making good in a great way and everybody loves him.

The W. M. S. meets at the church here Monday at 4 p. m. A man born in Brazil will speak to them on missions and religious work in Brazil. Incidentally he will also demonstrate aluminum ware to the ladies. It is hoped that all the ladies will be present.

**Barbecue Held by Jameson Settlement**

A real old-fashioned barbecue was held last Thursday by the people of the old Jameson settlement. The men of the community entertained their families at this affair which was attended by practically everyone in the settlement and a number of outsiders.

The picnic dinner consisted of barbecued beef and mutton, pickles, onions, bread and lemonade. It was announced after dinner that supper would be at five o'clock and most everyone stayed. Shortly after six o'clock the group disbanded and left for their homes after spending one of the most enjoyable days that it is possible for one to have.

Those present were: R. G. Nichols and family; C. E. Gafford and family; Fred Gibson and family; E. Blevins and family; George Reithmeyer and wife; Gene Wall and wife; Albert Lowke and family; D. D. Adams and family; Mr. Porter and family; C. D. Mullins and family; Frank Halenack and family; Rufe Hrabal and family; J. W. Naron and family; T. W. Bursey and family; W. P. Hunter and wife; C. F. Hunter and family; Fred Halenack and family; W. W. Nichols and wife; C. O. Nichols and family; Mrs. M. M. Horn and children; Mr. Gloyna and family; Fred Reithmeyer and family; Iris, Robert, Reid, and Jean Thompson; Howard Bursey and wife; J. Duffie and family; F. A. [THE NEW EMBLEM EDITED TO BETTER MOTORING]

**What the MARLAND CONTINENTAL Merger MEANS TO MOTORISTS**

THE consolidation of the resources and facilities of the Marland Companies and the Continental Oil Company, under the latter's name, is more than a corporate merger. It is a happy union of well balanced production, manufacturing and marketing operations from which will come a host of unusual advantages to the millions of customers and thousands of distributors.

**Wide Field for Crude Selection**

Out of a total area of more than two and one quarter million acres in eight states, Continental selects the crudes best suited for its manufactured products. Raw materials for oils, greases and gasolines may often come from widely separated regions. Continental controls its own crude supply and chooses the best for each refining operation and thus assures a standard uniform output from year to year.

**Strategic Location of Eight Refineries**

Economical and efficient operation of petroleum manufacture frequently depends upon the relative locations of the raw

product, the refinery and the market. Continental is fortunate in that its eight modern manufacturing plants are well placed to afford prompt and economical delivery both before and after refinement. These properties are located at Baltimore, Maryland; Ponca City and Sapulpa, Oklahoma; Artesia and Farmington, New Mexico; Wichita Falls, Texas; Florence, Colorado; and Glenrock, Wyoming.

**Exclusive Processes Insure High Quality**

Continental refinery engineers enjoy a national reputation in the oil business. Not only have they adopted the newest and most efficient mechanical equipment for these big refineries but they have designed machinery and developed processes which are exclusive to this company. Under centralized control, these facilities now are made available in the manufacture of petroleum products of exceptional quality.

**Conocoland Covers Tremendous Area**

More than forty years marketing experience has spread the distribution of Conoco products over an area which reaches from the western slope of the Rockies, far east to the Mississippi River. Practically half of the United States is dotted so closely with Conoco Stations that a motorist may drive anywhere in that tremendous area without introducing other than Conoco products to his car. The outposts of Conocoland range from the Pacific Northwest to the shores of the Great Lakes and from the Atlantic Seaboard to the California boundary.

**Prestige Established in Foreign Lands**

The Continental coastwise and export fleet operate from terminals at Texas City, Texas; Newark, New Jersey; Baltimore, Maryland; and Norfolk, Virginia; to a dozen foreign countries. Petrol pumps deliver Conoco gasoline to automobilists in the shores of England and Conoco motor oils lubricate industrial plants in north Europe, South America and the Orient.

In brief, the joined forces of these two great companies afford greater, better service to the users of motor fuels and lubricants wherever the sign of the Red Triangle is displayed.

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)

Ballinger is making plans for the entertainment of the Heart of Texas Press Association on September 9. The program will include a luncheon, an automobile ride, golf tournament and a special program of Ballinger talent.

Comanche's insurance key rate has been reduced 4 cents with the installation of the new pumper. This brings the key down to 40 cents. This will allow mercantile establishments to carry full value insurance instead of three-fourths as heretofore.

Rocksprings will have a new high line within the next three months according to the results of a survey of the Central Power & Light Company. A sub-station is expected to be erected at a point somewhere near the property just acquired by the promoters of the fair grounds.

Children's largest hatchery, the Scott and Welling, has increased its capacity from 32,000 chicks to 100,000, and a building is being prepared with facilities for hatching from five to ten thousand chicks at a time. Two or three men will be employed in the plant the year round.

The Graham Chamber of Commerce has started issuing a bulletin every month carrying details of the work done by the body. Civic improvements, service library, the fair, the stock law, advertising, airways, airport opening, highways, the membership drive and paving were topics covered this month.

Big Spring city development was given a boost when more than \$100,000.00 was raised in four hours by nine business men to assure the erection of a fourteen story hotel building. The building will cost approximately \$425,000.

Spur has changed the position of its White Way. The light posts until recently were in the center of the street, but are now shedding their light from the curb. This expensive move was found necessary because the posts were a hindrance to traffic.

Matagorda, one of the oldest towns in Texas, recently celebrated the introduction of electric lights after existing as a town 101 years without that convenience. The Central Power & Light Co., is supplying the town.

The El Paso Herald is obtaining material for the special West Texas Chamber of Commerce edition which will be published shortly before the eleventh annual convention there, October 24, 25, and 26.

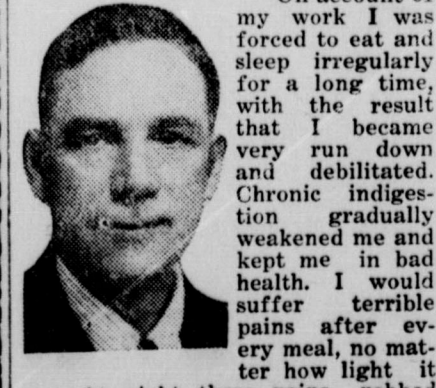

Post has taken the first step forward towards the securing of a modern airport. The name of the town has been painted in a prominent place in box-car letters, and a committee of investigation of West Texas airports.

Littlefield postal receipts for the year ending June 30, 1928, totaled \$9,939.16; for the year ending June 30, 1929, the total was \$11,958.45; an increase in business amounting to \$2,019.29 for the past 12 months.

The Tulia Chamber of Commerce ladies present received free of charge the building of a band stand recently. The band played for the audience, and a large number of prizes were given at the "Country Store." All ladies present received free of charge a piece of silver ware at the entertainment.

Quickly Recovers His Old Strength

"The Sargon treatment is simply wonderful for bringing back strength and energy for now, after a few weeks taking it, I feel like a different man entirely."

"On account of my work I was forced to eat and sleep irregularly for a long time, with the result that I became very run down and debilitated. Chronic indigestion gradually weakened me and kept me in bad health. I would suffer terrible pains after every meal, no matter how light it was. At night these pains robbed me of sleep and my condition finally got so bad I couldn't even eat an orange or a grape fruit without suffering afterwards. Naturally, I was always tired and listless."

"Then I started Sargon—and commenced to feel better right from the beginning. I now enjoy my food and my digestion is fine. I'm never bothered with stomach trouble and get plenty of good, sound sleep. I feel better and stronger than I have in years—and I'll never be without Sargon again."—E. D. Frank, 1610 20th St., Galveston, Texas.

Dr. Clark Back From National Guard Camp

Dr. Hines Clark returned Monday from Palacios where he has been in attendance for the past two weeks at the National Guard annual encampment.

Dr. Clark said that this encampment was the most successful that he has yet attended. Over six thousand guardsmen were present representing a complete fighting unit including four regiments of infantry, 2 of artillery, one of engineers, 1 medical, 1 supply train, a signal detachment and an air service squadron.

General John A. Hulien was in charge and pronounced the camp as the best yet held with more constructive work having been achieved than ever before. General Lassiter, corps area commander, made a close inspection of the camp and highly commended its cleanliness and the appearance of the troops.

Dr. Clark holds the rank of major in the army and is regimental surgeon of the 142nd regiment of infantry. Twenty-five men, including three officers are under his command in the medical department whose duties are to look after the general health and sanitation of the regiment.

STARTS HINGE PIN ALLEY

A hinge pin alley has been opened in the Fox building, formerly occupied by T. M. Parker's cafe, by D. T. Smith who has moved here to take charge of the new business.

Four alleys are provided which are miniature bowling alleys with ordinary billiard cues being used to knock the balls.

TEXON TALES

You can't tell me them lists of stolen cars aint a good thing. See how much shorter they were last week. They're just about to quit stealing cars already. First thing you know Sheriff Miller will be offering a reward for anyone you can find who has had a car stolen. All we are waiting for is for all the other sheriffs and papers to fall in line.

We also wish to congratulate Mr. Griffith on his new hotel and hope he has an eye to business in this deal. Now, all you need to do is establish or create, don't make no difference which, just so you have an airport. I believe Clarence Self will buy a plane by then.

We concede Bro. Merrill is correct that "Ingratitude" is the outstanding sin in Crowell while we think "Unthoughtfulness" is about next in line. Lots of times in this age of hurry we would be more grateful if we took times to think. It keeps us hooking to keep up the payments of the car, etc., and we dont take time for lots of the big things of life.

One guy here said he went to the funeral of his mother-in-law while he was on his vacation and it was the best funeral he ever attended. He was the guy who wanted to donate his mother-in-law to the old ladies home contribution.

Old people now days are spoken of as having a "ripe" old age but considering the rate the younger generation is living in a few years we will possibly speak of the old ones as attaining a—well the stage just beyond what you would call ripe.

Looking through a magazine I noticed an outfit which says, "What will you be at 65?" From the way I feel now I imagine I will probably be an old man. Upon reading farther I found it says science has lengthened a man's life by ten years so I now feel like I will be able to meet the final payment on the car.

We suggest a new song for somebody to write, entitled: "I've learned to yo-yo, you've learned to yo-yo, oh! oh! everybody's yo-yoing now." TEXON TATTLER.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon C. H. McMillan, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be held at the court house thereof, in Crowell, Texas, on the 4th Monday in September, A. D. 1929, the same being the 23rd day of September, A. D. 1929, then and there to answer a petition filed in said Court on the 15th day of January, A. D. 1929, in a suit numbered on the docket of said Court No. 1381, wherein Belle McMillan is plaintiff, and C. H. McMillan is defendant, and a brief statement of plaintiff's cause of action, being as follows: Suit for divorce on grounds of abandonment; plaintiff and defendant were legally married on the 19th day of February, A. D. 1923; defendant abandoned plaintiff on the 1st day of January, A. D. 1926. Plaintiff prays for judgment dissolving said marriage relations, and for the custody of their minor children, and for costs of suit, etc.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Crowell, Texas, on this the 21st day of August, A. D. 1929.

Net Profit of \$5.89 On Each Chicken

San Antonio, Texas.—After deducting for feed, mortality, and depreciation of stock, a net profit of \$5.89 for each of 40 home raised White Leghorn pullets has been made in eight months' time by Herbert Rittiman, Bexar County 4-H club boy. Entering his flock in the third annual farm flock contest here, Herbert closely followed the instructions of Paul Cunyus, assistant county agent, as to feeding and housing and management. His flock averaged 73.9 percent production through this period ending June 30th, and the eggs were sold for an average of 39.9 cents per dozen. One year ago this young poultryman made a net profit of \$3.50 per bird from a flock of 100 Barred Rocks.

#### WISHON-POTTS

Miss Geneva Wishon, daughter of J. W. Wishon, prominent Foard County rancher, was married to C. H. Potts of Wichita Falls at Grandfield, Oklahoma, on August 5th. They were married by Rev. W. Bridges, pastor of the First Baptist Church of Grandfield.

Mrs. Potts is a native of Foard County and has lived here practically all of her life. The couple will make their home in Wichita Falls.

#### COOPER-ROY

Miss Marion Cooper, daughter of Mr. and Mrs. P. P. Cooper of this city, was married to Sewell Roy, August 15th, at Frederick, Oklahoma, by the Methodist pastor of that city.

Mrs. Roy has lived here all of her life and is a graduate of Crowell High School and has also attended Wichita Falls Junior College and Sul Ross State Teachers College at Alpine. She has been teaching school at Four Corners for the past two years and will teach again this year. She and Mr. Roy are living in Flomot at the present time but will soon return to Crowell.

Mr. Roy came to Crowell about two years ago from Farmersville, Texas, and has been employed as a mechanic at the Allen Chevrolet Company.

#### CATO-THOMSON

The wedding of Royce Cato of Stamford and Miss Jessie Thomson of Texarkana took place August 13, in Texarkana.

Mr. Cato is a former resident of this county and was born near Thalia and spent most of his life there. He is a graduate of Thalia High School and also a graduate of Tyler Commercial College.

Mr. and Mrs. Cato will make their home in Stamford where Mr. Cato is employed as a bookkeeper.

#### SCHOOLEY-WALKER

Miss Edith Schooley and Grady Walker were united in marriage in a wedding ceremony performed at Davidson, Oklahoma, Monday, August 19th, by Rev. Clarence F. Brown, pastor of the Baptist Church of that city. They returned to Crowell shortly after the wedding and are now making their home in rooms of Mrs. Edith Bell, just north of the George Self home.

Mrs. Walker is the daughter of Mr. and Mrs. A. T. Schooley and has lived here all her life. She was a member of the senior class of Crowell High School last year and has always been a prominent worker in church and school activities.

Mr. Walker is an auto mechanic at Ivie's Station and has lived in Crowell since February. He came here from Clarksville, Texas, where his parents now live.

The young couple was accompanied to Davidson by Miss Blanche Schooley, sister of the bride, and Mr. and Mrs. Roy Johnson. Mrs. Johnson is a sister of Mr. Walker.

#### First 1929 Cotton Brought to Crowell Aug. 15 by Gloyna

C. A. Gloyna of the Rayland Community brought the first bale of the 1929 cotton crop of Foard County to Crowell last Thursday afternoon. The bale weighed 526 pounds and was ginned by the Farmers Gin at Rayland. It was classed as extra good cotton.

Bert Self bought the bale for 17.25 cents per pound. The cotton was raised on the old Bill Parrish place in a field about two miles west of Rayland. Mr. Gloyna had another bale ginned the same day. The second bale weighed 500 pounds. Both came in 19 days earlier than last year's first bale.

Cash contributions amounting to sixty dollars were given to Mr. Gloyna by Crowell business men as a premium for the first bale of 1929 Foard County cotton.

The first bale of cotton last year was brought to Crowell on September 3rd by Ernest Kalvas of the West Rayland community.

#### Girls From Corsicana Home Featured Meet

One of the most unique and popular organizations to ever visit Crowell is unanimously acclaimed by the people of this city as the glee club and orchestra from the Odd Fellows home at Corsicana.

Twenty-nine girls, ranging in ages from 11 to 18, made up this group which included a sixteen piece orchestra under the direction of W. O. Barlow, who is also band master at the Odd Fellows home. Miss Roberts, executive director of the home, had charge of the glee club. Mr. and Mrs. Ross G. Harris, superintendent and matron of the home, also made the trip. The entire party of thirty-three made the trip in one big bus of the Sunshine Lines.

The talent, pleasant dispositions and the beauty of the girls were the subjects of much comment by Crowell people and the visitors to the two-day session. The girls gave special numbers throughout the meet and special programs on Wednesday and Thursday nights.

#### John H. Jones Died At Home of Brother Near Here Saturday

John H. Jones, 33, died at the home of his brother, Noah Jones, six miles south of Crowell, Saturday afternoon, August 17.

Funeral services were held Sunday at the home where he died with Rev. W. R. McCarter, pastor of the Crowell Methodist Church, officiating. Interment was made in the Crowell Cemetery.

He was born in Kentucky, August 29, 1896. When but a small boy he moved with his parents to Texas and after residing in Collin and Cooke Counties for several years, they moved to Crowell in 1917. On March 1, 1919, he was married to Miss Josephine Taylor of Electra and to this union were born four children, all of whom are living.

He is survived by his wife and children: Helen, Melvin, Orville and James; his mother, Mrs. N. H. Jones; two sisters, Mrs. Jim Christian of Crowell and Mrs. D. V. Bunch of Electra; five brothers, Will Arthur, Hiram and Mose of Electra; and Noah Jones of Crowell.

Relatives from out of town at the funeral were: Will Jones and family of Electra; Arthur Jones and family of Electra; Mose Jones and family of Alvord; Hiram Jones and sons, Ray and Raymond, of Electra; and Oscar of Roscoe; Mrs. D. V. Bunch of Electra; Mr. and Mrs. George Thompson of Roscoe; Mrs. Taylor and daughter, Annie, of Electra; and Mr. and Mrs. Gaines Boyd of Electra.

#### Mrs. Alva Spencer Is Injured in Car Wreck

Mrs. Alva Spencer was badly shaken up and received an injury to her side and wrist Thursday morning when the Chrysler sedan she was driving was overturned when the delivery crew of the M. System Grocery, driven by Ragsdale Lanier, ran into her car at the intersection of the streets next to the J. R. Edgin and Leo Spencer homes.

Both cars were overturned and damaged considerably. Charlie Ashford and Ernest Patton were also in the delivery car. A cut on Ashford's wrist was the only damage suffered by the occupants of the delivery car.

Mrs. Spencer was driving west and was just entering the north and south street when Ragsdale approached from the north. Ragsdale, thinking that she was going to cross the intersection before he did, turned to the left to go behind her, but she had brought the Chrysler almost to a stop at the edge of the street and the crash resulted.

Mrs. J. H. Adkins and two daughters and two sons of Lamesa and Mrs. Ruth Helton of Colorado, Texas, are visiting this week with Mr. and Mrs. S. H. Tarvin. Mrs. Adkins is a sister to Mrs. Tarvin and Mrs. Helton is a niece.

Mrs. G. C. Rector of San Angelo is here visiting her parents, Mr. and Mrs. J. H. Rector, and will be here for two weeks. Mrs. Rector reports excellent conditions around San Angelo.

R. B. Edwards and Floyd Thomas have returned from a trip to Harlingen and other points in the Rio Grande Valley.

Sam Scales left on the Santa Fe passenger train Wednesday night for a visit in San Angelo.

#### Polo Games Started Here by Local Men

The polo games that have been started here this week are providing a triple purpose in the fact that they are furnishing the horse dealers here an opportunity to train polo ponies, entertainment for those seeing the games and an opportunity for enjoyment of the players themselves.

Games are being played about two or three times a week on the J. B. Easley place, just at the edge of town. A game is to be played Sunday and the public is invited to witness the contest. The games are being played strictly for sport and for training ponies and no charge is made for anyone to see this interesting sport.

Local men taking part in the games are W. B. Johnson, Paul Shirley, Lynn Offield, Bill Barry, Hartley Easley, Bert Bain, Herman Greening, Charlie Wishon and Everett Bell. George Self is acting as principal referee.

Considerable polo equipment including mallets, balls, helmets and saddles have been secured by the players.

The black widow is probably the most really poisonous spider in America, according to an entomologist who has allowed many spiders to attack him.

The longest jumping that a frog can do is about thirteen inches horizontally and about six inches vertically.

The United States has almost 900,000 school teachers.

## Numetal WEATHER STRIPS for Windows & Doors

EASILY INSTALLED—Unnecessary to remove windows or doors. No muss. No inconvenience. Numetal is the most modern and practical type of permanent weather strip.

EFFICIENT—Numetal keeps every weather strip requirement. Keeps out snow, cold draughts, rain, dust, dirt and street noises. Prevents windows from rattling. Numetal takes care of all shrinkage and expansion of windows and doors and makes a weather-proof yet easily operated window at all times.

PERMANENT—Numetal is made from everlasting spring metal—laboratory tested for temper. Outlasts the building. Invisible, yet always on the job.

INEXPENSIVE—End savings run as high as one-third on Numetal equipped buildings. See our demonstration. Estimates gladly furnished. Telephone or call at our store today.
