FOARD CITY SCHOOL HAS HIGH RATING

Department of Education of Texas Gives School Highest Possible Rating

There have never been at any school in the faculty receives such splendor as is the case here at Foard City. The school at Foard City, as stated by C. T. Tucker, superintendent of the school at Foard City, is the best of any school in the state before him were of the opinion.

The wonderful cooperation of the board of trustees with the faculty, the school in general, no one can explain the reasons that the school at Foard City has the highest rating from the Texas Department of Education that it is possible for a school to receive.

Crowell, Foard City has a two-story school building in the county. Just two years ago the building was doubled in size by a two-story addition on the east side of the building. This structure contains six class rooms and an auditorium seating over two hundred students. School assemblies and community entertainment and meetings are held in the auditorium which serves the needs of the community. The auditorium has excellent seats and a good stage and orchestra.

Teaches Through 10th

The Foard City school teaches through the 10th grade. "We find it is best not to try and teach the 11th grade," said Mr. Tucker, "the students can finish that in the Crowell High School and their work is acceptable at any college or university when it would be if all their high school education was received at this school."

The teachers in the school and the subjects taught by each are: C. T. Tucker, superintendent and 9th and 10th; Mrs. Leta B. Russell, 7th and 8th; Mrs. Hite Jenkins, 5th and 6th; C. T. Tucker, 3rd and 4th; and Evelyn Jones, 1st and 2nd.

The Foard City High School teaches three years of English; two years of three years of mathematics, including two years of algebra and geometry; three years of science, including one year of agriculture and physical geography.

Mr. Tucker stated that an enrollment of 125 students or over was expected this year, although the enrollment is considerably less than that of the present time due to the cotton crop season.

The buses are used to transport students to the school. Each bus has about 20 miles every school year for this purpose. Mr. Tucker, who taught near Clarksville, Texas, stated that such transportation was impossible with the few sections of East Texas. The buses are provided for all the students of the school. The first class equipment at that institution is also very creditable. In the state of Texas, the state department of education considers things as the salaries paid the teachers, subjects taught, sanitary conditions, school and playground equipment and various other things to make up a good school. Foard City rated high in each respect. The school has the most modern chemical toilets that it is able to secure. Modern drinking fountains are also provided. There are two basketball courts on the grounds. Indoor baseball is soon to be added to the realm of sports.

Parent-Teachers Ass'n.

The Foard City Parent-Teachers Association has had an active part in the success of that school. Through efficient work playground equipment has been secured, additions to the library have been made, pictures have been placed in all the class rooms and general equipment has been secured for the school.

An important meeting of the P. T. A. was held Friday, October 11th, at the school for the purpose of organizing for this year's activities. The live association usually has a membership of over a hundred members and has been looking forward to this year. The school is already planning to have an active part in the county inter-scholastic meet which is held in Dallas each spring. It is planned to have full representation as possible in both athletic and literary events.

The Class B boys basketball team is champion of the county last year.

Kincaid To Speak To Margaret P. T. A.

The Margaret Parent-Teachers Association will meet Friday night, October 11th, at the school auditorium, for a business meeting a program will be given.

Mr. R. L. Kincaid of Crowell will speak on the purpose and work of a P. T. A. All parents and everyone interested in the Margaret school are invited to be present, according to the program of the association. The program is free.

Murry Martin Buried Last Friday Afternoon in Paducah Cemetery

Funeral services for Murray Martin were held at the Methodist church in Paducah last Friday afternoon at 4 o'clock. Rev. Huckabee, pastor of the church, officiated, the deceased being a member of that church. The services at the cemetery were conducted by the Masonic Lodge of Paducah.

Mr. Martin was found unconscious in an alley back of a hardware store in Paducah at 8:30 o'clock Thursday morning of last week and was rushed to the hospital where he died a few minutes later. At first it was thought he had been hit by an automobile, but after an examination of the body it was decided that he had died from an attack of acute digestion. He had bought some pipe in the hardware store and carried it out to the alley in the rear and when the truck from his plumbing shop arrived for the pipe the driver found him lying on the ground unconscious.

Homer Murry Martin was born at Plano, December 18, 1891, and came to Crowell with his mother, Mrs. J. H. Thomson, when he was 8 years old and made this his home until the Thomson family moved to Cottle County in 1911. Later he lived in Wichita Falls and was married September 6, 1919, to Miss Naomi Carr, of that city, to which union one child was born, H. M. Jr. The family moved from Wichita Falls to Rotan where Mr. Martin operated a tin shop for some time, coming from Rotan to Crowell in 1921 to accept a position with M. S. Henry & Co. as manager of their tin shop at that time. He remained with M. S. Henry & Co. for three years, going to Paducah in 1924 where he operated a plumbing shop of his own until the time of his death.

Mr. Martin had rare mechanical ability and gained considerable popularity as a result of different items that he manufactured himself. He built miniature improvements for a farm several years ago that were perfect in every detail. This unique piece of work was purchased by the Perry Land Company of Plainview and was displayed in the large plate glass window of their firm for a long time. Mr. Martin was working for M. S. Henry & Co. at that time and the display was shown in the Henry window until purchased by E. H. Perry of the Perry Land Co.

It contained a perfect little windmill about three feet in height that was propelled by the wind from an electric fan. A perfect little pump had been made by Mr. Martin, causing it to actually pump water. A residence, barn, sheds, fences, stock tanks, and other items made up this little farm that attracted wide comment. It was regarded as the most popular window display ever shown in Plainview. It was later bought by a large land firm in the North.

Boys Work Program At Rotary Luncheon

Eli Smith had charge of an interesting boys work program at the Rotary luncheon Wednesday. Fred Rennels and Rev. John Clark were the principal speakers and each spoke of the importance of men giving their best efforts to boys work. The importance of the Boy Scout movement and 4-H clubs were brought out by the speakers.

Mr. Smith is chairman of the boys work committee of the Rotary Club and has recently been chosen as scout master for the troop of scouts that is being sponsored by the Baptist Church. The Methodist and Christian Churches are also considering sponsoring Boy Scout troops in connection with Crowell. Mr. Smith asked for the utmost cooperation of the members of the Rotary Club in his work.

W. T. Rason and Son, John and Wife, Also His Sister, Mrs. Minnie Summers Left Tuesday Afternoon for Allen to Attend Funeral Services.

W. T. Rason and son, John and wife, and also his sister, Mrs. Minnie Summers left Tuesday afternoon for Allen to attend funeral services.

Miss Inez Ivie Married To T. J. Boney Tues.

Miss Inez Ivie, daughter of Mr. and Mrs. B. F. Ivie, was married Tuesday afternoon at Frederick, Oklahoma, to T. J. Boney of Stratford, Texas. They were accompanied to Frederick by the bride's sister, Miss Mable Ivie.

Miss Boney has lived in Crowell most of her life and is well known here. She is a graduate of Crowell High School and has also attended West Texas State Teachers College at Canyon.

The young couple will make their home at Stratford where Mr. Boney is in the tailoring business.

R. H. COOPER TAKEN TO DALLAS LAST FRIDAY

R. H. Cooper, who was badly burned on his legs and arms following an explosion at the Pierce Petroleum station some weeks ago, was taken to Dallas last Friday where he was placed in the Baylor Hospital, and is reported to have stood the trip well. He was accompanied by his wife and baby, his father and Henry Ross. The trip was made by automobile and the party was met in Vernon by R. H.'s aunt, Mrs. W. E. Knight of Dallas, who returned with them.

OVER 3500 FEET OF PAVING NOW LAID ON NO. 28

Paving on Lee Highway Started Saturday; Gravel Shortage Causes Delay Thurs.

Paving on the Lee Highway was started early Saturday morning and to Thursday afternoon over 3,500 feet of concrete had been laid from a point about one mile west of Thalia towards Crowell. Paving was delayed Thursday due to a shortage of gravel. Paving was to have started last Friday but the late arrival of material caused a short delay.

The paving system is an interesting one and every detail of it is precisely worked out. At the plant of the McClung Construction Company a power clam-shell unloads cars of gravel and sand into great piles and then places the material from the piles into a batcher of the latest type which is known as a Heltzel Weighing Aggrator.

The aggrator is a brand new all steel structure with a funnel-shaped container having two compartments, one for sand and one for gravel. The trucks drive under it to secure their loads which are accurately weighed by a large dial scale capable of weighing 10,000 pounds. The sand and gravel are ran from the main container to a smaller one where it is weighed and then dropped into the trucks.

At present 2,365 pounds of gravel and 1,345 pounds of washed sand along with 7 sacks of cement are placed on each truck, making a batch of the proper proportion for the right mixture of concrete.

About forty trucks are being used on the job. After securing a batch it is taken to the large mixer and dumped. Members of the staff of the county engineer, Byron Reese, are stationed at the batcher, at the mixer and other points to see that the work of the construction company follows plans and specifications.

The paving is eighteen feet in width. Steel forms are placed on each side of the road bed. These also act as rails for a smoothing machine that follows the mixer.

A fleet of about twelve large White 3-ton trucks will soon be put in operation to do wholesale hauling of gravel and sand from a pit on Pease River. About eight of these large trucks are already here. They belong to C. H. Folen of Wichita Falls.

Boy Scout Meeting At Baptist Church For Monday Night

A Boy Scout meeting will be held Monday night at 7:30 o'clock in the basement of the Baptist Church for the purpose of organizing a troop of Boy Scouts for Crowell, which is to be known as Crowell Boy Scout Troop No. 1.

Sixteen boys have already signed up for the first troop. According to W. W. Smith, pastor of the Baptist Church, the scout movement is not a denominational proposition, but troops will be sponsored by the various churches of the town as rapidly as the movement will justify.

Eli Smith has been elected scout master for the first troop with Mack Boswell assistant scout master. Those sponsoring the first troop are, Leo Spencer, Fred Rennels and Herbert Edwards.

All boys, between the ages of 12 and 18 who are willing to take the scout oath, will be eligible to membership in one of the various troops.

Nephew of Local Man Killed in Accident

W. T. Rason received a message Tuesday that his nephew, Jesse Rason of Allen, Texas, was killed shortly after 3 o'clock Tuesday afternoon in a railroad accident.

According to reports of the accident another man, Arnold Taylor of Plano, was also killed in the same accident when a small motor truck in which they were riding was struck by a west bound Rock Island passenger train on a grade crossing at Tarrant, eighteen miles west of Dallas, near the Dallas-Tarrant County line.

Both victims were owners of large land holdings in Collin County. Mr. Rason was known to several people in Foard County, having visited here several times.

W. T. Rason and Son, John and Wife, Also His Sister, Mrs. Minnie Summers Left Tuesday Afternoon for Allen to Attend Funeral Services.

W. T. Rason and son, John and wife, and also his sister, Mrs. Minnie Summers left Tuesday afternoon for Allen to attend funeral services.

Miss Inez Ivie Married To T. J. Boney Tues.

Miss Inez Ivie, daughter of Mr. and Mrs. B. F. Ivie, was married Tuesday afternoon at Frederick, Oklahoma, to T. J. Boney of Stratford, Texas. They were accompanied to Frederick by the bride's sister, Miss Mable Ivie.

Miss Boney has lived in Crowell most of her life and is well known here. She is a graduate of Crowell High School and has also attended West Texas State Teachers College at Canyon.

The young couple will make their home at Stratford where Mr. Boney is in the tailoring business.

Elzy Black Dies As Result of Gas Received in War

Elzy Black, 41, died Sunday, October 6th at his home after a short illness. Funeral services were held Monday afternoon at the Baptist Church and interment followed in the Crowell Cemetery with the Gordon J. Ford Post, American Legion, in charge. Rev. J. W. New of Gilliland officiated at the church with Rev. W. W. Smith assisting.

Mr. Black was born April 2, 1888, and has spent practically all of his life in Foard County. He is survived by his widow, five children, his father and mother and three brothers and two sisters.

He was a veteran of the World War serving in the 89th division, 356 Infantry, as a private in Company I. He was gassed during the Meuse-Argonne offensive on October 6, 1918, and was kept in a hospital in France for four months and was later brought to a hospital in the United States where he remained for some time. He was later discharged and sent home. He developed tuberculosis in his right lung which was responsible for his death as he had pneumonia in both lungs when the end came.

Mr. Black is officially counted as a casualty of the Meuse-Argonne battle the same as if he had been killed at the time he was gassed. He was buried with full military honors and the American flag that draped his coffin was removed before it was lowered into the grave and presented to Mrs. Black.

Pall bearers were: C. E. Flowers, Curtis Ribble, O. R. Boman, Lewis Ballard, D. R. Magee and George Burruss. Members of the firing squad were: Bill Short, E. H. Scales, LeRoy Statter, George Self, Roy Johnson, Mel Houser, Bill Cox, C. B. Morris, Que Miller was in charge of the firing squad. Leonard Roberts acted as color guard and Rosalie McDaniel blew taps as bugler.

KNOW CLARK IN WAR

Kirby G. Davis of Chillicothe, who was recently injured in a car wreck, will be dismissed from the hospital in a few days. While in the hospital here Mr. Davis thought he recognized Dr. Hines Clark and a conversation followed in which it was found that he was in the same regiment in France in which Dr. Clark served as physician and surgeon.

Dr. Hunt to Conduct Revival Services at Methodist Church

Dr. J. W. Hunt, president of McMurray College of Abilene, will conduct a revival meeting that is to be held at the Methodist Church for one week, beginning Sunday. Dr. Hunt is one of the best speakers in West Texas and has a wide reputation as a minister of the gospel.

He conducted a meeting here several years ago and the announcement of his return for this meeting is a pleasant one for the people of Crowell.

J. A. Wright will direct the choir during the meeting with Mrs. Paul Shirley as pianist. It is hoped to make music a special feature of the meeting.

Rev. W. R. McCarter, local pastor of the Methodist Church, stated that he hoped that all people of this section would attend as many of the services as possible. Services will be held each day at 11 a. m. and 7:30 p. m.

John C. Roberts Made Manager at Fort Worth

John C. Roberts, former resident of this city and a brother of N. J. Roberts, has been appointed manager of the Fort Worth office of the Stewart Title Guaranty Company, according to an article in the Fort Worth Star-Telegram Sunday.

Mr. Roberts has been in the office of the Dallas company for the past eight years and is well known in real estate and loan and title circles throughout the state.

He left Crowell in 1918 after serving two terms as County Clerk here. He spent most of his life here and gained his first experience in his present work in the office of his brother, N. J. Roberts.

Fain-McGaha Starts Another Test for Oil

A rig is now being erected on the J. K. French lease near Thalia for a new oil test that is soon to be started by Fain-McGaha Oil Company.

The new test is located about one-half mile southeast of Tarver No. 1. Leasing in Foard County has not been active although several buys have been reported. The Continental Oil Company bought two pieces in section 316, block A. H. & T. C. Ry. survey recently for \$25 an acre. The leases are straight commercial and are sure to run for five years with dollar rentals. The California Company, after using core test and magnetometer have taken a few pieces in the east central part of the county near their block south of Thalia.

The Transcontinental Oil Company recently took around 1500 acres west of Crowell on straight commercial lease for five years.

KNOX CITY BOWS TO WILDCATS BY SCORE OF 21 TO 0

Guy Todd and Recie Womack Outstanding Stars of Game Here Last Friday

Crowell High maintained its undefeated record this season by winning a football game from Knox City here last Friday by the score of 21 to 0. Knox City was completely outplayed at every stage of the game and the Wildcats proved more superior than the score of the contest indicates. Crowell scored eighteen first downs to three for Knox City. The visitors making all of their's in the final quarter.

Knox City kicked off to Crowell and after a steady march down the field on line plays, Crowell fumbled the ball on the Knox City thirty yard line and the visitors recovered. The first quarter ended with the ball on Knox City's 19 yard line in their possession.

First Touchdown

Unable to gain, Knox City punted. Crowell followed with line drives and the first touchdown of the game came when Todd broke straight through the line and shook off the secondary defense for a beautiful twenty-five yard run that took the ball across the goal line. Ernest Spears crashed the line for the extra point.

After the touchdown, Arthur Bell kicked to Knox City's ten yard line where Crowell downed the ball. Again the Knox City backs could not gain and punted. After another exchange of punts, Crowell took the ball and was marching down the field again when the half ended with the ball in Crowell's possession on Knox City's twenty yard line. Score: Crowell 7, Knox City 0.

Ball Scores

Crowell kicked to Knox City to begin the second half. While attempting to punt on their own ten yard line, Recie Womack broke through and blocked the punt which was recovered by Arthur Bell behind the goal line for the second touchdown of the game. Arthur also scored the extra point at the receiving end of a forward pass.

Crowell again kicked off to Knox City and the third quarter ended with the ball in Knox City's possession on their own 19 yard line. Knox City opened up with a passing attack in this quarter and scored the only three first downs that they made during the game. This quarter was featured by a 35-yard run by Cotton Ganns.

Crowell soon gained possession of the ball when Knox City punted and after a march down the field, Ernest Spears carried the ball across the goal line with a ten yard run through the line, however, the ball was called back by the umpire and placed on the one yard line. On the next play Ernest carried the ball over for Crowell's third touchdown. Ashford broke through the line for the extra point.

After the touchdown Crowell kicked off to the visitors. Again the Crowell line smeared the plays and the ball soon went to the Wildcats who had it in their possession in the middle of the field as the game ended with the score 21 to 0.

Todd Features

The outstanding feature of the day was the playing of Guy Todd, quarterback and acting captain in the place of Ragsdale Lanier, who has been out of the game since receiving an injury to his knee in the first game of the season against Quanah. Todd exhibited some of the most beautiful broken field running that has been seen here in some time and was a consistent ground-gainer throughout the game. He also exhibited skill as director of Crowell's plays.

Recie Womack, tackle, was the outstanding defensive man of the game and also did fine offensive work. Park, quarter for Knox City, was their principal star. Ganns out-punted W. Stephens of Knox City throughout the game.

Crowell used straight football for most of the game, attempting only four passes, one of which was completed. Knox City attempted eight passes and completed four. Crowell was penalized about 45 yards during the game while Knox City did not receive a penalty.

Crowell's live-wire pep squad, consisting of about 35 high school girls added much interest to the contest and are establishing a reputation as the peppiest group that has ever represented Crowell High School.

The line-up for the game:

CROWELL	KNOX CITY
Cooper	McBeth
Patton	Left End Fleming
Burrow	Left Tackle
Oswalt	Left Guard D. White
J. Todd	Center Favor
Womack	Right Guard B. White
Bell	Right Tackle A. Stephens
G. Todd, capt.	Right End W. Stephens
Ganns	Quarterback Park
Spears	Left Half English
Ashford	Right Half T. Ferguson, capt.
	Fullback
	Substitutions: Crowell—Horn for Womack; Knox City—Willson for J.

J. R. Gamble Visits Arkansas Home After Absence of 55 Years

J. R. Gamble returned last week from a visit to his old childhood home in Arkansas where he had not been for fifty-five years. The place he visited was settled over one hundred years ago by his grandfather, Joe Allee, whose body now rests in a graveyard on the place where twelve other relatives, including Mr. Gamble's mother and several cousins, are also buried.

Mr. Gamble made the trip with his son, Jim, of Menard, Texas, for the purpose of visiting the old graveyard and the place where he was born. The place is located in Grant County near Sheridan. When Mr. Gamble lived there it was Sabine County but has since been divided.

Great changes have taken place there according to Mr. Gamble. The man on the place at the present time has been there for 38 years and is living in a house that is built on the foundation of the original home, with the same old fireplace in use.

Brings Back Water

About the only thing that is the same is an old water well that was dug over one hundred years ago by Joe Allee, the original settler on the place. Mr. Gamble returned with a half gallon of the water from this well and presented it to Mrs. J. M. Allee, whose husband was a grandson of Joe Allee.

Mrs. Allee had her children and grandchildren here to drink the water, as well as herself, and thus three more generations of the Allee family were added to those who have drunk water from this old well.

Former Plantation

Mr. Gamble stated that the old place in his early days had a gin, a tanning plant and a saw mill on it and that in the Civil War days, it was just a regular plantation with negro slaves and a number of families of the Allees on it. Mr. Gamble's mother was born there and was also buried there.

When a boy of thirteen he moved with his father to Hamilton County, Texas, in 1895 and then in 1887 he moved to this section, settling on a place about four miles southeast of Old Margaret which was then in Hardeman County as Foard County was not created until four years later. He lived there for 22 years and for the past nine years has lived on his place in Crowell.

Mr. Gamble stated that lumbermen secured the place long ago and in the past 38 years have gone over it three times for lumber. There is not a relative of Mr. Gamble's living there now and he stated that he saw no one he knew while on his trip.

Many interesting events of the old days in that section are recalled by Mr. Gamble. He was a boy when the Civil War was going on but remembers that struggle as if it were yesterday. The place where he lived was raided a number of times and before the war was over every head of livestock had been taken, along with farm products, meat from the smoke-house and other items.

Mr. Gamble's father enlisted in the Confederate Army and fought for two years until dismissed on account of his age. Some of the heaviest fighting near the end of the war took place near the old plantation and the sound of guns became a common occurrence. Pine Bluff, Arkansas, was located about 18 miles away and at the end of the war some of the very heaviest fighting was going about that place.

While on this trip Mr. Gamble had intended to secure some apples from the old place but stated that there were no apple trees there now and that he and his son had to drive in their truck to Fayetteville before they found any. They returned with 30 bushels.

Haskell Rebekahs To Give Program Here October 16

A program and band concert will be given on the streets of Crowell Wednesday night, October 16th, by the drill team of the Haskell Rebekahs and the Haskell band.

The drill team will put on a program on the street on the west side of the square at 8 o'clock at which time a band concert will be given by the Haskell band which is also accompanying the Rebekahs to this city.

The local Rebekahs will give the visitors a feed at 8:30 p. m. after which a joint meeting of the two lodges will be held.

A large group of Haskell Rebekahs are expected to be here for the program Wednesday night, according to local Rebekah officials.

COTTON GINNINGS

Up to Thursday afternoon 1,705 bales of cotton had been ginned at the three Crowell gins. The two Farmers Gins had ginned 1,089 bales and the Crowell Gin had gined 616 bales.

Ferguson; Logan for W. Stephens; Huntsman for B. White.

"Pie" Bailey of Thalia, former Austin College football star, called an excellent game as referee.

Knox City defeated Throckmorton 43 to 0 last week.

Crowell will journey to Archer City for a game with the high school there this week. Crowell now has victories over Quanah, Matador and Knox City.

S. E. Scales of Crowell visited G. W. Scales and family here Sunday. W. W. Henry and family of Fargo visited Mr. and Mrs. B. F. Henry here Sunday. Tom Sykes and family visited last week-end with S. N. Dozier and family in Vernon. Mrs. Effie Nash of Vernon visited relatives here several days last week. Mrs. J. E. Young and children and

Ralph Gregg and children of West Rayland attended services at the Baptist Church here Sunday night. W. F. Wood, Minnie Wood and Granville Bratcher and family visited Truett Neill and family in Rayland Sunday afternoon. Mr. and Mrs. T. R. Cates and W. F. Wood were Crowell visitors Friday. Mrs. Donia Wheeler of Vernon visited relatives here Sunday. A. T. Miller, C. B. Morris and W. F. Wood visited Sim White near Iowa Park Tuesday afternoon.

O. E. Hodges and Otto Matthes were business visitors to Vernon Tuesday. Dr. Clark of Crowell was called to see J. R. Morris Tuesday afternoon. Mrs. Roy Ricks went to Paducah Thursday to attend the funeral of Murry Martin. Miss Mildred Adkins spent from Friday to Sunday with her uncle, Mark Henry, and wife in Crowell. Several from here attended the circus in Vernon last Wednesday. Another teacher has been employed in the Thalia School and Miss Marguerite Morris has been elected as teacher.

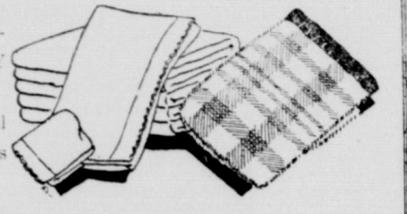

WHAT the Well Dressed HOME is Wearing

The modern woman, contrary to her grandmother's prediction, is as interested in the appearance of her home as she is in her personal appearance. But, unlike her grandmother, she does not have to sit for hours doing fancy embroideries and "sewing fine seams," she merely drops in her favorite store on her way to the bridge game and selects her linens, quilts, fancy pillows and other accessories for her home as she would her hat and dress.

Let us show you "what the well dressed home is wearing" in the way of bedspreads, sheets, pillow cases, dresser and vanity covers, quilts, blankets, fancy pillows and other things that will dress up your home.

(By Special Correspondent)

Dr. Hines Clark was called to see Otis Dunson's baby Tuesday night. The baby is better now. Mr. and Mrs. J. E. Young made a business trip to Vernon Tuesday. Jerry Young made a business trip to White City Tuesday. Among those who attended the circus at Vernon Wednesday night were Mr. and Mrs. Jesse Moore, R. F. Derrington and family, F. L. Farrar and family, Ira V. Younger and family, R. M. Gregg and family, Cecil and Oneita Boatenhammer and Bonnie Crisp. Mr. and Mrs. M. L. Cribbs visited Mr. and Mrs. Butler of Thalia Sunday. Chris Parsons and Turner Crystal of Marlin spent Monday night with Ralph Gregg. Miss Ruby Cowen of De Kalb, Texas, came Sunday night to visit friends and relatives in this com-

This picture is of the famous "RCA" Radiola No. 46. The only genuine screen grid radio circuit with the new screen grid tubes.

"RCA" RADIOLAS

"RCA" invented screen-grid tubes which are used in all makes of radio sets, but "RCA" has also invented a new screen-grid circuit. This is the most outstanding development brought out for the advancement of radio reception in five years. In fact, it is the only new thing in five years.

"RCA" VICTROLAS

"RCA" has purchased the great Victor Talking Machine Co., and now are building the very finest reproducing instruments that were ever made at any price.

Victor says that the RE-45 Electrola and Radiola plays both phonograph records and radio is the finest reproducing musical instrument that was ever built regardless of price. We have both the Radiola 46 and the Victrola-Radiola RE-45 on display now. If you are really interested in the very best, don't fail to hear them now.

We also have the finest portable phonographs that are made. Victrolas at \$25.00 and \$35.00. Brunswick at \$35.00 and \$37.50. The Columbia at \$50.00. Others down to \$10.00. Records: Victrolas, Brunswick, Columbia and Okeh at 75 cents.

We also have the famous Crosley line of radio sets.

Let Us Help You Reach Real Dairy Profits

You put valuable feed and valuable time into the production of milk. You invest real money in milch cows and you house your herd, away from unfavorable climatic conditions. You carry foaming pails of milk to the milk room . . . and then what? Don't let your care stop there. *Make sure your cream separator puts all the cream in the cream can, in condition to bring top price and top profit!*

A McCORMICK-DEERING Ball-Bearing Cream Separator Will Solve Your Problem

These easy-turning *black beauties* are doing good work for dairymen all over the country; they'll save dollars for you. They're built to skim clean — and they do it — whether the milk is warm or cold.

The improved design of the McCormick-Deering bowl is responsible for this thrifty skimming. And it's responsible for the vibrationless operation for which these machines are famous. The combination of this feature with the ball-bearing construction gives you ease of turning that can't be beat.

Ask Us to Demonstrate

The best way to see what McCormick-Deering Cream Separator efficiency will do for your dairy profits is to see and try one of these ball-bearing machines on your own farm. If you'll step to the phone and ask for a demonstration, we'll have a new McCormick-Deering out there in quick time. No obligation.

Conventions for W. T. C. C. Are Being Completed

Paso, Texas, October, 10.—To the honor of being first delegate to register for the eleventh annual convention of the West Texas Chamber of Commerce to be held at Fort Worth, Texas, from October 24-25-26. Through the West Texas great interest is being shown in the registration of delegates and before the time comes for the convention, it is expected at least 10,000 West Texas business men will have registered as delegates...

Foard City Club Weatherall was hostess to the demonstration club, Tuesday, October 1. The subject was Household Linen. A member answered roll call with a piece of linen I need most. There were 12 members present, two members and four visitors. After we had adjourned our meetings, various games were played, and refreshments were served. The next meeting will be on October 18, at 2:30 o'clock at the home of Mrs. Merriman.—Reporter.

Statistics show that taxes have increased 200 percent during the last ten years and they never did rise so high until we learned that modern day struggle to fill pocket is keener than the struggle to fill the head. A giant tortoise may live to be centuries old.

Sales of Sargon Total Millions

If you were told that literally thousands of well known men and women had stated publicly that a single medicine had relieved them of aches and troubles after all other medicines and treatments had apparently failed—it would sound impossible, wouldn't it?

Yet, that is Sargon's wonderful record.

So great has become the demand for Sargon and Sargon Soft Mass Pills that the Sargon Laboratory has been forced to increase its capacity from 8,000 to 45,000 bottles daily.

"Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand.

Introduced in California in April of this year, the people of this state alone are now using it at the rate of more than one million bottles per year; or an average of one bottle for every family in the state; and so it is everywhere.

Why this enormous and ever-increasing demand for Sargon? Sargon is a new kind of medicine. It is different from any other medicine you have ever taken because it is based on new and remarkable discoveries in the field of modern medicine which have completely overturned many old moss-grown theories we have known for a life-time.

That is why people everywhere are looking on Sargon as the one great outstanding health-giving remedy of the age. No wonder it is called the medicine with a million friends. Reeder Drug Co., Agents. (Adv.)

THALIA WINS AGAIN

Thalia won the second game of the year last Friday by defeating Odell by the score of 12 to 6 at the Thalia gym.

The game was very exciting, the score at the first quarter being 0 to 0. Thalia led the first half with a score of 4 to 3. The game ended with Thalia 12, Odell 6.

Only 60c.

Jessie James Outlaw Is Attending T. C. U.

Fort Worth—"Just because my name is Jessie James Outlaw, don't get the idea that I'm dangerous, and don't think my parents were trying to play a joke on me when I was christened."

"I was the first child, and as my father's name is Jesse, naturally I was named that. James is another family name. Say anything about me that you care to, but don't write my name 'Jessie James, outlaw.'"

This is the story of her name, as given by Miss Jessie James Outlaw, freshman student in Texas Christian University, Fort Worth. She is the daughter of Mr. and Mrs. J. H. Outlaw of Houston.

"Of course my unusual name attracts a lot of attention and comment," Miss Outlaw says. "But I get as much fun out of it as anyone. It certainly is a treat to hear a girl around Jarvis Hall, shouting 'Where's Jessie James?'"

Miss Outlaw was an honor student in high school and a leader in journalistic activities. She plans to major in journalism at T. C. U.

Ayersville Home Demonstration Club

Mrs. John Short was hostess to the Ayersville Home Demonstration Club on September 26. The subject was school lunches. All members present took part in a lively discussion of the subject. Suitable recipes for school lunches were exchanged. Delightful refreshments consisting of an ice course was served to the six members present.

DR. H. SCHINDLER

Dentist Bell Building Phone Number 82 2-rings

On October 3, the club met with Mrs. Luther Tamplin. Mrs. John Short led an interesting lesson on "Household Linen." Mrs. Hugh Shultz read an interesting paper on "Table Linen. It's Selection and Care," and Mrs. A. L. McGinnis discussed "Shopping for Table Linen."

Several good suggestions on use and care as well as selection were given by Miss Freeman. At the close of our lesson Miss Freeman demonstrated the proper and improper table and household linens.

Refreshments were served to 9 members and Mrs. Oscar Marlow.

Our next meeting will be held Thursday, October 17, at the home of Mrs. Will Tamplin with Mrs. McGinnis as leader.—Reporter.

Thalia Home Demonstration Club

The Thalia Home Demonstration Club had one of the most interesting meetings of the year, Friday afternoon, October 4th, at the home of Mrs. A. C. Phillips.

Miss Freeman gave an interesting and instructive lesson on how to select and make up household linens, and also several beautiful ways to finish them. She plans to have each lady make either a dresser scarf, or a pillow case, and at the next meeting she will teach us how to make the different kinds of hemstitching and fagoting. Please bring your piece with threads drawn and hems basted.

Pillow case should be one yard long with a 2 1/2 inch hem. Dresser scarf should have one inch hem all around and should when finished be one inch from all sides of dresser.

For Italian hemstitching draw threads as follows: Draw 3, skip 4, draw 6, skip 4, draw 3.

For Bermuda fagoting draw threads as follows: Draw 2, skip 3, draw 2.

Our next meeting will be in the home of Mrs. John Thompson, Jr., on Friday, October 18, at 2:30 o'clock. Let everyone be present and if possible, bring a new member. Our social feature is quite an enjoyable affair, aside from the lessons, which are always worthwhile.—Reporter.

The time is getting near when the world series will start, and it will be easy to pick the poorest hitter. He always comes to bat when the bases are full, and two are gone.

Puretest Aspirin Does Not Depress the Heart. Bottle of 50 Tablets 35 cents. Crowell, Texas, October 11, 1929

Crowell Football Fans Guess Scores Of Saturday Games

Just to find out how good some of the leading football fans of Crowell are at predicting scores of a few football games to be played Saturday, five local fans have been interviewed and without the knowledge of what the others predicted, each gave what he thought might be the scores of Saturday's games.

A number has been assigned to each of the five interviewed for the purpose of tabulating their predictions. The persons interviewed and their numbers are: Eli Smith-1; Granville Lanier-2; Byron Reese-3; Gordon Gribble-4; and Gordon Bell-5.

The games for which predictions were made follow:

	1	2	3	4	5
Texas	13	7	20	14	20
Arkansas	6	0	6	0	7
Tex. A.&M.	0	13	13	7	7
Kan. A.&M.	19	7	13	0	0
S. M. U.	21	28	35	35	35
Austin Col.	0	0	0	0	6
T. C. U.	13	20	20	14	7
Centenary	7	6	6	0	7
No. Dame	13	7	6	14	7
Navy	6	0	0	7	14

A few upsets were predicted in the above tabulations. Eli Smith was the only person to predict defeat for Texas A. and M., although Byron Reese predicts a tie game. Gordon Bell predicts a tie game between T. C. U. and Centenary while all others predict a victory for T. C. U. Gordon Bell was the only one to predict victory for the U. S. Naval Academy. There was a unanimous prediction that S. M. U. and Texas would win their games. Numbers 3, 4 and 5 predicted 35 points for S. M. U. without the knowledge of what the other predicted. The writer believes that Gordon Bell has made the best guesses while the linotype operator believes that Eli Smith is nearer correct.

Anyway compare these predictions with the results in Sunday's paper.

Ladies Free. Read Rialto ad.

On Thursday, October 3, a man giving his name as Adams of Vernon, Texas, bought a ticket in Los Angeles from the Greyhound Stage Lines to Dallas and on Sunday, October 6th, he was in the Foard County jail charged with stealing an automobile in Midland, Texas.

Owen Rader of Foard City telephoned officers here Sunday that a suspicious character had driven through that place in a car without license numbers. R. J. Thomas and Sheriff Que Miller stopped the man upon his arrival here and after examining the car and contents they found that it came from Midland and telephoned officers there.

Adams confessed that he got off the bus at Midland and stole the car. Sheriff A. C. Francis of Midland arrived in Crowell Monday and returned with Adams.

Tax Paying Season Now Going On Here

The tax paying season is now on and payments are coming in slowly but steadily. A. C. Crisp was the first person to pay his county taxes, as he presented a check for his taxes about a week before payments were to be made and then on October 2nd came to the collector's office for his receipt. Mr. Crisp and family have moved to Flagstaff, Arizona.

Mr. and Mrs. Roy Johnson were the first to pay their county poll taxes. Mrs. J. M. Teal was the first person to pay her city taxes.

Que Miller, tax collector, has mailed out statements to all county tax payers, inaugurating a new plan along this line.

The plan of sending out statements is proving very effective according to Mr. Miller, who states that non-resident payments are coming in especially good as a result. About two thousand of these statements have been mailed out. Time is saved due to the fact that persons with considerable property will sometimes take over one-half hour in the collector's office in paying their various taxes. Mistakes can also be checked easily with this plan. A last minute rush is also eliminated as the statements cause the tax payers to come in at more regular intervals from October 1st to January 31st, the tax paying season.

Mr. Miller stated that a number of counties of the state were using this plan this year.

PRAYER MEETING

There will be a prayer meeting at the Margaret Baptist Church next Wednesday night. Everyone come and bring someone else.—Carl Bradford.

LIVESTOCK AS PART OF FARM SYSTEM NEEDED

Necessary for Replacement of Fertility in Soil; Shipping in of Feed Destructive

By Fred Rennels

There is a movement on foot in Texas at the present time to encourage feeding Texas cattle Texas grown feeds. This movement was started primarily for the immediate profit that might be derived from such feeding operations, and also as a means of adding another line of diversification to the farms of Texas. Observation and experience has taught those who have studied the history of various farming sections of the United States that one crop farming without keeping livestock or using some means of replacing the fertility of the soil has proven disastrous in every instance. The states of the Northeast were one time very fertile and produced in abundance and little thought was given to replacing the fertility until many of the once fertile farms had to be abandoned. The present occupancy of those farms are building them up by diversification and feeding beef cattle and keeping dairy cattle.

Foard county has fertile land and productive farms in the main at the present time, but if one crop farming is practiced continually and if feed materials are shipped in from other sections our land will prove no exception to the rule. It will wear out and the next generation, or perhaps a part of this generation will of necessity have to change their farming system.

We have in this County a natural diversified condition that is superior to most any other section of the state. Our County has enough range land that is stocked with a good quality of cattle that produces each year a sufficient number of feeder calves to supply our needs. The land of the county will grow as much feed per acre as any land in West Texas.

In view of the fact that land rotated with feeds and cotton, on the average, will produce practically as much cotton as land that is continually farmed in cotton alone and have the feed in addition, it would seem that rotation should have more consideration. Cap Adkins of the Thalia community has proven the above statement to his own satisfaction.

When Mr. Adkins moved on his farm several years ago he was planting about seven-eighths of it in cotton. He has gradually reduced his cotton acreage and increased his feed until he now has a fifty-fifty crop and his yield of cotton in total has been holding up to what the seven-eighths produced when he began. Mr. Adkins does not feed the extra feed to livestock, but has been loaning it to neighbors and selling it. He always has a sufficient amount for home use.

There has been a number of experiments conducted in West Texas during the past year that have shown that the proper feeding of beef cattle can be made profitable.

Foard County should have some feeders among the smaller farmers. We should like to see some tests made this year.

The Texas Breeder and Feeder Association meets in Dallas, October 17 and 18, during the State Fair. We should have a number of representatives of both to attend.

Our conditions at the present time may not seem at all favorable to any livestock feeding, but now is the time to begin thinking about a change in the farming plans. Every average farm should have 50 percent of the acreage planted to feeds and the feeds fed either to dairy cows, beef cattle, pigs and chickens. Within a few years we would be producing as much cotton and have the feed and livestock in addition.

LOCK YOUR CAR!

Local officers warn Crowell and Foard County people to lock their automobiles to prevent their theft. With Texas Rangers cleaning out oil towns in the Panhandle and with the cotton picking season, this section is bound to have some undesirable visitors, and already has for that matter.

Mrs. Anne P. Pitt and Miss Lorena Pitt returned to their home in Waldo, Wisconsin, this week after a visit in the home of Mr. and Mrs. Roy Johnson. Mrs. Pitt is a sister of Mr. Johnson and Miss Pitt is a niece.

Enjoy Clean, Circulating Heat in Your Home!

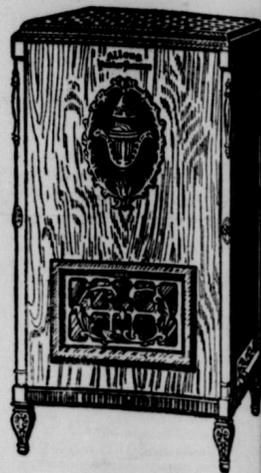

For those who want the ultimate in heating comfort and convenience, we suggest this unequalled combination—the burning of gas in the

ALLEN'S Parlor Furnace for GAS Only

With this system you can heat the whole house at a remarkable saving in fuel. Circulates moist, warm air from room to room. Provides a wide range of temperature control for mild or severe weather. Made leak proof and gas tight, and no mixture of the combustion gases and the heated air can occur.

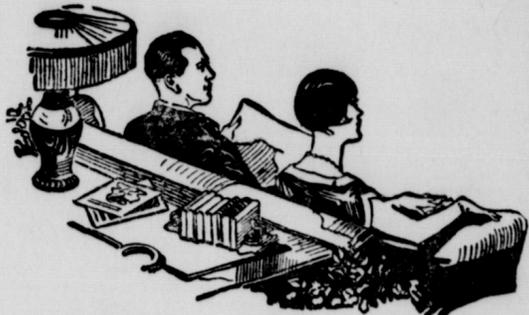

The ALLEN is beautifully finished in walnut porcelain enamel to resemble a piece of new furniture. Quickly installed.

See the ALLEN at our store or ask for a demonstration in your own home.

THE FIRST STATE BANK

DEMANDS PROMPT REPLY

Most every person is prompt in responding to the ring of the telephone bell. The very idea that someone has a personal message to be delivered only to one person arouses curiosity and intrigues the interest. Has it ever occurred to the average person that back of every advertisement in this paper is a someone with a personal message for everyone who reads it? More often than not these advertisements were written with some individual in mind. It is impossible for merchants to give their customers a ring about their goods or their services. So they pay us for the permission of calling these things to the attention of prospective customers. The person who does not give an advertisement the same attention as given a phone call is making a great mistake. Advertisements help everyone economize and keep posted on news of vital interest to themselves and their pocketbooks. Don't lay aside this paper without reading the advertisements.

MARGARET JUNIORS ORGANIZE

The Junior class of Margaret Public School met Monday, September 30, to organize their class. The following officers were elected: Lillie Bell Stephens, president; Juanita Hunter, vice president; Lou Tamplin, secretary-treasurer; and Lenora Bradford, reporter. Mrs. Bailey Renels was chosen as sponsor. The class met again Wednesday and selected as their class flower, the sweet pea; class colors, pink and orchid. The following motto was adopted, "Don't stare up the steps, step up the stairs."—Reporter.

One of life's greatest troubles today is that when you find a parking space, the store you want to reach has just closed.

The next generation may get their education over the radio, but what will the people do for their football and basketball?

Wonder what has become of the old adviser who recommended persons to eat food that would stick to their ribs?

CHURCHES

Christian Science

Sunday, 11 A. M. Subject for Sunday, October 13, "Are Sin, Disease, and Death Real?" Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Methodist Church

Had a good day last Sunday at the Methodist Church with two additions by letter. Rally Day services in the Sunday School brought the attendance above the 200 mark.

We began a series of revival services next Sunday morning at 11 o'clock, and two services will be conducted each day throughout the following week at 10 a. m. and 7:30 p. m.

Dr. J. W. Hunt, president of McMurray College, will be with us and assist us in the meeting. Dr. Hunt held a very fine revival meeting in Crowell a few years ago and the announcement of his coming at this time will be a pleasing one to our people.

We hope that all our people, in so far as it may be at all possible, will attend each service of the meeting, and all Christian people in Crowell vicinity irrespective of denomination or church affiliation are invited to attend and cooperate with us.

Brother J. A. Wright will direct the choir during the meeting, with Mrs. Paul Shirley at the piano. We would like to make music a special feature of the meeting having a large choir at each service.

We shall pray that these services may be a great blessing to the cause of Christ in our community.

Preaching will be conducted at the Black school house Sunday afternoon at 3 o'clock.

W. R. McCARTER.

Baptist Church News

Rev. Woodie W. Smith gave his people a glad surprise last Sunday by sending Rev. Belcher of Vernon to fill his pulpit. Rev. Belcher gave two great sermons to the delight of all present. He also filled Rev. Smith's appointment at Vivian at 3 p. m. A fine attendance at Sunday School and all departments took part in the promotion of pupils to the higher grades according to age.

The preaching attendance was normal. The spirit of the day was of the highest order. Rev. Smith was held at Vernon through the day because of the meeting he was conducting there. He will be at home for a while now and will fill his pulpit next Sunday. The morning theme will be "Fore-ordination and Predestination." The evening theme is "Repentance." Special music by the choir, with Mrs. F. A. Wright, general director, E. B. McBurnett, leader and Mrs. Arnold Rucker, pianist.

New Church Organized

The First Baptist Church of West Vernon was organized last Thursday evening with sixteen members. This church grew out of the revival meeting that was conducted by Rev. Woodie W. Smith and Rev. W. J. Darnell. There were sixteen others added to the church during the remaining three days of the meeting, making a total of thirty-two members. A Sunday School was organized Sunday with fifty members and the church called Rev. W. J. Darnell as pastor for full time. This is the youngest church in Texas and we rejoice that at three days old it had grown to be twice as large as it was when born. West Vernon people are five wires and we predict a substantial growth each week for this church. May the Lord be praised for his goodness. There were eight persons (adults) saved during the meeting.—Reporter.

Christian Church

The Men's Meeting last Sunday night was a big success. We are certainly proud of our men. We had for Sunday School 94, let's make it a 100 this Sunday. Everybody be at the church at 9:45.

Church service at 11 o'clock. We expect to make the morning service a real worship service. The bulletins are prepared each week with that purpose in mind. Christian Endeavor at 6:30 at the Christian Church.

There will be no night service Sunday night as we are not having service because of the Methodist meeting. All are urged to attend the meeting.

THE NEWSBOY'S JOB

The children's bureau of the department of commerce finds, as the result of a recent survey, that of all vocations and avocations in which young boys are engaged for their economic benefit, carrying newspapers and magazines is the least dangerous from a moral standpoint and among the most profitable in all other ways. In eight large cities in which the survey was conducted it was found that the newsboy fares best. Conditions surrounding such

trades as bootblacking, peddling and junk collecting by children were such as to cause the bureau to declare that they should be prohibited. But the bureau approves of the employment of boys in the delivering and selling of newspapers.

Contrary to the opinion of some well-meaning persons, the government experts found that carrying newspapers builds character. Among the newsboys was found a low percentage of truancy and juvenile delinquency. Newsboys are seldom in the juvenile courts. In their school work carriers make better than average progress.

The average newsboy, the survey reveals, tackles the job because it appeals to him and because it pays him well. He is a hustler who works because he likes it and who, in working generally keeps out of mischief. His work, while light, fits him for a better career after he completes his education. Many successful men earned their first dollar selling newspapers.

 Mrs. M. E. Bushon, Dewey Bushon and Mrs. R. B. Henderson of Childress spent Saturday night and Sunday with Mrs. R. D. German.

ity of the Finance Committee, was sectional rather than national-wide in its scope, and written only from the point of view of the 11 states which have Senators in this group.

SLOWER EXPANSION OF CHAIN-STORE SYSTEMS

Belief that the chain store will tend toward a more intensive development in the future and that the growth of chain operations will be in conformity with the general level of prosperity, rather than with the sensational advances of the recent past, was expressed by the Assistant Secretary of Commerce, Dr. Julius Klein, in a recent address before the National Chain Store Association in Chicago.
 In a recent statement the Department of Commerce estimated that chain stores conducted 15 percent of the \$41,000,000,000 retail trade of the United States in 1928.

TEXON TALES

Say, you golfers! Is there any of you having trouble using a wooden club? Try using your head. As it has been said I now repeat, you don't have to be crazy to play golf but it helps. Lots of people shoot a sorry game because they try too hard. Many times a poor score on account of poor shooting can be remedied by good counting. It is the score that counts, many times. In a case of that kind why worry about poor shots. Sometimes when you go into the rough why just try holding the club differently or standing differently. It won't help but maybe you will be satisfied with old shots you were making. Never mention your poor scores but brag about the best ones and maybe your handicap will be cut just before a handicap tournament. When you make a real bad drive always break a club. It will only make your game worse but do it for the effect on those watching. And never fail to talk golf all you can to other people. They may not know anything about it but tell them even if you have to hold their arm so they won't get away, explain it to them well. Attention to those little points will make some kind of a golfer of anyone.

When Texon first started the oil company contracted with a man to furnish first class dairy service and agreed to protect him so long as he met conditions of the contract. He has given perfect service but recently several citizens began to keep cows and sell milk. Now the company orders townsmen to sell their cows or give up their company jobs. It is causing serious trouble. And it just goes to show people do not like to give up any privilege even though it may be for the general public good that they do so.

There has been a terrible lot of discussion here about the Borger affair. Of course none of us know a thing in the world about the situation up there but that doesn't keep us from telling what we think or know about it. However, it is very fortunate that our opinions and decisions do not affect the matter in the least. We have been putting these kind of articles in our paper and the editor says it has swelled his subscription list. That is, most all of them are all swelled up about something we've said. Some of them has told us we sure thought we was smart. We told them we was the wit of the family. Or at least the nearest thing to that, the half-wit.

TEXON TATTLER.

Sees First Well Days In 11 Years

"Orgatone Has Restored My Health and Has Been One of My Greatest Blessings," Says Lubbock Woman

"I am so grateful for the good Orgatone has done me I consider it my duty to make this statement, so that others may learn how I was relieved after eleven long years of suffering," said Mrs. J. H. Wilson, of 704 Ave. L, Lubbock, Texas. Mrs. Wilson is a well known, popular business lady, she runs an apartment house.

"I suffered with a case of serious stomach trouble that just made my life miserable. My food would lay in my stomach just like lead and wouldn't digest, and gas formed on my stomach which crowded my heart until I nearly smothered to death, and my heart would palpitate so fast. I often thought I had a very bad heart and had heart burn always after eating.

"My liver and kidneys were bad, and I would have severe pains in my sides and back. I lost my appetite until I hardly ate enough to keep me alive and was getting weaker and thinner all the time. My complexion wasn't as clear as it should be, and I was restless when I went to bed, I couldn't get any rest at all. I also had a bad case of constipation.

"Orgatone was recommended to me by a friend and I started taking it. I have just taken one bottle and wish you could just see me now. Really, I haven't felt so well as I do now in the past eleven years. I have no discomfort since I have begun on Orgatone. My stomach has toned up, and I sleep fine every night. I believe Orgatone is one of the greatest blessings I ever had, for I know that it has been a great benefit to me."

Genuine Orgatone may be bought in Crowell at the Reeder Drug Store. (Adv.)

Flexible Tariff Under Criticism In Senate Debate

Senator La Follette, of Wisconsin, a member of the select committee of the Senate which investigated the Tariff Commission in the Sixty-ninth Congress, made the first speech in opposition to the flexible policy, which, he said, had put the commission into politics and caused its "breakdown."

Senator George, of Georgia, a member of the Finance Committee, followed Senator La Follette, declaring that the flexible provisions have been a failure throughout the seven and caused is "breakdown."

In addition to debate on the flexible question, considerable time was spent discussing the action of Senator Bingham, of Connecticut, a Finance Committee member, in employing an official of the Connecticut Manufacturers' Association as his secretary to aid him in tariff matters.

Senator Bingham explained that his employment of this official was made on his own initiative after writing to persons in Connecticut for the name of one who was thoroughly familiar with Connecticut's tariff. His action was criticized by Senator Harrison, of Mississippi, also a Finance Committee member.

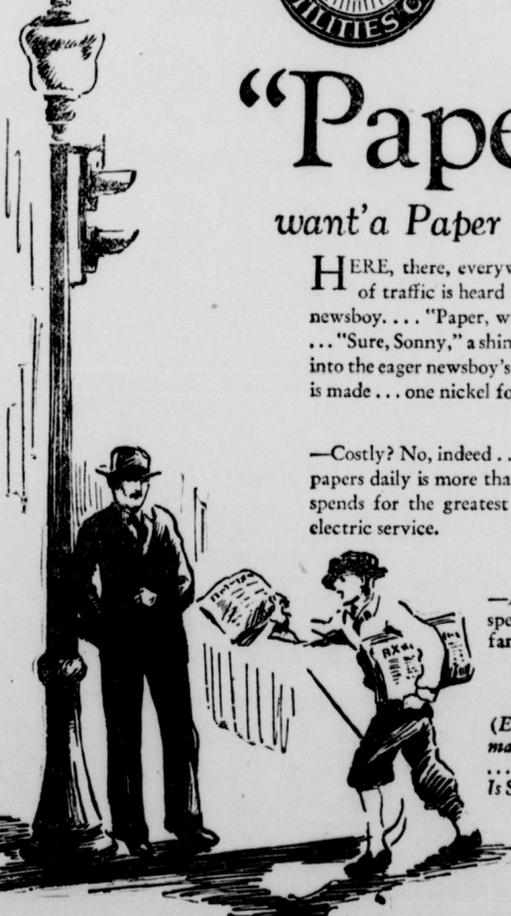

Senator Norris, of Nebraska, who, with Senator La Follette, is a member of the so-called Progressive bloc of the majority, which is opposed to the flexible provisions, declared that Senator Bingham's statements led him to understand why the tariff bill (H. R. 2667) reported by the major-

SOCIETY

MATTIE RUSSELL HONORED

Miss Mattie Russell was surprised on her birthday Monday night when her mother invited a number of her friends to take part in a party at the Russell home. Miss Russell, who teaches in the Thalia school, was called home Monday evening to find a delicious birthday dinner and a number of friends awaiting her.

After the dinner each guest was called upon to entertain in some manner and the original amusement that followed added much to the enjoyment of the occasion. The lively spirit of the evening was also carried to various parts of the city with the young women serenading certain parties in Crowell homes with vocal numbers.

Those present were: Misses Thelma White, Virginia Freeman, Gusta Mae Davis, Viola Taylor, Lottie Russell, Thelma Shaw, Ruth Patterson, Marguerite Stehens and the honoree.

SENIOR PARTY

On Thursday of last week the Seniors were entertained at the home of Misses Lela and Frances Patton with a Pirate Party. After several games were played, the Pirates went on a treasure hunt that led them to various places over the town, and ended at the place of beginning. The treasure proved to be a chest of stick candy and was found by Coach and Mrs. Graves. Harriet Evelyn Swaim, Ernest Spears, Charlie Ashford, Avis Nixon and Nancy Cogdell. Punch and ice cream were served at the end of the evening of fun.—Reporter.

CHRISTIAN CLASS PARTY

A Senior Class of the Christian Church was organized September 29. The following officers were chosen: Virginia Sue Crowell, president; Roy Mullins, vice-president; Ralph Burrow, secretary; J. M. Crowell, treasurer; Hazel Adams, chairman of social committee; Lucille Loughmiller, chairman of the attendance committee; and Frances Cook, reporter.

Last Tuesday night the Senior Class enjoyed their first party at the home of their teacher, Bro. Clark. It was decided every first and third Tuesdays of every month would be made social nights. Games were enjoyed and refreshments were served to the following: Misses Francis Cook, Fern McCaskill, Hazel Adams, Lucille Loughmiller, Beatrice Mullins, Lillie Mae Edgin, Virginia Sue Crowell, Jewel Mullins, Messrs. Ralph Burrow, Coy Ward, J. M. Crowell and Roy Mullins.—Reporter.

SENIOR BOYS CHAPEL PROGRAM

On Monday morning the Senior boys entertained the High School students with a well diversified pro-

gram. Miss Curtis was the first on the program with a reading. Arthur Bell and Elizabeth Locke sang "The Desert Song." Ruth Smith gave a piano solo and "Cotton" Ganns, accompanied by Mildred Johnson on the guitar, sang "Daddy and Home."—Reporter.

C. E. PARTY FRIDAY

The Christian Endeavor was entertained last Friday night at the home of G. H. Patton with a "Bun's Stew." Those attending the occasion dressed as hoboes and each brought canned goods that were poured into a large pot in which a stew containing various products was cooked.

A number of games were played throughout the evening. Those enjoying the occasion were Misses Emma King, Beulah Patton, Lela Patton, Lottie Woods, Vera Patton, Mary Clayton Giddings, Frances Patton, Mrs. S. O. Woods, Mr. and Mrs. G. H. Patton, Rev. J. T. Bryant, Julian Wright, Teddy Burrow and Mack Boswell.

ADELPHIAN CLUB

The Adelphean Club met at the home of Mrs. John Rasor Wednesday, October 2, with Mrs. A. F. McMillian as leader. The last half of the book, "Our Golden Day," by Mumford was discussed by Miss Lottie Woods.

The life, characteristics and writings of the American poet, Walt Whitman, were discussed by appointed members.

Whitman was born in 1889 in New York and was of mixed English and Dutch descent. Universities and social affiliation played no part in his schooling. His early life was spent on a great island diverse in scenery and animal life. It was here that Nature spoke to this poet in all her various languages, sending with abiding power her lessons to his heart, which he later portrays in his writings.

"Out of the Cradle Endlessly Rocking," "When Lilacs Last in the Dooryard Bloomed," and "Captain, My Captain," are among his most outstanding poems.

A refreshing ice-cream was served to club members.—Reporter.

WIMODAUSSIS

The Wimodausis September social was held at the home of Kell Erwin with Mrs. Erwin and Mrs. Herman Gentry as hostesses.

Clever games and novel contests kept the fun going until refreshment hour when the guests were served a pleasing ice course.

The first meeting for October was with Mrs. Roy Steele last Wednesday. At this time an interesting lesson on linens was given by our home demonstration agent.

Pure white linen is given first choice in selecting linens for the home because of its durability. The most desirable finish is white due to its laundering qualities. To feel the fiber of genuine linen, to ply the needle with linen thread, to behold the exquisite result, thrills the feminine soul. Such things are appreciated and treasured.

Each member of the club is requested to have a piece of linen for pillow cases or scarf (or whatever article she chooses to make) ready to begin work on at the next meeting.—Reporter.

Minstrel and Carnival at High School Oct. 24

A real program of entertainment is awaiting those who attend the carnival that is to be held at the high school auditorium on Thursday night, October 24th.

The big show for this night consists of the coronation of the high school queen for which there is a hot race now in progress. A regular minstrel show with songs, dances and a number of amusing numbers will also be given.

A chorus of beautiful girls will also be one of the features of the program for the evening. Miss Francine Mae Curtis, director, states that the program has all that you can expect of a real minstrel.

Fire Prevention Posters Displayed

Fire prevention posters from each room, from the low-third to through the seventh grade, were displayed in the window of R. B. Edwards Company this week. The poster display and the fire prevention program of the school was sponsored by the Parent-Teachers Association.

Each poster was very attractive and all carried out an important message in telling how to prevent fires.

The following names were also displayed in the window as winners of the high school essay contest on fire prevention: 11th, Mary Ragland Thompson and Pansy Atcheson; 10th, Evelyn Swan and Kathryn Crowell; 9th, Leslie Thomas and Bonnie Cogdell; 8th, Peggy Thompson and Jimmy Lois Gafford.

Mr. and Mrs. Will Riney and small daughter, Janie Lou, and Mrs. Florence Ragland arrived the first of the week from Pilot Point for a visit with their sister and daughter, Mrs. Charley Thompson, and family. Mr. and Mrs. Riney returned home Thursday but Mrs. Ragland expects to be here for some time.

Mrs. L. H. Male, who is here from Salt Lake City visiting her parents, Dr. and Mrs. Hines Clark, underwent a tonsil operation in Quanah last Thursday in the Quanah Sanitarium. Dr. J. J. Hanna performing the operation.

Mr. and Mrs. G. W. Wallen left Sunday in their car for San Angelo where they will spend some time visiting their daughter, Mrs. G. C. Rector, and husband. Mr. Rector came up Sunday night on the train from San Angelo and drove the car back for them.

NOTICE

This is to notify all who owe the doctors whose names are signed below that they are expected to pay all, or at least, some part of what they now owe.

We know that conditions are unfavorable, but we have obligations to meet and must collect some that is now on our books.

"THE HOME OF SPLINTERS"

R. J. ROBERTS, Local Manager

Dear Friends:

WHAT IS ALABASTINE?

Alabastine is a beautiful, sanitary, durable and economical water color decorative material, for use on all interior wall surfaces.

Alabastine, in white and a variety of tints, comes prepared for use, in dry powder form, in 5 pound packages, requiring only mixing with either cold or warm water as desired. Alabastine is applied with any good 7-inch or 8-inch wall brush.

Alabastine is so fine in texture that it may be used by artists in water color painting, and the tints and colors may be combined and intermixed in different proportions to produce practically any shade or color known and producible in water colors.

Alabastine is suitable for use on rough or smooth plastered walls, on wall board, cement, brick, wood or canvas.

Alabastine is sanitary in its nature, beautiful in its effects, easy to mix and apply, and in an entirely different class and not to be compared with ordinary calcimines.

Alabastine is more artistic than wall paper, more effective than paint, goes farther, lasts longer and is more durable than any calcimines.

Alabastine is less expensive and far more sanitary than wall paper, more economical than flat or ordinary paint, and walls can be re-tinted, changing the color, if desired, for the cost of washing painted walls.

Alabastine is specified by the best architects, used by the best decorators, is in vogue in the finest homes, and economical enough for the humble cottage.

Alabastine is easy to mix and apply, but practical men can usually secure better results than amateurs.

Yours truly,

SPLINTERS.
