AND CROWELL INDEX

VOLUME XLII NO. 14

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, SEPTEMBER 25, 1931

8 PAGES

\$2.00 A YEAR

## DEATH CLAIMS PIONEER FOARD WOMAN, SEPT. 18

Mrs. Steve M. Roberts, 70, died at her home two and one-half miles northwest of Crowell Thursday afternoon, Sept. 17, at 3:15 o'clock. She had been in ill health for several years, although she did not become seriously ill until the Saturday preceding her death.

She had been a resident of this section since January, 1888, at which time she came to what is now Foard county with her mother, Mrs. C. M. Roberts, deceased, and brother, J. H. Roberts, who now lives near Crowell. At that time they settled on a farm one and a half east of Old Market.

Miss Sarah Florence Beaty, Mrs. Roberts' maiden name, was born in Chambers County, Alabama, on March 17, 1861. She remained in Alabama until coming to this section. Her father died while she was a small girl.

On December 1, 1889, she became the wife of Steve M. Roberts in a dining at the home of her mother-in-law, Margaret. Judge J. C. Roberts, deceased, father of the groom, performed the ceremony. Four children, all of whom are living, were born to this union. They are Leon, Glenn and Hubert Roberts, and Tom Dockins, all living in this community.

Following their marriage Mr. and Mrs. Roberts lived on a farm near Old Market for five years. After that they moved to a farm 16 miles southeast of Quanah and stayed there until 1901 when they moved to Crowell, living here until 1904, the year they moved to a farm east of Crowell. In 1908 they moved to the place where they had since resided.

Mrs. Roberts was a member of the Methodist Church and was always a faithful Christian worker as long as health permitted. Her loss is one that will long be remembered by hundreds of friends she made during her long residence here. She had the Methodist Church in childhood.

Before her marriage, in the years 1888-89, Mrs. Roberts taught in Black and Thalia schools and a number of Foard County people had their first schooling under her.

### Funeral Services

Funeral services were held Friday afternoon at 3:30 o'clock in the Methodist Church with Rev. B. J. Kern, pastor, officiating. A quartet composed of Mrs. C. W. Thompson, Mrs. T. B. Klepper, W. F. Kirkpatrick and C. W. Thompson, accompanied at the piano by Mrs. Paul Briley, gave a special number.

Pall bearers were L. K. Johnson, Vernon, H. E. Ferguson, H. C. Clark, Jim Roark, C. W. Thompson and M. S. Henry. Mr. Thompson attended his first school under Mrs. Roberts.

Flower bearers were Mrs. Joe Johnson, Mrs. Hines Clark, Mrs. B. Ringgold, Mrs. R. M. Magee, Mrs. J. Girsch and Mrs. T. L. Hughes.

Interment was made in the Crowell cemetery.

Besides her husband and children, Mrs. Roberts is survived by a brother, J. H. Beaty, who is now living in Roberts home, and a niece, Mrs. T. Owens, of Margaret.

Friends and relatives from out of county present for the funeral were: Mrs. W. R. Wheat, Miss Leah Wheat, Mr. and Mrs. W. R. Wheat Jr., Mr. and Mrs. Sam Wheat, Marshall, Ray Wheat and Mrs. M. Hanks, all of Quanah; Mrs. C. Roberts, Ben Roberts, Mrs. Antheil Linecum and L. K. Johnson, of Vernon, and Mr. and Mrs. J. Roark of Stewart, Texas.

## Three Hundred Attend Foard City Barbecue

A community barbecue was held at the Foard City school last Friday night with around three hundred people present. A two-year old steer was barbecued for the occasion. Serious games were played and a general good time was had by everyone.

A resolution was passed not to drink hard times.

## SOLD OUT—

"We sold every used car and truck that we listed in The News" classified column last week," stated A. W. Lilly, used car salesman for Self Motor Company. The results from the little ad were so good that Mr. Lilly said that they had no used cars or trucks to list in the column this week.

This is just another instance of the results that the classified column in The News gets. Besides making various kinds of sales, it has recovered lost items, it has discovered the owners of items that have been found, it has rented rooms, it has helped to make good trades and it is still accomplishing all kinds of results.

For economy and quick results—Use a Classified Ad.

## All Paving on Highway 28 in Cottle County Now Open to Traffic

All of the pavement on Highway 28 in Cottle County has been completed and has been open to traffic for over a week. About 18 miles of the pavement is concrete and the balance, about 12 or 13 miles, is paved with the triple bituminous surface treatment on water-bound broken stone, the same type of pavement that is being put down in the west end of Foard County.

Three counties, Hale, Cottle and Wilbarger, have now completed paving No. 28 and Foard will be the next county to join this list.

## CROWELL TEAM HAS AVERAGE WEIGHT OF 149

The average weight of the 27 boys coming out for the Crowell High School football squad is 143 pounds and the average age is sixteen and one-half years.

For the regular squad the average weight is 149 pounds and the average age is 17. The weights of the boys were taken this week and are given along with their ages and positions as follows:

Mitchell Allee, center	16	142
Doyle Carter, end	17	170
Dan Hines Clark, guard	16	131
Crews Cooper, half	17	157
J. M. Crowell, end	16	147
George Fox, half	18	132
Lewis Gibson, guard	17	146
Bill Middleton, - and half	18	126
Roy Mullins, quarter	19	139
Hubert Smith, guard	18	170
Dick Todd, q. and half	16	152
John Todd, t. and full	19	170
Recie Womack, tackle	17	163
Dan Callaway, guard	17	142
George Carter, tackle	16	155
Lorain Carter, end	16	137
Otis Coffey, end	16	130
Crockett Fox, guard	16	142
Harold Hinds, half	18	150
Melvin Joy, end	16	128
Gerald Knox, half	16	114
Berl Lovelady, center	16	128
Ralph McCoy, half	18	125
Orville Orr, guard	16	182
Lester Patton, guard	15	136
Francis Todd, tackle	16	115
Stanley Womack, guard	13	130

Sixteen is the most common age in the squad with twelve boys claiming it as their age. Doyle Carter graduated from this group Tuesday. The ages of 17 and 18 claim five boys each. Nineteen claims two, as does fifteen. Thirteen is the only exclusive age in the group with only one claimant.

Eighteen of the boys weigh less than 150 pounds while nine weigh 150 or more.

## J. J. McCoy Home Is Destroyed By Fire Early Sun.

The farm home of J. J. McCoy, about 8 miles northwest of Crowell in the Black community, was completely destroyed by fire early Sunday morning.

The stucco structure was one of the finest farm homes in the county plainly in Crowell during the day time, some difficulty is experienced in getting that station clearly at night, however, conditions may be favorable for good reception here Saturday night and if so the program should prove of much interest to local people.

## OPERATED ON IN HAWAII

L. Kamstra has received word from the Red Cross and Schofield Barracks, Hawaii, that his son, Martin, was operated on for appendicitis on Sept. 4. The report stated that he was getting along nicely. Martin is connected with the clerical department at headquarters division of the U. S. Army in Hawaii.

## Drouth Loan Collector Is Here Each Thursday

Wm. A. Couch, who is in charge of the seed loan collection for the drouth loans made in Foard County will be in Crowell each Thursday. Mr. Couch is working out of the Ft. Worth drouth loan office.

At the present time \$7.50 is allowed the borrowers with which to pay their cotton picking charge. The farmers are also permitted to keep their seed to pay for ginning. Due to the fact that seed are selling at such a low price the seed now will not pay for ginning charges. A special effort is being made by the local drouth relief committee, consisting of Dr. R. L. Kincaid, N. J. Roberts, Hiram Gray and Fred Rennels, to have the present \$7.50 amount raised sufficiently to meet the difference between the price of seed and ginning charges.

## MRS. J. R. ALLEE'S ARM IS BROKEN AND WRIST INJURED

Mrs. J. R. Allee was painfully injured Saturday morning as the result of a fall on a wet floor at her home which resulted in breaking her left arm and throwing the wrist on the same arm out of place.

## POLO CONTESTS BETWEEN CROWELL AND WICHITA FALLS WILL BEGIN SATURDAY; TO AID STATUE FUND

Everything is in readiness for the polo games between Crowell and Wichita Falls that are to be played here Saturday, Sunday and Tuesday for the benefit of the American Legion statue fund. The contests are to start at three o'clock each afternoon and will be played in a field a short distance southeast of the Crowell cemetery.

Both squads are donating their services in helping to raise the funds that will be used in paying for the soldier and sailor statues that are to be erected on the concrete pedestals beside the German cannon on the court house lawn.

Season tickets are now on sale at a cost of fifty cents and may be secured from the local drug stores or from members of the American Legion. The admission price for each game will be twenty-five cents and thus a saving of twenty-five cents results when a season ticket is bought if a person intends to see all of the games.

The games should prove to be very interesting since a number of the foremost players of the Southwest will take part in the contests. Wichita Falls has just concluded a successful series against the Ft. Worth polo team in contests played in that city.

Chas. Featherston, captain, Horace Robbins, Ernest Fain, Hubert Stringer and Dr. J. H. Fletcher will play for the visitors. The local squad will be captained by Glen Overfield and will be composed of Everett Bell, Bill Barry, V. C. Wardell, Jack Brown of Truscott, and Cecil Adkins, Knox County rancher, who formerly was captain of the Dallas team.

## CROWELL RADIO PROGRAM TO BE BROADCAST SAT.

A program consisting entirely of Crowell talent will be presented over radio station KGKO at Wichita Falls Saturday night of this week. The program is to be one-half hour long and will begin at 7:30 o'clock and is given Crowell through the courtesy of the Wichita Falls Junior Chamber of Commerce.

George Self will be the speaker for the program and will give a three-minute talk about Crowell and this section. The remainder of the program has been arranged as follows:

High School Girls Quartet—Peggy Thompson, Merle Smith, Josephine Griffith, Evelyn Sloan.

String Quartet—Eb Seales, Homer Johnson, Tommy Stewart, Red Carroll.

Vocal Solo—Mrs. Adolphus Wright.

Male Quartet—Leslie Moore, Sam Mills, Eb Seales, Eli Smith.

Violin Solo—"Souvenir"—Mrs. Alva Spencer.

Vocal Duet—"O Sole Mio"—Mrs. Adolphus Wright, Mrs. T. B. Klepper.

Vocal Solo—"I Love Thee"—Elsie Schindler.

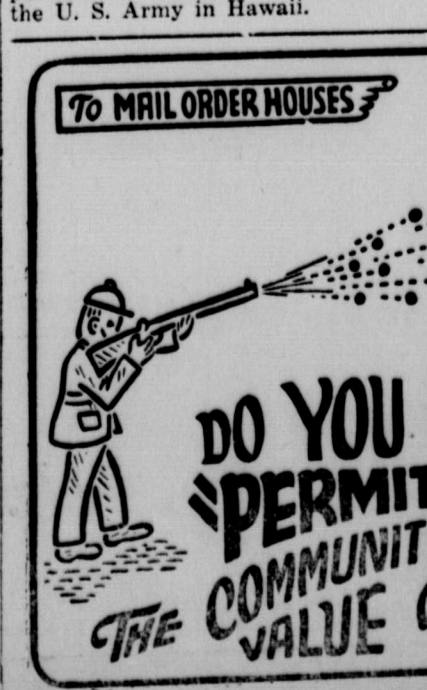

String Quartet.

Mrs. Arnold Rucker, who has arranged the musical program, will serve as pianist for the various numbers.

While KGKO can be heard very plainly in Crowell during the day time, some difficulty is experienced in getting that station clearly at night, however, conditions may be favorable for good reception here Saturday night and if so the program should prove of much interest to local people.

## 70 MAIL ORDER HOUSES

Do you have a permit to kill your community value of dollars?

## Wichita Falls Captain

The above is a picture of Chas. H. Featherston, captain of the Wichita Falls polo team, which is donating it services in three games with Crowell on Saturday, Sunday and Tuesday for the purpose of raising money for the American Legion statue fund.

Mr. Featherston is president of the R-F Finance Corporation of Wichita Falls and has many friends in Crowell. He was with the Wichita team when it played in the tournament at the Minnick Ranch four years ago.

## FOARD GRAND JURY RETURNS 4 TRUE BILLS

Only four true bills were reported by the grand jury for the September term of court, which adjourned Monday afternoon. The four bills reported were against Que Miller and named him on four counts of misappropriating public funds.

The four cases against Miller will be tried here in a special session of district court on Oct. 12. The trial was set for Monday but on motion of the counsel for the defense Judge W. N. Stokes postponed the trial three weeks. In the request for postponement it was stated that a few defense witnesses were ill and that state auditors had not completed their work on the case.

Judge Stokes will close the current term of court here Friday of this week.

The grand jury made the following report to Judge Stokes:

We, the Grand Jury for the present term of court, after having been in session for five days, report into this honorable court as follows: We carefully inquired into all law violations reported to us and have heretofore reported four true bills. In the cases of the State of Texas vs. W. O. McDaniel and State of Texas vs. O. C. Howard, sent to us from the Justice Court of Precinct No. 1, of Foard County, we report no bills.

We have investigated the different offices of the county and have found that up until a short time ago most of the different offices were not keeping the fee books as they should be kept or as required by law, but that now they are doing so.

Upon an investigation of the minutes of the commissioners' court and of accounts allowed and ordered paid by the county we find that an accurate and understandable record has not, in some instances been made. We desire in this connection to call the attention of the commissioners' court to these matters, and recommend to them that hereafter a complete and concise record of every transaction and every bill allowed and paid be recorded in the proper place, showing for what it was paid; and we further recommend that in all meetings wherein

## Large Highway Magnet Picks Up Much Trash on Highways and Streets

A large magnet attached to a truck belonging to the State Highway Department completed its work on Highway 51 in Foard County Thursday morning.

A total of over two thousand pounds of nails and other metal tin objects were picked up between Pease and Wichita Rivers. On just one block in Crowell, extending on Highway 28, one block west of the square, 115 pounds of tin and metal pieces were picked up on the street.

From the State Highway warehouse here, north to the Chas. Ferguson residence, a distance of about one mile, a total of 435 pounds were picked up.

## IMPORTANCE OF TREATING SEED WHEAT URGED

"If smutty wheat seed is planted in all probability a tremendous amount of smut will result in the crop from this seed," stated Fred Rennels, county agent, in discussing this matter. "This fact has been proven time and again."

Up until this year Foard County has been reasonably free of stinking smut but due to the fact that quite a bit of seed was imported from other sections, where smut is prevalent, it seems that it has shown up in most every section of the county and this condition will grow worse if steps are not taken to check it, according to Mr. Rennels.

Local elevator men report losses from two to four cents per bushel on thousands of bushels of the farmers' wheat during the past harvest.

As has been mentioned in The News before, the most satisfactory method of treating seed wheat for smut is through the use of copper carbonate dust. With the proper method used along with this chemical wheat can entirely be cured of smut.

Farmers may treat their own wheat at home by use of the barrel method or may take it to the Self elevator, where a new smut treating and cleaning machine has recently been installed. E. W. Self states that he is taking either wheat or cash in payment for cleaning and treating seed wheat.

### ANOTHER DONATION

Another former Foard County resident has sent in a donation for the American Legion statue fund. A check for \$2.50 was received this week from J. Edgar Kimsey of Texon. He stated that he would be unable to attend the polo games but was anxious to help out this worthy cause.

## Singing Will Be Held Sunday at Methodist Church

Duke Wallace, who is assisting in promoting the county-wide singing that is to be held at the Methodist Church Sunday afternoon, beginning at 2 o'clock, has issued the following statement regarding it: "If you wish to enjoy a few hours of real old time gospel singing, be sure and come to the Methodist Church Sunday and hear the soul-thrilling gospel message in song."

"Those who have attended such singings before speak in the highest terms of the way they are conducted. Ushers will be at the doors to assist you and special attention will be given to the old folks. "It is estimated that there will be five hundred people present. The leaders have requested those who sing to occupy the front seats."

This will conclude the series of singings that have been conducted over the county this summer.

said court transcript business that a detailed statement of said transactions be kept and recorded in the minutes of said court, such as contemplated by the law. In this connection we would recommend that the county clerk be present at all such meetings and prepare and record such minutes.

We further recommend the auditor's recommendation in report in regard to the permanent school fund in Foard County be strictly followed.

We have inspected the jail and find the same in a sanitary condition, but that some of the plumbing fixtures do not operate successfully, and recommend that they be fixed so that the same sanitary condition may be maintained.

Judging from our investigations and from our own knowledge, we believe that in the main our county is as free of crime generally speaking, as any county in the state, for such condition we wish to commend our officers and the citizenship as a whole for such conditions never exist when the citizenship of a county does not so desire.

There being no further business we ask this honorable court to discharge us for the term. Respectfully submitted, H. W. BANISTER, Foreman.

## CROWELL PLAYS CHILDRESS IN FOOTBALL FRI.

Childress High School will play the Crowell Wildcats in a football game here this Friday afternoon at 4 o'clock. This game gives Crowell its only opportunity to demonstrate its strength against a Class A team this year, according to the present schedule, since all of the other teams to be played are in District 3, Class B.

Crowell was to play Fairview in the opening game of the district race Friday, however, a letter from the Fairview coach was received by Coach Grady Graves this week stating that his team did not have enough men to justify their playing a conference game and that most of their games were being cancelled. He offered to come ahead and play Crowell but wanted to let the local team know that it was not playing a conference game and that Crowell could cancel the game if it wished to do so.

Fortunately Coach Graves received a letter from A. W. Adams, Childress school superintendent, at about the same time stating that their team was wanting a game for Friday and would like to play Crowell. Feeling that a Crowell-Childress game would prove of much more interest than a non-conference game with Fairview, Coach Graves cancelled the Fairview contest and promptly arranged for the game with Childress.

Local people who have seen the Childress team in action this year report that the Bobcats have a team that is considerably heavier than Crowell and one that will give the local squad an exceptionally hard contest.

Coaches Otis Ballard and Griffin of Childress have definitely informed Coach Graves that they are bringing their first team to Crowell. Their second team is playing Paducah High School the same day that their first team is playing Crowell.

A very interesting musical program was given at the luncheon of the Rotary Club Wednesday. B. W. Self was in charge of the program which consisted of the following numbers: Violin solo, Mrs. Alva Spencer; duet, Mrs. Adolphus Wright and Mrs. T. B. Klepper; quartet, Leslie Moore, Eb Seales, Sam Mills and Eli Smith. Mrs. Arnold accompanied all of the numbers at the piano.

### Interesting Musical Program at Luncheon

Announcements were made by President Eli Smith concerning the Crowell radio program at Wichita Falls Saturday night, the American Legion polo series and the football game here Friday with Childress.

Visitors present at the luncheon besides those on the program were George Backus of Vernon, E. C. Mitchell of Childress and Gordon Gribble.

### COTTON GINNINGS

Approximately five hundred bales of cotton had been ginned at the two Crowell cotton gins now in operation up to Thursday afternoon. About 375 bales had been weighed in at the local cotton yard by A. T. Schooley, public weigher.

EXTENSION TORN DOWN

The 30 by 24 foot sheet-iron extension on the Self building now occupied by the DeLuxe Cafe was torn down last week by F. C. Borchardt, who purchased the material for the purpose of erecting sheds and out-houses on his farm in the Foard City community.

### Sets a Fast Pace

Edward Kettwitz, 57, Grant County farmer of South Dakota, ate thirty-seven ears of sweet corn in 1 hour and 45 minutes. He ate as he could have eaten more only he had corn for dinner two hours earlier.

### Items from Neighboring Communities

#### GAMBLEVILLE

(By Special Correspondent)

Mrs. Walter Johnson and children of Thalia visited her parents, Mr. and Mrs. Sim Gamble, Tuesday of last week.

Mr. and Mrs. Claudius Carroll and son, Eugene, were visitors in Vernon Thursday morning.

Mr. and Mrs. B. F. Whatley of Thalia spent Wednesday of last week with Mr. and Mrs. F. J. Jonas.

Mr. and Mrs. Hugh Shultz of Farmers Valley, Mrs. C. D. Haney and son, Bob, and Mona Marion Ray of Talmadge and Mr. and Mrs. Ray Pyle of Washington visited Tuesday of last week with Mr. and Mrs. Dave Shultz.

Mrs. Lee Morgan and son, Melvin, and Mrs. Foy Pauley were visitors in Vernon Wednesday.

Mr. and Mrs. J. L. Glover spent Friday with Mr. and Mrs. Joe White of Lockett.

Mr. and Mrs. D. A. Alston and family spent Sunday with Mr. and Mrs. Hubert Carroll of Vivian.

Mr. and Mrs. A. F. Derrington and son, L. T., and Miss Eula Mae Alston visited relatives at Merkel several days last week.

Mr. and Mrs. B. F. Whatley of Thalia visited Mr. and Mrs. Lewie Henderson Sunday.

J. C. Starnes of Wylie was visiting friends here last week.

Mr. and Mrs. W. J. Wright and children moved to Wylie Friday.

#### MARGARET

(By Special Correspondent)

Miss Johnnie Mae Short left Wednesday to enter Decatur Baptist College. She was accompanied by her parents, Mr. and Mrs. J. L. Short, and son, Cecil, and Miss Ruth Smith who attended opening exercises of the school.

Norman McGregor of Paul's Valley, Okla., visited Gilbert Choate Sterling Morrison returned to his home in Electra last week after several days visit with his brother, Grant Morrison, and family.

Mr. and Mrs. Oliver Henderson

and children and Mrs. J. S. Owens and son, J. S. Jr., visited relatives and friends in Quanah Saturday night.

Opal Ferguson of Crowell spent the week-end with relatives here.

John Long and Leslie Moore of Crowell attended services at the Christian Church Sunday evening. A very interesting talk was made by Mr. Moore on "Life." They will be back next Sunday at 3 o'clock. The subject will be "The Second Coming of Christ." Those who have not heard Mr. Moore are missing something fine.

Arthur Owens was able to return to his work as salesman for Reed, Reed and Forest of Quanah, Monday. He was accompanied by Ed Dunn who will drive for him this week.

Charlie Haseloff has been ill since Saturday. Grandpa Jackson who was ill last week is improved.

Grady Weathers left Tuesday for the State Hospital at Sanatorium, Texas. He hasn't been doing so well for several days and it is hoped he will improve when he reaches this institution.

Mr. and Mrs. Ray Thomas and daughter, Grace, of Odell visited T. D. Boyd and family Monday evening.

Miss Emma Belle Hunter left Wednesday for Lockney for a few days visit with her sister, Mrs. J. W. Spotts, and family.

Mr. and Mrs. Harvey Blevins and her brother, T. P. Hunter Jr., arrived Thursday from Sudan for a visit with their mother, Mrs. Mary Hunter.

Mr. and Mrs. Doyle McCurley, Mrs. Homer White, Mrs. S. B. Middlebrook and John Kerley and son, Willard, were business visitors in Vernon Monday.

Ben Stokes and family moved to Vernon Thursday. Mr. Stokes has been in the barber business here several years and the many friends of the family regret to lose them from this community.

Mrs. W. E. Hunter and daughter, Alice, and son, Norman, spent several days last week with J. W. Spotts and family of Lockney. Hugh Spotts came home with them to enter school here.

Sam Mills of Crowell took charge of the barber shop here Friday and will move his family here soon. Mr. Mills is well known here, having taken an active part in singing here from time to time and we are very glad to welcome them to our little city.

Mr. and Mrs. Rob Cooper and daughter of Crowell attended the singing here Monday night.

Mr. and Mrs. Carlton Cook and her brother, Mr. Glass, moved here from Lockney last week. Mr. Cook has been engaged as one of the teachers for this term.

Miss Allison Self and little Miss Mary Evelyn Edwards of Crowell were here Tuesday.

Bert W. Self loaded out a carload of wheat Tuesday.

Mr. and Mrs. J. A. Stovall, Mr. and Mrs. H. W. Gray, W. F. Wood and Sim Gamble of Thalia attended the Methodist conference here Sunday.

Mrs. R. P. Boman returned Sunday from a week's visit with her daughter, Mrs. Claude Nichols, of Black.

Rev. R. A. Stewart, presiding elder, preached at the Methodist church here Sunday morning.

The small child of Mr. and Mrs. Luther Tamplin was seriously ill Tuesday from drinking kerosene oil but is improved.

Miss Ruth Reinhardt is better this week. She has been ill for 8 weeks.

There will be a free concert at the Methodist Church Friday night, given by the pupils recently taught by Henry Dunagan. Also some special songs by others.

C. C. Martin and son, Nolan, of Black were here Tuesday to begin the season's cotton seed hauling to Quanah.

Mr. and Mrs. W. T. Dunn, Mrs. Arthur Bell and daughter, Dorothy, and Mrs. A. B. Owens visited Mr. and Mrs. Mike Dunn of Acme Tuesday.

Allen Shultz of Thalia visited here Tuesday evening.

Mr. and Mrs. Carl Roberts and children of Thalia visited relatives here one day last week.

#### TRUSCOTT

(Knox County)

(By Special Correspondent)

Miss Elsie Graham met some Clovis, N. M., friends at Knox City and motored with them to Munday on Sunday afternoon.

Mr. and Mrs. Joe Withrow were Knox City visitors Sunday.

W. R. Wallace of Paducah, district manager of the telephone company, was in Truscott on business last Friday.

George Self of Crowell came to Truscott Monday advertising the polo game for this week-end.

Misses Cleo Abbott, Elsie Graham and Cleo Head made a trip to Benjamin last Saturday night.

Mr. and Mrs. John Blair of Gilliland were looking after business interests in Truscott Monday.

Earl Sams of Benjamin was in Truscott several times the past week.

Roy Snody of Benjamin was a Truscott visitor the first of the week.

An intensely interesting report was brought to Truscott Monday by a member of the exploring party which made another trip Sunday to the cavern 23 miles west and 6 miles north of Benjamin. A writeup of a recent exploring expedition to this cavern was in the Benjamin Post last week, but the party Sunday found still more interesting features on their trip of more than two miles through this "King County Cave of the Winds."

Mrs. Hubert Chowning and Mrs. Killan Moore attended the Methodist Missionary meeting at Crowell last Thursday.

A. S. Tarpley visited his wife and children in Abilene last week-end.

Mr. and Mrs. Steve Mills visited relatives in Margaret Sunday.

Mr. and Mrs. Frank Brown and family have returned from Arizona and a visit with relatives in New Mexico.

Mrs. Jerome Gillespie is visiting in the home of her son, Boyd.

Mrs. Dave Moore visited relatives at Mertzon this past week-end.

Neva Mills was ill in few days this past week, but is able to be back in school Monday.

Ben Masterson of Amarillo was in Truscott last week visiting Mr. and Mrs. T. B. Masterson.

Mrs. A. J. Abbott and Miss Velmeta Solomon visited in San Angelo this past week-end.

Mrs. Carlton Browder and little daughter, Doris, are visiting relatives at Boonville.

Uncle Bob Myers has been quite ill for several days, but at this writing is much improved and his many friends are hoping that he will soon be feeling well again.

The first meeting of the P. T. A. last Tuesday night was an occasion which was greatly enjoyed by the large number present. Plans are being made for a very helpful and instructive year's work. A very pleasant feature of the evening was the games and refreshments. During this period of the program everyone met the new teachers and gave them a hearty welcome to Truscott.

Mr. and Mrs. T. B. Masterson had as their guests Sunday, Charles Hamilton and his mother of Benjamin. Mr. Hamilton is manager of the Hamilton Ranch in King County.

Carl Jackson and family have returned to this community from California where they have been for a year. The Jacksons are former residents of Truscott and they seem pleased to meet old friends again.

Dr. E. M. Hughes was in Foard City Friday.

While riding the range one day last week Jim Moody sustained a severe knee sprain. At the present time he is much improved.

Jolly Myers, who is chief engineer at the Magnolia Pump Station, reports that his station has just made the largest delivery of oil for the Gulf Oil Company, that has been made in two years. The delivery amounted to the sum of 500,000 barrels. It will be remembered that this station pumps oil for both the Gulf and Magnolia companies.

Mr. and Mrs. Brooks Laquey of

Wichita Falls were in town visiting Mr. and Mrs. Roy Laquey this past week-end.

Paul Russell and wife have moved to Truscott during the past week. Paul is buying cotton in this locality during this season. He and wife were formerly residents of Vera.

R. L. McKinnon and wife of the Magnolia station are away on a two weeks vacation. They will spend most of the time visiting relatives in Fort Worth.

D. C. Hutton and family with Frank Gilliland and family attended the show in Quanah Saturday night.

A. C. Adkins and Jim Jones of the Big 4 Ranch made a business trip to Truscott Monday.

F. E. Moorhouse of Benjamin is spending much of his time in Truscott these days buying cotton.

Sherman Cook of Gilliland made a business trip to Truscott this week. Also Mr. Feemster, grocer of Gilliland, was in town looking after business interests.

Supt. Stewart with his corps of teachers will attend institute at Benjamin Friday and Saturday. Quite an interesting program as well as entertainment has been planned and we know a treat is in store for the teachers of the county.

Mrs. Henry Craig visited friends in Munday last week-end.

### This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, L. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 years old than the mother of 2 children, one 19 and the other 18. Every one of my friends say, it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at any drug store in America. If not joyfully satisfied after the first bottle—money back. N-1.

To protect a tenant, Henry Whittle, landlord of Silverdale, Ire., shot a monkey which had invaded one of his apartments, only to be arrested and fined \$70 for killing the escaped pet of Miss Mabel Hoyland.

**NOTICE**

We can save you money on all repair work and parts for your car and trucks.

**Davis Wrecking Co.**

East Side of Square

#### THE GREATEST DIRIGIBLE

Soon the largest dirigible ever built, the U. S. Navy's Akron, will take to the air for a series of test flights, the result of which will be keenly interesting to the aeronautical world. This monster of the air has a gas capacity of six and a half million cubic feet, nearly twice that of the Graf Zeppelin.

The Akron is 785 feet long, with a greatest diameter of 133 feet. Eight engines will develop 4,480 horse power, and a maximum speed of 84 miles an hour. At ordinary cruising speed the ship will be able to travel 10,000 miles without refueling. It will exert a gross lift of about 200 tons, and carry a useful load of about 90 tons. Equipment will include a number of small airplanes and several rapid-fire guns.

In view of the disasters which have attended the operation of dirigibles in the past, it is natural to speculate on the Akron's fate. One has only to recall the destruction of the American ZR-2, Roma and Shenandoah; the British R-101 and six other large dirigibles, the French Dixmude, the Italian, and many others, to realize how few dirigibles, even those of the improved types of recent years, have survived for any great length of time.

The first dirigible disaster in the United States, by the way, was the explosion of one named the Akron, in 1912. Let us hope that the new Akron may have better luck.

For Troubles due to Acid INDIGESTION ACID STOMACH HEARTBURN HEADACHE GASES-NAUSEA

**WHEN FOOD SOURS**

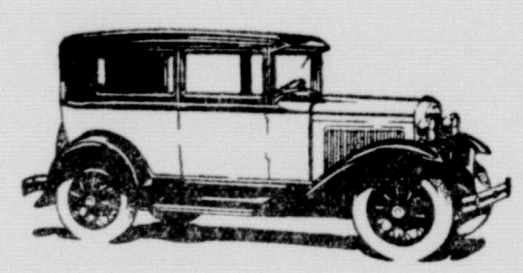

ABOUT two hours after eating, many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume of acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine **Phillips' Milk of Magnesia**, the kind physicians prescribe to correct excess acid. 25 and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U.S. Registered Trade Mark of The Chase H. Phillips Chemical Company and a predecessor Charles H. Phillips since 1875.

## "Why My Next Car will be A FORD"

WHEN you buy a Ford there are two things you never have to worry about. One is reliability. The other is long life.

Here's an interesting letter from a Ford owner in North Carolina:

"My Ford was purchased May 8, 1928, and has been run 121,767 miles. It has never stopped on the road for repairs of any kind whatsoever except punctures.

"The brakes were relined at 101,000 miles. My gas mileage averaged 21 miles to the gallon, and on tires, 19,000 miles per tire. I travel over all kinds of road conditions—mountainous and flat.

"I consider this a wonderful record and I assure you my next car will also be a Ford."

This is just one of many tributes to the reliability and long life of the Ford. A Ford owner in Iowa tells of driving his Ford 73,000 miles in a single year. Another writes of 120,000 miles of good service.

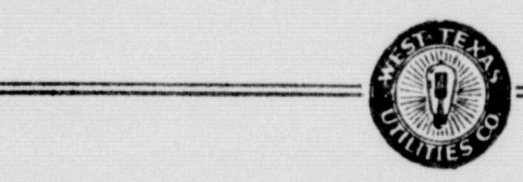

Think ahead when you are considering the purchase of an automobile and consider what it will be like after thousands of miles of driving. Will you still be satisfied? Will you still say "it's a great car"?

If it's a Ford, you know everything will be O. K. It will be taking you there and back in good style, just as it has always done. And you will have saved many important, worth-while dollars in cost of operation and up-keep and low yearly depreciation.

### Delicious Frozen Dainties . . . . Prepared Right In Your Home

For these heated summer days, when your ingenuity is taxed to supply tempting dishes for fabled appetites, the modern Electric Refrigerator will prove a double blessing; it will supply attractive and palatable pleasing hot weather delicacies, and will assure you of scientifically-correct refrigeration in spite of the blistering heat of late summer days.

The hostess who serves inviting frozen salads, tasty mousses and frozen puddings, appetizing sherbets and sparkling beverages is sure to strengthen her reputation as a cordial hostess. And the mother who serves such delectable dainties to her own family will find irritating summer months tranquil and happy!

Reputable electrical dealers throughout West Texas offer you a wide choice of modern Electric Refrigerators. Moderately priced and costing but little to operate—you'll find Electric Refrigeration a wise economy. Why not buy that Electric Refrigerator now?

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Reporters—Elouise Saunders, Jo Roark, Pauline Donaldson, Mozelle Lilly, Sue Gorrell, Crockett Fox.

## SENIOR CLASS ENTERTAINS FACULTY

The members of the Senior Class assisted by their sponsor, Coach Grady Graves and wife, began their class festivities for the year last Friday evening with a chicken barbecue at the Luther Gribble Meadere at the honor of the faculty. While the eats committee finished preparation, the other members of the class and the guests explored the park and played games. The features of the supper were delicious barbecued chicken and ice cold watermelon. After supper the group enjoyed various kinds of games until a late hour. The members of the faculty expressed their appreciation with fine rala for the Seniors and their sponsor.

## PHYSICAL ED. CLASSES ORGANIZE

The girls physical education classes organized Wednesday, Sept. 9, at the second and sixth periods in Miss Patterson's room. Captains for the first six weeks were elected as follows: For the morning class the captains were, Mary Eva Meason and Jo Griffith. For the afternoon class, Victoria Owens, Bonnie Cogdell, Billie Draper and Bertha Womack. The same uniform as those of last year will be worn.

## FRESHMEN ORGANIZE

On September 10 the Freshman class was organized. They elected the following sponsor and class officers: President, Fred Allan Beverly; vice president, Dorothy Carter; secretary, Bernice Poland; treasurer, Geraldine Carter; sponsor, Walker Todd.

## VISIT TO EXPERIMENT STATION

The agriculture class visited the experiment station near Chillicothe last Thursday morning. Although the class had not studied many of the scientific phases of agriculture, the lectures on various experiments were readily understood by practically everyone. The process of improving forage crops to resist frosty climates was explained. About one hundred varieties of sweet and grain sorghums were shown, along with varieties of cotton, and legumes. Experiments on the proper distance apart to plant various plants was also shown. A rop called ajax attracted a great deal of attention. It is a plant about 3 feet high, with a very large head, which is to be distributed as a combine crop. Mr. Quinby, the director of the station, let the boys sample some of his sweet sorghums. Travis Fox chewed so much that the other boys dubbed him "lasesse." This station has originated several varieties of sorghums, some of which are very popular in this section. The station also tries out new crops of other sections to see if they will be a success in this region.

## MUSINGS OF THE OWL

After a summer's migration we again find ourselves on the same old roost. A year older but no wiser.

The youngest of the Todd trio looms out in football, to take the place of the older, which isn't so unusual, but only brings to remembrance that old adage, "The river of life flows ever on and the old gives way to the new."

In the days of old, Diogenes walked the streets of his old home town carrying a lantern in the broad daylight looking for an honest man. And that was before the time of miniature columnists, organized athletics, or the depression.

And now most of us are very concerned on how to take the Chill out of Chillicothe.

Only to find then the problem of putting the O to Olney.

Noting last Friday evening, the ability of our teachers to consume heavily the feathered specie, the Owl just questions its absolute safety.

We haven't said anything about love as yet. Just take from the Owl that it is a grand old institution.

If you doubt the Owl's wisdom in the above mentioned matter, we refer you to J. M. Crowell or Frances Schlagal.

The Owl has been accused of being just a little behind this modern world, but we still believe that every good football team should have a school connected with it in some way.

With this the Owl will bid adieu, unless this week-end game takes the Crow out of Crowell.

## THE OWL

## PERSONALS

At P. T. A. Tuesday prizes were given to the class who brought the largest number of parents. In the primary department, Miss White's room won and the prize given was a flower. In intermediate department, Miss Cryer's room won and the prize given was a picture. In

high school the Juniors and Freshmen won, and the prize hasn't been decided on.

The dignified old Seniors cannot crow now. The jolly Juniors and wise Sophs. showed what pep they are by having their picnic a day before the Seniors had theirs.

The high school girls' physical education classes are the happy owners of a new baseball and bat presented to them by J. E. Harwell.

The Crowell faculty proved that they had not lost the art of chewing on a few old roosters. Friday evening when the Seniors entertained them with a barbecue. It was just an old Senior custom.

One of our former students, Geo. Carter, has returned to our midst from Coleman, Texas.

The home economic girls are serving hot lunches every Wednesday.

The grade school and high school are always glad to have every Wednesday and Monday morning visitors at their respective programs.

## ADVICE TO FRESHMEN Chapter I

How to become popular—

1. Never buy paper, pencils or ink. Bum them from the upper classmen.
2. Tell the football men they should go out for more activities.
3. Get into heated arguments with the president of the senior class on the management of the class.
4. Kick about the football game. Tell how you would have done if you had played.

P. S. When you have done the

above and want to hide, go lie down in the grass. No one will notice you there.

## CHAPEL PROGRAM

The high school enjoyed their second chapel program Monday morning because it was a sing-song. The songs, led by Jo Griffith and Miss Self, were of the old fashioned type. Mrs. Davis, former teacher in C. H. S., made a short talk, saying that she was happy to see so many of her old pupils. Other visitors were Frances Patton, Virginia Sue Crowell and Nancy Cogdell.

## SENIOR RINGS

The Senior rings have been decided upon and the measurements for the order filled out. The rings were bought from the Stafford Engraving Co. The price of the rings this year is less than it has been for many years, but the beauty is greater. A heavy ring for the boys was ordered while a lighter ring of the same design was chosen for the girls.

## FRESHMEN PSALM

Senior, thou art my persecutor and I am thy slave. Thou hast caused me go without dinner, thou hast destroyed my pride, thou hast led me into dark alleys. Thou hast caused me to go to the cemetery with my hat under my arm with nothing but it to keep me from harm. Thou hast caused me to bend over in the light of the moon and kick me around as if I were a spoon.

Thou preparest a board to use in the presence of my friends. Thou annoimest my back with blue and purple spots—how can I trust thee? Thou hast kept me out of church

and society, thereby robbing me of all that is elevating and refining. Thou hast caused me to clean thy locker in the presence of my best girl.

Now, behold, as I stand cleaning out thy locker I see 18 seniors coming with paddles, and I wonder what will happen next.

—A Despondent Fish.

## JOKES

Crockett Fox was heard telling the following: "My friends laughed when I stepped up to the piano. They thought I couldn't lift it. They were right, I couldn't. It was nailed down."

Mitchell: So Henry is working for the printer.

George: Yeh! the little "Devil."

Irene says that she was in Louisiana during the Mississippi flood and when the water came into her house she floated out on a table and her

sister accompanied her on the piano.

John T.: Ah, Senorita, tonight I will stand beneath your window and sing a sweet serenade.

Kathryn C.: (ex-Senior) Do and I will drop a flower to you.

John: In love?

Kathryn: No, in a pot.

Danny: It seems to me that there are burglars in the house. Are you awake?

Coach: No.

# Last Call!

CONTEST CLOSES  
MONDAY, SEPTEMBER 28, MIDNIGHT

# \$10,000

## IN CASH PRIZES

FOR THE BEST ANSWERS EXPLAINING THE

# MYSTERY of the "HIDDEN QUART"

AND TELLING HOW THIS QUART BENEFITS MOTORISTS

**Fact No. 1—**Thousands of motorists and service station men have observed that after a car has been given its first fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is apparently missing . . . but

**Fact No. 2—**These same people have noticed that on the second and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles, and practically none at 500 and up to 1,000 miles!

The above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your crankcase usually holds, your car's mechanical condition and the speeds at which you drive.

What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the things that only Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple—no technical knowledge of motors or oil is necessary.

Remember—The "hidden quart" of Germ Processed Oil does not escape through leakage . . . does not burn up, wear out nor evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden

quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

Ask at any Conoco Station or Conoco Dealer for free Entry Blank which contains information about Conoco Germ Processed Motor Oil that may help you win. Conoco Station and Dealer employees will gladly answer your questions. Remember, you do not have to buy anything to enter this contest.

See Rules of Contest for complete details.

## 29 PRIZES

- First Prize - \$5,000
- Second Prize - \$2,000
- Third Prize - \$1,000
- 4th, and 5th Prizes - \$500
- 6th, 7th, 8th and 9th Prizes - \$100
- 10th, 11th, 12th and 13th Prizes - \$50
- 14th through 29th Prizes - \$25

WINNERS WILL BE ANNOUNCED as soon after the contest closes as possible. Announcement of all winners will be made in this newspaper.

## THE JUDGES

- DR. W. B. BIZZELL, President, University of Oklahoma
- JOHN A. HUNTER, University of Colorado
- FRANK L. MARTIN, Asso. Dean, School of Journalism, University of Missouri

## THE QUESTION

"What becomes of the 'hidden quart' and how does this quart benefit the motorist?"

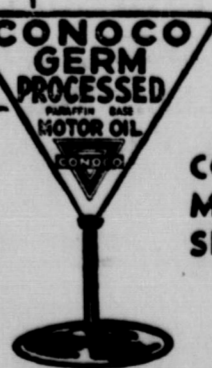

## COMPLETE RULES OF CONTEST

1. Answers may be any length not exceeding 200 words; length of answer will not determine winners. Write answers on Official Contest Entry Blank preferably, or on plain white paper. Conoco Stations and Dealers will give you an Official Contest Entry Blank free. Elaborate presentations of answers will not count in your favor.
2. Write your answer in plain, simple language. Technical terms or special scientific knowledge will not influence the judges.
3. Contest closes midnight, September 28, 1931, and no entries bearing postmarks after midnight, September 28, 1931, will be accepted.
4. Contest open to everybody except employees and executives of the Continental Oil Company, Conoco Stations, Conoco Dealers and the Company's advertising agency, and their families.
5. In case of tie, both contestants will receive full amount of prize tied for.
6. You do not have to use or purchase Conoco Germ Processed Motor Oil or other Conoco products to compete for prizes.

7. All entries submitted, whether or not they win prizes, become the property of the Continental Oil Company and may be used in advertising without payment, and none can be returned to senders.

CONTEST CLOSES  
MIDNIGHT  
SEPTEMBER 28th.

Crowell, Texas, September 18, 1931

CONSTITUTION WEEK

Last week was Constitution Week. Had the fact never been mentioned, almost any reader of Texas newspapers should have guessed it.

Did not a Fort Worth Court declare unconstitutional an important part of the bitterly-contested and dearly-won peddler's bill? And had not federal courts in Houston, just a few days before, decided that almost everything in the truck bill except the enacting clause was a violation of our fundamental law?

Were that not enough to bring Constitution Week to the forefront, did we not have General Wolters administering martial law in East Texas under an authority by many people thought to be unconstitutional as light wines and beer? And was not the legislature actually engaged in enactment of anti-cotton-planting laws whose constitutionality, to say the least, was somewhat doubtful?

Fortunately, however, constitutions are not impregnable. If you are cunning, you can find convenient holes in them. If you are a legislator, you can suspend them. Failing that, and providing you can persuade sufficient similarly minded people to join you, you can amend them.

The truth of the matter is our Texas constitution is so amended and shattered it is doubtful its authors would recognize it. With all due respect to the document under whose protective phrasing the greatest commonwealth in Christendom has been won from the wilderness, it is as archaic and unsuited to modern times as the Princess Eugenie hat. We can wear it if we have to, but how it cramps our style!

We are trying to run an up-to-the-minute governmental locomotive over a roadbed built for the tiny engines of the early nineteenth century. The result is as unsatisfactory as might be expected. We cannot hope to avoid waste, nor can we reasonably expect to lower taxes, so long as we persist in a practice so impracticable.

If Constitution Week spurred us to any sort of sane and sober reflection, it must have shown us the urgent necessity for an early constitutional convention.—Editorials of the Month.

HOLDING OUR END UP

If the average citizen who is barely making ends meet, or who is falling behind financially, would check himself up he might find some interesting facts concerning his affairs.

He would probably find, among other things, that his difficulties arise principally from his indulgence in the ancient game of trying to outshine his neighbors.

Take our automobile problem for example. First our neighbor buys an inexpensive car, and we must do likewise—on the installment plan. Then before it is paid for another friend invests in a six-cylinder machine, so in order to keep up appearances we must take another plunge, probably going him a little better.

It is the same with other things. We must have a better radio set than the family next door; better

furniture; more stylish clothes. We must send our Mary to an expensive boarding school because Mrs. Jones is sending her Sally—when both would be as well or better off in the home town high school. Then we must give expensive parties for which the Smiths or Browns have set the pace. We must have extensive vacation trips, when we might see as fine a collection of billboards right at home. And we wonder why we seem to get hopelessly behind financially.

It is safe to say that at least one-third of the average family's income is spent for such gratification of vanity, beyond what would be necessary to live decently and comfortably.

And by reasonable economy a lot of people who can not or do not pay their honest debts might be able to do so, and thereby enjoy a satisfaction equal to that of "keeping up with the Joneses."

386 MILES AN HOUR

Setting a new world record for speed, Lieutenant Stainforth of the British Navy a few days ago drove his seaplane 386 miles an hour over a three-kilometer course, beating the previous record by more than 28 miles an hour.

This terrific speed of more than six miles a minute represents the fastest movement of mortal man in the history of the world. When it is remembered that the earth's rotation is only about 15 miles a minute at the equator, it may readily be imagined that some day an airplane will equal that speed. If so, an aviator might fly around the world keeping the sun directly overhead all the while.

Or, if he could exceed 15 miles a minute he might leave the sun behind, so that it would apparently set in the east. Then when he caught up with it again the sun would appear to rise in the west.

This may not happen in our day, but who can say that it is not among the possibilities of the future?

AN INVENTOR'S HOLIDAY

It sounds like a reactionary suggestion, but perhaps it would be well for inventors to take a holiday for a few years until consumption catches up with the output of the machines they have invented already.

For many years inventive genius has been devoted to the creation of machines to displace manpower. So long as such manpower was displaced in one industry could find employment in some new field all was well. But lately it has been impossible to absorb the workers displaced by improved machinery, and what is known as technological unemployment has been the result.

One thing seems certain—we must ease up on the introduction of labor-saving machines or drastically reduce the standard hours of labor, or both. Otherwise over-production and consequent unemployment may continue to menace the welfare of mankind and even the peace of the world.

On the other hand, the problem might be solved by increased consumption of all commodities, including farm crops, if such could be brought about. But the best thought of economists and others has so far failed to find a practical plan for the distribution of surplus products to the millions who are in need of them.

So, we favor suppressing new inventions for a while. This is also impractical, of course, but perhaps as practical as most of the other ideas being advanced for the relief of present conditions.

PADLOCKED MINDS

We were discussing Russia at the dinner table of a banker. None of us knew anything about the subject, but that did not prevent a long and animated conversation.

The general opinion, forcibly expressed, was that Stalin and his associates represent the great menace to the present-day world. It was even urged that all the capitalist powers ought to combine to overthrow the Bolshevik regime.

Finally I made a timid suggestion. I said that it seemed to me probable that the Russian experiment will have to be very much modified or it will fail. It appears to run contrary to too many deep-seated human instincts.

Man is moved by the ambition to acquire opportunity and security for his children. The Bolsheviks deny him the right of acquisition. Man is "incurably religious;" the Bolsheviks have attempted to abolish God. Sooner or later, man has always revolted against unbridled autocracy under whatever guise or name.

"But," I continued, waxing a little bolder, "any one who looks over the capitalist countries today must admit that our economic organization leaves a lot to be desired. Think of the tragedy of wheat selling below the cost of production at a time when thousands are standing in bread-lines. What a frightful thing it is for factories to be shut down for lack of orders while a large percentage of the human race still lacks adequate clothing and shelter.

"Instead of condemning the Russians out of hand, wouldn't it be more sensible to see whether they discover anything, no matter how small, that we could apply to make our own decrepit economic machine a little better?"

Recently I read an article by Professor Harold J. Laski in which he pointed out how every new idea, that ever came into the world has been opposed by the "experts."

"Not even so great a surgeon as Simpson could see merit in Lister's discovery of antiseptic treatment. The opposition to Pasteur was so vehement that he declared regretfully that he did not know he had so many enemies."

Napoleon scoffed at the steamship. Wellington was never persuaded that the breech-loading rifle was any good. Vanderbilt refused to entertain the crazy notion that Westinghouse could stop his trains by "jamming air against the wheels."

If we keep our minds open to new ideas we are bound to be misled often, and sometimes to be ridiculous.

But the surest way of all to be wrong is to assume that God has completed His process of revelation and that the world tomorrow will be exactly like the world today.

Twenty Years Ago in The News

(Items from the 1911 Files of the Foard County News)

Sept. 22, 1911

The young ladies met with Mrs. T. L. Hughton on Sept. 14 for the purpose of organizing a Young Ladies Missionary Society. Eleven names were enrolled for membership. Mrs. McCormick was elected president, Mrs. W. B. Carter, vice-president; Miss Bettie Allee, recording secretary; Miss Josie Wright, treasurer; Mrs. Chas. Thompson, corresponding secretary and press reporter.

Lost, one ruby shirt stud, fastened to a four-in-hand neck tie, between Crowell and the railroad tank. Finder will receive reward by returning to Decker Magee at R. M. Magee & Sons grocery store, south side square.

Thos. Isley, the new harness maker, has sold out his stock to J. H. Self & Son and gone back to Missouri, his family having gotten homesick.

Geo. Wells and Rob. Bell went to Stamford Monday to enter Stamford College for the ensuing college year. These are both bright and promising young men, and in such is the hope of the future of this country.

Clyde McKown and Paul Shirley departed Friday for a foray among the insurable folk at other places.

H. A. Hunter dressed up in his other clothes and boarded the train again Friday saying he was going to Foard City to visit for a week or two.

The big touring cars of W. L. Power and A. N. Vernon, in charge of Messrs. Carl Thacker and A. N. Vernon, respectively, carried a party of young excursionists to Vernon and back Sunday.

A Mistake  
On Sept. 15, about 4 o'clock I placed in a buggy under the cushion in the seat box a 38 Colts sixshooter, it was in a scabbard, thinking that I was placing it in my father's buggy. Those that were in town on that day please look in your buggy and return the gun to me and oblige.  
J. C. Thompson, Deputy.

Bert Self traded his Overland car to R. R. Waldrop a few days ago, and Mr. Waldron has since traded it to John Ellis.

Zeibig-Glover  
Married, at the residence of Rev. J. E. Billington, the officiating minister, in Crowell, on Sunday afternoon, Sept. 24, 1911, Mr. Dempsey Carl Zeibig and Miss Bessie L. Glover, both of this county. The News tenders best wishes.

The young people of the Epworth League are undertaking to repair the Methodist Church. The new officers of the league are J. L. Ladd, president; Mrs. Chas. Thompson, first vice-president, in charge of the devotional department; Miss Emily Purcell, second vice-president, in charge of the charity and help department; Miss Mattie Klepper,

there and help you beat Wichita Falls. I would play with Wichita. That's the only way I could help Crowell out any. Angelo kept wanting me to play with them over here but my club wouldn't let me. Yeah, they wanted to give Angelo a fair chance.  
People who aint got much money should go to Mexico. An American dollar is worth three pesos and ten centavos to boot which means three dollars and a dime if you are talking United States and counting Mexican money. One trouble with living in Mexico is you are liable to take up the language. We gotta guy here who put in eighteen years down there and the only fellow he could talk to was some other bird from the States who had been over there eighteen years too. Every other word was Spanish while the rest were either English or profane. You can't talk three languages in the same breath and get anywhere with it. Mexicans called this bird a Gringo and Americans said he was a Mexican. Nobody wouldn't claim him. So, he went to playing polo.  
The editorial on the front page of last week's Foard County News was good dope. There is no game where clean sportsmanship gets more play than in polo. I don't know much about baseball except just watching it but I always hollowed for either side making a good play and I know how to appreciate a good, clean polo player. I had rather have it said about me that I am a good sport and play a clean polo game than to be a winner and bear a hard name as a dangerous player. Well, next year we aim to match a polo game with Crowell and load up a lotta ponies and give you a show.  
Says, when them turpins in the community gardens get ripe so as to cook up why we gotta about five hundred hogs you can cook up with the turpins. All you have to do is to come down here and kill the hogs. They are just wild javalinas but you are welcome to them.

## CHURCHES

#### Christian Science

Sunday, 11 a. m. Subject for Sunday, Sept. 27, "Reality." Sunday School at 9:30. Wednesday evening service at 8 o'clock. The public is cordially invited.

#### Baptist Church News

Last Sunday the pastor preached at the morning service on the theme: "God's Manifested Love" and at the evening hour, "The Four Battles of Life." Good congregations at each service.

The Sunday School was a little off in attendance, but we will make it up next Sunday we hope. Let each one bend himself to the great task of enlistment this fall. We have a great opportunity during these days of distress to do a signal work for our Master. What will we do with this opportunity? Each of us must answer for himself. What is your answer?

How about our young folks in the B. Y. P. U.? We missed them last Sunday. This is your day, avail yourself of this wonderful training service, for there will come a day when you will need it. Soon Miss Florence Griffith will be in full charge as general director of the B. Y. P. U.'s. May we back her in this move.

The summer has been long and hot, times trying but we face heavenward and no peril should discourage us in our onward march. Soldiers of the King Eternal be alert for marching orders. The King comes. His work demands haste.

Next Sunday, Sunday School 9:45. B. Y. P. U. at 7. No preaching on account of the pastor filling his pulpit at Gilliland by special order of the church here.

Come to the house of praise and welcome.

#### WOODIE W. SMITH.

P. S. We appreciate the special emphasis the Foard County News is putting on going to church. This is the axis upon which the world of righteousness must rotate. God bless The News.—W. W. S.

#### Christian Church

Promotion Day next Sunday and every pupil is urged to be present that everything will be in readiness for Rally Day the first Sunday in October.

"Realizing Our 1931 Goal" for the morning and "Give Me Thy Heart" for the evening will be the messages for Sunday.

Plans for the balance of this year will be briefly explained next Sunday. Our services from now on will be more instructive, inspiring and spiritual. Come and enjoy them and help us make them so.

Christ is your best friend. Don't forget to meet Him at the trysting place He has named, next Sunday.

#### C. V. ALLEN, Pastor.

#### At the Methodist Church

Sunday School, 9:45 a. m. Preaching, 11 a. m. and 7:30 p. m. Epworth League, 6:30 p. m.

Woman's Missionary Society, Monday, 4 p. m.

Young Women's Missionary Circle, Monday 6 p. m.

Prayermeeting, Wednesday 7:30 p. m.

We had a great service and dinner at the Gribble Park last Sunday. Sunday School and preaching service were well attended.

We are very anxious to have a large attendance at the church next Sunday. Listen, members, each person needs the inspiration of the church services to help him during these depressing times. The Church needs each person to help it prevail and accomplish that for which it was given to do. Come next Sunday and enter heartily into all the services. God bless every one of you.

#### B. J. OSBORN, Pastor.

#### C. E. Program

Subject—What Our Society Plans to Do This Year.

Leader—Marjorie Schooley.

Scripture, Eccl. 9:10; 11:16—Coy Ward.

Taught in text—Jewel Mullins.

Leader's talk.

C. E. High Power—Lorene Boman.

C. E. Field for Improvement—

Irene Nichols. Library—Browsings—Leo Cates, Roy Mullins, Frank Cates Jr., Mary E. Bursley, Beatrice Mullins, Elsie Mae Cook, Lillie Mae Edgin, William Cates and Gusta Mae Davis. What's Wrong with Our C. E.?—Wanda Burks. Consecration—Ralph Gillette. Quotable Poetry—Martha Morgan. Officers requested to be at the church at 6:30 o'clock.

#### Intermediate B. Y. P. U.

The Call of Africa. A look at Africa — Ollie Mae Smith. Southern Baptist territory—El Francis Dunagan.

Have we won Africa?—Loreine Gray. What happens when they know Christ?—W. H. Dunagan.

What is Africa's great need?—Isla Mae Zeibig.

What is the outlook in Africa?—Lewis Brown. Other needs in Africa—Louise Adams.

Is it worth while?—Paul McKown.

#### Christian Science Churches

The subject of the lesson-sermon was "Matter" in all Churches of Christ, Scientist, Sunday, September 20.

Matthew 24:35 furnished the golden text: "Heaven and earth shall pass away, but my words shall not pass away."

The following passages from the Bible (Psalms 39:6-7) were included in the lesson-sermon: "Surely every man walketh in a vain shew; surely they are disquieted in vain; he heapeth up riches, and knoweth not who shall gather them. And now, Lord, what wait I for? my hope is in thee."

Embraced in the service was also the following citation from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy.

"The realm of the real is Spirit. The unlikeliness of Spirit is matter, and the opposite of the real is not divine.—It is a human concept. Nothing we can say or believe regarding matter is immortal, for matter is temporal and is therefore a mortal phenomenon, a human concept, sometimes beautiful, always erroneous" (p. 277).

### Sunday School Lesson

International Sunday School Lesson September 27

THE SPREAD OF CHRISTIANITY IN ASIA

Golden Text Acts 14:27

Rev. Samuel D. Price, D. D.

This Review lesson is of special importance because of the large amount comprehended in the quarter's lessons and since the regular study has been interrupted in many cases by reason of the summer vacations. Begin by reading in Acts from chapter I through 15:35. You will need your map constantly. The map that will help you the most is the one that you draw as each new place is named.

Gloom incident to the crucifixion and then the Ascension of Jesus Christ was fully dispelled by the stupendous events that took place in Jerusalem on the Jewish feast of Pentecost. After the disciples had the ten day prayer meeting the dispensation of the Holy Spirit began with the awe-inspiring manifestations, followed by the spiritually effective preaching of Peter when thousands believed that the Crucified was the Messiah and Saviour of mankind.

Preaching and personal work followed, and miracles were confirming signs that attracted the attention of the people. Peter was no longer the coward to cringe before the sneer of a serving maid. The lame man was healed in the temple. When the authorities commanded that such preaching cease, Peter replied "We must obey God rather than man."

Church organization was developed, as occasion required and the order of deacons was established to give adequate attention to the worthy poor. Giving money is part of true religion. Persecutions arose because of the very successes of the early church. Deacon Stephen became the first martyr and deacon Philip did fine work in Samaria and as a missionary to the eunuch. Be-

lievers were scattered and Saul of Tarsus was changed from chief persecutor to an ardent believer and evangelist.

### SERMONETTE

#### THE DOG AND THE STICK

By Arthur B. Rhinow

While we were strolling through the woods, my dog suddenly took a fancy to a stick I was carrying. He took hold of it with his strong teeth and tugged with all his might while I held on. So we played until the stick slipped out of my hand. Then, strange to say, the dog did not seem to exult in his victory. On the contrary, he dropped the stick and turned away. He had lost interest. He had worked so hard to possess and then did not care for possession. Indeed, he had worked so hard to wrest the stick from me rather than get it for himself.

We were playing, of course, but I could not help thinking of that serious, terribly serious, world far away from the grass and moss-grown woodland path; that world where men often fight feverishly to possess only to find in the end that possession is not worth while.

Conquerors grow weary of conquest and rich men sigh for the simplicity of their childhood home, unless they were actuated by a higher purpose than mere acquisition. There are times when they feel like dropping the gains as the dog dropped the stick. And some day they will have to drop them.

Why not acquire the wealth that we never have to drop nor wish to drop; the wealth that is ours eternally. Spiritual treasures never decay. In seeing them we grow richer as we enrich others. Jesus was the richest man that ever lived.

If a man conquered all the world just for the sake of conquest, how tired he would soon be of it all. "What shall it profit a man if he gain the whole world and lose his soul."

When his wife served food on a newspaper because all the dishes in the house were dirty, William C. Lang, of Lansing, Mich., went into action and was arrested on an assault and battery charge.

# WHO ARE THESE CHURCH FOLKS?

The valuable citizens of this community—without exception—are church members. The conspicuous success of our present world are church members. Leaders in thought and education are church members. People whose personalities and accomplishments offer the character from which long and strong friendships are made, are church members. Surely there is food for thought in an attachment so universal! \* \* \* The modern church promotes the idea that the business of living is the business of religion. Its contention that material, spiritual and moral success in life is the result of practical piety is borne out by the lives of its members \* \* \* Align yourself with those who early discovered that religion is a practical and happy way of living.

A WELCOME AWAITS YOU!

#### THALIA

(Special Correspondent)

Vera Matthews left Sunday morning where she will attend college.

Mr. and Mrs. Frank Main visited Sept. 19, a boy.

Cato and Russell Taylor are at school in Vernon.

Solomon of Crowell has accepted a position with the Thalia.

Dodson and family of Crowell and S. N. Dozier and family.

Whatley preached at Gamble Sunday morning.

H. R. Randolph received a Tuesday saying her father was seriously ill at his home in Coahoma, Texas. She left immediately accompanied by Mrs. Lee Sims and Randolph, who returned Sunday. Mrs. Randolph reports a longer visit as her father is unimproved.

Mack Eden returned home from East Texas where she is visiting her parents for a week.

Mrs. Jack Henry of Lovelock, visited Mr. and Mrs. Ben Friday.

Mrs. G. C. Phillips and Monday, left Sunday for Lubbock. Raymond will enter school.

Mrs. Ben Stokes and Mrs. Cleop of Harrold visited E. J. and family here Sunday.

Frank Wood visited relative one day last week.

A number of people from here attended in Crowell Monday.

Matthews and family of Denton and his parents, Mr. and Mrs. Matthews, here last week-end.

Mrs. Raymond Doty of Ford, Okla., visited E. G. and family here awhile last night.

Mrs. Jack Packard of Denton visited Mr. and Mrs. Mack last week-end.

A. Abston, Opal and Maple and Claude Abston visited relative, Okla., last week.

Solomon visited relatives in Okla. last week-end.

Neil of Wichita Falls visited, Mr. and Mrs. G. A. Morris and family moved to Thursday and Marvin and family of Hedley moved place vacated by the Morris.

Henry and family and Lee Ellen Hanks visited Mrs. Ben Henry here Saturday.

He and family of Washington relatives here a few days.

Shultz left Sunday morning where she will attend college.

Bonnie and Roby Crisp of attended church at the Baptist here Sunday night.

#### GILLILAND

(Knox County)  
(Special Correspondent)

Skranmsted and wife, after a two weeks vacation came by to see his mother, L. Olson, and spent a few days returning to their home.

#### WATER 40

Stomach trouble

One may very easily become forty. And any continued at that time of life may be a host of other disorders.

Guard your bowels at any age. Guard particular care after forty. If you need any help, remember you should know what is best for you.

"Dr. J. C. Caldwell's Syrup Pepsin" is a prescription for the bowels. Tested in practice, it has been found effective in relieving constipation for men, women and all ages. It has proven safe even for babies. Made of natural herbs, pure pepsin and harmless ingredients, it cannot sicken you or weaken you; without harm as often as a cathartic, or when your tongue is never a headachy, bilious, or when you are suffering from constipation.

### Two Meals Day Best For Stomach Trouble

Skip one meal and drink water instead. Wash out stomach and bowels each morning by drinking water with spoonful of simple glycerin, buckthorn bark, saline compound (called Adlerika).

Adlerika brings out poisons you never thought were in your system. If you are nervous, can't sleep, full

of gas, it will surprise you. Adlerika contains no harmful drugs. Get it today; by tomorrow you feel the wonderful effect of this German doctor's remedy.—Ferguson Bros.

#### Boys and Girls

Lillian Mount, aged 11, of Middletown, is said to be the champion fifer of Connecticut.

Ernest Thorson, 6, and Pleas Mc-

Gee, 9, of Healdton, Okla., have spent their summer vacations making dozens of toys for poor boys and girls.

Frances Froman, 16-year-old high school student of Liberty, Mo., and Charles Gates, 19, of Urich, Mo., have been selected as the healthiest boy and girl from their state.

Robert L. Ratte of Springfield, Mass., has constructed a violin which

is made entirely of 10,000 matches.

At the age of 15, Claud Phillips, a grocer's son of Paddington, Eng., is a brilliant organist.

Jerry Tucker, 4, of Chicago, won a job in the movies by his recitation of Gunga Din.

Leslie Noel Daniels of Oak Park, Ill., is first national prize winner in a magazine short story contest.

For the best  
**HOME-ROLLED**  
cigarettes ever... *try this*

2 full ounces in every Tin  
No other tobacco is like it

—AND THE PAPERS ARE IMPORTANT, TOO. The perfect combination for home-rolled cigarettes: P.A. for filler and OCB for wrapper. The world's finest papers, made at the famous Bolleré mills in France expressly for R. J. Reynolds Tobacco Company. Book of 150 leaves for 5¢. Buy OCB's with good old P.A. and you're all set to be satisfied.

OPEN a tidy red tin of Prince Albert... sniff the delightful fragrance of the tobacco. It's the grandest aroma that ever floated out of a package of smoking tobacco. Then spread a cigaretteful in a paper and see how quick and easy it rolls into a trim cigarette that burns evenly and stays put. No fuss or muss or spilled tobacco... because P.A. is crimp-cut. That's why it rolls so smooth.

Now light up!

You'll have to admit that no other home-rolled cigarette ever had so much to recommend it. Prince Albert is simply better tobacco, Gentlemen.

Have you tried a pipe lately? Men who thought a pipe was not for them have changed their minds after the first load of P.A. This friendly tobacco just wouldn't think of biting your tongue or parching your throat. Take my tip... get out the old pipe and give it a new deal.

## COLUMBIAN CLUB

Mrs. C. C. McLaughlin was hostess to the Columbian Club Wednesday afternoon, Sept. 16, at the home of Mrs. J. H. Self. After the business session, Mrs. M. L. Bird led a very interesting lesson on the establishment and growth of Spanish colonies in South America. The leader was assisted by Mesdames Leo Spencer and M. N. Kenner.

During the social hour the hostess passed a dainty refreshment plate to club members and Miss Margaret O'Connell of Hillsboro.—Reporter.

## AYERSVILLE CLUB

The Ayersville Home Demonstration Club met Thursday, Sept. 17, with Mrs. Jimmie Hembree. Miss Hale demonstrated watermelon pickles and watermelon garnish. Everyone enjoyed the demonstration.

Seven members reported the number of canned meats, fruits and vegetables to be 1961.

Everyone is urged to be present at our next meeting for the election of officers.—Reporter.

## WEST SIDE CLUB

The West Side Home Demonstration Club met at the home of Mrs. Lee Ribble September 16. We had 11 members and four visitors and Miss Hale present.

After the program which consisted of a talk on "table etiquette," given by Miss Bonnie Norris, and "how to prepare and serve lunch," given by Mrs. Charlie Bryson, Miss Hale gave a very interesting demonstration of the use of watermelon rinds.

The club members have filled 1,935 quart containers, made 312 garments, 33 pounds of cheese, raised 2,740 chickens and 2,955 lbs. of butter were sold by only five members of the club.

Mrs. Donald Norris will be hostess at the next meeting which will be Sept. 7.—Reporter.

### ART

Unlike the artisan, the artist can keep on working long after his physical powers have waned. My neighbor, Daniel Chester French, the famous sculptor, is past 81, but this year he is exhibiting one of the finest pieces of statuary he has ever conceived. It represents a young mother holding her infant aloft and if ever cold bronze held the spirit of life and youth it is in this piece.

Mr. French may live to a hundred, and I hope he does, but when the end comes he will be found still working, like the artist in his own beautiful piece which stands in the Metropolitan Museum, called "Death and the Sculptor," in which the angel of death is staying the hand of the young artist.

### ALCOHOL

Pure alcohol is a natural element in the human brain, according to a scientist who presented proof of his statement before a meeting of medical men in Buffalo the other day.

That is certain to be taken up by the enemies of prohibition as an argument in favor of the repeal of the Volstead act. Of course, it will be an absurd argument, but it will have weight with many.

There is no question in my mind, on the other hand, that a great deal of the argument against drinking, on which the prohibition movement gained its strength, was based on equally absurd allegations.

The fact is that there are no facts about the use of alcoholic beverages which apply equally to all people, or to any individual person all the time.

Some day the general public will be well enough informed to discount the "bunk" of both sides in the prohibition argument.

### FOOD

The experimental work of the company which is starting up the business of freezing fresh foods by means of "dry ice" so that they will keep indefinitely and can be merchandised like stockings or hardware, has progressed so far and so well that the largest New York department store is now selling "frozen" oysters, fish, meats of many kinds, fruits and vegetables just as they sell shoes or shirts or any other "dry" goods.

Several small cities have responded well to the experimental sales efforts, and with the big stores in the large cities taking up this new line of goods, it seems as if the day was not far off when the local butcher and green grocer might be wise to look for something else to do, or else to get into line with the new method.

We shall have to make new definitions of "perishable" foodstuffs.

### FORD

Improvements in the Model A are to be followed if rumor is correct, with a new type of Ford car in the Spring. I know no more about it than anyone else does, but my guess is that the new Ford, when it comes out, will be as surprising as was the present Model A.

Henry Ford has always been a pioneer. He was the first automobile manufacturer to put the steering wheel on the left, where it belongs, and all the others had to follow suit. He was the first to detect the flaw in the Selden patent, on which all the other makers paid royalties for years. Ford refused to pay tribute, fought the case to the highest courts, and won a victory

for the whole industry. He was the first to reduce the daily hours of labor in his factory from nine to eight, the first to establish a minimum wage of \$5 a day for the lowest worker, the first to use modern alloys for strength and lightness, and to build engines to such accuracy that no "block test" was required.

Ford can do those things because he has no board of directors to tell him what he can't do, no stockholders clamoring for dividends at the expense of the product. The greatest achievements have always been, always will be, by men working single-handed.

### FREE PROGRAM AT MARGARET

A free concert will be held at the Methodist Church in Margaret Friday night, Sept. 25, at which time a program will be rendered by the W. H. Dunagan singing school. Everybody is invited to attend.

### GILLILAND GIRL MARRIED TO CHILLICOTHE MAN THURS.

Miss Una Belle Bluebeaugh of Gilliland and J. A. Bailey of Chillicothe were granted a marriage license from the office of the county clerk, A. G. Magee, Thursday of this week and were married the same day by J. W. Klepper, justice of the peace.

### Several Communities Of Foard Represented on Crowell High Team

The territory surrounding Crowell is well represented with talent on the Crowell High School football squad since a full team or eleven of 27 boys reporting for practice live on farms surrounding this city while the remaining 17 live either in Crowell or right at the edge of town.

Several communities of Foard County are represented in this group. From Black comes Roy Mullins, Lewis Gibson and Ralph McCoy. Four Corners has contributed Gerald Knox and Melvin Joy.

Margaret is represented by Hubert Smith. Crockett Fox is Foard City's delegate. Foard City also claims its native son, Daniel Callaway, as one of its representatives although Dan has lived in Crowell since the first of the year.

Good Creek was represented by J. E. Scott until just recently. It was found that he would be ineligible for this year's squad, however, he showed excellent possibilities in practice and great things are expected of him in years to come as a member of the Wildcat team.

Thalia, as in the case of Good Creek, was represented for a while by Roland Whatley who will also come out for the squad next year. At present he is practicing basketball with a group of high school boys who are working out each afternoon in the gymnasium.

Crews Cooper, Lester Patton, Otis Coffey and Francis Todd live near enough to Crowell that they can hardly be designated as representatives of any special community, although Francis might be classed as the ambassador from Gambleville.

There are 35,781,995 motor vehicles in the world, four out of every five being registered in the United States.

### Queen of Queens

Elizabeth Hicks Gross, chosen queen of La Fiesta de Los Angeles, is a native of that city.

# Regular Advertising

(From a Speech by C. W. Johnson, Oakland, Nebraska, Merchant.)

"I have been in business 27 years and seldom miss an issue of the local paper with an ad of some kind.

"I believe that the constant spitting of a machine gun does more execution than the occasional boom of a big Bertha. Its spat-spat shot gets results. So it is with advertising; the small ad run every week is better for results than the large ad run hit or miss. Consecutive advertising gets the business.

"We are told that American business now has hit the bottom, and that things will be better. Now is the time to advertise our wares and get the public to start buying.

"There are all kinds of advertising schemes, and I have dabbled in them all, but the advertising in the local newspaper is best and gives the largest results for money spent.

"Put more time in writing your ads, and then talk it over with the printer. It pays in the long run to spend this extra time.

"Create a desire to possess, in your ad, and it will get the business.

"If you had a whole bushel of chain links it would not pull a load. Put them together in a continuous chain, and you have a strong and powerful thing with which to pull a load. So it is with advertising. Link your ads together, run them in a continuous string, week after week, and you will have a power that will produce results."
