After the last session of the grand concerned, they could practically be jury, a complaint was filed against shut away from the rest of the world him and a warrant for his arrest se-

Drilling on Wich-Tex No. 1 Is Resumed

Nothing of any importance has happened relative to the oil situation in Foard County this week.

The Wich-Tex No. 2 on the Lee Shultz place, about one and one-half miles north of Thalia has resumed drilling and is now below 600 feet. A new water well is now being dug

for its use. A Star rig is being placed under the derrick of the Fain-McGaha-Tar-ver No. 1 for the purpose of cleaning out the hole and drilling further into what appears to be a favorable oil sand. This test has been drilled to a

depth below 2,014 feet.

The derrick on the Humble-Matus
No. 1 has been skidded to another location east of the original test that has been junked due to trouble that was encountered in the hole. Drilling in the new hole will likely be started

"I want to express my thanks for the kindness and help rendered me when you sold me the Farmall Tractor.

"I had told you that I could not farm without a tractor but could not think that the Farmall would do all that you recommended it to do.

"But after seeing the Farmall do the work, I at once became interested and bought. I want to say to you that this tractor has already paid me big interest on the investment. It paid for itself some two or three times over in the 1928 crop. I understand that you now have Farmall equipment to do most any job on the farm. I am going to get a mowing machine and the sweep rake, and am thinking now of buying another Farmall this year.

"Last year I cultivated 105 acres of corn in three days and did it about 50% better than I could with my teams. No one will go wrong in buying a Farmall. It is the real 'farmer's friend' of today, and I believe that when more of the farmers buy the Farmall and use it there will be more work done and more money in the bank to their credit.

AN EVERYDAY COLD

ans Hopkins University medical ntists in a study of the common have produced no evidence to ort the belief that immunity can hieved. Nevertheless some val e facts were brought to light in investigation in which 181 medistudent volunteers were under ob-

particular value are the find that there appears to be no conon between the frequency of s and defects of the nose and at and that duration of colds is fluenced to a marked degree by the structions were absent, then invesgators found, colds were conquered ithin ten days; where breathing space was insufficient the period of nfection was longer.

This information, while not conusive, may be of great value in the nedical campaign against the common cold which exacts a terrific physical and economic toll. The obrvation that defects of the nose and throat are not connected with the frequency of colds will, if verified by ater tests, necessitate a revision theory. It has been commonly be eved, and the belief apparently had olid grounds, that defects, especially inus irregularities, played a large

part in regulating frequency At any rate the Johns Hopkins inestigation banishes hope that extensive control of the common cold can be anticipated. That time-honred and most effective preventive right living, with moderation in all ings, the most important point in the program, apparently will have to erve for some time

nnouncing

a revolutionizing Motor Oil, a new principle* and a Challenge

the Challenge

Several years ago, the exclusive North American patent rights on the Germ Process were acquired by this Company. It was evolved and patented by two British scientists after exhaustive chemical and physical laboratory tests.

Germ Process oils were revolutionary in that they met every requirement, through special characteristics, for each type of internal combustion motor. These scientists by the Germ Process, eradicated the prevalent weaknesses existent in motor oils

This Company has made innumerable laboratory and road tests, under every conceivable condition, over the past seven years, and we are now prepared to state definitely that your motor oil problem is solved by the Germ-Processed Motor Oils

By comparison, our tests prove that the "Germ Essence" creates the only safe motor oil under all conditions and at all times operates at the highest obtainable efficiency. We are now prepared to meet any challenge of competitors. I confidently believe that Conoco Germ-Processed Parafan Base Motor Oils are superior to any other motor oils made from any crude by any process.

More than twenty thousand outlets are now prepared to offer to the public such motor oil for the discriminating buyer, and for a technical problem which has always been recognized but not solved until now

Here are our Claims for Conoco Germ-Processed Motor Oil-Check against the oil you are now using

Under the Germ patents . . . exclusive to CONOCO for North America , there is imparted to CONOCO Germ-Processed Motor Oil an "oiliness" which is responsible for its greater lubricating value, greater film strength, greater penetrativeness, greater adhesiveness, greater tenacity, greater permanence, greater stability, greater stamina and a more nearly perfect compression seal than any other oil on the American market.

Because of this affinity for metal-this actually combining with the metal itself, CONOCO Germ - Processed Motor Oil never leaves the bearings. Where other oils drain out and leave the surface dry, Germ-Processed oil penetrates the metal surfaces, forming a film that adheres for months. This "carry-over" film - this always present film gives ample lubrication to all parts needing it when a cold motor is started, until such time as oil from the crank case can reach them.

This remarkable and exclusive feature of CONOCO Germ-Processed Motor Oil is reinforced by the fact that these oils are refined from only carefully selected parajfin base crudes by the most modern and scientific methods known to the petroleum technologist. Patented processes are used to remove all objectionable elements, leaving a perfectly balanced, stable product that is 100% lubricating oil. Thousands of tests demonstrate its remarkable resistance

The majority of motor oils never receive this degree of refining. None ever exceed it.

ncreased gasoline mileage and imof proved motor performance are realized through the use of this new oil. The exclusive CONOCO Germ Process so adds to the "oiliness" of this lubricant that metal-against-metal friction is eliminated, even in motor starting after all oil ordinarily would have drained from the motor into the crankcase. The perfect sealing qualities of the CONOCO fracture-proof film insures a high compression efficiency that results in greatly increased motor performance. Marked improvements in power, speed, acceleration and flexibility are

Due to the Germ Process and the se-· lect, premium, paraffin base crude stocks used, CONOCO Germ - Processed Motor Oil positively does not break down under the most intense cylinder wall heat. A climb, high speed, heavy load, temperature extremes - none of these strains cause this oil to heat sufficiently to actually burn, break down or evaporate to any appreciable degree. By comparison with many oils on the market, you may confidently expect a saving in oil consumption up to 50%

Automotive engineers agree that 40% to 60% of all motor wear occurs during the starting period. This destructive wear is definitely reduced by the use of CONOCO Germ - Processed Motor Oil. Ordinary oil, thinned by heat and dilution, drains down past the piston rings when the motor is stopped, leaving little or no protective film. On starting the motor, a considerable time is required for the oil to reach all bearings and working surfaces. Under adverse conditions, such as winter temperatures, this time may be from 15 to 20 minutes or even longer.

Since CONOCO Germ-Processed Motor Oil never leaves the bearings and working surfaces, it is always there under any and all conditions to provide needed lubrication until the normal supply of oil arrives.

Unlike other oils, dilution does not im-O pair the "oiliness" value of CONOCO Germ-Processed Motor Oil.

CONOCO Germ-Processed Motor Oil retains its fluidity at sub-zero temperatures. No practical operating conditions in winter will affect its immediate lubricating value at the first touch of the electric

We invite you to enjoy the many additional miles of pleasure your motor cor owes you by using this amazing new motor oil regularly. You will

CONOCO Germ-Processed MOTOROIL

(PARAFFIN BASE)
Under Patent No. 1319129 — Registered U. S. Patènt Office

The thundering, stampeded herd of bargains turned loose down at "Rancho De Self's" Saturday, November 23rd, at 9 a. m., will be so great that the uproar will be heard in Vernon, the echo in Knox City and the rebound in Paducah.

Saddles will be skidded off the collar bones, "BUCK HI PRICES" will be thrown in every instance, and the stampeded herd of bargains will be so great that it will make a genuine Texas Rodeo look like a pink tea.

Just saunter in to "Rancho De Self's," toss your lariat around, and rope a corral full of real whitefaced unbranded Mavericks and place your own brand, "I Own You," on just as many as you please.

FREE!

Montana Lucie, Foreman.

THE OLD CHUCK WAGON

In the old days when the punchers had a long ride from the fur end of the pasture, or had been down to alkali bog, or riden a long fence, they came in at noon, fell off their Pintos, and down on the ground with their legs crossed. Well, the old black coffee and grid iron biscuits sure did taste good. The prices we are making on our very best merchandise will taste good to you during our ROUND UP SALE. So come on down.

Comb the Chaparal, step on the Cactus, find a few of these strays and Get 'Em Folks, Get 'Em 500 Men's Collars 1000 yards Embroidery, per yard One Penny 20 Boys' All-Wool Suits, each 82.95 Men's Full Size handkerchiefs for 20 Men's All Pure Wool Suits, choice. 89.95

Don't wait for some one to put a burr under your saddle to move you out, but just climb on your pinto and hit the trail for a red hot finish down to Rancho De Selfs and ride 'EM. COWBOY, RIDE 'EM, like a Paul Revere for a few of these CINCH buys:

100 yards genuine 9-4 bleached pepperell sheeting, per yard . 200 yards Anna May Pongee, per vard. 300 yards 32-inch gingham, per yard... 10c 30 full-size, full-weight, plain bankets, pair \$1.95 300 yards heavy weight 36-inch brown domestic 50 good heavy, full-size, double blankets, pr. \$1.49 300 yards quilt outing, per yard _____ little old Dogie calf or yearlin we have, so come

Listen, be sure to hobble and stake your night horse, so that you may have a cinch in rounding up your Rhemuda in order that you may be certain to arrive on time, 9 a. m., Saturday, November 23rd, down at Rancho De Selfs for the following longhorns:

Men's all-wool button sport	trousers \$4.45
Men's genuine Chamois Co

Saturday, December 7th

Auto given away absolutely free on this day and to person guessing nearest to the number of winning ticket for the auto a pair of \$1.00 gloves free and 5000 votes for your favorite contestant.

Collection Day, Monday, December 2nd Pay your account and secure thousands of votes for your favorite contestant.

Golliwhopper-The Gruntinng Pig, Saturday, Nov. 30th

To the person guessing nearest the number of grains of corn Golliwhopper will eat Saturday, November 30th, a piece of underwear free and 3000 votes for your favorite contestant.

Sticking around camp, or wanderin' around over the open range, don't rope any white faces for you. So, just be saunterin' around at 9 a. m., Saturday, November 23rd, and you will find in a special corral down at Rancho De Selfs the following dogies for 49 cents: Ladies silk hose, boys all-wool suits, ladies hats, men's dress shirts, ladies coats, girls' silk bloomers. O, well, can't tell you all about it. Just look over the Chuck Wagon in front and be at the morning round up.

OLD MAN SANTA CLAUS is peeping around the corner, so last week we visited Dallas and bought everything that's new in Christmas Gifts. All these pretty things will be on display during our ROUND UP and so, get busy, ROUND UP all the presents you think you want and come on down to our store and buy them.

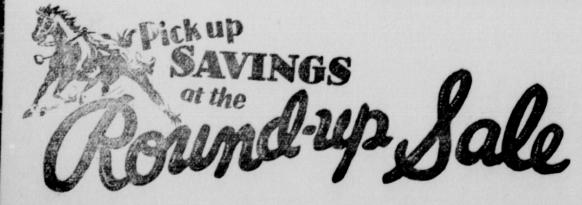

In the old days the cow puncher who was late at any ROUND UP didn't secure the first-class Mavericks, because the cutting had begun before they arrived and the best goes first. If you are late at our ROUND UP the best will have been CUT, so better be with us early Saturday, November 23rd.

Ride 'em in the slick with a single cinch, a choke rope, a one-hand holt, shoulder the first three jumps, and you are off to the Rancho De Selfs to buy the following shorthorns:

Men's Heavy Silk Tape Unions	98c
Men's Heavy, All-Wool shirts	\$2.95
Busby's Genuine Buckskin gloves	\$2.85
100 No-Fade shirts, each	\$1.00

No tight leggin, scratch 'em, no lock rowels, ride 'em in the slick, and you may arrive down at Rancho De Selfs in time to brand these Mavericks in short order.

Ladies silk Rayon Bloomers, heavy weight.	39c
Coming Marit 12 1 1 1	100
Genuine Meritos oil cloth, per yard	130
50 men's blue heavy work shirts well made,	ea 39c
1000 pairs children's 50c grade hose, pair_	25c
100 corsets, choice for	25c
25 pairs Men's Walk-Over shoes, choice	\$5.85
300 22x44 heavy towels, each	25c
5 ladies Rain Coats, each	\$1.95
50 pairs Men's Silk and Wool socks, pair	33c
Men's Borcellino Hats	_\$8.95
Wash Dresses that don't fade	\$1.19

Fork your pony, sling that rope, and run your brand on one of those just arrived Kirschbaum suits for \$33.50 with two girts-pants.

SELF DRY GOODS **COMPANY** CROWELL, TEXAS

BRUCE BARBER SHOP

West end of Bank of Crowell Bldg.

There is nothing so cheap as cheap

Buying of cheap paint is false economy in every sense of the word. It costs just as much to have cheap paint applied as it does the best paint; cheap paint will not spread as far and will not last as long. Be Economical and buy the best for it is the cheapest.

Remember-Minnesota Paints and Varnishes are the best that money

For the benefit of housewives we are glad to say that Thanksgiving will find this store filled with all the necesary items of food in demand for the occasion. We have anticipated your wants and have bought with that in view, so we are amply able to take care of your wants in minutest detail. Our stock includes car shipments of staple goods fresh from factories.

And, not only will we maintain our reputation for selling high grade staples at lowest prices, but we will continue to handle the freshest and most wholesome vegetables to be had in this section of the country.

Our Thanksgiving stock includes a nice line of nuts and fruits of various kinds, such as you will need for Thanksgiving baking.

Place your orders with us early and give us an opportunity to show you what big values we will give you for your money and just how promptly we will serve you.

This store will not be surpassed in anything pertaining to your food wants.

Everything to Eat Phone 172

HIS CHRISTMAS!

Give Mother What She Really Wants

HE entire family will benefit I from this marvelous Christmas gift Mother receives this year.

-For, with the Hotpoint Electric Range she will eliminate hours of kitchen drudgery. She will have more time for rest and recreation - more time to spend with her family and friends. Don't let another year go by without presenting her with this "gift" of gifts.

-Mother will be so happy when she receives this wonderful Electric Maid. It is finished in white porcelain enamel and is equipped with Hotpoint Automatic Heat Control and Thermometer, the new Hi-Speed Calrod Unit, Thrift Cooker and patented smokeless broiler pan. It is the fastest, most economical electric range in the world . . . and as a gift, the most wonderful of all for Mother!

Last year I put a number of cotton burrs on a part of the farm and there sure was difference in the production as a

Former Club Boy
Just a few years ago, Mr. Middleprook was a club boy following out big and poultry projects under the lirection of the county agent. Hi most notable achievement as a club boys came when the Foard County stock judging team, composed of Howard Benham, Bud Dunn and S Middlebrook, Jr., was taken to Childress to compete against twentyone other counties. The Foard team won and Middlebrook was the highest point man of any of the others from the 21 counties. He also won a trip to the Dallas Fair one year on

PHONE 148

A Good Rule To Follow In Solving Heat Problems

Add the proper size Reznor Orthoray Heater to a cold room. Result—a warm healthy room.

Reznor Orthoray cast iron burner gives secondary air which makes a doubly safe, efficient, clean heat giving stove with heavy clay back and durable mantels. Put up in attractive models at a wide range of prices.

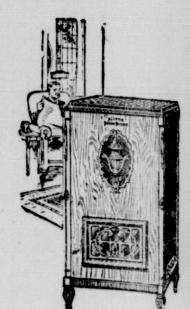

TO SOLVE A BIGGER PROBLEM

To one cold room add ALLEN'S PARLOR FURNACE, open all inside doors and you have warm circulating heat in every room.

Winter and snow may rule outside but Allen's fireside cheer makes the entire house inside as pleasant as a summer day.

All fires enclosed. Absolutely safe. Draws cold air from the far corners and discharges warm circulating heat.

We invite you to see these stoves, and will take pleasure in showing you.

Living—Mack Boswell.
General Discussion.

White we take great pride in the public school system of this country, too much credit cannot be given the teachers who are working in many localities with inadequate tools for the bodily welfare, as well as mental growth of the children.

Conditions in Foard County are above the average in all departments, but surveys made show that the country as a whole places a big re-Leader—Mrs. T. F. Welch.

CHARLES — My 80-acre sandy land farm on Pease River for \$100 cash, \$300 balance on January 1, Club met on November 14, at the home of Mrs. Frank Kirkman. Nineteen members were present and answered roll call with "What I enjoy most in my living room."

Mrs. Truman Killman was leader of the program on living room furnishing, and Kiss Virginia Freeman gave an interesting task on the same subject.

A recent survey, conducted for a life insurance company, show that only 32 per cent of the 404 schools under study supplies hot water, soap and towels, and had enough lavatories to accommodate the pupils. As practically all of these 404 schools were located in progressive communities it is only too probable that the general gave an interesting task on the same subject.

A teacher in one of the fashionable Westchester schools in ordinary routine requested that the children put included the occupation of the father. This particular thirteen-year-old boy put down "Expressman," which caused a question on the part of the mentor because of the general type of children who went to the school. Tak-

THE PROOF OF SERVICE

The splendid service being provided by the American railroads is on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which shown graphically in a recent survey on a card certain information which information which information which information information information information which information cultural products between widely seperated states.

The study shows that during 1928 perishable fruits and vegetables from California, Arizona and Washington reached all of the 66 principal Amering it up further it was found that ican markets; those from Texas this particular lad was the son of the reached 65; from Florida, 64; from president of the American Express or company.—Forbes Magazine.

Express or company.—Forbes Magazine.

Express or call of Colorado, 63; from Arkansas and Louisiana, 61; and from Idaho, 62. Products from all but five of the other states reached between 22 and 58 of the markets.

Similarly, the 66 great markets satrial on the North American Indian is isfied their wants by drawing upon said to be that at Radebeul, Germany, sources of supply 3,000 or more miles near Dresden. It is a replica of a away. Cleveland and Detroit, for block house beside the home where lived Karl May, European writer of block conditions and vegetables from 44 states. Long freight hauls predominated in the blood-and-thunder Wild West thrillers, one state, 42 per cent of its produce says the Living Age. But, the maga- went more than 3,000 miles to its zine declares, the bulk of the collec- consumers. In another, 82 per cent

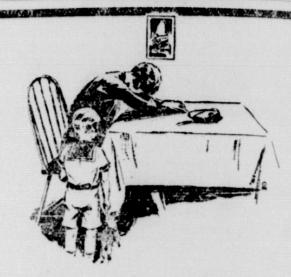

sand miles.

Thus many of the principal ber fits of improved railroad service found on the American dining to Every American meal has as its ponents foods produced in a thousands of miles distant. It is wonder that it is said that a nat progresses in direct relation to transportation facilities.

Fires in cotton gins cause a large annual loss in this country.

Backache

If functional Bladder Irritation disturbs your sleep, causes Burning or Itching Sensation, Backache or Leg Pains, making you feel tired, depressed and discouraged, why not try the Cystex 48 Hour Test? Don't give up. Get Cystex today at any drug store. Put it to the test. See how fast it works. Money back it doesn't bring quick improvement, and satisfy you completely. Try Cystex today. Only 60c.

IT'S THE OLD, OLD STORY-HE WAITED TOO LONG

He had been meaning to take out insurance for a long time. But he delayed. Then-sudden sickness—tardy remorse. His widow and child have become objects of charity. It can happen to any uninsured man.

YES! ACT NOW!

LEO SPENCER, Local Agent

Alamo Life Insurance Co.

Would You try on such a shoe?

A shoe that is 25% lighter by actual weight than the one you may now be wearing,

- ... brilliantly styled by fashion authorities,
- ... flexible, glove-fitting,
- ... a shoe that supports your full weight without pressure anywhere,
- ... a shoe which gives comfort not only to the foot but to the whole body, lending poise and balance to your figure.
- ... priced from \$8.50 to \$10.00

Would you try on a shoe that comes as near to being The Perfect Shoe as the human mind can conceive? Then if you will...we will be pleased to fit you in this NEW FOOT-FRIEND MODEL

METHODIST CHURCH WILL HOLD SERVICES SUNDAY

Regular Sunday services will be held at the Methodist Church Sunday with either the new pastor, Rev. B. J. sborne, or the presiding elder, Rev. J. O. Haymes, filling the pulpit for the day, according to M. S. Henry,

Sunday School superintendent.
Sunday School, Epworth League
and church services will be held at

Baptist Church News Our revival closed last Sunday night with a fine attendance. The weather has been very unfavorable ever since the revival began, but in

spite of this fact the meeting has meant so much to our work. Moore receiving a box of stationary and Miss Haggard a memory motto.

Eastern University, has brought the most wonderful messages that ever fell on the ears of Crowell people He has gone into the deep things of

God's word and unfolded many mysteries to our people. No man America can do it quite so well as Dr. Ball. Our church and town can never be the same after hearing this Bible There were 25 conversions the last Easley were day of the meeting Many have come rd, who at one to a deeper spiritual life and we be-

lieve the revival will go on till Jesus comes again. We will always thank God for sending Dr. Ball this way. His messages are deep but simple se that even children can understand. As he goes, our prayers and best wishes go with him.

Next Sunday will be a great day with Crowell Baptists. The pastor is at Beaumont, this week attending our Texas Baptist Convention. but will be back and fill his pulpit at services. Remember if you are not there, God will miss you and your pastor will miss you.

Services at the usual hours through the day.—Reporter.
