SCHOOL BOARD HEARS REPORT OF TREASURER

SCHOOL YEAR ENDED JUNE 30TH; BOTH INCOME AND EXPENSES LARGER THAN ESTIMATED LAST YEAR

A financial report of the condition of the Crowell Independent School District was made last Friday at the meeting of the board of trustees by L. A. Andrews, secretary of the board.

On July 1st of last year the board made a conservative estimate of the income for the ensuing year and adopted a budget to conform to it. The estimate was \$37,160.00 and actual receipts were \$38,622.60, thus showing a gain of \$1,462.20.

The local budget as adapted, called for an expenditure of \$30,078.27. The actual expense was \$31,247.97, or \$1,169.70 more than estimated. The increased expense was caused principally by the fact that through oversight no provision was made for interest on notes against the local fund, which amounted to \$471.50 and home economic equipment, amounting to \$134.20. Due to the severe weather last winter the gas bill was \$158.97 more than estimated. Other budget accounts were overdrawn on account of being set entirely too low.

The indebtedness of the local fund was reduced \$715.20 last year with other income yet to be accounted for. There is something like \$1,250.00 due the district which will likely be in shortly. When this is received the local indebtedness will be further reduced.

Income Increased

The system will have about two thousand dollars more to operate on in the coming season than it had last year. The state aid will be about \$1,500 additional due to increased scholastics. State aid was allowed last year to the amount of \$17.50 per scholastic, based on 624 scholastics in the Crowell district. The number in the last census, recently taken is 711, an increase of 87. It is not yet known what the state apportionment will be for the coming season, but it is thought that it will be about the same.

The taxable valuations of the district is \$5,000 more than last year. The valuations are now \$2,640,000.00.

One more teacher has been added to the faculty over the number last year due to the increased scholastic enrollment. A budget for the coming season is now being worked out by the board of trustees.

Dr. Hill's Ford Coupe Stolen Tuesday Night

Dr. J. M. Hill's Ford coupe was stolen from the south side of his home some time Tuesday night. Tracks indicated that two persons pushed it as far as the Leslie Moore home, one block west, and started it there.

The car was a 1929 model and was comparatively new. A \$25 reward is being offered for its discovery. Cards concerning the theft have been mailed to officers in various places and an announcement about it was made over the radio station at Wichita Falls.

Construction Completed on Wholesale Oil House

Construction has been completed on the wholesale plant for the Phillips Petroleum Company on the Santa Fe tracks, next to the cotton loading platform.

The plant contains three storage tanks of 11,000 gallons capacity each, or a total capacity of 33,000. One tank is for the Phillips "66" gasoline, one for the Phillips Ethyl "66" and another for kerosene.

The warehouse is of sheet-iron construction and is 24 by 40 feet in size. The company's own crew constructed the wholesale plant. The filling station for the Phillips Company being constructed by L. I. Saunders on the site formerly occupied by the Baptist parsonage is nearing completion, and this station will likely be opened for business by Saturday, July 26th.

Vernon Takes Close Game from Crowell

In one of the most exciting and best games that has been played here this year, Vernon defeated Crowell by the score of 6 to 5 at the local park Sunday afternoon.

A double by Carney of Vernon in the 9th inning with a man on second brought in the winning run. Each team scored one run in the second inning. Vernon scored again in the third and two in the fourth. Crowell's big inning came in the 6th when four runs were scored by Crowell to take the lead, 5 to 4. Sloan doubled and Ashford tripled in this inning.

Vernon tied the score with a run in the seventh and scored the winning run in the 9th.

Williamson pitched a good game for Crowell and allowed ten hits while Crowell collected eleven hits off of Williams and Langford.

Professional Fainter Works Ruse in Crowell, Vernon and Paducah

Last Wednesday afternoon an unkempt stranger apparently collapsed on the corner near Burrell Grocery. Kind-hearted men soon had him removed to a shady spot and administered first aid treatment. The stranger soon opened his eyes and upon being asked a few questions he stated that he had not eaten in two days and that he was broke.

Considerable sympathy for the unfortunate stranger was expressed by the crowd that soon gathered. The sheriff took him to a cafe and bought him a meal and furnished him a place to sleep for the night and the next morning the man left in the direction of Paducah.

Since then it has been learned that a man collapsed in Vernon and Paducah and at each place gained both sympathy and cash. It is now felt certain that the man is the same one that "collapsed" in Crowell and that he is making a living in that manner.

The following item was clipped from last week's issue of the Vernon Times:

"A man collapsed on the streets of Vernon yesterday at noon. A crowd gathered very quickly and revived him before the Frost & Ramsey ambulance arrived on the scene. He refused to go to the hospital.

"Several men in the crowd got talking to him and he stated he had not eaten since Tuesday morning and only had 10 cents in his pocket with which to buy food. This he was saving for a cup of coffee this morning. Money was donated and he was carried to a cafe and fed."

According to this article the man collapsed in Vernon Wednesday at about noon. A few hours later he worked his ruse in Crowell. There is no telling in how many other cities he has performed his act.

Jim Young Speech Made in Crowell Monday Afternoon

Speaking in behalf of Jim Young, candidate for governor, Representative Harry Graves of Williamson County, told an audience in the district court room here Monday afternoon that Ferguson, Mayfield and Love must be defeated and that it was up to either Young, Small or Sterling to eliminate them.

Sterling's advocacy of the \$350,000,000 state bond issue and Love's action of turning his back on the party that he is now asking to honor him, brought strong criticism from the speaker.

Young's faithfulness to the Democratic party and his efficiency as a public servant and the performance of every task brought to his hands in a skillful manner, were mentioned. He also told of Young's aid in helping the prohibition cause.

Senator Small of Collingsworth County came in for some criticism. Mr. Graves stated that the Graves and Graves bill to repeal the search and seizure measure, a Ferguson law, had passed the house and upon being taken to the senate, it was indefinitely postponed on Small's motion, and for that reason he felt that Small wasn't entirely in sympathy with prohibition. Mr. Graves explained that the search and seizure bill made it necessary for an officer to have a search warrant, signed by a complaining party, before he could search a place where he knew liquor to be. Small was also referred to as a sectional candidate by Graves.

Sterling of Houston was condemned by the speaker, mainly on account of his advocacy of the big bond issue. The tremendous funds being spent on Sterling's campaign came in for criticism also. Sterling was referred to as an honest man and that he was building honest roads and that he was the highway commission, however, Graves stated that he did not like Sterling's partiality to Houston in the matter of road building.

Barry Miller was dismissed as an unimportant candidate, however, Love was referred to as the democratic man in the race. "Love turned on the Democratic party and stabbed it in the back in the last campaign and now he has the nerve to tell the people that he is the best Democrat in the race and that the party which he tried to ruin in Texas, should honor him by placing him in the governor's office," Mr. Graves said.

Little comment was made about Mayfield and Ferguson, the candidates placed in the class with Love as the dangerous ones that it would be disastrous to elect to the governor's office.

Funeral Services for Thalia Infant Saturday

Funeral services for Vina Jobe, 3 daughter of Mrs. Vina Jobe of the Thalia community, were held Saturday afternoon at the Thalia Baptist Church with the pastor, Rev. Reed, officiating. The child was ill for only a short time. She succumbed Friday afternoon. Interment was in the Thalia cemetery.

Funeral services were held at Paducah, Ky. at the home of Mrs. J. C. Grayson. The child is survived by the mother, a younger brother and two grandmothers, Mrs. R. L. Townsley and Mrs. Jesse Jones.

FOARD DRESS CONTEST WON BY MRS. DAVIS

FOARD CITY WOMAN FIRST PLACE WINNER; MRS. DUNAGAN AND MRS. JONES WIN SECOND AND THIRD

Mrs. A. L. Davis of the Foard City Home Demonstration club won first place in the sheer wash dress contest that was held in Crowell Wednesday. Second place was won by Mrs. E. A. Dunagan of the Gamberville club, and Mrs. W. B. Jones of the Foard City club, third. Miss Ruth Rasberry and Miss Evelyn Myers, both of the Vivian 4-H girls club, won first and second, respectively, in the girls school dress contest.

A framed picture for a living room was awarded to Mrs. Davis as first prize. It was a copy of "An Old Lutch Windmill" by Van Ruydale. Two framed pictures, "Boy and the Rabbit" by Raburn, and "Dutch Flower Girl" by Hitchcock, were awarded to the girls as prizes. All pictures were furnished by the county home demonstration council, which secured them from Womack Brothers at substantial reduction in prices.

Enough wallpaper for one room was furnished to Mrs. Dunagan by Wm. Cameron Co. as second prize. A freezer of ice cream was furnished by M. O'Connell to Mrs. Jones as third prize.

Those winning honorable mention were: Mrs. Roy Steele and Mrs. Hubert Brown of Catesville, Miss Eula May Gregg of West Rayland, Mrs. Grover Owens of Foard City and Miss Rosalie Fish of Vivian.

Judges for the contest were Miss Minnie Mae Griggs of College Station, district home demonstration agent, and Miss Doris Leggett of Vernon, Wilbarger home demonstration agent.

All-Day Program

The program which was held in connection with the contest started at 11 a. m. in the district court room where a group of over 175 women were called to order by Mrs. Henry Ayers of Ayersville, president of the county council. Mrs. Roy Steele led the group in singing "America" after which Mrs. M. S. Henry gave the invocation.

Mrs. C. B. Morris of Thalia was the first on the program and gave the introductory talk and Mrs. Lewis Sloan of Foard City followed with a reading.

A talk on the county library, with special emphasis on the value of a public library to children, was given by Mrs. John S. Ray. Little Bessie Short of Ayersville next gave two Robert Louis Stevenson readings.

Talks by Mrs. M. S. Henry on "The Woman's Responsibility as a Voter," and by Miss Grubbs on the aims and accomplishments of home demonstration work, followed. Miss Grubbs also told of her recent trip to Washington with 4-H club members.

Following a brief talk by Miss Leggett the group adjourned to the basement of the Baptist church where a covered dish luncheon was served. Ice for the luncheon was furnished through the courtesy of the West Texas Utilities Co.

The women gathered again at the district court room at 2 p. m. and the entrants in the contest passed in review before the group in their contest dresses. After being reviewed once the women were brought back again to two separate groups and Miss Grubbs explained the good points of the dresses.

Workmanship, becomingness to the wearer, general appearance, laundering qualities, etc., were the principal points upon which the dresses were judged. Mrs. Davis' dress scored 94, Mrs. Dunagan's 93, and Mrs. Jones' 91.

The average cost of each dress in the contest was about two dollars. Voile was the principal material used in the sheer wash dresses while a few were of dimity. The girls dresses were of everfast print.

The judges stated that all the dresses were exceptionally well made and becoming to the wearers.

More interest was shown in the contest than had been expected and those in charge of the affair were exceptionally well pleased with the attendance throughout the day. At one period during the afternoon 167 women were counted in the district court room, and there were a number who were present in the morning for the program and for the luncheon that were not in the district court room at that time. Much credit for the success of the affair must be given to Miss Dosca Hale, home demonstration agent, and the county council.

Self Dry Goods Company furnished the hangers and racks for the dresses.

Church of Christ at Thalia to Hold Revival

A revival meeting will start Sunday, July 20th, in the union tabernacle at Thalia under the auspices of the Thalia Church of Christ. The revival will continue through Thursday, July 31st.

Rev. C. E. Woolridge of Plainview will do the preaching and J. D. Holland Jr., of Wichita Falls will lead the singing. Everybody is invited to attend.

City Fire Marshal Says Fire Hazards Exist in Crowell

R. J. Thomas, city fire marshal, states that there are a number of fire hazards in the business section and the residential section that ought to be corrected, or serious loss may result. Fire insurance rates are also in danger of being raised unless steps are taken to eliminate the hazards.

"The outside hazards are dangerous but not nearly so much as the ones that are concealed inside of buildings," Mr. Thomas said. "In inspecting conditions this month I have found a number of hazards in the business district that could easily start a fire that would wipe out a whole business block. The high winds this year have caused much trash and rubbish to collect all over town and with the dry conditions that have existed, the town is in more danger from fire than it has been in some time. Much trash and papers that have been set out to burn have blown out of containers and scattered over the business section."

It is Mr. Thomas' duty to report to the state fire insurance commission each month and if property owners do not eliminate their fire hazards when their attention is called to them, the fire insurance commission is notified.

Mr. Thomas asks the co-operation of the entire town in taking fire prevention steps now before it is too late.

NO CONTRACT AWARDED

Only one bid made to the commissioners court for cutting down the court house square and for paving this area was made at the meeting Monday. A contract was not awarded.

Cotton Farmers Urged to Attend Vernon Meeting

Farmers of Foard, Wilbarger, Hardeman and Wichita Counties will meet in Vernon Friday, July 18th, at 3 p. m. at the court house when C. O. Moser, vice president and secretary of the American Co-operative Cotton Association, which is the selling agency of cotton of the Federal Farm Board, will discuss the complete details of the operation of the Farm Board and will answer any questions that anyone might have to ask about the board.

A branch of the Texas Cotton Co-operative Association, which is affiliated with the F. B. Board, has recently been established in Vernon with J. D. Summerville as district chairman. A Foard County committee composed of T. M. Haney of Thalia, R. B. Edwards, John Rasor and Mack Boswell of Crowell, has been appointed to assist in the preliminary co-operative work. Committees have also been appointed in the other counties.

The Federal government is making its first real attempt to help the farmer and the present price of cotton should convince every farmer that the only hope lies in the co-operation of the farmers and the support of the government in its efforts. The success or failure of this undertaking depends upon the attitude of each individual farmer in the cotton states.

Every farmer of Foard County is urged to attend the meeting at Vernon.

VISITS CROWELL

MARVIN JONES

Marvin Jones of Amarillo, present Congressman of this district and candidate for re-election, was a visitor in Crowell last Friday. He had just recently returned from Washington due to the late adjournment of Congress.

He is opposed in the race for Congress by James O. Cade, an attorney, who also lives in Amarillo.

CONDUCTING JEWELRY SHOP

L. Kamstra has returned from Presidio, where he has been for several weeks, and is now conducting a jewelry shop in the front of Mabe's Shoe Shop. F. W. Brannon, who conducted the shop until recently, has left Crowell.

DISTRICT NO. 2 HAS POPULATION 161,363 FOR 1930

INCREASE OF 68,619 SHOWN IN LAST TEN YEARS; HALE IS LARGEST COUNTY IN DISTRICT

Population figures for the supervisor's district No. 2 were announced Saturday by Owen M. Unger, supervisor of Plainview, supervisor of the district, at 161,363, an increase of 68,619 over the figures for the 1920 census, or 74 per cent.

The district is composed of Foard, Hale, Motley, Castro, Hall, Floyd, Swisher, Cottle, Knox, Hardeman, Briscoe, King, Lamb, Farmer, Bailey and Childress Counties.

Hale has the largest population of any county in the district with 20,192, an increase of 100 per cent since the 1920 census. This position was held by Hardeman County in 1920. Hall County in 1920 was second and Hale third in this list of counties.

Lamb County steps into second place with the largest percentage increase, as well as the largest numerical increase. It now has a population of 17,449, an increase of 16,274 or 1,385 per cent.

There were 18,669 farms enumerated in this area. There were 2,572 unemployed in the district.

Figures for the respective counties of district No. 2 follow:

Foard County Lays Claim to Youngest Dairy Maid in Tex.

Foard County can no doubt put up a strong claim as having the youngest dairy maid in Texas. Yevonne McLain, three-year old daughter of Mr. and Mrs. P. H. McLain, who live about 5 miles northwest of Foard City, regularly milks one of the Jersey cows on her father's farm and does such a complete job that it is only necessary for her parents or 8-year old sister, Oma Floy, to give a few finishing touches to get all the milk.

The little girl greatly enjoys her work and is disappointed if she is not awakened each morning to milk her little Jersey, her mother states. In the month of May her parents were surprised when their 8-year old daughter, who milks regularly, directed their attention to Yevonne, who was milking one of the cows. Since then she has milked regularly and has no intention of giving up her job. She will become four years of age the latter part of next month.

Twelve Jersey cows are now being milked on the McLain farm and at least 8 or 9 cows have been milked regularly for several years. Mrs. McLain states that they have not yet failed to pay the family's grocery bill and leave a profit besides.

A cream separator is kept on the farm and the cream is sold and the skimmed milk is fed to the hogs and chickens. Thus a by-product of the milk is profitably used in developing a real live-at-home program. Each winter the family has plenty of meat from the hogs and beeves they have raised. In the past spring \$400 worth of calves were sold from the farm.

Mr. McLain states that it has been unnecessary to buy much feed as there is usually plenty of grass on the farm to keep the cows giving plenty of milk. An acreage is planted to feed each year also.

Mr. and Mrs. McLain came to Foard County twelve years ago from Johnson County.

August 1st Last Day For Student Transfers

August 1st is the last day for transferring students from one school district to another, according to J. E. Atcheson, county school superintendent. Each year there are a number of patrons who wish to change their children from one school to another and by making out the necessary blanks the funds are also changed and a greater part of the tuition fee is saved.

Any board of trustees of the rural schools of Foard County wishing any change made in their tax rate or classification, should notify the county superintendent, not later than August 1st.

CANDIDATE SPEAKING

County and district candidates will speak on the court house lawn in Crowell next Thursday evening, July 24th, beginning at 8:15.

Thalia Makes Unusual Baseball Record for Past Three Seasons

Thalia lost its second game this season to the Phillips Petroleum team of South Vernon at Thalia Sunday. Thalia failed to collect a hit off of the Phillips pitcher. Only two games out of 31 have now been lost by the Thalia ball club. Vernon defeated Thalia for the other loss. Thalia's percentage for the year is .935.

Thalia has 4 victories over Vernon for this season; 4 over Fargo, 3 over Truscott, 2 over Knox City, 4 over Fain-McGaha, 4 over Medicine Mound, 2 over Electra, 2 over Margaret, 2 over Burk Burnett, and 2 over Crowell.

Members of the Thalia club this year are: Bill Aubrey, Roy Mints, and Jack Wood, pitchers; Virgil Tompason, Bill Barrett, Lee Mints, and Floyd Webb, outfielders; Chas. Webb, 1st; Billy Banister, 2nd; Orby Mason, short; Oscar (Gotchie) Mints, 3rd; ri Bailey and Lewis Mints, catchers; R. C. Huntley, coach; Joe Johnson, manager; Allen Shultz, secretary-treasurer, and Bobbie Dick Huntley, mascot.

Last year Thalia won 44 games and lost 11 for a percentage of .800. The year of its organization in 1928 it won 24 out of 36 games for a percentage of .666. Thus the team has a three-year percentage of .800 which is unusual for a club anywhere.

The people of Thalia and the surrounding community furnish wonderful support in the way of attendance at the games and for that reason the team has been able to keep out of the financial rut.

At the beginning of this season Thalia purchased the uniforms worn by the Wichita Falls club of the Texas League last year. While Wichita Falls is making the best record of any team in the Texas League this year, the team that is wearing their last year's uniforms is likewise making the best record of any independent club in this section.

No salaries are paid and all members of the club are residents of Thalia and of the Thalia community.

Foard County's 1930 Valuations Drop Below 1929

Foard County's taxable valuations for this year are \$5,104,000 compared with \$5,466,820 for last year, a reduction of about \$362,000.

Claude Callaway, assessor, stated the principal reason for the drop was due to personal property. Most all stocks of merchandise had been reduced on account of general conditions and the low price of livestock also contributed to the loss on personal property, he stated. There was also a loss of about \$15,000 on oil leases over the previous year. There was a gain of about \$40,000 from oil wells.

Rialto to Have Only 2 Shows Next Week

Beginning next week the Rialto will inaugurate the plan of running only two shows a week and these will be run on Friday and Saturday. T. B. Richmond states that if support is sufficient at these two shows it may be possible to run a full program every day on the following week. Buster Keaton in "Free and Easy" is the picture that will be shown next Friday and Saturday, July 25 and 26. This is Keaton's first feature length all-talking comedy and it is without a doubt one of the funniest pictures of the year. It is a Metro-Goldwyn picture and also features Anita Page.

Wife of M. E. Pastor at Truscott Died Tues.

Mrs. R. O. Browder, wife of the pastor of the Truscott Methodist church and who also acts as the Foard City pastor, died Tuesday at Knox City following a recent major operation. Funeral services were held Wednesday afternoon at 2 p. m. at the Truscott church with Rev. J. O. Haynes, presiding elder of the Vernon district of the church, officiating. He was assisted by Rev. B. E. Coburn of the North Texas Conference.

Mrs. Browder's body was brought through Crowell Wednesday afternoon in a hearse which was followed by many cars loaded with friends in this section. The procession was headed for Electra where interment was to be made. Mrs. Browder's parents live there.

A delivery truck belonging to a Quannah floral company overturned between Crowell and Foard City Wednesday morning while carrying flowers to the Browder home.

It is reported that the truck was damaged considerably, however, no one was injured.

Reverends B. J. Osborn of Crowell; S. H. Young of Chillicothe; A. O. Hood of Margaret, and J. C. Mann of Knox City, Methodist pastors, were present for the services. A large number from the Foard City congregation was present.

Tonsil operations were performed on George Thomas Burrell, son of Mr. and Mrs. G. W. Burrell, and Miss Marie Miller, daughter of Mr. and Mrs. Oscar Miller, at the Crowell hospital Thursday.

HARD SOFT CORNS

Gone In 4 Days Roots and All

CALLOUSES TOO

Out to stay out—selling like hot cakes in Great Britain and now in America—the pleasant, easy way to get rid of corns—a joyous, refreshing, invigorating foot bath for 3 or 4 nights and then lift out the corn—roots and all.

They call this miracle working Radox and since it has been working

wonders with the bad feet of the tight little Isles—plasters and acids, cutting and skin destroying liquid belong to the dark ages. It's the modern way—the sensible way to take out corns—to abolish callouses—to dissolve the hard skin from heels and toes and to put your feet in good vigorous condition so that you can walk and run and jump and dance with ease and pleasure. Just ask for a box of Radox at Ferguson Bros. or any modern drug store—you'll be delighted.

RELIABILITY ECONOMY GOOD PERFORMANCE

THE NEW FORD TUDOR SEDAN

YOU are buying proved performance when you buy a Ford. You know it has been built for many thousands of miles of satisfactory, economical service.

Letters from users in every part of the world show the value of the sound design of the car, good materials and accuracy in manufacturing. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my new Ford did."

Further tribute to the sturdiness, reliability and general all-round performance of the new Ford is shown in the repeated and growing purchases by government bureaus, by police departments, and by large industrial companies which keep careful day-by-day cost records. In most cases, the new Ford has been chosen only after exhaustive tests covering speed and power, safety, comfort, ease of control, oil and gas

consumption, low yearly depreciation, and low cost of up-keep.

They have found, as you will find, that the Ford embodies every feature you want or need in a motor car at an unusually low price.

PAT M. NEFF

Candidate for
Railroad Commissioner

Former Governor Pat M. Neff has served for some ten months by appointment as a member of the Railroad Commission, and is now seeking his first elective term.

During the forty years that the Railroad Commission has been in existence, from the time that John H. Reagan resigned his seat in the United States Senate to become its chairman, it has been the custom of the members of the Commission to select a chairman the member who has served for the greatest length of time. When Mr. Neff was appointed a member of the Commission, the other two members, in recognition of his public services and special training in handling railroad matters, selected him as chairman. The service of Mr. Neff in connection with the affairs of Texas during his four years as Governor, coupled with his year or more of work as a member of the United States Railroad Mediation Board, in the handling of railroad questions throughout the nation, well equipped him for efficient and trained services as a member of the Railroad Commission of Texas. In addition to these services he served Texas as a legislator and as Speaker of the House of Representatives.

For constructive work, there is no office in Texas of more importance to all the people than that of Railroad Commissioner, for the reason that the Railroad Commission now has the administration of the law touching five different divisions of our governmental activities, namely:

1. The administration of the laws pertaining to the regulation of railroad and express companies, including all matters relating to freight rates and passenger traffic.
2. The administration of the laws in regard to the conservation of the oil and gas fields of the state.
3. The administration of the Gas Utility Law, as it pertains to the receiving and distribution of gas sold to the public, by the public utilities and by municipalities.
4. The administration of the Pipe Line Law, that has for its purpose the regulating of the oil between the large and small producers, in the various oil fields of the state.
5. The administration of the law in reference to the operation of all the truck and bus lines of the state. (Political advertisement contributed by friends of Pat M. Neff)

Cotton Acreage July 1 Less Than Year Ago

There were 1,250,000 acres less cotton in cultivation on July 1 than a year ago, according to the Crop Reporting Board of the Department of Agriculture. The area of cotton in cultivation was placed at 45,815,000. This is a reduction of 2.7 per cent from last year's July 1 acreage. The acreage is 166,000 less than the area picked last year. The Texas cotton acreage was placed at 17,500,000.

KEEPING DOWN LOSSES

Whenever this country celebrates fire prevention week, the concerted effort always brings results for that particular week and statistics from all over the country have revealed that work of this kind does much to eliminate and reduce fires. If the public ever awakens to the idea that the damaging losses in life and property, caused by fire, are largely a matter of individual control our annual fire loss will show a decrease instead of an increase.

Absentees May Now Mark Their Ballots

Anyone leaving the county between now and election time and who will be out of the county on the date of election, may call at the office of the county clerk now and mark their ballots. Absentee voting will be allowed at the office until three days before the election.

Konjola Put Kansas Man Back to Work

"Proved to Be a Wonderful Medicine in My Case," Says Former Sufferer

Any medicine that can win more than a million friends in seven years must have merit, and that is exactly what Konjola has done. You wonder why Konjola has become a household word? Well, read what Mr. H. C. Sherman, painting contractor, of Goddard, Kansas, says:

MR. H. C. SHERMAN

"Konjola proved to be a wonderful medicine in my case. Last July I was hurt in an automobile accident, and was in the hospital many weeks. When I got out, I was in a badly run down condition; had rheumatism in the shoulder, arm and hand, and my stomach was out of order. I suffered terrible pains, and medicines did me no good. The many endorsements of Konjola led me to try it, and six bottles of this wonderful medicine made me able to resume my work. I am feeling better in every way than for a long time."

Konjola's 32 ingredients work together, battling at their very source, the causes of stomach, liver, kidney and bowel troubles, and of rheumatism, neuritis and nervousness. Konjola is sold in Crowell at Fergeson Bros. drug store, and by all the best druggists in all towns throughout this entire section.

A POPULAR CHOICE

Clint Small of Wellington, candi-
date for governor, is continually
gaining prestige over the state and
conditions now indicate that he is
to be seriously counted as a leading
contender for the governor's office.

Mr. Small is connected with no fac-
tions and is not a professional type
of politician. His slogan of "Let's
Adjourn Politics and Develop Tex-
as," has met with a popular appeal.

Walter D. Cline of Wichita Falls,
who was prominently mentioned as
a candidate for governor early in the
year, came out last week with a
statement in which his support was
thrown to Mr. Small. On July 4th
Lynch Davidson announced that he
would be delighted to see Small and
Jim Young in the second primary so
that the state would be sure to have
a good governor.

The Fort Worth Star-Telegram and
many other publications have also
thrown their support to Small.

The fact that other sections of the
state are looking upon Small as a
sectional candidate and a "favorite
son" is working to his disadvantage
and other candidates have exploited
that fact considerably. It is just as
fair to refer to Sterling as a South
Texas candidate, or to Tom Love as
a Dallas candidate as to regard Small
as a West Texas candidate. But it
just seems natural for the rest of the
state to regard any West Texas candi-
date as a sectional candidate.

The esteem with which a man is
held in his own community goes a
long way toward proving whether he
is a good man, according to our be-
lief. Small's popularity in his own
section is substantiated by the fact
that the people of Wellington, his
home, raised \$3,000 in the interest
of his candidacy and a like amount
was raised in Wellington's neighbor-
ing city, Shamrock.

LOVE'S QUALIFICATION

"I am the only candidate for gov-
ernor that voted for Hoover," Tom
Love boastfully states in all of his
talks over the state. Love offers
that fact as the principal reason why
he should be elected governor. To
Love it matters not whether a candi-
date for any office has the qualifi-
cations to make a useful public ser-
vant. If he voted for Smith, that is
sufficient reason to prove he is a ras-
cal and incompetent to serve the
public.

Love, the advocate of the big state-
wide bond issue, the state senator
who fought Small river bed bill with
all his might, the advocate of the
\$8,000,000 prison relocation plan,
and a man who in all his official
actions has shown no friendship for
West Texas, yet has the nerve to
publicly state that West Texas will
give him a big majority. He also
stated that more people were out to
hear him speak than any other candi-
date that has spoken in West Tex-
as. He seems to have forgotten
about the "crowd" of about 170 at
Wichita Falls and a number of other
small crowds over West Texas that
turned out to hear him state that he
should be made governor because he
voted for Hoover. That fact alone,
Love seems to think would make him
a good governor.

THE WEEKLY NEWSPAPER
THEN AND NOW

No one who was familiar with the
weekly newspaper of twenty-five
years ago can fail of astonishment in
examining today the contemporary
weekly press. A quarter century or
more has served to recast the major-
ity of weekly papers, both in appear-
ance and content. Formerly a poli-
tical year was a season of high tide
for the weekly editor. His commu-
nity was political, his associates poli-
tical, he was political, and he made
his paper political.

Partisanship sometimes took on a
ferver which heated every page.
Usually there was an opposition or-
gan across the street, if it was a
county seat town. And the editors
grew vitriolic as the days warmed
into midsummer and the campaign
waxed into luridly. Politics then
was drama, history, emotion, and it
was not uncommon for revival meet-
ings to be postponed until politics
could be put aside, after the ballots
were counted—or miscounted.

The contrast reflected by the present
condition is worthy of comment,
perhaps of encomium. The weekly
press is not excited over the various
candidates and contentions of this
voting year. More space is given to
world comment, agricultural experi-
ment and development, highway
problems, local improvement, social
life. Politics and matters of State
and local administration are not ig-
nored, of course. But the attention
given them is characterized more
by sincerity and discernment than by
passion or hyperbole.

In short, the Texas weekly press
of 1930 is broader minded, more
tolerant, but not less significant, than
that of three decades ago. Probably
the fact that the publishers have
larger investments, more durable
equities, at stake contributes great-
ly to the difference.—The Semi-
Weekly Farm News, July 11.

Alaska's mineral production, in-
cluding precious metals and baser
metals as well as petroleum, amount-
ed to \$14,061,000 in 1929.

W. A. White Dies
W. A. White, resident of Foard
County since 1907, died Saturday.
He is survived by J. A. White of
Crowell; Mrs. Laura Childs, Bowie;
Mrs. Clara Scivally, Plainview; Mrs.
Junie Brown, Bowie. Funeral ser-
vices were held Sunday at the Ba-
ptist Church after which interment
was made in the Crowell cemetery.

R. B. Edwards circulated a paper
among our merchants, business men
and private citizens this week and
got enough money subscribed with
which to purchase a sprinkler and to
pay the expense of having the streets
sprinkled.

C. B. Garlinghouse and Ed Norris
have made a trade whereby the two
are in the blacksmithing business
together.

NOTICE

All auto and jitney drivers must
see that they have lights in the front
and back of cars. Speed in the city
limits must not be over ten miles an
hour, also they must honk before
turning corners. All cars stopping
on west side of square must head in
towards the curb.

S. Moore, City Marshal

T. J. Cates and family left this
week for a visit to their old home in
Georgia. Mr. Cates threshed ten
thousand bushels of wheat and oats
from his farm just before he left and
placed it in his granaries waiting
for \$1.50 a bushel.

McAdams and Easley claim the
threshing record of the county. In
two days they threshed 2,117 bushels
of wheat and 1,519 bushels of oats,
a total of 3,636 bushels.

The old Reed residence in the west
part of town burned to the ground
Thursday. It was owned by Hamp

All Human Body
Parts in Names
at Dallas P. O.

A human body could be built from
the names of the parts of the body
borne by the people who call for
their mail at the general delivery
window of the Dallas postoffice—a
human body together with almost
every other variation of entity and
condition—and odd as many people
are, they could never be half as odd
as their names.

This is the discovery of Miss Ollie
Epps, general delivery clerk, who, to
satisfy a fancy, jotted down 500
freak names as they came to her at-
tention over a period of a few days
through the letters which their own-
ers called for at the window.

She started it by noticing the funny
parts of the body which many
people wear as their names. She de-
cided she'd just jot them down and
how much of the human physique she
could build up, and to her surprise it
was only a day or two before persons
bearing names representative of vir-
tually every part of the body, man
or animal appeared at the window.

Her list runs: Head, Back, Arms,
Shoulder, Finger, Hip, Bone, Horn,
Beard, Hyde, Nail, Foot, Lipp, Sides,
Hamm, Hair, Legg, Chinn, Hart,
Lightfoot, Body, Cheek, Bills, Nuck-
les, Gum."

That started her and she diagram-
med 500 names in various classi-
fications, such as "pertaining to water
or earth," "plants or flowers," ani-
mals and insects, "colors," "of value,"
"sounds of expressions," "be-
longing to the fowl family," "to eat
or drink," "condition," "parts of
buildings," "of the Bible" and mis-
cellaneous."

Men and women going through life
as representatives of various physi-
cal movements were Messrs. and
Mmes. Hopper, Walker, Skipper,
Trot, Gallon, Dancy, Buck, Trimble,
Walk, Walkup, Rushing, Pace, Halt,
Ketchum, Treadwell, Turns, Tripp,
Goforth, Hopp, Hasten, Rush, Shook,
Jump, Fite, Waltz, Hitt, Russell,
Chase and Quick.

People with names representative
of water or air came to the window
as follows: Waters, Waterfall, Riv-
ers, Roundstream, Branch, Creek,
Snow, Hail, Cloud, Frost, Dew, Rip-
ple, Ice, Fogg, Flake, Shadow, Rains,
Rainy, Clay, Mudd, Rocks, Newland,
Sweetland and Ground.

To show that the plant family was
well represented: Mr. and Mrs. Oat,
Wheat, Cain, Blackwood, Redwood,
Bigwood, Forest, Bryar, Moss, Cot-
ton, Goodhedge, Sprout, Spruce,
Vines, Reed, Corn, Rose, Violet, Dai-
sy, Lilly, Blossom, Zeni, Flowers, and
even Mr. Maguolia and Mr. Hyacinth
appeared.

The animal and insect folk were
Mr and Mrs. Lion, Beaver, Pig,
Hogg, Bear Deer, Campbell, Wolf,
Stock, Rabbitt, Coon, Collie, Gray-
horse, Fox, Bull, Bulz, Fish, Bass,
Hafr, Kid, Goat, Mann, Fellows, Hus-
band, Cuest, Leopard, Broadbear,
Kitts, Bowser, Shepp, Bruno, Rab,
Roach, Miller, Bee, Nat, Papas and
Buzzy.

Of colors, besides the old names
of Black, White, Green, Gray and
Brown, there are Mr. Redd, Mr. Blue
Miss Orange, Mrs. Pinky, Miss Brin-
dle and Mr. Roan.

Messrs. Cash, Money, Nichol, Sil-
ver, Gold, Cost, Price, Halfpenny,
Opal, Pearl, Garnet, Jewell, Dia-
mond and Brass come under the val-
uable classification. In Miss Epps'
"unpleasant" list we find men and
women named Crooks, Coffin, Quar-
les, Drown, War, Swindle, Battles,
Castoff, Hazard, Tramp, Jolly, Sinn,
Outlaw, Lepper, Raah, Fears, Sav-
age, Fake, Kobb, Gamble, Grave and

UNDER THE STERLING PLAN TAXES
WILL BE REDUCED IN FOARD
COUNTY

The taxpayers of Foard County, including the farmers, home-
owners and business men are now assessed an average tax of ap-
proximately 45c on the \$100.00 valuation to pay for the construc-
tion of State Highways, a tax that should be borne by the State.

Under The Sterling Tax Reduction Plan
the State will assume this obligation and pay for it out of the gaso-
line tax.

The Sterling Tax Reduction Plan will place the burden of paying
for the state roads your county has built on the traffic, where it be-
longs.

The Sterling Plan will provide the state with adequate funds to
build a connected state system of hard surfaced, all-weather high-
ways and for paving the gaps over the state without county aid and
without increasing the gasoline tax one penny.

The Sterling Tax Reduction Plan
provides that no property tax shall
ever be levied to carry out its pur-
poses.

Explanatory Note.—The estimated reduction in
the tax rate has been calculated in accordance with
the best available information. The exact figure
will depend upon varying conditions in each coun-
ty. But that a material reduction of the ad va-
lorem taxes would be affected under the plan is
certain.

C. S. Haggard, resident of Collin County for the past 72 years, died recently at Plano. Mr. Haggard was a veteran of the Civil War with the Confederate army and was almost 92 years of age. He was known to a number of Foard County people who came here from Collin County.

NOTICE

In my talk last Saturday night at Good Creek I made the assertion that the valuation of the property of Foard County had not been raised since I have been your County Judge and that further the taxes had not been raised with the exception of the rate set to take care of the 1927 Bond Issue which was voted by the people and I intended to further make this exception, that the Court in 1929 levied 10 cents on the One Hundred Dollars Valuation to take care of the Jury Fund. This, I omitted unintentionally. These rates are of record in the minutes of the Commissioners Court and it would be unbecoming of anyone to unintentionally state otherwise. This was unintentionally a mistake on my part and I hope you will so consider it.

CHURCHES

Christian Science

Sunday, 11 A. M., Subject for Sunday July 20, "Life." Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Baptist Church News

Absentees were prominent in our midst last Sunday. Many are seeking a cool climate, others visiting friends and some sick. Our good superintendent, A. G. Bell, and family were attending the Luaders Baptist Encampment, but in spite of all this, we had a great day. There were two additions to the church, good congregations at each service and a general good will was felt by all.

The pastor discussed the character and frankness of John the Baptist's message. The need of such a message in this perverted and crooked generation, the certainty of the coming King and the judgments that await those who know not God. At the evening hour he discussed the "Baptist in Fire" Province by the scripture that the eternal King will come in that day, reeking eternal fire on them who have rejected His mercy. "They shall be burned with unquenchable fire."

Sext Sunday should be a great day for us. Our superintendent will have some fresh fine things to say to us about the encampment. The pastor will preach morning and evening. Morning theme, "A Vision of Our Risen Lord." Evening theme, "The Way Back Home." Special music at both services.

P. S. The male quartet was greatly enjoyed last Sunday evening. Those composing the quartet were: Ivan Wozencraft, high tenor; Duke Wallace, second tenor; Earnest King, first bass, and E. A. Dunagan, second bass.

Sunday School 9:45, preaching at 11 and 8. B. Y. P. U. at 7 p. m., next Sunday. Come and welcome.

WOODIE W. SMITH.

The Christian Church

The attendance at Sunday School and church is still good. "We are staying right close to a 100 all the time. We just want to keep up the record. Don't let the heat keep you from worshipping God. The heat might be much more oppressive in the next world.

The meeting out at Black is still going forward in a fine way. Folk are faithful in attendance. The spirit is fine. The people of Black are certainly a friendly group, and we are all enjoying the fine fellowship that exists between them.

We want everyone to come to Sunday School and church next Sunday. Let's go over the top, by reaching a 160 in attendance. The Sunday School hour is 9:45. Worship service at 11. Christian Endeavor meets at 6:45. Night services at 8:15. All are welcome.

JOHN G. CLARK.

At the Methodist Church

Sunday School at 9:45. Preaching at 11 a. m. and 8 p. m. Epworth League at 7 p. m. Woman's Missionary Society, Monday 4 p. m.

We are hopeful that the attendance at all the services will increase. Especially do we hope that it will get back to normal. There was a marked increase last Sunday over the Sunday before. Let us make it still larger next Sunday. Many of the members of the church have the habit of not attending the services. Brethren, this ought not to be so. The church needs your presence and co-operation. You need the services in your own life, helping you to meet the issues of life. The church is a Divine institution. God saw a need for it, or He would not have instituted it. Duty and obligation should bring you to your church each Sunday morning. Meet us there next Sunday at 9:45 a. m., with a smile and good cheer.

Yours for a spiritual church. B. J. OSBORN.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Foard.

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Foard County, of the 25th day of June, 1930, by Ida Reavis, clerk of said District Court, for the sum of \$5,327.15, and costs of suit, under judgment, in a certain cause in said Court, No. 2115 and styled C. C. Wheeler et al. vs. O. L. Derrington et al, placed in my hands for service, I, Que R. Miller, as sheriff of Foard County, Texas, did, on the 25th day of June, 1930, levy on certain real estate, situated in Foard County, Texas, described as follows, to wit:

Being the west one-third of the N. E. quarter section, No. 20, in block No. 8, H. & T. C. Ry. Co. survey, certificate No. 972, described by metes and bounds as follows:

Beginning at a point 633 1-3 varas south, 72 degrees W. of the N. E. corner section No. 20; thence south 18 degrees, E. 950 varas to S. E. corner this tract; thence S. 72 degrees, W. 316 2-3 varas to S. W. corner this tract; thence N. 18 degrees, E. 316 2-3 varas to the place of beginning, and situated in Foard County, Texas, and levied upon as the property of J. M. Zaicek and Mrs. J. M. Zaicek, and that on the first Tuesday in August, 1930, the same being the 5th day of said month, at court house door of Foard County in the town of Crowell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale and judgment, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said defendants, J. M. Zaicek and Mrs. J. M. Zaicek.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand, this 1st day of July, 1930.

"Never Felt Better in My Life, He Says"

Wichita Man Says Didn't Feel Like Working But Argotane Gives Him Strength and Energy

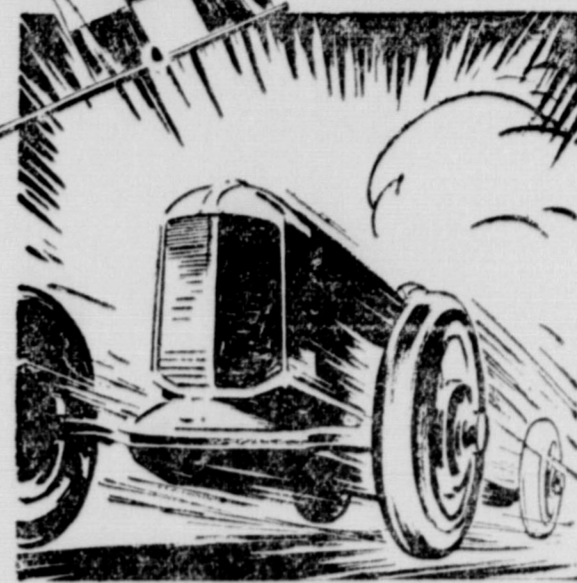

"I honestly never felt better in my life," said Marvin McClendon, of 311 Lee street, Wichita Falls, Texas. Mr. McClendon is employed at the Albright Transfer Co.

"I've had stomach trouble for some time," he continued, "and always felt tired and worn out and no account and never felt like doing my work. Some times when I had to make a long run, driving a truck, I would feel so bad, it would nearly kill me and I could hardly make it. I didn't have any appetite and what food I ate did not digest and I was awfully constipated. I was quite nervous and restless and never got a good night's sleep.

ANOTHER VICTORY

FOR THIS REGULAR STOCK MOTOR OIL

CLOSE ON THE HEELS OF ITS ACCOMPLISHMENT AT

INDIANAPOLIS MAY 30, CONOCO WINS 3RD, 4TH, AND 5TH PLACES AT ALTOONA AT BETTER THAN ONE HUNDRED MILES PER HOUR

Frank Farmer, in a Miller Special, "placed" third with an average speed of 102.2 miles per hour. "Shorty" Cantlon, in a Miller-Schofield Special, was fourth with 101.5 miles per hour. "Speed" Gardner was fifth in a Miller Front Drive Special. All three used CONOCO Germ-Processed Motor Oil in this convincing demonstration of the quality of this regular "stock" motor oil. At Altoona, as at Indianapolis, this was the first time that a stock oil had placed so high in the finish of the race.

Indianapolis race; after they had observed its full body and good color as it came from Dave Evans' motor, the word went out that CONOCO Germ-Processed Motor Oil had displayed the qualities necessary to solve the lubrication problems of racing motors. CONOCO had earned the respect of this most skeptical group—and earned it fairly.

Germ-Processed Motor Oil, close on the heels of Indianapolis... a victory won with the same stock Germ-Processed oil that you can buy at any Red Triangle station.

These CONOCO victories have a definite meaning to every one who drives a car. They substantiate every claim that was made for it when the oil was introduced last November.

You can experience the safety and economy of this oil by stopping at the next Red Triangle Station and asking for:

CONOCO GERM PROCESSED PARAFFIN BASE MOTOR OIL

The story of the Altoona race cannot be told without reference to the accomplishment of CONOCO Germ-Processed Motor Oil at Indianapolis. For it was in that 100-mile classic that the stamina of this new oil was impressed on the racing fraternity. After observers had seen the oil at the close of the

The Contest Board of the AAA took all the necessary precautions to make sure that the oil used was the regular CONOCO Germ-Processed Motor Oil CERTIFIED TEST No. 2355

And as these cars whizzed around the boards at Altoona on June 14, CONOCO again proved its worth in a field previously dominated by castor blends—a field which other stock oils have repeatedly tried to enter without success! So chalk up another victory for CONOCO

Ray Nichols, Rotary Governor, Is Visitor

Ray Nichols of Vernon, governor of the 41st District of Rotary International, paid his official visit to the Crowell Rotary Club here Wednesday. In the morning he conferred with the officers, directors and committee chairmen of the club and was the principal speaker at the regular luncheon at noon.

Mr. Nichols has just taken over his new duties and the Crowell club was the first of the 61 in this district to be visited by him. Mr. Nichols is editor of the Vernon Record.

Fred Rennels was taken into the club as a new member. J. H. Ayers was a visitor at the luncheon.

Ella Rucker Says Erroneous Opinion Exists in County

To the Citizens of Foard County: In making my canvass of the county I find an erroneous opinion in the minds of some, as to the powers and duties of tax assessors in regard to the fixing of the assessed valuations of property.

Briefly stated in my way, tax assessors are to accept renditions made by taxpayers, who have the right to say what they own and what it is worth. These renditions are submitted by the assessor to the Commissioners Court, acting as a board of equalization, whose duties are to carefully examine the renditions, approve those that appear to them to be correct and to note such changes as in their judgment may appear to be necessary in the others.

Notices are sent to such taxpayers to appear before this board at a date given and show why such changes should not be made.

Many tax assessors make copies of the previous year's renditions which show each item of real estate and personal property together with its value rendered by you for that year, which you can check over and make such changes as may be necessary, if any.

Thus you see, the fixing of the assessed valuations is between the taxpayers and the board of equalization.

As you know, I am the first woman to ask for this office in Foard County, but not so in the State, for Bailey, Calhoun, Chambers, Ector, Hunt, Collingsworth, Hansford and Shelby Counties, have lady tax assessors.

I have lived in Foard County since early childhood, graduated from Crowell High School in 1918, have had nine years experience in tax work and feel that I am qualified to handle the assessor's office as it should be.

I have made an effort to see every voter in the county but have failed in some instances, and I hope you will consider this as a visit.

Asking you to give my claims a fair and just consideration, I remain, Yours respectfully, ELLA RUCKER.

Burress Grocery Buys New Vegetable Cooler

The Burress Cash Grocery has definitely decided to keep the vegetable cooler that was installed on approval in its store over a week ago. The cooler is of the very latest type and utilizes both water and air in keeping vegetables in a fresh condition. It is known as a 'Koolaire'.

A special water pump is used in creating a high pressure spray and a special ventilating fan is so constructed into the machine to send the fine spray over all the vegetables.

Brown Franklin, who recently bought a half interest in the store, stated that one day when the temperature was 105 degrees, a thermometer on the cooler stood at only 70 degrees.

VOTE FOR BEN G. ONEAL For State Senator

Mr. Oneal is in no sense a politician. He is making his first race for public office.

Practically his entire life has been spent west of Fort Worth in this section of Texas. He knows the needs of the farmer, the stockman, the oil producer and the laborer.

His twenty years of law practice, fourteen of which have been in Wichita Falls, as well as his continual contact with other businesses, give him a broad and valuable experience to draw upon and be guided by as State Senator.

His every act and vote as Senator would be solely in the interest of the people.
