BURBURNETT D CROWELL PLAY FRIDAY

Wildcats get together
should be an excellent foot-
ball team when Burburnett meets
the home team here Friday afternoon of
at 4 o'clock.

Burburnett is coming to Crowell
with hopes of handing the Wild-
cats their first defeat of the season.
The game was lost but one game
ago and that defeat was ad-
mittedly a surprise. The Olney club
at that time, Ragsdale, Burk-
burnett star backfield ace did not
play in this game.

Crowell and Burburnett
last week and both teams will
be in very best of condition for
the contest.

Who have played football be-
fore. The game was taken very seri-
ously by Coach Grady Graves and
every precaution is being
taken to prevent a loss at the
hands of the visitors.

Best Weather of Year Arrived Here Thursday Morning

The coolest weather of the year
here Thursday morning and
the public comment is taking place
when the first frost will arrive.
The thermometer was hovering
at 40 Thursday morning and a
north wind was blowing most of
the day.

The average date for the first
frost is Nov. 5, according to the
records of the past years, however,
these frosts are seldom killing.
Last night's frost touched parts of
Crowell on Oct. 29. Oct. 18,
was one of the earliest frosts
in the past 15 years. Nov. 23,
was one of the latest frosts in
the past 15 years.

It is estimated that this section has
received 3.75 inches of rain have
fallen at Crowell so far during Oct.
and with the month practically
over, it appears that this will be
a good month. According to
farmers from various parts of
Crowell it is believed that the
rain for the entire county during
the month is close to four inches.

The total rainfall recorded at the
state bank for October, 1930,
was 38.5 inches.

It fell slowly most of the day
Wednesday and before it stopped
amounted to 1.20 inches. The
weather has existed most
of the week and farmers have
been busy engaged in sowing wheat
and planting the remainder of their
crop. With about a week more of
the practically all of the wheat
will be planted. A considerable
amount of wheat is already up
and looking fine.

Grading School for Turkeys Will Open In Crowell Monday

A turkey grading school that is
conducted here Monday, Nov. 5,
will open at 10 o'clock in the
evening at the district court room.
The session there the remain-
ing school will take place at the
Johnson feed store.

Instruction will be given on the
selection of breeding stock, grading,
killing, picking and packing.
C. C. Cunyus, poultry specialist
& M. Extension Service.

Twenty turkeys will be
killed and dressed by Mr. Cunyus
at the one-day school. All tur-
keys of this section are urged
to attend.

Prettiest 4-H Girl

Ernie Schmidt, 14, Mounds-
ville, W. Va., is a living proof
that life on a farm does not pre-
vent one from becoming beautiful.
She won the prize for beauty at
the county fair.

TAKEN TO DALLAS

Ragsdale Lanier was again taken
to Dallas Tuesday morning by his
father, J. H. Lanier, to be placed in
the St. Paul Sanitarium, from which
he was removed just a short time
ago. His condition, resulting from
an eye injury received several weeks
ago, gradually grew worse after his
return here.

ATTEND EL PASO MEETING

Judge Claude Callaway and W. F.
Thomson, A. B. Wisdom, E. V. Hal-
bert and J. C. Hysinger, county
commissioners, left Tuesday morn-
ing for El Paso to attend the annual
meeting of the state organization of
county judges and commissioners.

STUNT NIGHT

The Foard City Home Demonstration
Club will sponsor a tacky party
and stunt night at the Foard City
school Friday night of this week.
The public is invited to attend.

WM. A. WHEELER DIED OCTOBER 22 AT AUSTIN

William A. (Uncle Bill) Wheeler,
89, pioneer resident of Foard Coun-
ty and this section of Texas, died
Thursday night, Oct. 22, at 11
o'clock at his home in Austin. He
had been in ill health since last
February.

Uncle Bill, as his many friends
chose to call him, paid his last visit
to Crowell and Foard County about
a year ago and during his short visit
at that time he was busily engaged
in meeting his many friends. He
left Crowell in 1927 with his son,
W. B. Wheeler, and family and since

then they have made their home to-
gether in Austin.

Mrs. Jim Polk, a daughter; W. B.
Wheeler of Austin, son; and A. T.
Schueler of this city, a step son, and
a host of grandchildren living at
Austin and in Foard and Wilbarger
Counties, survive him.

Funeral services were held in the
Church of Christ at Vernon Sunday
afternoon with Guy Chick, minister
of the church, officiating. Burial
was made in the East View Ceme-
tery. A large number of Foard
County people were included in those
that crowded the church for the ser-
vices.

Paul Rogers, all members of the
Masonic lodge, were: R. M. Cato, J.
E. Lutz, H. W. Norwood, S. W. Bai-
ley, J. B. Lawson and H. B. Mason.

Mr. Wheeler was born in Jackson
County, Alabama, on Dec. 4, 1842.
He moved to Texas with his mother
in 1853 and became a Texas Ranger
in 1859. In 1862 he joined the Con-
federate army and served in a num-
ber of major engagements during
the Civil War. He belonged to Pete
Hardeman's Regiment, 21st Texas
Cavalry, during this conflict.

Following the Civil War he became
a "Minute Man" and served in the
frontiers of Wise, Parker and other
counties. He was a member of a
company in Parker County, com-
manded by Capt. L. L. Tackitt. The
group, known as "Minute Men" was
organized for frontier defense. They
were not kept in regular camp, but
were subject to call at any time and
when an Indian alarm was given they
were gathered at a designated place
and were soon dashing across the
country looking for Indian trails.

These men did not get pay from
any source and without their services
there were several counties that
could not have been occupied by
white people until after the U. S.
Government established forts and
stationed troops at various places
across the state.

From March 4, 1917, Mr. Wheeler
received a pension of twenty dollars
per month for his services as a
"Minute Man."

In 1876 he came to this section in
the employ of W. B. Worsham in-
terests, freighting supplies from
Henrietta to the Worsham ranch,
where Chillicothe is now located. A
few years later he removed to Ver-
non and established a home. For a
number of years he carried the mail
between Vernon and Altus.

Later he carried the mail between
Crowell and Vernon. While living
at Vernon he carried the mail to the
old Rayland post office and from

APPENDICITIS OPERATIONS

Mrs. Lewellyn Morgan underwent
an operation for appendicitis last
Friday at the local hospital. She is
rapidly recovering.

R. J. Thomas Jr. was operated on
for appendicitis at the hospital just
before noon Thursday and was re-
ported as getting along nicely Thurs-
day afternoon.

BLAW & ROSENTHAL STORE BURGLARIZED THIS WEEK

The Blaw & Rosenthal dry goods
store was burglarized some time
Monday night or early Tuesday
morning, resulting in the loss of fif-
teen dollars from the cash register
and about fifty or sixty dollars worth
of merchandise, consisting mainly of
leather coats, jackets and shirts.

Entrance to the store was gained
by breaking a glass above the front
door and then crawling through the
opening that resulted. A glass cut-
ter appears to have been used on the
job, which was probably performed
by at least two persons.

A sweater taken in the robbery
along with 59 pennies were found
under a bale of cotton in the local
cotton yards here Tuesday night. A
man believed to be implicated in the
robbery left here on a freight train
Wednesday morning wearing a coat
answering the description of one of
those that was taken. It is likely
that the robbery took place during
the Mar in Hotel fire early Tuesday
morning.

Alton Higginbotham's Father Died October 22

B. W. Higginbotham, 70, father of
Alton Higginbotham of this city,
died Thursday, Oct. 22, at his home
south of Chillicothe. Mr. Higgin-
botham suffered a stroke of paral-
ysis five years ago and had been
stricken every year since. His con-
dition gradually grew worse the past
month.

Funeral services were held Friday
at the Chillicothe Methodist Church,
of which he was a member. Mr.
Higginbotham came to Chillicothe
23 years ago from Montague County.
Surviving from his first marriage
are three sons, Claude of Chillicothe,
Bryant of Lockney and Alton of
Crowell, and one daughter, Mrs.
Vivian Pearce of Pampa, and of the
second marriage are the widow and
two daughters, Mrs. Nell Walser and
Louise Higginbotham, and three
sons, Roy, Carl and Archie, all of
Chillicothe.

The Fox-Harrell Filling Station
was closed here Friday on account
of his death.

MARTIN HOTEL DESTROYED BY FIRE TUESDAY

Fire of undetermined origin prac-
tically destroyed the Martin Hotel
early Tuesday morning between two
and three o'clock. The two-story
frame structure of sixteen rooms
was located at the Martin Tourist
Camp, six blocks east of the square,
and was owned and operated by S.
D. Martin.

While the fire department arrived
in time to prevent the building com-
pletely to the ground, yet only a
small portion of the structure that
remains standing can be salvaged for
further use. The fire started in the
front of the hotel. The extreme
rear portion of it was not badly dam-
aged.

The hotel was built in 1928. Its
loss was partially covered by insur-
ance.

There another mail carrier brought
the mail to Crowell. Passengers were
also carried. In about 1900 Mr.
Wheeler moved to Crowell and made
the route from Crowell to Rayland,
making a round trip each day, ex-
cept Sunday, until the coming of the
Orient railroad in 1908. From then
until 1926 he carried the mail from
the depot to the local post office and
also operated a drayage business.

Soon after retiring from business
he moved to Austin and made his
home there until death came.

Mr. Wheeler was very anxious to
come to the 40th Anniversary cele-
bration here last spring but due to
an attack of the flu a few months
before, he was unable to attend.

WILL EXHIBIT DAIRY STOCK HERE NOV. 7

A committee composed of C. E.
Gafford, Black; Chas. Bryson, Crow-
ell; G. J. Benham, Vivian, and G.
W. Scales, West Rayland, is working
out plans for a Shorthorn show in
connection with "Achievement Day"
here on Saturday, Nov. 7, at which
time the various home demonstration
clubs and 4-H clubs of the county
will have exhibits.

Fred Rennels, county agent, states
that the 4-H Club Dairy bulls will
also be on display at this time. There
are four of these animals, which
were purchased in 1927 from the best
dairy herds in the state and put into
a combination calf club and bull circle
in this county. A large number
of fine dairy cows have resulted
from this progressive move.

Miss Dosca Hale, home demon-
stration agent, reports that plans for the
women's exhibits are progressing
nicely. From all indications
"Achievement Day" here Saturday
week should be a real success.

The committee in charge of the
dairy stock exhibit is very anxious
for everyone who has good dairy
stock, either Jersey or Shorthorn, to
show them on "Achievement Day."

MARRIAGE LICENSE

Grady Magee, county clerk, issued
a marriage license Saturday to J. C.
Bumpass of Foard City and Miss
Ethel James of Goree, Texas.

Mrs. F. B. McGuire Gilliland Taken by Death Last Week

Special to The News

Gilliland, Oct. 27.—Mrs. Gertrude
McGuire, wife of F. B. McGuire,
pioneer merchant of Gilliland, was
taken by death last week. Mr. and
Mrs. McGuire moved to Gilliland
soon after their marriage nearly
twenty years ago, and had since
lived here and at Trusecott.

Besides her husband, she is sur-
vived by three children: Eula Mae,
Glen and Francis, her parents, Mr.
and Mrs. Lewis and several brothers
and sisters and a host of friends
to mourn her departure.

Mrs. McGuire had been in poor
health for some time, thereby being
deprived of many pleasures and the
efficient help she was able to give
her community. She was an ardent
supporter of all things tending to
better education and the general
community good. She had to resign
her position as president of her com-
munity home demonstration club on
account of her illness.

Mrs. McGuire's many friends feel
that they have lost a loving, kind,
cheerful co-worker whose place will
long remain vacant. The sympathy
of all is extended to her beloved
family.

Mrs. Beverly Returns From Eastern Trip

Mrs. J. R. Beverly returned Wed-
nesday night from an extensive trip
to Eastern points of interest in com-
pany with her sisters, Mrs. Myrtle
Holtberg and Mrs. Alex Anderson,
of the Hawaiian Islands, who have
been visiting in the States for sev-
eral months. The three sisters with
Mrs. Anderson's little daughter, Nan-
ce-Jo, left Mahan, Texas, where
they visited relatives, on Sept. 20th,
and their trip included such interest-
ing and historic places as Lexington,
Ky.; Thomas Jefferson's home, Mon-
ticello, in Virginia; Alexandria, Va.;
Mount Vernon, Washington, D. C.;
Atlantic City, N. J.; New York City,
Niagara Falls from both the States
and from Canada, points in Vermont,
the Great Lakes, St. Louis and num-
bers of other points.

From New York City on Oct. 8th,
Mrs. Holtberg left the party, sailing
for Europe on board S. S. Hamburg
of the Hamburg-American line, where
she is a member of a floating
university the first semester of
which culminates in Naples, Jan. 20,
1932. This tour includes 10 differ-
ent countries of Europe and 43 im-
portant cities. Mrs. Holtberg prob-
ably will visit her sister again upon
her return from the tour before go-
ing to her home in Mauu, Hawaii.

Mrs. Anderson and little daughter
also left New York for South Roy-
alton, Vermont, where they visited
Mr. Anderson's relatives. While in
New York City, Mrs. Beverly visited
a friend, Miss Cora Coleman, who re-
sides there. Mrs. Beverly and Mrs.
Anderson returned together as far
as Sherman from which place Mrs.
Anderson went to Mabank for a visit
with relatives and friends. She will
return here for a further visit with
Mr. and Mrs. Beverly before leaving
for her home.

M. S. Henry & Co. Opens Sale Saturday

A sale is being started Saturday
by M. S. Henry & Company that is
said by officials of this firm to be
the largest sale that it has conducted
in years.

A double-page, listing great num-
bers of bargains to be found at the
sale, appears in this issue of The
News. Fifteen hundred large circu-
lars for this sale were also printed
by The News.

COLLISION SATURDAY NIGHT

A collision Saturday night on the
Margaret road, about one mile north-
east of Crowell, resulted in serious
damage to the Chrysler sedan be-
longing to H. L. Kinsey, and con-
siderable damage to the M System
Ford delivery car. Mabry Kinsey
was driving the sedan and Bud Mc-
Coy the delivery car at the time of
the accident. Neither was hurt.

The sedan turned over twice and
its body was almost totally wrecked.
Damage to the motor, front axle and
a wheel was suffered by the delivery
car.

FOARD COUNTY SINGERS MEET AT THALIA SUNDAY

Singers of Foard County and this
section will gather at the Thalia Bap-
tist Church at 2:30 o'clock Sunday
afternoon. The Brock quartet of
Chillicothe will be present for this
singing. They were at Margaret
last Sunday at which time a large
crowd was present. Everyone is ex-
tended an invitation to attend.

REV. GERLICH TO SPEAK AT LOCAL CATHOLIC CHURCH

A series of public lectures, begin-
ning Sunday evening, Nov. 1, at 7:30
o'clock, will be given by Rev. E. J.
Gerlich of Vernon each evening at
the same hour for an indefinite
period at the local Catholic Church.
Catholic doctrine and practice will
be explained. The public is invited
to attend.

OLNEY TILT MAY DECIDE WINNER OF DISTRICT 3

In all probability the game be-
tween the Olney Cubs and the Crow-
ell Wildcats here Friday, Nov. 5,
will decide the championship of Dis-
trict 3, Class B of the Texas Inter-
scholastic League. Both teams are
undefeated and at present Crowell
has three district victories while Ol-
ney has two.

The Cubs showed plenty of power
last week in defeating Munday 74 to
0 at Olney. Due to the fact that
Henrietta dropped out of the district
race, Crowell was idle last week.
Coach Grady Graves and a few of
his players scouted the Olney-Mun-
day game and returned with reports
of that team's unusual strength.

"I believe we will be out-weighted
almost twenty pounds to the man by
that husky Olney bunch," said Coach
Graves in commenting on the game.
"However, we are not letting that
fact worry us and the Wildcats are
going into that game next week with
the full intention of winning the
first district championship in its
football history."

Olney should have an easy time
in defeating Megargel this week and
Crowell should win over Burbur-
nett, although it may be difficult to
do so.

The game between Chillicothe and
Archer City at Chillicothe should be
a very interesting one. Both of
these teams still have hopes of win-
ning the district championship in
spite of the fact that each has lost
to Crowell in the only defeat that
either has suffered.

The Olney-Munday game was the
only district contest played last
week.

The district standing at present
follows:

	G.	W.	L.	T.	Per.
Crowell	3	3	0	0	1,000
Olney	2	2	0	0	1,000
Archer City	4	3	1	0	.750
Chillicothe	4	3	1	0	.667
Burburnett	2	1	1	0	.500
Seymour	3	0	2	1	.000
Megargel	3	0	2	1	.000
Munday	3	0	3	0	.000

Last week's results: Olney 74,
Munday 0. (Only game played).

This week's schedule:
Burburnett at Crowell.
Archer City at Chillicothe.
Olney at Megargel.
Seymour, no game scheduled.
Munday, no game scheduled.

HE WILL LIVE FOREVER

It has been given to few men to completely revolutionize the world's way of living and its habits of thought. Fewer still have lived to see the full fruition of their achievements. Thomas Alva Edison, in the course of his own lifetime, almost literally turned the world upside down.

If Edison had done nothing but to invent the multiplex telegraph and the telephone transmitter which made Bell's invention practical, his fame would have been world wide. In speeding up communications he speeded up the tempo of all human life. If he had invented nothing more than the phonograph, he would still be rated among the great inventors of all times. The phonograph brought good music for the first time to the ears of hundreds of millions all over the world, and has unquestionably been the greatest stimulus to musical development and musical taste in all history. If his only invention had been the incandescent electric light, his name would be hailed everywhere as the world's greatest benefactor. This invention alone has lengthened the human day in every corner of the civilized world, has changed all the world's ideas of entertainment, of housing, our whole manner of living and consequently our manner of thinking. If Edison's sole achievement had been the motion picture, on what a pedestal for that alone would hold his memory. He gave the world a marvelous new means of looking at itself, brought to the remotest hamlet, even beyond the frontiers of civilization, not merely a new form of entertainment, but the most powerful organ of education in its broad sense that has yet been devised.

Yet so marvelously active was this man's mind, so resourceful and ingenious, that even that list of great accomplishments does not begin to cover all that he did. He took the first crude typewriter and made it work. He invented the mimeograph. He invented the megaphone. He invented the machinery on which the whole great Portland cement industry is based. It was the so-called "Edison effect," a new scientific principle which he discovered while experimenting with the electric light that gave Marconi the clue on which to develop wireless telegraphy and so, in a very direct way, Edison was the father of radio broadcasting.

He was one of the few inventors who was practical enough to develop his own inventions commercially and make money from them. Yet throughout his life he retained the boyish curiosity, the youthful eagerness to learn that had possessed him as a school boy. Because he was so eminently practical in the application of his inventions, and because his formal schooling had been so brief, he had the popular reputation of being an unscientific, rule-of-thumb inventor. As a matter of fact, he had probably the broadest and deepest knowledge and understanding of the physical and chemical sciences that any one brain ever possessed.

Edison's life completely filled Dean Swift's description of a benefactor of humanity as being a man who made two blades of grass to grow where only one grew before.

GLORIFYING GANGSTERS

In his speech before a convention of police chiefs recently President Hoover suggested in substance that if there were less glorifying of gangsters and more glorifying of policemen it might help in solving the crime problem. And there is much truth in that, although many policemen merit little glorification.

There is a tendency on the part of many newspapers, and in some instances on the part of the motion pictures, to paint the gangster as a bold, romantic character. The fact is that he is usually a sneaking coward, who never gives his victim the slightest chance. True, he will do murder for a price, but gangdom is so well organized and justice so laggard that he knows the chances of legal punishment are negligible. The gangster fears rival gangsters far more than he fears the law.

When he does land in jail temporarily, bail is always at hand, supplied by other gangsters or men higher up. The front page notoriety he gets is unctious to his soul and he revels in it. The newspapers have made Scarface Al Capone a romantic hero in the eyes of an incredibly large moron population.

But, speaking of Al, he did get an unlooked-for reception a few days ago when he and some of his gang attended a football game in Evansville, Ill. The crowd booed and jeered until they sneaked away.

Which shows that the press and public might do much toward putting the gangster in his place by holding him up to the scorn he deserves, instead of throwing the glamour of romance about his despicable personality.

SIDELIGHTS

By MARCY B. DARNALL

Few would classify frogs as furbearing animals, but they are officially so designated in the state of Washington, in order to give persons engaged in frog farming the benefit of existing laws governing fur farmers.

Dr. Freeman of Yale reports, after a series of exhaustive tests, that the man who "takes it easy" while he works is likely to get the most done. This is encouraging to those who like to take it easy—which, we imagine, is most of us.

The initial cruise of the world's greatest dirigible, the Akron of the United States Navy, was a complete success. With 113 persons aboard, the new airship performed admirably in a flight lasting nearly four hours, landing after nightfall. The weather, too, was perfect, and it now remains to be seen how the new queen of the air will behave under conditions of storm and stress.

"Love laughs at locksmiths," and so did some chicken thieves who visited Harry Gray's barnyard in Petersburg, Ind. Being unable to break the lock of his chicken house, they loaded the structure on a truck and carried it away with its 30 choice fowls.

First prize for anti-war literature offered by an international humane society goes to C. Y. Harrison for his book "Generals Die in Bed." Come to think of it, few generals have died on the battlefield in recent wars. Of all the supposed great leaders in the World War we do not recall one who was even wounded in action.

"Texas" Guinan, famed night club hostess, challenged Evangelist Aimee Semple McPherson to meet her in debate. Aimee, with a new 220-pound husband to look after, declined. A good many will believe that in spite of their diverse professions these two famous ladies are "sisters under the skins." And maybe that's why there won't be any debate.

Former President Coolidge sets at rest rumors that he might be a candidate for the Presidency next year, and recommends the renomination of President Hoover by the Republicans. Now that they know who the Republican nominee will be, the Democrats may proceed to pick their opposition candidate.

After a nip and tuck race for home run honors, Babe Ruth and his team mate Lou Gehrig finished the season tied, with 46 each. The leading home run hitter of the National League, Klein of the Phillies, got only 31. Although an old man, as baseball players go, the Babe's batting average of .373 stood second this year among all major league players, being exceeded only by Simmons of the Athletics, who batted .390.

A FORTUNE OUT OF AIR

Shortly after the close of the Civil War a young inventor, just past 21, endeavored to interest old Commodore Vanderbilt in a new brake for railroad trains, to be operated by compressed air.

After listening with impatience to the proposition, the Commodore asked whether the inventor really meant that he could stop a rushing train with nothing but air. He was answered in the affirmative. "Then get out of here," he said, "I have no time to waste on fools." The young inventor was George Westinghouse, who shortly afterwards perfected his air brake and after many discouragements succeeded in placing it on the market. To make his triumph complete, the first big order for the new Westinghouse air brake came from Commodore Vanderbilt.

This invention and others made Westinghouse a fortune and when he died in 1914 he was rated among the wealthy men of America, the use of his air brake having become almost universal.

His early struggles were typical of those of many other young men with an idea and nothing else, but he was more fortunate than most of them. He did ultimately reap the rewards of his genius, while many inventors, through lack of business ability, are defrauded out of theirs.

OLD MAIDS

It had been a very pleasant crossing of the ocean and all of us who had been passengers had become well acquainted.

As the big ship moved slowly to her pier we stood on the promenade deck looking into the mass of up-turned faces, each hoping to discover a relative or friend.

Suddenly a woman beside me began to wave her handkerchief, and, from the pier, an old lady waved back.

"That's my aunt," the woman confided to me. "Dear old Aunt Julia. My husband sent me a wireless that he is sick in bed with grippe. My mother is in the South. I was afraid there would be no one to meet me.

"But I might have known. Aunt Julia never fails. Blessed old maid, she mothers us all. How could we ever live without her!"

On the pier I was introduced to Aunt Julia. A trim little figure of a woman bubbling over with unselfishness, laden with an extra coat and a pair of overshoes—just in case her loving niece might happen to be cold.

Having just come from France, and feeling very continental, I bent over and kissed her hand. She blushed like a girl.

"You musn't try to flatter an old lady," she said. But it was no attempt at flattery; it was an act of reverence. She is a member of the noblest clans in the world.

I had been reading, on the boat, a book about the Bronte family. Mr. Bronte was a self-centered country person, who wore out his wife by making her the mother of six children in six years. Left with the motherless brood on his hands he cast around for help, and thought of his wife's maiden sister. She, poor thing, was living peacefully in a lovely little town, with an income sufficient to provide comfortably for her simple wants. There was every selfish reason why she should stay where she was.

Yet, at his summons, she did not hesitate. She cast aside every personal consideration, came down to the bleak parsonage in its ugly part of England and proceeded, for the rest of her life, to devote herself to those children.

How many millions of similar instances have there been in history! What a priceless wealth of affection is poured out on the other people's children by aunts and nurses and cooks and teachers to whom Fate gives no children of their own! How could humanity conduct its existence without them?

I thought of these things as I watched Aunt Julia wrap up her niece and hurry away. I lifted my hat reverently and waved them good-bye.

GRID GOSSIP

(By Mack)

William Bell won the guessing contest of last week and was also the only person successful in guessing the actual score of any game.

Guy Todd was picked to win last week due to the fact that he was the only guesser to predict Texas to beat Harvard.

Bell's predictions and the actual results, with the winning teams and actual score coming first follow:

Table with columns for game number (1-5) and scores for various teams like S. M. U., Texas, T. C. U., etc.

Most of the above predictions as to winners are about alike with the exception of the opinion of Jimmy Ashford and Eli Smith that Texas will be able to beat S. M. U. at Dallas Saturday.

The only other noticeable difference of opinion is Tom Beverly's prediction of a scoreless tie in the A. & M.-Centenary game at Shreveport.

It seems that Charlie Thompson should win first in the above predictions.

To Mitchell Allee, the peppiest boy on the Crowell football team, we respectfully dedicate the "Grid Gossip" column of this week.

Allee's work in the Chillicothe game was particularly outstanding, although he has played good football in every game this year.

With all due respect to the Wildcat center, we must say that in Hays, Archer City has the best pivot man that we have seen perform in the district this year.

In spite of the fact that Crowell is considered an outstanding favorite in the Burk Burnett game that is to be played here this Friday.

A portion of an article in The Olney Enterprise about the Crowell-Chillicothe game had the following to say:

"Although Cowell has made several touchdowns this year one would think it was the first one of the year from the way the crowd acted.

"Crowell is sitting on top of the eight teams in the district with three wins against no defeats and Olney is next with two wins and no losses.

"Crowell is sitting on top of the eight teams in the district with three wins against no defeats and Olney is next with two wins and no losses.

"Crowell is sitting on top of the eight teams in the district with three wins against no defeats and Olney is next with two wins and no losses.

"Crowell is sitting on top of the eight teams in the district with three wins against no defeats and Olney is next with two wins and no losses.

If Crowell defeats Olney they will surely have clinched the district. But if it is a big word sometimes."

In watching the Wildcats practice a short time this week, we certainly were impressed in watching Melvin Joy. That 128-pound kid is not a member of the first team this year, but just wait until next year.

Will Womack no longer depends on officials of the opposing team to look after the water situation when the Wildcats are playing away from home.

At Archer City there was considerable delay in water reaching Dick Todd when he was temporarily knocked out.

At Chillicothe there was a delay in Crowell in receiving water at the half but this time the Wildcat supporter was ready for such an emergency.

Winners of Continental \$10,000 Contest to Be Announced Next Week

Announcement of winners in the \$10,000 cash prize contest sponsored by Continental Oil Company, for the best answers explaining "The Mystery of the Hidden Quart," will be made in an advertisement in next week's issue of The Foard County News.

The success of this advertising campaign in which motorists were invited to compete for \$10,000 in prizes for the best answers to the question, "What becomes of the hidden quart of Conoco Germ Processed Motor Oil, and how does it benefit motorists?" has so far surpassed expectations that the winners cannot be announced as early as was anticipated.

A preliminary examination of all of the thousands of entries in the contest has been completed, and the judges are now making their final inspection of the entries.

DUB 'n' BUB

A Hallowe'en Dud

By ED KRESSY

not later than Nov. 8th.

Our people are very enthusiastic over the "Every Member Canvas" and we believe God will lead us on to certain victory. Let every one pray about it and lend a helping hand that the work which we all love may go on.

Next Sunday: Sunday School 9:45, preaching at 11 and 7, training service at 6 p. m. May we have large crowds. God is blessing us with rain. Now may we show to Him gratitude for His blessings. Your pastor employs you to be present Sunday, Nov. 1st, at Baptist Church, a good place to spend the day in worship. Come and welcome. Subject 11 a. m., "Hitch-Hiking Christians." 7 p. m., 2nd Chapter Revelations.

WOODIE W. SMITH, Pastor.

At the Methodist Church

Sunday School, 9:45 a. m. Preaching, 11 a. m. and 7 p. m. League, 6 p. m. Woman's Missionary Society, Monday, 4 p. m. Young Women's Missionary Circle, Monday, 5 p. m. Praying, Wednesday 7 p. m. Next Sunday is Communion Day. Every member of the church is expected to be present when this sacrament is administered. Let us make the remaining two Sundays of this conference year mean much to the entire membership.

We shall expect every one who possibly can to help us come out on our financial obligations this next two weeks. But, if it is impossible to contribute any to the financial claims, come on to church any way. We need your presence, and you need the church service.

Will you be in your place Sunday morning?

Yours for Jesus Christ,
B. J. OSBORN.

Catholic Church

Rev. E. J. Gerlich of Vernon will be at the local Catholic Church Sunday morning at 10 o'clock to conduct mass.

A series of public lectures on Catholic doctrine and practice will also begin Sunday evening, Nov. 1, at 7:30 o'clock. The public is cordially invited to attend these lectures, which will be held each evening for an indefinite period. Rev. Gerlich will deliver the lectures.

How is a great faith acquired?—Ralph Gillette.

The result of unfaith—Marjorie Schooley.

How is faith proven?—Gusta Mae Davis.

Song—"My Faith Looks Up to Thee."

Christian Science Churches

"Probation after Death" was the subject of the lesson-lesson in all Churches of Christ, Scientist, Sunday, October 25.

"Verily, verily, I say unto you, the hour is coming, and now is, when the dead shall hear the voice of the Son of God; and they that hear shall live," was the golden text, from John 5:25.

The service included this passage from the Bible, taken from Revelation 2:11: "He that hath an ear, let him hear what the Spirit saith unto the churches. He that overcometh shall not be hurt of the second death."

The lesson-lesson also embraced the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (pp. 76, 77, 291):

"The recognition of Spirit and of infinity comes not suddenly here or hereafter. . . . Death will occur on

the next plane of existence as on this, until the spiritual understanding of Life is reached. Then, and not until then, will it be demonstrated that 'the second death hath no power.' . . . Universal salvation rests on progression and probation, and is unattainable without them."

THE STATE OF TEXAS, COUNTY OF FOARD.

To those indebted to, or holding claims against the estate of Mrs. S. E. Johnson, deceased:

The undersigned having been duly appointed administrator of the estate of Mrs. S. E. Not Appendicitis—Gas Pains Fool Him

"I had such pain in my right side I thought I had appendicitis. But it was only gas. After taking Adlerika I've had no trouble."—W. L. Adams.

You can't get rid of gas doctoring the stomach. For gas stays in the upper bowel. Adlerika reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect of this German doctor's remedy.—Ferguson Bros. R3

ASSEMBLY PROGRAM

High school students were on Monday morning by a very program given by the class. The program consisted of songs, Peggy Thompson, acrobats, June Billington, reading, June Billington, and June Billington. There were only two characters in this play. Each thought to be insane. But by questions they found that they were sane.

DOGS VS. WILDCATS

Wildcats play the Burk Burnett this week, and it should be a real "dog and cat" game.

DOG VS. WILDCAT

Strong Burk team should not be overrated just because they won three out of four games, and Olney is the only team that has been able to score on them. Their record indicates that they are strong as the Archer City team have been picked by the non paper to finish in the second place of this club. According to the district director, they are strong as the Archer City team have been picked by the non paper to finish in the second place of this club.

DOG VS. WILDCAT

One is betting on the Wildcat to come out victorious, but it is a harder game than the fans are looking for.

TURTLE RACE

Biological student brought a turtle to school for the purpose of having a turtle race. The turtle was turned over to the side of the circle, which was in radius, first was the turtle which John Todd reached the sideline first. Therefore he won the first race.

NEWS FROM CLASSES

Latin
The Latin classes are finding that at least Latin isn't such dead language after all; at least they all agree that one must be very much alive to learn it. The Latin I class already realizes that they are going to know a great many more English words from their study of Latin if they learn nothing else. However, they tackle something new each day and master it.

Latin II hasn't divided Gaul into three parts or built any bridge or fought any battles as yet, but they are busily following the affairs of Hercules. Otis Gafford says, confidentially, that he doesn't believe the stories any more than he believes the stories about Santa Claus, but he does wonder what is going to happen next.

Science
The chemistry and physics classes are down to real business now. They are having experiments which, after all is said and done, they enjoy very much and hope to attain some knowledge from them.

English III
The English III classes have recently been studying news writing and, as a project, each pupil has made a very attractive newspaper. They consist of general news, editorials, ads, society news, and miscellaneous news.

Home Economics
The home economics girls are taking a great interest in their new recipe books that they are using this year instead of note books. These girls are going to make fine homes some of these days. Watch them.

Civics
The civics class is coming along nicely. They are learning the Constitution of the United States. Mr. Black, their teacher, gives them every kind of help that he can. For instance long exams and daily tests.

Physical Education
During the rainy days, the physical Ed. girls have been playing volleyball in the expression room. This game has proved very interesting and trains the girls for the inter-scholastic league work too.

Drama
The drama class is working on two new plays which are to be presented in the near future. The plays are "The Underdog" and "The Flattering Word." "The Underdog" is written by Middleton and "The Flattering Word" by John Keely. The characters in the "Underdog" are: Dan Hines Clark, Peggy Thompson and Leslie Thomas. The characters in "The Flattering Word" are: Jim Lois Gafford, Leslie Thomas, Peggy Thompson, Recie Womack and Bertha Womack. The interest in the class is increasing and two pupils have been added this week. Great things from this class are expected in the district meet.

SENIOR PICNIC

The Seniors met at the school house Friday evening at 5:30 o'clock and boarded Pete Bell's truck for a jolly ride to the Gribble Memorial Park, where everyone enjoyed a weenie roast. Mr. and Mrs. Walker Todd acted as sponsors as Coach Graves was in Olney. Everyone had a great time. Richard, Jo and Daniel furnished the amusement coming back. Games of every description were enjoyed.

HIGH SCHOOL PAYS TRIBUTE TO THOMAS A. EDISON

The greatest inventive genius of all times has passed on to his eternal reward. The high school paused a minute Wednesday to pay tribute to Thomas A. Edison. All the lights in the school building were turned on, and at one-thirty the lights were snapped off for one minute. Everyone sat perfectly quiet and reverent.

AUDITORIUM PERIOD

The pupils of the low 7th had charge of the auditorium period Wednesday, Oct. 28. The program consisted of grown-up talent, and was as follows:
Song—Mrs. Adolphus Wright.
Reading—Mrs. I. T. Graves.
Cobwoy songs—Henry Fergeson.
Piano solo—Mrs. Sam Crews.

JOKES

Henry: Why are you wearing so many coats on such a hot day?
Dan Hines: I'm going to paint the fence, and to get best results, it says, to "put on at least three coats."
Harold: Did you see that good looking girl smile at me?
Helen: Yes, the first time I looked at you I had to smile too.
Passenger in Elevator: "Fourth floor, please."
Passenger: "Here you are, son."
Passenger: "How dare you call me son, you're not my father."

"Well, Sambo," said an American judge, "so you and your wife have been fighting again. Liquor, I suppose."
"No, sah, she licked me this time."
Mitchell: No girl ever made a fool out of me.
J. M.: Who was it then?
Mr. Todd: How many bones do you have in your body?
Student: About seventy.
Mr. Todd: How do you get that?
Student: I had salmon for dinner.

BUG DUST

Then there is the freshman who didn't sign up for it.
Our high schools are demanding teachers who speak foreign languages fluently. We think that most of them sound as if they speak them all at the same time (especially Mr. Todd and Miss Self).

Then there was the girl who was so dumb she thought the traffic buttons held up the outskirts of the city.
Another dumb senior thought the Pied Piper was a drunken plumber.
"See if you can laugh that off," said the fat man's wife as she wired a button on his vest.

Mr. Black's classes have always been noted by his telling jokes, but the other day, strange to say, a student in one of his history classes got the best of him. The question, so the story goes, was asked during a discussion on intelligence as to why a man with as much ability as Mr. Black had not succeeded as much as he. One bright student popped up and said, "Maybe he died."

M. E. Ware, Rotarian of Lubbock was a visitor at the luncheon.

CONGRATULATIONS

The News wishes to congratulate the English III class of Crowell High School on the excellent number of miniature newspapers that it prepared last week in connection with its study of journalism, under Miss Winnie Self, English teacher.

An examination of the papers revealed excellent ability as to news writing, make-up, headline writing, choice of material, and various other details that go with newspaper editing.

According to their present ability the English III class should produce some excellent editors for the future.

ENGINE H. P. INCREASED

Robert Moore and Harry W. Adams of Dallas and George Westman of Minneapolis were here this week to raise the horsepower of the engine recently installed at the Crowell Gin by the Minneapolis-Moline Company. Through a few changes the horsepower of the engine was increased from 125 horsepower to about 160 horsepower. The three men left Thursday for Chickasha, Okla., to install an engine there.

CARD OF THANKS

We wish to express our most sincere and heartfelt thanks to our many friends of all the surrounding communities who were so kind, sympathetic to us during the long illness and following the death of our dear daughter and sister, Lena Ward. We also wish to express our deepest appreciation for the many and beautiful floral offerings for the grave and the flowers sent her during her final illness.
