AND CROWELL INDEX

VOLUME XLII NO. 15

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, OCTOBER 2, 1931

8 PAGES \$2.00 A YEAR

MRS. BOWLEY TAKEN BY DEATH SEPT. 26

Another pioneer Foard County woman was called to her reward today morning at 11:25 o'clock by the death of Mrs. M. F. Bowley, who had resided in Foard County since 1893. She died at her home about one mile and a half from Crowell, after being critically ill for a week. She had been in the hospital for the past two years. Mrs. Bowley is survived by her husband, one son, Clyde A. Bowley, and one daughter, Misses Lula and Deulah Bowley, who live at the family home, Mrs. R. L. Wilkerson, of Lubbock, one sister, Mrs. S. P. Mangum, of Bangs, Texas, and one brother, George Backus, of Los Angeles, Cal. Grandchildren also survive.

Elizabeth Backus, maiden name of Mrs. Bowley, was born in Foard County, near McKinney, on Oct. 22, 1858. At the age of 18 she moved with her family to Denton and two years later, in 1878, she married Jeff Blount, at Denton. One year later she moved to Lubbock, where she is now Mrs. R. L. Wilkerson. The year following their marriage Mr. Blount died and she remained with his relatives a year, before moving to Foard County to join her own family who had moved there preceding 1888 she became the wife of M. F. Bowley in a wedding at the home of her father, T. J. Backus. They lived on a farm near Brownsville until coming to Foard County in 1893. They made the move in a covered wagon. Their first child, Clyde, who now lives at Vivian, was born at the time. Five other children were born to this union, of whom are living. Two died young.

They settled on a farm about 11 miles west of Crowell and lived in a log cabin there for about four years, before moving to another nearby farm, where they remained until moving to Crowell in 1906, to the home where she has since lived. Mrs. Bowley joined the Baptist Church when but a young girl and since lived a faithful Christian. Typical of pioneer women, Mrs. Bowley had endured many hardships in her life and without women the progress of this county would have been held up for many years. Her kind disposition and true friendship will be remembered by all who knew her.

Blow to Regent Street

London's swanky shopkeepers are no money off Gandhi, who dressed like this when he met King.

Rain Amounted to .8 Of An Inch in Crowell

Rain amounting to eight-tenths of an inch was recorded at the First State Bank, official Crowell weather observers, following the slow falling rain early Sunday morning and Sunday night. According to reports rain fell over all of the county and was somewhat heavier north of Crowell and lighter south of this city.

OPENING DATES ANNOUNCED FOR THREE FOARD SCHOOLS

The Thalia school is to open on Monday, Oct. 12. The opening dates for two other county schools have also been announced. The Foard City school is to open Nov. 15 and Claytownville on Nov. 2.

MOVE TO VERNON

Mr. and Mrs. Jimmy Doolen and son, Jimmy Jr., moved to Vernon Thursday. For the past two years Mr. Doolen has been pharmacist at the Reeder Drug Co. and had also served in this capacity before returning to this city two years ago after an absence of over a year, in which time he lived in Quanah. He has accepted a position as pharmacist in the Huber Drug store at Vernon.

Burkburnett Contest To Be Played Here

One of the most interesting football games of the season is expected in Crowell on October 30th when Burkburnett plays the Wildcats here at that time. A letter was received from the Burkburnett superintendent this week stating that his school had accepted the terms to come to Crowell for this game.

Burkburnett is being rated along with Olney, Crowell, Chillicothe and Archer City as one of the leading contenders for the district championship.

Residence Destroyed By Fire Last Thurs.

The small residence of J. N. Ribble in the northwest part of Crowell was completely destroyed by fire last Thursday afternoon. Only a small amount of furniture and household items were saved. No insurance was carried. The cause of the fire is unknown.

MOVE TO BALMORHEA

Fred Brown and family of Thalia have moved to Balmorhea where Mr. Brown will conduct a grocery store for W. C. Jones, while he is looking after the duties of superintendent of the Thalia school. The Thalia school is to start October 12.

Margaret Church Is Host to Wilbarger-Foard Baptist Meet

The Wilbarger-Foard Baptist Workers Council met with the Margaret church Tuesday. A good crowd was present for the excellent program.

Those attending from Crowell were: Mrs. A. E. McLaughlin, Mrs. Frank Moore, Mrs. W. D. Howell, Mrs. J. H. Self, Mrs. Woodie W. Smith, Mrs. C. C. McLaughlin, Duke Wallace and Rev. Woodie W. Smith. "Missions According to the New Testament," was the theme of the session.

The organization of an association "every member" campaign was completed at the meeting. The campaign is a general movement in Southern Baptist churches for the purpose of financing church and missions. Rev. Smith was elected associational organizer; T. L. Rouse of Vernon, publicity; Dr. E. F. Lyon, Vernon, pastor; Frank McNeil of Lockett, layman director; Roscoe Rainwater of Vernon, Sunday School organizer; Volus Norsworthy of Vernon, B. Y. P. U. organizer; Mrs. Agnes McLaughlin of Crowell, W. M. U. organizer.

Mrs. W. D. Howell of Crowell, State W. M. U. recording secretary, conducted the installation services for the W. M. U. at the meeting and the following officers were installed: Mrs. A. E. McLaughlin, Crowell, president; Mrs. Ida Luttrell, Bethel, recording secretary; Mrs. A. L. Rucker, Crowell, corresponding secretary and treasurer; Mrs. W. N. Martin, Vernon, young people's leader; Mrs. H. H. Scherer of Fargo, personal service chairman; Mrs. R. M. Fielder, Vernon, educational director; Mrs. C. C. McLaughlin, Crowell, publicity chairman; Mrs. W. S. Tarbor, Thalia, benevolence chairman; Mrs. H. G. Cox, Vernon, chairman of missions; John Myers, Vernon, mission study chairman; Mrs. Middlebrook, Margaret, stewardship; Mrs. Lola Anderson, Vernon, historian; Mrs. A. L. Rucker, Crowell, standard of excellence; Miss Ruth Smith, pianist.

Vice presidents of the W. M. U. include the local presidents: Mrs. Frank Moore, Crowell; Mrs. Frank McNeil, Lockett; Mrs. John Nichols, Margaret; Mrs. Rogers, Oklaunion; Mrs. Walter Long, Thalia; Mrs. W. N. Martin, Vernon; and Mrs. M. F. Elkins, West Vernon.

The next meeting of the association will be held in Crowell.

WICHITA FALLS BEATS CROWELL IN POLO GAMES

Wichita Falls won all three of the games that were played here Saturday, Sunday and Tuesday with the local squad for the benefit of the American Legion state fund. The games were played on an excellent field about a mile and a half south-east of Crowell.

The lumber for the border surrounding the field was furnished by Cicero Smith Lumber Co. A number of local Legionnaires helped to clear away the field site. The Wichita Falls players were highly complimentary of it.

The attendance at the games was good and over seventy-five dollars was cleared above expenses. The Wichita Falls players donated their services for all of the games.

The first game was a very one-sided affair which the Wichita Falls Blues won by the score of 14 to 5. Horace Robbins was the chief scorer of the day with five goals. He and Chas. Featherston of the same team carry two goal handicaps each, while Cecil Adkins of Crowell is handicapped one goal, leaving a difference of three goals, which were spotted Crowell at the beginning of the game.

G. L. Coffey led the attack in the first chukker with two goals. Robbins also made one this period. At least one goal was made in every chukker of this game and three each were made in the first, fifth and sixth.

Crowell's only two earned goals came in the third and were made by Jack Brown and Adkins.

Paul Shirley, referee.

The second game Sunday afternoon was more interesting and at the end of the eighth chukker the score was deadlocked at 11-11. The teams again took the field to play until a goal was made and within a few minutes Everett Bell sent the ball through the goal posts that won the game for Wichita Falls. Bell and Featherston exchanged positions at the end of the first half, when Wichita Falls was leading 9 to 4.

Stringer was the big noise of the first and the leading scorer of the game with five goals, all of which were made in the first half and three of these coming in the third chukker.

Offield, Adkins and Brown made two goals each for Crowell.

As the result of Featherston coming into the Crowell line-up at the half, Crowell was spotted with two goals instead of three for the game.

Final Game

The Blues won the final game by

Many Students From Crowell in Colleges

As far as The News has been able to find out, Crowell is represented in various colleges this year as follows: North Texas State Teachers College, Denton—Virginia Sue Crowell, Margaret Calvin, Venson Hall, Dorothy and Bernice Coffey, Nancy Cogdell and Ludell Green, who now lives in Denton; Teers, Lubbock—Allison and Mary Frances Self, Weldon and Ralph Cogdell, and Anabel Carter, who now lives in Lubbock; McMurry College, Abilene—Juanita Osborn, Arthur Bell; Abilene Christian College—Pansy and Violet Atcheson; Trinity University, Waxahachie—Vera Patton, Martha Rettig; C. I. A., Denton—Elizabeth Kincaid; T. C. U., Fort Worth—Guy Todd; Decatur Baptist College, Decatur—Johnnie Maye Short; West Texas State Teachers College, Canyon—Elsie Faye Roark, Mary Ragland Thompson; Ashbury College, Wilmore, Ky.—Charles Ferguson; Draughon's Business College, Wichita Falls—Frances Allison.

This picture of the man who commanded America's greatest army was taken at Hot Springs, Va., just after his birthday.

Singsings Are to Be Continued in Foard

At the county-wide singing which was held in Crowell Sunday afternoon it was voted to continue the singsings over the county indefinitely. The singing here was supposed to have concluded the summer singsings.

A singing will be held Sunday afternoon at Thalia at 2:30 o'clock. The other singsings of this month will be at Gambelville, Black and Margaret, in the respective order.

The score of 8 to 5. Many regarded this game as the most interesting one of the series. Chas. Featherston of Wichita Falls exchanged places with Jack Brown of Crowell in the line-up. He brought a two-goal handicap with him and this together with Adkins handicap of one goal made it necessary to favor the Blues with one goal, since Wichita with Robbins was handicapped two goals.

Robbins featured for Wichita in this game and made three goals in the first chukker and two others during the game.

CHILDRESS IS LOSER IN GAME WITH CROWELL

The Crowell Wildcats displayed excellent defensive and offensive ability last Friday in downing the Class A team of Childress High School by the score of 34 to 0. The visitors never once penetrated Crowell's 20-yard zone and were held to three first downs while the Wildcats made 15. Childress' three first downs came in the first half.

A sensational second quarter gave Crowell 4 of its touchdowns, the last one being made in the final quarter. Both teams started out playing on fairly even terms, although the Wildcats were clearly superior throughout the contest. Crowell missed an excellent opportunity to score in the first quarter when the Bobcats recovered a Wildcat fumble on the 10-yard stripe.

First Quarter

Crowell's line again started as a unit in this game while Crews Cooper and Dick Todd were the chief ground gainers on the offense. Cooper kicked off to Carter of Childress to start the game. He received the ball on his 18-yard line and returned 12 yards. Three line plays failed to gain and Newberry's punt was blocked and Womack recovered for Crowell on the 40-yard line. Dick Todd made a first down with a run to the 26-yard line. Two line plays failed to gain and after two consecutive passes failed Childress took the ball on the 31-yard line. Davis made Childress' initial first down with a 10-yard run. After unsuccessful line plunges John Todd smeared Smith on an attempted lateral pass with Crowell recovering the ball on the 40-yard line. On a 6-yard run and then a 24-yard sprint around left end Cooper took the ball to the 10-yard mark, where D. Todd fumbled and Kennedy recovered. Crowell took Newberry's punt on the 43. Todd and Mullins made a first down and Cooper and Todd followed with another. Newberry knocked down Todd's pass as the quarter ended with the ball on Childress' 20-yard line. Score 0-0.

Second Quarter

Cooper made an 8-yard gain and two plays later took a short pass from D. Todd and ran the remaining few yards to cross the goal line for the first touchdown. Mullins hit the line for the extra point. Score, Crowell 7, Childress 0.

Carter returned D. Todd's kickoff 18 yards to the 27-yard line. With the aid of a 5-yard penalty for offside and a 6-yard run by Smith Childress made a first down. Womack threw Davis for a 2-yard loss but Crowell was again offside and with a 5-yard run by Davis Childress made his final first down of the game to place the ball on the 48-yard line. Childress received a 5-yard penalty and on the next play Newberry was thrown for a 16-yard loss by D. Carter and other Crowell men. Newberry's punt was taken on the 37-yard line. Crowell lost a yard. On the next play D. Todd went through a hole at left side of the line for 38 yards and a touchdown. Cooper's place kick for the extra point was no good and the score was 13 to 0.

Carter fumbled D. Todd's kickoff and was downed on the 6-yard line. Cooper returned Newberry's punt 10 yards to the 25-yard line. Crowell lost the ball on downs on the 22-yard line. J. Todd recovered Smith's fumble on the 16-yard line and on the next play Cooper circled left end for a touchdown. D. Todd hit the line for the extra point. Score 20 to 0.

Carter received D. Todd's kickoff on his 9-yard line and returned 10 yards. Failing to gain Newberry punted to the 48-yard line and Cooper returned 16 yards. With but a few seconds to play in the first half Mullins passed to D. Todd for 32 yards and a touchdown. Cooper passed to Mullins for the extra point and the half ended 27 to 0.

Second Half

Carter again received the kickoff and returned 15 yards to the 29-yard line. Smith and Davis made short gains. Cooper returned Newberry's punt 11 yards to the Crowell 37-yard line. Mullins carried the ball twice for a first down. Cooper and Todd made another to place the ball on Childress' 38-yard line. A few plays later D. Todd punted out-of-bounds on Childress' 5-yard line. Newberry punted to Crowell's 42.

(Continued on Last Page)

Crowell People Give Good Radio Program

Although people here were unable to hear KGKO distinctly Saturday night, yet a very interesting program was presented over the Wichita Falls station at that time. Paul Hines, chairman of the Wichita Falls Junior Chamber of Commerce radio committee, stated that the Crowell program was the best community program that had been presented over the station.

Those from Crowell taking part on the program were: Speaker, Geo. Self; string quartet, Eb Scales, Francis Carroll, Homer Johnson, Tommy Stewart; girls quartet, Peggy Thompson, Evelyn Sloan, Josephine Griffith and Merle Smith; vocal soloists, Mrs. Adolphus Wright, Mrs. T. B. Klepper and Miss Elsie Schindler; Mrs. Alva Spencer, violin, and Mrs. Arnold Rucker, pianist.

The half hour for the program was given Crowell through the courtesy of the Wichita Falls Junior Chamber of Commerce.

REV. L. R. LOGAN TO PREACH IN CROWELL FRIDAY NIGHT

Rev. L. R. Logan, Sunday School missionary of the Fort Worth, Wichita Falls, and Dallas Presbyteries, will be here Friday night of this week to deliver a sermon at the local Presbyterian Church. The public is cordially invited to attend.

Six Visiting Pastors To Preach at Baptist Services Next Week

Services will be held each evening at the Baptist Church next week with a different preacher to deliver the sermon for each service. Rev. Woodie W. Smith states that the following preachers will be here for the week: Reverends McKinley Norman, Quanah; W. A. Reed, Thalia; Frank McNair, Lockett; Guy Bellamy, Rock Crossing; Frank Pierson, West Vernon, and Dr. E. F. Lyon, Vernon.

The services are to begin at 7:30 o'clock each evening. The order in which the visiting pastors are to appear has not been completed.

MAKES FRESHMAN TEAM

Arthur Bell, son of Mr. and Mrs. S. S. Bell, of this city, has made the freshman football team at McMurry College, Abilene, and has already played the games that have been played by that team this season. He is playing tackle. Arthur formerly played end on the local high school team.

LOW ROUND TRIP RATE TO CHILlicothe-CROWELL GAME MAY BE AVAILABLE

With sufficient interest on the part of local football fans, it will be possible for the Santa Fe railroad to give a special round trip rate of seventy-five cents to the Chillicothe-Crowell football game on Friday, Oct. 16.

Vernie Walden, local agent, states that if one hundred people make this trip that it will be possible to have two special passenger cars leave here in the afternoon and then return with the regular passenger train that reaches Crowell at 7:10 p. m. Unless one hundred passengers can be secured the 75c rate cannot be given and plans for a train to leave here in the afternoon will be abandoned. The regular round trip rate is \$1.15, with the train leaving here at 10:10 a. m.

No Pocket Weapon

S. B. Fann, of Tennessee, shot in the national rifle matches at Camp Perry, Ohio, with an eight-foot muzzle loader.

Band and Pep Squad Add Interest to Games

Considerable pep and enjoyment is added to the football games here as the result of the work of the local high school pep squad and the Crowell band. The pep squad is led by Jim Lois Gafford and Peggy Thompson. Those in the band are: Paul Wallace, Ed Adams, Fred Kimsey, J. C. Johnson, Ernest Johnson, Arnold Rucker, Valton Wallace and Sam Mills.

STOLEN CAR RECOVERED

Frank Eli, negro, is in jail here charged with stealing a model T Ford coupe belonging to Fred Davis, negro, here last Thursday night. Sheriff R. J. Thomas returned to Crowell Sunday with the car and Eli from Olney where the negro was held.

Mr. and Mrs. H. H. Fish and children of Paducah spent Sunday in the home of Mr. and Mrs. W. O. Fish and family.

TEXON TALES

Well, you are going to have to have the Crowell stunt broadcast again from Wichita Falls as we tried hard to get it over our set but all we got was a thunder shower. Rain over the radio don't help grass none. The program was a complete failure down here so it will have to be done over soon.

Everybody laughed when I sat down at the piano. Someone had moved the stool.

I see by the News last week you have an open-air cafe. Did you notice that?

We have a ball player here who holds a world's record made this season. Hi Haven who played with Dodge City, Kansas, team and knocked seven runs in a single inning, breaking the former record of five. Hi played with our team here several years and finished with this year when we tied up with Del Rio for the championship.

I was teasing Lucile at the cafe and she asked me if I believed in building and loan and I says, why sure, so she says, well, you get outta this building and leave me alone.

I have completed negotiations for a horse that won highest place last year at the polo tournament at San Angelo, "Cimaron Red," and will play him up there next year if we match a game with Crowell.

Of course next year is a long time off but the local polo club is working to have a still bigger and better team and club next year and hope to really make it trip to Crowell or Wichita Falls next year for a few games. I have a friend in the club, Joe S. Carr, formerly of Seymour

and he and I want to get up there somewhere and show off.

Our preacher was getting after one of our citizens last week about his drinking. The preacher says, "Why, you are doing things you sure shouldn't oughta, bad stories are getting out and I hear you even went home drunk one night." The fellow says: "Yeah, but listen, a man's liable to do anything when he's drunk."

You can't always tell what a man is worth by looking at him but times like these you can tell he is either worth money or at least has a job if he smokes ready rolls.

It's alright to buy a horse that has ancestors.

Our drug store has some new cigarettes with tobacco wrapper that still sell for fifteen cents and I contended that, while they are a bum smoke, they will sell. The wife speaks up and says, "I'll tell you something that will sell, a big milk chocolate, right now, to me, if you'll pay for it." So, I give up.

TEXON TATTLER.

STATEMENT

Statement of ownership, management, etc., required by the Act of Congress of August 24, 1912, of the Foard County News, published weekly at Crowell, Texas, for October, 1931.

STATE OF TEXAS, County of Foard.

Before me, a notary public, in and for the state and county aforesaid, personally appeared T. B. Klepper, who having been duly sworn according to law, deposes and says that he is the publisher of the Foard County News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form to-wit: That the name and address of the publisher, editor, man-

aging editor and business manager is: T. B. Klepper, whose address is Crowell, Texas; that the known bond-holders owning or holding one per cent or more of the total amount of bonds, mortgages, or other securities are: G. M. Thacker, Crowell, Texas, and the Mergenthaler Linotype Co., New York, N. Y.

Sworn to and subscribed before me this 28th day of Sept., 1931.

MACK BOSWELL,
Notary Public.

About Women

Appointed to the state bar examining board of Ohio, Attorney Susan H. Rebban of Cleveland, is said to be the first woman in America to win this distinction.

Because of her recent remarkable showing in the Forest Hills tennis tournament, Eileen Bennett Whittingstall, has been called England's best feminine tennis player.

OVERSEAS FLIGHTS

So many overseas flights have been made, both in airplanes and dirigibles, that for sake of keeping the record straight in the minds of the public an account of some of the first feats of this nature may be of interest.

In order to grasp the significance of the early feats in this connection, it is necessary to distinguish between the conditions which attended them. The facts may be briefly stated, as follows:

The first aircraft to fly across the Atlantic was the U. S. Navy seaplane NC-4, in May 1919, with Lieutenant Commander A. C. Read in command. This was not a non-stop flight, however, as stops were made in Nova Scotia, Newfoundland, and the Azore Islands.

The first non-stop flight across the Atlantic was made by Alcock and Brown of the British air force in June, 1919, between Newfoundland and Ireland.

The first transatlantic flight by a dirigible was that of the British R-34, with 31 men aboard, in July, 1919. The year 1919, therefore, was an epoch-making one in the history of overseas flying.

But the greatest overseas flight of all time, so far, was that of Lindbergh, in May, 1927, his unequalled feat being that of crossing the Atlantic from the mainland of America to the Mainland of Europe alone.

All other overseas crossings have been made by two or more aviators flying together.

So, until some other flyer equals or exceeds his great achievement, Lindbergh must be considered as standing in a class all by himself as the "Lone Eagle" of the air.

MORE GOOD-WILL TOURS

Good-will tours of international significance have been frequent of late, participants ranging from a lone aviator to a large delegation.

One of the most notable of these expeditions is the recent visit of more than 200 French commercial figures, members of the parliament and others of prominence to Norway, Sweden, Poland and Denmark.

The tour was under the supervision of M. Armand Meggle, the alert director of the national committee for the promotion of France's foreign trade.

Last year the Comité National cruised in the Mediterranean at the time of the Algerian centennial celebration. This year the ports of the north of Europe and the Baltic were chosen by the committee with a dual objective—to inform themselves concerning the needs and economic possibilities of the countries visited, and to furnish merchants of those countries information on French industrial activities and details of French export trade.

M. Meggle, the originator of these activities, feels that such contact with leading foreign dealers is one of the most practical methods of meeting the world's economic crisis.

These tours, he believes from experience, foster international cooperation, the best means of creating new markets and balancing supply and demand.

The repeated exchange of views and the suggestions of business men are an indispensable and efficacious complement to official negotiations, he believes, and his views were confirmed by the enthusiastic popular and official welcome accorded the delegation in all ports visited, including Oslo, Copenhagen, Riga, Stockholm and others.

While in Stockholm, members of the cruise met and entertained General de Goy, leader of the "Aces," a fleet of six planes also on a good-will tour through the Northern countries.

MANY BLAMED UNJUSTLY

"Uneasy lies the head that wears a crown," wrote Shakespeare, and in these strenuous times the statement applies to nearly everyone in authority, whether of kingly or lesser rank.

It is natural to blame those in power for bad times and give them credit for good times, whether they are really responsible or not—and usually they are not. But right now there is much uneasiness among those who hold responsible offices, both here and abroad, through fear that they may be displaced because of the dissatisfaction which exists with respect to economic conditions.

The fact is that general conditions seem to have a habit of fluctuating between boom and depression, regardless of what parties or individuals happen to be in power at any particular time. Recent attempts to improve conditions by legislation have proved futile, and it is doubtful that legislation alone ever increased prosperity for any considerable period.

In spite of political nostrums which are ever freely offered to cure economic ills, the ancient law of supply and demand appears to hold good. And until supply and demand can be controlled through the concerted action of the people themselves, the possibility of which seems remote, we shall have alternating boom and depression.

About all we can do is to try to curb the extravagances of the one, and mitigate the distress of the other. Those who happen to be in power when hard times come will be blamed in future as in the past, and in most cases unjustly.

A columnist says every time Uncle Sam goes into a diplomatic conference he loses his shirt. That won't happen to Gandhi, but he may lose his loin cloth.

DEFENDS MODERN WOMEN

In striking contrast with gloomy and pessimistic criticisms of the dyspeptic reformers, who would make us believe that modern womanhood is going to the dogs, the statements of Dr. W. S. McCullough, health officer of the province of Ontario, in an address before a Canadian Kiwanis club, are most refreshing.

Dr. McCullough declared that the low neck, bare arms, short skirts and bobbed hair all make for comfort and cleanliness and consequently for health and morals. He contrasted modern styles with the abominations of the past—long, trailing, germ-gathering skirts; steel-ribbed corsets that compressed the body unnaturally; heavy clothing that shut out the beneficial ultra-violet rays of the sun; disgusting and insanitary "rats" in the hair; the atrocious hoop-skirt and bustle, and other ridiculous fashions of a former day.

Owing to the more sensible and healthful practices of the present, he stated that the baby born today has an average of twelve years longer life ahead of him than his grandparents had.

Touching upon the effect of modern styles with respect to morality, Dr. McCullough said: "In my opinion the women of today are more virtuous than at any time in the history of the world."

Inasmuch as all the ranting of critics is not going to cause the modern woman to change her mode of dress until she gets ready to change it, we may as well agree with Dr. McCullough that she knows what is good for her and let it go at that.

EFFECTS OF TOBACCO

Almost anything can be proved by examples and statistics. This appears to be particularly true with respect to the effects of tobacco, which have long been the subject of investigations by physicians and scientists.

So far as physical consequences go, the effects of smoking seem to depend largely upon the individual concerned. Many who have lived to extreme old age were users of the weed, while others of equal longevity were not. The consensus of scientific opinion is that tobacco exerts little influence upon the intellectual powers.

Among outstanding figures of the past who were smokers may be mentioned Washington, Bismarck, Kitchener, Spurgeon, Huxley, Keats, Browning, Carlyle, Emerson, Dickens, Tennyson, Grant and Mark Twain, the last two being inordinate users of tobacco.

Some prominent non-smokers were Lincoln, Roosevelt, Wilson, Greeley, Wellington, Tolstoi, Ruskin, Haecel and Whittier.

In the present day relatively few persons refrain from the use of tobacco, since the cigarette has become so popular with persons of both sexes and practically all ages.

Although it can not be said that smoking is really beneficial to anyone, and while it is no doubt injurious to the young, its detrimental effects upon mature persons have perhaps been greatly exaggerated.

Interesting Notes

The first three months of this year Russia exported more than a million pounds of candy to the United States.

Australia consumes more sugar in proportion to its population than any other country in the world, with America second and Great Britain a close third.

More than 80 per cent of the world's manganese ore comes from Russia, India, the Gold Coast and Brazil.

Belgium is said to be the most densely populated country in the world, having nearly 8,000,000 residents occupying an area of 11,752 square miles.

A Mr. Rainwater sells pure spring water in Little Rock, Ark.

Gasoline tax returns indicate that each motorist in the United States used an average of 594 gallons of gasoline in 1930.

Canada has second place among the countries of the world as a gold-mining country and ranks next to South Africa in output.

England broke all records in the number of books published last year, there being 9907 new books and 5468 new editions, translations and pamphlets.

With an area less than two-thirds as large as the United States India contains one-fifth of the world's people, its population being estimated at 320,000,000.

Complaining that they have been unable to sleep, neighbors of Mrs. W. M. Riggs of Moundsville, W. Va., have asked that she stop her frogs from croaking at night.

WORDS

An officer of an insurance company invited me to the formal opening of some model tenements which the company has erected.

"Why should I come to see model tenements?" I asked. For answer he pulled out of his pocket a crumpled sheet of paper, saying, "Here's an editorial that you wrote nearly fifteen years ago. You pointed out that the insurance companies collect millions of dollars in annual premiums from the poor. You asked why some of those millions should not be used in tearing down old tenements and erecting decent homes in their place."

"We read that editorial in our directors' meeting. It started the thinking which has resulted in these homes for folks of modest means."

Words are mysterious and awe-inspiring. We shoot them into the air, either by tongue or pen, and most of them perish. But now and then some stry sentence drops into a mind that remembers it, and is influenced by it for many years.

Many books, many sermons, many speeches have run in and out of my brain leaving little trace. Yet here are three quite casual remarks that I remember:

1. Said the late Talcott Williams, in a talk which I had with him immediately after my graduation from college: "Never forget the old saying of the Jesuits, 'A great deal of good can be done in the world if one is not too careful who gets the credit.'"

2. Said a prominent business man when I was blue and discouraged because the first concern for which I worked had gone busted: "You are very fortunate to have had a severe disappointment while you are still young. The men to be pitied are those whose disappointments come in middle life, when it is too late for them to start over again. A disappointment in youth is merely part of the hardening process that is necessary to make you capable of carrying through."

3. Said my friend Robert Updegraff: "Never grumble about your problems. They are responsible for the greater part of your income."

Of the three bits of wisdom this last has done me the most good. Whenever I think I am having a tough time I remember that jobs with no worries carry small pay. It's because I have larger troubles that I draw a larger income.

None of these three friends probably gave his remark a second thought. But I have never forgotten them, and I now pass them on in this editorial. Ninety-nine out of every hundred readers will pay no attention. But some day, fifteen years from now, somebody may say: "I read something of yours a long time ago, and it gave me a fresh idea."

That's the marvelous thing about working with words.

SIDELIGHTS

By Marcy B. Darnall
A columnist razzes President Hoover for his bad grammar, citing the phrase "—men whom he believed were his devoted friends." Some years ago at a gathering of literary high-brows the question was asked whether any writer of reputation has misused the words "who" and "whom." An authority answered, "Yes, William Shakespeare."

Another glacial period is predicted by Dr. Erdtman of the University of Stockholm, who bases his conclusion on the fact that deciduous forests of the north appear to be diminishing and retreating southward. This possibility need not be unduly disconcerting to the present generation however, at least 2,000 years will elapse before the climate of the United States could be seriously affected by the advancing ice cap.

Another scientific invention that may interest bugologists is one that measures the temperature preferred by cockroaches. It is said that in dry air these odious creatures waste away and die in about four days at a temperature of 86 degrees. Unfortunately this dry air condition seems hard to obtain around the kitchen sink.

If anyone thinks the high cost of living hasn't come down, let him scan this advertisement by a restaurant in Birmingham, Ala.: "Half fried spring chicken with rice and gravy, 15c."

Miss Charlotte Hodgkinson, 19 years old, after only an hour and 16 minutes of instruction, took the controls of an airplane and made a solo flight. Which causes Arthur Brisbane to make the sage remark: "Even birds do not learn to fly as quickly as that, although they begin much younger."

A recent remark regarding newspaper advertising is interesting because it was made by a buyer and not a seller of printer's ink. It was made by Oscar Webber, general manager of one of Detroit's biggest stores, who told a Michigan merchants' convention: "When the going is tough our experience shows that nothing sells goods like newspaper advertising."

An American firm recently filled an order for 500 typewriters for the government of Mongolia. The Mongolian language has peculiar characters, different from the Chinese, and it is written from bottom to top of the page and from left to right. The characters represent words or ideas, so no spelling is required, which is a lucky break for Mongolian typists.

From a Japanese boy's essay on Washington: "George Washington was sore because American persons was not free. He say to king, 'I express declarations of independence.' King he say 'nothin' doin' and Mr. Washington tell Admiral Dewie to shoot big guns at him. Bimeby king he say he will not run over American persons again. 'Let George do it,' he say, and so today American persons she is free."

Arkansas calls out militia to protect an evangelist. Paul would have liked cooperation like that.

It's rather strange that some who complain about pensions for our own veterans are so willing to pay Europe's war debts.

If some way could be found to tax the racketeers it wouldn't be necessary to levy more than 10 cents a gallon on gasoline.

A doctor says a cold bath in the morning is the best way to health. And a humorist yawns and asks what's the next best way.

Even the recent heat wave failed to make us wish we were with Captain Wilkins on his submarine expedition to the North Pole.

In New York's Central Park youngsters gaze with wonder on a real live cow. And down on Wall Street a bull would be an even greater curiosity.

Cornwallis is remembered because he surrendered. Who remembers the Britisher who won at Brandywine?

It seems that unemployment might be measurably relieved by putting the unemployed on unemployment commissions.

HUMORETTES

Miss Howler—Did my voice fill the drawing-room?
Mr. Bluntly—No, it filled the refreshment-room and the conservatory.

"You are lying so clumsily," said the judge to the defendant, "that I would advise you to get a lawyer."

Gazonda—Why, Gazooof, how ill you look! What's the matter?
Gazooof—Oh, nothing much. Losing weight, that's all. Lost 120 pounds of flesh in one day.

Gazonda—Impossible!
Gazooof—Fact, I assure you. My wife deserted me.

Heloise—Harold, you've no idea what it meant to me when you kissed me last night!
Harold—You've nothing on me. I got a five-spot out of it myself—on a wager!

Mrs. Rapper—Miss Oldgirl says she is 25. Do you believe that?
Mrs. Crabbe—It must be true. She's stuck to the same story all the years I've known here.

Rhymer—What's the difference between guitar and catarrh?
Punner—One makes music and the other makes me sick.

NOSE RING WEDDING

It may be surprising to many to know that even today among the Kamia Indians of California the wedding ceremony requires the placing of a ring in the bridegroom's nose, instead of on the bride's finger.

The nose-piercing is itself a ceremonial event, and takes place some time before the wedding, the operation being performed with a wooden needle. Four candidates for matrimony must submit to this ordeal at the same time, after which they must run 15 miles, then remain four days on a restricted diet, while women nearby sing continuously. Following this the youths must go naked for a month not being allowed to eat deer, jackrabbit or fish. Then they are all set for the wedding.

Perhaps the Kamia bride employs the ring as an aid in holding the spouse's nose to the goldstone, as many of her white sisters do without any such device.

Horse Show for State Fair Is Planned

The Dallas Horse Show Association has been organized with Robert W. Heismann as president, W. A. Cox, vice president, and J. Tyndall, secretary.

The new organization plans to stage a big horse show at the State Fair, October 24-25, and about 12 for \$5. The regular admission price will be 50 cents.

The officers of the association will award about \$3,000 in cash prizes to be awarded at the show and it is expected such awards will draw a lot of the best show horses in the country to Dallas.

Headquarters for the show will be opened at 1202 Dallas Avenue, Club Building.

Incorporators of the association include Pickens Burton, Jack Burton and J. E. R. Chilton, Sr.

It looks like it will be a success for Southern farmers to buy cotton next year instead of selling it.

Would Stabilize

Gerard Swager, president of General Electric, wants to stabilize trusts for the benefit of workers.

Grid Gossip

(By Mack)

For the past two years the football fans of this section have been given an opportunity to predict the scores on the big football games of the state and nation through a sort of guessing contest that has been conducted in The News.

The winner each week is given the opportunity to predict the following week and so on until he loses. However, in two years no one man has yet won twice in succession.

Tom Reeder Jr. returned Monday from a trip to Fort Worth. Spruce-Tex furniture polish, 25c.—M. S. Henry & Co.

Mrs. Lottie Magee of Burkburnett was here this week visiting relatives.

L. H. Thomas of Wichita Falls was here Sunday visiting in the home of Roy Hanna.

Mr. and Mrs. Barney Deason spent the week-end visiting relatives in Mangum, Oklahoma.

Rev. and Mrs. J. E. Billington of Paducah were here Tuesday visiting their son, J. T. Billington.

HENRIETTA DROPS OUT

Coach Grady Graves has received word from Henrietta school officials that its high school team has dropped out of the district football.

Formula for Good Poultry Ration Is Given by Co. Agent

(By Fred Rennels)

A good poultry ration may be mixed by using the following grains: 200 pounds of finely ground wheat, 100 pounds of ground oats, 100 pounds of threshed grain sorghums, either milo, hegari or kaffir or corn, 100 pounds of cottonseed meal or meat scraps.

Where eggs are not placed in cold storage there is not any objection to using cottonseed meal in the ration in place of meat scraps, and in as much as they are about \$1.50 per hundred cheaper, a number of farmers are using the cottonseed meal as the source of protein.

Properly mixed feed of the above ingredients is about as cheap as a mixture consisting of only one or two of the grains and will give better results.

Penty of water kept before the hens at all times will also help in egg production. Pullet which are about ready to come into egg production will show a better profit through the fall and winter months if they are given good feed and attention early.

Green feed is also essential to the most economical egg production, and in the absence of it, such as we have at the present time, pea green alfalfa hay may be used. If it is mixed with the mash it should be finely ground and about 5 per cent added to the mixture.

Harold Quinn of Muscatine, Ia., was tossed in the air, turned a somersault and landed unhurt in the automobile that hit his bicycle.

The hitch-hiker, too, is a staunch advocate of "free wheeling."

Some political prophets are taking Mr. Coolidge's recent silence seriously.

Youngsters also might be urged to plow under every third row of their wild oats.

Wonder if Henry Ford managed to corral a Wall Street bull for his famous museum.

"All should learn to drive a car," says an advertisement. Especially a lot of ginks who are driving now.

Russia will now pay workers according to their ability. Some of us should be thankful we're not Russians.

Washington's 200th anniversary will be celebrated next year by people who voted away the liberty he gave us.

A score of plans have been proposed for raising the price of cotton. Farmers would be satisfied with one that would work.

Directions for keeping grape concentrate from fermenting are so explicit that nearly everybody can understand and disregard them.

Mrs. Clifton Steel of Macomb, Ill., testified in her divorce suit that her husband made their two-year-old daughter drunk.

Miss Mary Lennis, aged 60, of London, was summoned for annoying C. J. Horne with her attentions and the judge warned her to behave herself.

Al Parker in his column, "The Lookout," in the Wichita Times has

the following to say: The true dark horse in this district is none other than Crowell. Crowell is attracting the greatest amount of early season attention. This school dropped out the past year or two with the vow that it wouldn't return until it could beat Olney. It is significant that Crowell is back in the race this year and despite several other strong teams in the district, it is the one that Olney is watching closest.

In speaking of Chillicothe Parker stated that the experts are ranking the Eagles a few notches below Olney and Crowell, but that the Eagles had a fine team and might upset the favorites.

Archer City is another team that certainly bears watching. "This Archer City team is going to be a good one to watch for upsets. And don't be surprised if it knocks the props from under some of the big guns in the race," commented Parker.

Parker's comments were published in last Thursday's issue and his reasoning turned out to be very sound. Crowell lived up to all that was expected of it. Archer City poured it on Monday 26 to 0. Olney easily defeated Haskell.

Burkburnett stepped into the limelight with a 25 to 0 victory over Henrietta. Seymour and Megaridge played a scoreless tie. Chillicothe was idle, however, Coach Volney Hill and some of his men were present to scout the Childress-Crowell game.

Hill said that Olney was taking Crowell's strength very seriously, as was his own team and the others of the district.

Crowell's strength may be overrated, but with the district as a whole looking upon the Wildcats as outstanding contenders, it is hard to figure out how the Vernon writer doped Crowell to win fifth, but at that a team must be plenty good if it is to land above any of the other four teams. Burkburnett, Archer City, Chillicothe and Olney, that are rated as leading contenders along with Crowell.

Keeping Up With West Texas

1 2 3 4 5

Texas 19 13 7 12 20

Missouri 7 7 6 6 6

A. & M. 6 0 7 7 6

Tulane 26 20 13 19 13

Rice 6 7 6 13 19

Oklahoma 13 13 20 7 13

Baylor 21 35 28 26 27

St. Edwards 0 0 0 0 6

S. M. U. 20 33 42 13 34

Simmons 0 0 0 0 6 7

T. C. U. 19 30 35 21 26

Tulsa 6 0 0 6 0

All of the guesses as to the winners are alike with the exception of the Rice-Oklahoma game. Doolen and Andrews predict a victory for Rice.

With the exception of the Oklahoma game it seems that Andrews has made the best guesses. Tom Reeder Jr. is picked to win in spite of the jinx that has so far eliminated all winners from winning on their second attempts.

Guy Todd, Crowell Hi football star for four years and a student in T. C. U. and candidate for the Freshman football team of that school, was a week-end visitor here last week.

Guy's face vouched for the fact that he had been receiving some rough treatment in some manner or other. According to what information could be dug out of him it seems that most of the battle scars resulted from an hour and a half workout at the Freshman team had with T. C. U.'s first team last Thursday.

Guy played quarterback throughout the contest and also played the safety position. This surely must mean that the former Wildcat is showing up good at T. C. U. for there are other well known quarterbacks that are candidates for this position, according to the Star-Telegram. The quarterbacks last year of Waco and Central High (Ft. Worth) are among these candidates.

The boys at T. C. U. can tackle plenty hard say Guy. They surely must be hard in every way for we don't believe Guy got that many scars on his face in all the time he played with Crowell.

Well, well, isn't it nice that Crowell has a chance to win fifth place in the district this year? Anyway, that is how Crowell is rated by the sports writer for the Vernon Record. Yes, he even said that "Crowell stepped into consideration in the district race with its 34 to 0 victory over Childress."

Of course it is possible that Crowell might not do better than fifth place, but according to the way the Wildcats are being rated everywhere else, one gets the impression that Crowell will land on or near the top, although Olney is being given first consideration for the championship.

The Vernon sports writer rates the leading contenders for District 3, in the order of their strength as he imagines it as follows: Olney, Chillicothe, Archer City, Burkburnett and Crowell. This rating is supposed to have been made according to the teams' record to date.

How, then can he put Chillicothe second and Crowell fifth? Both teams have played the same Childress team. Crowell won 34 to 0 and Chillicothe won 24 to 0 and both games were played in Crowell and Chillicothe.

Of course you can't go too much on comparative scores and Chillicothe may pour it on Crowell, but we would have to twist our imagination around quite a bit to rate Chillicothe second and Crowell fifth, according to present dope.

Al Parker in his column, "The Lookout," in the Wichita Times has

Amarillo has the largest highway underpass in Texas. It is seven hundred and seventy feet long, connects two main portions of the city and carries the traffic of eight state highways. Three hundred carloads of steel and concrete were consumed in its construction, and it cost a quarter of a million dollars.

A Dalhart man recently offered to trade a house and lot for wheat at 35c per bushel.

A \$65,000 school building has been recently completed at Perryton, Texas.

A twenty-six inch gas line is under construction between Skellytown in the Texas Panhandle and the principal cities of Minnesota, Minneapolis and St. Paul.

Amarillo's American Legion unit, Hanson Post, with one thousand and twenty-eight members, is the second largest in Texas.

Iced watermelon was served to 1,500 guests of the Palo Pinto Watermelon Growers Association at a party given in Mineral Wells recently.

The water mains in Canyon are to be extended at a cost of \$18,000.

Tarrant County's tax valuations are \$190,000,000 for 1931.

Weatherford ships from twenty to thirty carloads of turkeys to the northern and eastern markets every year.

Haskell County now boasts its first paved highway with the completion of pavement between Haskell and Stamford.

Three hundred thousand cans have been sold in Eastland County this year for home canning and carrying out a live-at-home program.

Thirty-five men were provided with work at Ranger recently when a rock crushing plant resumed operation after a several months idleness.

A Weatherford banker recently spun the thread and wove the cloth for the material out of which a local tailor made the banker a suit of clothes. Only thirty-five cents worth of cotton was used.

A two thousand barrel oil well was brought in near Hamlin early in August, and two wells offsetting it have been spudded in.

The site for the proposed \$165,000 federal building at Big Spring has been secured.

The home demonstration agent of Floyd County supervised the work of fourteen women's clubs which canned 4,000 quarts of vegetables during the present season.

The chamber of commerce at Spur maintains a fully equipped canning kitchen for the free use of the public for canning the surplus food products produced this season.

A four year old Jersey cow owned by a farmer of Meadow, Texas, was recently designated a gold metal animal by the American Jersey Cattle Club, which is the highest distinction that can be given for production. The cow, Masterman's Pearl S, produced 13,000 pounds of milk and 675 pounds of fat under test in one year.

NATURE'S FIRST LAW

The planets that circle high up in the sky Are kept in their orbits for some reason why; And some power unseen, yet plainly we know, Keeps them in their place and makes them all go. And this same power has laid down a plan, Called nature's laws, for the guidance of man. Preservation is nature's first law, they say, And you must save, if this law you obey. The First State Bank can teach you no more Than nature has taught many times before.

(Copr. 1927 Adam Brown Hunter)

There Ain't No Justice

By ED KRESSY

CHURCHES

Christian Science

Sunday, 11 a. m. Subject for Sunday, October 4, "Unreality." Sunday School at 9:30. Wednesday evening service at 8 o'clock. The public is cordially invited.

Christian Church

"Rally Day" services next Sunday will be extra good. Come and help us. Our aim is 160 in Sunday School and more for the worship hour; at least 35 at Endeavor and 100 at evening service. Also let's rally to the mid-week service, which is the study of the 6th chapter of Acts.

"What is more important than church attendance?" for the morning and "From whom shall we borrow?" for the evening, will be the sermon subjects for Rally Day. Sunday week the subjects will be: "How much shall we pay for salvation?" and "What is the most important step in the plan of salvation?" You will enjoy these messages.

In order to realize our 1931 goal of 100 average attendance at Bible School and 100 added to the Christian Church in Foard County, we are asking each member to do these four things: Ask at least five each week to attend Sunday School; speak to at least one each week about accepting Christ; give one more hour to Christ and the church each week, which might well be the attendance upon one more church service; and the bringing of one or more other people to church with you, even if you have to make an extra trip in your car.

Don't forget Worker's Conference Friday evening of this week at home of pastor.

Speaking for myself and the membership of the Christian Church, I commend the Foard County News for its splendid contribution to the religious welfare of the county in running the ads encouraging church attendance.

When the end of this year comes may we not say: "Oh! that I had just a few more days and weeks to complete my year's work."

C. V. ALLEN, Pastor.

Baptist Church News

Sunday morning the Sunday School attendance was off considerably. The weather was a little inclement and the pastor was away at his appointment at Gilliland.

The pastor preached in his pulpit in Crowell to an appreciative audience Sunday evening on account of the rain at Gilliland. The morning service at Gilliland was well attended and there were four additions to the church.

The Workers Council of the Wilbarger-Foard Baptist Association met Tuesday at Margaret and had one of the best days of its history. A wonderful mission program was rendered. The next Council will meet with the Crowell Baptist Church Tuesday after the fourth Sunday in October.

Next week there will be preaching at our church every evening at 7:30. A different preacher will fill the pulpit each evening. Dr. E. F. Lyon, Rev. McKinley Norman, Rev. W. A. Reed, Rev. Guy Bellamy and Rev. Frank McNair will be among the guest preachers that will be with us.

Our ladies will have an all-day study course next Monday. Mrs. Howell will teach the book, "Our Lord and Ours," by Dr. Prince Burrows. The ladies from over the association will be here with covered dish luncheon. We trust every woman of our church will attend. This is the greatest book on stewardship I know of.

Remember next Sunday: Sunday School for everybody at 9:45; preaching at 11 and 7:30, B. Y. P. U. training service at 6:30. The pastor will begin a series of sermons on the Book of Revelation at the morning hour. You will want to hear these messages.

Come with us to the house of praise and good cheer. Welcome one and all.

WOODIE W. SMITH.

Christian Endeavor

Subject—"What Jesus Teaches About Obedience." Opening song and prayer.

Reading, Matt. 7:22-27—Teddy Burrow.

Special song.

Talk—What obedience and disobedience means—Gusta Mae Davis.

Talk—Obedience and its relation to life—Mary C. Giddings.

Talk—Obedience and our nation—Ernest Spears.

Talk—Obedience revealed in Christ—Mrs. Pete Bell.

Installation of officers.

Presbyterian Church

Mrs. G. H. Patton, Mrs. S. O. Woods, T. J. Cates and Rev. J. T. Bryant attended a meeting of the Wichita Falls Presbytery, which was held in Vernon Wednesday. The spring meeting of the Presbytery will be held in Wichita Falls at the First Presbyterian Church.

On Nov. 15 at 2 p. m. there will be an educational meeting of the Presbytery at the Floral Heights Presbyterian Church in Wichita Falls. All officers of the Presbytery churches in this section are urged to attend.

Rev. J. T. Bryant will fill his regular appointment at the local church for the next two Sundays.

Christian Science Churches

"Reality" was the lesson-sermon subject in all Churches of Christ, Scientist, Sunday, September 27. James 1:17 furnished the golden text. "Every good gift and every perfect gift is from above, and cometh down from the Father of light, with whom is no variableness, neither shadow of turning."

The lesson-sermon embraced the following verses from the Bible (Psalms 93:2,5): "Thy throne is established of old; thou art from everlasting; holiness becometh thine house, O Lord, for ever."

Included in the service were the following citations from pp. 335 and 492 of the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious or eternal. . . . For right reasoning there should be but one fact before the thought, namely, spiritual existence. In reality there is no other existence, since Life cannot be united to its unlikness, mortality."

Sunday School Lesson

International Sunday School Lesson for October 4

THE MACEDONIAN CALL

Acts 16:5-15; Romans 15:18-21

Rev. Samuel D. Price, D. D.

This lesson is larger than the study hour and offers much opportunity for special research. After the Council in Jerusalem, Paul, Barnabas and others reported back to the Church in Antioch. Soon the urge for further work afield caused Paul to lay plans for what we know as the second missionary journey. Barnabas was ready but insisted that John Mark, who left them at Perga, be taken along. Paul refused. These fellow-servants of the Master showed common sense in agreeing to disagree, but each went forward with the work of the Kingdom. Barnabas took Mark and went to Cyprus. Paul effected a working agreement with Silas and proceeded into Asia Minor. At Lystra a handy man was found in Timothy and he became an efficient substitute for John Mark.

It was at Troas, famous in the writings of Homer, that the future itinerary was clearly indicated. Here we find the word "we" used, which indicates that Dr. Luke, the author of Acts, joined the Paul party. Search out and determine just where Luke was with Paul during the rest of his ministry.

It may be that Luke told of the great need for ministry in Philippi. It was in a vision that Paul beheld the messenger who pleaded "Come over into Macedonia and help us." Look up the numerous visions that came to Paul both for directions and encouragement. Obediently the four workers set out for the first Christian impact on the continent of Europe as they came to Philippi. That journey meant much to all of us in the western world. Since there were too few Jews there to have a synagogue, a place of prayer

was sought out at the riverside and gospelizing began in earnest. Lydia was the first convert and made her confession of faith in the rite of baptism.

SERMONETTE

MAN IS SPIRIT

By Arthur B. Rhinow

A little worm, not quite an inch long, and resembling the needles that grow on cedars, crawled along the wood with a peculiar locomotion that attracted my attention, so that I stopped working, for felt instinctively that I was to be treated to a sermonette.

It would draw itself up so that it looked like the eye in the well-known hook and eye combination, and then shoot forward. Again it would stop for a while to feel or scent surroundings in a way that indicated great strength. The tiny hands of one end would hold onto the wood with a powerful grip while the rest of the body projected itself into space and wagged to and fro.

"What strength," I exclaimed to myself. "Where is there a man that could duplicate that feat?"

We have seen athletes who would grasp a perpendicular bar, one hand above the other, and extend the body horizontally. But man's body is proportionately much shorter and less heavy than that of the worm. Besides, the athlete's performance is unusual, while it is perfectly natural for the worm to do this.

So far as muscular strength is concerned, man is a weakling compared with the animals of field and forest, with the ant as well as the elephant.

But he does not have to be ashamed of this weakness, for he is spirit. It is foolish for him to emulate the animals, for he is destined to be powerful in a different sphere. He is never a strong man until he is strong in spirit.

It is well for us to develop our bodies for the sake of health, but we are not really human unless mind and spirit are dominant in our lives. Then we subdue the monsters of the animal world, and more than all, our hearts touch the heart of the Almighty.

Man is most himself when he is most like God.

Aimee Takes Third Husband

Aimee Semple McPherson, pastor of Angelus Temple, Los Angeles, flew to Arizona secretly and was married to David L. Hutton, who sang baritone in her choir. He weighs 250 pounds.

WHO ARE THESE CHURCH FOLKS?

The valuable citizens of this community—without exception—are church members. The conspicuous success of our present world are church members. Leaders in thought and education are church members. People whose personalities and accomplishments offer the character from which long and strong friendships are made, are church members. Surely there is food for thought in an attachment so universal! * * * The modern church promotes the idea that the business of living is the business of religion. Its contention that material, spiritual and moral success in life is the result of practical piety is borne out by the lives of its members * * * Align yourself with those who early discovered that religion is a practical and happy way of living.

A WELCOME AWAITS YOU!

COME TO CHURCH This SUNDAY---Come!

PLAY TO BE PRESENTED IN CHAPEL

The play, "The Finger of God," is presented in chapel next Tuesday morning by members of the class of this year. This is an interesting play, which is about whom everyone thinks is honest who has been a crook and red by a miracle from being a thief again. This play is popular last year that it was from the "One-Act Play" lists. The play was written by Wiles. The characters are: Womack, Dan Hines Clark and Lois Gafford. Everyone is to attend this play.

CHAPEL PROGRAM

The high school was entertained by morning in chapel by the Pep Squad. Yells were given to Graves and the Seniors from Seniors. Mozelle McDaniel recited a poem which was very interesting. Jo and Leslie gave a stunt which they asked various Juniors furniture. At the close Leslie if there were enough nuts to their basket. Two songs were by Jo, and after various announcements the students went to respective rooms.

PERSONALS

Thanks, Mr. Owl, for your contribution last week. Everyone enjoyed your column. Come back every week.

In spite of the hot weather, the pep squad girls showed their loyalty Friday by "donning" their pep suits for the first time.

The high school faculty offers a reward to the person who will invent a method of telling John and Furd apart.

The entire Childress team visited C. H. S. for a few minutes the sixth period Friday. C. H. S. students all welcome their neighbors.

The News staff always welcomes news from C. H. S. exes. Let us hear where you are and what you are doing.

Everyone wonders why Bill likes to sit in the hall during the noon hour. Ask Frances and Faye.

Don't forget to get a hot lunch each Wednesday in the home economics room.

Mrs. Cotton Gann, formerly Maurine Bostic, 1931 Junior, visited in C. H. S. Monday.

The English III classes enjoyed modern book reports from the Sunday Book page in their class Monday.

The high school faculty wishes to congratulate the students on the way they get into chapel.

Visitors at the chapel period Monday morning were: Mrs. F. A. Davis, Mrs. Griffith, Florence Griffith and Mrs. Oswalt.

It seems natural to have Evelyn Sloan at the piano at chapel period. Come back again, Evelyn.

Miss Schlagal, fourth grade teacher, was out of school Monday due to illness. Mrs. Sidney Miller took her place.

Faye Rader from Foard City visited C. H. S. classes Friday.

C. H. S. was again honored when four of her loyal daughters, Merle Smith, Peggy Thompson, Jo Griffith and Evelyn Sloan (ex-31), sang over K. G. K. O. radio station Saturday night.

A C. H. S. Wildcat is about to change into a T. C. U. Horned Frog, we hope.

The sixth B Geography class, which is studying manufacturing, visited the Bell mill and elevator, one day last week.

The seventh grade has recently been organized with officers as follows: President, Frank Meason; vice president, Peggy Cooper; secretary, Mabel Lee Eddy; assistant secretary, Betty B. McAdams; and reporter, J. M. Housouer. An appropriate motto and colors have been chosen.

Mary Gafford, ex-31, visited in C. H. S. Friday.

FRESHMAN PICNIC

The freshmen gathered at the school house Thursday afternoon and went to the Luther Gribble Memorial Park for their first picnic of the year. Mrs. L. A. Beverly, the class mother, and Mrs. Rennels and Mrs. Todd went before the main group and barbecued the chickens. Before eating, games, such as, "three deep," "whip to the right," etc., were played. The lunch consisted of barbecued chicken, bread, potato chips, pickles, fruit and lemonade.

After the games, several snappy yells and songs were given, after which all loaded on Mr. Todd's truck, declaring they had had a great time.

AUDITORIUM PERIOD

The ward school was entertained with a "pupil program" at the regular auditorium period Wednesday morning. The pupil committee was entirely responsible for this program.

The program consisted of a piano solo by Lois Evelyn Norris; a reading by Wanda Rose Liles; a stunt by Junior Nelson and Ray Burns; a reading by June Billington; song by Mabel Lee Eddy and Claudine Touchstone, accompanied by Ada Evelyn Smith at the piano; a reading by Margaret Claire Shirley; a piano solo by Mary Elizabeth Hughton. A number of visitors were present for the auditorium period.

ANTI LUE'S

Dear Anti Lue: What is the definition of ignorance.—Orville Orr.
Dear Orville: It's when you don't know anything and somebody finds it out.

Dear Anti Lue: Do you have any sympathy for a man who beats his wife?
Dear Marjorie: A man who beats his wife needs no sympathy.

Dear Anti: Your stuff would make a donkey laugh.—Peggy.
Dear Peggy: Thanks for the ha ha!

Dear Anti: Why should my husband have weak eyes? I don't understand it.—Danny Graves.
Dear Danny: Possibly they're in a weak place.

Send in your questions to Anti Lue. They will be answered readily. If you don't want your name printed, send us a fictitious name. We will print it with pleasure.

EX-SENIORS '31

Approximately half of the Senior class of 1931 has remained at home this year. Those in this group are: Alyne Lanier, Lella Ben Allee, Evelyn Sloan, Idah Pearl Harris, Ralph Burrow, Dessa Housouer, Elbert Griffith, Ruth and Ruby Smith, Mildred Callaway, Kathryn Crowell, Addie Lorene Baker, Mary Gafford, Maye Randolph, Juanita Thompson and Dale Jones.

Those who were lucky enough to get to go to school are: Mary Frances Self and Anabel Carter, Texas Tech; Frances Allison, Draughton's Business College, Wichita Falls; Guy Todd, T. C. U.; Fort Worth; Johnnie Maye Short, Baptist College, Decatur; Margaret Calvin and Venson Hall, North Texas State Teachers College, Denton.

There are some of the seniors who are away but are not attending any school. They are: Ragsdale Lanier who is a hospital at Dallas, and Maggie Meason is working in Wichita Falls.

GREAT IFS OF HISTORY

If—Caesar hadn't crossed the Rubicon, what would we do in second-year Latin?

If—Paris hadn't stolen Helen, what would Homer have done for his theme song?

If—Washington hadn't crossed the Delaware, we couldn't be forever arguing how he stood up in the boat.

If—Henry Black didn't have hay fever, he wouldn't have lost his colored "specs."

If—Cleopatra hadn't vamped Antony—oh, well, we'll let you finish this.

HOME ECONOMIC GIRLS VISIT LOCAL MARKET

The home economics girls of the second year class visited Meason's meat market Wednesday of this week for the purpose of learning the different cuts of meat. Mr. Meason gave them a very instructive demonstration by using a hind and fore quarter of a beef and actually cutting the quarter up to show them the various cuts. The girls also learned how veal differs from beef in color and texture. Mr. Meason was eager to answer any question the girls asked, and all of them came away with the feeling that the trip had been a profitable one.

WANTS TO KNOW

Dan Callaway wants to know if the B. O. railroad employees use Life-buoy soap.

John Glover wants to know why cars with free wheeling cost more than the other kind.

Bernice Poland wants to know what the winter occupations are of people who fry eggs on the sidewalks.

T. J. Taylor wants to know if the judge rode by Maude Muller while she was raking hay because he had hay fever.

Francis Todd wants to know if the teeth can be called the grind organ of the body.

Darwin Bell wants to know if a "shindig" is what married men get while playing bridge with their wives.

CLOSE RACE PREDICTED IN FOOTBALL

A very successful year is predicted for the C. H. S. Wildcats in football this year. Although they were hit hard by graduation, they still have good prospects, if not better than last year. Only one of the backfields remained, while 5 or 6 of the line is present.

The Wildcats will have more competition, due to their entering the conference. Some of their hardest games will be with Olney, Chilli-cothe, Archer City and Seymour. Coach Graves stated that he thought the Wildcats had splendid prospects for this year and the teams would be equal to the strong team they had last year, if not stronger.

This is about the first year Crowell has entered the conference, although she has always had a strong, winning team. Since Crowell has entered the conference, a close race is expected of the Wildcats for the championship of this district, and she has already started on the winning round by having victory over two strong teams.

Pigskin Warriors Practice in Torrid Weather

When the calendar showed autumn was here the football players of Tech High School, Atlanta, Ga., went to work, although the thermometer stood at 90 degrees. Captain Billy Street is shown running with the ball as "Pug" Boyd tackles him and "Red" Bradford tries to block him off.

PEP SQUAD NOTES

The pep squad did excellent work at the game Friday.

The bleachers, which have recently been erected, were a great help. Thanks to the pep leaders, Jim Lois and Peggy. Also Ralph Burrow, Ernest Johnson, John Todd, Bill Middleton and Recie Womack.

And those old bleachers surely were tromped on Friday when "That old C. H. S. team fell in line."

Thanks to the band. Their music was excellent and here's hoping they will be at each game.

Many new yells and songs were added to the pep list last week.

Thanks, too, to Mr. Cates for transporting the girls to the field Friday afternoon.

Pep rallies are held twice each week. Don't miss them, girls.

LIBRARY HINTS

The following list is suggested by the English Profs of C. H. S.:

(a) Light reading: Students demanding light reading should take it easy, indeed, usually doing little more than to glance at the weather report and an occasional billboard. Even on the billboard, most of the effort should be directed toward grasping the picture.

(b) Medium reading: The congressional record, easy ways to learn Spanish, through Labrador with hatchet and sled, through anywhere with practically anything. Also, if in car, speedometer readings may be indulged in.

(c) Heavy reading: The Owl's column in High School News.

(d) Miscellaneous: Shakespeare's works, the complete works of Victor Hugo in one volume, the complete works of H. W. Longfellow in one paragraph, the complete works of Calvin Coolidge in one word.

Students whose needs are not covered by any of these should be either in an asylum or a library or both.

A thermometer with the degrees marked with raised figures and inscribed in Braille characters has been invented for the use of blind persons.

A new screen for talking pictures is porous, permitting sound to pass through it if the loud speaker is placed behind it.

Air springs that can be adjusted to the weights carried have been invented to increase the comfort of riders in motor vehicles, especially trucks and tractors.

A Florida man has invented a machine resembling a hair clipper and operated by a small electric motor to remove scales from fish.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave you inside weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels. How good you feel with your system rid of all that poisonous waste matter.

ATTEND EXECUTIVE BOARD MEETING IN WICHITA TUES.

Mrs. R. L. Kineaid, president of 13th District of Parent-Teacher Associations; Mrs. W. B. Howell of Vernon, district secretary, and Mrs. T. B. Klepper, district publicity chairman, were in Wichita Falls Tuesday at a meeting of the executive board.

The 13th P. T. A. District is composed of 15 counties with 152 local units, 8 county councils and 3 city councils and extension work is continually under way throughout the district. At this board meeting, plans were formulated for the year 1931-32 and special emphasis was placed upon the coming State Convention which will convene in San Antonio Nov. 13-16. Fifteen district officers attended the board meeting.

ADELPHIAN CLUB

The Adelpian Club met in its regular meeting Wednesday afternoon. Miss Woods led the lesson, which was on newspapers and magazines. Those who assisted Miss Woods with the program were Mrs. Henry, who gave the history of the magazine, "Time;" Mrs. McMillan gave a paper on "Early American newspapers;" Mrs. Haney discussed "Scribner's Magazine;" Mrs. Reese, "Harper's Magazine;" Mrs. Andrews, "The Atlantic Monthly;" Mrs. Girsch, "The Christian Century." Miss Schlagen gave a discussion of the press.

Refreshments were served to club members by Mrs. J. A. Johnson, who was hostess at this meeting.—Reporter.

BAPTIST W. M. U.

The W. M. U. of the Wilbarger-Foard Association had their monthly meeting at Margaret Tuesday. Mrs. J. M. Tanner of Electra, our district president, was in charge. Devotional was led by Mrs. John Nichols. Mrs. W. D. Howell, our

state recording secretary, conducted a beautiful installation service, installing all the standing chairmen for the coming year and the following associational officers: Mrs. A. E. McLaughlin, president; Mrs. A. L. Rucker, corresponding secretary; Mrs. Ira Luttrell of Harrold, recording secretary.

Other visitors besides Mrs. Tanner present, were our district treasurer, Mrs. J. L. Graham, and Mrs. Brownlee, president of Wichita-Archer W. M. U. They were from Electra.

Mrs. W. D. Howell will teach the book, "Our Lord and Ours," at the Baptist Church next Monday to the women of the Crowell, Thalia and Margaret churches.

The meeting is to begin at 10 o'clock. All women are requested to bring a covered dish.—Reporter.

CELEBRATES 90TH BIRTHDAY

Mrs. J. H. Hardburger of Littlefield arrived here Saturday and was joined by her sister, Mrs. J. H. Lanier, and the two accompanied by Mrs. M. E. Lanier went to Knox City. On Sunday they went to O'Brien to celebrate the 90th birthday of their father, W. J. Teaff. Mr. Teaff has visited his daughter here numbers of times and is well known. He has recently recovered from a severe illness and seems hale and hearty and enjoyed the day to the fullest. About 125 relatives and friends were present to observe the birthday of Mr. Teaff.

TWO-IN-ONE CLUB

Mrs. Chas. Hunter was hostess to the Two-in-One Club Sept. 23. There were 16 members and 6 visitors present.

Our subject was proper way of serving. A talk on correct table setting was given by Miss Jewel Horn. Also a talk on table manners by Miss Mary Gafford, and demonstrations by Miss Hale. A special article was read by Mrs. Grover Nichols.

A covered dish luncheon was enjoyed by all. Our next meeting will be with Mrs. J. W. Naron.—Reporter.

Childress Index City . . . Editor Visits: Former Resident of Crowell

Mrs. J. L. Martin and son, Jimmie, and daughter, Miss Ila Martin, all of Childress, were visitors in Crowell last Friday. They lived here when J. L. Martin was editor of the Foard County News from 1913 to 1917. Mr. Martin is now the publisher of the Childress Daily Index and his son, Jimmie, is the city editor.

Jimmie was just in the fourth grade when the family left here. He was here to cover the Crowell-Childress football game while his mother and sister visited friends. Since leaving Crowell the family has lived in Royce City, Mexia, Snyder, Brady, Brownwood and now Childress, Mr. Martin having been connected with the newspapers in these cities.

Several items of interest locally appeared in last Friday's issue of the Index in the column "Childress Chatter," which is written by Jimmie Martin. The part of the excellent column that is particularly interesting locally follows:

The annual baby show is to be staged today and we are already steering of that, for we remember what happened to the "father bird" at Crowell, while we were still just a kid in the grades. In fact it was in Foard County that we got our start, and we are still trying to figure out just where we lost it. Anyway, Foard County was going to have a baby show, and he was chosen as one of the judges. Whether they chose him because of the appearance of his own offspring, or whether it was merely a courtesy extended to the editor of a country weekly, he never told us, but just the same he got in bad.

Hardly had the decision been returned than every mother, who had entered her baby, made a personal visit to find out just why her baby was not awarded first place, and if he was an authority on babies, why in the world did he pass up her own

dear little child, for that "brat" who got first place. Every time we hear of a baby show, we recall this instance in our neighboring town, and in our own sympathetic way "feel for the judges."

In speaking of Crowell, that reminds us that the Bobcats are playing football there this afternoon, and we are leaving the desk in charge of our competent assistant, and will visit the old stomping grounds. It has been fully ten years since our shadow darkened the streets of the town, and if the truth about the matter is known I expect that it has increased a little bit in size.

When we entered the primary grade in that town, football had hardly been heard of there, and although we are not trying to tell our age, for such tricks belong to old maids, that it was several years later before a team was ever put in the field. From what we have heard so far, the former "old home-town" is boasting a fighting eleven, and are to beat the Bobcats.

It was in the office of the Foard County News that we saw our first "type-lice," got ink-dust in our lungs, and tried our best to keep from being a printer, but it is like many other things, if you have it born in you, it is a hard matter to cast it aside.

Only today we received an invitation from the scribe of the Foard County News inviting us over to the polo tournament they are staging Saturday, Sunday and Tuesday, and it was this same scribe who took over the management of the paper when the Martin "flock" decided to migrate.

The eleven men who will face the Childress Bobcats there today were perhaps babies in arms then, and will look more like formidable opponents than when we knew them. Likely the baby who won the prize that year is now the ugliest man on the team and has long ago forgotten that he ever won a beauty prize.

Whether it be babies or football players, every mother thinks her baby should have won the prize, and every real football fan hopes his team will bring back a victory, but whether it be in a beauty show, or in a contest where muscle, brawn and strategy play a prominent part, it all reverts back to that old adage which says that after the game is over, all work is done and a final account is made of our stay here, we are not judged by "whether we won or lost, but how we played the game."

Football

(Continued from Page 1)

yard line in the same manner. After Crowell received a penalty for offside, D. Todd punted and Carter returned to his 25-yard line and Newberry punted out-of-bounds on the 47-yard line. Fox, who went in for Middleton, made 15 yards through the line. Mullins and Cooper made another to place the ball on the 20-yard mark. A few line plays failed to gain and D. Carter was called back to try a drop kick, which failed and Childress took the ball on the 20-yard line. Newberry was thrown for a 10-yard loss as the quarter ended with neither side scoring. Score 27 to 0.

Last Quarter

J. Todd recovered Newberry's fumble on the first play on the 5-yard line. In a perfect position to score the Crowell backs were thrown for losses and Childress took the ball on downs on the 6-yard line. Newberry promptly punted and D. Todd returned to 14 yards to the 20-yd. line. D. Todd passed to Cooper for 20 yards and a touchdown on the next play. A pass, D. Carter to Cooper, netted the extra point. Score 34 to 0.

Newberry returned Todd's kickoff 7 yards to the 37-yard line. Unable to gain Newberry punted and Cooper returned to his own 30-yard line. Crowell failed to gain and D. Todd punted and the ball was downed on Childress' 30-yard line. Childress failed at a pass and Newberry punted and Middleton returned 11 yards to the 44-yard line. The Childress line held and D. Todd punted over the goal line and the Bobcats took the ball on the 20-yard mark. D. Carter and Allee threw Newberry for a 10-yard loss. He punted out-of-bounds on the 41-yard line. On two line plays D. Todd carried the ball to the 26-yard line and on the final play of the game Mullins passed to D. Todd for a gain of 12 yards to place the ball on the 14-yard line. Score, Crowell 34, Childress 0.

The Line-Up

CROWELL		CHILDRESS	
J. Crowell	Left End	Pierson	
J. Todd	Left Tackle	Tucker	
Gibson	Left Guard	Kennedy	
Allee	Center	Marshbank	
Smith	Right Guard	Oberby	
Womack	Right Tackle	Spart	
D. Carter	Right End	Sims	
D. Todd	Quarter	Newberry	
Middleton	Left Half	Davis	
Cooper	Right Half	Carter	
Mullins	Fullback	Smith	

Substitutions: Crowell—L. Carter for Gibson; Clark for Smith; Callaway for Clark; Fox for Middleton; Knox for Fox; Middleton for Cooper.

Childress—Pierson for King; Ivie for Kennedy; Kennedy for Ivie; Fletcher for Sims; Hollis for Carter.

Officials—Patton, referee; G. Bell, umpire; Estes Brown, Williams High, head linesman.

Mrs. Catherine O'Brien of Duluth, Minn., claimed that Thomas Kelly's dog bit her but her claim was disproved when it was established that the dog had lost all his teeth.

RECENT SCENE IN EAST TEXAS OIL FIELD

For 22 years Richard W. Oldfield of Haverstraw, N. Y., lived near a railroad and listened to the shrieking whistles and deep-throated puffing, but not until recently did he complain of the annoyance.

A hand-made mahogany coffin which Stephen Davis, 84, spent 20 years carving, bore his body to his grave in Tennyson, Ind., the other day.

"Shoeloggings" was added to the vocabulary of law enforcement in Witesburg, Ky., when officers discovered a hot water bottle containing moonshine in a man's shoe.

Frank Dorsett, 88-year-old Civil War veteran, has married Mrs. Mollie Jones, 69, in Huron, Ind.

Because he called his father a "fool," John Marran of Shirley, Eng., lost a heritage of \$40,000 when his father died.

Until their divorce suits are settled, George F. Bicknell and his wife of Gary, Ind., must not speak to each other.

Lawrence Cass got a bunk in the jail at Madison, Wis., because he desired a safe place in which to sleep but the bunk collapsed and his leg was broken in two places.

When a pretty girl of Hollywood, Calif., was asked her name by a filling station attendant, she replied "I'm Miss Wienie Hotdog and I feel like a cannibal whenever I eat a frankfurter."

Three marriages with three different men find Mrs. Rosa Moorehead of El Dara, Ill., still with the same name as she married three brothers.

Mrs. C. H. Lyons of St. Louis testified in her divorce suit that her husband deserted her because he was lonely when she went to work to support him and herself.

Coronated Letters are Good Form

No longer is an apology expected for a typewritten letter to a friend. On the contrary, most of us have to apologize when we write in longhand.

Love letters are the only ones that people are willing to take the time to decipher. All others should be coronatyped. And if more love letters were coronatyped, there might be fewer breach of promise suits.

STURDY

That's Corona's Middle Name!

A portable typewriter, to give the years of service that Corona gives, must be built substantially. Provision has to be made for the unexpected bumps and falls that are bound to come to a machine that is easily carried anywhere.

You may not treat your Corona roughly, we hope you won't; you may not even travel with it; but, just the same, you will be glad to know that it is built to "stand the gaff"—a sturdy, cheerful little companion.

Phone us and we will gladly send you one of the latest Coronas to try for a few days.
