**FOR BUSINESS MEN ONLY**

"No business man in any town should allow a newspaper to publish in his town to go with out his name and business mentioned in its columns.

"This does not mean that you should have a whole, half, or even a quarter of a page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space.

"The man who does not advertise his business does an injustice to himself and to the town in which he lives. The man who insists on sharing the business that comes to town, but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business men."—American Banker's Magazine.

**QUAIL HUNTERS OFF FOR 42-DAY PERIOD**

The king of American game birds, the Quail, entered his annual period of trial and tribulation last Thursday when open season began. A number of local hunters took advantage of this opening and brought in their full quota.

The season began in both north and south zones, and will continue until January 16, or a total of forty-seven days. The "crop" this season is feared to be rather light. Three West Texas counties are closed this year to quail hunters—Stephens, Borden, and Howard.

**ELVIN RAY MOORE HAS BIRTHDAY PARTY**

Celebrating his eighth birthday, Master Elvin Ray Moore was the gracious host Friday afternoon to a number of his little friends and school mates when he entertained at the home of his parents, Mr. and Mrs. B. Moore.

The honoree was the happy recipient of a wide variety of useful and appropriate gifts, and the small guests thoroughly enjoyed the job of unwrapping and admiring them.

After several hours of games, refreshments of candy and apples were served to Mary Ellen Gant, Helen June Gant, Reed Vandell, Kenneth Scholer, James Bowlin, Ronnie Williams, Wilda Gene Campbell, June Gibson, Marcille Lambert, Jennie Mae Shoemaker, Doris Nell Gates, Jim Joe Carroll, William Edward Singleton, Raymond Kelly Curtis, and Virginia Shaw.

**MISS ONEITA ANDERSON, JORDAN GODDARD WED**

Coming as a complete surprise to their families and friends, the marriage of Miss Oneita Anderson and Jordan Goddard was solemnized Saturday evening at Livingston, N. M.

The bride is the charming and accomplished daughter of Mr. and Mrs. P. A. Anderson, and is one of the leaders in school and younger set social activities. She has been especially interested in amateur theatricals, and has been much praised for her work in this line. She was a member of this year's Senior class and would have received her diploma in May.

Mr. Goddard is the son of Mr. and Mrs. Edd Goddard, who live just west of town, and is much esteemed for his integrity and business ability. Though he received his diploma from the local high school only this spring he has already made something of a reputation for himself as a breeder and feeder of pure bred livestock, and has also been very successful in other agricultural and livestock projects.

Though they have announced no definite plans for the future, it is assumed that they will make their home on the farm.

The Index joins with their many other friends in extending best wishes and congratulations.

**H. E. CLUB PARTY FRIDAY EVENING**

Miss Veda Shimake was hostess Friday evening when members of the Home Economics Club met for the purpose of comparing recipes and making candy.

A very pleasant evening was spent and the fudge, patience, and heavenly hash were very much enjoyed.

Those present were Misses Marie Greenwood, Lorene Beach, Kitty May Garner, Jim Ellen Wells, Kimmie Lee Pearce, Thress Payne, the hostess, and Mrs. Scott.

**"HAT CHECK GIRL" TO HOW AT TAHOKA**

The night life of Broadway, the loves and sorrows of the girls who work on the great White Way, the glitter and noise of the smart night clubs and the dreary emptiness of Times Square at Dawn, give form to the colorful background of "Hat Check Girl," Sally Ellers' newest Film vehicle, which opens next Wednesday on the screen of the English Theatre in Tahoka.

With Ben Lyon in the masculine lead as a Park Avenue playboy and an exceptional supporting cast headed by Ginger Rogers, Monroe Owsley and Arthur Pierson, the production is rated as one of the most entertaining pictures of the season and is expected to attract much attention at its showing there.

Sidney Lanford, who made Miss Ellers' "Dance Team" directed the new offering, an adaptation of Rian James' novel of the same name. Ned Mason, Rip Van Dine, Dewey Robinson and Harold Godwin are also in the cast.

B. L. Davis and Dick Tunc of the R. & O. represented the local Red & White dealers at a banquet at Lubbock last Thursday evening. They report a most enjoyable time.

Mr. Don Edwards district steward for the O'Donnell charge of the Methodist church, and Rev. W. R. Burnett, pastor of the church, attended a meeting of district stewards and pastors at Slaton Tuesday of this week.

Mmes. J. P. Bowlin, Boss Johnson, Harold Christensen, and Allan Williams were in Lubbock Monday.

Mr. and Mrs. C. H. Cabool returned Thursday evening from Dallas, where they bought merchandise for the store.

Mrs. W. E. Singleton and Miss Winnie Fairley took little Miss Lena Mae Singleton to Lubbock to the hospital Friday for examination. We are glad to report that her dislocated hip is healing nicely.

Mmes. W. H. Ritzenthaler and E. L. Sorrels and little Miss Dorothy Anne Ritzenthaler were in Lubbock Friday. Miss Dorothy underwent an examination at the hospital, and her doctor says she is doing very well indeed.

Mr. and Mrs. H. R. Womack and Miss Merle were guests Sunday of their son and brother, R. C. Womack and family, at Lubbock.

Mrs. Homer Hancock has been seriously ill with flu since Saturday, but it is hoped that she is improving.

W. R. Gibson made a business trip to Lubbock, Monday. Moody was in charge of the sandwich shop during his absence.

Mrs. W. H. Thornhill was down from Tahoka Monday, looking after new merchandise for the store here. Incidentally, she renewed her subscription to the Index while she was here. Thank you, Ma'm.

Mr. John Guess of Young county was in O'Donnell a short time Sunday as the guest of his sister, Mrs. W. E. Guye and family. This was the first time they had seen each other in almost fifteen years.

Mr. and Mrs. Roy D. Smith have as their guest for several days her sister, Mrs. J. A. Moody of San Angelo. H. F. Moody of Littlefield and J. A. Moody of Levelland were also guests Sunday.

A. A. House of Rotan, former citizen and business man of O'Donnell, was here on business Friday.

Mr. and Mrs. George Fletcher, who deserted the South Plains for East Texas several months ago, have returned to make their home with us again.

Mr. and Mrs. Martin Line and sons of Brownfield spent Sunday here with relatives and friends.

Mr. and Mrs. N. M. Wyatt and family of Tahoka spent Sunday here with her parents Mr. and Mrs. W. L. Rodgers.

Mrs. George Fowler, and little daughter, Martha Jean, arrived from Ft. Worth Monday afternoon to assist Mr. and Mrs. Thornhill with the stores here and at Tahoka.

Mmes. Sam Singleton and Cecil Treadway visited friends and relatives in Lamesa Tuesday.

Mr. and Mrs. McDonald and Miss Marie of Lamesa were in O'Donnell Monday.

Our good friend, Mrs. H. C. McKee, came in Monday while we were out on the street, and left fifty cents for her Index this year. Thank you Mrs. McKee: come back when you can visit awhile.

**STAND BY YOUR TOWN**

If you spend all your money in some other town and all your neighbors do likewise, what will become of O'Donnell?

While it isn't time for New Year's resolutions just yet, the Index here goes on record as believing that it's time for O'Donnell people in every direction from town and in town to make the firm decision that "BUY IT IN O'DONNELL" shall be our slogan for the future.

The service given by your merchants has been tested and found to be reliable and enduring. Spend your money in O'Donnell, and make your home town merchants glad to get out of bed on some dark night and open up the store get Junior's croup remedy.

And while we're advocating the spending O'Donnell money in O'Donnell stores, may we also suggest that if we all spend half the time spreading the news about the good things in O'Donnell that some of us spend in spreading the gossip and pessimism, O'Donnell would soon be a bigger, better and more prosperous place.

Think it over.

**YOUR HOME TOWN MERCHANT**

When the people of O'Donnell take stock of the local situation they surely must realize that no town can grow unless it has the enthusiastic and the loyal support of the inhabitants thereof.

Business is the power that determines the growth of a town, and the habits that hurt business here are the factors that mean for retarded development. Business men of O'Donnell are for the most part trying to creditably develop the market and to serve their fellow citizens through their businesses. They are entitled to the extension and development of fair dealing by the buying public, and this means only giving them a chance to meet competition.

Our merchants do not expect buyers to pay two prices for the same goods their mail order competitor sells. They do wish, however, that our citizens would think a little about the difference in the service rendered by merchants in O'Donnell and a store in another place.

It's the home town merchants who sell to you on credit or on extended time. And we know of merchants right here in O'Donnell fighting with their backs to the wall because they have been too good for their own good. When you buy an article in your home town and find it unsatisfactory, all you have to do is bring it back and your loss is made good.

Just think it over, and remember that the best way to make O'Donnell grow is to help its business expand. Do your part.

Mr. and Mrs. Major H. Rodgers and children of Levelland spent Sunday here with relatives.

**SINGING CONVENTION IS WELL ATTENDED SUNDAY**

The regular meeting of the district singing convention at OK Sunday afternoon was well attended, according to local people who were present.

Though many O'Donnell singers were unable to attend because of illness, those who did declare that it was a most successful meeting.

Chas. McConal and daughters, Connie and Doris, and Margaret and Edwyna Vermillion were among those who attended from O'Donnell.

The next meeting will be held the first Sunday in January at Grandview.

**Could Your Car Pass a "Cold Test" like this?**

Through deep snow drifts that blanketed Wolf Creek Pass, 10,000 feet above sea level in Colorado's Rockies, a great V-type snow plow doggedly pushed its way. A whirling rotary plow spouted clouds of snow, clearing the roadway. And soon, despite temperatures daily below zero, workers of Liberty Truck & Parts Co., of Denver, had opened the 15-mile road.

"We used Conoco Germ Processed Motor Oil and Conoco Gasoline exclusively in our Cletrac Tractors with wonderful results," wrote a Liberty official. "We had no difficulty starting our motors in the mornings."

There's a "cold test" to guide you in buying motor oil.

Conoco Germ Processed Motor Oil is thoroughly dewaxed and circulates freely below zero. It makes Winter starting easier. More important still, it saves your motor from terrific punishment during the starting period, when half of all motor wear occurs! Other oils drain away overnight. A "Hidden Quart" of Conoco Germ Processed Oil stays up in your motor and lubricates before your motor starts.

Only Conoco Germ Processed Motor Oil can offer you this vital protection. For it is the only oil that penetrates and combines with metal surfaces. Let it protect your motor this Winter.

**VOCATIONAL AGRICULTURE NOTES**

By R. H. Mathis

A summary of the supervised practice work being done by the Vocational Agriculture Students of O'Donnell High school reveals that a total of sixty-nine home projects are being carried on during this school year.

If all sixty-nine of these projects could be assembled on one single farm, six different farm enterprises would be represented, with fifty-five acres of cotton, eighty-five acres of maize, four-tenth acre of vegetables, three hundred hens for egg production, eleven hundred and fifty baby chicks for fryer production, four sow pigs for grower, fifty-two pigs for pork production, and one dairy heifer for growth. From this diversified group of projects the agriculture boys expect to make a net profit of from five hundred to one thousand dollars. Not only do these boys expect to make a reasonable financial gain, but they also expect to receive even greater benefits in the way of farm experiences which they are sure to get from their project work.

Many improved farm practices are being used by the boys in connection with their projects, and those that prove beneficial are sure to become a permanent part of the farming programs of these lads who decide to make farming their life's work. For one thing, each boy is being taught to conduct his projects strictly on a business basis. On the first day of each month they make out a financial statement on each of their projects. In making out this statement the boy sets down such items as: amount of each kind of feed consumed, total cost of feed, the number of units produced, total expenses, total income and many other important facts. In this way, he finds out exactly what progress his various projects are making. In case of a live stock feeding project where the animal on feed have not been making satisfactory gains, the boy and the teacher hold a conference to determine why. After this conference, the boy goes home and makes the necessary changes in the ration or improves his method of feeding and better results are almost always obtained.

On December 1, the local agriculture boys worked out their first project financial statements. According to their project statements it has just been turned in, all of the projects now in operation seem to be making a profit, although some are not as large as they should be. The boys are proud of the progress that they are making with their project work, and are showing a wonderful interest in the whole vocational agriculture program.

**EAST SIDE NEWS**

We are having some good weather for cotton picking out this way, and are almost through. On approximately 1500 acres, around 45 bales will be harvested. The July hail and the early freeze are responsible for the short crop.

Mr. Harrick made a business trip to Lometa last week. He reports fine crops in that section.

Though several families have had cases of colds and flu, nearly every one is well now.

Mr. and Mrs. Gordon King and family of Hobbs, New Mexico, were guests Sunday of Mr. and Mrs. Irvin Street.

WANTED—Reliable man between ages of 25 and 50 to supply old established demand for Rawleigh Products in Dawson-Borden. Counties. Other good localities available. Surety Contract required. Company furnishes everything but the car. Good profits for hustlers. Write the W. T. Rawleigh Company, Memphis, Tenn., or see Mr. J. W. Byrd, Box 62, Post, Texas.

**BAPTIST CHURCH ANNOUNCEMENTS**

L. S. Jenkins, Pastor

Sunday School will meet promptly at ten o'clock and everyone is urged to be present.

Morning worship at eleven o'clock when the pastor will bring a message. There will be special music, and everyone is welcome to attend.

At seven thirty, Mr. Key of Tahoka will have charge of a song service and everyone is urged to come and take part. Mr. Key will also speak at the evening worship period, perhaps explaining some of the details of the training school which is to be held next week.

Everyone will always find a cordial welcome at all services at the Baptist church.

**SERVICES SUNDAY AT SOUTHSIDE BAPTIST**

We are requested to announce that Bro. George Fleischer will preach at the Southside Baptist Church Sunday morning at eleven o'clock, and at three o'clock in the afternoon.

All members of the church are especially urged to be present in the morning for some special business.

**LOCAL TEACHER IS PRAISED BY PUPIL**

Disproving the statement that a project is without honor in his own country, Mrs. W. E. Hebison was praised and praised worthy tribute from a former pupil, a student at Bright Star school in Rainey county, where Mrs. Hebison taught for five years.

Paras in quaintly dignified words the article, which appeared in the Rainey County Leader, says that "she was loved by all of her pupils. Her interest goes beyond the school room to the onward movement of the world."

Mrs. Hebison is primary teacher in the O'Donnell grammar school this year, and her local patrons and pupils join with little Miss Fern Woodson in appreciating her many commendable qualities.

**FLU EPIDEMIC CONTINUES IN O'DONNELL THIS WEEK**

Along with the rest of the South Plains, O'Donnell is undergoing an epidemic of flu which is proving to be decidedly disrupting to business and social affairs. Though there have been no casualties, or even the possibility of such, a number of patients have been very ill indeed.

The entire family of Mr. and Mrs. Hal Singleton, Jr., from Hal himself down to Hal III, was in bed from Thursday night, and Mrs. Singleton and the young son were quite ill for several hours.

M. J. Whitsett was out of the store Saturday and Sunday, and had been walking around with a very nice case of flu for several days when he finally gave up the struggle. B. L. Davis refused to stop, but was nursing a growing case of the ailment most of last week.

Bobby Ramey, little grand son of Dr. Shepard, was perhaps the most seriously ill of the sufferers, pneumonia being feared for several hours. Miss Thelma Palmer spent the week end recovering from the effects of just one day too many walking around with the flu, and her father W. L. Palmer, was also one of the victims.

School authorities reported that high school classes and grammar grades were much depleted in number, one room having an attendance of only seven pupils one day. There was some discussion as to the advisability of dismissing classes for a few days until the malady abated, but it seems that this will not be necessary.

A few cases of whooping cough are said to be the danger of the youngsters, but we are glad to report that they seem to be doing nicely.

**THERE MUST BE SOME TAXPAYERS**

Uncle Sam may print envelopes in competition with local printers, do dental work in competition with dentists, he can loan money, run banks, conduct commercial shipping, handle railroads, buy wheat, sell groceries, and operate mills, but there is one thing he cannot do... cannot pay any dividends in conducting all this business.—The Lind, Washington, Leader.

L. S. Jenkins, Jr., son of Rev. and Mrs. L. S. Jenkins, has been quite ill for several days with flu. He is some what improved now.  
Mr. and Mrs. W. E. Gupe were in Lubbock Sunday visiting their mother, Wren, and attending to a few matters of business.  
Mr. and Mrs. Carey Shook and little daughter, Aubra Lee, have been ill with flu, but are able to be out

**CURIOSITY NOTES**

A short time ago a certain man decided to see just how strong a woman's curiosity was. He cut a small "personal" item from the newspaper and left the paper where his wife would be sure to find it. When he returned home the next evening he was surprised to find the domestic atmosphere hanging heavy with thunder clouds. Investigation revealed that his wife had borrowed a neighbor's paper to see what he had clipped. He fumbled in his vest pocket for his clipping and was electrified to find, on the opposite side from the "personal" item this headline:

"Prominent Citizen Figures In Wild Party at Roadhouse. Due to Prominence of Participants, No Names are Given At This Time."

And now a certain man has no further interest in feminine curiosity

Mrs. C. B. Burdine and son, Lester, drove to Amarillo last Saturday, to meet her mother, Mrs. M. C. Twinner of Shamrock. Mrs. Twinner will visit in the home of her daughter for some length of time.

E. D. Holman, and daughter, Miss Leona, were ill for several days with flu, but are able to be up again.

Miss Merle Womack is able to be at her beauty shop again this week after several days illness.

*If There's Light, There's Hope*

Store owners looking for Christmas business can't afford to be penny wise and light foolish. No store owner can afford to skimp on lights.

Electric light is so cheap that abundant use of it is true economy because—

*Abundant Light attracts the shopper.*  
*Abundant Light makes clerks and customers more cheerful.*  
*Abundant Light prevents eye strain and increases efficiency.*  
*Abundant Light makes dark inside spaces increase and profitable.*  
*Abundant Light permits customers to really see what they're buying.*
