## WHITSETTS HOSTS AT EVENING BRIDGE

Mr. and Mrs. M. J. Whitsett were delightful hosts at a bridge party given at the Palmer House Tuesday evening.

The manner of choosing partners and tables was the "cleverest yet," stated one of the guests. A bright colored balloon, inflated to an immense size was given to each guest. Each balloon contained a slip of paper with the table and couple number. To secure this slip it was necessary to burst the balloon which resulted in such explosions that one was reminded of the World War.

The Thanksgiving motif was carried out in tallies and scorecards.

After a series of pleasant games of bridge, refreshment plates of tuna fish salad, sugar coated nuts, and hot punch were passed to Messrs. and Mrs. E. T. Wells, Burley Brewer, W. H. Ritzenthaler, R. O. Stark, Guy Bradley, W. S. Cather, Naymon Everett, Misses Laynette Smith, Ethel Singleton, Thelma Palmer, Reese of Lamesa, Mrs. C. H. Westmoreland, Messrs. B. J. Boyd, Mack Noble, Charley Rayburn, "Buddy" McVickers, and C. M. Hoffman.

## BUSINESS MEETING HELD BY THURSDAY CLUB

Election of officers for the coming year, new members, and other matters of Thursday Club business were attended to last Thursday afternoon when Mrs. R. O. Stark was hostess to members of the club at her home.

Bowls of cut flowers were used as decorations in the living-room, adding a pleasant note of color and cheer to the gracious hospitality of the hostess.

Games of forty-two preceded the business meeting, and were much enjoyed. Officers elected during the meeting were as follows: Mrs. R. O. Stark, president; Mrs. J. P. Bowlin, vice-president; Mrs. A. H. Koeninger, secretary; Mrs. W. H. Ritzenthaler, treasurer. Three new members were elected to club membership.

Dainty refreshments of salad, cheese wafers, and tea were served to Mrs. Glen Allen, John Eerles, A. H. Koeninger, Waldo McLaurin, W. H. Ritzenthaler, E. L. Sorrels, Hal Singleton Jr., and Mr. J. Whitsett.

## IRVIN WRIGHTS HOSTS AT DINNER SUNDAY

Mr. and Mrs. Irvin Wright were hosts last Sunday at a family dinner which took the place of the Thanksgiving family reunion, more than thirty guests being present for the happy occasion.

Assisted by her sister-in-law, Mrs. Walter Wright of Lovington, the hostess served a delicious dinner to the following guests:

Mr. and Mrs. Dave Womack and daughter, Betty Jean, of Colorado; Mr. and Mrs. Walter Wright and family of Lovington; Mr. and Mrs. Burley Williams and family of Lamesa; Mr. and Mrs. Ed Williams and family of Spangenburg; Mr. and Mrs. P. G. Fuller and family of Colorado; Mr. and Mrs. H. A. Pond and family, and Mrs. J. J. Williams, also of Colorado.

## BILLIE JANE JOHNSON HOSTESS AT NOVEL BIRTHDAY PARTY

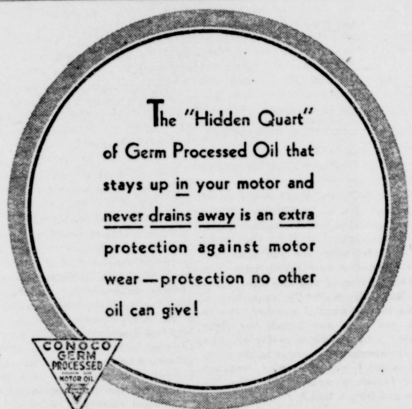

Little Miss Billie Jane Johnson celebrated her fifth birthday Monday with a party at the home of her parents, Mr. and Mrs. John Johnson, entertaining a small number of intimate friends in a novel and amusing manner which met with heartiest approval from the juvenile guests.

In the first place, the party was held in the morning instead of in the more prosaic afternoon hours, and one tiny social bud remarked that she was going to a bridge-breakfast. Then too, everybody knows that it's much more fun to have a really good, "messy" time than a formal party, and Miss Billie's mother had planned just such a program of events. The guests were given full liberty with crayons, paste pot, scissors, and paper dolls, and when it was time for refreshments, each and everyone of them had a finger in the pie, literally and figuratively speaking. One young lady broke eggs for the cookies, and added flavors and milk, another stirred cocoa with vim and vigor, and even the masculine element took turns in rolling cookies and cutting them.

All in all, it was a most satisfying messy party, and the smaller hostess and guests couldn't see why the party had to end at twelve o'clock.

Guests for the occasion were Jo Anne Campbell and Aubra Lee Shook, and Wayne Christopher, Claude Tomlinson Jr., Roy Allen Gibson and Bobby Ramey.

## IS YOUR GAS EQUIPMENT READY FOR THE WINTER?

Summer is nearing its close and crisp evenings soon will begin to give warning of winter's approach.

The efficiency and economy of your gas-burning equipment will have much to do with your winter comfort and peace of mind.

Have you taken any steps to correct defects that appeared last winter? Is your furnace of the proper size and type? Are your burners of an efficient type and are they in proper adjustment?

Is your water heater in the bathroom, and if so, does it have a flue to carry away dangerous fumes that might result from an improperly adjusted burner or from a flame turned too high against a cold surface?

Or perhaps you are planning a new home. Do you know what type and size of furnace will give service with efficiency and economy? Do you know where the hot and cold air ducts or the radiators should be located, or what size they should be?

These are only a few of the heating problems which the Service Department is prepared to help you solve—and without cost to you. The department is manned by experts in gas appliances and their adjustment.

If you have a gas problem, get in touch with the Service Department.

# Positive Proof of FORD ECONOMY

City of Detroit purchases 137 new Ford cars  
Hundreds now in use prove low cost of operation

THESE 137 new Ford cars represent one of the largest deliveries ever made to a municipality at one time.

21 radio-equipped Ford scout cars were traded in on this purchase. They had been operated day and night for two years in heavy traffic and all kinds of weather.

Their individual records ranged from 78,434 miles to 143,723 miles with a grand total of 2,233,097 miles. The operating cost of the 21 cars was 2.234 cents a mile—less than 2 1/3 cents. This cost included all fuel, oil, tires, repairs and every other item except depreciation and insurance.

Of 577 Ford cars in Detroit City service, the 309 in the Police Department traveled a total of 6,591,937 miles during the past fiscal year, at an average cost of 2.9 cents a mile.

Many claims have been made on operating costs, but here in the carefully kept motor car records of the City of Detroit is positive proof of Ford economy.

In the paragraphs above, it is seen that 21 Ford scout cars averaged less than 2 1/3

cents a mile and 300 Ford cars in branches of Detroit police work averaged 2.9 cents a mile!

Day and night, twenty-four hours a day these Ford cars are in operation. Branches of transportation demand a grueling service. The records show the Ford's many economies. Ford materials, simplicity of design and accuracy in manufacturing provide unusual strength, stamina and freedom from replacement and repairs.

The individual car buyer as well as purchasing department of a city or a business cannot afford to ignore the proven economy of the Ford car.

When you take an hour's automobile run, you know that the enjoyment you get is well worth the small amount you spend for gasoline. But have you ever stopped to consider how much you get for your money when you buy electricity?

**Seniors Elect Officers**  
The Senior Class of the O'Donnell  
High School met last Thursday morn-  
ing for the purpose of electing offi-  
cers, choosing colors, and electing a  
sponsor for the year. Those chosen  
to hold office were as follows: Frances  
Scott, president; Jake Burkett,  
vice-president; Monroe Holman, sec-  
retary-treasurer; Glenn Everett, re-  
porter; Mrs. L. F. McAfee, sponsor.  
Class colors will be blue and gold.

**H. E. Club Organized**  
The Home Economics Club was  
one of the most important factors in  
high school last year, and the or-  
ganization of the club for this year's  
work was awaited with much interest.  
Members of the club met Monday af-  
ternoon to elect officers and plan  
some of the work for the year. Un-  
der the leadership of Mrs. B. H.  
Scott, a full program is being ar-  
ranged. Officers elected were as fol-  
lows: Lola Ballew, president; Veda  
Ballew, vice-president; Mary V.

**Freshmen Elect Officers**  
The thirty-two members of the  
Freshman Class of the school met  
last week and elected officers for  
their first year in the grown-up realm,  
the school world. They were: presi-  
dent, Mary Hamilton; vice-president,  
Marie Greenwood; secretary-treasurer,  
Dorothy Walls; reporter, Jim El-  
len Wells. Mr. Burkhalter was un-  
animously elected sponsor of the  
class. Joe Pugh will be sergeant-at-  
arms.

One member of the class rather  
dependently states that anyone can  
sick a freshman out of a crowd, be-  
cause the boys are always being  
spanked or made to clean off courts  
for senior boys, and the girls never  
have on any make-up, because up-  
perclassmen parade the halls with  
a rag in their hands, washing faces  
of freshmen girls.

Miss Morene Huff, local girl now  
a student at Texas Technological Col-

Cathey were guests of Miss Maetta  
Mounts Saturday evening at a tea  
honoring outgoing members of Las  
Leales Club of the College.  
Miss Mounts and ten other mem-  
bers of the Senior Class were out-  
going members, and they introduced  
prospective new members to Dr. and  
Mrs. Horn, Dean Mary Doak, and  
other college notables. The club is  
an honorary organization, and mem-  
bership requirements are very rigid.  
Miss Huff, who was sponsored by  
Miss Mounts considers this as the  
greatest of the many honors which  
have come to her during her college  
career.

The entire affair was formal and  
elaborate, carrying out the club tra-  
dition of dignity and graciousness.

Governor Pinchot, a thorn in the

### DOCTORS HARDEST HIT!

We have collected very little since 1928. We are without money and in debt. There are a few people who have in the past paid us what they could spare and a very few have paid us all they owed, to these we wish to extend our heartfelt thanks, and we are glad to render our service to them just as long as we can buy gasoline to make the trip. But a large majority of the people are using hard times as an excuse for not paying anything, and this is the reason that we are now broke, while we feel that everyone could pay us at least a part of their account.

Or do you expect us to go forever without any pay? If we refuse to come when you call us, you will howl around to get the sympathy of your neighbors, and try to prejudice them against us, but you fail to tell them that you owe us an account and have never paid us a dime.

If we have to resort to raising pigs and chickens or some other means of making a living, what will you do when your family gets sick? And you young "Bucks" that are

dodging about from place to place, having a confinement case here this year and another in some other place next year and never paying anybody, had better have the cash on hand in advance or make some satisfactory arrangements, or you will not get any service from us. We are absolutely fed up and chuck full of this kind of practice, and we positively will not make any more blind runs.
