NUMBER 27.

## O'Donnell Schools Win Honors In County Meet

The 1927 Interscholastic League meet for Lynn County is a thing of the past. The O'Donnell schools gave splendid amount of themselves and carried off twenty first prizes and sixteen second and third prizes. In Class A High School, O'Donnell ranked first, Wilson second, New Home third, and Wells fourth. The B-round county championship in many schools has not at this time been definitely decided. This matter is to be considered at a meeting of the executive committee later. The Tahoka schools, Class A carried away many first, and second places. Out of a possible 27 first places where there was competition, the Tahoka schools won 17 first places, and 6 second, third and fourth places.

One of the most interesting events of the whole meet was the debate. The O'Donnell High School team composed of J. V. Shook and Elmo Burkett for the boys and Sue Gates and Velma Slaughter for the girls were matched against Tahoka's crack team, winning by a decision of four to three. The music contests on Friday night were a treat to all who attended. Tahoka had no opposition in several events, but the boys and girls brought much praise for their splendid work and reflected great credit on the schools and the director, Miss Jackson.

Where all schools have completed their work, the standing of rural pupils may be obtained by re-classifying and admitting high school pupils. Tahoka, O'Donnell, Wells, Wilson, and New Home represent high schools. New Home was first in rural division of schools and was later re-classified as a high school. While competing as a rural school in declamation the New Home contestants won first place in junior boy and junior girl declamations. A resolution was passed by the executive committee asking that the University Interscholastic League allow these same contestants to enter the high school divisions in the district meet at Lubbock. They were also to be given first place medals.

The auditorium of the new High School building provided ample seating room for the large crowds in attendance at each session of the meet. A complete account of the events so far as the Director is able to determine at this time is given against each other but essential track and field points had to be reported separately:

**Tennis**  
Boys Singles—Evans, Tahoka, first; Shook, O'Donnell, second; Cruze, Wilson, third.

## EDITOR ROBERTS AND BEN S. COIN VISITING CITY OF SAN ANTONIO

With lurid tales of the wonders of the Alamo City, its buildings of historic interest, its culture and refinement, the beauty of its women and chivalry of its male inhabitants, the grand panorama of hills clothed in the verdure of spring unfolded as one traverses the route with here and there pelucid streams of water where bass bite beautifully, Ben S. Coin decoyed the versatile editor of the Index, J. W. Roberts, from his sanctum last Sunday and when last heard from they were heading San Antonioward, Coin with his hand on the steering wheel and Roberts with his fishing tackle in his hand ready to make a cast at every creek crossing.

Mr. Coin is never so happy as when making others happy and it was with this in view that he took Mr. Roberts from his labors for this outing. They will return last of the week.

## THOROUGH AUDIT OF CITY'S BOOK ORDERED

The City Council has ordered a thorough auditing of the city's books and accounts for the past year and the contract was awarded to West & West of Lubbock.

Mr. G. A. Creswell of Lubbock is the expert in charge of the work and he says that all accounts are in good shape. He especially complimented City Tax Collector Wimberley for the efficient manner in which he has kept his records. A resume of the city's finances for the past year is published on another page of this issue of the Index. Read it and see where and how our tax money has been spent.

## DICKINSON FAMILY VACATIONING AT OMAHA

Now comes W. E. Dickinson, erstwhile resident of O'Donnell, in a letter to Judge C. C. Jones, stating that he and Mrs. Dickinson and son, Bill Tom, are basking in the sunshine on the shores of a beautiful lake at Omaha catching fish by the million, some of them weighing up to four pounds each. He states that every time he yanks one out of the placid waters of the lake he thinks of some O'Donnell friend and wishes that he were there to help him enjoy the sport. Mr. Dickinson states that his health is still improving and that he will soon be able to go to work for a Dallas firm. He sends his regards to all his friends and wishes them success in making O'Donnell an oil town.

## REV. PARKER TO PREACH FAREWELL SERMON

Rev. J. Wood Parker who has been pastor of the Presbyterian church for more than a year, has tendered his resignation and will leave first of next week for Post where he has accepted the pastorate of the Presbyterian church at that place.

Rev. Parker will preach his farewell sermon Sunday morning at 11 o'clock and it is desired that all members of the church be present as well as members of other churches who desire to attend.

The evening service will be conducted solely by the women members of the church. Mrs. Parker will give a devotional lecture, talker as her subject "Partners with God." Everyone is invited to attend.

## Sky Juice Falls Over Part of Co. Fire Boys Increasing Membership

Sky juice, good old wet sky juice, came trickling down from the heavens in copious quantities Wednesday night and every bit of it went right down into mother earth's store house to furnish sustenance for crops that will soon be in the growing. The soil was getting dry and the little lake frogs had become too hoarse to be heard. Now everything is lovely once again. The green is coming and the tiny butter cups are blooming by the wayside, the lakes are full and the frog has come forth and chirps his song in the nighttime.

About one inch fell in O'Donnell, the precipitation being much heavier to the east of town where as much as three inches was reported. The rain only extended a short distance to the north and west. It was lighter to the south, although a good rain was reported at Lamesa. Some hail accompanied the rain.

The country was never in better shape to receive the rain as most of the farmers had their land listed and ready for planting. It was especially beneficial to the wheat and oat crop which had begun to slow up in growth on account of lack of moisture.

The O'Donnell country is again in line to show the world that it is the best farming section of West Texas. The soil is now storing up the heat to germinate the seed which will soon be planted to produce another great crop. Come to the O'Donnell country.

As a result of sending out invitations to the citizens of the town by Fire Chief Ash, the local fire department has added quite a number to its honorary membership. There are others yet to be heard from and it is likely that the membership of the department will soon register 100 per cent of the citizens of O'Donnell. The local fire department is one of the city's most valuable assets and should receive the support of everyone.

The annual meeting of the State Firemen's Convention will soon be held in Hillsboro and it is time that a move be put under way to provide expense money for representatives of the local department to attend. Other towns send delegates and O'Donnell should do the same. Following is a list of the new members:

E. M. Wilder, Gordon King, Eugene Cook, J. W. Roberts, C. E. Ray, B. J. Boyd, Corner Drug Store, M. J. Malouf, Tonsor Barber Shop, W. O. Debusk, E. S. Scrimshire, T. A. Wimberley, B. L. Parker, J. Y. Everett, L. Dennis, Cicero Smith Lumber Company, Don A. Edwards, J. B. Miles, W. E. Guye, O. W. Howard, J. P. Ayler, Dr. C. P. Tate, Geo. W. Foster, C. Millsap, Roy Gibson, C. H. Westmoreland, Jones Dry Goods, B. G. Whitehead, Ed Singleton, Home Bakery, Bert Fritz, B. L. Davis, Guthrie Grocery Store, B. M. Haymes, Christopher Drug Store, M. System Store.

## Four Business Houses Broken Into by Three Small Boys

When the news that four business houses had been broken into Sunday night was spread Monday morning excitement ran riot for a short time, as it was first believed that a band of bold hijackers had paid the town a visit. The managers of the Higginbotham-Bartlett Lumber Company, the Cicero Smith Lumber Company, Sorrels Lumber Company and the O'Donnell Produce Company all reported that their places of business had been broken into and pilfered of goods ranging from hen eggs to a baseball. City Marshall Wimberley was called upon the scene and he obtained his first clue as to the perpetrators of the crimes when he

found a dog locked in one of the rooms of the Cicero Smith Lumber Company's building. The owner of the dog was well known and it was not long until the law had Joe Featherstone, Maynard Eubanks and H. C. McKee, boys only about fourteen years of age, behind the bars of the city bastille. At first the boys denied knowledge of the robberies but soon weakened and confessed and went out and brought in the goods. The eggs had been used for a midnight lunch and these were paid for.

The boys were placed under bond to await the action of the grand jury and in the meantime, the town is plodding along with its usual serenity.

## SCHOLASTIC CENSUS COMPLETED FOR DIST.

J. D. Fairley, census enumerator for the O'Donnell Independent School District, has just completed the work for this year and reports that he found 510 children within the scholastic age in the district. This is a small decrease over last year when 570 children were reported. This is accounted for by so many families having temporarily moved to the oil fields to secure work. They will all be back for the opening of the fall term.

## Tax Collections Good

Tax collector Haymes reports that about 85 per cent of the total amount of taxes due the O'Donnell Independent School District has been collected. This he considers is a good showing. After today, April 1st, all unpaid taxes will be considered delinquent and a penalty will be attached.

On account of the serious illness of his brother, W. M., Fred Alexander came in from Crane City Sunday to attend him. He found his brother much improved and wishes to thank the kind people of O'Donnell for looking after his welfare during his serious illness.

## RUG WEAVING TO BE STUDIED BY CLUB

The members of the Home Demonstration Club announce that the next meeting will be held at the High School auditorium next Wednesday, April 6th at 2:30 o'clock. Miss Halsey, county Demonstration agent will be present and instruct the ladies in the art of rug weaving. The making of rugs is a very interesting study and this meeting will likely draw out the full membership. Mrs. Vermillion and Mrs. Hohn will preside at this meeting. Everyone invited to attend.

## Buys Cattle

Clyde Frost reports the purchase of 200 head of cattle from parties in Gaines county and a small herd from C. L. Tyler, the stock consisting mostly of three-year old steers and cows. He paid \$50 each for the cows but is mum on the price he paid for the steers. They will be put on his ranch southwest of town.

Charlie Shook has accepted a position with the Chrysler Motor Company under the management of C. I. Kuykendall, of Midland, and left last week to assume his duties. Mrs. Shook will join him there.

## Penn Company's Well to Spud in by June 1

### LAKE ON TAHOKA HIGHWAY AFFORDS FISHING FOR BOYS

Fishing in Lynn county is a rare sight, but during these warm days the small boy and some of them not so small, can be seen sitting on the dump leading across the lake on the highway to Tahoka, with hook and line and if one will take time to investigate he will find that each young fisherman has a nice string of fish. Now, two years ago this lake was dry but the spring rains filled it and since that time the shore line has receded very little. Just where these fish came from or how they got into this lake, the writer does not know, but A. D. Brown informs us that they rained in there from the skies during a heavy downpour of sky juice. "Once up in Arkansas," he says, "I saw fish scattered all over the country that came down during a heavy rain and some of them were so large that we could not travel for several days on account of their fins puncturing our automobile tires".

### CUT WORMS DAMAGING WHEAT AND OAT CROP

Farmers report that cutworms in alarming numbers are making their appearance in the eastern portion of Lynn county. The worms are practically destroying some of the wheat crops and the garden vegetables are being eaten as fast as they come up. It was thought that the cold spell of last week would kill the worms, but since they are bedded underground it seems that they escaped and the warm days of the past week have made them active again.

Some of the farmers claim that they are not the regular cutworm, but resemble the leaf worm that made such havoc with the cotton foliage last fall. All efforts at trying to poison them have failed.

### DESPITE HARD TIMES O'DONNELL GROWING

Just at the time everyone is pronouncing O'Donnell a dead town, buildings are going up and the merchants report trade getting better every day. Guy Bradley has a five-room stucco residence under construction and it will be modern in every respect. The Santa Fe has just completed an extensive addition to the depot. Work of clearing the debris from the recently burned State Theatre and Tomlinson's barber shop is under way and it surmised that new buildings will soon be erected on the lots. Just what character of buildings will be erected has not been given out.

### MRS. GIBBS HOSTESS TO BRIDGE CLUB

Mrs. A. W. Gibbs was hostess to the members of the bridge club at their last meeting at the home of her mothers, Mrs. Schooler. The home was beautifully decorated in colors appropriate of the season and the ladies so fortunate as to be present report a most enjoyable time. No prizes were played for, but the spirit to win high score was manifest throughout the afternoon.

At the conclusion of the games, delectable refreshments were served to the following guests: Mesdames Crunk, Boyd, Brown, Brewer, Garner, House, Hal Singleton, Williams, Corner School, O'Donnell, Wilson, and Wells.

While the excitement occasioned a few weeks ago by finding oil in the Yeatts well and the subsequent spudding in of a shallow test near the discovery well, has subsided, yet there is a low rumbling of oil news floating about that portends something will be doing in this section in the near future.

Drilling at the Yeatts well is going steadily on and each stroke of the bit is being carefully watched by the driller, Boyd Fortner. The next week or so should prove the value of the test.

After removing the collapsed casing caused by heavy water pressure, drilling on the Brownfield test is again under way at a reported depth of better than 1200 feet. This well is located about 20 miles northwest of O'Donnell and on account of the excellent structure upon which it is situated, is attracting a great deal of attention throughout the country.

Local parties who are interested in acreage and royalties near the recently abandoned Gail test, state that a new well will soon be spudded in about three miles northwest of the dry hole, or at the foot of Mushway Peak. Unless oil is encountered at a less depth, the well will be sunk 3,500 feet or better. It is reported that considerable oil and gas showings were had in the former test and this encourages the company to go ahead and complete its contract for the drilling of three wells in the vicinity of Gail.

The committee in charge of blocking the acreage north and east of O'Donnell state that it is meeting with success and will soon have sufficient acreage for a drilling contract. A plan whereby the land owners will come in for an interest in each well drilled is being carried out.

The Lamesa Journal is authority for the statement that a deal was closed last week with land owners in the northeast part of the county and Robert I. Penn Company of Dallas to drill a 3,500 foot test well. This lease consists of 16,000 acres of land located about 14 miles northeast of Lamesa. The actual drilling, according to contract, must begin within 120 days from the date the contract was signed, which will make it about the first of June.

The striking of oil in the Lovington, N. M. well will put an impetus in testing out the entire South Plains country. Oil was encountered in this well at a depth a little above 4,700 feet. The well is reported to be standing 3,000 feet in oil.

Whether oil in paying quantities is ever found in the O'Donnell country or not, we have the best farming section in the United States and our people are going to carry on just the same. Long after oil will have been gotten, this section of the South Plains will be making millionaires out of farmers, each sitting under his own vine and shade tree and listening to the merry tune of the hen cackling over laying golden eggs. After all, all's well that ends well.

### LOSERS IN CONTEST ENTERTAIN WINNERS

The Ladies Aid of the First Christian church met Tuesday afternoon in regular session. On account of business matters coming before the body, the less on was shorter than usual. Mrs. Lawrence Dennis was the guest of honor at the meeting.

The feature matter of business coming up was to arrange plans for serving a plate lunch on Tuesday from 11:30 until everyone had been fed. The lunch will be served in the former First National Bank building. The lunch will consist of everything that the best cooks in the world know how to prepare. Tuesday being a quiet day the ladies are sure to make quite a neat sum to help them in their noble work.

The next meeting will be held on Wednesday afternoon at the home of Mrs. Lawrence Dennis.

Some people still say, "I'm afraid of banks," and keep their money on their person or hidden about the place, to bring the footpad or murderer or to be lost by fire or their own death. The losses from the old-sock and hole-in-the-wall banks are more than all those from credit fraud bank failures and all breaches of trust; and the loss of life is a thousand times greater. It is not prudence to hide money away; it is sheer idioecy. Subscribe for the Index and bank the balance.

### FARWELL MESSAGE FROM PALMER TO THE SCOUTS OF THE SOUTH PLAINS

My two years' work in your midst has been both pleasant and helpful to me. I have learned to know many of you, perhaps better than you thought and I found much that was "pure gold" in each of you. Scouting has taught me much. Friendship have been formed, some of them around the campfire (where the bad goes out and the good comes in) that will live until end of time. I did what I did for this program, that I believe in with all my heart and life. I want the boys and men and others I have learned to know to view Scouting in a big way, to think of the program as a whole, as a God-send to our great American nation, and that we each have a part to perform in making our own America what God wants it to be.

I take this means of telling each of you goodbye, because it would have been almost impossible for me to have told each of you that I was leaving to take up a new work in another field. I am playing the game of Scouting on a team of which our Regional Scout Executive serves as captain, and as long as I am in this great work as I am, I expect to play square, and when and where our Chief thinks best. I have asked every Scout to play every game I have taught you, "on the square", so I am doing the thing I have asked you to do.

You have your new executive, Mr. A. H. Watts, a man of some fifteen years' experience of both volunteer and professional Scouting. I am convinced more and more each day that the South Plains needed a man with just his experience. Scouting can begin on the foundation that has been laid and build a mighty light-house tower, whose star of brilliance can shine forth as a guiding light for not only the Councils of West Texas, but for the whole region, and even the whole South, so that 100 per cent American citizenship will stand out four-square in comparison with any council anywhere.

I ask of you as my friends, both Scouts and adult leaders, to keep scouting. You'll prove your friendship to me and this great program by doing that very thing.

I can mention a few of the "big men" of the Area who have, in my opinion, done a great deal toward making the South Plains Council what it is: L. S. Harkey, Dr. P. W. Horn, Dr. J. C. Loveless, Marshall Mason, J. W. Hood, E. P. Buie, Rev. Wood Parker, J. G. Thomas, A. P. Duggan, K. N. Clapp, E. Caldwell, J. D. Dyer, T. Windsor, Dr. C. B. Towns, G. H. Nelson, A. B. Sanders, Edna Jones, S. A. Henry, Frank A. ... and many others who have ... in a large way.

I will be glad to tell you of my experiences since leaving Lubbock, especially about some of the things I have learned while spending a week visiting Corpus Christi while waiting for possession of my house in Uvalde. Scouts, there sure is a "big pond" down there. If any of you want to know more about it, write me, Box 284, Scout Headquarters, Uvalde, Texas.

Yours for more and better Scouting.

H. B. Palmer.

### Baptist Will Begin Revival Sunday

Everybody is invited to attend the revival to begin at the First Baptist church, Sunday, April 3rd, and going through the week following.

Services 10:30 and 8:15 p. m.  
Come worship with us. We need you.

W. K. Horn, Pastor

### P. T. A. Program For Next Meeting

The following program will be rendered at the next P. T. A. meeting in the high school auditorium:

Piano Duet—Ina D. Everett and Alice Busby.  
Reading—Mildred Bowlin.  
Piano Solo—Verdie Hodnette.  
Vocal Solo—Christine Millwee.  
Talk on Child Welfare by local physician.

### Surprise Party Given Given Mrs. Knight

Mrs Knight was agreeably surprised Monday night by a number of friends who gathered at her home in honor of her birthday. A number of games were played after which delicious refreshments were served.

Guests were: Mr. and Mrs. H. E. Gillespie, Mr. and Mrs. Mack Garner, Mr. and Mrs. Guy McGill, Mrs. V. E. Bonham, and R. O. Stark.

### Picnic Party Enjoyed Last Sunday

These warm days are calling many picnic parties out into the open where they can feast and commune with nature in this the most beautiful of all seasons. Among those going out Sunday after church, the following report a most enjoyable time: Mr. and Mrs. E. S. Scrimshire, Mr. and Mrs. A. D. Brown, Mr. and Mrs. J. P. Bowlin and Mr. and Mrs. H. E. Gillespie. They spent the afternoon in one of the canyons on the Gillespie farm where a beautiful little spring sends its life-giving waters down through plum thickets which are now covered with snow white blossoms.

### Seniors Class Will Give Play at Draw

The Senior Class of the O'Donnell High School will present their play "Lone Star" at the Draw high school auditorium tonight. The play is a comedy-drama in five acts and the young people have their parts well in hand. Special numbers between the acts will be introduced. The class extends an invitation to all to attend.

### AT FIRST CHRISTIAN CHURCH

Rev. Irye L. Townsend will preach again this coming Sunday, April 3rd The morning message at 11:00, will be on "Evidences of the Unseen," and in the evening at 7:45 "Neglecting Salvation," this will be an old fashioned evangelical service, with a stirring song service preceding the sermon. If you enjoy real gospel preaching without fear or favor, come out to both of these services and bring your friends.

Sunday school at 10:00 A. M every Sunday morning. Bro. C. T. Kibbe the superintendent, has been obtaining some happy results in this department in the past month, and the "special features" he prepares for each session are proving highly entertaining and wholesome. Be out this Sunday for sure.

### JACK CONRO BACK WITH LYNN COUNTY MOTOR CO.

Jack Conro is again back in his old position as head of the mechanical department of the Lynn County Motor Company. Jack bears the reputation of being one of the best mechanics in this section of the country. He has many friends who are glad to see him back at his old job.

Constable B. L. Parker made a business trip to Crane City Wednesday. It is reported that he went down there to solicit votes from the many O'Donnellites living there.

### TO PUT THE RECORD STRAIGHT

It has been rumored that the present City Council was meeting four times a month and that they were receiving \$3.00 per meeting night and that Messrs G. A. Haney and John H. Hardberger were not present when the salaries were set for this term of office.

Now in fairness to all let us get this matter straight. The records which are open to everyone to inspect at all times show the following: The City Council has two regular meeting nights which are held on the first and third Thursday nights. That the aldermen receive \$2.00 per night, if present, if absent no pay for that night. The night the present salaries were set by the aldermen, all were present except Mr. G. A. Haney.

This space is bought and paid for by C. T. Kibbe.

PURE BRED BROWN LEGHORN eggs for sale, 60 per setting; 2 1-2 miles northwest of O'Donnell. Mrs. D. B. Middleton.

WANTED—Washing and sewing by Mrs. W. R. Kirkland, O'Donnell, Texas.

Mrs. R. O. Stark is visiting this week with relatives and friends in Lockney and Floydada.

## PLAIN FARMERS URGED TO ATTEND DISTRICT C. OF C. CONVENTION

The farmers and their wives of the South Plains are urged to attend the annual District West Texas Chamber of Commerce Convention which meets at Crosbyton April 7th. The South Plains is an agricultural section and the program for the convention is largely an agricultural program. Leading authorities on agricultural problems will be on the program.

The agricultural group meeting which will be held at 3:30 at Silver Lake Falls will be strictly an agricultural program, with D. F. Eaton county agent of Lubbock in charge. Other county agents and home demonstration agents of the South Plains will be present and will speak together with members of their various clubs, both adult and junior, boys and girls.

Speakers are from the following counties: Hale, Lynn, Lubbock, Floyd, Dawson, Dickens, and others. These speakers will tell of agricul-

tural development and problems in their county. A question box will be had where people will deposit agricultural questions to be answered by authorities. Everyone is urged to bring their questions and problems to be discussed.

A pageant on agricultural life will be presented by the Crosbyton High School entitled "Which Way Shall We Go?"

## MISSIONARY SOCIETY CONTEST ENDS WITH SOCIAL HOUR

In the recent drive contest for new members between the Red Hearts and the Blue Hearts of the Ladies Missionary Society, the Red Hearts proved the winners and according to agreement they were the guests of the Blue Hearts at an entertainment at the Methodist church Monday afternoon. The losing team took their defeat good naturedly and proved game losers and royal entertainers. The program consisted of contests of various kinds interspersed with music

and readings. At the close of the meeting a delicious course of red, white and blue ice cream with cake was served to eighteen members.

The ladies plan to make this year a banner one in forwarding the interests of their church and promoting religious welfare in general.

## An Ancient Symbol of Hospitality

A PICTURESQUE old rectory in Rhode Island was recently being restored. Covered with vines, its colors mellowed by age, so the rectory had stood for over one hundred years. The north doorway on this old home was formerly the doorway of the French Admiral deTernay, and is one of the famous carved doorways of New England. When the dust of years was brushed from the ancient carvings and the central ornament disclosed, it proved to be a pineapple.

Only one other similar doorway is still in existence—that on the old State House on Washington Square. Commenting upon his architectural design a writer of "Parish Tidings" says:

"The pineapple in the midst is an ancient symbol of hospitality, and no symbol of hospitality must be allowed to decay over the doorway of a priest, whose doors must always be open to the sheep of the flock. May the old pineapple be a true symbol of a real welcome for many years to come!"

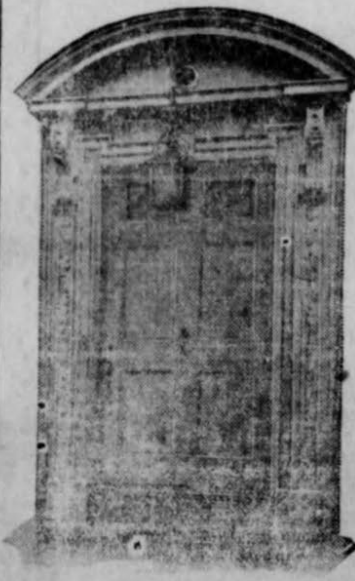

Today, the pineapple on the table symbolizes hospitality. Much of the beauty of old doorways has been lost, but the spirit of hospitality is still fostered, and the hostess who serves pineapple extends to the guest within the door, the warmest of greetings.

The newest aid to the hostess who serves pineapple is the Hawaiian pineapple "tid-bits". They are made from the same sun-kissed Hawaiian pineapple as the sliced product, and they lend themselves to dishes in which smaller pieces of pineapple are preferable to larger pieces.

Here are some delightful ways of serving pineapple tid-bits: Pineapple Waldorf Salad—Pars-

quarter and core three apples and cut into tiny cubes. Add medium size can of Hawaiian pineapple tidbits, one-fourth cup walnuts broken in pieces and one-half cup celery cut in thin inch-long slices. Mix with thick mayonnaise dressing and serve on lettuce.

Baked Pineapple Tomatoes—Scoop out centers of six uniform-sized tomatoes. Chop six slices crisp bacon, tomato center, and one onion. Add medium size can of Hawaiian pineapple tid-bits, and enough bread crumbs to make the right consistency to stuff into the shells. Cover with more crumbs and grated cheese. Bake in a hot oven (500 degrees) for twenty minutes.

**WEST TEXAS CHAMBER OF COMMERCE NOTES**

**BAIRD**—Record breaking crowds thronged the streets of Baird March

23 at the Oil Belt District Convention of the West Texas Chamber of Commerce, which was declared by officials of the organization to be the most largely attended and the most enthusiastic district gathering ever held. Flags, bunting, and town colors streamed from every corner

Seven live bands from Abilene, Ranger, Moran, Dublin, Cisco, Cross Plains, and the host town kept Baird alive with music. Luncheon was served to a mammoth crowd in the Baird tabernacle, some 700 guests waited the audit of the city secretary and report, but gave the I that he found the books in v clerical errors. City of O'Donnell, M ran for that honor. Sidelights on the Baird convention will be given in the April issue of "West Texas Today".

**CROSS PLAINS**—President Arthur P. Duggan and Manager Homer D. Wade of the West Texas Chamber of Commerce, and party initiated a tour of the Heart of Texas district here March 23, following the banner Baird convention. The good will trip embraced from that point, Rising Star, Cisco, Gorman, Comanche, Brownwood, Mercury, Brady and Lampassas.

**CRANE CITY**—A large delegation of McCamey Chamber of Commerce men visited here recently to help organize a local commercial body. The Crane City Booster Club voted to change its name to Crane City Chamber of Commerce and voted to affiliate with the West Texas Chamber of Commerce. The town is one of the West's leading oil activity points.

**ROPEVILLE**—Work is progressing nicely on the new Ropesville High School. The school is under direction of Superintendent C. V. Roberts, and is working on state affiliation.

**FOR TDAVIS**—The major projects of the Fort Davis Chamber of Commerce, recently affiliated with the West Texas Chamber of Commerce are: securing of a designated Federal highway, which will connect with the Bankhead at Pecos, running through Balmorhea, Fort Davis, Marfa, and Shafter to Presidio; increased hotel facilities for tourists; increased school facilities; building cottages for the benefit of tourists, and a golf course.

**SWEETWATER**—Monte Owen, formerly secretary of the Colorado Chamber of Commerce, is on the job as secretary of the Sweetwater Board of City Development. Owen succeeds W. Scott Barcus who now

holds the secretaryship at Pampa. **DUBLIN**—R. M. Milholin, vocational agricultural teacher here, has resigned his position to become Hale County Agricultural Agent. He takes the place left open when Paul Huey went to Dallas as Field Editor of "The Progressive Farmer". Milholin has scored a number of successes in boy's club work and animal husbandry since he has been at Dublin. He will continue the monumental dairy project undertaken in Hale County.

**EASTLAND**—The "Eastland County News" has made its appearance in the press of West Texas. It is a constructive sheet devoted to interests of the farmer, rancher, and poultryman.

**BARSTOW**—A 4200 acre tract has been opened here recently for colonization by farmers.

**John Deere No. 667**

By letting this two-row do the work of two one-row listers, you'll save the cost of one man and two horses. You'll get the accurate planting and good work for which John Deere listers are noted. Accurate planting because of the famous "999" drop for corn and the John Deere saw-tooth type picker wheel for cotton. Good work because of genuine John Deere bottoms that scour and wear well. Seed

plates can be furnished for great variety of seeds. Either horses or tractor can be used with the "667". Row-spacing is quickly adjusted from 36 to 38, 40 or 42 inches. All adjustments easily made from seat. Depth of covering and depth of listing controlled by levers. Put this money-saving John Deere Lister to work on your farm this spring.

We want you to see this lister at our store next time you come to town.

**THIS FOOD IS PUT UP IN A VARIETY OF FORMS**

**WHEN** a food outgrows the stage of being a delicacy and becomes so universally used as to be a staple, a demand is created for various forms of that food on the market. Not so long ago, tomatoes grew in old-fashioned gardens as "love apples," to be looked at but not eaten. Later it was discovered they were good to eat. The first tomatoes canned were a delicacy, but today, tomatoes can be bought in some dozen different forms — ranging from whole tomatoes to tomato paste.

Pineapple used to grow in royal gardens under glass. When it was discovered that Hawaii could grow better pineapple in the open fields and ship it, sun-ripened in cans, pineapple was a delicacy. Today, with the discovery that pineapple is a complement to meat and vegetables, it is known, also, that it contains valuable food elements. It is not only a delicacy but an important food product and is packed in a variety of forms, ranging from sliced pineapple to the pineapple juice.

The most popular forms in which Hawaiian pineapple is available are sliced, crushed, "tid-bits" and broken slices, and pineapple juice. Both sliced and crushed pineapple may be had in what is known as "juicy" the choicest pack, and "standard," almost as choice but costing less, and very delicious.

Crushed pineapple is primarily a culinary ingredient. It is just as choice as the slices—in fact, it is even better as far as flavor is concerned as it comes from the outer portion of the pineapple, nearest the shell and this shell is nearest the sun.

The juice is pure juice of the pineapple, unweetened so that it can be mixed with other liquids in sandwiches, pudding sauces, etc. It contains all of the rich mineral properties and vitamins which make pineapple so vital a part of the health diet.

Pineapple is put on the market in various size cans. They are: Buffet can, containing five slices of pineapple or nine ounces of the crushed product; No. 1 1/4, a slightly larger flat can containing six larger slices; No. 2, a tall can, containing ten slices, or one pound of crushed; No. 1, a tall can, containing nine slices of pineapple, or eleven ounces of crushed; No. 2 1/2 can, containing eight large slices of pineapple or one pound five ounces of crushed pineapple.

Pineapple tid-bits and pineapple juice are obtainable in No. 2 tall cans. These tid-bits are especially suitable for salads or any dish in which small pieces of pineapple are needed.

Monday afternoon as we gathered at the Methodist church we were met at the door by Mrs. Scrimshire, who in her charming way made each guest feel as if her presence was really needed to make the afternoon a complete success.

We were conducted to a table where Mrs. Boyd was serving a delicious punch. Mrs. Gates in her own way told us how glad they were to entertain us. Each lady had been previously instructed to bring five beans and five nickels. We wondered if the beans were to be our refreshments and the nickels to pay for our entertainment, but our minds were soon relieved when Mrs. Scrimshire sat a very small quart jar on the floor beside a chair. We were told to stand erect in the chair and

drop the beans on the jar. For every jar or bounced a nickel. Most nickels each to our ways needs replace this a bible contest. Mrs. Estes winning answer.

Refreshments consisted of white and blue bread, Angel and Devil's Food served to the following: Mrs. Estes, Gates, Gooch, Boyd, West, Randall, Hicks, claw, Bowlin, Scrimshire, Pearce, Shook, Harlan, Mrs. Hicks responded in a great way for a home among friends.

more Pressure Power!

DON'T worry if your motor is choked with carbon. You can make that condition a real asset if you use Conoco Ethyl Gasoline.

Here's why:

- Carbon increases the pressure in the cylinders.
- Increased pressure means increased power.
- Conoco Ethyl Gasoline performs perfectly under high pressure.

So why not enjoy Conoco's extra knockless miles under practically all operating conditions.

You can get Conoco Ethyl Gasoline at the sign of the Continental Soldier.
