375 Bales Ginned Here By Thurs.

Output From The Five Gins Runs About The Same As Last Year

Approximately 375 bales of cotton had been ginned by O'Donnell gins Thursday morning, a check of the five gins showed.
Several bales were on the ground awaiting to be ginned, and others were expected today.
According to ginners, the output is practically the same this year as last at this time of the season, but only a normal crop is expected this year in comparison to a "three-year" crop last season.

POCKETBOOK OF OFFENDERS TO BE "TOUCHED"

City Officers are Through with Admonitions, Say

"We've tried courtesy, explanations and plain warnings on the speeders of O'Donnell in the past to no avail, and now we'll see what a few fines and cracks at their pocketbooks will do," grimly declared John Johnson, city officer, and night peace-officer. Growth in a statement to the PRESS this morning.
That the war on speeders was for their own protection, and the protection of persons who tried to drive carefully, was also the statement made by the officers.
A constant vigil, day and night, will be kept and all offenders, regardless of whom it may be, will be booked and fines assessed.
"These strip-down cars and youngsters piloting the cars of their parents will receive special attention because they are the worst offenders," Johnson claims. "We're not kidding, but sooner would they promise to be careful, and away from us, than they would be at their tricks again."
"But kids are not the only speeders," Johnson continued, "a lot of grown people are taking liberties with the property of others and we'll see that it is all stopped. If taking their money from them won't do it, we'll try even stronger means."
The war on speeders is to take effect immediately, the officers post warning.

Topping of Loup Here Finished

One City Block Is Also Worked; No More Work Contemplated

"Finishing touches to the 'loop' through the main street of this city from highway 87 were given Wednesday when an asphalt coating was placed over the original paving.
The work is a part of a project from Tahoka south under way by the state highway department. Efforts of the city administration to secure approval for the "topping" of the paving around the "square" and east from the PRESS office proved unavailing, and finally resulted in only one block, from Main street east on Ninth.
"That's all the money we could furnish, and that's the material they had," said Mayor B. M. Haynes when the block was finished and he was questioned by the PRESS regarding future "topping."

Incidentally, a good way to begin "co-operating" is to make your plans to accompany OUR football team to Falls next Friday. They meet a tough foe—but they can beat them if enough of us "fans" are present to spark them to greater deeds. Those boys on the football team are our citizens of tomorrow—they will perhaps battle together to make our towns, cities and farms better places for all.

Vegetables Dress for the Season!

Those hardy perennials of the food world—fresh vegetables—don't always get the credit they deserve even in the most appreciative of families. Familiar as they are, their appearance on tables everywhere is taken as a matter of course—a necessary means of providing valuable health elements.

But imaginative hostesses everywhere are beginning to realize that vegetables may be the most exciting dishes on the everyday menu. All they require to become chef's masterpieces is a skillful sauce to enhance their own delicate flavors and to add a note of distinction to the dish. For this purpose, the all-milk cheese food, Velveta, is the perfect answer. Because it melts so readily

into a sauce of perfect golden smoothness, and because its own flavor is mild, delicately rich, subtle, Velveta is the ally of the entire vegetable kingdom. Green beans, cauliflower, spinach, onions, asparagus—each of these familiar garden beauties is made more attractive and delectable by the addition of a Velveta sauce. This golden cheese sauce, ideal for a thousand menu uses, is simply made by melting a half-pound package of Velveta with a third of a cup of milk in the top of a double boiler.

Asparagus mixed with a generous topping of smooth Velveta sauce is a treat worthy to serve as Duché-honor on any party menu, simple and economical enough to come to the family table often.

Eagles Down Fluvanna's Buffaloes By Score of 26-0

Demonstrating their superiority on both ground and in the air, the O'Donnell Eagles opened their football season here Friday afternoon by clawing out a 26 to 0 victory over the Fluvanna Buffaloes.

The wing-spread and war-like eagles took possession of the game from the opening kickoff, and kept the play in the Buffaloes' territory practically throughout the game. Fluvanna tried grounding in the third quarter and switched to the air which yielded three first downs, but the play was short and died near the yard stripe when a passer was intercepted and the Buffaloes lost 10 yards.

O'Donnell made 10 first downs, Fluvanna's six. A combination of Robinson Burleson in carrying the ball and the defense of the Buffaloes took time about crashing and around the defensive Buffaloes to place the ball within easy reach of the goal. Burleson elected to make the try, but made no attempt. Robinson was then handed the ball and plunged across the field. A pass for the extra point from Robinson to M. Harris failed.

Fluvanna's bid for scoring was thwarted after O'Donnell's score was made. Turner took the ball but was almost stopped in tracks deep in his own territory. Taylor twisted around right for a gain of six yards, but fumbled on the next play. Brown, who was substituting for Fluvanna, picked up three yards, but in the middle of the field for third down, with about six yards to go for a first down. Fluvanna promptly punted out.

Robinson killed the punt on his own end marker, and an O'Donnell followed, the ball rolling to Fluvanna's 24 yard stripe. Taylor twisted his way back in a try for only about 9 yards. Fluvanna was ready to go up, but Roddy fumbled and the ball was covered. "Blatting like mariposas," the Buffaloes began their march for their touchdown when Burleson led his way behind his interception to Fluvanna's 34 yard line. Burleson and Burleson took time making short gains to lay out within striking distance

Velveeta Hamburgers Deluxe

A man's home is his castle—no doubt of that, when he decides to take command of the kitchen! Every man harbors the secret feeling that, given a chance, he has the inspired hand of a chef! And chances are, he has. On these stag feasts, and other occasions when the man of the house decides to try a little plain and fancy cooking, no choice could be a happier one than hamburgers with Velveeta. Here's a satisfying feast, substantial enough to appeal to any hearty man's

culine appetite—and easy enough to prepare to make cooking seem the simplest art in the world. Velveeta Hamburgers are made by pan-broiling individual hamburger patties, adding a slice of Velveeta on the hamburger, placing them beneath the broiler until the cheese food is melted to a luscious golden brown. Then place the hamburger cheese combination between halves of a toasted picnic bun, add piccalilli, Bermuda, or your favorite condiment—and there is a feast indeed.

of the goal. Robinson flipped a pass to Line, who was within a foot of the goal line, and the Buffaloes were made to look like a good calf crop by the maneuver. Line was halted after snatching the ball, but Robinson sparked his way over to make the count 12-0. Try for extra point failed when Fluvanna's line withstood the ground charge. Another touchdown and extra point was placed in the nest of the Eagles in the second quarter. Starting with Burleson's 15 yard run, which the referee laid on

th Fluvanna's 32 yard line, Robinson shot a beautiful pass to M. Harris for 18 yards. Burleson lost 8 yards on a fumble, but the ground was quickly made back when Robinson faked an end run and leveled off another sweet pass, this time to Line within 10 yards of Fluvanna's cherished possession. Burleson picked up a short space on an end sashay, then picked up more yards and plunged over the third touchdown by skirting right end. Robinson capped (Continued on Page 8)

PURCHASING POWER OF CAR OWNERS

Purchasing power of 2,402 light car owners in Dawson Co. has been increased during the past 12 years by \$81,427.83.

For proof of his statement, Mr. Litchfield cites the fact that tires used on light cars today give an average of 26,500 miles of service, as compared with 14,200 miles delivered by light car tires in 1926.

Mr. Earles also says: "These figures are based on a nation-wide study just completed by P. W. Litchfield, president of The Good-year Tire & Rubber Co., Akron, Ohio."

"Under the inspiration of a free competitive system, modern business steadily improves the products which it sells to the public and in one way or another, constantly decreases the cost of those products to the public. Nowhere in the world is there a people so consistently well served. Nowhere in the world is there such a widespread creation and sharing of new wealth."

"Goodyear, quite naturally, is proud of its part in this record of accomplishment," he concluded.

Salad-Sandwich Loaf Is Royal Fare!

If the hasty Earl of Sandwich, who is said to have invented sandwiches, because he refused to take time to eat an ordinary meal, could look upon the party sandwich of today he might be boast of his inventive genius. A sandwich which is a whole party-meal in itself—and as lovely to look upon as the finest of birthday cakes—is the salad-sandwich, with all sorts of alluring delicacies in its various layers, the whole loaf frosted with "Philadelphia" Cream Cheese. The finished loaf is a delight to the eye, and as the hostess cuts off individual sandwiches, just as she would cut a cake, the brilliant layers reveal a colorful and luscious assortment of fillings. Lettuce, tomatoes, Kay or pimento spread all lend their goodness to each individual sandwich. Although the loaf, finished, is a veritable masterpiece, its preparation is actually simpler than the

making of dozens of individual sandwiches.

tured the extra point by plunging over.

Featured by a 15 yard run by Robinson, the fourth touchdown was reeled off in the third quarter through ball carrying by Robinson and Burleson. Interference of the O'Donnell ball carriers was clicking on all six in the race for another score and the quarterback went across to bring the score to 25-0. Burleson plunged for the extra point.

From that point on the game seemed, with O'Donnell playing his poorest ball. With only about two minutes to play however, O'Donnell went to the air in a desperate attempt for another touchdown.

After chalking up a first down via ground play, Robinson started flipping passes deep in the Buffalo territory. His first was incomplete. Fading back and then around to his own right end, the quarterback then uncorked his most beautiful pass of the afternoon to McLaurin, who had wormed his way out of would-be tacklers, and who scooped the ball
