Eagles Drop Good Game To Seagraves Friday

Fans Friday night at Johnson's Field surely got their buck's worth with a nearly perfect spectator's game and certainly the best half time show of season.

The two Eagle teams were so evenly matched that the game rocked back and forth with each team exchanging leads until the 4th ground which was all for Seagraves. O'Donnell's game was by all odds the best they have played and again the LINE PLAY was excellent. We have never seen a school boy team improve so in a few weeks. Rains fired both barrels being a running ball of fire. Sanders played a steady game making gains of 2 to 5 yards with each try. We can't see how O'Donnell can miss having a very good team next fall. Purposely we are not naming all the star pupils because their play was TEAM work with all doing well their part. Part of this season's disaster has been poor defense. The first half defense was excellent.

This Friday the Eagles will close the season at Sundown having lost all games but one.

Next Tuesday O'Donnell residents who are also city tax payers and have a poll tax may vote on whether they wish O'Donnell to enter into the Canadian River project or to remain out. Voting will be next Tuesday, Nov. 24 at the City Tax office. Also elsewhere in this edition you may read the official notice.

We have talked to a number of local residents and all have indicated favor of the proposal. This project is the only long time answer to the acute lack of water in West Texas and the Plains.

Sumner Clayton, Jr. is the local director on the Board and he will be glad to fill you in on any details you wish to know.

No Money Involved

In simple form Tuesday's election may be compared to a poker game. Tuesday O'Donnell residents decides whether to stay in the "game" to see the next "card" or drop out now before the game even begins.

BEFORE any money matters or revenue bond issue is considered, O'Donnell and the other 11 towns will VOTE again... maybe vote several times.

In brief Tuesday's election is merely to formally organize the district and determine the towns in earnest in the project.

If a revenue bond election is called later and O'Donnell votes it down, then our town will AUTOMATICALLY be OUT. In short at this time we have ALL to gain by staying in the "game." Neither the way of financing nor the agency to do it is involved in next Tuesday's election.

Quality of Water Good

More subsurface water may be discovered in the years ahead but taking the City out of the draw-down of available water will leave more for irrigation by farmers... which is very important.

The Canadian water is very good and has been o. k'd for municipal use having a very low fluoride content as well as low gyp and other totally soluble salts.

Will Buy Water Like Present

The water will run by pipeline to the 12 member cities and O'Donnell will buy the water at the pipeline outlet on edge of city.

Water Costs To Be Lower

The water will cost the City far less than at present because of NO outlay for well repair, pumping, pipe repair, and prospecting for additional water fields.

If O'Donnell misses the Canadian water Tuesday, we are OUT of the project forever without recourse... and we all agree that the long time prospects of a town without WATER is very dim indeed.

Before you vote "no" give this your careful thought. If you wish, The Index invites you to the office to read several bulletins on the proposal as well as see a picture of the lake as proposed.

VOTE "YES"... and give your children a chance to live in O'Donnell 10 years, 25 years, 50 years from now. Next Tuesday is our Hour of Decision.

(If you do not have a ride to town to vote, call S. M. Clayton, Jr. office, the Index, or City Tax office)

Yvonne Seay gave the chapter creed and Jo Ann Griffin reviewed the activities of FHA week.

Christmas Tree Lighting Program Is Slated Dec. 3

This Christmas promises to be the best ever. With an almost total skip in fall business, merchants and residents alike have more time for Christmas planning and getting the real spirit of the holiday... Christ's Birthday.

20 Ft. Tree

O'Donnell will have a huge 20 foot evergreen tree from Ruidoso purchased by the City of O'Donnell. Location will be some place on a vacant lot on the square. Mrs. F. M. Jones is seeing to the arrival of the tree and location while the 1946 Study Club will be responsible for the program and decorating the tree. On the club's committee are Mrs. Bill Davis, chairman, Mrs. J. C. Swinney and Mrs. Roy F. Smith. Other members will be in the planning and presentation. Every organization of the town will be asked to loan or donate what decorations they wish for the tree. Especially requested is the loan of outside light decorations, (not the interior kind).

All Churches Have A Part

On Thursday Dec. 3rd at 6:30 p.m. the switch will be thrown lighting the tree and the streamer lights throughout the business section. At that time the Christmas program will be presented with all churches and all organizations having a part.

Annual Christmas Eve Party

On afternoon of Christmas Eve the Fireboys will present their annual Christmas party from the tree with Santa being here in person.

Every man, woman, and child is asked to take a part and to enjoy the Community Tree. If you enjoy it this year, the community tree doubtless will become a tradition.

The Yule season is one of having the spirit, the feeling of the season. This Christmas will be WHAT WE MAKE IT... a joyous religious experience... or a tiresome trial of stewing, baking... worry about what to give to whom.

Thanksgiving Dinner 26th

The annual Thanksgiving Turkey dinner of the O'Donnell Cemetery Association will be next Thursday Nov. 26 at school cafeteria. Plates will be \$1.25 and 75c for children. A menu and other information will appear next week. PLAN NOW TO ATTEND. It's one of the town's best and most enjoyable traditions.

James Reed was on sick list over week end

The Lions Club will meet Thursday at 12:30 p.m.

STUDY CLUB

The 1946 Study Club met with Mrs. Joe Harris Wednesday with 15 members present. An interesting program on The American Treasury was presented. Mrs. Homer Hardberger was program leader with Mrs. Bill Davis, Mrs. Carr Spraberry and Mrs. Bury Koening assisting her. Talks were given on Wamm Springs, Ga., Gettysburg, Pa., and Independence Hall in Philadelphia. The club voted to assist in the Community Christmas tree project. The next meeting will be with Mrs. Carr Spraberry on Nov 18 with a religious program with Mrs. S. C. Cooper of Lubbock as speaker.

CLASS FAVORITES ELECTED

A high school election ended Monday with all classes, except the Freshman, represented in the runoff. All Senior candidates were in the finals with nine Juniors, and three Sophomores and the Seniors won a majority of places with seven candidates and the Juniors followed with the other five. Retha Gillespie and Fuzzy Moore, in the run off with Patsy Moore and Douglas Moses, were elected as Best All Around. Nancy Everett and Arthur Jackson, in run off with Sally Gray and Wayne Mott, were elected as Most Popular. Frances Vandivere and Red Rains, in run off with Jo Ann Griffin and Bobby Sunrow were elected as Friendliest. Shirley Gass and Carl Copending in run off with Mae Snider and Jack Worthington were elected as Best Sport. Carole Thompson was elected over Patsy Mahurin for Most Beautiful and Harold Sanders was elected over Frank Parker for Most Handsome; Yvonne Seay and Avery Doss in run off with Buddy Beach and Winona Anderson were elected as Mr. and Mrs. O.H.S.

Miss Amaro Is Queen

The Eagle band entered the field playing "Host of Freedom March." The band formed letters "S. E." honoring Seagraves and played "Hi - Neighbor" and the Seagraves fight song. With the field in darkness and tiny flashlight on their caps, the band formed an "O. E." while at north end goal post a pyrotechnic display of a burning eagle illuminated the darkness with the band playing the O'Donnell Fight Song. The band then formed "HIX" in tribute to the ex-students present for homecoming.

The homecoming queen ceremony began with Seniors Sally Gray and A. Jackson, Juniors Irena Amaro and John Spraberry, Sophomores Betty Snellgrove and Jess Barnett, Freshman Patsy Pearce and Travise Pearce entering the field. With lights out another pyrotechnic display announced the queen chosen by popular vote Miss Irena Amaro. The attractive brunette Junior was crowned by A. Jackson.

SEES NEW TRUCKS

F. M. Jones of the Ellis Chevrolet Co. has recently returned from Okla. home City where he attended a private preview of the new 1954 Chevrolet trucks.

The exhibit and accompanying business session were sponsored by the company for all retail dealers and salesmen in this area and emphasized the importance Chevrolet is attaching to its soon to be announced new truck line.

"The meeting was somewhat with out precedent in our experience because it was devoted exclusively to new truck models," Mr. Jones said. "The reason soon became clear. The 1954 line contains so many new features that even a review of highspots required considerable time."

AT THE TIME THE PILGRIMS LANDED THERE WERE ABOUT 825 MILLION ACRES OF FORESTS—(ABOUT 2/3 OF THE TOTAL LAND AREA) IN WHAT IS NOW THE UNITED STATES & TODAY, COMMERCIAL USEFUL TIMBERLANDS AMOUNT TO ABOUT HALF THE ORIGINAL TOTAL.

The International Salvation Army operated in 89 countries and preached its gospel in 81 languages last year. Its 16,879 corps and outposts, and 1,739 institutions were manned by 26,608 officers and 18,217 employees.

IT HAS BEEN URGED THAT FLOGGING BE REINSTITUTED AS A METHOD OF PUNISHMENT IN TURKEY TO COMBAT CRIME.

Rate Your Community By This Yardstick

FREDERICKTOWN, Ohio.—Citizens of this community were urged recently by their newspaper, The Knox County Citizen, to rate their town and evaluate themselves by standards suggested in a national magazine recently. Some of the standards for small cities suggested by the magazine were:

Most high school graduates stay in town.
 Local speeders pay the same fines as out-of-towners.
 There's a place to swim within easy reach.
 Young couples have little trouble finding a place to live.
 Town entrances are free from junk, shacks and billboards.
 Teachers' salaries are better than the state average.
 There's at least one doctor per 800 people.
 There's a library with a good collection of 1952 books.
 Schools have plenty of room for students.
 Fire insurance rates are low for your type of town.
 A modern hospital is within your trading area.
 All streets are paved and sidewalks are in good shape.
 Well-stocked stores keep shoppers in town.
 It's easy to find parking space in the business section.
 At least one restaurant serves outstanding meals.
 Sewer extension keeps pace with new projects.
 More than half the church congregations are under 40.
 There's a recreation center where young people can dance.

Artists Found Home In Mountain Town

LITTLETON, N. H.—Tucked away on a back country road in this White Mountains community, a group of artists have "found a home" for summer activity in New Hampshire and have named it Rock Pool. They have converted and rebuilt old farm buildings into studios and an art shop. During the season skilled instructors demonstrate the arts of ceramics, sculpturing, painting, wood-cutting, and silver-smithing. The visitor to Rock Pool can watch the entire process of creation. For instance, in ceramics the clay is mixed, shaped, baked in the kiln, glazed and decorated in an individual studio with the most modern and complete equipment.

Each artist also holds classes in his own medium and students can learn the art of jewelry making, or take a sketching class with a professional model, or "throw" a vase on the electric wheel.
 A new idea in the art world, each of these artists is self-sufficient. Owner Bill Gordon has long been interested in arts and artists in Boston, and it was his idea to convert Rock Pool into an art center. He provided the lodgings and equipment and then turned the project over to the artists, who in return, give a percentage of their summer's intake back to make the project self-sufficient.
 Of his project, Director Gordon declared, "It is inspiring to have this new colony here in New Hampshire, and there couldn't be a more logical spot for an art center than this peaceful and scenic countryside with its natural offerings of beauty to the artist."

Community Soaked As Indians Perform Ancient Rain Dance

ANADARKO, Okla.—The American Indian Exposition here was rained out 12 hours after the Jemez Apache Indians completed a rain dance under a clear sky. Chief Juan Gachupin and his 14-year-old daughter, Leonora, performed the rhythmic, stamping dance while two braves chanted and beat a tom-tom, before 10,000 delegates from 35 tribes and 6,000 palefaces.

Another performance was scheduled. The rain threatened to reduce attendance and slow down athletic contests.

Two years ago, the Kiowa Indians performed a "forbidden" pagan sun dance over the angry opposition of tribal leaders. It was followed by rains so heavy that they nearly washed out the exposition.

Farmers near Anadarko rejoiced after the rain. A summer drought had almost destroyed their cotton, peanut and feed crops. Chief Gachupin refused to take credit.

Asked through an interpreter whether he thought his dancing had anything to do with the rain, he grunted, "I couldn't say."

The Jemez tribe, descended from the pueblos, has claimed for centuries that the dance does bring rain.

Exposition officials said that the opposition to the sun dance in 1860 came from the fact that it was considered pagan.

First Flight of Pig Is Commemorated

LEWSDOW, Isle of Sheppey—A memorial will be erected here to commemorate the first plane flight of a pig.

Sheppey was the island where British aviation pioneers designed their heavier-than-air machines and where the Short Brothers Aircraft company was founded in a wooden shed. Moore (Lord Brabazon) flew the animal in the first British plane to fly a circular mile, to prove that pigs could "fly."

"He bought it for 70 cents from my grandfather," said a local farmer, Harold Love, who is sponsoring the idea of the memorial. Many persons in the aeronautical world have promised to contribute toward the cost.

I'VE REMINDED YOU OF THIS BEFORE, BUT IT'S WORTH REPEATING . . . YOU CAN SAVE TIME, MONEY AND EFFORT BY PAYING YOUR LIFE INSURANCE PREMIUMS ANNUALLY, SEMI-ANNUALLY OR QUARTERLY INSTEAD OF MONTHLY.

Why more than a million owners this year have chosen the "Worth More" FORD!

They have discovered first hand what the surveys show . . . Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one fine car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

Lowest priced V-8 in America And the only V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!
Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it was the winner in 1953 Mobilgas Economy Run.
Smoother Ride, with front end road shock reduced up to 80%, is another Ford big-car feature . . . and you get it without gas-eating extra weight.
Fine-Car Build means using steel of the same quality and thickness as in costliest cars. Ford is the most completely insulated car in its field.
Fordomatic Drive is the only "automatic" in its field with the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.
Finest Power Steering—that's Ford Master-Guide. Does up to 75% of the steering work yet retains normal steering "feel" on the straightaways.

Join the swing to **FORD** . . . take a Test Drive today!

Here's why thousands of TEXAS motorists are switching to

New Conoco Super Gasoline
with **TCP**
The Greatest Gasoline Development in 31 Years

Restores "new car" power!
Increases spark-plug life up to 150%!
Gives you extra gas mileage, too!

All over Conocoland the story is the same. Every day, thousands upon thousands of motorists are switching to new Conoco Super Gasoline with TCP. What's the reason for this big switch? Why are motorists leaving brands they've been loyal to for years? The reason is simple: *New Conoco Super Gasoline with TCP is the greatest improvement in gasoline since the introduction of tetraethyl lead in 1922!* Motorists tell us they can actually feel the difference in car performance after just two tankfuls. For new Conoco Super with TCP dramatically overcomes the greatest single cause of power and fuel waste affecting most of the cars on the road today.

Combustion deposits reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping."

CROSS SECTION OF TYPICAL SPARK PLUG
Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

The combined effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

How Conoco Super Gasoline with TCP works

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes the loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super Gasoline, your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

TCP helps your car—whether new or old

Whether your car is new or old, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

See what Conoco Super with TCP can do for your car—
Start the "TWO-TANK TEST" today!

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super Gasoline with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so...
2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.
