

Suzanne Morrison Youth Conference Is Delegate To

Suzanne Morrison of O'Donnell has been selected as a delegate to the 4th Annual Texas Youth Conference to be held in Austin August 18-21 on the University of Texas campus.

The conference will attract over 1200 outstanding youth leaders from throughout Texas to study projects for the prevention of juvenile delinquency in Texas communities.

The program was formerly the Attorney General's Youth Conference but has now become a project of the Texas Law Enforcement and Youth Development Foundation of Austin. Many outstanding programs have already resulted from the first three conferences, including Texas teen series, programs for tutoring students to prevent 6th grade dropouts, and various other community service projects.

Delegates are selected by schools, churches and civic organizations on the basis of their proven leadership in their own communities. The unique youth led program, only one of its kind in America is credited by many law enforcement officers with playing a major role in the reduced delinquency rate in Texas for 1965-66.

Austin attorney, Robert T. (Sonny) Davis, will continue to serve as director for the conference.

Suzanne is a member of the National Honor Society. She is the daughter of Mr. and Mrs. Benjamin Morrison of O'Donnell.

PFC WINDELL LAMBERSON

O'Donnell Graduate Home On Visit

PFC James Windell Lamberson of Fort Huachuca, Arizona, recently visited his parents, Mr. and Mrs. Clifford M. Lamberson of the Slide community, formerly of Tahoka.

Windell is a 1963 graduate of O'Donnell High School. He took basic training at Fort Polk, La., in November and December, 1965, and has since been stationed at Fort Huachuca where he is engaged in Signal Corps work.

The Cliff Lamberson family visited Windell at Fort Huachuca in April and report Fort Huachuca and surrounding area to be a beautiful country.

RONNIE JORDAN, left, a science student at O'Donnell High School, listens as his teacher, W. Murphy Eyrd, explains one of the displays at the Texas Nuclear Science Symposium held this week at the University of Texas. The teacher and student were guests of Texas Electric Service Company at the four-day meeting in Austin that was co-sponsored by the University and the Texas Atomic Energy Research Foundation, composed of 10 electric power companies operating in Texas.

County Library Planning Expansion Of Services

Lynn County Library board is planning an extensive expansion program when the library moves to the west 40 percent of the county building now being rejuvenated at the northwest corner of the square.

Several meetings of the board, of which Garland Thornton is chairman, have been held recently, the latest on Tuesday of this week, to make plans for expanded use and service of the facility.

The library has grown steadily over the years until there are now 10,000 books on the shelves. When the move is made to the new quarters, some of the books will be discarded, but the organization is qualifying for 2,000 new books from the State.

Started about 35 years ago by Phebe K. Warner Club, Mrs. G. M. Stewart has long been the leader in the work, and for a number of years Mrs. A. J. Kaddatz has been the librarian.

Operating funds have come from book rental fees, monthly allowance from the county, City of Tahoka, and many individuals. Many citizens have contributed books, and others are planning to give books when more room is available.

Many citizens over the county regularly take out books to read, and others come from neighboring towns to use services.

But, in the future, the board hopes to offer further services and

encourage even more use of the library.

Last year, the County Commissioners' Court set up a library board to operate directly under county supervision, which is necessary for the library to move forward and affiliate with the State organization and receive benefit of State services. Board members represent the major county communities of Tahoka, O'Donnell, Wilson, and New Home, and workers in other communities will be sought.

At Tuesday's meeting, plans were discussed for formation of a "Friends of Library" organization which would have annual membership dues of \$1.00 to promote and help finance expanded library services.

Members of the board appointed by the Commissioners Court are: Garland Thornton, Mrs. G. M. Stewart, Mrs. Madeline Hegi, Robert Abbe, and Frank Hill, all of Tahoka; Mrs. N. B. Hancock of New Home, Elvin Ray Moore and Mrs. Guy Bradley of O'Donnell, and Dan Cook of Wilson.

Unpaid Taxes Are Delinquent July 1

Thursday, June 30, is the deadline for paying State and county taxes for 1965 before taxes are entered on the delinquent tax roll, according to George McCracken, Lynn county tax assessor-collector.

Taxpayers can avoid additional penalty and interest by paying their taxes no later than June 30, as the law requires that all taxes not paid on or before that date to be entered on the delinquent list.

TORNADO ALERT

Citizens of O'Donnell will be warned by fire siren. The whistle will blow four minutes continuously for the warning, and two minutes for the all-clear signal.

Also, the fire boys will make each street, blowing the siren on their cars.

LeRoy Mensch, Fire Chief.

A breakdown of races in the school system (Grade School) showed 182 Angloes, 211 Latin Americans, a percent of 50, and 26 Negroes for 7 percent. By high school the percentage of Angloes increases to a majority.

June, to date, has proven to be a "farmers dream" with this year's total moisture to date at 8.55, according to Benny Moore, weather recorder. Of the above 1.80 was recorded followed with a thunder storm Tuesday night of 1.30. Crops look splendid but are now getting weedy.

County Plans Tax Rate Cut

County taxes are almost certain to be reduced this year and the tax rate may be cut as much as 70 cents on the \$100 valuation, members of Lynn County Commissioners' Court inform the Index-Press.

The rate reduction will become possible principally because final payment on the 1946 road bond issue of \$850,000 was made in March of this year.

For a number of years the county tax rate has been \$1.90. The Court hopes to cut this rate to \$1.30.

Exact amount will not be determined until the firm of tax equalization specialists who have been working on valuations for several months complete their figures.

GIRL SCOUT DAY CAMP AT TAHOKA PARK

The Lynn County Girl Scout Day Camp starts at Tahoka Park at 9 a.m. June 27 and will continue through Friday, July 1. All Brownies, Juniors and Cadets that are registered for Day Camp will meet at Lotts Pharmacy at 8 a.m., June 27. Cars will be there for transportation.

TB X-Ray Unit Coming In Fall

Representatives from the four areas of Lynn county were present for a meeting with the Tuberculosis program director, Mrs. Ella Harriage of the Area Tuberculosis Association this past week.

The meeting was set up with the hopes of opening the eyes of the public to the situation we have about us and the things we can do as individuals and organizations to cut down on this disease. Later this summer, a county TB committee will be appointed with a representative on it from each part of the county. This is an educational type program consisting of things such as skin tests, X-rays, etc.

The TB X-ray Unit has been requested for Lynn county for four days in succession in October. The will first be at New Home, then Wilson, Tahoka and O'Donnell. By doing this, those who sweep have the X-rays made in West Texas in their town.

WASHINGTON AND 'SMALL BUSINESS'
By C. WILSON HARDER

There is much discussion of job training as a part of the ballyhooed War on Poverty. * * *

So far, little results have been shown compared against the millions of dollars of tax funds spent on this activity. * * *

On the other hand, much is made of the fact that the unemployment rate is now down to 3.7. Yet how valid is this figure? * * *

Rep. Thomas Curtis of Missouri reports that affecting this figure is the fact that 500,000 additional people have been put to work due to the Vietnam war, and that 300,000 young men have also been drafted. * * *

This, he points out, is an artificial means of contracting the force of the unemployed, and unless it is planned to keep wars going, is not a solution to the basic problem. * * *

The National Federation of Independent Business finds an interesting development in data from its current year's continuous field survey. * * *

It is finding that 66 per cent of the nation's independent business proprietors report they when they need employees they can, and are willing, to train unskilled workers in their operations without one cent being paid by the taxpayer to teach them skills. * * *

... it must be recognized that 85 per cent of the independent business proprietors are located outside the big cities largely along Main streets that stretch across the land. * * *

Thus, this sort of data seems to put a different light on this matter of unskilled workers. * * *

Is it not possible that the biggest problem is that the unskilled are huddled together in the big cities, and that with a little push, they could spread out into the countryside and find jobs where they could learn skills while they also earn. As it is now, some are seeking to learn skills on tax money, with no assurance that the big city of their residence offers a job even if trained. * * *

There is nothing in the U.S. Constitution that guarantees that everyone that wants one shall have a job in a big city. Is it not possible that many of the present unemployed are in that condition because they lack initiative? * * *

This is one of the major paradoxes of our times. Politicians, sociologists, and others keep promoting slum clearance in the big cities at taxpayer's expense on the basis it is not humanity for the unemployed to live in such circumstances. * * *

But in an older day, when Americans did not like their conditions, they struck out across country to find something better. * * *

And so far, it seems that there is work for all somewhere in this land if people just go out looking for it. But no one can expect a job to come looking for them. Or is this perhaps an unreasonable point of view. * * *

Rotary News

The O'Donnell Rotary Club met Tuesday with President Truett Hodnett presiding. LeRoy Olsak and Summer Clayton were visitors.

Sand and Dust and Wind spells out many day and hours in the history of Texas. Texas pioneers could tell of many anxious moments of dust so thick that it was difficult to breathe, sand so fierce that it would cut the finish from automobiles—even on a brightly painted buggy—and wind so strong that trees and homes are upset. As the O'Donnell Rotarians listened to Miss Kathy Pirtle, talented daughter of Mr. and Mrs. Julian Pirtle, give "The Smoke of Hell" by Farrago, the drop of a pin could have been heard. The program for the noon luncheon was truly one that brought many vivid memories to the local Rotary Club. Kathy is a senior English major and is attending Texas Tech for the summer semester.

From far away Malaysia, the O'Donnell Rotary Club has received Rotary Bulletins and greetings from the Rotary Club of Jesselton, Sabah. In the State of Sabah, more than one-half of the 500,000 people are under the age of 21. There are eleven native tribes, six Chinese ethnic groups and nine other races. The trade and economy of Sabah rests on the export of timber and rubber. The projects of the Jesselton Rotary Club are a center for the blind, sponsoring of the Boy Scouts and building of the Boy Scout headquarters, building a maternity home, a youth club and a children's playground. They are sponsoring a three year scholarship for a student to the Technical College in Kuala Lumpur.

From London, England comes the letter to O'Donnell telling of the good progress of the Home for the Elderly being built by the Rotary Club.

Thought for the week:
"What can we hope to do on the moon,
Or some other planet afar?
When so much good is left undone
Down here, right where we are."

Four-year-old Rhonda Middleton underwent heart surgery to open a closed valve on June 15 in the Children's Medical Center in Dallas. She is reported to be recovering nicely.

Rhonda lives at Sundown with her parents, Dorothy and Ronnie Middleton, and sister and brother. She is the granddaughter of Mr. and Mrs. Clifford M. Lamberson of Slide and Mr. and Mrs. Rudolph Middleton of O'Donnell.

METHODIST YOUTHS CONDUCT SERVICES

The Methodist Youth Fellowship was in charge of the Sunday night service, June 19, at the First Methodist Church here. "Christ Above All" was the theme of the service. Jerry Haire was the speaker and Bobby Caswell was in charge of the service.

Mr. and Mrs. Chester Taylor and Pam returned her mother, Mrs. Ruby Tidwell, home Thursday after a visit at Houston and Russellville, Ark.

Scouting News

Because we live in a space age, we sometimes tend to forget that all of our necessities of life—food, fiber, shelter, and fuel to keep us warm—come from the resources of the earth. Conservation is the purpose of Star Rank Requirement No. 3. Conservation has been the theme for the Scout Programs.

"Nature Know-How" is the theme for the month of June for the Boy Scouts of America. Edible wild plants, tree identification, and animal identification is a program all campers should know and practice.

Outdoors and swimming will be the program for Troop 789 of O'Donnell for the next few weeks. Boys' Life is now being printed in Braille so that the Scouts who are blind may enjoy this refreshing magazine.

"Before you open your eyes, think for a moment how lucky you are to have eyes that see."

Mrs. Effie Evans' father, Mr. Waggner is visiting her this week.

Highway Patrol Reports 14 Accidents For Month Of May

The Texas Highway Patrol investigated 14 accidents in Lynn County during the month of May according to Sergeant A. E. Roberts, Highway Patrol Supervisor for this area.

The crashes resulted in one person killed, 3 persons injured and an estimated property damage of \$6,500.00.

The rural traffic accident summary for this county during the first five months of 1966 shows a total of 42 accidents resulting in 2 persons killed, 15 persons injured, and an estimated property damage of \$21,315.00.

The number of traffic deaths in Texas has risen steadily since 1960 with 2254 deaths to 3028 deaths in 1965. "For the first five months of 1966, 1137 persons have died in traffic compared to 1032 deaths for the same period of 1965," the Sergeant stated. This 10% increase is very alarming, and when you realize our heavy volume traffic months are still ahead, we must anticipate increasing problems in the accident picture.

The Sergeant appealed to the motoring public to assist in the reduction of this trend, otherwise, the death count at the end of the year will far exceed the record number of 3028 deaths in Texas during 1965.

Mrs. Rubby Gillespie had the misfortune of breaking a hip in a fall Friday evening while sweeping her patio. She is in West Texas Hospital, Lubbock.

A Little Britches Rodeo is scheduled for Friday and Saturday, June 24 and 25, at the Gaines County Rodeo Arena in Seagraves. Performances will be held at 8:00 each night.

Boys and girls 16 years and under are eligible for the following events: pony bronc riding, ribbon roping, barrel racing, steer riding, goat tying and pole bending.

This will be the third of a series of the Little Britches Rodeo Circuit competing for championship trophies. The championship rodeo at the end of the season will be decided by the point system. Points can be compiled from all rodeo in this series.

The rodeo is sponsored by the Gaines County Rodeo Assn. and livestock is furnished by the Little Britches Rodeo Co.

Trophies will be awarded to first and second places, and rosettes to third, fourth, and fifth places in each event. There are two classes in each event—one for youngsters 12 years and under, and the other for those 13 through 16 years.
