Eagles Eager For Game With Tahoka Bulldogs

Team Is In Fine Shape; Game Promises Thrills

Coach Fletcher Johnson's band of Little Eagles are ready and waiting for the big game with the Tahoka Bulldogs here Friday afternoon.

These Men Will Battle Here Friday

A new man to the school and to the game is L. C. Greenlee, who came to town from O. K. L. C. played his first game against Seagraves here, and...

scored against the Crosbyton Chiefs. Charlie Tyler, Charlie, a new man and handicapped by the lack of experience has made the older heads work and...

The eight who remain—Line, DeBuck, Clayton, Davis, Stokes, Gibso, McLaughlin and Morrison, deserve the loyal support of every citizen of O'Donnell next year in their efforts to win.

TAHOKA ROSTER

Table with 4 columns: Name, Pos., No., Wt. listing players like W. McLaughlin, Morrison, Line, etc.

O'DONNELL ROSTER

Table with 4 columns: Name, Pos., No., Wt. listing players like Dyer, L. T. Clayton, etc.

PROBABLE STARTING LINE-UPS

Table with 4 columns: Name, Pos., O'Donnell, Tahoka listing starting players for both teams.

Another Dollar Paid To School

The state department of education issued checks Friday of last week for an additional \$1,500 due on the 1932-33 academic per capita apportionment, leaving a balance of \$1,500 due on the alleged defensive guard for the last fiscal year.

Four hundred and twenty-three dollars were received by the O'Donnell school, leaving a balance of \$629.50 school due.

Officials in Austin said they expected to pay the remaining amount by December 15, and to make the first payment on the 1933-34 apportionment for the last fiscal year.

The apportionment of 212 independent school districts is being withheld, due to the fact that they have failed to meet legal requirements by not selecting their depositories, the department announced.

Deer Hunters Return With Reports of Luck

At least three parties of deer hunters who left here last week have returned with proof of their skill and luck and several others are yet to be heard from.

C. L. and Robert Davis returned Sunday night from a point below Marfa bringing back a big buck.

D. J. Boleh, J. T. and Rudolph Middleton paid an official call at the index office Tuesday afternoon in front of their car being attractive decorated with a big six-point buck. This was one of the largest fawns seen this season, weighing 162 pounds dressed. He was killed by J. T. Middleton.

We had not received detail of Trip Wright's party and their trip, but it was reported that they had all been lucky as well.

Series Of Hold-Ups Create Excitement Here

Women Play Prominent Part; Walker Chases Men with Knife

During the past week, O'Donnell has had a real crime wave, and as the town is full of transient cotton pickers and tourists, and the hold-ups are invariably occur at night, officers are working blindly in an effort to root out the culprits to earth.

W. L. Walker, prominent citizen and farmer, was rudely accosted by two men Wednesday night of last week, who approached him from behind, jerked his hat down over his face and ordered him to hand over his money.

Mr. Walker may not be quite as brave as he used to be, but he drew the line at the unceremonious treatment he was receiving, and turned upon the would-be-bijackers by attacking them with a pocketknife. They were brave boys—but they didn't have the intestinal fortitude to argue with the business like maine knife, and they departed immediately and forthwith for parts unknown.

On Friday night a farmer who lives west of town, but whose name was not given to local officers, was held up by two armed women and relieved of the sum of \$80.

Saturday night two men were halted at the door of the post office by two hijackers and handed over \$50 and \$75 respectively.

Boobyho—between carnivals and hijackers, a fellow's money ain't safe in O'Donnell.

Gin And Cotton Yards Full As Harvest Continues

Yards at all the gins here are filled with cotton and the bales are piled out faster than drais can convey them to the cotton yard, and O'Donnell farmers are cleaning up.

Twenty-four hours a day the gins are running, and our farmers are converting the fleecy staple into thousands of dollars as the area reaps one of the best crops in its history.

As we go to press, local ginners estimate this year's ginnings to date at approximately 13,000 bales, with prospects for several hundred more. Last year ginnings totaled only slightly more than 10,000 bales in all.

Mr. and Mrs. L. A. Edgerton and Mrs. J. J. Weems were business visitors Monday in Lubbock.

Mrs. H. R. Womack returned Sunday from Lubbock, where she had spent the week with her son, Raymond Womack and Mrs. Womack.

Mac Wilson was in Lubbock on business Monday.

Inasmuch as Friday, November 24, has been set aside as Home Coming Day in our school, and...

Lynn County Pioneer Dies Suddenly Thurs.

A. J. Warren, pioneer resident of Lynn county and O'Donnell, died unexpectedly shortly after noon Thursday of last week at the family home here.

Funeral services were conducted by Rev. L. S. Jenkins, pastor of the First Baptist Church, at the cemetery at Tahoka Friday afternoon, and Mr. Warren was buried at the side of a son who preceded him in death thirteen years.

Surviving are his widow, Mrs. A. J. Warren, and their children, Mrs. B. D. Ballaw, Gene and Clay Warren all of O'Donnell, and Mrs. Charles Long of Lubbock, all of whom were present for the funeral rites.

Mr. Warren's death came as a shock to the family and to the entire community. He had not been well Wednesday, and during the night he fell from his bed and cut his upper lip badly.

His physician, assisted by another local doctor, was summoned to take stitches in the wound. It had become so sore, and Mr. Warren was in such a nervous condition, that it was deemed advisable to give him an anesthetic. During the operation, totally unforeseen heart complications developed, and Mr. Warren passed away without regaining consciousness. Every aid known to medical science was used, even artificial respiration and the use of an oxygen tank, but he could not rally. Scores of friends of the family hastened immediately to the residence to offer services and to assist the family.

Business houses were closed here during the funeral hour Friday, and hundreds of friends attended the services. Mr. Warren, during his more than thirty years in Lynn county, had made many friends and his unbroken record of fair business dealings and true friendship was one of which his children and grand-children may well be proud. He had only kindness and charity for his fellowman while his few faults were far outweighed by his many deeds of kindness, always performed without ostentation or parade.

Born in Pontoc county, Mississippi, on November 17, 1870, Mr. Warren spent his young manhood in his native state. He was married to Miss Nannie Nowlin, December 17, 1893, and they came to Texas the next year settling in Eastland county. They came to the Plains in 1904 and in the new and rapidly developing section Mr. Warren became a leading figure and prominent property owner, while his family soon became integral parts of the community life.

The index joins with other friends in extending sympathy to Mrs. Warren since he was a friend of the town and family.

Dr. and Mrs. T. A. McElroy and family of Lubbock were guests of friends here a short time Sunday afternoon.

Mr. and Mrs. W. G. Adkinson of Lubbock were guests last Wednesday of Mrs. and Mrs. Smith.

T. A. Bullard was in Brownfield on business Sunday.

W. S. Cathey, Mayor.

Mayor's Proclamation

I therefore proclaim a holiday period Friday afternoon from 3:30 to 5:00, and call every resident of O'Donnell to attend the game and support the team.

Increasing Bank Deposits Show Healthy Condition

Otis Henderson Dies At Little Rock

Coming as a shock to the entire community, news was received late Saturday of the death at Little Rock Ark. of Otis Henderson, or, as he was known to his scores of friends here, "Red" Henderson.

He passed away in the veteran's hospital at Little Rock just a month to a day after he entered for treatment. Funeral services were conducted and interment made at Little Rock. His sisters here, Mrs. Hal Singleton Jr., and Mrs. Harry Oliver were unable to make the journey because of Mrs. Singleton's health.

In addition to Mrs. Singleton and Mrs. Oliver, deceased is survived by his widow, his eight-year-old daughter, Delois, who are now at Smackover, by another sister, Miss Florence Henderson of Big Spring, a brother, Sandy Henderson of Gilbert, Ariz., and by his father, Rev. W. L. Henderson of Lena, Miss.

Born March 17, 1889, Mr. Henderson had spent much of his life at Gatesville, in Mississippi. He served with the 36th Division during the World War, and was several times mentioned in dispatches for bravery.

For the past year and a half he had made his home here with Mr. and Mrs. Singleton, and his friendly, cheerful disposition had won friends throughout the territory.

He had been in poor health for several months as a result of an unusually severe attack of intestinal flu, and when other complications developed, his system was unable to fight the ravages of disease. On the advice of local physicians, he went to the government hospital a month ago, but he had no strength or resistance on which to build for recovery, and he passed quietly away about six o'clock Sunday. His death came with him during his illness and was with him at the end.

His many friends here will miss his cheerful smile and greeting, and the index joins with them in extending deepest sympathy to members of the family here.

Fire At McDonald Gin Sunday Is Quickly Controlled

The Volunteer Fire Department answered an alarm at the McDonald Gin Sunday morning during a rain storm, and soon brought a trash fire under control.

Origin of the fire had not been determined, unless it was caused by static electricity generated during the electrical storm.

There was no damage to the plant or machinery at the gin. The firebros, most of them who had on their "Sunday-go-to-meetin'" clothes, all succeeded in getting throughly wet but otherwise came through without injury.

J. W. McDonald, manager and owner of the gin, contributed funds to have their tailor bills paid a favor which was heartily appreciated by the boys.

Mansell Bros. Purchase Pratt's Grocery Stock

A business transaction of much interest to this territory was completed this week when the stock and fixtures of Pratt's Food Store was purchased by Mansell Bros. from L. M. Pratt of Lamesa.

The store will continue business at the same location, and F. M. McLendon will be in charge. Mr. McLendon has made many new friends in this territory since he came here as manager of the store, and was already well-known. News that the store is to be permanently a part of O'Donnell's business section will be very pleasant to the territory. Naturally, Mansell Bros. Hardware company is known throughout Lynn county, and the store is expected to be a most successful enterprise.

Mr. Sharp, who has been associated with Mr. McLendon, had not made definite plans today, but it is sincerely hoped that he and his lovely family will continue to make this their home.

Dr. and Mrs. T. A. McElroy and family of Lubbock were guests of friends here a short time Sunday afternoon.

Mr. and Mrs. W. G. Adkinson of Lubbock were guests last Wednesday of Mrs. and Mrs. Smith.

T. A. Bullard was in Brownfield on business Sunday.

Loans and Notes Being Paid; Old Debts Being Paid

That O'Donnell farmers and business men are really in a better financial condition than for the past four years, is shown in the fact that deposits at the First National Bank had reached a total of \$225,000 as we go to press Wednesday.

This total is the largest the bank has had since the depression here, and J. L. Shoemaker Jr., cashier, remarked that one day's deposits last week were greater than the entire sum on deposit during the summer at the low ebb.

At the close of business on October 25, loans amounted to \$73,303.49. Mr. Shoemaker said Monday that more than half this sum has been collected since that date, and that other notes and loans are being paid off daily.

Merchants and business men in every line report that collections are splendid, many old debts already outlived, being paid off as smiling farmers cash their cotton checks.

The fact that so many farmers in this territory received substantial checks from the cotton acreage reduction campaign last summer, with consequent increase in funds at a most crucial time is given a great credit for the optimistic note.

It is generally understood that the 1934 plan recently announced by the government will be followed almost 100 per cent in this section.

Special Subscription Rate To Be Continued Through Next Week

So many residents of this territory have expressed their appreciation of the index subscription rate of fifty cents per year that we are continuing this rate for one more week. As we have said on numerous occasions, we believe in staying in line with other prices, and we'd much rather have a number of fifty cent subscriptions than fewer dollar ones.

The Lubbock Avalanche-Journal has asked to club with the index in this subscription cut, that our folks may now secure a year's subscription to both papers for only \$4.50. Other dailies have attractive club plans to offer also.

Remember, for a short time only, the index subscription rate will remain at fifty cents. Come in and renew your subscription, or enroll in our family of readers.

Mrs. Curtis Taken To Hospital Wednesday

Miss Winnie Curtis, who has been ill since Wednesday last week, was taken to a Lubbock hospital Wednesday, just before we went to press. She has been in poor health for several months, suffering from a gall bladder complication.

As the index is being mailed as her condition, or whether an operation was necessary. It is sincerely hoped by her many friends here that she may soon be fully recovered.

Index To Appear Day Early Next Week

In order that all members of the staff in the office and in the shop may observe Thanksgiving along with the nation, the index will be published on Tuesday next week rather than on Wednesday.

We make this announcement so that business men may make their plans for advertising and so that news will be sent in earlier.

Fire Dep't Will Sponsor Tent Show

We are asked to announce that the Kennedy Sisters theatrical company will open a week's engagement here Monday night of next week, under the sponsorship of the Volunteer Fire Department.

The big tent will be well heated, there will be a good orchestra, and plenty of good clean vaudeville, while the plays are new and enjoyable.

Ladies will be admitted free with one paid adult ticket on the opening night. We understand that this does not include reserved seats as well, applying only to admission to the main floor.

HOME COMING DAY GAME MARKS 14TH MEETING OF EAGLES AND BOLDOGS

When the O'Donnell High School Eagles and the Tahoka Bulldogs tangled on the local gridiron Friday afternoon, it will be the fourteenth meeting of the two teams since football was introduced here in 1924.

During that time the Eagles have won only one of the fourteen games played, and have drawn only one score tie. The Eagles are determined to break this long losing streak this time. Coach Johnson is driving his men hard this week and says:

"We're going to beat them or know the reason why. But whether we win or lose, they'll know they've been to a football game."

Add to this determination on the part of team and coach the fact that November 24 is Home Coming Day.

and you have reason enough to believe the Eagles will do it. A game between these two teams has always called out the keenest rivalry, and this game promises to be even more interesting than in past years.

Football was first played here under the direction of W. A. Jones in 1924. The team that year, because of inexperience, did not make a record to write home about. In fact, only one or two of the boys had even seen a football before the season began. The Tahoka team that year much more experienced than the locals, won both games by overwhelming scores. Harvey Line was captain of the '24 team. Many of the boys on that team are now business men in our city or in others nearby. Martin Line, V. B. Hohn, Delbert Beaton, Pat Morrison and Estee Beaton, and others made up the squad.

In 1925 D. A. Edwards came to O'Donnell as coach. Many of the '24 team were out of school, so that the new team did little better than did its predecessor. Again both games with Tahoka were lost.

In 1926 the Eagles, led by Captain George Boyd, defeated the Tahoka lads 12-0 on the local gridiron. Many O'Donnell folks will recall the fine playing of Estee Beaton and Boyd in this game. Both touchdowns were scored by Beaton on passes. The Tahoka attack was stopped cold by the fine defensive playing of those two men. The second game that year was Friday at the Tahoka field.

In 1927 the teams met only one time, and the heavier and more experienced Tahoka players ran and passed to a 13-0 victory. Roy Line was captain of the '27 team.

In 1928 a new coach took charge, Russell Dennison. The material this year was the heaviest ever received, but the boys just didn't click. Tahoka won the opening game by a 13-0 score, and repeated the performance later in the season.

Roy Line was again captain in 1928.

In 1929, with E. E. Gilbreath coach and Lee Vaughn captain, the team was light and inexperienced, so that Tahoka took both games by overwhelming majorities.

In 1930, an over-confident bunch of Eagles journeyed to Tahoka, expecting to walk away with the long end of the score. After recovering too late from the shock, they found the score 22-0 favoring Tahoka.

In 1931, the high school had no team, and when Coach Fiescher Johnson took charge last year he had only one man who had ever played football. In the first game, Tahoka

whipped the Eagles to the tune of 40-0. A number of valuable lessons were learned that day. Not discouraged, Coach kept driving his men game upon game. The Bulldogs. They were expecting an easier game than the first, but ran into a stubborn defense in which every lineman played a large part. Twice that fighting bunch of youngsters held the Tahoka offense at a standstill in the shadow of their own goal posts. However, when the dust cleared away, Tahoka had won by a score of 13-0. But their coach handed out team and coach a compliment when he said: "You have the most improved ball club I've ever seen."

Ever since this season opened, the slogan of the Eagles has been "BEAT TAHOKA." On October 13, the two teams met on the Bulldogs' field. The Eagles marked 13 first downs to Tahoka's six, and gained approximately twice the yardage. Four times they drove inside Tahoka's five yard line, yet they could not score. Twice they snap out of it, but in the key fumbled, and another time failed to take it across. The Eagles completely outplayed the Bulldogs, but the jinx seemed to be following them, the final score being 0-0.

As the time draws nearer for the second meeting of these two aggregations, the Eagles are becoming more determined than ever to "BEAT TAHOKA."

O'Donnell Defeats Andrews 27-0

O'Donnell playing a somewhat lifeless game, defeated Andrews here Friday 27 to 0. The Eagles played fast and snappy football until they made the first touchdown, and then decided to take it easy. However, a few growls from the sidelines made them snap out of it. In the second half, and they pushed over three touchdowns and place-kicked the goals perfectly. The Eagle never opened up with their best defensive threat, as they are saving that for Friday when they will need it most. A few reverses and lateral passes were used and they paved the way for two of the touchdowns.

First Quarter

O'Donnell kicked to Andrews on their own 18 yard line and it was returned to the 30. Two line plays lost 6 yards and Andrews punted to Tredway on the 47 yard line. The Eagles opened with a half field shift and spin plays. DeBusk handed it to McLaurin who made 9 yards off tackle. DeBusk faked to McLaurin and went through center for first down. On a double reverse, Morrison made two, and then on a similar play he cut back over guard for 20 yards. DeBusk handed it to McLaurin, who made 3 yards at tackle. DeBusk slipped thru the left side of the line to the 50 yard line, and on the next play Morrison went off right tackle for the touchdown. DeBusk missed the try for goal. The first quarter ended shortly afterwards with very little yardage being made.

Second Quarter

The second quarter was the worst of the entire game for the Eagles. They made a few first downs, but could never click well enough to gain scoring territory again. It was mostly a punting duel between Tredway and Peire. McLaurin made some nice gains, and Greenlee did some fine defensive work. The game was thought on nearly every play, smearing Andrews for repeated losses. The Eagles decided they wanted to rest, and Andrews took advantage of it by making some nice gains. Not until during the half could the local boys be persuaded that they were supposed to play ball instead of resting.

Third Quarter

Andrews kicked to O'Donnell. Line received it on his 30 yard line returning it to about the 45, where he lateraled to Morrison. Morrison then tore up the right side of the field to the Andrews' 30 yard line. Morrison made 5 on a reverse. DeBusk faked to Tredway, cut back over guard and made 8. Tredway took the ball from center, cut off tackle and lateraled to McLaurin who was stopped by a two across for another touchdown. DeBusk place-kicked the goal. O'Donnell kicked to Andrews on their own 25 yard line, where Moore stopped the receiver in his tracks. Two plays lost 10 yards and they punted to Tredway. A long pass Tredway to Moore was incomplete. McLaurin side-stepped, stiff-armed and wiggled his way up the field for about 30 yards. The Eagles then failed on the next four plays to make a first down and the ball went over. On an exchange of punts, the Andrews safety was recovered by O'Donnell. Again O'Donnell failed to score and Andrews punted out of danger. McLaurin carried it up to the 20 yard line on a neat cut back where they were stopped. Andrews made 4 at tackle, and then lost 3 at left end. They kicked to Tredway. A pass Tredway to Morrison was incomplete. Andrews was forced to kick after failing to gain. Another lateral from Morrison to DeBusk gained 2 yards. Another lateral Tredway to Morrison lost a couple and Tredway punted to Peire. Peire got loose for what looked to be a touchdown, but finally DeBusk threw him out of bounds on the 30 yard line. A pass was intercepted and O'Donnell marched down the field with off-tackle and end runs. Nice blocking by Tyler, DeBusk and Howard helped the cause along. McLaurin cut off left tackle, reversed the field, shook off about five or six yards and carried it to the 15 yard line. After a couple of line plays, DeBusk carried it over for the touchdown. DeBusk place-kicked goal.

Fourth Quarter

Greenlee kicked to Andrews on their own 20 yard line where they were stopped. Andrews made 4 at tackle, and then lost 3 at left end. They kicked to Tredway. A pass Tredway to Morrison was incomplete. Andrews was forced to kick after failing to gain. Another lateral from Morrison to DeBusk gained 2 yards. Another lateral Tredway to Morrison lost a couple and Tredway punted to Peire. Peire got loose for what looked to be a touchdown, but finally DeBusk threw him out of bounds on the 30 yard line. A pass was intercepted and O'Donnell marched down the field with off-tackle and end runs. Nice blocking by Tyler, DeBusk and Howard helped the cause along. McLaurin cut off left tackle, reversed the field, shook off about five or six yards and carried it to the 15 yard line. After a couple of line plays, DeBusk carried it over for the touchdown. DeBusk place-kicked goal.

Andrews was forced to kick after failing to gain. Another lateral from Morrison to DeBusk gained 2 yards. Another lateral Tredway to Morrison lost a couple and Tredway punted to Peire. Peire got loose for what looked to be a touchdown, but finally DeBusk threw him out of bounds on the 30 yard line. A pass was intercepted and O'Donnell marched down the field with off-tackle and end runs. Nice blocking by Tyler, DeBusk and Howard helped the cause along. McLaurin cut off left tackle, reversed the field, shook off about five or six yards and carried it to the 15 yard line. After a couple of line plays, DeBusk carried it over for the touchdown. DeBusk place-kicked goal.

DeBusk, Greenlee, and McLaurin stood out for the Eagles, however, Moore, Tyler, Gibson, Line and Kyle looked good on the defense. Tredway and Morrison played a nice defensive game. Stokes, Ted McLaurin, Clayton, Davis and Howard played nice ball, but were little slow on interception. Clayton and Howard are fine blockers but its a little hard for them to stay ahead of DeBusk, McLaurin, Morrison. A good weeks work will get Ted McLaurin, Stokes and Davis pulling out of the line and staying ahead of the ball carrier, however, and that is what is essential in order to make off-tackle and end runs click.

Pep Squad Important Factor In Football

At football games this year, spectators have had their attention called most emphatically to a group of girls dressed in black and gold, and who stay right on the sidelines and never stop yelling.

That, dear people, is the pep squad. Every year O'Donnell high school has a pep squad, but never in the history of the school has there been a group whose members rooted more for the Eagles and put out more energy.

The pep squad was organized at the opening of the season with Miss Jessie Walker and Morene Huff sponsors, Faye Tomlinson and Lois Burdett yell leaders, and Margaret Vermillion and Doris McConal song leaders.

The squad has consistently stood

behind the Eagles. When they defeated Seagraves—well, that started some excitement. When the boys had their losing streak, the Pep Squad didn't lose interest. (Confidentially, we believe that had the Pep Squad been present at the Lovington and Amherst games, both stories would have had different endings.)

Practically the entire student body witnessed the game at Tahoka. And was that a game?—or was that a game? Those 12 first downs were convincing enough for anybody.

Few of the Pep Squad could make the trip to Seagraves, but those rather weak "yea Team—fight" helped a lot.

The Pep Squad agreed with fans that the last game with Amherst was too good to be true, but they also declare that if you belonged to their group, you could imagine just what goes on. One of the distinctive features of that game was the exhibition put on by the girls between the halves, when they marched on the field in formation, gave yells for each team, formed the letter O, and marched off, leaving that letter outlined in confetti on the ground.

The Pep Squad is still routine—and will play an important part in the game Friday when the Eagles close their football season for 1933. Be there to help them.

Mr. and Mrs. Ross McDonald of Lamesa spent the week end here with his parents, Mr. and Mrs. J. W. McDonald.

100,000 To Buy Texas Beef For Texas Needy

Thought in Texas, used in Texas for supplying needy Texans this winter has been worked out by the Federal Emergency Relief Corporation, Lawrence of the Texas Relief Commission and the Extension Service of A. & M. College. As explained by county farm and home demonstration agents in their annual meeting at the College Station last week it is to buy six million or more pounds of beef from Texas farmers and canning at 15 to 20 cents per pound at the slaughter points located in the heart

of areas where relief is most needed. Texas is the first and only state to try out this plan of supplying its own needy from its own resources with money supplied from Federal funds. Mr. Crane said. If it succeeds the plan may be used in purchases of butter and eggs and possibly other food stuffs. Federal relief authorities have allocated about \$500,000 to Texas for the purchase of beef this winter above regular requisitions, and this money, less a small administrative expense, will be paid Texas farmers and ranchers for 20,000 or more fat culler cows. Regular market prices will be paid but the saving in freight and commission due to the fact that the slaughtering will be done in the areas where the cattle are bought will be

given the producers. Purchases are to be distributed as widely as possible over the state and between farmers. Purchases are to be allocated to counties and experienced buyers are to be employed to do the buying. All slaughtering is to be done by commercial killers at points where there are slaughter and refrigeration facilities, and where there are R. F. C. canneries. At some places canneries will probably be established to save costly transportation.

The unemployed are to be given jobs in these canneries which are to be supervised by persons selected by the Extension Service and directed by home demonstration agents. County agents are to help in securing the supply of cattle. The cutting of the carcasses is to be done the "A and M Way" to facilitate canning, it shows in thousands of demonstrations by county agents. Meat will be canned into roasts, stew, hamburgers and chili and hash.

New Cotton Plan To Pay \$120,000,000

The new cotton plan to be offered growers who sign the Government contracts for 1934-35 provides for total payments of \$120,000,000 of which 90 millions are to be paid in the form of land rentals and 30 millions in "parity" payments, according to C. A. Cobb, chief of the Cotton Section of the Agricultural Adjustment Administration. In explaining details of the new plan to county farm and home demonstration agents at their annual meeting at A and M College last week Mr. Cobb emphasized that the plan is not yet in its final form and may be modified later.

As tentatively set up in the plan, land rentals will be paid on retired cotton acres at the rate of 3 cents per pound for the average five-year production. Land producing an average of 125 pounds of lint per acre for the years 1928-32 for instance, would be entitled to a rental of \$3.75 per

acre. The minimum payment would be \$2.25 per acre for production of 75 pounds of lint per acre, and the highest would be \$14 per acre.

Land rental payments are expected to land owners, with land-lords making satisfactory arrangements with tenants. In the case of large properties where fewer tenants may be needed next year the Government will probably urge landowners to remain in their houses and to work food and feed crops for their living out of the retired acres. For other necessities tenants may be able to work as day laborers for the landlord.

The "parity" payment promised is one cent per pound for 40 per cent of the average five-year production. It may be more. There is expected to be 30 millions of dollars available for these parity payments on 6 million bales of cotton, or \$5 per bale. This money is to be divided among the contract signers. The parity payment is expected to be divided between landlord and tenant according to their existing share agreements. A third and fourth tenant, for example, would get three-fourths of this payment or about \$3.75 per allotted bale.

Mr. Cobb expressed the belief that full details of the new plan will be available in the counties late in November and asked county agents to complete the sign-up campaign by January 15th.

STOP TAKING SODA!! FOR GAS ON STOMACH

Much soda disturbs digestion. For gas or sour stomach Adierika is much better. One dose rids you of bowels poisons that cause gas and bad sleep. (Cramer Drug Store).

There will be a box supper at the Randall school building Friday evening of this week. Proceeds will go toward purchasing a new piano for the school. Everyone is cordially invited to come and take part. Mrs. Jimmie Eudailey spent the week end in Tahoka.

"EAGLES' SCREAMS"

All high school activities other than regular class room work this week have been centered around the Home-Coming and the big game with Tahoka Friday. The Pep Squad has drilled and worked along with the Eagles, and every student and teacher will be out there rooting for the Eagles.

GRAMMAR SCHOOL NEWS

Seventh Grade: We are all preparing for our second six-weeks' exam period. We had a pleasant surprise last Friday when the Fifth Grade room put a lovely Thanksgiving border on our blackboard. Robert James is back in school after several days absence.

Sixth Grade: Those exempt in arithmetic are Mary Jane Goddard, Opal DeBusk, James Bowlin, Frances Barrow, Melba Ruth Nance, Ivan Line, Irvin Simmons, and Louisa Bean. Mary Jane is also exempt in English.

Fifth Grade: Our room is planning a special Thanksgiving program for Association next Wednesday.

Fourth Grade spelling honor roll: Alton Barnett, Josephine Simpson, Margie Buchanan, Jennie Mae Shoemaker, Lena Mae Singleton, Margaret Lucille Johnson, Helen June Gantt, Weldon Hancock, Nelson Portner, Junior McLaurin, Mary Ellen Gantt, and Emma Jo Hinkle.

Third Grade: Those making 100 all week in spelling are Marcellie Lambert, Allie Jo Schooler, Jim Joe Carroll, Wilda Gene Campbell, Frances Procter, Terry Hunt, Wanda Zell Everett, Elvin Rae Moore, Elouise Shoemaker.

Mrs. Pete McMillan Correspondent

Misses Lola Pearl McMillan, Pauline Hester and Ruby Keith spent Sunday with Miss Johnnie Edwards.

Mr. and Mrs. Harve Davis and children of Lorenzo have been visiting relatives here for the past two weeks.

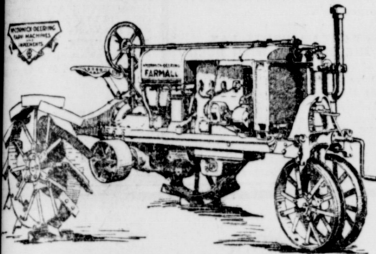

Mr. and Mrs. Ermer Abernathy of Lorenzo spent Sunday with her parents, Mr. and Mrs. Archie McMillan. Mr. Charlie Watson is doing nicely after having undergone an operation at a Lubbock hospital last Thursday.

Mr. and Mrs. M. L. Keith had as their guests last Monday their daughter and son-in-law from St. Louis, Mo. Mr. and Mrs. Pete McMillan spent Sunday with Mr. and Mrs. W. A. S. Williams.

School began at T-Bar Monday. We hope for a successful term.

Mr. and Mrs. Carl Alexander visited her parents Mr. and Mrs. J. C. McCarley last Wednesday afternoon. Mr. Weldon McMillan spent Saturday night with Thurmond Adridge. Most everyone is through gathering their crops until after frost.

THE FARMALL LEADS THE WAY TO MORE PROFITABLE FARMING

TWO CAR LOADS IN TRANSIT

Economical, efficient power is always at the command of the row-crop farmer who owns a McCormick-Deering Farmall Tractor. This true, original, all-purpose tractor reduces production costs on every crop and makes the hard work out of farming. It provides power for all regular farming jobs and for all row-crop work in addition.

Besides the 2-plow Farmall we have two other sizes - the Farmall 12 for limited acreage, and the Farmall 30, the 3-plow size.

Highway Work To Provide Winter Jobs For Unemployed

Utilization of the far-flung maintenance organization of the 48 State highway departments is planned by the administration as part of the program to provide employment through the winter for the many unemployed now on relief rolls. It was announced today.

In a recent telegram to all State highway departments, Thos. H. MacDonald, Chief of the Bureau of Public Roads, U. S. Department of Agriculture, outlined a tentative setup by which relief labor will be furnished and paid by the Federal Relief Administration up to 65 per cent of the total expenditure. The remaining 35 per cent will be from Federal funds supplied to the State highway departments, and this money will be used to pay for supervision, supplies, material and equipment.

Maintenance supervisors of the various State highway departments, under the plan outlined by MacDonald, will prepare, with the aid of county officials, a list of six, or eight highway maintenance projects in each county or division where serious unemployment exists. Each of these projects will provide for a \$5,000 expenditure. Additional projects are contemplated in populous or needy counties.

Twelve classes of work are listed for immediate undertaking: grading and draining roads and streets largely by hand labor; widening shoulders; widening inside curves and flattening slopes; laying tile underdrains; cobble gutters; fencing right of ways; dry masonry guard walls; surfacing and resurfacing with local materials with materials supplied from other than relief funds; footpaths of local materials on outlying streets and suburban roads; clean-up of streets and trimming trees; production of road maintenance material.

State maintenance supervisors in each county will assign experienced men as foremen on individual projects. The work is not to be confined to State highway systems.

"The resourcefulness of the State highway departments should enable employment progressively to be given to hundreds of thousands of men before the end of the month," the telegraphic annual states. Action on the program and financing will follow immediately upon submission of State highway department lists of projects so that actual work may be started without delay.

"This is a big order," the telegram says, "but on the other hand the State highway departments are the outstanding agencies of Government controlling closely and disciplinarily organizations sufficiently dispersed to insure reasonable success to this emergency effort."

"It is an opportunity for constructive effort that must be carried through to successful completion." Responses received by telegraph from all 48 state highway departments show that projects will be submitted and begun immediately.

Road Bureau Approves Plans For Putting Men to Work

Progress on public works highway work was reported by the Bureau of Public Roads, U. S. Department of Agriculture, on November 11 as 3,848 road projects approved requiring an estimated expenditure of \$219,741,000. These projects will furnish employment for 263,204 men. In the week ending November 11, there were 263 projects approved.

Contracts had been awarded up to November 11 on 2,842 of the approved projects and construction was in progress on 1,653 of these. In addition to the contract work, construction is also under way on 423 projects which the labor is directly employed and supervised by the highway authorities.

Analysis of the public works highway work in progress under the \$400,000,000 of Federal funds authorized in the National Industrial Recovery Act shows the following classes of work: 1,307 projects on the Federal-aid highway system outside of municipalities; 607 projects on the Federal-aid highway system into and through municipalities; 816 projects on secondary or feeder roads; and 112 projects on national park, district and public land highways.

To insure the reasonable distribution of the employment that will be provided by the highway work, the Federal administration has required that projects be undertaken in at least 75 per cent of the counties of each state. Increase in employment is the primary purpose of the work. Subject to this fundamental consideration the character of the projects determined upon is based upon transportation needs. Emphasis is placed upon the elimination of railroad grade crossings and other traffic hazards, the filling of unimproved gaps in the main highway system, the improvement of highway feeders to rail roads and other transportation agencies. The widening of inadequate road surfaces, construction of sidewalks, and landscaping and planting of road side also are regarded as desirable projects.

Mr. and Mrs. Buster Harris visited Mr. and Mrs. Ben Young in O'Donnell Sunday.

Delayed Frost Aid To Feed Crops

With winter apparently postponing his coming until another week, scores of farmers in our territory are jubilantly anticipating bumper feed crops for their home use.

In many instances, fields laid bare during the cotton reduction campaign last summer were planted to cane, maize, heigari, and other small grain and bundle staff. Government regulations forbade sale of this seed, but Lynn, Dawson and Borden county farmers are planning the feeding out of calves and hogs in addition to storing their winter supply of farm stock feed.

This delayed frost has meant thousands of dollars to farmers in this section. Practically all of the feed planted even as late as August has matured safely, even the bundle staff being prime for forage when our light cold wave struck week before last. It is estimated that the Panhandle-Plains territory has the largest crop of feed in its history.

This will be convenient not only for the farmers themselves, but also for cattlemen who will be able to buy feed close at home. We understand that a number of truckers and shippers from various eastern points are here buying maize.

State Health Dept. Calls For Thanksgiving

Austin, Nov. 23.—The primary reason for the institution of Thanksgiving Day was health. We know how Governor Bradford called together the people, those few of them who were left after that terrible first year of death and disease, to give thanks to God for all his mercies.

We have come a long way since that time in the matter of health, but now one seldom thinks of Thanksgiving in connection with the health that we enjoy. Most persons have been so accustomed to having these advantages that they are scarcely given a thought until sickness makes its appearance.

The State Department of Health, city and county health organizations have labored for many years to secure the measure of health protection that the public now enjoys. They give thanks for the methods that have helped in the saving of thousands of lives each year and look forward to the years to come for greater service.

Since the first Thanksgiving, the mode of transmission of many diseases has been discovered and in many instances the prevention has become common knowledge. Yellow fever, plague, and cholera have practically ceased to exist. Smallpox, diphtheria and typhoid fever can be eliminated as a cause of death if a person would have themselves and children immunized. Malaria and many other diseases can be controlled if the

public would demand that this protection be a part of the every day activities of the government and practice what is known in regard to prevention.

During the past fifty years the expectation of life has increased about fifteen years. This means that a baby born now can be expected to live 15 years longer than if he had been born fifty years ago. We have much to be proud of for that our Pilgrim forefathers didn't have, so let each in his Thanksgiving, pledge to assist in furthering the work being done to improve health conditions throughout the State.

School Fund Report Made Last Week

Of vital interest to practically every independent school district in Texas was the report made last Friday by State Auditor George B. Simpson. In this report, the first made since he took office, Simpson recommended several changes in the administration of the permanent school fund.

The Auditor suggested to the State Board of Education:

1. The discontinuance of the purchasing of refunding bonds for cash until authorized to acquire such bonds at their market value, instead of at par value and accrued interest.
2. The creation of an investment bureau.
3. The immediate survey of the status of the funds of political subdivisions, the obligations of which are held by the permanent school fund.

The school fund balance includes \$40,938,306.09 invested in bonds.

School Taxes Continue To Come In Steadily

Amount of taxes due the O'Donnell School District has increased steadily since the last reported week, in a statement Tuesday afternoon.

Singleton and A. H. Koeninger, members of the board, called attention to the fact that taxes this year have been lower than they have been in the past several, and are urging every one make a special effort to pay them as soon as possible.

If the amount of taxes up to half the amount of the collector, when accompanying the remaining half in cash.

Both Mr. Singleton and Koeninger again called attention to the fact that vouchers can be applied on taxes due the same as other words, a 1931 voucher can be applied on 1931 taxes, but on 1932 taxes, etc. However, they suggested that those holding vouchers might be able to sell them to persons who could apply them on taxes, and further suggested that voucher holders file the number, and amount of same with the collector, letting her act as a canvasser, letting her act as a collector and tax payers. This service is free of charge. So far, reports, there have been few vouchers applied on taxes.

It is noted that many property owners are planning to take advantage of the recently announced refunding plan, and it is expected that several thousands of dollars worth of delinquent taxes will be paid in this way.

At the most part, the intensive campaign has met with hearty and consideration, and it is expected that within the next few weeks of property owners will be able to pay their taxes.

Red Cross Roll Call Begun Here

W. S. Cathey, local chairman of the Lynn County chapter of the American Red Cross, reported Tuesday evening that response to the roll call for membership is being met with much enthusiasm. Last year the quota was placed at fifty persons have already enrolled.

The American Red Cross supplied a supply of this county with \$2300 of food clothing and medicine this year, according to figures furnished us by Judge B. P. Maddox, county chairman. He also added that for the county, the roll into the treasury only \$200, so that they have received full measure to say least.

Every individual and every business establishment is urged to enroll immediately, and this help will be appreciated, from the St. Louis office down the line.

Business Houses Asked To Close For Game

Merchants and business men have been asked to close their establishments Friday afternoon during the game of the season, so that they and their employes may attend the O'Donnell-Tahoka fray here.

The game is called at 3:30, and boys and Coach Johnson are anxious that every person in town be present for the game. Mayor, W. S. Cathey has issued an official proclamation designating the time from 3:00 to 5:00 Friday afternoon as the Boosting Period, and asking the support of all loyal citizens.

Mrs. Sam Singleton was in Lamesa Tuesday, visiting friends and relatives.

G. W. Lightfoot was in Lamesa on Wednesday.

A. A. Gleghorn was in Lamesa Wednesday serving jury service.

Fire Marshall Issues Warning To Citizens

Fire Marshall Grady Gantt asks us to issue warning again that spectators going to fires must not follow the truck at less distance than one block. To do so will hamper the work of the fireboys, as well as endangering their lives or that of the watchers.

When they were called out Tuesday evening, the line of cars was so close behind the truck that the boys hardly had room to connect the hose. It will be remembered that there is a city ordinance to deal with such cases and that guilty parties are liable to fine.

MR. EARLES' MOTHER GRAVELY ILL

Telephone messages received here Tuesday morning were that Mrs. B. L. Earles, mother of Mr. John Earles, was not expected to live more than a few hours longer. Mr. and Mrs. Earles had hastened to Ponder to be at her bedside earlier in the week.

No later news had been received up to Tuesday night, according to G. A. Haney. He and Mrs. Haney are here during the Earles' absence.

BOX SUPPER PLANNED AT RANDALL FRIDAY

We are asked to announce that the Randall school is sponsoring a box supper, to be held at the school building there Friday evening of this week.

Proceeds will be used in the purchase of a new piano, it was stated. Playground equipment has been provided, but the piano now in use is almost useless.

The people of this community will appreciate the cooperation of the public.

New Son Is Born

Mr. and Mrs. Maynard Eubanks announce the birth of a handsome son who arrived Thursday night. The young man weighed eight pounds, and is named James Ferrell. Mr. James Everett and Dr. Ferrell Farrington are god-fathers, but they refuse to officiate when he has the colic.

Mrs. Mae Wilson and Mrs. Fanny Phillips were in Lubbock on business Friday.

Mrs. Marshall Whitsett and Miss Thelma Palmer were in Lubbock Sunday, visiting Mrs. Whitsett's niece, Miss Helen Frances Elland, who was seriously ill.

Let us trim your head like we are going to trim Tahoka.

Tahoka
vs.
O'Donnell
November 24th

Miles Barber Shop

A PLEA!

We, the student body, football squad, ex-students, and coach are asking for the cooperation of the business men to close for the football game between O'Donnell and Tahoka. This is our biggest game of the year and we want everyone in town to see this battle. If you are loyal to your school, your town, and to your football team; close your store and be out there with the others to see this game.

Most towns close for every home game their team has each year, but we are only asking for one. We are having a home-coming that day, and so we want you there to make it a real home-coming. It is a good chance to meet your old friends. Also, we feel that you would like to see O'Donnell win that football game from Tahoka, and the best way to do that is to have you and your employees out there rooting for the Eagles.

DEDICATION

This issue of the Index is dedicated to and issued under the auspices of the high school students, and has been planned and arranged to welcome the graduates and ex-students of O'Donnell High School to the first home-coming and reunion, scheduled for Friday of this week, which has been held in several years.

Further, this issue of the Index is planned as a Football Special, with merchants and business men extending congratulatory ads to the Eagles

on the eve of their game with Tahoka.

The students, the Eagles, and the staff of the Index wish to extend their appreciation of the interest, cooperation, and courtesy accorded this Football Special, which is in itself an innovation of sorts. The project has attracted the attention of the entire community. It is sincerely hoped that this interest will be increased by Friday afternoon when the game is called, and that every man, woman and child in town, will be at the field to cheer the Eagles during the fray.

A percentage of the revenue derived from advertising in this issue of the paper will be turned over to the Athletic association to help defray expenses of the team.

The Index is always glad to be of assistance to the school, and this opportunity to serve the interests of the team was cordially welcomed.

MORE NEW EQUIPMENT

T. A. (Chief) Wimberly recently installed the very newest and most

successful half-soleing machine on the market in his shoe shop next door to the post office.

This little machine is built for the purpose of cementing half soles rather than tacking them in place and for this reason is much more fitted for the frail shoes worn by children and women. For even greater convenience for his patrons, Mr. Wimberly bought the electrically equipped model, and can cement the new soles in place while the customer waits, the cement being dried by electric heat.

Surprise Shower For Mrs. Foy Todd

A pleasant surprise shower was given last Thursday afternoon at the home of Mrs. J. T. McMillan by Miss Leslie McMillan in honor of Mrs. Foy Todd, recent bride. An hour of visiting was enjoyed by the guests after which a jar of beans was produced and a small prize given to the one who guessed the nearest to the number of beans it contained.

A pumpkin picture was next brought to notice with prizes for the most correctly pinned stem. First prize was awarded to Mrs. Todd which consisted of a number of pretty, useful gifts. After each article was examined and "Oh-ed" over cake and coffee were served to the following: Mesdames Author McMillan, P. D. McMillan, L. S. Todd, Cecil Todd Childress, Gibson, Moffett, Russell, Misses Lola Pearl McMillan, Ruby Keith, Johnnie Edwards, the hostess and bonnoee.

Football Boys To Be Entertained

The football boys of O'Donnell High School are to be entertained on November 24, 1933 at 7:00 o'clock in the home of Mr. and Mrs. Ed James by the following hostesses: M. Sene McLaurin, Doris and Connie McConal, Beatrice James, Mildred Goddard, Louise Boyd and Agnes McLendon.

The hostesses wish to extend an invitation to Mr. and Mrs. Gilbreath, the pep squad sponsors, Miss Walker and Miss Huff, and to the football coach, Mr. Johnson.

This is being carried out as a project in home economics by some of the girls.

Special Program Planned For P. T. A.

Pupils in Miss Alice Busby's piano class and Fifth Grade pupils will present a special Thanksgiving program at a called meeting of the Parent-Teachers Association Wednesday afternoon of next week. Mrs. E. E. Gilbreath is teacher of the fifth grade.

Every patron of the school is cordially invited to come and enjoy the program, which will be given in the high school auditorium at four o'clock.

The following program is being arranged:

1. Piano Numbers—Margaret Lucille Johnson and Lena Mae Singleton.
2. Piano solo—Charise Wanda Austin.
3. Reading—Betty Gay Simpson.
4. Piano solo—Lometa Robinson.
5. Thanksgiving pageant. (This feature will include Indian selections by Mrs. Gilbreath, tap dancing by Miss Busby's pupils, pilgrims will be played by Fifth Grade pupils.
6. Duet—A. C. Lambert and Billie B. McConal.
7. Virginia Reel.

Shower Tuesday For Recent Bride

Honoring Mrs. Gus Sherrill, who was Miss Mary V. Shook before her marriage several days ago, 35 guests called Tuesday afternoon at the home of Mrs. Harvey Line, and presented the bride with an array of lovely and useful gifts.

Assisting Mrs. Line were Misses Allan Williams and J. C. Christopher, and Boss Johnson and Misses Gladys Gibson and Lois Burdett.

Gifts were arranged in a small ex-

press wagon and brought into the room by little Miss Grace Lemoynie Line and master Bobby Johnson of Pampa, who presented them to Mrs. Sherrill as the washing.

Linens, amber glassware, dainty china, and utensils of all kinds were included in the many appropriate remembrances. There were many gifts sent by those who could not be present.

During the afternoon, Mrs. Joy Shook delighted the group with a number of piano selections, and Miss Gladys Gibson with vocal numbers.

Refreshments of hot chocolate and cookies were served.

Miss Bevels and Elmer Duncan Wed

Of interest to this section was the marriage Saturday afternoon of Miss Lucille Bevels to Mr. Elmer Duncan the ceremony being performed by Justice of the Peace D. M. Estes.

The bride is the charming and accomplished daughter of Mr. and Mrs. Gus Bevels, and numbers her friends by her acquaintances.

The groom is the oldest son of Mr. and Mrs. Bob Duncan, and is widely and favorably known as an estimable young man.

The couple will continue to make O'Donnell their home and will farm next year with his father.

The Index joins with other friends in extending congratulations and best wishes.

Sisters Wed Thursday In Double Rites

Two romances of several months standing were culminated on November 9, when Miss Mary Lackey and Mr. Denver Spencer, and Miss Annie Maye Lackey and T. H. Boyd were quietly married in Lamesa.

The brides, daughters of Mr. and Mrs. A. C. Lackey, were dressed alike in becoming blue crepe ensembles

Churches

METHODIST CHURCH

G. W. Montgomery, Pastor
 10:00 a. m. Sunday School. We are anxious to have a good attendance, and there is a place for each of you.
 11:00 a. m. The pastor will preach at this hour, and asks the support and prayers of our people.
 Epworth League will have a special Thanksgiving service at six o'clock, and the public is cordially invited to come.
 7:00 p. m. Evening worship.
 Woman's Missionary Society will meet at the usual time. All the ladies of the church are urged to be present.

FIRST BAPTIST CHURCH

L. S. Jenkins, Pastor
 10:00 a. m. Sunday School.
 11:00 a. m. Morning worship. The pastor is again at home after several day's absence, and will preach at both services Sunday. All members of the church are urged to be in their places.
 Young people will meet at the usual hour, and the ladies will hold their regular meeting Monday.

CHURCH OF THE NAZARENE

Mrs. Pearl Keeton, Pastor
 10:00 a. m. Sunday School.
 11:00 a. m. Morning worship.

The grooms, prominent young farmers of the Randall community, are also well and favorably known to a wide circle of friends.

The Index joins with their community and other friends in extending hearty congratulations and best wishes for a prosperous and happy future.

6:00 p. m. Young people will meet. They have an unusually interesting program for this hour.
 7:00 p. m. Evening worship.
 7:00 p. m. Wednesday, weekly prayer meeting.
 Every member of the church is urged to attend all these services.

CARD OF THANKS

We wish to express our thanks and appreciation for the many lovely floral offerings, and for the kindness and help of the people of O'Donnell at the death of our beloved husband and father.

Mrs. A. J. Warren and children.

CARD OF THANKS

We wish to express our appreciation of the \$12.50 contribution from business men last Sunday evening after our answer to the fire alarm at the gin. This was done to show appreciation of the promptness with which the call was answered, and to pay for cleaning and pressing of suits damaged by rain and water.

—O'Donnell Volunteer Fire Dept.

Business Men Donate To Buy New Slickers

Business men and merchants made up a donation Monday morning to buy new slickers for members of the Volunteer fire department.

These slickers were to replace those originally purchased when the department was organized some seven years ago.

Baldwin's Money Saving Sale Continues

Caryl Baldwin, manager of Baldwin's store here, said Tuesday that the big money-saving sale which opened Friday of last week has been most successful in every manner.

Thrifty shoppers will be glad to know that these extremely low prices

are still in effect, and that new merchandise is being added to the stock each day.

Especially interesting to the day season, is the arrival of the mid-season millinery and coats week. Such values and so wide a range of styles from which to choose are rare, offering unusual opportunity to buy quality goods at less than reasonable prices.

Mr. Baldwin invites you to come to the game Friday, and take off a pair of styles from which to choose your wardrobe and laying in household necessities.

Dawson County Man Is Killed Sunday

A. M. Hill, prominent farmer, lives just south of this place, killed early Sunday night when his automobile on the highway between here and Tahoka.

Tobe Bishop, driver of the car, struck Mr. Hill as he was repairing, took the unconscious man to a hospital for emergency treatment, then took him on to Lubbock to a sanitarium where he died at 10:15 p. m. just 45 minutes after being admitted. Mr. Hill was accompanied by A. W. Parrish.

Funeral arrangements had not been completed Tuesday, so that we are unable to give any details concerning this.

Mr. Hill is survived by three sons, R. L. and A. L. Hill of Littlefield, and one who lived with his father, a daughter, Mrs. D. S. Parker of Littlefield, by two brothers and one sister.

The Index joins with other friends of the family in extending sympathy.

Mr. I. M. Wright had as his Sunday her daughter, Mrs. S. H. B. and Mr. Scott of Crolyton.

Mr. and Mrs. J. E. Scott and their son O. G. are here from Dallas, guests of her mother, Mrs. I. Wright.

THE RED & WHITE STORES

Money Saving Specials For Saturday Nov. 25th

One of our regular customers is the young mother of two charming small daughters. We have quoted her opinion of RED & WHITE products and the standard of courtesy and efficiency maintained in all our RED & WHITE stores, but we were much interested recently when she brought her grandmother marketing.

AND HER GRANDMOTHER REMARKED APPROVINGLY AS SHE ENTERED OUR STORE: "WELL, PATTY, I'M GLAD THAT YOU WERE WISE ENOUGH TO BEGIN YOUR HOUSEKEEPING CAREER WITH THE HELP OF RED & WHITE PRODUCTS.

"JUST REMEMBER THAT RED & WHITE STORES ALWAYS CARRY THE BEST OF EVERYTHING . . . AT THE LOWEST PRICES. JOHN'S POCKETBOOK WILL BE SAFE, AND YOUR REPUTATION AS A COOK AND HOME-MAKER WILL BE MADE IF YOU CONSISTENTLY TRADE AT RED & WHITE STORES."

And there you have the secret of the phenomenal success of the RED & WHITE system . . . our products are recognized by smart young moderns and by wise and experienced housekeepers alike.
