34 Men Report For Football Workout

Coaches M. B. Conger and Jack Snodgrass report that thirty-four men have reported for football training since the opening of the school term last week. Of the 34 men were members of the squad last season, seven of them on the main squad and the other two on the second string.

With this material from which to choose, the coaches are optimistic concerning prospects of the Eagles for the 1939 football season. The main string will have two guards, one tackle, two ends, and two backs from last year's team as a foundation, but competition for positions on the team bids fair to be keen.

The first game scheduled for the season will be played here on September 22, against the Big Spring Blue Devils.

South Plains Fair Sets O'Donnell Day

In a letter received Tuesday from A. B. Davis, manager of the Panhandle South Plains Fair, it was announced that Wednesday, September 27, has been designated "O'Donnell Day" at the Fair, and everyone is urged to go to Lubbock with the official delegation. Mr. Davis' letter reads:

Mrs. Pauline Campbell, Editor O'Donnell Index
O'Donnell, Texas
Dear Mrs. Campbell:

In accordance with our usual custom, we are designating Wednesday, September 27, as "O'Donnell Day" at the 26th annual Panhandle South Plains Fair. This is also Children's Day for your town.

All the publicity possible will be given your town in connection with this designation—and we hope to see a large delegation of your citizens on the Fair grounds that day as well as the other five days of the exposition.

If you have a band, be sure to bring it along. Arrangements will be made for them to play at the band stand or any other location they may desire at any time during the day. Free tickets of admission will be given each member of your band, if they will come by our office in the City Hall upon arrival at the Fair.

We shall appreciate your cooperation in getting word to the people of your town regarding their special day at the Fair.

Cordially Yours,
A. B. DAVIS, Manager
PANHANDLE SOUTH PLAINS FAIR ASSN.

BOYS FILL OFFICES FOR THE 1940 GRADES

For the first time in the history of this school, all the officers of the graduating class are boys. In an election held late last week, the new officers are: Lewis Clark secretary, William Lee Harris vice president, Weldon Curtis secretary-treasurer, and Hilman Maxwell reporter.

Commencement invitations were selected, and the order for class rings will be sent in within the next two weeks, said the class sponsor, Miss Alline Nunnally.

Pioneer Resident's Birthday Honored

Last Sunday was indeed an important and happy day for the family and friends of our honored citizen, A. M. Tredway, when he celebrated his ninety-third birthday with a family dinner party and reunion at the home of Mr. and Mrs. E. J. Tredway.

Mr. Tredway needs no introduction to Lynn and Borden county people for practically everyone can tell some interesting story of his colorful life. The score of friends who came with the family to bring their congratulations and best wishes spoke more eloquently than any words of the respect and affection in which he is held through West Texas.

Dinner was served buffet style at one o'clock, the table being centered with a magnificent birthday cake. Gifts were presented, and Mr. Tredway enjoyed opening them as much as any youngster.

Among those present were Messrs. and Mrs. E. J. Tredway, W. A. Tredway, Otis Harris and Lubbock, Mr. and Mrs. Howard Burdett, Tom Tredway, C. B. Morrison and daughters, Misses Lucy and Madeline, and Miss Eva Dell of all of O'Donnell.

Mr. and Mrs. E. T. Burdett and son Harold, Mr. and Mrs. Earl Bullock, Lubbock; Mr. and Mrs. Howard Tredway, Kermit; Sam Jones, Canyon; Mr. and Mrs. Ira E. Kerby and children, Nell Jean and Donald, Tahoka; Mr. and Mrs. Vance Tredway, Slaton; Cecil Tredway, Seagraves.

Month-old twins of Mr. and Mrs. Jones Pierce were taken to a Lamesa sanitarium Monday morning for treatment, and are reported slightly improved today. Mr. and Mrs. Pierce gave blood for transfusions in the hope of giving strength to the babies.

"The twins, a boy and a girl, have not been strong since their birth, and recently they contracted whooping cough. Mr. Pierce said Tuesday morning that they had responded satisfactorily to the transfusions, and were taking more nourishment. Attendants are optimistic concerning their condition."

As freshmen last year, this class took a leading part in high school activities, and with prestige and the former members and many new ones, the Sophs plan to make themselves heard and felt in all affairs this year.

Other class officers are: Billie Etter, vice president, Margie Buchanan, secretary-treasurer, and June Gibson, reporter. Class pins were ordered during this meeting, and will probably be here sometime during the next ten days of two weeks.

Jack Snodgrass is class sponsor, and the Juniors are indeed proud of their enrollment, which totals forty-nine.

J. N. LINE IN HOSPITAL

J. N. Line, well known resident of O'Donnell for a number of years, is in a Lubbock hospital last week for medical attention. He was reported slightly improved today, but has been seriously ill.

Just Eleven Days Until Fair Opens

In eleven days the 26th annual Panhandle South Plains Fair will be in full swing.

Announcement this week by the Fair officials of the signing of the contract with Ace Lillard and his Death Defiers to present one of the most sensational and thrilling exhibitions ever staged in the southwest. This auto thrill show will be held Friday and Saturday afternoon in front of the grandstand.

Flirting with the grim reaper every minute of the two hour show, these dare devils will put their cars through routines foreign to this section of the state. Crashing a brick wall, leaping the leap to death, tail spurs, ski jumps, midair crash at an 80 mile an hour impact, and many many other breathtaking stunts will furnish spectators a thrill a second.

Final touches are being put on exhibit buildings as painters finish their work. Trees have been trimmed and the grass cut, all making ready for what promises to be the best Fair in the history of the association. The new drinking fountains, as pictured, are now ready for the Fair patrons, young and old, to use.

Wednesday and Thursday will be children's days, so officials announced. Each county and city school superintendent has made reservations for county exhibits and a large number for community exhibits. Individuals have already made reservations for livestock and agricultural exhibits.

BUTCHER INJURES HAND

Carey Shook, of Mansell Bros. Market department, tried butchering himself Wednesday and nearly sliced through the leader of his index finger on the right hand.

Charlie McConal of Loop, former resident and business man of O'Donnell, was here on business Friday afternoon.

Taxable Property Shows Increase

State and county tax values for 1939 showed an increase of \$36,820 over 1938, according to figures given by A. M. Cade, county tax collector. This increase was not because of any rise in tax rate. Mr. Cade stated, but an actual increase in taxable property due to added commercial buildings, including a cyanamide plant, a compress and warehouses.

The figures for 1938 were \$6,278,120, and for 1939 they were \$6,355,940. This increase will net a gain in taxes for the county of \$214.56.

D. L. HARRIS OPENS FILLING STATION HERE

Mr. and Mrs. D. L. Harris and family have moved into town from their farm residence west of O'Donnell. Mr. Harris has taken over the filling station at Fritz Auto Parts.

He announces that he will handle Magnolia gas and oil, and will have a complete service station going immediately.

Mr. and Mrs. Harris are making their home in Mrs. Gertrude Anderson's residence in the east part of town, and the five boys are enrolled in school, three in high school and two in grade school.

80 PER SQUAD GIRLS LEADERS AND NAMED

Misses Katherine Allen and Dorothy Allen Miles will lead the pen squad performances this year by virtue of their election as yell leaders last Friday. Both young ladies were members of the squad last year, and high school students believe that they will keep plenty of noise and enthusiasm going during football games this year.

More than eighty high school girls reported for the first meeting, said the sponsors, Mrs. Charles Cathey and Miss Alline Nunnally.

County Plans Booth At Fair

County Agent Donald Turner says Lynn county will have an agriculture exhibit in the Panhandle South Plains Fair again this year and he is anxious that it be a good one.

To that end he requests that farmers in the county who have good specimens of cotton, grain sorghums, corn, melons, or other farm products will please notify him so that he can go out and collect the same. If farmers will co-operate wholeheartedly he can gather an excellent exhibit.

Lynn county is one of the very best agricultural counties on the plains and it should stand right at the top in exhibits at the fair.

H. S. STUDENTS ELECT EDITORIAL STAFF

Editorial staff of the Eagles' Scream, O'Donnell school news publication, will be as follows for the coming term: Editor-in-chief, Miss Katherine Allen; associate editor, Lena May Singleton; activities, Billie Etter; sports, Weldon Hancock.

This election, one of the most important in student politics, was held Wednesday morning at the first regular assembly. Superintendent S. F. Johnson presided, and singing was directed by Mr. Olin Huff. Discussion of fire drills was also a feature of the program.

Beginning next week students will have their own section of the Index and will have complete charge of their own publication. We are looking forward with much pleasure to working with the editorial staff this year, and are confident that the Eagles' Scream will reflect on our school and student body.

ADVISORY COMMITTEE RULES ON BUS LAW

County Superintendent Lenore M. Tunnell was here Wednesday on an official visit to the schools and kindly gave us the ruling of the Legislative Advisory Committee concerning the bus transportation question which has been the subject of considerable controversy recently.

During the meeting of the committee in Austin last week this question was asked:

"Shall free transportation be permitted to otherwise eligible school children who live less than two and one-half miles from the receiving school?"

The ruling of the committee was as follows:

"Yes, provided this does not increase transportation facilities and provided such arrangements are approved by the Deputy State Superintendent."

This question was asked concerning pupils who at first were required to pay transportation if they rode the bus to school. Such pupils may ride according to the new ruling, provided the bus is not loaded. In other words, provided more buses are not required to take care of such pupils. The committee ruled further that no bus shall be permitted to extend its regular bus route in order to pick up such pupils.

MRS. ARMS HOSTESS TO T-BAR CLUB

The T-Bar Home Demonstration Club met in the home of Mrs. Arms on Friday, September 8, with seventeen members present. Miss McNatt gave an interesting discussion about mothers and their children.

"When your child kicks and screams do you let him do what he wants to do in order that he will be quiet?" she asked. "If you give up to child and let it do as it pleases to get it to be quiet, it will think if I scream, I'll get what I want; I'll always scream. A baby is never too young to learn this; babies two weeks old learn it. If a child sees that you pay no attention when he kicks and screams or when he whines, he will decide that method is no good and will try another."

Our next meeting will be with Mrs. A. Slaughter on September 22. Every lady be sure and come.

No Compromise—Eden Declares

LONDON, Sept. 11.—Anthony Eden told the world tonight that "there can be no lasting peace until ill will, and all that it stands for in oppression, cruelty and broken faith, is banished from the earth."

"This," he added, "is an issue that admits no compromise."

The former foreign secretary brought back into Prime Minister Chamberlain's war cabinet as dominions secretary, said in an international radio broadcast that "Fuehrer Hitler deliberately and with set purpose... chose to embark upon war of naked aggression."

As for Britain, he said: "For us now there is no turning back. Great Britain's people, Eden asserted flatly, are 'ready to fight a very long war to the bitter end if that must be to rid the world of Hitlerism and all that Hitlerism implies.'"

It was his first broadcast since war was declared.

Reviewing the diplomatic changes that preceded the outbreak of the conflict, Eden asserted the "German chancellor carried dissimulation so far as finally to invade Poland because Poland had failed to accept peace proposals which she had never even received from the German government. There has never been a more flagrant mockery of international good faith."

Poland, said the handsome statesman, was "always ready to negotiate as Czecho-Slovakia was ready. Herr Hitler has preferred force. He has made the choice. He must suffer the decision." Eden reiterated Great Britain had "no quarrel with the German people."

"Five times in the last eighty years," said Eden, "the rulers of Germany have embarked upon one of the slightest pretext upon a war of aggression."

"Against peaceful Denmark in 1864 against Austria in 1866, against France in 1870, against the whole world in 1914 to 1918, and now against France, Poland and Great Britain in 1939."

With such a record, he went on, Germany's present leaders "might

well have thought that they should accept to negotiate," but "they preferred yet once more the path of lawlessness, the path of misery and of bloodshed, the path of anarchy and want."

Crops Suffering On South Plains

Heavy damage to growing cotton and feed crops is reported from most sections of the South Plains and what promised to be a better than average cotton crop for the 19 or 20 counties on top of the crop is now expected to be considerably reduced.

Hot winds that have prevailed the past two or three weeks have cut heavily into sub-soil moisture as well as top soil moisture.

Cotton, generally considered a hot weather crop, has had scorched foliage as well as premature opening of bolls.

Picking, which in early August was not expected to start generally until early October, is now getting underway fast. Gins are operating daily now and much cotton is being brought in.

Blacksmiths and machinists are busy making trailers for farmers to haul seed cotton to the gins. Most of the trailers being made this fall are of the two and three bale capacity. It is pointed out that with the larger capacity of trail-

er it is not necessary to tamp down the bolls, thus breaking fibre, etc. Pickers from all sections are flocking into the area. They are finding work, either harvesting sorghums or picking. Some farmers have begun to harvest their early feed.

Late cotton, according to all reports, is suffering more from drought than early cotton. With lack of moisture, premature opening of bolls is finding a short staple and small bolls.

Farmers are also waiting on war

developments before starting their cattle feeding programs. Price of cattle is high and calves are selling from 8 to 9 cents a pound. Some farmers believe that at this price they will not be able to make money in war times, on feeding operations.

H. H. Line of Sterling City former resident and business man, visited relatives and friends here last Thursday.
