

J. Bolch Asks Commissioner's Place for Precinct 3

J. Bolch, prominent resident of Lynn county for more than ten years, this week authorized us to place in our political column as a date for the office of commissioner of Precinct 3.

Bolch needs no introduction to the people, nor to Lynn county and his family have lived in this community since they came from Spain. Mr. Bolch has served as trustee in that school district for a number of years, and his judgment and opinions on matters of public affairs are recognized as being of the highest value. He is a property and tax payer. Mr. Bolch understands the needs and requirements of a precinct, and will, if elected, be a conscientious and efficient official. His statement follows:

Ervin Waller, 7, Dies Thursday

Ervin Waller, 7, died Thursday morning at the home of his parents, Mr. and Mrs. J. B. Waller, after a long illness. He was born in Lynn county, Texas, and was the youngest child of his parents. He was a member of the Sunday school and was a very bright and cheerful boy. He was afflicted with a serious illness which he bravely endured until his death. His death is a great loss to his family and friends. The funeral will be held at the home of his parents on Friday afternoon at 2 o'clock. Burial will be in the cemetery.

Arrival to Begin Friday Evening

The annual spring revival at the church of the Nazarenes will open on Friday evening (Friday), and will be cordially invited to come to the service. The pastor, Mrs. E. Fletcher of Ft. Worth, will be in charge, and the service will be an exceptionally strong one. Good music and singing are features of the meeting. Mrs. Fletcher will be in charge of the singing, and evening, unless otherwise announced.

Services Sunday At Southside Baptist

Services are announced that B. H. Borroughs of Welch will be in charge at the eleven o'clock hour at the Southside Baptist church. The public is cordially invited to come and hear him.

Grover Sultson was down from camp Saturday, looking after business here.

Epworth League To Present Play Friday

We are asked to announce that the Epworth League of the Welch Methodist church will present a play, "The Path Across the Hills" at the high school auditorium here tomorrow evening (Friday) and that everyone is invited to come.

The play, an unusually strong 3-act comedy drama, has been presented in several communities, and has been greeted with much approval at each performance. There are a number of between-act features which promise to be good, and that there will be a good play and plenty of fun.

Gives Information Concerning Hog Tax

V. F. Jones, county agent, this week gives some interesting and worthwhile information concerning the hog tax on home butchered dressed pork.

Interesting Collection Of Coins Displayed

Local people have been interested for some time in the coin collection of Nymon Everett, local barber, and the past few weeks have made his collection even more interesting.

New Lynn Teacher In U. S. Hospital

J. Boyd Miller, superintendent of the New Lynn school for the past five years, was taken to Waco Wednesday last week for treatment at the Government Hospital for Children.

Hall Robinson Is Home Loan Officer

Appointment of Hall Robinson of Tahoka as inspector for the Home Owners Loan Corporation was greeted here with much interest by his friends. Mr. Robinson has already made several inspections for the corporation here.

Hall Robinson Is Home Loan Officer

This corporation is sponsored by the Federal government for the purpose of making loans to home owners in cities and towns who have mortgages on their homes. Mr. Robinson explains, much interest is being taken locally and it is believed that the agency will be the means of restoring a number of homes to their former owners.

Mr. and Mrs. Roy Preston had a quiet Sunday Mrs. J. B. Yarborough and son, and Mr. and Mrs. Boyer Key of Lamesa.

Five O'Donnell club members were present Saturday afternoon when Roy B. Davis, an expert on cream and market butter, lectured at Tahoka.

Junior Class Play Is Well Received

The Junior class play "Out of the Ark Came Noah" was presented last Thursday evening to a large and enthusiastic audience.

Light Shower Benefits The Growing Wheat

Extremely damp and foggy weather through Friday and Saturday and a light shower Saturday night was of some benefit to growing wheat, but forecast by the committee will not be a house to house canvass of the farmers in this campaign, but will expect the farmers to come to them, as this will save time and expense for everyone.

Eagles Winners In Invitation Tournament

Easily topping the other teams, the O'Donnell Eagles won first place Friday and held last week in the invitation tournament held at Klondyke. The boys were dead on their feet after preceding strenuous games, and played listless ball throughout the tournament.

They met Lamesa's second string Friday night, winning the game 20-25. At one o'clock Saturday they defeated Klondyke, the host team, by a score of 39-20, and went into the quarter-finals. Due to a squabble about players, the tournament was held up for more than an hour.

Today Final Date For Cotton Contracts

Today, February 15, is the final date on which farmers may sign the 1934-35 cotton reduction contracts, thereby securing cooperative benefits from the government.

As we go to press Wednesday, we are unable to secure a definite statement as to the exact number of contracts signed by Lynn county farmers, but we believe it has been satisfactory.

Local Baptists Are To Call Pastor

All members of the First Baptist church are urgently requested to be present for the eleven o'clock Sunday morning when Rev. M. C. Bishop will have charge of the services.

Corn-Hog Contract Offers Interesting Possibilities

To the cotton farmer who has already reduced his cotton acreage by diversifying with other crops and livestock in previous years, and who feels the Government cotton program is unfair to him, the corn-hog contract may offer interesting possibilities.

Suppose a farmer changed from an all-cotton farm system to half cotton and half feed a few years ago. He milks cows and feeds hogs and raises chickens for a steady year-round living, and takes his cotton money in the fall for paying the bigger bills. He makes the same percentage reduction in his 1934 cotton crop as the neighbor who still plants the whole farm to cotton, but he will receive only half as much in the way of a Government cotton benefit check.

In many instances it works out that the diversification farmer may sign a corn-hog contract to reduce corn acreage or hog production, or both, and receive Government benefit checks that will total just as much or even more than those received by the all-cotton farmer. In addition the diversified farmer is in a much better position than the all-cotton farmer to use the extra feed which the farm can grow under the terms of the cotton and corn-hog contracts.

The corn-hog contract is open to every farmer in the county who produces more than the all-cotton farmer and who can otherwise qualify, the county agent points out. The rush of the cotton campaign makes a far-reaching canvass of farmers in the county, and the Government has an opportunity, but men who may be eligible to sign these contracts should investigate the plan, he suggests.

Legion Post Here Receives Merit Award

The Fern Allen Post of the American Legion has just been informed that it has been awarded a Certificate of Meritorious Service, granted by the National Commander for having enrolled a membership quota of 90 in the 1933 membership drive.

The local legionnaires are making a number of plans for civic improvement during the coming year, and announcement concerning these plans will be made from time to time. H. A. Lattimore is commander.

More Option Money Received in County

County agent V. F. Jones reported Tuesday that an additional 149 checks have been received in the county, amounting to \$344,172.72, a total of 692 checks totaling \$174,113.32 received during the past three weeks.

This represents cotton options which were pooled, men who sold their cotton on the market not being included in the list. That would of course amount to several thousand dollars.

Contract Signers Asked to Secure Data

Every man who intends to sign a corn-hog reduction contract is urged to work up the data on the number of hogs he has raised in the last two years and what he has done with them.

A drop in temperature has also been noticed during the past few days but some rain or drizzle is still being hoped for in West Texas.

TEXAS MOTORISTS INVITED TO JOIN MEXICO MOTORCADE

With an open invitation to all Texas automobile enthusiasts who wish to participate in a history making motorcade to Mexico City, and with no enrollment fee or assessment of any kind attached to membership in the caravan, a large number of automobiles from California and other western states will assemble in San Antonio the last week in February, preparatory to making a trip to Mexico City over the new international highway.

This will be an epochal trip, for at no time in the past has a large group of automobile tourists ever driven from the United States to Mexico City. While the new highway has been formally opened to tourist travel, the uncompleted portions are in fair condition and easily passable. It is evidenced by the fact that the Girls Motor Club of Mexico City recently drove from Mexico City to Lamesa in the short period of 10 days.

The motorcade will be under leadership of G. M. Patison, a graduate of Texas Christian University and publisher of Patison's Vacation Guide, Hollywood, California, from whom a bulletin of information may be obtained. Texas members will only their individual travelling expenses computed on the basis of 100 miles of travel for the round plus living expenses for twenty days.

her Sunday Honors Birthdays

During the 88th birthday of another Abshier, a host of others gathered Sunday at the home of Mrs. H. L. Brewer in the community. Three of her six children were present for the happy day.

Another Abshier has 6 grandchildren and 54 great-grandchildren. It is noted that any of her old friends who wish to thank everyone who visits to her.

Present for the dinner were Mrs. R. L. Taylor and sons, Ed Lee; Mr. and Mrs. Steve Abshier, J. S. and Alford; Mrs. H. L. Brewer, Mr. and Mrs. Perry and family, Mr. and Mrs. Brewer and son, and Clarence Abshier.

Mrs. Paul Gooch, colleague and friend of Mrs. Vermillion during the years she has been with the school, made a brief but beautifully appropriate toast.

Little Miss Jo Anne Campbell, dressed in Valentine costume, announced the purpose of the party when she shot Mrs. Vermillion with a golden arrow, saying "Cupid's dart says you have a valentine", and then brought in a part of the gifts in a small wagon decorated in red and white. Armload after armload of packages were brought in to be unwrapped and admired. Every article of linen, dishes, or kitchenware, from rolling-pin to flower-bowls, was presented in the array of gifts, each presented with sincere good wishes.

Tea and wafers were served, with candy hearts as plate favors, to fifty guests.

Board Members Are Entertained by Faculty

(Intended for last week)

Faculty members were hosts on Thursday evening, February 1, to the board members and their wives when a lovely six o'clock dinner was served at the high school building.

The upstairs hall was transformed into a formal dining room, and presented a most attractive appearance. A valentine theme was carried out in decorations and table appointments. Centerpieces were valentines, hearts containing fortunes for all, place cards were valentine ships, and heart shaped mint cups were filled with candy hearts.

Coch Fletcher Johnson acted as toastmaster, and the following program was rendered: musical selection. Mrs. A. W. Gibbs; welcome address, Mrs. Paul Gooch; response, W.

wer Thursday Recent Birthdays

Members of the faculty were hosts last Thursday afternoon when a miscellaneous shower was held at the home of Mrs. Fay Westmoreland. Mrs. John Vermillion, Mrs. Marion was Miss Irene Jordan on her marriage two weeks ago.

EDNA BAKER

(The Attorney's Wife)
SAYS --
"My Gas Refrigerator Changed Our Argument"

Paul Baker, the attorney, will substantiate every argument he makes in court, but when talking to friends he's human like the rest of us and apt to base his opinions on what someone said. That's why Edna and his wife Edna, classed themselves with those who felt they were paying too much for gas. The Bakers have used gas for cooking and water heating so long that they lost all idea of its value compared to substitute fuels.

Several months ago Paul gave Edna a new gas refrigerator for her birthday. They were surprised to find that its operation required more than 1000 cubic feet of gas a month, for which they paid 7 1/2 cents. Since 1000 cubic feet of gas will give three dollars' worth of service, they value it at that amount for this purpose. No longer do the Bakers complain about the price of gas. Instead, they praise its service as their greatest bargain.

By turning to gas refrigeration you can prove to yourself that it is worth three dollars for this purpose. By comparing the value of gas with substitute fuels for other uses you will find it to be worth \$2.50 per 1000 cubic feet for cooking and \$1.25 for water heating. These amounts are much higher than the price of gas in this community.

Valentine Theme Stressed At Party

One of the most delightful social affairs of the winter was that of Saturday when Miss Irma D. Palmer was hostess to a number of friends at an evening party.

The reception rooms were beautifully decorated in a valentine motif, and guests came in appropriate costume, so that the entire scene was gay and colorful.

Group games were enjoyed until a late hour, when delicious sandwiches, wafers, stuffed olives,iced punch, and candy hearts were served. Plate favors were clever fortunes for each guest.

Those present were Misses Merle Wernack, Alice Busby, Willie Ruth Little, Dessa Holman, Beverly Wells, Morene Huff, and Lillas Gill; Messrs Raymond Busby, Irvin Burdine, Owen Vaughn, Will Ed Tredway, Buddy McVicker, Charles Cathey, and Glen Cope and Ross Lowrie of Lamesa.

J. H. Yarborough Correspondent

The damp weather is of some benefit to wheat, but not enough moisture yet to help our section very much. We are hoping for a good rain in the next few days.

Mr. and Mrs. J. H. Yarborough had as Sunday dinner guests Mr. and Mrs. Jim Henry.

Mrs. Lucy Hardesty of Lamesa spent last week with her sister, Mrs. Jim Henry.

Mr. Doodle Russell has almost completed his house, and probably will move to it this week. Mr. and Mrs. Bill Brewer will occupy the Russell place.

Applicants Must File Names For CWA Work Every 30 Days, Rule

A letter reproduced below from the Texas Civil Works Administration at Austin, C. B. Braun, field supervisor, sets up an important new rule to be observed by Judge B. P. Maddox, Civil Works Administrator for Lynn county and other Civil Works Administrators of the state. The letter in full is as follows:

"In order that we may have accurate information as to the number of unemployed persons seeking work through our local offices, effective immediately, applicants will be required to notify your office once every thirty days that they are available for work. If an applicant fails to notify your office during the 30 day period, his application card will be filed inactive and he will not be considered for employment.

"It is very important that the registrants in your office be informed as to this requirement, and you should give the matter such publicity as you consider necessary. An announcement should be made in the local newspapers of through other channels as you desire to use. In our opinion this publicity should be very clear as to the purpose of the requirement and under no circumstances should a statement be made that could be interpreted by the applicants to mean that they will obtain jobs.

"It will be necessary to make periodic examinations of your files so that the registration cards of applicants who fail to notify the office that they are available may be removed from the active files and placed in the inactive files.

"There is attached hereto a memorandum regarding filing procedure in local employment offices that will no doubt be helpful in maintaining the proper separation of active and inactive applications. The memorandum also classifies the distinction between renewals, re-registrations, and reinterviews, and defines the word reinterview."

Conoco Travelers To Journey to Monterrey

Guided by the rapid fire descriptions of the "Old Traveler" and lured by the music of special Spanish entertainers, radio fans throughout the nation will journey to Old Mexico Wednesday night, February 21, by means of Continental Oil Company's second 1934 travel broadcast over a network of 27 N. B. C. stations.

THE SHOES EVIDENTLY FIT

The rural editor was very busy setting up in cold type his leading editorial for the week, on "The Sublime, the Beautiful and the True," when a big man who was very angry broke in on him.

"I don't seem to remember saying anything about you," explained the editor, drawing into his shell like a turtle and putting on a sneaking, hang-dog, non-committal attitude, as editors will do when cornered.

When the East Texas banks got under the NRA a farmer received notice of the charges thereafter to be made by his bank for small deposits, so much for each check, so much to charge for a pass due notice, so much for an overdraft notice, etc.

SISSY!

A man came into an Arkansas town driving two mountain lions hitched to a small rig and using a live rattlesnake for a whip. He drove up to the town hitching post, hitched his team, stuck his whip in his pocket and strode into the general store and asked for a drink.

TEXAS ROAD BUILDING PROGRAM EMPLOYING AT LEAST 40,000 MEN

Houston, Feb. 13.—Texas' NRA road-building program is two-thirds under way, employing in all phases at least 40,000 men, and the fund will be exhausted this fall, the Texas Good Roads Association pointed out today in urging motorists to demand added federal emergency highway appropriations.

Both Texas Senators and 10 Texas congressmen have assured Judge W. O. Higgins, Association president, that they favor such an appropriation, the statement said. More than 400 widely-scattered highway projects, to cost nearly \$19,000,000 have been contracted or advertised in Texas, the Association reported. About \$3,000,000 of this is state money, supplementing federal funds so that every county in the state can receive road work equal to at least \$4 per capita.

ON TEXAS FARMS

By W. H. Darrow Extension Service Editor

Denco yellow dent corn, a product of the Denton Experiment Sub-station which was introduced a few years ago by 4-H Club boys in Comanche county, and which has been found especially well adapted there, yielded 19 bushels to the acre under bad conditions last year on the farm of E. S. Glover near DeLeon. Ordinary corn made 5 bushels to the acre on the same farm.

Of the 1460 farm families in Knox county, 1268 or 87 per cent were helped in some way in 1933 by Extension work, the county home demonstration council reports.

Forty gallons more of sorghum syrup was made per acre from terraced land than from unterraced by W. M. Hawkins of Somervell county, who cooperated in a demonstration with the county agent.

Eight thousand pounds of paper shell pecans sold from native trees improved in county agent demonstrations by three Gillespie county farmers sold at an average price of 14 cents per pound while native pecans were selling at 5 cents per pound.

What? No gardens in West Texas? Mrs. W. M. Whitfield, a food demonstrator in the Metra Home Demonstration Club in Tom Green county had 15 varieties of vegetables growing in her garden on December 13th.

December demands for terracing from farmers in Red River county broke all records for that month says the county agent. Six men trained by the county agent are blind or with impaired vision. These figures would be more tragic if given for the period before the law was passed making it mandatory—the use of prophylactic drops in the eyes of new born babies. Since then blindness caused by birth infections has been greatly reduced.

CLEAR VISION IS THE BIRTHRIGHT OF ALL

Austin, Feb. 13.—Looking out on the world with clear vision is the birthright of each and everyone, according to Dr. John W. Brown, State Health Officer. Texas has many hundred persons that are blind or with impaired vision. These figures would be more tragic if given for the period before the law was passed making it mandatory—the use of prophylactic drops in the eyes of new born babies. Since then blindness caused by birth infections has been greatly reduced. In the examination of school children other diseases of the eye are encountered quite frequently. Chief among these is trachoma. This disease is contagious and causes a des-

tructive inflammation characterized by the formation of trachoma granulations. These gradually form scar tissue. Trachoma, if left untreated, will impair the vision and eventually cause blindness. This happens when the proper treatment is not given or the diagnosis and treatment is not given in its early stages.

Trachoma is most prevalent where sanitary conditions are worst. The prevention of this disease consists not only in avoiding the infection but maintaining sanitary conditions. Parents should watch closely for any indication of anything wrong with the vision of their children. Many diseases of the eye readily respond to treatment in their early stages but, if allowed to develop, may seriously affect the vision if not causing blindness.

TWO SCHOLARSHIPS FOR TEACHERS OFFERED

Austin, Jan. 31.—The Texas Tuberculosis Association announced today the offer of two summer school scholarships in health education for teachers in service. Each scholarship amounts to seventy five dollars. The purpose of the scholarships, according to Miss Pansy Nichols, executive secretary of the Association, is to encourage teachers in service to take training in health education so that their training may be comparable to that of teachers just leaving college.

"Much of our work for the prevention and control of tuberculosis," Miss Nichols stated, "is among school children. The cooperation of teachers trained in health education is of inestimable value in furthering the campaign against tuberculosis."

One scholarship is offered to elementary teachers and administrators. The other is offered to high school physical health education teachers and administrators. The scholarships may be used in any Texas University or teacher training college offering summer school courses in health education leading to the standard requirements in that subject proposed by the State Department of Education.

Mr. and Mrs. Raymond Womack of Lubbock were here Wednesday and Thursday of last week, guests of his parents, Mr. and Mrs. H. R. Womack.

Thurman Wells, manager of Higginbotham-Bartlett Lumber Company here, has been quite ill for several days, being confined to his room most of last week.

Cotton Acreage Reduction Should Be 5,000,000 Bales

College Station.—With an extension of time for completing the campaign allowed, and with the eligibility limit of an average five year production of 100 pounds of lint per acre lowered to 75 pounds, the cotton acreage reduction sign-up in Texas should finally reach and perhaps exceed 5 million acres, according to H. H. Williamson, vice director and state agent of the Texas A and M College Extension Service.

At the end of the regular campaign the sign-up had speeded up to one quarter million acres per day. Increased supplies of contract forms were demanded from every part of Texas.

The lowering of the yield eligibility limit opened up the cotton program to about 75,000 Texas farmers excluded on the former basis, and will probably mean an increase of at least one-half million acres reduction of acreage contracts, Mr. Williamson estimated.

Asks Needy Be Given Cotton

Washington, Jan. 26.—Senator Smith, Democrat, South Carolina, today introduced a bill to authorize the Secretary of Agriculture to distribute free to needy persons as much as \$150,000,000 worth of cotton clothing, bedding and similar household cotton products.

Smith, chairman of the Senate Agricultural Commission, said his bill had the approval of Cully A. Cobb, chief of the farm administration's cotton section. Smith said the bill would permit the distribution of cotton household needs on the same basis that foodstuffs, such as wheat and weak.
