When they reached here both Mr. Reeves and the boy forgot the sweater, and the boy wore it away. Mr. Reeves believes that it was only an oversight, and is anxious to get in touch with his companion. He did not learn the boy's name, and called at this office to place a want ad, asking that he sweater be returned to him.

**Ford Cars Win In
Famous Road Race**

"Three Ford cars—two V-8s and
a 1931 'four'—won the first three
places in the famous Laredo-Monter-
rey road race sponsored by the Mexi-
can Automobile Association, an af-
filiate of the American Automobile
Association, according to official re-
ports of the race just received."
The two V-8s established the fast-
est time on record for the course.
The third Ford won the same position
in the class B event of the original
road races which formally opened the
new Pan-American highway between
Laredo and Monterrey three years
ago.

The race was won by Eddy Byers,
a veteran in Texas and Oklahoma
road race circles, in a Ford V-8, with
an average speed for the 138.6 mile
course of 78.25 miles per hour. Byers
staged a thrilling finish to win over
Jimmie Davis, also driving a Ford V-8
who placed second, one minute and
14 seconds behind the winner. Jim
Hall, of Houston, Texas, was third in
a Ford Model A. Davis' average speed
was 77.5 miles per hour, Hall's 73.1
miles per hour.

Davis took second place after suf-
fering a blowout 20 miles from Lar-
edo. Four minutes were required to
make the tire change. Despite this,
Davis bettered all previous speed re-
cords for the course.
The performance of the three
Fords in winning the first three
places in the Mexican classic recalls
the Ford victory in the stock car
event at the Elgin National Road
Races a month ago, when seven Ford
V-8s took the first seven places in
the famous event. Fred Frame, In-
dianapolis racing driver, in the win-
ning Ford V-8 averaged 80.22 miles
per hour for the 203 mile grind.

wife.
We met Mr. Doak Tuesday morn-
ing, twiddling his thumbs and wear-
ing a befuddled expression. He con-
fessed that Mrs. Doak had sent him
to town to get two grocery items—
and he had forgotten one. When he

REPORT OF THE LYNN COUNTY GRAND JURY State of Texas County of Lynn In the District Court of Lynn County, Texas, September Term, A. D. 1933 TO THE HONORABLE JUDGE OF SAID COURT:

We, your grand jury for the above term of said court, report to you that during our deliberations we have found and returned into said court 9 felony bills of indictment. However, in several of said bills we have included more than one defendant, that they might be tried jointly, thereby reducing the cost of indictments and trials.

We are glad to report to you that in misdemeanor matters very little of the time of the grand jury has been taken, due to the splendid work of the county attorney and the sheriff in disposing of these matters without the aid of grand jury investigation. As a consequence of such work by such officers the grand jury did not find any misdemeanor bills of indictment.

Our investigation reveals that those who may have a desire to violate the law in this county are beginning to realize that should they do so they are likely to be caught and punished for their crime; that they are receiving no sympathy from the officers nor the juries that try them. To let the crooks know that their depredations will not be tolerated in this county is the best way we know to enforce the law, protect our personal and property rights, and make Lynn county a desirable place in which to rear our families.

We are pleased to report to you that in our opinion this county is as nearly free of crime as might be expected.

We desire to express our appreciation of the fact that every bill of indictment in which an arrest has been made, with the exception of one case, returned by us at our first sitting at this term of court, has already been tried and disposed of in a satisfactory manner.

We wish to express our thanks to the District and County Attorneys, the sheriff's department, the bailiff's and your Honor for all assistance given us during our deliberations to the end that our work has been pleasant task instead of a burden.

Our investigation reveals that in many precincts in the county where a stock law exists prohibiting the cattle from running at large, said law is being violated. Reports have come to us that much damage has heretofore been done in such districts by reason of all the citizens permitting their cattle to run at large. We call this to the attention of the various officers of the county whose duty it is to see that such law is enforced, and recommend that the stock laws of the county be enforced just the same as any other law on the statute books.

Having completed our labors we respectfully request that we be by the court discharged for the term.

John Heck
Foreman of the Grand Jury.

Mr. and Mrs. C. F. Thompson and family, who moved here last week from Lubbock, are located in the Robinson residence on the highway, formerly occupied by Mr. and Mrs. Arch Proctor. Mr. Thompson will be connected with Jack's Shop.
