**Sucker Day Recalls
Big Bamboozlement
To Oklahoma Town**

WETUMKA, Okla. — The city slicker who bamboozled almost every merchant in this community received some high tribute recently from the very town that he dupped.

The town celebrated its third annual "Sucker Day," to memorialize the fortune that turned bad luck into good for this community.

Sen. Taft (R-Ohio) and Sen. Kerr (D-Okla.), who were named the "top suckers of 1952" sent their regrets because they could not attend.

Slick F. Bam Morrison visited Wetumka three years ago and sold a bill of goods.

The community held a party to get rid of the unusable surplus merchandise and found itself with a profit-making festival.

Morrison was invited to this year's celebration. But, with everything honest, he stayed away.

The history of the event goes back to the day Morrison arrived here as the self-announced advance agent for a circus.

He canvassed every merchant for advertisements in the circus program.

"Yessiree," Morrison's glib tongue promised, "the circus is coming and it's a humdinger!"

The confidence man persuaded local merchants to import hay to feed the elephants.

Came the big day, there was no big top. There was no Morrison.

The red-faced civic leaders hit upon the scheme to out-Morrison Morrison.

May Sing With Window Shut

CLARKSVILLE, Tenn.—Her neighbors have obtained an injunction against Mrs. Wentworth S. Morris.

Under the injunction, she may close her windows and sing all she wants or open her windows and sing not more than two hours daily.

Neighbors had complained that she practiced her vocalizing three to four hours each morning and two to three hours each afternoon. Mrs. Morris, who had employed attorneys to lift the restraining order, said she practiced only an hour and a half daily.

"We own our home and I thought I had a right to sing in my own home," she explained. "This isn't Russia."

This Small Town Is Mailing Center For Rays of Cheer

CANASTOTA, N.Y.—Ma and Pa Bobb are a couple nearing their 70th birthday who live near here and consider bringing cheer to others the greatest satisfaction in life. This town is mailing center for rays of sunshine.

They send greetings, "sunshine letters," to hundreds of the bed-ridden or persons in wheel chairs, people often suffering more from loneliness and neglect than from physical ailments.

During the past nine years thousands of shut-ins have received birthday and Christmas greetings as well as letters twice a month from the Bobbs.

The letter-visits to the shut-ins were begun in 1942. At first only 50 lonely persons received letters, but the idea grew until now more than 1,400 elderly people, all with physical handicaps, hear regularly from Ma and Pa.

The Bobbs find their shut-ins by consulting through the mails with health departments and public health associations.

There is no mention in the letters to the shut-ins of wars and economic problems. They concern things like the buckwheat cakes mom used to make, the woodbox beside the kitchen stove, and the peddlers who used to come around with pins, threads, shoelaces and buttons, the old covered bridges, and other things the oldsters remember with fondness.

The oldsters know that they are not expected to reply to the "sunshine letters."

Figures reveal that women are wearing fewer clothes these days.

We don't have to show the wife whose master in our house. She knows!
